SUBJECT : Weekly Maintenance.

TO : E.D.S. Sullivan
Maj. [redacted]. H.Q. 91.

1. All vehicles assigned to this Regiment must receive a weekly maintenance service. This weekly maintenance will be performed in the Regimental Motor Pool under the supervision of mechanics. A complete weekly check and servicing requires that each vehicle remain in the motor pool for a morning or afternoon each week. This period is not the drivers day off as the driver must perform the weekly service on his vehicle.

2. In addition to this morning or afternoon each driver is authorized one day a week liberty as the drivers are paid on a basis of an 8 hour day, 6 days per week. Any additional hours a driver is kept on duty must be counted as overtime. It therefore is the responsibility of the Officer to whom the driver is assigned to determine when it is necessary for the driver to work overtime.

3. During the morning or afternoon period explained in paragraph 1, and on the day off explained in paragraph 2, it is impossible to replace the vehicle as all vehicles in the Regiment are assigned and the only replacements available are the vehicles assigned to the motor pool for taxi service. These vehicles are available for use at all times but may only be kept for a period of half an hour. This limitation of time is necessary due to the large number of Officers using the taxi service and the limited number of taxi vehicles.

4. It is requested that the bottom of this form be filled out listing the day, and whether morning or afternoon, on which it is most convenient for the driver to perform the maintenance explained in paragraph 1. It is also requested that this original be returned to the driver with this information before 1700, 6 December 1946.

My dear Admiral,

I don't know whether you will agree with me, but don't you think that the Weekly Bulletin now that it has so increased its size, is by its volume defeating its own object.

I used to turn to it with interest and obtain a good bird's-eye view of the situation in a relatively small compass but now I find it somewhat burdensome; so much of it is merely a rehash of what I have previously read (also at great length) in the Daily Digest of the Home Press. It appears to me to contain too much about politics (which in not our dish) and too many trivialities. I suggest you reduce the size of the pamphlet and confine it to matters of more importance to its readers. I cannot subscribe to furnishing personnel for the publication of a document which borders on the function of the public press. See particularly its 5 Oct 46 issue

Dear Admiral Stone:

I have received the last six issues of the Allied Commission Weekly Bulletin, which you sent to me on 24 October.

It is true that I have not been receiving them, and since I have always enjoyed reading the Bulletins, I would appreciate it if I were placed on the weekly distribution list.

The persons responsible for their edition should be commended for the way in which the publication is prepared, and I look forward to receiving the Bulletin regularly in the future.

SUBJECT: Correspondence.

TO : Chief of Navy Sub-Commission.

Instances have come to light in which letters issued by your Sub-Commission are being wrongly addressed.

Letter No. NSC/5505 of 1st October 46 is addressed to AMG XIII Corps C-5 Trieste, and NSC/5506 of 1st October to AMG XIII Corps C-5 Pola. Both these letters should have been addressed at that time to AMG XIII Corps (now AMG Venezia Giulia).

Letters NSC/5519 of 4th October and NSC/5513 of 3rd October 46 are addressed to the Jugoslav Delegation, Allied Commission. There is NO Jugoslav Delegation with the A.C. These letters should have been addressed to the Jugoslav Delegation, Advisory Council for Italy.

Letter NSC/5517 of 5th October is addressed to the Jugoslav Representative to A.C. (which is the normal abbreviation for the Allied Commission). There is NO Jugoslav Representative with this Commission and this letter should have been addressed as in the proceeding sub-paragraph.

I should be very grateful if you would take action to prevent a repetition of these errors.

SUBJECT: Assignment of Chief Commissioner's Office Car No. 367

TO : Executive Officer (A)

1. It has been just brought to our attention that this car has worked an excess overtime of three hours during the past 15 days and accordingly the Super Garage has frozen the car until 3 March. The Chief Commissioner is fully cognizant of the use and purposes of the assignment of this car to this office and requires that it report regularly every day without interruption. Every effort will be made in the future to confine any overtime work, which car 367 and driver Amedeo Zambelli may be required to perform, to a maximum of 50 hours every 14 days.

2. It is further requested that appropriate instructions be issued to those concerned in the Super Garage that will permit the Chief Commissioner's Office car 367 to be parked at night either at, under the full carabinieri guard at the Admiral's villa, 56 Via Sallustiana, or at the Super Garage, as the situation may demand. The Admiral's flag lieutenant and staff in the regular performance of their duties for the Chief Commissioner require that this transport be available on a 24-hour basis. Full responsibility for the car's safety while held overnight at the villa will be assumed by this office.

3. The Chief Commissioner fully appreciates the efforts which are being made to confine overtime payments to a reasonable level and every effort will be made by this office to stay strictly within its limits.

4. May instructions please be issued to release this car as soon as possible?

SUBJECT: "Weekly Economic Notes"

TO : Chief Commissioner
(Thru: Executive Commissioner)

1. It is proposed to initiate in the Economic Section, and release through the Public Relations office, a weekly bulletin covering major facts about our supply program and other economic matters which it may be useful to have brought to the attention of the Italian people as a whole.

2. This proposal is made not because of its publicity angles, but because we have come to the conclusion that it is a necessity in the effective discharge of our economic functions, particularly on the supply side.

3. Such a regular publication would:

(a) Help to secure the maximum return from our imported supplies in confidence, dehoarding and lowered prices. It is clear that a great deal of the effect of the considerable volume of supplies which will be imported into Italy is being lost because so few people know about these imports.

(b) Aid in the process of planning for importation and allocation of imported supplies. The planning work in which we are engaged with the Italian Government, the North Italy Industrial Council, and the Northern Price Board involves detailed work by literally thousands of people; and in this work decisions are made affecting the lives of millions. We believe it to be important for the decisions on programs and priorities reached in the course of this planning work to be widely publicised. This will (i) give everybody a chance to be heard on their particular requirements, (ii) tend to cut down the influence of particular pressure groups, and (iii) reduce those forms of discrimination which cannot stand the light of general knowledge.

(c) Bring the influence of the non-producer groups to bear on the basic decisions about the import program and allocation and distribution of imported supplies. One of the main things which limits the effectiveness of the present North Italy Industrial Council is the fact that the Council, a group of producers, is placed in the difficult position of having to make decisions on behalf of consumers as well. One of the ways to bring consumers into the picture is to have the basic facts of this programming work widely known. In turn, wide-spread know-

169

2023

Declassified E.O. 12356 Section 3.3/NND No. 785015

ledge of the "open covenants openly arrived at" on allocation of basic materials will help to enforce, by public pressure, a strict adherence to the allocation schedules by the companies receiving the allocations.

(d) Help foster the beginnings of economic democracy, paralleling the rebirth of political democracy in Italy.

4. It may be useful to cite one example of the type of thing which should appear in these "Weekly Economic Notes". A great many small decisions on priorities have inevitably been made in the course of preparation of the 1946 program. We took great pains to justify the thinking between each figure, in sending such a program to Washington. We should similarly (in collaboration with the Government, of course) justify the figures which are adopted to the Italian people, on whose behalf, after all, the priority decisions are being made. Ideally, everybody in Italy who is interested should have the opportunity to inform himself as to the reasons why cotton and rubber are included in our basic program and steel and hides are not.

5. The release of these "Notes" to newspapers should be merely incidental to their wide circulation to the various regional and functional groups concerned with the various phases of Italian economic life. The circulation list should include all the groups which are part of the North Italy Industrial Council; the headquarters and subordinate offices of the Confederation of Industrialists, and the Confederation of Labor, the Chambers of Commerce, and all AC/AMG personnel concerned with economic problems. It should also be sent to key trade publications.

6. Your approval of this project is requested. If approved, we shall then work out the details of deadlines and production with the Public Relations office.

Major Quayle:

Sir, I found the following situation in Signal Message Center at 1315 hours today.

1. I requested the immediate dispatch of an operational priority signal. The clerk on duty informed me that it would have to wait till at least 1600 hours, as the "registry and routing clerk" was taking training with Hq Co, 2675 Regiment.

2. The responsible officer, Lt. W. B. Simmons, was out to lunch. Word was left for him to contact you upon his return. He phoned at 1403 hours and was requested to phone you at 478356.

3. Private Paul E. Helsrich, the clerk who was absent due to training, was ordered to return to duty. I passed this order to the 1st Sgt., Hq Co, at 1340 hours, and he said he would contact Pvt. Helsrich immediately.

1 Various AC/AMG organisations are employing as civilian assistants, teachers and professors whose services are at present not required by the Minister of Public Instruction but who are in receipt of pay from the Italian Government.

2 Questions have been raised as to the present status of such employees in relation to the preservation of their civil service and seniority rights within the Ministry of Public Instruction.

3 These employees are drawing pay from the Italian Government as well as from the Allies.

4 There are attached copies of Instructions issued by the Ministry of Public Instruction dated 15 Aug 1944, 25 Jan and 29 Jan 1945 which in brief sets out the present position of these employees with regard to pay and pension.

5 It is necessary, however, that details of individuals who are employed and paid by AC/AMG and at the same time drawing pay from the Italian Govt should be given to the Ministry of Public Instruction so that their status may be regularised. For this purpose two copies of the attached form will be completed and returned to Education Sub-Commission in respect of each such employee. It is requested that these forms be returned as soon as possible.

Subject. Increase of Civilian Wages.

To . All Sections, Sub-Commissions, and Branches.

1. In reply to your letter, reference RED/hd dated 5 Aug 44, I have taken this matter up and have issued the necessary instructions as per copies of letters attached hereto. It would appear, however, that 843177 is the correct telephone to call after office hours.

2. Duty N.C.Os., American and British, are on duty at the garage every night and I am satisfied that such N.C.Os. were on duty on Thursday last.

3. In addition there are always on duty every night at the garage six taxis for use in case of need, and the Duty Officer should have known this.

4. In regard to Para. 2, of your letter, I have found out that the Duty Officer has authorized one night staff duty car to carry out four assignments for the period 1930 hrs to 2200 hrs. According to the trip tickets for this car, it was at Headquarters from 2030 hrs till 2045 hrs. I have also found that the other night duty car returned from an assignment to this Headquarters at 2030 hrs, and left for the next assignment at 2040 hrs, all of these assignments having been duly authorized by the Duty Officer.

SUBJECT: Guards at entrance to Hq ACC Bldg. FILE No: 5 AUG 194-

TO: Hq Comdt, Hq ACC 5 August 1944

On Friday, August 4th, upon leaving this Hq for lunch at 1325, no guards were posted at the entrance. One Carabiniere was seated at the reception desk, smoking, with his hat removed. The American MP was similarly occupied at a reception desk near the bulletin board. No British guard was visible and there were no guards posted at the entrance of the building.

Immediate steps should be taken to correct this condition. It is suggested that frequent inspections be made to prevent a repetition of this shocking lack of discipline. If standing orders do not require guards to be posted during lunch hour, they are to be cancelled immediately.

LOCAL PURCHASES AND CONTRACTS

1. Establishment Memorandum No. 5 (originally published as Executive Memorandum No. 28, 20 February 1944) and Establishment Memorandum No. 5A of 31 March 1944, are hereby rescinded. These memoranda dealt with local purchases and contracts for supplies and labor, to repair, furnish and maintain messes, billets, offices and other buildings for the occupation and use of ACC/AMG. These instructions have not been complied with in many cases either through misunderstanding or for other reasons.

2. This memorandum restates the policies and regulations which must be followed in entering into contracts for the local purchases of:

a. Furniture and equipment for offices, messes, and billets.

b. Labor and materials for the reconditioning and repairing of offices, messes and billets.

3. The following policies will be observed in making all local purchases or contracts for items listed in 2 a and b above:

a. Normal military channels will be used to obtain available supplies or to make use of the military supply services for repairs and renovations.

b. Where possible, billets, offices and messes will be requisitioned with contents. (See para. 4b for regulations governing).

c. Purchases will only be made of such equipment as would normally be issued by the quartermaster departments of the American or British Armies but cannot be obtained owing to local conditions. This same policy applies to the rebuilding and remodeling of messes, offices and billets. Under no circumstances may purchases be made which would give grounds for criticism that officers or EM/ORs of ACC/AMG were getting benefits denied to personnel of army formations. Individual personal items are not be bought with public funds.

d. When application is made in accordance with para 3 a, military formation concerned will be asked, if supplies are not available, to give a certificate to that effect, and state whether supplies are a proper subject for local purchase. When in doubt as to the legitimacy of a particular purchase or in doubt as to the policy or regulations of the local purchase directive, the Executive Commissioner, ACC, will be consulted for clarification.

OFFICIAL MAIL SERVICES

1. Memorandum Adj 312. dated 2 May 1944, subject, "Correspondence Dispatch Procedure" is rescinded. The instructions below are substituted therefor and are supplemental to those contained in Office Memorandum No. 11, this Headquarters (formerly Administrative Instruction No. 4, Advance Headquarters, ACC), dated 8 July 1944, as amended by Amendments No. 1 thereto dated 11 July 1944.

2. BEFORE delivery to the Message Center, departments will envelope all correspondence for dispatch outside Headquarters ACC, with the exception of unclassified material to the following formations:

AFHQ (G-5)
Headquarters AAI
AMG/ACC Regional Hqs.
AMG Army Headquarters

Many departments correspond with the formations mentioned above, and all dispatches are transmitted from the Message Center in bulk under one cover. Enveloping of unclassified material is therefore not only uneconomical but unnecessary.

3. Classified material will be delivered to Message Center enclosed in one envelope only in accordance with the detailed instructions at paragraph 4 below.

4. a. Every package or envelope must be fully addressed with the reference number in the top left hand corner but not less than one inch and a half from the top edge. In the space above the number, Message Center will impress the return address. Departments are requested to co-operate by adopting a system whereby only one number appears on the envelope instead of the reference number of each enclosure. A suffix or prefix identifying the department of origin will always form part of the reference on the envelope. Failure to conform with these instructions will only result in delay in transmission.

b. In respect of classified packages the following additional requirements will be particularly noted:

(i) TOP SECRET and SECRET communications will always be enclosed in a new envelope, which will be sealed and marked with the security category

(ii) CONFIDENTIAL communications will be enclosed in an envelope marked CONFIDENTIAL but need not be sealed.

(iii) RESTRICTED and other unclassified communications will be dispatched in accordance with paragraph 4(a) above.

c. Classified material will be enclosed in a second envelope or cover by Message Center personnel. No envelopes will therefore now be received at Message Center with the colored cross thereon, which was formerly necessary to identify the contents as classified material.

Office Memorandum #13, this Hq, dtd 24 July 44 (Cont'd)

5. a. The Message Center will give and take receipts for all TOP SECRET, SECRET, and CONFIDENTIAL packages. Receipts will NOT be given for packages or documents below CONFIDENTIAL classification.

b. Departments should enclose with, and attach to, all TOP SECRET communications a receipt for signature and return by the recipient. Receipts may also be enclosed with any other documents, in respect of which, a department may desire direct acknowledgment by the recipient. Suitable forms of receipt may be obtained on application to the Adjutant's Department (Duplicating Section).

6. Without detriment to the needs of security (e.g. see paragraph 4 (b) (i) above) no effort will be spared to exercise the strictest economy in the use of envelopes, by using gummed labels. In this way it will be possible to prolong the life of envelopes by their use again and again.

7. Official packages will not be addressed to an individual. If the enclosure requires the special attention of a particular officer the notation "Attention....." may appear on the envelope or cover as part of the address.

8. All packages addressed as in preceding paragraph also all pacakges containing unclassified mail will be certified by the Chief Clerk of the originating Department at the bottom left hand corner as "WD ESSENTIAL MAIL".

9. Packages requiring particular service, e.g. dispatch via Officer Courier, etc., will be delivered separately to the Message Center where they will be afforded special attention.

10. Personal mail will not be sent to the Message Center but delivered direct to the APO or deposited in one of the personal mail boxes.

Re the attached.

There is only one man from my section who can possibly be spared, that is Sgt. Lally, the British runner. If I let him go I'll have to replace him with a civilian runner. Since he will be carrying many highly secret papers, even though enveloped, this may not meet the approval of Capt. Stone.

My inclination is to send a negative report - in order that I may be able to provide Capt. Stone with an organization that will function at a high state of efficiency.

May I have your reaction?

1º June 1944

Captain Stone:

I wish to submit the follwoing remarks in connection with Major Doe's suggested office organization:

a. I notice that he has placed all the administration and records under the Deputy Secretary General.

b. He has reduced my staff by three men which I consider essential to the proper function of the office, inasmuch as he plans to keep the two sets of records as is done now. I agree with that, because from what I can determine our records are much more complete as far as your needs are concerned than Major Doe's are.

c. It is requested that Pfc Perez, my stenographer - typist, Pfc Frecht, file clerk and Pte Lally, messenger be included in the office personnel. These men, especially Perez and Frecht know the procedure of this office and are familiar with our files. If they are released it will mean training new men and much confusion in the filing and office records.

d. I do not believe that it will be necessary to have two full time translators, however, I do believe that one is necessary for the reason Major Doe has stated.

e. I would like to be able to continue on the same as we are here with the same personnel.

Secretary General's Office

16 June 1944

Proposed Rome Organization

NOTES:

1. Top-notch translators needed for Chief Commissioner and Deputy Chief Commissioner, under control of Secretary General, to insure speedy, accurate translations, with maximum of security.

2. Separate and duplicate files to be maintained for Chief Commissioner and Deputy Chief Commissioner as at present, to insure that both officers may have immediate and speedy access to the same information at the same time, when necessary. (This will also insure that both Washington and London archives will have complete files of all matters handled by the Chief Commissioner and the Deputy Chief Commissioner when the Commission winds up its work.

1. Office Hours

a. Office hours of 0845 to 1745 weekdays, 0945 to 1745 Sundays, will be observed by the personnel of Rear Hq ACC (Salerno), subject to such extension of hours as may be necessary to carry out the functions of the offices, to be determined by Directors of Sub-Commissions and Heads of Departments. SUBJECT: Office hours, lunch period, and day off

TO : R C & M G Section, Establishment Branch, Main Hq ACC, Naples

1. Letter Hq AMG, to all concerned, dated 26 Nov 43, provides: office hours 0830-1800 hrs weekdays, 0930-1800 Sundays, with one hour lunch period. It also provides "All personnel this headquarters will be required to take one full free day per week".

2. Daily Bulletin No. 2, Hq AMG, dated 2 Jan 44, para 1, publishes same office hours but provides for "1½ hours allowed for noonday meal".

3. Daily Bulletin No. 3, Hq AMG, dated 3 Jan 44, para 6, confirms "full day holiday per week".

4. Since the above were issued prior to the consolidation of ACC/AMG, information is desired as to authorized office hours, lunch hours and day off. Such information is required in order to establish proper regulations for Rear Hq ACC.

5. In view of the fact that many changes have been made in personnel since above mentioned bulletins were issued, it is suggested that it might be desirable to republish regulations on office and lunch hours and time off.

1. ASSIGNMENT OF PERSONNEL: A number of cases have occurred recently, requesting assignments of Officers and EM/ORs for publication in Special Orders without approval from G-1. It is not suggested that these assignments were incorrect or were not intended, but it is essential that all requests for assignments of personnel, this Hq, should be routed through G-1 for executive approval. In the future, all concerned will ensure that this policy is strictly adhered to. (A.G.)

2. MAIL DISTRIBUTION: The attention of all personnel is invited to the current hours for mail distribution: 1500 to 1700.

Mail will be given out at other times only to personnel scheduled to depart earlier, and with the express authority of the Postal Officer. (A.G.)

3. It is requested that the following officers bring copies of orders assigning them to duty with this Hq without delay to Personnel Section, Room I, Mezzanine Floor:

4. CENSORING OF EM/OR MAIL: Officers of all Sections, Sub-Commissions, etc, will be responsible for censoring all personal mail of EM/OR's within their section or Sub-Commission. Owing to the lack of company officers at the present time, it is impossible for this duty to be performed at Hq Company. (A.C.)

5. BATH TIME: Owing to the lack of adequate bathing facilities in this area and the crowded conditions of the existing facilities, all Sections, Sub-Commissions, etc, will see that their personnel are given sufficient time each week for necessary bathing. (A.C.)

SUBJECT: Office hours, lunch period, and day off

TO : R G & M G Section, Establishment Branch, Main Hq ACC, Naples

1. Letter Hq AMG, to all concerned, dated 26 Nov 43, provides: office hours 0830-1600 hrs weekdays, 0930-1800 Sundays, with one hour lunch period. It also provides "All personnel this headquarters will be required to take one full free day per week".

2. Daily Bulletin No. 2, Hq AMG. dated 2 Jan 44, para 1, publishes same office hours but provides for "1½ hours allowed for noonday meal".

3. Daily Bulletin No. 3, Hq AMG, dated 3 Jan 44, para 6, confirms "full day holiday per week".

4. Since the above were issued prior to the consolidation of ACC/AMG, information is desired as to authorized office hours, lunch hours and day off. Such information is required in order to establish proper regulations for Rear Hq ACC.

5. In view of the fact that many changes have been made in personnel since above mentioned bulletins were issued, it is suggested that it might be desirable to republish regulations on office and lunch hours and time off.

THE ACC SERVICEMEN'S CLUB
Salerno

1 March 1944

To: [redacted]/ORS, Deputy Secretary General
(Please circulate in your office or post on section bulletin board)

This is just a reminder concerning [redacted] club, the ACC Servicemen's Club.

The Club Newspaper Committee has placed a box for your contributions for the ACCT SEB at the Information Desk in the lobby. We are most anxious to make the "Spinal Column" highly representative of this headquarters. Your helping bit will be most welcome.

The Discussion by Colonel T. V. Smith of the Education Sub-Commission announced in the last issue of the ACCT SEB will take place Thursday, March 2nd, at 8:00 PM in the Conference Room (No. 47). Colonel Smith, former Congressman from the state of Illinois, has just returned from England where he made observations of the British Parliament in session. His discussion will be on the "U.S. Congress versus the British Parliament"—a topic which will interest both the British and American members of the Commission. Let's turn out in grand style for this informal talk tomorrow night.

Meetings of the Club Committee are held each Monday night at 6:30 PM at the American Company room. If your Sub-Commission or section has not been properly represented at the meetings held thus far, we strongly urge that the men in your section select someone to attend all future meetings. The job of your representative is to represent you—to present your suggestions, your views, etc.

You yourself saw the great improvement made by the Club at the Saturday night dances. The plans for the future are even bigger and better.

Remember that we're in this together. Let's make our off-duty hours more pleasant and more enjoyable.

THE CLUB COMMITTEE

Colonel Robinson -

The Italian Government has asked us to please see if the electric power can be used in the Natella Bldg. to run the elevator.

They say that there are four Ministries, War, Navy, Public Works and one other, located on the 4th and 5th floors of the building. The Minister of War has an injured leg and it is almost impossible for him to climb up to his office.

The use of the elevator could be restricted for the 4 Ministers only.

Elevator power supply was cut off by order of Major Dennis, Public Works officer.

It would be much appreciated if you could arrange to accommodate the Ministers in this matter.

Sorry to bother you with this but felt you wouldn't mind helping us. Will you call me, Fatima Ext. 43. Thank you.

MEMORANDUM

TO: Adjutant, Rear Hq. ACC, APO 394.

1. The Deputy Chief Commissioner has expressed a desire that the indication of distribution on incoming and outgoing cables be more closely scrutinized. It is of the utmost importance that the functions of action, if any, and information are authoritatively indicated before cables are distributed and copies set aside for files.

2. In view of this consideration, this office desires that the following rules be followed by the Adjutant's Office in preparing distribution on cables:

a. "Action" or "Info" will be indicated after the distribution addressee in every case, regardless of repetitions or the implications of the cable address.

b. The Deputy Chief Commissioner will be included in the distribution of all incoming and outgoing cables. There are no exceptions to this request, except routine service messages.

c. The Deputy Secretary General will receive one copy of all incoming and outgoing cables regardless of other distribution.

d. Copies referred to in paragraphs (b) and (c) will be forwarded to the Deputy Secretary General for forward transmission.

For the Deputy Chief Commissioner:

FRANK J. SLAUGHTER,

13th February 1944.

MEMORANDUM TO: All Officers,
H.Q. A.C.C., Naples.
H.Q. A.C.C., Salerno.

I wish to bring to the notice of every officer personally a few aspects of the internal machinery of this Headquarters with respect to which their help is needed:-

1. Telegrams.

Outgoing telegrams amount to roughly 25 per day. When telegrams reach the Message Centre 4 copies of the literal text have to be typed. The telegram is then translated into telegraphic language of which 6 copies have to be made. The telegram is then sent to P.B.S. where it is enciphered and despatched. The same process is carried out at the receiving end.

It is appreciated that internal communications in this country are bad and that in order to ensure quick receipt and action on instructions, the use of the telegraph service is generally necessary. It is, however, probable that correspondence sent by Air Letter Service for A.F.H.Q. and other formations outside this theatre reaches its destination more speedily than if sent by telegraph and certainly involves far less work and manpower.

An Air Letter Service leaves for A.F.H.Q. daily and I must ask all officers to reduce their external telegraphic correspondence and to employ the A.L.S. Officer in charge of the Message Centre has orders to refer to me telegrams which appear to conflict with this policy.

2. Duplicating.

The average number of foolscap sheets issued by the duplicating office for this month is over 3000 a day, i.e., over 6 reams of paper. This is excessive and if present demands continue, shortage of paper will result in essential distribution being curtailed. The output of paper must be reduced considerably and immediately. The officer in charge has instructions to refer to the Establishment Branch any demands which he considers excessive.

3. Telephone Calls.

There is one telephone switchboard only, attended by one operator. The operator answers calls ceaselessly. Delay, therefore, is inevitable and must be tolerated until a second switchboard can be instituted next week.
