~~RESTRICTED~~AFHQ Circular No. 4 (^c it'd)

even if it is necessary to designate a new officer-courier to carry the pouches to the next point. SAFETY PRECAUTIONS - RANGES

1. When carrying out any training which includes the firing of "live" projectiles, all Allied troops in ITALY will inform the local Italian Military Authorities. "Live" projectiles cover all items such as grenades, mortar bombs, artillery and tank shells or any other projectile containing explosives. The object of this is to enable Italian authorities to search the area after firing and so prevent casualties to civilians from any unexploded projectiles.
2. Before firing takes place, the local Italian Military Territorial Headquarters will be informed of:
- a. Location of the range and boundaries of the danger area.
 - b. Date and time firing will commence.
 - c. Date and time firing will cease.
 - d. The headquarters of formation or unit to which a representative of the Italian Military Territorial Headquarters should report prior to proceeding to the range to carry out any examination of the area.
3. If a projectile which is known to have failed to explode cannot be destroyed or cannot be found, then details must be passed to the Italian Military authorities concerned.
4. Formations and units using ranges in VENEZIA-GIULIA will forward all information included in paragraphs 2 and 3 above to AMG, XIII Corps.
5. It is emphasised that these instructions in no way relieve formations and units from the responsibility of carrying out the normal range safety precautions and making every endeavour to render harmless any projectile which fails to explode.

MTOUSA Circular Number 64, 29 April 1945, "Records Administration Program."

Part II of "Submission of War Diaries and Preservation of Documents of Historical Value", Instructions in Force in the Mediterranean Theater.

II-- GENERAL OBJECTIVES

1. The Combined Chiefs of Staff, in anticipation of the concern of both the United States and the United Kingdom to secure custody of records of a combined British-American nature created in the course of this war, have directed the commanders of appropriate headquarters to take steps to insure that, prior to or upon the inactivation of their respective headquarters or upon withdrawal of representatives of one of the Allies from such headquarters, a duplicate set of the records of a combined nature of these headquarters will be available for ultimate release to the Governments of the United Kingdom and the United States.

2. The foregoing directive applies to the records of all general, special and other staff sections, to the boards, commissions, and committees of this headquarters, and to the combined (Allied) air and ground headquarters under the jurisdiction of Allied Force Headquarters which function as a British-American agency.

3. The principles of the War Department Records Administration Program as affecting American units of MTOUSA have been defined by MTOUSA Circular Number 64, 1945. A corresponding program affecting purely British Army establishments has been provided by Part II of, "Submission of War Diaries and Preservation of Documents of Historical Value," attached hereto as Appendix A, and Air Ministry Orders A.903/42 and A.1007/43 dealing with similar Royal Air Force documents.

4. The program herein established takes into account the foregoing procedures approved by the War Department and the War Office and does not contemplate that those procedures be abandoned or altered. Noncurrent records of permanent value and the permanent records of disbanded, inactivated, or transferred organizations will continue to flow in orderly shipments to England or to the United States, in accordance with established procedures, but provisions are now made for the duplication of records of this headquarters or any of its subordinate establishments which reflect a combined British-American function, operation, or transaction.

III- ORGANIZATION AND RESPONSIBILITIES5. Allied Force Organization for Records Administration

a. Allied Force Records Administrator -- To administer a program which will insure the proper disposition of mixed records of the character indicated above, there is established at this headquarters, the Office of the Allied Force Records Administrator, who will:

(1) Organize and administer a program for the disposition (destruction) of nonrecord (valueless) material and the preservation and duplication, by photographic or other processes of the permanent records of the offices or agencies defined in paragraph 2, above.

(2) Establish and operate an Allied Force Microfilming and Records Depot to receive, process, and reproduce the permanent records of a "combined" nature.

b. Records Officers - The organization for this program will comprise records officers appointed in each general, special, or other staff section of Allied Force Headquarters; for each board, commission or committee controlled by this headquarters; and for each Allied (combined) air and ground headquarters under the jurisdiction of AFHQ. Their names will be reported to the Allied Force Records Administrator not later than 1 August 1945.

(1) Record Officers will bear in mind at all times that they are regarded as custodians of the records of the Governments of Great Britain and the United States and that they are personally responsible for their safe keeping. Past experience has shown that irreparable harm has been done by indiscriminate destruction of permanent records of historical, legal or administrative significance. Therefore, the greatest care will be exercised in the screening and evaluation of files included in this program, to insure preservation of records of enduring value. Doubtful cases will be referred to the Allied Force Records Administrator for decision.

(2) Each officer will be familiar with MTOUSA Circular 64, 1945 and Appendix A hereof, and will be guided by these directives in so far as exclusively American or exclusively British records are concerned. Provisions of this circular will apply to all combined or integrated British and American records.

(3) Copies of all directives issued by records officers, which affect the Allied Force Records Administration Program, will be furnished to the Allied Force Records Administrator. No instructions in conflict with this directive or with Appendix A will be issued.

(4) Direct correspondence between records officers and the Allied Force Records Administrator is authorized.

6. Procedures to Conform with Requirements of the Combined Chiefs of Staff

a. The records maintained in any instrumentality of this headquarters, or in any subordinate establishment of this headquarters, normally fall into one, two, or all of the following categories:

~~RESTRICTED~~

AFHQ Circular #8 (cont)

(1) Records of exclusively British concern.

(2) Records of exclusively American concern.

(3) Records of a combined British and American character.

b. One of the most important functions of each records officer is to identify the records of his agency that reflect a combined British-American function, operation, or transaction. Except in the most extraordinary circumstances, this process will not involve the rearrangement of files or the disruption of existing file systems. The integrity of all files must be preserved.

c. Upon completion of the identification of the categories defined by subparagraph a, above, the records officer will proceed by:

(1) The organization of the files to facilitate their disposal (destruction), retirement (storage), or microfilming.

(2) The destruction of valueless records (nonrecord material) in accordance with War Department and War Office directives.

(3) Shipment to Allied Force Microfilming and Records Depot, for microfilming, all noncurrent records reflecting a joint British-American function, operation, or transaction considered to be of permanent value.

(4) Shipment of all noncurrent records that are strictly American in character and of permanent value, to the AFUSA Records Depot.

(5) Shipment of records no longer required for current use that are strictly British in character, to GHQ 2nd Echelon, GMP.

d. The permanent records of an inactivated, disbanded, or transferred organization will be shipped to the appropriate temporary records repository in the same manner as indicated for noncurrent records in subparagraphs c(3), (4), and (5), above.

e. Requests for authority to dispose of (destroy) records, the destruction of which is not authorized by the War Office or the War Department, may be submitted by the appropriate records officer for review and recommendation of the ~~Allied~~ Force Records Administrator.

7. Precautionary Measures

a. The manner of dealing with the records of integrated organizations as prescribed by this circular offers a number of problems that must be recognized at the outset by personnel responsible for deciding upon the disposition of each category of records as defined in subparagraph 6a, above. When these records are divided into their various categories (exclusively British, exclusively American, those of a combined nature) and revert to the custody of the agencies described in paragraph 6c(3)(4) or (5) above, it may be presumed that the division will be permanent and that the records will never again be reassembled in their original state. All concerned must consider the factors involved and submit their alternative recommendations to the Allied Force Records Administrator whenever there is a strong argument against the categorical division.

P R E S T R I C T E D

AFHQ Circular #8 (cont'd)

b. In any case, a record will be maintained by each records officer affected by this program to account for the division, disposition and whereabouts of all records that compose the files of the organization. Upon inactivation or disbandment of any organization affected by the provisions of this circular, or upon its transfer from the control of this headquarters, a copy of this record will be filed with the permanent records and shipped to the agency described in paragraph 6c(3) above.

IV-- PREPARATION OF RECORDS FOR SHIPMENT

8. Shipment of exclusively British or Exclusively American Records - The records that are identified for shipment to either the American or British temporary records depot or repositories will be arranged, indexed, and boxed in accordance with the instructions contained in the appropriate reference directives (see MTOUSA Circular Number 64, 1945, and Appendix A hereto).

9. Shipment of Combined British-American Records to Allied Force Records Depot.

a. The records that are identified for shipment to the Allied Force Microfilming and Records Depot, APO 512, US Army, located at Santa Maria, Italy, for reproduction, will be carefully screened to eliminate valueless (nonrecord) materials and to insure a uniform arrangement of the folders or binders (see paragraphs 6c(1) and (2), below.) Wrinkled or torn documents will be smoothed or mended, and staples or paper clips will be removed in so far as possible. The titles or symbol designation of each file must appear on its cover or binder.

b. Records may be shipped to the Allied Force Microfilming and Records Depot in any suitable container. The files will be packed with folders upright and in the logical sequence of the file scheme employed. A list of the contents of each box will be placed in an envelope inside the box, and identical duplicate lists for all boxes in the shipment will be fastened together and forwarded immediately, by mail, to the Allied Force Records Administrator AFHQ in sufficient time to arrive prior to the shipment. Boxes will be serially numbered for each shipment, to show for each box, "Box No. _____ of _____ boxes; and the words "FOR MICROFILMING" will appear in a conspicuous place on each box.

c. (1) In order that the flow of records to the Allied Force Microfilming and Records Depot may begin at once, records of a "combined" nature maintained by large offices or establishments will be arranged in separate six-months blocks, if such arrangements does not disturb the normal file sequence. The earliest six-months block of noncurrent, permanent records will be packed and shipped to the depot forthwith, and the succeeding six-months blocks will be transmitted as soon thereafter as circumstances permit.

(2) The foregoing instructions do not prohibit the inclusion of records in one shipment, the date span of which is longer or less than six months. It is recognized that in some installations it may be impracticable to "break" files in this manner. Where small quantities of noncurrent records are involved, they may be packed and shipped to the depot without regard to the length of the period they cover.

~~RESTRICTED~~

AFHQ Circular #6 (cont'd)

d. Extreme caution will be exercised to insure that the noncurrent records shipped are, per se, noncurrent, i. e. that all transactions within the file or binder are completed. Once a file or binder has been microfilmed it is permanently closed and under no circumstances will additional papers ever be interfiled within it -- new folders will be opened in lieu thereof. To include new papers within a microfilmed folder would render the filmed duplicate impotent.

Routing of Long Distance Telephone Calls I
Instructions for Allocation and Assignment of Captured Enemy Materiel III -- ROUTING OF LONG DISTANCE TELEPHONE CALLS

The practice of telephone subscribers routing their own long distance calls through intermediate switchboards is resulting in unnecessary delay and confusion. To expedite the completion of long distance calls over the most direct route available, subscribers will ask the originating operator for the switchboard desired and refrain from attempting to route their own calls by requesting connection to intermediate switchboards. In cases where direct circuits to the desired switchboard do not exist, the originating operator will connect the subscriber to the next intermediate switchboard in accordance with prescribed practice. When the operator answers at the one or more intermediate switchboards involved, the subscriber will repeat the name of the switchboard desired in each instance, until the call is completed.

DAMAGE TO ELECTRIC POWER LINES

1. It has come to the attention of this headquarters that Allied troops have caused interruption of electric power supply to industrial installations by shooting at insulators on electrical transmission lines. Recently the salt mines at Tarquinia were without power, and therefore inoperative for four days, due to this cause.

2. The soldiers who indulge in this pastime would not wish to be considered as saboteurs, but the practical effect of their act is the same as though it were committed by an enemy agent. No facility in the theater is of more vital importance to the war effort than the supply of electric power to the various industries, the production of which is needed to sustain the armies as well as the civilian economy.

3. Commanders of all units will bring this matter to the attention of their commands, pointing out the seriousness of the offense, and taking such action as may be necessary to insure that the greatest attention will be given to safeguarding all electrical facilities in the theater.

OFFICIAL MAIL

AFF Circular Number 16; Circular Number 18; Section II, Circular Number 19; Section I, Circular Number 20; Section I, Circular Number 22; and Section II, Circular Number 23; are rescinded and the following substituted therefor:

1. Channels

a. Official mail may be transmitted from one headquarters to another by:

- (1) U.S. Army Courier Service
- (2) Air Dispatch Letter Service
- (3) U.S. Army Postal Service
- (4) British Army Postal Service
- (5) Specially Designated Couriers
- (6) Other methods enumerated in AR 380-5, dated 15 March 1944

b. Local deliveries, or those made within a headquarters, will be the responsibility of the headquarters or units concerned.

2. U.S. Army Courier Service

a. Definition - The Army Courier Service is operated throughout the world where United States Army Forces are located for the transmission of Confidential, Secret, and Top Secret mail. Both air and surface means are used. All urgent matter is transmitted by air courier while heavy shipments, requiring security handling but not requiring air transmission, are transmitted by surface, accompanied by an officer of the Army Courier Service. Courier transfer officers are located at or near principal A.T.C. airfields and ports wholly or partially operated by the U.S. Army. This service may not be used for restricted and unclassified matter.

b. Theater Locations - Courier transfer officers in this theater are presently located at Casablanca, Oran, Algiers, Tunis, Naples and Florence. Stations are opened or closed as needs of the theater change.

c. Receipt and Dispatch

2330

- (1) Material may be received and dispatched direct through courier transfer officers or forwarded to and received from them through existing message channels.
- (2) If the articles are to be delivered direct to a courier transfer office, they will be listed on Form MAP 26 (Revised) in duplicate and certification at bottom of form completed. (See Annex "A") Forms may be secured from any courier transfer office or they may be reproduced.

~~RESTRIC TED~~

AFHQ Circular # 2 (cont'd)

- (3) If the articles are to be forwarded through other message channels before reaching a courier transfer office, each accompanying invoice must bear the notation: "The articles listed herein are classified confidential or higher, and it is requested they be dispatched to destination by Army Courier Service", followed by the signature of an officer giving name, rank, and unit. All such items received at any message center will be delivered or forwarded to the nearest courier transfer office for onward dispatch.

d. Preparation for Dispatch

- (1) Articles will be enveloped, wrapped, or bagged in accordance with paragraphs 25, 26, and 27 of United States AR 380-5, dated 15 March 1944, or War Office pamphlet "Classification and Handling of Protected Documents", dated 1 April 1944.
- (2) Articles will show both a complete address and return address. In exceptional cases, where no APO serves the unit and the only way matter can reach the unit is to include a geographical location, then unit and geographical location may be used. However, the use of addresses of this type will be held to the absolute minimum and confined to matter transmitted by ACS. Proper measures will be taken to safeguard against unauthorized persons obtaining such addresses. Unauthorized abbreviations will not be used nor will a geographical location and its corresponding APO number be shown in the same address. Articles will not be addressed to an individual. If they require the special attention of a particular officer at a headquarters or unit, the notation "Attn: _____" may appear in the address.
- (3) A reference or file number will be placed on the outside cover, preferably directly under the return address, for recording purposes.
- (4) If the article is addressed to any point outside this theater and requires Air Transmission from origin to destination the notation "Air Service Required" will be stamped or typewritten near the address and followed by the signature of an officer, giving name, rank, and unit. Such notation or signature is not required for intra-theater mail.
- (5) If the contents are so highly classified that the article should be in the personal custody of an officer from origin until final delivery to addressee, the notation "Via Officer Courier" will be placed on the outside cover followed by the signature of an officer, giving name, rank, and unit. This certification may be incorporated with the certificate required in subparagraph (4), above. The certification "Via Officer Courier" will be held to the absolute minimum. Notations such as "Via Courier", "Air Courier", "Courier", "Safe Hand", etc will not be placed on any article to be dispatched by Army Courier Service.

R E S T R I C T E D

AFHQ Circular #2 (cont'd)

c. Unauthorized Use

- (1) Personal mail or personal packages will not be transmitted by the Army Courier Service.
- (2) Officers in charge of ACS offices and other officers engaged in the handling of Army Courier Service or Air Dispatch Letter Service articles are authorized to open packages or letters suspected to be of an unofficial nature, special care being taken that no material of an operational nature is opened. Any unauthorized material found will be held and a report will be made to the Adjutant General of the headquarters concerned showing description of article, addressee, and addressee, and name of officer who certified the article to be official.

3. Air Dispatch Letter Service

a. Definition - The AFHQ-ADLS is a service established by this headquarters to provide fast safe delivery of all official dispatches warranting a No. One Air Priority to major headquarters within this theater. OFFICIAL DISPATCHES for ADLS transmission are defined as those instructions, reports, orders, documents, including their inclosures such as photographs, marked or special maps or other intelligence, submitted for transmission by Signal Means. They do not include printed matter such as blank forms, texts, regulations, circulars, or maps in bulk, captured material or documents, or supplies of any kind. AIR FREIGHT, U.S. ARMY POSTAL SERVICE and BRITISH POSTAL SERVICE are provided and designated for such items. Requests for air shipment of Classified and Unclassified items contested by A.D.L.S. receiving office and unsuited for transmission by postal services will be submitted to the appropriate Screening Agency (G-4 Mov & Tr for this Headquarters) for obtaining Priority for air shipment. Classified or Unclassified items suited for postal transmission and contested by A.D.L.S. will be directed to postal channels.

b. ADLS operates in close conjunction with the AIR FORCES and with Motor Dispatch Letter Services of subordinate units. ADLS FIELD OFFICES functioning directly under this headquarters will be established on main route air-fields to receive and deliver dispatches to Air Couriers. Delivery or collection of dispatches to units in the vicinity is not the responsibility of FIELD OFFICES, which act only as segregation and collecting points. They rely on unit ADLS to contact them for forward transmission of outgoing dispatches and collection of incoming dispatches. The AFHQ-ADLS must not be confused with Army Courier Service (ACS) which is operated by the War Department or with regular air mail service operated by the Army Postal Service (APO). AFHQ-ADLS emphasizes tactical messenger service to forward elements.

c. Locations - AFHQ-ADLS Field Offices are located throughout the Mediterranean Theater. Stations are opened or closed as needs of the theater change.

d. Preparation for Dispatch

R E S T R I C T E D

AFHQ Circular #2 (cont'd)

(1) Registered ADLS

- (a) Only articles classified as confidential or higher will be registered.
- (b) Articles will be enveloped, wrapped or bagged in accordance with their classification, as prescribed in U.S. and/or British regulations.
- (c) Articles will show both a complete address and return address. Unauthorized abbreviations will not be used nor must a geographical location and corresponding APO number be shown in the same address.
- (d) The article will not be indorsed "REGISTERED", but will have a reference of file number on the outside cover. It will then automatically be treated as registered.
- (e) If the article is addressed to any point outside the area served by the AFHQ-ADLS (i.e., United States, United Kingdom, Middle East, Casablanca, Oran, etc.) and requires Air Transmission from origin to destination, the notation "Air Service Required" will be stamped or typewritten near the address and followed by the legible signature of an officer, warrant officer, or chief clerk (Br), giving his rank. Such correspondence addressed to points not served by the AFHQ-ADLS must be transferred by the AFHQ-ADLS to the Army Courier Service (ACS) which will accept no item classified less than confidential. Consequently, these articles, if not classified as confidential or higher, will not be accepted by the AFHQ-ADLS. If the classification of an article is less than confidential, then the article will be placed in the local postal channels.
- (f) The blue cross will no longer be used. The word "Registered" will not appear on dispatches.

(2) Unregistered ADLS

- (a) Restricted articles or unclassified articles will not be registered.
- (b) Articles will be enveloped, wrapped or bagged as explained in paragraph 3d(1)(b), above.
- (c) No reference or file number will be placed on the outside cover.
- (d) Articles addressed to points not served by AFHQ-ADLS will be submitted to the U.S. or British Postal agencies.

e. Unauthorized Use

- (1) Personal mail or personal packages of description will not

be transmitted by the AFHQ Air Dispatch Letter Service. Officers in charge of AFHQ-ADLS Field Offices engaged in the handling or transmission of official documents are authorized to open packages or letters suspected to be of an unofficial nature, special care being taken that no material of an operational nature is opened. Any unauthorized material found will be held and a report made to the Adjutant General (US), or the Chief Administrative Officer (PA), this headquarters, showing: Description of Article, addressee, and addresser.

f. Money - The transmission of money, of an operational and highly classified nature, may be made through the ADLS. Money dispatched through the ADLS will be properly classified and wrapped, and will be treated as any other document. This will not be construed to mean the transmission of personal money or money for the routine payment of troops. In the event of a loss, no financial liability will fall upon personnel of the ADLS.

4. U.S. Army Postal Service

a. Definition of Service - A service for the delivery of official mail by air or surface means wherever U.S. Army Forces are located. It offers a safe and expeditious means for the transmission of all types of official mail, other than Top Secret. It is recommended that the ACS or ADLS be utilized for the transmission of all matter classified Confidential or higher, by all units having ready access to such services. All official mail for air dispatch travels on a No. 1 priority and each APO within this theater makes at least one dispatch daily, weather permitting.

b. Definition of Official Mail - Official mail is defined as matter which is mailed by officers of the U.S. Army or other government officers and agencies in penalty envelopes or under penalty labels, and matter in penalty return envelopes furnished by such officers or agencies for replies. Mail which is not in penalty envelopes or under penalty labels will not be accepted at U.S. APO's as official mail.

c. Locations - U.S. Army Post Offices serve every U.S. Headquarters and unit in this theater.

d. Preparation and Dispatch

- 2318
- (1) Top Secret matter may not be sent through the U.S. Army Postal Service.

Under no circumstances will such mail be sent without registration. There is no charge for registration of such classified mail when addressed to points within this theater. A minimum registration fee of twenty (20) cents plus surcharges, if applicable, must be paid for all official registered mail addressed outside this theater.

~~RE~~ S T R I C T E D

AFMC Circular #2 (cont'd)

- (3) Restricted and unclassified matter need not be registered, but may be registered if the sender desires. The registration fee and applicable surcharges must be paid in such cases, even though the articles are addressed for delivery in the theater.
- (4) The use of the word "Registered" on outer covers is reserved for the exclusive use of the Army Postal Service and will not be used on the outer cover of mail matter by any other service in this theater.
- (5) Each article must bear a complete address and return address.
- (6) No article will exceed seventy (70) pounds in weight or one hundred (100) inches in length and girth combined.
- (7) Postage is not required on official mail addressed for delivery by the U.S. Army, Navy or domestic postal service except as indicated in subparagraph (9) following. Official letter mail (not including parcel post) that is mailable in penalty envelopes in the domestic mails of the United States may be mailed in penalty envelopes to the following foreign countries:

grade and arm or service of a commissioned officer under the identifying indorsement specified. Air mail will be used only when transmission is urgent. Long Distance Telephone Facilities III -- WOUNDED PROGRESS REPORTS OF U.S. ARMY BATTLE CASUALTIES

1. AFHQ Circular Number 80, 1943, is rescinded effective 1 January 1945.
2. Due to recent War Department directives concerning Wounded Progress reporting, the provisions of Circular Number 80, will not be applicable in this theater after the above date.

II - LONG DISTANCE TELEPHONE FACILITIES

1. In view of the limited telephone facilities available within the Theater it is necessary that the most efficient use possible be made of all circuits in the long distance network. Considerable circuit time is currently being lost while the information operator at the distant switchboard looks up the number of the called party. In order to limit this lost circuit time to the minimum practicable, the following procedure will be followed:

- a. All long distance calls will be placed by number when the number is known by or listed in directories available to the calling party.
- b. If the number is not known by, or listed in any directory available to the calling party, the number will be requested from the information operator associated with the calling party's switchboard.
- c. If the number cannot be made available by the local information operator as outlined in 1 b above, the calling party will then obtain the number from the information operator associated with the distant switchboard.
- d. Wherever a definite community of interest exists between officers assigned to separate headquarters, telephone number lists of those officers frequently called at distant headquarters will be maintained by all concerned.

Payment of British Military Patients in British Hospitals	III
Payment of British Military Patients in United States Hospitals	IV
Designation of United States Army Finance Officers and British Paymasters	V

AFHQ Circular Number 7, 1944, is rescinded, and the following substituted therefor, effective 1 September 1944:

I --- PAYMENT OF UNITED STATES ARMY PATIENTS IN UNITED STATES HOSPITALS.

1. United States Army patients in United States hospitals will be paid in the normal manner. The Commanding Officer, Letachment of Patients, will have the payrolls prepared and present them for payment to the Finance Officer serving his hospital.

II -- PAYMENT OF UNITED STATES ARMY PATIENTS IN BRITISH HOSPITALS.

1. The responsibility for payment of United States Army personnel in British hospitals rests with the nearest Army Finance Officer, and Finance Officers will make periodic checks of British hospitals to see that such personnel are paid. However, partial payments for these patients under a procedure similar to that providing British patients with necessary payments has been arranged, as follows:

a. The O. C. Hospital will pay each enlisted patient the sum of one hundred fifty francs or 300 lire weekly from his imprest account, and will use the normal British Acquittance Roll (AFN 1513), which will be boldly endorsed at the top "U. S. Forces". The Acquittance Roll will be prepared in triplicate, and will contain the patient's serial number, rank, name in block letters, and unit. Soldier's receipt for the payment made should be shown with full Christian name, middle initial and surname (the same as shown in block letters). If soldier has no Christian name, the notation, in parenthesis, (initials only), should be shown opposite name in block letters. All entries must be typewritten or made in ink or indelible pencil.

b. Each United States enlisted man should have a Soldier's Individual Pay Record (FD Form Number 28) in his possession. If the enlisted man does not have a pay book, one should be obtained from the nearest United States Army Finance Officer. At the time payment is made, the O. C. Hospital will cause to be entered in each United States Army enlisted man's pay book the date of payment

(first column), and net amount paid in dollars (sixth column). Signature of the officer making payment and the name or number of the hospital will not be entered in the pay book.

c. Upon preparation of the acquittance roll, the O. C. Hospital will prepare a certificate of payments to United States enlisted personnel in the form attached as Appendix 'A'. This certificate will immediately be forwarded direct to the United States Army Finance Officer who will settle the acquittance roll, as designated in Section V, below. The United States Army Finance Officer receiving this certificate will promptly notify the commanding officer of each enlisted man named thereon of the partial payment or payments received by such enlisted man, and request that same be entered on soldier's service record (See Appendix 'B').

d. Original and duplicate copies of the Acquittance Roll will be forwarded to the local British Command Paymaster, (See Section V), immediately after payment has been made. Triplicate copy to be retained two months, then forwarded to local British Command Paymaster. The local British Command Paymaster will turn those rolls over to the designated Army Disbursing Officer, (See Section V), securing reimbursement therefor.

e. In the event that the partial payment outlined does not meet the emergency needs of the enlisted man serviced, the nearest Army Finance Officer will make the proper adjustment.

f. United States Army Officer patients desiring partial payments will be paid on United States WD Form Number 336, one white (original) and two yellow (duplicate and triplicate). Necessary forms may be secured by hospital authorities from the nearest Army Finance Officer. The date to be typed on officer's pay voucher should be secured from pay data card in possession of officer. The O. C. Hospital will fill out the following lines on form:

- (1) Line (1), name of payee, rank and organization, and serial number. (Also type the component, such as RA, AUS or NG).
- (2) Line (6), CREDITS: Write in "partial payment lump sum only, for the month of _____," and the amount in even numbers of dollars in proper column.
- (3) Item (16). Type in name, rank and organization, having officer sign full first name, middle initial and last name on proper line.
- (4) Item (18). Have officer sign on the line marked "Payee", the same as appears in Item (16).

g. O. C. Hospitals may pay United States officer patients up to \$25.00 on one voucher, and not to exceed \$50.00 in any calendar month. Amount paid and date of payment will be entered on reverse of officer's pay data card (WD AGO Form 77).

h. These officer pay vouchers (two copies) will be forwarded by O. C. Hospital in the same manner as Acquittance Rolls, and will be disposed of

as outlined in 1d, above.

i. The O. C. Hospital will prepare and forward a certificate of payments to United States Army officers in the same manner as outlined in subparagraph g above for United States Army enlisted men.

2. Each United States Army Unit Commander is responsible that the following action is taken:

a. That upon receipt of advice from a United States Army Finance Officer of partial payment or payments, required entry is made in enlisted man's service record, and immediate acknowledgment made to the United States Army Finance Officer concerned.

b. That such partial payment or payments are entered and deducted on the next payroll.

c. That if enlisted man has been dropped from the rolls of his organization or transferred to another organization, advice is forwarded to enlisted man's new organization in order that the required entry may be made in his service record.

3. United States Army officers are responsible that any partial payments received by them are entered and deducted on their next regular pay vouchers.

4. Whenever possible, Commanding Officers will have their Personnel Officers prepare regular payrolls and pay vouchers for members of their units who are patients in hospitals, and present them to the nearest United States Army Finance Officer for payment.

III - PAYMENT OF BRITISH MILITARY PATIENTS IN BRITISH HOSPITALS.

- (3) It is important that the full postal address of the officer's private bank and his personal number be recorded on AFW 3241.

b. Royal Air Force Officers.

RAF officers should be in personal possession of an "Officer's Pay and Allowances Book" which contains a section showing a guide to cash issues. Payment can only be made on production of this. Cash issues within entitlement may be made, the payment being recorded in the payments section of the book, and the officer patient's receipt obtained on RAF Form 83, specially obtained for this purpose. The RAF Form 83 must be endorsed by the paying officer with a certificate to the effect that the payment has been entered in the Pay and Allowance book of the individual concerned. Under no circumstances should advances of PAY on AFW 3241 be made.

c. Royal Navy and Royal Marine Officers.

- (1) In the case of all personnel of the Royal Navy or Royal Marines, applications for advances of pay should be made by the Surgeon of the hospital to the nearest British Naval Base Accountant Officer, at Algiers, Bone, Manfredonia, Ancona, Maddalena, Augusta, Messina, Naples, Taranto, Bari, Leghorn or Brindisi.
- (2) An approximate statement of pay due per month is given in S43A (Pay and Identity Book) which should be in possession of all Naval personnel. This book, if available, should accompany a request for an advance of pay.
- (3) Should it be difficult, through the location of the hospital, to obtain an advance of pay direct from a Naval Base Accountant Officer, an advance within the amount due (as shown in S43A) may be paid, a signed entry of the amount advanced being entered on the appropriate page of S43A.
- (4) The United States Army Disbursing Officer will also complete and obtain the officer patient's receipt on AFN 1513, the name of the patient's ship being inserted in the column headed "Unit". If the officer belongs to "Command Operations"

organization, the fact should be so noted by adding the initials "C.O.".

d. Dominion Officers.

- (1) Dominion officers should be paid in accordance with their own pay procedure; that is, either on an advance of pay form as at a above, or on a pay and allowances book as at b above, whichever is applicable. Whatever form of receipt is obtained should be clearly endorsed with the title of the Dominion etc, eg, forms in respect of advances to Canadians to be clearly endorsed "Canadian Forces".

e. General.

- (1) The Advance of Pay Form should be completed and signed by the officer. The "Received from Cashier" line should show the description or number of the United States hospital. The Advance of Pay Form should be removed from the book by the Paying Officer and not by the payee. If not in possession of a book, the hospital authorities should supply a form from a book held for this purpose - (this will always apply to receipts obtained from RAF officers for advances made to them (see paragraph b, above).) Books will be supplied by the local British Command Paymaster.
- (2) The term "unit" on the Advance of Pay Form (AFW 3241) means Regiment or Corps. If the officer describes his unit as "101st Infantry Brigade", for example, this is not correct, he must enter his parent Regiment or Corps.
- (3) Officers requiring payment must prepare their own forms.

f. Disposal of Forms, etc.

- (1) Immediately after payments, the Finance Officer concerned will forward to the Finance Officer as designated in Section V below, all Advance of Pay Forms paid. The paid forms will be accompanied by a schedule in duplicate (See Appendix 'D'), giving the following information:
- (a) Hospital
 - (b) Week of payments (inclusive dates)
 - (c) Rank, name and initials, unit of officer paid, plus amount paid.
- (2) The designated United States Army Finance Officer will transmit to the local British Command Paymaster (See Section V, below), the Advance of Pay Forms, together with one copy of the schedule. The local British Command Paymaster will remit to the designated United States Army Finance Officer cash to the value of the total amount of advances to British officers.

c. General.

- (1) Every British other rank should have in his possession, and in which are recorded all cash payments made to him, a Pay Book as follows:

- (5) To simplify matters for the United States hospital authorities, all payments to men of whatever British unit or branch of the service they belong can be made on the same Acquittance or Partial Payroll. Separate Acquittance Rolls must, however, be prepared for personnel of the Army, Royal Navy and Royal Air Force. The unit, etc, to which an individual belongs must be specified in detail. (See paragraph 3b (1) (c)). In case of a naval rating, the name of his ship must always be inserted, and if the rating belongs to the "Combined Operations" organization, the initials "C.O." must be noted in the Unit column in addition. Ratings serving in Defensively Equipped Merchant Ships should be shown in the Unit column as "D.E.M.S."
- (6) Payments to Dominion Forces should be similarly recorded and the title of the Dominion, eg, "Canadian Forces", clearly marked against the names of the men concerned on Acquittance Rolls or Partial Payrolls.
- (7) The Royal Army Pay Corps cannot make reimbursement for members of the British Merchant Marine. The British Consul should be contacted regarding cash requirements of British Merchant Seamen.

d. Disposal of Forms, etc.

- (1) After payment two copies of the British Overseas Acquittance Roll will be forwarded to the Finance Officer as designated in Section V, below. Said Finance Officer will, upon receipt of the rolls demand the total payment from the local British Command Paymaster, enclosing the original roll, and if possible, a summary in schedule form.
- (2) Where payments are made on Partial Payrolls, the original and duplicate will be forwarded to the designated Finance Officer, and dealt with in a similar manner to the British Overseas Acquittance Rolls. Paragraph 3, AFHQ Circular Number 16, 1944, is rescinded and the following substituted therefor:

"3. Air Dispatch Letter Service"

a. Definition: The AFHQ-ADLS is a service established by this headquarters to provide fast and safe delivery of all official dispatches warranting a number one air priority to major tactical, SOS, and L of C Headquarters within this theater. The ADLS operates in close conjunction with the Motor Dispatch Letter Service (MDLS) provided by the various headquarters throughout the theater, and with the Air Forces. On certain main routes, ADLS Couriers will deliver material to "Field Offices" established on airfields near armies or separate unit headquarters functioning directly under this headquarters. Delivery and collection of dispatches to units in the vicinity is not the responsibility of Field Offices. The Field Offices act only as a segregation and collection point relying on unit MDLS to contact them for forward transmission of outgoing dispatches and collection of incoming dispatches. The AFHQ-ADLS must not be confused with the Army Courier Service (ACS) which is operated by the War Department, or with the regular airmail services operated by the Army Postal Service (APS). AFHQ-ADLS emphasizes tactical messenger service to forward elements.

b. Locations: AFHQ-ADLS Field Offices are located throughout the Mediterranean Theater. Stations are opened or closed as needs of the theater change.

c. Preparation for Dispatch

(1) Registered ADLS

(a) Only articles classified as confidential or higher will be registered.

(b) Articles will be enveloped, wrapped or bagged in accordance with their classification, as prescribed in U.S. and/or British regulations.

(c) Articles will show both a complete address and return address. Unauthorized abbreviations will not be used nor must a geographical location and corresponding AFO number be shown in the same address.

(d) The article will not be indorsed "REGISTERED", but will have a reference or file number on the outside cover. It will then automatically be treated as registered.

(e) If the article is addressed to any point outside the area served by the AFHQ-ADLS (i.e., United States, United Kingdom, Middle East, Casablanca, Oran, etc.) and requires Air Transmission from origin to destination, the notation "Air Service Required" will be stamped or typewritten near the address and followed by the legible signature of an officer, warrant officer, or chief clerk (Br), giving his rank. Such correspondence addressed to points not served by the AFHQ-ADLS must be transferred by the AFHQ-ADLS to the Army Courier Service (ACS) who will accept no item classified less than confidential. Consequently, these articles, if not classified as confidential or higher, will not be accepted by the

AFHQ-ADLS. If the classification of an article is less than confidential, then the article, if given to AFHQ-ADLS, should not be registered and should have no markings other than those described in paragraph 3c(1) (c), above. These articles will be transmitted as far as possible by the AFHQ-ADLS and then turned over to the proper Post Office service for completion of transmission.

(f) The blue cross will no longer be used. The word "Registered" will not appear on dispatches.

(2) Unregistered ADLS.

(a) Restricted articles or unclassified articles will not be registered.

(b) Articles will be enveloped, wrapped or bagged as explained in paragraph 3c (1) (b), above.

(c) No reference or file number will be placed on the outside cover.

(d) Articles addressed to points not served by AFHQ-ADLS will be handled by ADLS as far as the service extends. At that point they will be turned over to the U.S. or British Postal agencies.

d. Unauthorized Use:

(1) Personal mail or personal packages of any description will not be transmitted by the AFHQ Air Dispatch Letter Service. Officers in charge of AFHQ-ADLS Field Offices engaged in the handling or transmission of official documents are authorized to open packages or letters suspected to be of an unofficial nature, special care being taken that no material of an operational nature is opened. Any unauthorized material found will be held and a report made to the Adjutant General (U.S.), or the Chief Administrative Officer (Ex), this headquarters, showing: Description of Article, addressee, and addressor.

e. Money:

The transmission of money, of an operational and highly classified nature, may be made through the ADLS. Money dispatched through the ADLS will be properly classified and wrapped, and will be treated as any other document. This will not be construed to mean the transmission of personal money or money for the routine payment of troops. In the event of a loss, no financial liability will fall upon personnel of the ADLS. REGULATIONS FOR WAR CORRESPONDENTS

Section II, AFHQ Circular Number 53, 1943 series, and Section I, AFHQ Circular Number 2, 1944 series, are rescinded and the following substituted therefore:

i. General. These regulations are published under the authority granted the Supreme Allied Commander, Mediterranean Theater, and apply only to accredited and recognized correspondents attached to AFHQ or units under its control. The regulations complement those published by the various allied nations and in no way should be construed as superseding said regulations.

2. Policy of Control and Administration. As a matter of policy, representatives of all information media accredited to AFHQ will be shown every courtesy and given the fullest cooperation. Within the limits of security, and military necessity, no arbitrary restrictions shall be placed on the movements of any accredited or recognized war correspondents attached to AFHQ. The activities of correspondents will be controlled by the military commanders of the areas in which the correspondents operate. The Public Relations officer is available to assist military commanders in control of correspondents. Correspondents will be subject to the normal regulations and discipline of the force to which they are attached. They will wear the uniform and insignia prescribed by their respective governments. They will at all times maintain the same high standards of cleanliness and neatness of appearance required for officers and will comply with the uniform regulations of the area where they operate. When there is any doubt about a correspondent's physical condition he will be given a thorough physical examination before being permitted to

Visits Approved.

3. Acceptance by the Supreme Allied Commander, Mediterranean Theater. Correspondents will continue to receive basic accreditation from the appropriate authorities of their own governments. However, no correspondent will be accepted at AFHQ or subordinate units without the specific authority of the Supreme Allied Commander, Mediterranean Theater, who reserves the right to reject an applicant ~~without explanation~~. Correspondents who arrive at AFHQ or any of its subordinate units without prior acceptance by the Supreme Allied Commander, Mediterranean Theater will not be permitted to remain in this theater of operations. Accepted correspondents will be accredited to AFHQ. Under special circumstances, individual correspondents accredited to other theaters of operations may be allowed to visit areas controlled by AFHQ. Their status will be similar to that of recognized correspondents, as described in Paragraph 1a, FM 30-20, U.D. "Regulations for Correspondents Accompanying United States Army Forces in the Field", and in Paragraph 7,

R E S T R I C T E D

R E S T R I C T E D

AFFQ Cir No 15 (cont'd)

War Office "Regulations for Press Representatives Accompanying a Force in the Field". Employees of government agencies who have been given correspondents' cards for purposes of identification are not entitled to the facilities supplied press and radio correspondents.

4. Message Priority. Because operational messages have priority over press copy, it will be necessary to restrict the number of words transmitted by government radio or wire in areas of limited communications facilities. Because of the communications problem, it is also necessary to limit the number of correspondents accredited to AFHQ.

5. Censorship. From time to time Censorship Branch will issue specific regulations on copy. Correspondents will keep themselves aware of these regulations and changes. Correspondents will refrain at all times from disclosing information which, though true, might be damaging to the interests of the Allies, might embarrass the Allies or neutral nations, or prove detrimental to the war effort.

6. Pooling. When AFHQ finds it necessary to prescribe that stories or pictures be pooled, correspondents will carry out pool agreements and process copy as indicated by the Public Relations Officer.

7. Transportation, Accommodations and Equipment. Under normal circumstances, when military operations permit, air, rail, motor, and water transportation will be made available to U.S. correspondents without charge. They will apply to the Public Relations Officer for travel orders. For British correspondents, unless otherwise stipulated, the ordinary fares will be payable for accommodations in transports, aircraft, and troop trains. Billets will be furnished without charge when such billets are available without extra cost to the government concerned or when emergency conditions make collection impracticable. Under other conditions, the cost of the billets will be paid to the billeting officer. The regularly indicated tariffs for messes will be paid in all cases. They are accountable for all military equipment of any character issued to them and they will be required to return this equipment to the proper authorities before leaving this theater of operations. Private transportation will not be used in the forward areas.

8. Women Correspondents. The presence of women correspondents in combat zones beyond forward limits in which women personnel are on duty will be subject to specific approval of the command concerned. (AG 050.74-1 A-0)

1. The observance of a complete "blackout" in French North Africa has been discontinued, except in areas and at such times as the air raid "alert" is sounded, or if, although no alert has been sounded, an air raid is observed to be in progress by antiaircraft fire or the dropping of bombs or firing from aircraft.
2. The modified blackout conditions will be known as "dim-out", and are defined as follows:

- a. Buildings, tents, trains and vehicles used for accommodation.
 - (1) No source of light shall be directly visible from outside any building, tent, train or vehicle used for accommodation, subject to the following conditions.
 - (2) It is permissible for indirect or reflected light from within to be visible externally, provided that any light which would otherwise be visible from the sea is screened at door or window by shutters or other means so as to be deflected downward at least 30 degrees from the horizontal.
 - (3) Whether screened or not, all reasonable precautions will be taken to prevent light being reflected seaward or skyward.
 - (4) Skylights must be covered, as for the blackout, so that no light whatsoever, direct or indirect, shall be visible from above.

b. Vehicle lights During "Dimouts" and Alerts.

- (1) During "Dimout".
 - (a) All motor vehicle headlights may be fully operative (unmasked) - if fitted with a dimmer or cut-off switch.
 - (b) All headlights will be properly adjusted as laid down in existing regulations for military vehicles.

(d) All sidelights may be fully operative.

(e) Vehicles will be parked on the right hand side of the road only and facing normal direction. Headlights will be extinguished and tail lights will be left on unless a red light is placed in the road behind and slightly under the vehicle.

(f) Animals drawing vehicles will be tethered when stopped.

(2) During an Alert.

(a) Headlights will be extinguished and a speed limit of 15 km per hour (10 miles per hour) will be observed in towns and cities within strategic points (strategic points include (1) All areas within ten miles of the coast; (2) All towns, military establishments and airfields).

(b) Military and Civil defense vehicles are authorized to use headlights if necessary in the discharge of an urgent operational duty. In such circumstances, they are not bound by the speed limit imposed for other traffic.

4. Other External Lighting.

a. Area or Sub-Area (Base Section) Commanders may authorize external lighting for installations of military importance in French North Africa and elsewhere in this theater, providing that the Naval Commander, Air Defense Commander, and Antiaircraft Defense Commander of the area concerned are in agreement.

b. Provision must be made for extinguishing such external lighting in the event of an air raid or alert. Notification of such local arrangements is not desired at this headquarters.

b. Tests will normally last for ten minutes only, being ended by the all-clear sounded by siren. The time may be extended if deemed necessary by the military and civil authorities concerned, to a maximum of thirty minutes.

c. Tests will be held once per month or more frequently if the standard of blackout achieved is not satisfactory.

d. During tests, patrols will note any lights not blacked out and take any appropriate action authorized, reporting particulars without delay to the authorities concerned.

e. Should an air-raid warning be received during a test, the alert will be sounded a second time.

7. Infractions.

a. Appropriate disciplinary action will be taken against Allied personnel by the service concerned.

b. The French authorities have been requested to impose authorized penalties on French civil or military offenders, the maximum penalty to be inflicted for neglect of sky-lights.

Payment of United States Army Patients in United States Hospitals.....	I
Payment of United States Army Patients in British Hospitals.....	II
Payment of British Military Patients in British Hospitals.....	III
Payment of British Military Patients in United States Hospitals.....	IV

Circular No 8 and Section III, Circular No. 45, both this headquarters, 1943, are rescinded, and the following substituted therefor:

I -- PAYMENT OF UNITED STATES ARMY PATIENTS IN UNITED STATES HOSPITALS

1. United States Army patients in United States Hospitals will be paid in the normal manner. The Commanding Officer, Detachment of Patients, will have the pay rolls prepared and present them for payment to the Finance Officer serving his hospital.

II -- PAYMENT OF UNITED STATES ARMY PATIENTS IN BRITISH HOSPITALS

2. The responsibility for payment of United States Army personnel in British hospitals rests with the nearest United States Finance Officer, and Finance Officers will make periodic checks of British Hospitals to see that such personnel are paid. However, partial payments for these patients under a procedure similar to that providing British patients with necessary payments has been arranged, as follows:

a. The O. C. Hospital will pay each enlisted patient the sum of one hundred fifty francs weekly from his imprest account, and will use the normal British Acquittance Roll (A.F.D. 1513), which will be boldly endorsed at the top "U. S. Forces". The Acquittance Roll will be prepared in triplicate, and will contain the patient's serial number, rank, name in block letters, and unit. Soldier's receipt for the payment made should be shown with full Christian name, middle initial and surname (the same as shown in block letters). If soldier has no Christian name, the notation, in parenthesis, (initials only), should be shown opposite name in block letters. All entries must be typed in ink or indelible pencil.

b. Each United States Soldier should have a Soldier's Individual Pay Record (D Form No. 28) in his possession. If soldier does not have a pay book, one should be obtained from the nearest United States Finance Officer. At the time payment is made, the O. C. Hospital will cause to be entered in each United States Soldier's pay book, date of payment (first column), not amount paid in dollars (sixth column), and signature of officer making payment and hospital number (ninth and tenth columns). Print name of officer signing in block letters immediately below his signature. British officers are authorized to authenticate partial payments to United States enlisted men who are patients in hospitals. The following will be incorporated in the certificate of the Paying Officer on the Acquittance Roll: "The above payments have been entered on each Soldier's Individual Pay Record (D Form 28)".

c. Original and duplicate copies of the Acquittance Roll will be forwarded to the Command Paymaster, Number 2 Command Pay Office, Casino la Corniche, Pointe Pescade, Algiers, immediately after payment has been made. Triplicate copy to be retained two months, then forwarded to Command Paymaster, Number 2 Command Pay Office. The Command Paymaster will turn these rolls over to a United States Disbursing Officer designated by the Chief Finance Officer, Headquarters NATOUSA, securing reimbursement therefor.

d. In the event that the partial payment outlined does not meet the emergency needs of the enlisted man serviced, the nearest United States Finance Officer will make the proper adjustment.

e. United States Army officer patients desiring partial payments will be paid on United States WD Form No. 336, one white (original) and two yellow (duplicate and triplicate). Necessary forms may be secured by hospital authorities from the nearest United States Finance Officer. The data to be typed on officer's pay voucher should be secured from pay data card in possession of officer. The O. C. Hospital will fill out the following lines on form:

- (1) Line (1), name of payee, rank and organization, and serial number. (Also type the component, such as RA, AUS or NC.)
- (2) Line (6), CREDITS: Write in partial payment lump sum only, for the month of _____, and the amount in even numbers of dollars in proper column.
- (3) Item (16). Type in name, rank and organization, having officer sign full first name, middle initial and last name on proper line.
- (4) Item (19). Have officer sign on the line marked "Payee", the same as appears in Item (16).

f. O. C. Hospitals may pay U. S. officer patients up to \$25.00 on one voucher, and not to exceed \$50.00 in any calendar month. Amount paid and date of payment will be entered on reverse of officer's pay data card (I.D. A.P.O. Form 77).

g. These officers' pay vouchers (two copies) will be forwarded by O. C. Hospital in the same manner as acquittance rolls, and will be disposed of as outlined in 2c above.

3. Each U. S. Army Unit Commander is responsible that the following steps are taken upon the assignment to his unit or return to duty of any U. S. soldier who has been a patient in a British Hospital:

a. That Soldier's Individual Pay Record (I.D. Form 28) is examined and any partial payments made are entered in soldier's service record.

b. That such partial payments are entered and deducted on the next pay roll on which soldier is paid.

c. If soldier does not have his individual pay record in his possession upon his return from hospital, the C. C. of the hospital in which the soldier was a patient will be promptly contacted requesting specific information regarding any partial payments made.

d. U. S. Army officers are responsible that any partial payments received by them are entered and deducted on their next regular pay vouchers.

e. Whenever possible, Commanding Officers will have their Personnel Officers prepare regular pay rolls and pay vouchers for members of their units who are patients in hospitals, and present them to the nearest U. S. Army Finance Officer for payment.

III - PAYMENT OF BRITISH MILITARY PATIENTS IN BRITISH HOSPITALS

6. British patients in British hospitals will be paid in the normal manner.
