SUBJECT: Civil Aircraft on the ORIO AL SERIO Airport.

Below is a copy of the I.A.F.Ministry's letter 3599 dated 12 July, regarding civil Aircraft landing on the ORIO AL SERIO Airport.

"" Considering the numerous inconveniences occasioned by civil Aircraft landing on the ORIO AL SERIO Airport in transporting fruit and vegetables to foreign countries, we have given instructions that the said Airport, which is not included among those open to civil air traffic, be considered only as an emergency subsidiary landing place and no longer as an airport for regular arrivals and departures.

All air traffic using this Airport will now have to land on the LINATE Airport (Milan).

We request you to forward the above information to the Allied Autorities so that they may contact the British Ministry of Civil Aviation, who deal with transit information and requests for authorization to land on the ORIO AL SERIO Airport"".

PROT.: N.° 859

SUBJECT: Civil Aircraft on the ORIO AL SERIO Airport.

Below is a copy of the I.A.F.Ministry's letter 5599 dated I2 July, regarding civil Aircraft landing on the ORIO AL SERIO Airport.

"" Considering the numerous inconveniences occasioned by civil Aircraft landing on the ORIO AL SERIO Airport in transporting fruit and vegetables to foreign countries, we have given instructions that the said Airport, which is not included among those open to civil air traffic, be considered only as an emergency subsidiary landing place and no longer as an airport for regular arrivals and departures.

All air traffic using this Airport will now have to land on the LINATE Airport (Milan).

We request you to forward the above information to the Allied Autorities so that they may contact the British Ministry of Civil Aviation, who deal with transit information and requests for authorization to land on the ORIO AL SERIO Airport"".
