1. AFHQ Administrative Memorandum No. 40 dated 20 February 45 entitled "Conditions under which Italians will be exempted from Military Service" was written at a time when Italy, as far as liberated, was under control of the Allied Authorities and when the Italian Army, for which recruits were being called up, was largely operating under control of AFHQ. Since then practically the whole of Italy has been handed back to the Italian Government and the interim Italian Army has been returned to the control of the Italian Ministry of War vide AFHQ AGO91.711 GSO/O of 2 December 1945.

2. The Italian War Ministry is now calling up new age groups for limited service in the Italian Army in order to maintain it at the strength authorized by the Combined Chiefs of Staff as laid down in the above-quoted letter. Now that active operations have ceased and in view of the fact that the labour market is far more open to the Allied authorities due to unemployment and also that few men liable to military call-up can be regarded as key men, the retention by Allied military authorities of these young men would not appear to be advisable.

3. In these circumstances it is recommended that exemption from Military Service should now be left entirely in the hands of the Italian Government and that the above quoted Administrative Memorandum either be cancelled or suitably amended.

AV. MASTROPALO, GIOVANNI

A statement has been received from the Italian Air Ministry with reference to the a/n Italian airman and his return to Italian Air Force jurisdiction.

2. It has been reported that this man, who is listed as a deserter, has recently been granted a renewal of an exemption from military service, in contradiction to existing regulations. A directive, Administrative Memorandum No. 10, AFHQ, 20 February, 1945, para 10, states that deserters cannot be granted such exemptions.

3. In view of these circumstances, it is requested that this man be released from your unit and arrangements made for him to report to H.Q., 4th Z.A.T., Italian Air Force, Bari, forthwith.

AV. MASTROPAOLO GIOVANNI

7

On the 15th March 1945, the N° 2 A.C.C. Truck-Pool of Campobasso wrote to us, a copy of which letter N° 147 we enclose herewith, to inform us that the Av. Mastropaolo who is employed by the Truck-Pool, had been granted exemption from military service for the duration of three months, renewable directly by the A.C. civilian personnel office.

2B

This exemption has been recently renewed.

We would point out that Mastropaolo has been denounced to a military Tribunal for desertion and that according to clause 10 and N° 10 of the Administrative Memorandum of the 17/2/45 issued by the Land Forces Sub-Commission, no exemption can be conceded to deserters.

We would ask your Sub-Commission to induce the N° 2 A.C.C. Truck Pool to release the above mentioned airman as soon as possible and arrange for him to report to the 4th Z.A.O. H.Q. Bari.

We await for your reply.

Subject: Amendments to Administrative Memorandum No. 10
dated 20 February 1945.
Conditions under which Italians will be exempted
from Military Service.

1. The Ministry of Marine state that frequently personnel of the Royal Italian Navy on short leave, obtain employment with Allied Units, obtain an exemption certificate which is afterwards endorsed by Army Territorial Hq., who have no information as to the military status. Such personnel are consequently declared deserters by Naval Authorities which complicates procedure as the personnel involved are in fact in possession of a normal exemption certificate in accordance with the above Administrative Memorandum No. 10.

2. To alleviate misunderstandings, it is suggested that paragraph 4(b) should be amended to read:

b) Where exemption is granted the Exempting Authority will complete a Certificate of exemption (Appendix "B") and will forward it together with one copy of the application form to the appropriate Italian Authority as set out below:

Naval personnel	Ministry of Marine (Marinequip), Rome.
Army personnel	Territorial Hq., Naples, Bari, Palermo, etc.
Air Force personnel	Air Ministry, Rome.

3. It is also suggested that paragraph 3(5) Flag Officer, Northern Area, Mediterranean and (6) Flag Officer, Taranto, Adriatic and Liaison Italy be deleted, and in substitution insert Flag Officer Italy and Liaison.

EXEMPTION FROM MILITARY SERVICE OF ITALIAN PERSONNEL
SERVING WITH ALLIES

The present regulations of the Land Forces Sub Commission A.C. (M.M.I.A.) concerning the exemption from military service of Italian personnel employed with the Allies directly or through employing offices allow the Italian Military Authorities to object the exemptions allowed by the Allied Authorities.

Such authority is at present given only to the Comandi Territoriali of R. Army for all personnel of the Italian Armed Forces?

2. In particular the I.A.F. is at present in need of Military personnel of the following categories: G.A.R.A.T. - Meteorological Assistants - A.A.R. - A.A. R. S.P. - Wireless Operators.

Such a deficiency is due to the necessity of keeping efficient the important Service of Flight Assistance.

3. We ask your Sub Commission to look into this matter in order that :

(a) The privilege of objecting the exemptions granted by the Allied Authorities be extended, (concerning the I.A.F. personnel) to the following I.A.F. Comandi Territoriali.

from Military Service, etc.

Copies of the above-mentioned instructions are enclosed, and it is requested that they should be brought to the immediate notice of all Units under your Administrative Control.

2. The Italian Authorities have undertaken additional commitments to provide Italian Units for service with the Allied Forces; and in future, in every instance consideration is to be given to the replacement of Italian workers liable for call up by other civilians workers not subject to military service.

3. Every application for Exemption will be submitted to the local Army C.L.U. for certification, and then passed to this Headquarters through normal channels for grant of exemption.

4. Employing Units are advised to apply for exemption for all their employees liable to call up and not to wait until they are actually called up before making application for exemption.

5. Information has been received from the Italian Authorities that orders have been issued for civilian identity documents to be withdrawn from all Italian troops; and it is further stated all men of the 1914 to 1924 classes who have been released from the Italian Army should be in possession of a "Foglio di Congedo Illimitato".

6. It is suggested therefore that persons of the 1914 to 1924 Classes who apply for employment with R.A.F. 7. The attached instruction supersedes that issued under reference MAAT/1762/ORG dated 1st September, 1944; and all Applications for Exemption from Call-up must be submitted on pro-formae as attached to this present instruction at ANNEX 'A'.
