DISPOSAL OF U/S CYCLONE AERO-ENGINES.

There are now 13 engines of the above type awaiting transfer to the appropriate M.U. at the Urbe and Frosinone airfields, some are time expired, but the majority have been involved in crashes. It is requested that arrangements may be made for them to be transferred at an early date; no engine cases are available for transportation.

 J.W. TURNER F/LT.
 for, DIRECTOR
AIR FORCES SUB COMMISSION.

Note

A.H.G. have ruled that they do not require the
 A.F. to return any more engines for overhaul etc
