SIGNALS I REGULARITIES.

Confirming telephone conversation today between Col. De Vincenti and S/Ldr Ray.

2. Information has been received from COM MID EAST that on Saturday ILY was again logged on 6363 K c/s after your Air Ministry had been warned to ensure that the station was rigidly calibrated to 6370 K c/s.

3. You are therefore requested to ensure that ILY keeps to 6370 K c/s and never below that frequency.

4. Power is to be limited to 400 watts.

FREQUENCIES ITALIAN STATIONS.

Reference your minute G-5/990.40 dated 9th May, 1947, the Italian Air Force Station I.L.Y. broadcasts meteorological information from Milan on frequency 6370 Kcs.

2. The allotment of this frequency to I.L.Y. was agreed upon at the P.I.C.A.O. meeting in Paris in May, 1946, and at the I.M.O. meeting.

3. Following on instructions from A.F.H.Q. this Station has ceased to operate temporarily but a request for it to re-open has been addressed to Allied Force Headquarters.

4. It is now understood that this request should have been made to your Headquarters and you are asked to obtain the necessary authority from the Mideast Board for I.L.Y. to operate.
