III. DISCHARGING EMPLOYEES

Whenever a civilian employee is to be discharged or otherwise released from duty do not, as heretofore, send him down to Headquarters on the date of release to be paid off. Unless he has a very good reason for being paid off at once, he should be told to report back to his unit for payment on the regular pay day. In the remarks column of the time sheet show the date entered on duty and the date of release. In the margin at the bottom of the page show the amount of unused accrued leave time. Those units making up their own payroll will show the dismissal remark in the remarks column of the payroll form. For correct wording of the remark call the Fiscal Office.

VI. DISCIPLINE - TRANSPORT -- (BR Units Only)

1. In order to ensure correct identification, efficient recovery of vehicles and accurate reporting of traffic accidents, it is increasingly essential that all vehicles be clearly marked with unit and other authorised signs.

2. Attention will be given to the following :

(a) Unit registration number.

(b) Where no unit registration number is allotted the abbreviated title of the unit in white letters will appear in the place of the registration number.

(c) Speed limit and maintenance day.

(d) Where vehicle is normally driven by a civilian driver the letters CIV will be clearly visible.

(e) Before a unit parts permanently with a vehicle, the unit will remove all unit signs and marks.

VII. RATION INDENT PREPARATION AND ACCOUNTING -- (BR Units Only)

1. The attention of all Unit Commanders is drawn to GRO 573/46.

2. It has come to notice that there is laxity in a number of Units in this Area in accounting of rations and the O.C. DID has been instructed to report all future cases to this H.Q.

3. It is again emphasised that the Ration Entitlement Book must be maintained accurately to support the Ration Indents and any Unit still in doubt should refer any queries to S & T Branch this H.Q.

4. An Inspection Team will shortly be formed to check Ration Entitlements and Accounts. Units in this Area are liable to visits at short notice.

III. COMMUNICATION. 1. The overburdening of the Army's communication facilities has reached a stage where the speed of service is being impaired and, unless the load of nonessential message traffic is eliminated, expansion of plant and material increase in operating personnel will be required.

2. A study of the traffic handled by Army communications services reveals the following on both the oversea radio and cable and the domestic teletype facilities:

a. A large portion of all messages handled in the past are not properly telegraphic business and could have been sent by air mail, or even ordinary mail, without detriment to the war effort. This is particularly the case with domestic teletype traffic.

b. Messages are entirely too verbose. A few minutes thought over each message would materially reduce its length. A number of long messages selected at random were rewritten with an effort toward brevity and the number of words reduced more than 50 percent without leaving out any essential information or instruction.

c. Many administrative messages are given multiple address listings which necessitate separate transmissions to each addressee, when many of the addressees take no action on the contents and do not need the information immediately.

d. The concealed address in classified messages is frequently too long. Such addresses in the body of the message as "BLANK SIGNED BLANK TO BLANK FOR BLANK" are not uncommon and may violate cryptographic security. The naming of an individual for whom a message is intended has often resulted in delays and wrong deliveries as the individual has been transferred. The headquarters of the command to which the message is addressed is solely responsible for designating the person that is to take the action on contents.

2149 e. PRIORITY precedence of messages is grossly abused, particularly by officers of high rank. This results in slowing up the transmission of extremely important messages requiring top flight precedence indicators.

f. Many messages are not filed in the signal center for from 1 to 3 days after they are written. A large number of these messages are for domestic United States delivery and, if promptly air mailed after typing, many would be at destination before they are filed in the signal center for transmission.

3. In order to eliminate these abuses and make the communications

1. Letter AG 311.3/47, this Headquarters, 8 July 1946, subject "Telephone Service", is hereby revoked and will be withdrawn from all files and destroyed.

2. In accordance with current directives, drastic reductions in existing telephone services will be affected. Most important amongst these are outlined hereunder for the information of all concerned:

a. Military-requisitioned Hotels to have one (1) military telephone, to be located in the Hotel Manager's Office to be used by military personnel for transaction of Official Business, both local and long distance. Each person using telephone for outgoing calls will be required to sign roster maintained by Hotel Manager, listing name and telephone number of person called. Personal calls made by residents of Hotels from room-extension telephones, will be furnished by the Civil Management of the Hotel, through their regular civilian facilities. Any charge for these calls will be by agreement between the civilian management and individual subscribers, based upon standard rates.

b. Discontinuance of the following services:

(1) Billet telephones, except as authorized, in accordance with paragraph 3, page iii, current RAAC Telephone Directory.

(2) Telephones in Officers', EM's, Sgts' or OR's messes.

(3) Access of press correspondents to military long distance service.

2143 3. Under provisions of existing directives and in accordance with above instructions, all unauthorized billet telephones are being disconnected by Signal Officer, this Headquarters.

4. In order to clarify the present situation, the following rules will govern the authorization of billet telephone service.

SUBJECT: Rations

TO : Unit Commanders, each unit this Command

1. The following extract from MTOUSA cable C-51351, dated 29 June 1946, is for information and compliance of all concerned:

"a. Normal procedure in this theater for rations furnished officers is at 75¢ per day deduction for all officers. With the arrival of dependents there will be some officers who will wish to mess separately. An officer desiring to mess separately must submit request for such authorization in quadruplicate to the Major Commander. This request will contain a statement: " I hereby undertake to pay the mess Officer for all meals eaten at the Arms Mess at the rate of 25¢ per meal plus any service charge". If approved such approval will be indicated by indorsement addressed to the Disbursing Officer responsible for paying the officer submitting the request with carbon copies being furnished to Mess Officer and Officer submitting the request respectively. No deduction for rations taken will be made on an officer's pay voucher whose authorization to mess separately has been approved. Requestsmust be effective on first day of month.

b. Mess Officers will not be required to furnish individuals statements of charges. Each officer will be responsible, without notification, for payment of meals furnished.

c. On and after 1 July 1946, enlisted Personnel when approved by competent authority to mess separately, will be paid allowance authorized by Section II, Cir 197, WD 1945. Competent authority is considered to be Major Commander. Occasional meals provided by Army Messes to EM who are authorized to mess separately will be collected in cash by mess Officer at one third the commuted allowance authorized by WD Circulars.

d. Money collected from EM for sale of meals will be handled as prescribed by Par 24, Sec VII, MTOUSA Cir 60, 1946.

e. Orders for leave Tours will state when an EM has been authorized to mess separately so that appropriate special service officer will make cash collection for meals.

f. Sec II, MTOUSA Cir 37, 1945, Sec II MTOUSA Cir 105, 1945, Par 17, Sec VI, MTOUSA Cir 60, 1946 are being rescinded and superceded by appropriate new instructions which will follow.

CLD/gwvk
15 May 1946

SUBJECT: Military Discipline.

TO : Commanding Officer, Each Unit, this Command.

1. Military discipline is that mental attitude and state of training which render obedience and proper conduct instinctive under all conditions. It is founded upon respect for and loyalty to properly constituted authority. While it is developed primarily by military drill, every feature of military life has its effect on military discipline. It is generally indicated in an individual or unit by smartness of appearance and action; by cleanliness and neatness of dress, equipment, or quarters; by respect for seniors, and by the prompt and cheerful execution by subordinates of both the letter and the spirit of the legal orders of their lawful superiors. Courtesy among military men is indispensable to discipline.

2. The maintenance of a satisfactory standard of military discipline and courtesy within this command is a responsibility of each and every officer of the American Forces in Rome, whether he be a commanding officer or a subordinate, a permanent officer or a transient. Each one must realize his responsibility for insuring that the officers and enlisted personnel with whom he may come in contact during the course of his daily activities will observe proper military discipline and courtesy. All officers, while maintaining discipline and the thorough and prompt performance of military duty, must bear in mind the necessity of taking corrective action in such manner as not to injure the self-respect of the individual. Officers must impress upon the young enlisted men lessons of a form of government ideally suited to the American way of life, and will teach and impress upon them the necessity for obedience and military discipline in the service.

3. In keeping with the proper wearing of the uniform it is reemphasized that each officer and enlisted man must wear the identifying shoulder sleeve insignia of his Major Command on the left sleeve of his outer garments. Violations of this will be reported to the individual's Unit Commander or in the case of visitors to their own Major Commanders.

4. Each Unit Commander will insure that all members of his Unit are instructed not only to comply with local uniform regulations but also those prescribed at Rest Centers and Leave Areas when the individuals are visiting such areas. Rest Centers and Leave Areas have been instructed to report all violations. Repeating violators will have their accomodations cancelled and will be returned to their proper station.

II - BILLETING:

1. It is forbidden for Allied Military personnel in ROME AREA ALLIED COMMAND to live in private houses, hotels or premises unless under military control or scheduled as an authorized billet and no private arrangements will be made with the civilian population.

2. Arrangements for the billeting of Allied Military personnel on temporary duty, leave or transit will be made only by the Billeting Officer in the case of American personnel or in the case of British personnel, 238 Town Major, except where arrangements are made for such personnel to live with units located in ROME AREA ALLIED COMMAND.

3. Leave personnel will live only in the American Rest Center, 56 Rest Camp or Military hotel or billet to which they have been regularly assigned for the period of their stay in ROME.

4. Married personnel only are authorised to live in private accommodation, subject to the approval of their Commanding Officer. They will also be in possession of a pass authorizing them to live in private billets. In the case of British personnel the address of such private accommodation will be registered with 238 Town Major, Piazza ESEDRA, and in the case of American personnel addresses will be registered with the Billeting Officer, ROME AREA ALLIED COMMAND, Istituto Nazionale Assicurazioni Building, Via Sallustiana, Room 131, Tel: 478507. Subject: Reports of Survey.

To : Commanding Officer, Each Unit, This Command.

1. Reports of survey reaching this Headquarters indicate a general lack of knowledge with respect to their initiation and preparation. The responsibility for initiation and preparation of reports of survey rests with the officer who has property responsibility for the articles which have been lost, damaged or destroyed.

2. In many cases too much time is allowed to intervene between the initiation of the report and the date the loss, damage or destruction of the property occurred. In every instance reports of survey must be prepared within 30 days after the discovery of the loss, damage or destruction of property, unless exceptional circumstances prevent. Where delay has occurred such delay will be explained by a certificate which will accompany and become an exhibit to the report of survey.

3. All parties initiating or preparing reports of survey will consult AR 35-6640, 16 April, 1946, and TM 14-904, April, 1945. The technical manual contains a complete explanation of the report of survey system and also carries a step by step explanation of the manner in which W.D.A.G.O. Form #15, Report of Survey, will be accomplished.

4. Where vehicles are the subject of reports of survey a classification of the property as "new", "good",or "fair", must be established and the valuation fixed. Attention is directed to MTOUSA Ordnance Operations Bulletin No.8, 30 June, 1945, which sets out standards for depreciation and cost adjusting of vehicles.

He suggests that in view of the fact that the Inspector General MTOUSA will make his annual inspection of the regiment on the 5th of April that his orders be delayed at least until after that date. Subject: Outgoing Messages.

To : See Distribution.

1. A large proportion of messages handed in at Rome Message Center still bear priorities higher than is justified by their contents.

2. The value of signal priorities is completely lost unless they are used with discretion and with full understanding of the consequences of misuse.

3. The following notes have been prepared for the guidance of all officers originating signal messages.

a. General

Any officer may originate a message for transmission by signal. It will be accepted by the Message Center providing it conforms to the existing rules of procedure and is signed by the originator, who is responsible that it is sufficiently urgent to justify dispatch by telegraph or wireless. Where this urgency is not justified, the message should be sent either by EIS or through the APO.

b. Priority

Messages are cleared by the Message Center in the order in which they are handed in unless a special degree of priority is indicated by the originator. Messages will be classified in accordance with their relative urgency, as follows:-

(1)	a. Most immediate (Br)	No US Equivalent
	b. Emergency operations (Br)	Urgent (US)
(2)	Immediate (Br)	One priority (US)
(3)	Important (Br)	Priority (US)
(4)	Other offical messages	Routine (US)

Precedence for messages despatched in this way will be according to the time of receipt by Signals.

Messages originated by Staff Sections of Headquarters Rome Area Allied Command will bear US degrees of priority.

R-E-S-T-R-I-C-T-E-D

Declassified E.O. 12356 Section 3.3/NND No. 785015

c. Most immediate

Only a commander-in-chief, or his chief general staff officer, will frank a message in this way. It will be reserved for occasions of vital urgency; it gives absolute priority of despatch, not only on Army Signal systems but those of the Allied Navies and Air Forces, and also on those controlled by the civil administration.

d. Emergency Ops (Urgent)

This indication will be used only for messages of the utmost importance, having a direct bearing on operations. To be used by commanding generals, and such senior officers as may be designated.

e. Immediate (Ops Priority)

The use of this indication will be limited to messages the speed of which is of special importance, as otherwise its purpose will be defeated. Unit and formation commanders not below the rank of Lt. Colonel, and Grade I Staff Officers, may frank messages with this degree of priority. In urgent cases any officer may frank a message as "Immediate", but if unauthorised to do so he will be held responsible that the urgency is sufficient to justify his action.

f. Important (Priority)

This indication will be used for those messages which require priority above ordinary official messages. Unit and Company Commanders, Adjutants and Staff Officers, may frank messages with this degree of priority.

In the event of operational emergency any officer may claim priority provided that he can justify his action when called upon to do so by higher authority.

g. Multiple Address Messages

When preparing multiple address messages, the originator will consider each address as a separate message, and will allot priorities accordingly.

Where only one degree of priority is shown on a multiple address message, this priority will be given only to the action copies; information copies being sent routine.

The following example shows the correct method of framing multiple address messages:-

SUBJECT: Handling of TOP SECRET Messages

TO : All Concerned

1. Letter, subject as above, 19 April 1945, is rescinded and the procedure prescribed herein will govern the preparation and transmission by electrical means of outgoing TOP SECRET Messages.

2. Normally, for Headquarters and units served by the RAAC Message Center, messages may be classified as TOP SECRET only by, or by authority of, a general officer, the chief of a military mission, or a military attaché. See par 9a, AR 380-5 for other cases not covered by the foregoing.

3. TOP SECRET messages will be prepared, handled, transmitted, and safeguarded in accordance with AR 380-5.

4. The following procedure further is prescribed in connection with the inter-office transmission, handling, preparation, and routing within this headquarters of TOP SECRET messages intended for electrical transmission by the RAAC Message Center:

a. Transmission and handling:

(1) TOP SECRET messages will be enclosed in a sealed envelope marked "TOP SECRET Message for Electrical Transmission" on both sides. Typewritten matter in the message will be protected by a cover sheet, or by folding inward, from direct contact with the cover. The cover will be a sealed wrapper or envelope addressed in the usual way to AG, RAAC, or Message Center Officer, RAAC, as the case may be, and will be accompanied by a receipt form which will identify the addressor, either of the aforementioned addressees, and the message.

(2) It is mandatory that transmission and custody of TOP SECRET messages be covered by a receipt system.

(3) Transmission and custody from the originating staff section, to the AG for authentication, to the Message Center for cryptographing and transmission, and final return of original clear text to the AG will be by an officer, designated by the originating staff section or by the AG, and will be hand-carried by an officer throughout, except when in the possession of the cryptographing section of the Message Center.

2095

b. Preparation and Routing:

(1) One original and one copy of the message will be prepared and will be numbered by the originator.

(Over)

Incl # 1

Declassified E.O. 12356 Section 3.3/NND No. 785015

(2) One skeleton copy of the message will be prepared and attached externally to the envelope containing the full copies of the message. The skeleton copy will be identical with the full copy of the message except that the whole of the text will be omitted.

(3) The sealed envelope together with the skeleton copy will be sent to the AG.

(4) The AG will authenticate the message, retain the copy in his temporary file, send the original plain text copy, accompanied by the skeleton copy, to the Message Center Officer.

(5) The Message Center Officer will deliver the sealed envelope unopened to his cryptographing section. The skeleton copy will be retained by the Message Center and used and treated in all respects as if it were its copy of the message.

(6) The cryptographic section will prepare one copy of the cryptographic message and will deliver it to the Message Center which will send the cryptographed message and retain the copy in its file of outgoing messages.

(7) The cryptographic section will mark the plain text original copy of the message SENT (date), place in sealed envelope addressed to AG, and hand it to Message Center Officer who will deliver it to the AG.

(8) Upon return of original copy of plain text message to the AG, he will place it in his secret file for outgoing messages and destroy the retained copy by burning.

Safeguarding of Military Information	I
Handling of Classified Documents	II
Security within the Headquarters	III

I. SAFEGUARDING OF MILITARY INFORMATION

1. An excessive number of security violations with respect to classified documents has come to the attention of this Headquarters.

2. Study of the cases reviewed discloses that most of the violations have occurred because military personnel concerned were careless, or lacked the necessary familiarity with the provisions of AR 380-5 and War Office Pamphlet "Classification and Handling of Protected Documents, 1944." It is desired that necessary steps be taken to insure that all personnel engaged in the handling and transmission of classified material read and become familiar with the pertinent provisions of the regulations mentioned above and that strict compliance be effected therewith to the end that violations of security may be reduced to the lowest practicable minimum.

3. Although the enemy espionage nets and agents have been destroyed and scattered, the professional spy and informer is always present. This type of agent is faithful to no country nor ideal, but sells to all bidders.

4. Photostats of classified documents used by such an agent have been found by Intelligence units of this Command.

5. Due to the cessation of hostilities the clause endangering national security is not as predominant as during the war but any document whose unauthorized disclosure would be prejudicial to the interest or prestige of the nation, any governmental activity, an individual, or would cause administrative embarrassment, or difficulty, or be of advantage to a foreign nation shall be classified and safeguarded.

II. HANDLING OF CLASSIFIED DOCUMENTS

2094 1. TOP SECRET messages will be handled as prescribed by AG letter 380.01/1 this headquarters, dated 1 March 1946, copy enclosed marked Incl # 1.

2. SECRET documents will be prepared for transmittal in accordance with paragraph 25 of AR 380-5 and War Office Pamphlet "Classification and Handling of Protected Documents, 1944." Any SECRET correspondence between staff sections of this Headquarters will be carried by hand and by the proper authorized military personnel.

III. SECURITY WITHIN THE HEADQUARTERS

1. Civilian personnel will have access to CLASSIFIED documents only upon recommendation of the Section Chief.

2. The section chief will assume responsibility for the civilian employee which he designates.

3. Names of all civilian personnel authorized to handle classified documents other than Restricted will be turned in to the G-2 section by each section chief concerned. Negative reports will also be submitted.

4. CLASSIFIED documents will not be scattered about indiscriminately or left on desks when custodian is absent especially during the noon hours.

5. All CLASSIFIED documents will be securely locked when no military personnel or properly authorized civilian personnel are present to safeguard against improper handling.

SUBJECT: Theater Admission

TO : All Concerned

1. Contents of this letter will be brought to attention of all personnel of this Command and a copy posted on Company Bulletin Boards.

2. Through mutual agreement by British and American Welfare and Special Service agencies, a certain number of seats in the American Red Cross theaters have been held available for British personnel, and in British theaters American troops have been admitted under no restrictions. In the theaters of both services no civilian guests of soldiers have been permitted.

Under a recent policy by the British Army two changes have been made: first, each soldier, British or American, is permitted to bring with him one civilian guest and, second, all admittances to British theaters will be, effective 1 January 1946, by paid admission. No change in this regard has been made in the American theaters.

Therefore, admissions to American theaters will be continued on the same basis as in the past. American military personnel attending British theaters will do so on exactly the same basis as the British soldiers.

The policy of British Welfare changing from free entrance to an admission by charge of course applies to all British theaters throughout the British Army in all theaters.

AG 380

SUBJECT: Conduct on Cessation of Hostilities

TO : All Unit Commanders.

1. The time has come when it is necessary to consider as a possibility the situation which will be created by a cessation of hostilities in Europe. Such a situation might arise as a result of a formal armistice with Germany, or on the other hand, hostilities may drift gradually to an end. Two different sets of conditions may thus arise which will require somewhat different treatment.

2. It is the intention of the Commanding General, Rome Allied Area Command, whatever the circumstances, to prevent any riotous behavior or undue disturbance, and, while allowing scope for legitimate rejoicing, to preserve normality in the conduct of the area.

3. It is particularly the intention that undue crowds of troops will not be allowed into the city of Rome. Passes will be strictly limited to normal numbers.

4. This applies to officers equally with enlisted men and other ranks. Units quartered in the Rome Area will allow no more than the usual quota of officers into Rome and others will be reminded that it is their duty to be present in their unit lines.

5. No more than the normal percentage of enlisted men and other ranks will be allowed on pass.

6. It is therefore important that officers commanding units organize entertainment and diversion within unit lines with a view to keeping men amused and preventing them, so far as possible, from drifting into Rome. In addition, special efforts will be made from area resources to provide as much entertainment as possible to keep men in Rome out of the streets.

2085

7. When the situation arises it will be necessary for all units to keep a particularly tight control over transport vehicles to prevent unauthorized "joyriding" and all officers commanding units will prepare plans with this in view.

8. It may be necessary for certain units which will be nominated in due course to have picquets detailed to stand by

for duties, if required. It is however, hoped that it will not be necessary to have recourse to this measure.

9. It will be realized that the measures contemplated may have to be maintained over several days.

CIVILIAN LABOUR INFORMATION BULLETIN
NUMBER 12

10 Aug. 1945.

(applicable to all Allied Forces)

OFFICIAL.

A. = SUPPLY OF CIVILIAN LABOUR (all Units).

1. All Civilian workers required for the Allied Forces are now obtained through the "Collocamento" (the Labour Exchange of the Italian Provincial Labour Offices). Action to be taken by Units is as follows:-

2. U.S. Units in Rome requiring civilian workers apply as heretofore to the US Civilian Labour Office, which arranges supply. This office is now situated on the ground floor, 26 Viale Africa, telephone 588436.

3. British Units in Rome requiring civilian workers apply as heretofore and as laid down in Para.11(e) of "Regulations for the Employment of Civilian Labour (Italy, Sicily and Sardinia)" to 2902 C.L.U. who arrange supply. 2902 C.L.U. is now situated at 26, Viale Africa, telephones :

Administrative Office XX ..	588465.
General	588462.
Labour Supply	588435.

4. The Rome Collocamento is also now situated at 26, Viale Africa and is controlled, in so far as the supply of labour to the Allied Forces is concerned, by the U.S. and British Civilian Labour Offices.

5. U.S. and British Units chooldoRome (the Rieti, Aquila) should obtain civilian workers required from the local Collocamento.

6. British Units should ensure that they are in possession of authorities required under para.12(c) of "Regulations for the Employment of Civilian Labour (Italy, Sicily and Sardinia)."

6. British Units should ensure that they are in possession of authorities required under para.12(c) of "Regulations for the Employment of Civilian Labour (Italy, Sicily and Sardinia)."

2063

7. In order that the Collocamento may function efficiently it is necessary that its records of employed and unemployed workers be complete, exact and up to date. In future, all workers supplied by the Collocamento will be in possession of a "Libretto di Lavoro" or equivalent document in course of preparation. Therefore Units receiving new workers henceforth, (or Units who in an emergency find their own workers), are requested to

ensure that the workers are in possession of a Collocamento document before they are engaged. Units are also requested to instruct all present workers that they should obtain such a document if they are not already in possession of one, and, as far as possible, to ensure that workers observe this instruction.

8. Units are requested further to assist by instructing workers who are dismissed to report back to the Collocamento to register themselves as unemployed and available for work elsewhere. Attention of British Units is drawn also to para.11(f) of "Regulations for the Employment of Civilian Labour (Italy, Sicily and Sardinia)." All Units discharging workers for reasons entailing Blacklisting should report them in full, giving name and nature of offence, to the U.S. Civilian Labour Office or 2902 C.I.U., as applicable.

9. The registration of all workers of the Allied Forces will help to complete the records of the Collocamento and will facilitate the recruiting of satisfactory workers.

Subject: Private Rental of Property and Motor Transport.

To : See Distribution.

1. Reference letter, this Hq, AG 600, dated 21 June 1944, Subject: "Requisition of Civilian Property".

2. Numerous cases are still arising of Allied Officers making private arrangements with Italian civilians to rent apartments or villas in and around the City of Rome. Similar private arrangements are being made in connection with motor transport.

3. This procedure is resulting in increasing the difficulties in obtaining properties and motor transport by requisition as the Italian civil population naturally prefer to keep their property free from requisitioning if they have grounds for believing that they can rent it to individual Officers, and obtain immediate payment.

4. In no circumstances will Officers enter into private agreements with civilians for the rental of properties or motor transport without first making application to ROME ALLIED AREA COMMAND (Real Estate Section in the case of property, G-4 Branch in the case of motor transport), and obtaining the necessary permission. Such permission will be given only in special cases.

Most large switchboards, including Duplex and Rome LD, are operated so that any one of several operators can answer any one call. Reports have been received by this office regarding irregularities on call handling and, in some cases, are difficult to trace because of lack of specific information as to which operator handled that particular call. In order to expedite the location of the person responsible it is suggested that the following procedure be followed:

a. Ask the operator for his operating number or his name.

b. Request to be connected immediately to the Chief Operator or the Officer in charge and state the difficulty or irregularity.

SUBJECT: Duds and Live Ammunition.

TO : See Distribution.

1. Souvenir hunting and collecting of United States and foreign live ammunition and explosives continues to cause the needless injury and death of personnel in this theater. Ammunition is so constructed that it is relatively safe to handle when new. Very few accidents ever occur when ammunition is properly handled in its original packages. In the hands of inexperienced personnel, however, who attempt to take it apart or remove the explosive elements, it becomes a perfect booby trap with the victim always at close range.

a. A "dud" is defined as an explosive missile that has been given every opportunity to explode, has not, but may at any moment. Personnel who take live ammunition to their barracks, quarters or office are not only exposing themselves to danger but everyone in the vicinity. The following accidents are cited from a number of sources. They were all preventable, unnecessary, and were in direct violation of Army Regulations, safety regulations, and directives governing the safe handling of ammunition.

(1) The recent disassembly of a United States 40mm shell resulted in injury to three men. An officer sustained a bursted ear drum and an enlisted man lost a hand and was wounded in the chest by metal fragments. Another enlisted man had his abdomen pierced by fragments. These injuries resulted when the propellant charge exploded in the cartridge case. If the high explosive filler of the shell or fuze had detonated, these men would probably all have been killed.

(2) An enlisted man was decorating an ash tray with a caliber .50 cartridge. He had removed the bullet, poured out the powder charge and was attempting to fire the primer by hitting it with a nail. The primer cup blew back and permanently blinded his left eye. Small arms primers invariably blow back when fired in this manner.

(3) An officer attempted to insert a foreign artillery fuze by digging out the explosive booster with a knife blade. Sufficient pressure and friction were exerted to ignite the small quantity of sensitive filler. The resulting detonation caused the loss of three fingers and chest wounds.

(4) The death toll from duds will continue after the war if they are carried home as souvenirs. A veteran of the last war brought home an unexploded German shell from France. For over ten years it was used as a door stop in his home. It was

finally placed in the back yard near a tool shed. His [illegible] were having a birthday party for her friends and a new croquet set was arranged in the back yard for the occasion. One of the young visitors struck the dud on its nose fuze with a croquet mallet. The explosion resulted in the death of five children and the injury of eight more.

(5) The souveniring of parachutes in some types of United States and foreign signal flares has also taken its toll. An enlisted man who attempted to open a small type parachute flare inadvertently ignited the illuminating mixture. The white hot incandescence permanently blinded the individual.

b. The above instances are only a few of the many accidents that have resulted in casualties ranging from minor injuries to fatalities. In addition to the physical suffering and injuries sustained, the individuals and their families are deprived of disability benefits, as such injury or death, resulting from violation of regulations, is generally ruled "NOT IN LINE OF DUTY".

2. Explosive missiles and unauthorized live ammunition now in the personal possession of officers and enlisted personnel for use as souvenirs, armaments, etc., will be collected and turned over to authorized Bomb Disposal Squads for appropriate disposition.

3. Commanders of all units assigned or attached to this command will institute inspections to effect provisions of paragraph 2 and report compliance by 30 May 1945.

4. Effective 30 May 1945 possession of explosive missiles and unauthorized ammunition will subject officer to disciplinary action.

FOR THE FORCES - BY THE FORCES

After forty one successive weekly broadcasts, "Audition Night" from the YMCA Centenary Club, Rome,is taking a well earned rest. This is purely for re-arrangement to suit your convenience, and it doesnt mean that we dont want any further talent. On the contrary, we're always anxious to find any artists - professional or otherwise - among the forces. If you havent time to write, our telephone number is ROME 377054.

According to your letters you enjoyed the broadcast version of the Edgar Wallace thriller "The Frog". So this week we're broadcasting another well known play. This time its "The Late Christopher Bean" Its good fun and well produced, so make a point of listening to it at 1905 on Monday. Incidentally, there's another series starting again this week for those of you who like blood curdling thrillers - its called "Appointment With Fear"and its on at 1730 on Sunday. This week's episode "The Vampire Tower" is really horrific.

One more thing: at 1800 on Tuesday you can hear the first two-way link broadcast between London and Rome. This is a commentary on a darts match between the CMF Army Darts Champion Team (Rome area) playing in Rome against a team from the Metropolitan Police ,playing in London. Charlie Garner will be compereing in London and Phillip Slessor in Rome. So dont miss this either.

Of Charge II: GUILTY.

SENTENCE

As to each accused:

To be dishonorably discharged the service, to forfeit all pay and allowances due or to become due, and to be confined at hard labor, at such place as the reviewing authority may direct, for a period of fifty (50) years.

The sentence was adjudged 27 April 1945.

The sentence as to each accused is approved but the period of confinement as to each accused is reduced to twenty (20) years. As thus modified the sentence as to each accused will be duly executed but the execution of that portion of the sentence as to each accused adjudging dishonorable discharge is suspended until the respective soldier's release from confinement. MTOUSA Disciplinary Training Center is designated as the place of confinement for each accused.

GENERAL ORDERS

NUMBER 8

DEATH OF THE COMMANDER-IN-CHIEF

1. It is the sad duty of the Commanding General, Rome Area MTOUSA, to announce to troops of this Command the untimely death of Franklin Delano Roosevelt, President of the United States of America.

2. The grief and loss we Americans feel in the passing of this great American leader becomes a sorrow common to all our Allies. The commanders of Allied forces and missions have kindly called or sent messages of condolences which give positive evidence of the solidarity of our alliance and the depth of friendship which exists between the representatives of the United Nations.

3. The evidences of true friendship and solicitude on the part of the Italian Government as evidenced by the marks of consideration and deep respect which have been accorded us, binds more closely the Italian and American peoples. Such demonstrations prove the true character of the Italian people and their appreciation of a great American figure who was ever a friend of democratic Italy.

4. Memorial services in honor of our late President will be held in St. Paul's Church on 15 April 1945 at 1100 hours.

5. All U.S. national flags will be displayed at half-mast for 30 days beginning at 0800 hours, 13 April 1945.

6. This order will be read to all units of this command on 14 April 1945.

MEMORANDUM:

TO : See Distribution

Following the receipt in Rome of the report of the death of the President of the United States of America, the commanders of Allied forces were prompt in transmitting to the Commanding General, and through him to all officers and soldiers of the U.S. Army in this area, their expressions of sorrow and condolence. These expressions are deeply appreciated, and give further evidence of the true friendship which exists among the soldiers of the United Nations, and particularly their high regard for the leadership of our great President who has passed away.

Among those who called on the Commanding General are: General Le Couteulx de Canouville, Commander, French Forces in Italy; His Excellency M. Maurice Nabuco, Brazilian Ambassador to the Holy See; General Alexei Paulovitch Kislenko, Russian Military Representative of the U.S.S.R. to the Allied Commission; Lt. Col. Piotr Konczyc, Polish Liaison Officer; Lt. Col. Giovanni Della Rocca, Italian Liaison Officer, on behalf of the Ministry of War; and Vasco Da Cunha, Charge d'Affaires du Brazil.

The following letters of sympathy were received:

From Major General F. H. Theron, U.D.F. Administrative Headquarters, Rome:

"All South Africans and Rhodesians in the Mediterranean area join me in expressing to you and to U.S. Army personnel under your command our very deepest sympathy on the death of your great President. Your loss is indeed mourned by us also."

From Brigadier Alban Low, Deputy Commander, Rome Area Allied Command, Rome:

"The British Members of your Staff will wish me to express to you the overwhelming sense of grief which they feel at the calamitous news today of the sudden death of the President of the United States."

"We mourn the loss of one of the leading figures in the world who can ill be spared today, and we condole with you in your greater loss of the Head of your great country."

From Group Captain C. W. Mackey, Commander, No. 2 R.A.F. Base Area:

"On behalf of myself and the Officers and Airmen under my Command, I desire to express the profound regret which is universally felt at the news of the death of President Roosevelt."

Declassified E.O. 12356 Section 3.3/NND No. 785015

From Lt. Colonel A. E. Cockerton, 104 C.R.E. Works, Rome Area Allied Command, Rome:

"It is with deep regret that the news has been received of the death of the President of the United States of America."

"President Roosevelt's skilled leadership of his country's fighting power has earned the gratitude of all the free peoples of the world, and his absence from the equally important task of reconstructing the constitution of the Post-War world will be a severe blow."

"I, with the Companies and Units of the Royal Engineers under my command, desire to convey their sympathy in this great loss which the world has sustained."

From His Excellency Count Alessandro Casati Stumpa, Italian Minister of War, War Department, Rome:

"In the name of the Italian Army I beg you to accept the expression of deepest sympathy and profound condolence for the great loss which has befallen your country and the whole civilized world."
