Subject: BALTIMORE SPARKS

Date: August 15th 1947

Reference is made to your letter 362598/62/A/945 Coll dated 26th June 1947.

The equipment covered by the attached Form 603 No. A E 2811 was handed over to your representative at Treviso airfield on 23rd of June. It is obvious therefore that the stores could not have been received by the Baltimore group at the time your letter was written but it is possible that they have now arrived. The Forms 603 are therefore returned with the request that a further check be made.

No. 357 M.D. have been asked for a copy of the Form signed by your representative at Treviso but no reply has been received and it is presumed that the unit had closed before the receipt of our request.

Three further Forms 603 (No. A E 2578, A E 77 and F 158) are also forwarded. All these Forms cover Baltimore equipment handed over at Treviso on or about the 23rd of June.

SPARE PARTS FOR I.A.F. BALTIMORES

With reference to letter AFB/664/5/EQ dated 27th March 1947 we hereby inform you that the material has been withdrawn from 357 M.U. Treviso and was sent by rail in three consignments which left on the 18th of March; 20th of March and 15th April respectively.

The transport and loading on the wagons was carried out by I.A.F. equipment and personnel.

357 M.U. supplied the cranes for loading the heavy cases and mobile hauling equipment for loading the small cases on the vehicles.

Up to the present we have no knowledge of any similar equipment having been previously withdrawn from 357 M.U.

Collection of Equipment Ord No. 337 A.I.

Further to my letter No. AFB/534/3/34, dated 29th March 1947, a considerable amount of equipment is reported by No. 337 A.I. as still awaiting collection by the Indian Air Force (deadline as at 10.00 hours on 10th April). Will you please arrange collection as an urgent matter as the storage space at the I.C. is urgently required.

The equipment on priority:-

- (i) Repairable tyres for Spitfire;
- (ii) Tyres for Mustangs;
- (iii) Mustang engines;
- (iv) Operational equipment for Spitfires.

It is strongly recommended that you maintain the closest possible liaison with No. 337 A.I. in this matter.

TRANSFER OF BALTIMORE SPARES TO I.A.F.

Further to our letter of the above reference dated 20th March, 1947, No. 357 M.U. request that the Baltimore spares be collected and transferred under Italian arrangements. Would you therefore please arrange for the 2nd Z.A.T. Command to get in touch with 357 M.U. as soon as possible.

2. Consequent ^{on} to the reduction of R.A.F. establishments in Italy it is becoming increasingly difficult for R.A.F. to undertake delivery of equipment transferred to the I.A.F. and it is probable that in all future instances the Italian Air Ministry will be asked to arrange collection from the site.

3. It would be appreciated if this office could be notified when this transfer is completed also the previous transfers of Baltimore spares from 357 M.U.
