CRASHED HALIFAX AIRCRAFT AT BERGAMO

On the 31st July, 1947, a Halifax aircraft engaged on the London-Bergamo route crashed on Bergamo airfield. The Ministry of Civil Aviation in London is anxious to have full particulars as to the accident but does not at the moment propose to hold a formal investigation in Italy.

2. In view of the fact that the accident occurred in an I.A.P. station this office would appreciate if you could assist the investigation by asking the Officer Commanding at Bergamo (Tem. Col. Pil. Canada) to forward to this office through you an official report.

3. The main information required at this office, which will form the essential matter of the report is as follows: -

- 1) What was the cause of the accident.
- 2) The damage to the aircraft and injury to personnel.
- 3) Present location of the crashed aircraft and any arrangements that may have been made by the Company and the Italian Air Force as to its removal and disposal.

4. Would you please treat this matter as urgent and let this office have a reply as soon as possible.
