ROME.

25th May 1951.

To All Ranks of the Allied Commission:-

The Prime Minister has instructed me to return at once to England.

I cannot leave without sending a message of thanks and good wishes to all my friends in the Allied Commission and Allied Military Government.

Ever since the landings in Sicily, nearly two years ago, I have seen and admired your work. During recent months I have been more intimately associated with you. Many conflicting duties have hampered my capacity to do more than try to help my friends and your chief, Admiral Stone, to the best of my ability. But I shall always be proud of my association with your enterprise, and the high ideals which have inspired you all.

Good luck and God speed.

George E. C.

HEADQUARTERS ALLIED COMMISSION
APO 394

16 November 1944.

The following message is addressed to all members of the Allied Commission both at Headquarters and in the field:

In accordance with the announcement made by the President of the United States and the Prime Minister of Great Britain, General Wilson has delegated to me his functions as President of the Allied Commission. I am fully conscious of the great responsibility placed upon me. I can only hope to discharge it if I have, as I am sure will be the case, your full support. It is indeed fortunate for me that Commodore Stone is now definitely appointed Chief Commissioner. He will be a worthy successor to General Mason-MacFarlane who won the confidence and respect of us all.

It is now nearly two years since I have been associated first under the leadership of General Eisenhower and then under that of General Wilson with an integrated enterprise unique in the history of military alliances. The allied Commission in Italy, like the Allied armies, can only succeed if it is based upon mutual confidence and co-operation. Being by birth half American and half Scot I can at least claim an inherited instinct towards that end.

In accordance with my instructions, and as part of the task especially entrusted to me in connection with the new measures devised to meet the economic and other problems of Italy, I am leaving in a few days for London and Washington. I regret, therefore, that I shall have to delay the personal contact with the members of the Commission which I hope to be able to make at a later date.

Meanwhile I would like to send a message of greeting to all of the members of the Commission and to say how proud I am to be associated with a body whose splendid work both in the forward and in the rear areas will, I am sure, be recognized by history as a notable achievement of which our countrymen both in the United States and Great Britain have reason to be proud.
