MAIL - ITALIAN EX-COOPERATORS

The Allied Forces H.Q., with letter N° G.1 5BR) 3001/1/A2 dated 25th July 1945 has informed that:

- 1) The postal address of all the Italian Cooperators during their P.O.W. Status has been "208 P.W. Camp, Naples, Italy". This one was a temporary address and all the incoming mail was sent to 2nd CHQ Party, where it was sorted and forwarded to the relative Cooperator Units.
- 2) It appears that the ex-Cooperators, at present on the strength of the Italian Forces, are continuing to use the same address for the reply. We would like that the above mentioned address be cancelled, in order that the Italian Postal Sorting Section at the CHQ 2nd Party be disbanded. It is requested that agreements be taken with the interested Italian authorities, in order that instructions be issued to all the Italian Forces Units including the ex-Cooperators, that this address no longer be used.

Further such instructions the Command of 4th Z.A.T. and of Aeronautical Nucleus of Campania in the territory of which I.A.F. Units including ex-Cooperators are at present located, will inform with their weekly bulletins the Commands of such units in order that all the ex-Cooperators let their families know the new address, and the denomination of their unit:

".....(1)..... Italian Aeronautical Company.....(2)....."

The a/m instructions come into effect immediately.

Note: (1) Company Number.

(2) Location and Military Post Number.

SERVICE MAIL WITH NORTH

In reference to the recent formation of I.A.F. Units in North Italy it would be necessary to establish an airmail service for all the correspondence of these Units.

2. An authority from you is therefore requested to enable us to send small parcels containing official correspondence. This Ministry will deal with this service and will hand over the mail to the Captain of the a/c proceeding to the North.

PARA 1. The conclusion of the war with Germany permits the following censorship relaxations which come into effect forthwith.

(a) Personnel in this theatre are now permitted to mention in correspondence their movements and location. No reference must be made however to the movement identity or location of any unit alerted for movement to the Pacific Far-East area direct from this theatre.

(b) Restrictions on the names of places visited, the despatch of picture post-cards and private photographs are removed, except that photographs of classified equipment of the Air Forces, Armies and Navies, are prohibited, and undeveloped exposed films may not be mailed.

PARA 2. Except as stated in para.1 in all other respects censorship regulations (Mediterranean) remain in force and all personnel are reminded that the security of Military, Naval and Air Forces information, in so far as it effects the conduct of the war with Japan and the military occupation of Germany and Austria, must be maintained on the same principles as are now in force until the defeat of Japan.

PARA 3. The present official postal addresses of all units in this theatre remain unaltered.

PARA 4. Unit censorship will be reimposed by any unit alerted for movement direct from this theatre to the Pacific Far-East area.

PARA 5. All units leaving this theatre or on disbandment will return their unit censor stamps to the I. A. F. Base Censor.

PARA 6. All private correspondence remains subject to base censorship including that carried by hand to other countries.

Italian Air Force Mail.

Your AFSC/309/ORG of 8th February 1945, together with copy of letter from Italian Air Ministry, addressed to Civil Censorship HQ Group, has been passed to this office.

2. MAAF HQ has been consulted concerning the proposals made by the Italian Air Ministry on the subject of mail from and to Italian Air Force personnel, and it is considered that the suggested facilities cannot be agreed to at the present time.

3. It is pointed out that comprehensive arrangements are in force for the despatch and delivery of I.A.F. mail, and it is assumed that a copy of MAAF Administration instructions, as attached, is in the hands of all I.A.F. Units and Depots.

4. It has been found in many cases that mail is delayed owing to the unsatisfactory working of Italian Field Post Offices, and it is suggested that if the Italian Air Ministry made representations which resulted in a more efficient Field P.O. organization the position generally would greatly improve.

From: HQ., M.A.A., RAF., C.M.F.

Date: 31st August 1944.

EMPLOYMENT OF ITALIAN AIR FORCE UNITS AND PERSONNEL WITH
THE ROYAL AIR FORCE.16. POSTAL

(a) Private mail of Italian Air Force personnel serving in the British Army or Corps areas will be posted at Italian Field Post Offices operating in that area. When this is not possible such mail will be placed in a mail bag or sealed envelope addressed to CENSURA CENTRALE MILITARE, 7 BASE CENSOR, and handed over to British Army Post Offices for transmission as addressed. Individual items of private mail addressed to Italian Civil or Military addresses will not be accepted at British Army Post Offices.

(b) Inward Mail. As far as possible mail addressed to Italian Air Force personnel in Army or Corps will be delivered through Italian Field Post Offices, but where the Italian Army Postal Service finds this impossible, delivery will be effected through British A.P.O. serving the unit concerned.

(c) Private mail for and from Italian Air Force personnel serving behind Army and Corps areas will not be accepted at or delivered through British A.P.O.'s. In these areas postal facilities are available through Italian Civil, or Army Post Offices.

(d) Conveyance of private correspondence for or from members of the Italian Air Force serving in forward areas by means other than those outlined above is forbidden.

(e) The service is confined to postcards and letters not exceeding 90 grammes in weight. No registration facilities are available.

CORRESPONDENCE - ITALIAN AIR FORCE PERSONNEL.

Enclosed herewith is a copy of translation of letter received from Italian Air Ministry 2546/S/1625/Coll dated 28th January, 1945.

2. It would appear that what the Italian Ministry desire is that in order to eliminate the growing dissatisfaction among their personnel in respect of long delays in news from their homes, that, civilian relatives may post their letters in the normal way through civilian post boxes to Italian Air Force personnel but use an address c/o Italian Air Ministry, and the Air Ministry would forward them to their Units through their own channels.

3. Also they desire that Italian Air Force personnel may write to their relatives and send these also through the civilian post boxes to the Italian Ministry address, for them to send to their Units in the forward areas for distribution.

They state that in neither case do they wish to avoid normal censorship, and that they would accept no letters which did not bear a censorship stamp.

4. It is mentioned that this Sub-Commission has had endless trouble with I.A.F. personnel who try to enter the forward areas to obtain news of their families, but it is realised that such a scheme as put forward is a policy matter requiring careful consideration and your instructions are awaited in this respect.

CORRESPONDENCE IAF PERSONNEL

Further to conversation F/LT White of Air Forces Sub Commission - Major Grassetti of the Liaison Office of Italian Air Ministry, the approval of your Sub Commission is requested for the organisation of a postal service between the IAF Personnel and their families living in areas where the postal service has not yet been organised. This Postal Service would be effected through the Centres for the Mustering of IAF Personnel.

2. This Ministry will take care of gathering all correspondence, carrying it to Rome, and despatching it from Rome; in areas where the Mail Service has already been organised, the mail will be regularly posted and all postal censorship regulations will be complied with.

3. This service would eliminate the strong dissatisfaction which is now spread amongst IAF Personnel who cannot receive news from their families. It would also avoid the IAF Personnel trying to enter Army Control Area in order to have direct news of their families and their houses.
