Dear General Cavallarin,

I have endeavored to obtain your requirements of 10-ton WACHS from the R.A.F. but without success. Their present commitments make it impossible to spare any vehicles of this class at the moment.

I will raise the matter again on my next visit to Udine and I think it would help if you could let me know the purpose for which you require the vehicles and whether any other type would serve in lieu.

General CAVALLARIN

With reference to your letter AFSC/876/MT dated 27th January, 1947 it is regretted that it is not possible to supply six 10 Ton Mack Lorries on loan as requested in the above named letter, as this Headquarters is experiencing considerable difficulty in meeting the commitments within the formation with the transport at present available.
