BARRACK EQUIPMENT IMPERO MESS.

Captain De Lava Mario Marcello of the Italian Air Force and at one time employed by the Air Division of the Allied Commission has approached this Headquarters regarding a small quantity of bedding left in the Impero Mess early in 1944.

2. As the 4th Z.A.T. would appear to be charging him for the loss of this equipment it would be appreciated if you would explain to them that although it is not possible to check the officers statement fully we are of the opinion that such equipment was left in the Impero Mess and as no records are held and also that a considerable amount of barrack equipment has been returned from there to Mugivacca at various times it would be appreciated if they did not pursue the matter further but just cleared the officer's account.

3. For your information Captain De Lava was ordered away for immediate duty in the North on instructions of the Air Division and therefore it was not entirely his own fault that he did not have time to return the items from his charge before leaving Bari.

FIRE FIGHTING EQUIPMENT - GUIDONIA

With reference to your letter AFSC/641/Eq. dated 27th December 1945, we are informing you of the following arrangements in respect of Guidonia Airfield:

- Allotment of 1 ambulance
- 1 foam pump rendered serviceable
- allotment of a "DOVUNQUE" 41 crash-tender
- allotment of 4 wheeled extinguishers of 200 l. and 2 tanks of foam liquid.

In addition the providing of the fire fighting installations goes on by allotment of materials from the Fire-Men squadron recently constituted and, therefore, in the basis of the provisions taken, the fire-fighting service at Guidonia airfield can be considered fitly ensured by the vehicles at the R.A. disposal.

It is, therefore, pointed out the considered lack for the R.A. of specialist vehicles and in particular of ambulances, foam pumps, crash tenders and mobile cranes. It is hoped to improve the position by use of Allied War material for whose release the A.R.A.R. concerned has already been interested.

R O M A

Prot.n.Serv/ 301076/L.2/B / 941 E.C.

OGGETTO: Equipaggiamento antincendio - Guidonia.

Con riferimento al contenuto del foglio AFSC/641/Eq., in data 27 dicembre 1945, si comunica che sono state adottate le seguenti provvidenze nei confronti dell'Aeroporto di Guidonia:

- assegnazione di 1 autoambulanza
- rimessa in efficienza di 1 autopompa idro-schiumogena
- assegnazione di un autocarro "DOVUNQUE" 41 attrezzato per il soccorso velivoli
- assegnazione di 4 estintori a carrello da 2.200 e di 2 fusti di liquido schiumogeno.

Prosegue, inoltre, il potenziamento delle attrezzature antincendio mediante assegnazione di materiali alla Squadra Pompieri recentemente costituita e, pertanto, in base alle provvidenze adottate, il servizio antincendi presso l'Aeroporto di Guidonia può ritenersi convenientemente assicurato con i mezzi a disposizione della R.A..

Si coglie, peraltro, l'occasione per porre in evidenza la sensita deficienza, per la R.A., di automezzi speciali e, in particolare, di autoambulanze, autopompe idrico-schiumogene, carri soccorso velivoli ed autogru. Si spera, al riguardo, di poter migliorare la situazione mediante impiego di residuati bellici di tipo alleato, per la cessione dei quali è già stata interessata la competente A.R.A.R..-

SILVER WARE OF "CASA DELL'AVIATORE"

At the request of the Italian Air Ministry Gabinetto del Ministro, Comm. Coord. Inquisti, this Sub Commission has liaised with H.Q., A.M.G., Venetia Region, with a view to expediting the release of the Silver Ware referred to above at present held by the Bank "Casa di Risparmio" at Bassano.

2. Col. Howell, Regional Finance Officer who is responsible for authorising its release, has now moved in the matter and sent a letter to Capt. D.J. Fraser, Finance Officer, Provincial H.Q., A.M.G., Bolzano, notifying him that the silver ware may be released, and requesting him to authorise its withdrawal from the Bank.

3. It is suggested therefore that an officer from your Headquarters go to Bolzano and obtain from Capt. Fraser this authority, when no difficulty should be experienced with the Bank over its removal.

4. Your letter to Italian Air Ministry Ref. 1579 -C dated 28th Sept. 1945 refers.

SILVER-WARE OF "CASA DELL'AVIATORE"

With the liberation of Northern Italy it has been possible to trace the silver-ware, property of "Casa dell'Aviatore", which had been transferred to North by the pseudo undersecretary of the Republican Italian Air Force and deposited at the bank "Cassa di Risparmio" of Bassano.

The Nucleus Command IInd Z.A.T. Padua, which had been asked by this office to withdraw from this bank the above-mentioned silver-ware, has informed us by letter ref. 1579-C of the 28th September that it cannot take action without authority of release from A.M.G. -Financial Division of Vicenza-. The latter will request the intervention of the A.C.

For the solution of the matter it is, therefore, kindly requested to obtain from A.M.G. Financial Division the authority for the above-mentioned release.

BLANKETS FOR ITALIAN COOPERATORS COMPANIES IN THE NAPLES AREA
NOT DESCRIBED IN ITALIAN AIR FORCE.

1. Confirming telephone conversation of this afternoon, information has been received from A.P.S.C. Naples that there is a serious shortage of blankets in the above-mentioned Cooperators' Companies in that area.
2. Will you please therefore make available a quantity of 4,000 for their use as soon as possible.
3. Your confirmation will be appreciated.

 Ref : 01200/CA.

ITALIAN EX CO-OPERATOR COMPANIES.

Upon the request of the Air Forces Sub Commission the undersigned has sent Lt.Col. Polina Riccardo to visit No. 10 Company at San Marco, Capocimonte, to make a check of the situation. Attached please find report regarding this matter made by the above-named officer of the I.A.F.

The undersigned takes this opportunity to ask for the valuable intervention of the A.F.S.C. so that the British Units, for which the Italian Co-operator Companies are working, may supply the required barrack equipment. Many of the Companies are deficient of beds and the airmen are compelled to sleep on the ground. The personnel are not in moral and physical condition to carry out their work willingly and satisfactorily in view of these unhealthy sleeping conditions.

Furthermore, in view of the approaching winter season, it would be necessary to supply the personnel with four blankets, as were previously issued to the other I.A.F. Detachments serving with the Allies.

It is requested that an electric plant be installed in the camps so that these may also be placed under closer supervision.

We thank the Air Forces Sub Commission for the provisions which they will make to assure better conditions for the smooth functioning of these Companies.

1736

Upon the request of the Air Forces Sub Commission the undersigned has sent Lt.Col. Folina Riccardo to visit No. 10 Company at San Rocco, Capodimonte, to make a check of the situation. Attached please find report regarding this matter made by the above-named officer of the I.A.F.

The undersigned takes this opportunity to ask for the valuable intervention of the A.F.S.C. so that the British Units, for which the Italian Co-operator companies are working, may supply the required barrack equipment. Many of the Companies are deficient of beds and the airmen are compelled to sleep on the ground. The personnel are not in moral and physical condition to carry out their work willingly and satisfactorily in view of these unhealthy sleeping conditions.

Furthermore, in view of the approaching winter season, it would be necessary to supply the personnel with four blankets, as were previously issued to the other I.A.F. Detachments serving with the Allies.

It is requested that an electric plant be installed in the camps so that these may also be placed under closer supervision.

We thank the Air Forces Sub Commission for the provisions which they will make to assure better conditions for the smooth functioning of these Companies.

FIRE FIGHTING EQUIPMENT.

Reference is made to your letter of even reference dated 4th. August 1945 on the supply of foam for use of the I.A.F.

A quantity of 400 gallons of this mixture is urgently required for the use of the I.A.F. and should be consigned to MUNGIVACCA BARI for distribution to I.A.F. units as applicable.

Please advise this office of the quantity obtained, and the date forwarded to the I.A.F. Stores.

FIRE FIGHTING EQUIPMENT

1. Your postagram AFSC/64I/Eq dated 30th July, 1945, addressed to No 214 Group has been referred to this office.
2. The position is that present available supplies of foam from R.A.F. sources ~~are~~ not suitable for Italian fire tenders. Alternatively, British fire tenders would be suitable, but they are not available at this moment. This has been confirmed by the Fire Officer at M.A.A.F.
3. In view of the above circumstances, a supply of foam called "Whiz" is being obtained from an American Depot which is of use with existing tenders. This office has so far only dealt with Frosinone airfield on this matter, but if supplies are required elsewhere it will be appreciated if requirements may be notified here.

28th July, 1945.

Dear *H.*

1. I am taking the opportunity of Lt. Macchiavelli's visit to Sardinia to drop you a line in amplification of the signals you will have seen flashing to and fro between M.A.A.P. Algiers and ourselves on the subject of sheets and pillow-cases at Cagliari.
2. As you will have seen from my latest signal of 27th July my hands are more or less tied at the moment owing to lack of definite information. The Italian Air Ministry has stated quite definitely that they have around 2,000 sheets only at Cagliari and that these are the total stocks. I have confirmed through our detachments that stocks are nil at depots on the mainland. With regard to pillow-cases, the Air Ministry states stocks are nil and here again I have confirmed that this is apparently correct as far as depots on the mainland are concerned.
3. With regard to Sardinia, as you will realise, we are completely out of touch in the absence of a liaison officer and we have to accept the Ministry's stock figures at face value. If you can give me, any definite information, through, that refutes the Air Ministry's stock figure I can go back to them.
4. Actually, I am rather dubious about the barrack warden's statement as I have heard so many of these stories change when you pin them down to facts and figures. It may have been correct six weeks ago as stocks, according to my stock reports, were around 5,000 but since then 3,000 have been transferred to the mainland and have been issued. The remaining 2,000 is negligible as a backing for approximately 60,000 in use. The pillow-case question is very strange as the Ministry flatly denies having any and I am wondering whether it might be a translation error on somebody's part. However if you can give me further information I shall do all I can to help.
5. I believe you once had a very great friend of mine as your M.O., F/Lt. Fraser. If you did I should think life is quieter since he went home. I hope soon to have the pleasure of meeting you if I can get over to Sardinia for a few days. I have meanwhile instructed Lt. Macchiavelli to report to you before he returns to Rome in case there should be any thing you wish me to take up.

1782

Yours

Dine

STOCK POSITION OF BED-SHEETS AND MESS EQUIPMENT

With reference to a request made by letter AFSC/641/EQ. dated 30th May, 1945, enclosed herewith a detailed stock position concerning the availability of bed-sheets and mess equipment as at 31st May, 1945.

Such position, made out in accordance with the form requested, includes the materials available at the depending 233-234 and 236 Stores, located at ROME, BARI and CAGLIARI respectively.

The Italian Air Force of CAMPANIA has not got any availability of the materials notified, as well as for the Italian Air Force in Sicily, and this Ministry has recently arranged for its requirements, dispatch from ROME of materials required for the running of the Messes as well as the despatch of 2,000 bed-sheets from the Italian Air Force in SARDINIA.

As it appears from the attached stock position, the available quantities of messing materials are very short that they do not allow even to face all the depending Units requirements, which, mainly, for the running of Messes have only got dishes, glasses, spoons, forks and knives, as we are not able to dispose of table-cloths, pottery ware and other accessories, as, for instance: oil cruets, vinegar cruets, mustard-pots, sauce-basins, etc....

The position of bed-sheets particularly gives rise to anxiety, as this Ministry is unable to satisfy the requests which continually arrive from the depending Units.

In fact, for the equipping of the various Aviation Services Companies, employed by Allied Units, the Section of Commissariat of the IVth Zona Aerea has recently requested a supply of four thousand bed-sheets.

For such requirement this Ministry had to authorize the manufacture of 500 bed-sheets using 3,000 metres of canvas for large towels, available at the 234th Store.

Besides it had to arrange dispatch from the Italian Air Force in Sardinia to the above-mentioned store of 1,000 more bed-sheets in order to face, partly, the urgent requirements submitted.

1669

With reference to a request made by letter AFSC/64.1/59, dated 30th May, 1945, enclosed herewith a detailed stock position concerning the availability of bed-sheets and Mess equipment as at 31st May, 1945.

Such position, made out in accordance with the form requested, includes the materials available at the depending 233-234 and 236 Stores, located at ROME, BARI and CAGLIARI respectively.

The Italian Air Force of CALABRIA has not got any availability of the materials notified, as well as for the Italian Air Force in Sicily, and this Ministry has recently arranged for its requirements, dispatch from ROME of materials required for the running of the Messes as well as the despatch of 2,000 bed-sheets from the Italian Air Force in SARDINIA.

As it appears from the attached stock position, the available quantities of messing materials are very short that they do not ~~allow~~ even allow to face all the depending Units requirements, which, mainly, for the running of Messes have only got dishes, glasses, spoons, forks and knives, as we are not able to dispose of table-cloths, pottery ware and other accessories, as, for instance: oil cruetts, vinegar cruetts, mustard-pots, sauce-basins, etc....

The position of bed-sheets particularly gives rise to anxiety, as this Ministry is unable to satisfy the requests which continually arrive from the depending Units.

In fact, for the equipping of the various Aviation Services Companies, employed by Allied Units, the Section of Commissariat of the IVth Zona Aerea has recently requested a supply of four thousand bed-sheets.

For such requirement this Ministry had to authorize the manufacture of 500 bed-sheets using 3,000 metres of canvas for large towels, available at the 234th Store.

17/7

Besides it had to arrange dispatch from the Italian Air Force in Sardinia to the above-mentioned store of 1,000 more bed-sheets in order to face, partly, the urgent requirements submitted.

OGGETTO

Situazione lenzuola e materiali per mensa.-

All'Air Forces Sub Commission
Allied Commission - tramite 10
Uff. di Collegamento presso il
Ministero dell'Aeronautica

= R o m a =

In relazione a quanto richiesto con nota A.F.S.C./641/EQ in data 30 Maggio u.s., si rimette, allegata alla presente, una situazione dettagliata riguardante le disponibilità delle lenzuola e dei materiali di mensa al 31 Maggio 1945.-

Tale situazione, compilata secondo lo schema indicato, comprende i materiali esistenti presso i dipendenti 233° - 234° e 236° Magazzini, rispettivamente dislocati a Roma, a Bari ed a Cagliari.-

Ciò in quanto l'Aeronautica della Campania non ha alcuna disponibilità dei materiali segnalati: altrettanto si assicura per l'Aeronautica della Sicilia, alle cui necessità questo Ministero ha recentemente provveduto, disponendo la spedizione da Roma dei materiali indispensabili per il funzionamento delle mense nonché la spedizione di 2.000 lenzuola dall'Aeronautica della Sardegna.-

Come dalla allegata situazione può rilevarsi, i quantitativi di sponibili di materiali per mensa sono tanto esigui che non consentono neanche di far fronte a tutte le necessità dei Reparti dipendenti, i quali, in maggior parte, per il funzionamento delle mense, sono dotati soltanto di piatti, di bicchieri e di posate, non potendosi disporre di tovaglie, di vasellame da servito e di altri accessori, quali, ad esempio, le ampolle per olio, le ampolle per aceto, le mostardiere, le salsiere, ecc.-

OGGETTO Situazione lenzuola e materiali per mensa.-

In relazione a quanto richiesto con nota A.F.S.C./641/EQ in data 30 Maggio u.s., si rimette, allegata alla presente, una situazione dettagliata riguardante le disponibilità delle lenzuola e dei materiali di mensa al 31 Maggio 1945.-

Tale situazione, compilata secondo lo schema indicato, comprende i materiali esistenti presso i dipendenti 233° - 234° e 236° Magazzini, rispettivamente dislocati a Roma, a Bari ed a Cagliari.-

Ciò in quanto l'Aeronautica della Campania non ha alcuna disponibilità dei materiali segnalati: altrettanto si assicura per l'Aeronautica della Sicilia, alle cui necessità questo Ministero ha recentemente provveduto, disponendo la spedizione da Roma dei materiali indispensabili per il funzionamento delle mense nonché la spedizione di 2.000 lenzuola dall'Aeronautica della Sardegna.-

Come dalla allegata situazione può rilevarsi, i quantitativi disponibili di materiali per mensa sono tanto esigui che non consentono neanche di far fronte a tutte le necessità dei Reparti dipendenti, i quali, in maggior parte, per il funzionamento delle mense, sono dotati soltanto di piatti, di bicchieri e di posate, non potendosi disporre di tovaglie, di vasellame da servito e di altri accessori, quali, ad esempio, le ampolle per olio, le ampolle per aceto, le mostardiere, le salsiere, ecc.-

La situazione delle lenzuola in particolare, desta non poche preoccupazioni, dato che questo Ministero non è in condizioni di evadere le richieste che continuamente gli pervengono dagli Enti dipendenti.-

.../.../...

Infatti, per l'equipaggiamento delle varie Compagnie Servizi Aviazione, le quali, come è noto, prestano servizio presso i Reparti Alleati, la Sezione di Commissariato della IV^a Zona Aerea ha chiesto recentemente l'assegnazione di quattromila lenzuola.-

Per tale esigenza questo Ministero ha dovuto autorizzare la confezione di 500 lenzuola da letto con l'impiego di 3.000 metri di tela per lenzuola da bagno, esistente presso il 234° Magazzino.-

Inoltre ha dovuto disporre la spedizione dall'Aeronautica della Sardegna al predetto Magazzino di altre 1.000 lenzuola onde far fronte, almeno in parte, alle urgenti necessità rappresentate.-

MEMO FOR COMMISSIONERS' MEETING

In carrying the letter AFSC/S/3.544/10/WT COMMUNICATE that during the period of last summer, commissary notes had not been supplied to the attached list of detectors of the A.E.S.S. because they were not available in stores.

This of course was of great disadvantage to the personnel detailed in those areas, that are very dangerous.

It therefore is in two copies the list of the detectors as with this Sub-Commission to examine the possibility of their supply.

BAGGAGE REQUIREMENTS.

We are informed that the under-mentioned and similar items are urgently required by A.F.S.C.:

1. glasses
2. chinaware
3. tableware
4. sheets and pillow-cases

2. Will you please make a review of Italian Air Force stocks and forward to this Sub-Commission at your earliest convenience an itemised statement of the total holdings under each heading in the following form:-

a) <u>DESCRIPTION</u>	b) <u>QUANTITY HELD</u> at 31/5/45	c) <u>CONSUMPTION</u> during previous 3 months (i.e. March, April, and May.)
-----------------------	---------------------------------------	---

3. It is understood that No. 207 Magazzino, CASERTA, has a considerable holding and it will be appreciated if you will also investigate the position in Sicily as well as on the mainland with a view to giving A.F.S.C. your maximum assistance in this matter.

ash
Emp
I think you might wish to tell us
1. that it is probable that these materials
are required temporarily & an attempt will be made
to return what is still recoverable in about 3 or
4 months time. *W.B. 2/5/45*

TRANSPORT DRIVERS COMPLAIN AT SARDINIA.

1. With reference to your letter 7579/2232 Coll dated 15th March, 1945 it is pointed out that No. 14 A.F.O.D. is an American unit and this Sub Commission is not, consequently, responsible for obtaining domestic equipment for issue to members of the Italian Air Force attached to that unit. Any essential items for such personnel are provided by the American authorities where it can be established that they are not available from Italian sources.
2. In this particular instance, however, your attention is drawn to the fact that mattresses, sheets and pillows are not issued to Allied airmen and no action would, therefore, be taken to provide these for Italian Air Force personnel.
3. With regard to blankets, the recent visit of Squadron Leader BROOKFIELD of this Sub Commission to the I. A. F. Depot at Cagliari revealed large quantities of these items. Immediate arrangements should, therefore, be made to transfer the quantity required from Cagliari, if necessary by air.
