Parachutes for Pilots

Reference your letter 4/642/623/Col. dated 19th April 1947, one hundred Pilot type Parachutes were drawn from 357 AG Treviso during March and signed for by Col. SFORZA on the usual R.A.F. Form 603. It is understood that Col. Sforza, who was at that time in Treviso, arranged for their removal to Lecce by Italian aircraft.

2. As the Form 603 was already signed, it was not passed to the Air Ministry for further signature. Will you please say if you require this to be done.
