V.H.F. R/T CHANNELS-POLICY.

The following information has been received from Headquarters, R.A.F. MED/ME regarding the Transport Command V.H.F. Approach Control Channel.

2. D/F service on the Transport Command Approach Control Channel of 120.96 Mc/s is no longer required and is to be withdrawn provided that D/F is available on 116.1 Mc/s.
3. Where D/F facilities exist on 120.96 Mc/s but are not provided on 116.1 Mc/s, the D/F stations concerned are to change to 116.1 Mc/s forthwith.
4. Approach Control facilities are to be retained on 120.96 Mc/s at stations in MED/ME Command which have been detailed to provide such facilities.
5. Alterations to facilities will be promulgated in the normal manner.
6. All concerned are to be informed of this change of policy.
