4 May 1946.

TO: Ordnance Officer, Headquarters FBE, Leghorn.
Attention Lt. Lian (Ordnance Base Depot Nr. 4)

Dear Lt. Lian,

The bearer of this note, Major Joseph G. Rivaly, has been sent up to Leghorn by the Chief Commissioner for the purpose of looking over the reconditioned records of which I talked with you the other day on the phone.

Admiral Stone, the Chief Commissioner, expects to get final clearance on the release of one of these cars some time to-day or Monday and accordingly will convey this information to you as soon as received.

It would be sincerely appreciated if you would permit the Major to look over the available cars in order that he may indicate by phone to the Admiral the serial number of what particular car the Admiral should specify to Caserta. In this regard, the Chief Commissioner has already talked with General Jaynes, USMA Chief of Staff, and hence is expecting this information.

Thanking you again for your trouble,

very truly yours,

FROM: Admiral STONE, ALGOM

TO : General MILDRENG, Asst. SecState

My Chief Financial Adviser and Deputy Vice President of Economic Section, Lt. Col. S.E.L. Timmons, is returning to the United States by ship on 6 May for release from Army after 7 months retention beyond his original discharge date. I strongly urge that he be named to the technical delegation of the Italian Reparations Commission which has apparently been created by Council of Foreign Ministers. Timmons has been with Allied Commission since October 1943; has wide knowledge of and experience in Italian economic and financial system; and has performed outstanding work in the Allied Commission. I have discussed matter with Timmons and he has indicated he would, after a brief leave, accept on a civilian basis an appointment such as I recommend above. If Reparations Commission appointment does not materialize, I desire that Timmons be returned to ALGOM as civilian employee of State, War, or Treasury Department so long as Commission continues in being. I would use him in his present post. I have no qualified officer with whom to replace Timmons, and it is most desirable that posts of Financial and Economic Advisers continue to be filled by Americans. Prior to entering Army Timmons was Rhodes Scholar and Assistant to Director of Foreign Funds Control, U.S. Treasury. Under Secretary Acheson and Assistant Secretary of Treasury Foley familiar with his work. Timmons will call on you as soon as he reaches U.S.

FROM: AIR VICE-MARSHAL I.E. BRODIE, CBE.

AIR FORCES SUB-COMMISSION,
ALLIED COMMISSION, ROME.

DC/IEB.

25th April, 1946.

Dear Admiral Stone,

General Lee tells me that his future is rather uncertain, both as regards staying here and the retention of his rank as a Brigadier General. It seems that he may be reduced to full Colonel in about June, as has already happened with General Brady.

I would very much appreciate it if you could use your influence so that we can retain General Lee in this Sub-Commission and also in the rank of Brigadier General, in order to carry that little extra prestige which is necessary in respect of dealings with the Italian Air Force.

Sincerely

I. E. Brodie.

My dear General:

In reference to your personal inquiry concerning the availability of Lt. Col. C. C. Webster, I find that he was especially selected for duty as assistant to Colonel Walton -- the Acting Vice President of the Economic Section -- because of his maturity, business background, and good military record.

With the marked reduction of strength in the Economic Section, it is of greatest importance that its staff consist of personnel of the highest possible qualifications. Accordingly, I regret that I will be unable to release this officer at the present time.

Sincerely,

SUBJECT: Release of Lt. Col. C.G. Webster. 0246832

TO : Chief Commissioner.

1. Lt. Col. C. G. Webster is taking over the duties of Chief Staff Officer, Economic Section, from Major Smith whose departure is imminent.
2. Lt. Col. Webster was selected for this assignment because of his maturity, business back ground and because of his good military record. With the marked reduction of strength in the Economic Section, it is of greatest importance that the Staff consist of personnel of high qualification.
3. An immediate replacement for the officer is not available.
4. I recommend that he be retained in the Allied Commission.

My dear Admiral:

I refer to your conversation with General Hamblen regarding the status of Colonel Floyd Stearns. Under existing War Department criteria, Colonel Stearns must be on board ship returning to the United States on the first available shipping after his volunteer certificate has expired. The schedule for April is still uncertain although we do know that we will have a ship returning to the United States after the 15th of April. If it happens that this ship sails on or after the 25th of April it will be possible to comply with your desires that Colonel Stearns remain in this theater until that date.

Would it be possible for you to have Colonel Stearns keep a close eye on the shipping schedules to determine whether this very desirable solution presents itself and to notify this office if it does not so present itself? In this latter case General Lee has indicated his complete willingness to request the War Department to make a special exemption in this case in order to retain Colonel Stearns until date you require him.

Sincerely yours,

HEADQUARTERS ALLIED COMMISSION

Office of the Chief Commissioner

APO 394

25 March 1946

Dear General:

I have just been informed by my Staff Officer, Lt. Col. Lloyd W. Stearns, 0303781, AGD, that the 2675th Regiment has been unable to have his relief orders delayed until 30 April and consequently they have sent forward this date a letter (file 370.01) requesting orders for his shipment on 31 March. On receiving this information Stearns immediately called Colonel Moorman, Assistant G-1, MTOUSA, who informed him that neither he nor Colonel Miller had power to make any extensions on Category IV personnel and that only you could possibly effect such a change -- hence this personal appeal.

Last Fall when Lt. Col. Stearns signed the Category IV statement fixing the date as 31 March, it was expected that the activities of the Commission would be such that his release would cause no inconvenience. However, as you know, that situation is now changed and I would like to keep Stearns until the 30th of April. He has voluntarily agreed to stay through that date. Stearns is the only staff officer on duty in my office and with the present depleted condition of our personnel, it would be most difficult to find a qualified replacement. With the possibility of my being away for three weeks, it is also important that Stearns be here during April.

I would appreciate your assistance in having this officer's orders delayed or release date changed until April 30.

Sincerely,

/s/ Ellery W. Stone

Col. Jordan called today at 1625 and stated that Col. Mc Phee has just received a cable asking if he can return to his previous civilian position on 3 March.

Technically we can hold Col. Mc Phee until 2 March as an 8104 but since he is in fact surplus and we have declared other full Colonels surplus (Howell, Hensley, etc.), my recommendation is that we report him to MAAC at the earliest opportunity so that we will be able to expedite his departure.

The fact officers senior in grade to present cases need not prevent their temporary assignment. Feel sure they will give loyal service in situation explained to all. Venezia GIULIA should have priority over liaison teams expect on northwest border. No objection to higher ratio British on liaison teams during readjustment period. Presume you are holding officers on civil affairs duties as presently authorized. With authorized strength 250 officers and present strength 230 officers you are probably better off than any other US Unit in the theater.

SUBJECT: Retention Desires of Officers

TO : All Officers, 2675th Regiment

1. The War Department has revoked all previously signed statements regarding retention desires of officers and has established a new procedure which is published in War Department Circular 366, 1945.

2. Accordingly all officers are advised that any previous statements made by them regarding retention desires are null and void and it is necessary that they read the afore-mentioned circular and sign one of the statements contained therein.

3. Attention is invited to the fact that the date agreed on for category IV volunteers must be at least 60 days subsequent to the date statement is signed. In this connection it is requested that officers of this command who sign category IV statements make the termination date of such statements the last day of the month in which the officer desires to be released.

4. Blank statements covering each category are included herewith and it is directed that all officers make their decision and return the appropriate statement in triplicate immediately upon receipt of this communication, and in no case dispatching them later than 15 January 1946.

5. For the information of all concerned there are inclosed copies of Section IV, WD Cir 366 and the bill now before Congress in regard to integration of Reserve, National Guard and AUS officers into the RA.

IV. OFFICER. 1. The purpose of this circular is to establish a more flexible procedure whereby Reserve, National Guard, and Army of the United States officers may volunteer to continue on extended active duty.

*

2. The demobilization program is pointed toward an orderly reduction in the strength of the Army with the over-all reduction in the strength of the officer corps proportionate to the reduction of enlisted personnel. It is the desire of the War Department when relieving officers from active duty to give every possible consideration to the wishes of the individual officer concerned and, at the same time, utilize to the maximum extent the services of officers who desire to continue on extended active duty. In the past, various means have been established whereby an officer may elect to remain on active duty by signing statements which were of an interim nature. The War Department is now prepared to furnish officers throughout the Army with information they have requested. Accordingly, it is considered appropriate to revoke all outstanding volunteering statements; establish the categories of statements listed below; and require each officer concerned to sign one of the statements after studying the information contained in this circular and evaluating the future as it affects him personally in the light of further active service. While no definite assurance can be given individual officers regarding the length of time their services will be needed by the Army, it is the intent of the War Department that those officers with the highest record of performance of duty who desire to be retained in the service will be retained longest.

30

3. The War Department considers it essential that officers be informed of the War Department policies with respect to the following matters prior to determining how long they want to continue on extended active duty: integration and appointment of temporary officers in the Regular Army; length of tours of overseas duty; and movement of dependents and household goods. The final details of these policies will be announced at a later date; however, the major principles are substantially as outlined below.

a. Integration and appointment of temporary officers in the Regular Army. Legislation is now pending in Congress which would increase the size of the

IV. OFFICERS. 1. The purpose of this circular is to establish a more flexible procedure whereby Reserve, National Guard, and Army of the United States officers may volunteer to continue on extended active duty.

2. The demobilization program is pointed toward an orderly reduction in the strength of the Army with the over-all reduction in the strength of the officer corps proportionate to the reduction of enlisted personnel. It is the desire of the War Department when relieving officers from active duty to give every possible consideration to the wishes of the individual officer concerned and, at the same time, utilize to the maximum extent the services of officers who desire to continue on extended active duty. In the past, various means have been established whereby an officer may elect to remain on active duty by signing statements which were of an interim nature. The War Department is now prepared to furnish officers throughout the Army with information they have requested. Accordingly, it is considered appropriate to revoke all outstanding volunteering statements; establish the categories of statements listed below; and require each officer concerned to sign one of the statements after studying the information contained in this circular and evaluating the future as it affects him personally in the light of further active service. While no definite assurance can be given individual officers regarding the length of time their services will be needed by the Army, it is the intent of the War Department that those officers with the highest record of performance of duty who desire to be retained in the service will be retained longest.

3. The War Department considers it essential that officers be informed of the War Department policies with respect to the following matters prior to determining how long they want to continue on extended active duty: integration and appointment of temporary officers in the Regular Army; length of tours of overseas duty; and movement of dependents and household goods. The final details of these policies will be announced at a later date; however, the major principles are substantially as outlined below.

a. Integration and appointment of temporary officers in the Regular Army. Legislation is now pending in Congress which would increase the size of the Regular Army officers corps. This legislation will authorize the integration of approximately 10,000 selected wartime officers into the Regular Army in the grades of second lieutenant through major, inclusive. Officers to be integrated into the Regular Army will be selected on a standardized competitive basis in a fair and equitable manner from all temporary commissioned officers of the Army of the United States who are United States citizens and on the date of appointment held a temporary rank equal to or higher than the rank to be offered as described below. Appointees must meet certain general fitness, intelligence, and physical standards. General fitness will be determined from a completed officer evaluation report executed by one of three previous commanding officers of the candidate's choice, a standardized interview conducted by an Officer Interview Board and a Biographical Information Blank. The candidate's intelligence level must be demonstrated by satisfactory completion of a General Survey Test. Physical standards are those required for appointment as a commissioned officer in the Regular Army. So far

as possible, an appointee will be commissioned in the arm or service of his choice within arm or service vacancies. The rank which will be offered the officer selected for integration will be determined on a basis of actual or constructive service, whichever is greater. Actual service is the total number of years, months, and days that the officer has actively served in the Army of the United States from 7 December 1941 to the date of appointment. Constructive service is the number of years, months, and days by which the officer's age on the date of appointment exceeds 25 years. If the officer's actual service is greater, the appointee will be placed in an advanced position on the promotion list or nonpromotion list proportionate to the number of years, months, and days of actual service. If constructive service is greater, the appointee will be placed in an advanced position on the promotion list proportionate to the number of years, months, and days of his constructive service. Thus, using the appointee's actual or constructive service, whichever is greater, on the date of his appointment into the Regular Army, the following rank would be offered:

	Active or constructive service in years, whichever is greater		Pharmacy Corps	
	Promotion List	AG Dept and JAG Dept	MC, DC, VC, and Corps of Chaplains	Pharmacy Corps
2nd Lt	Less than 3	None to be appointed	None to be appointed	Less than 3
1st Lt	3 or more but less than 10	None to be appointed	Less than 3	3 or more but less than 6
Captain	10 or more but less than 17	10 or more but less than 17	3 or more but less than 12	6 or more but less than 12
Major	17 or more but less than 23	17 or more but less than 32	12 or more but less than 20	12 or more but less than 20

b. Length of tours of oversea duty. In order to provide equitable tours of oversea and zone of interior service, the War Department has under consideration for early implementation a policy which will prescribe a maximum oversea tour of 2 1/2 years. Consideration will not be given to oversea service performed prior to 7 December 1941 and to the length of time officers have served in the continental United States.

c. Movement of dependents and household goods. Officers in the United States are authorized transportation for dependents and household effects at Government expense when they are ordered to make a permanent change of station - the "one move" restriction which was in effect during the war has been removed. Travel of dependents of officers at Government expense is now authorized to the Bahamas, all stations within the Caribbean Defense Command, Brazil, Bermuda, Newfoundland, Alaska and Hawaii.

4. Effective immediately, all outstanding statements whereby an officer has volunteered to continue on extended active duty are revoked, and the categories of statements listed below are substituted therefor. An officer who signs a category I, II, III or IV statement automatically waives his eligibility for relief from active duty under the provisions of War Department Readjustment Regulations by reason of his adjusted service rating score, his age, his length of service or other factors, until expiration of the period of time specified in the statement which is signed. If an officer is not eligible for relief from active duty at the time he signs one of the following statements he does not automatically become

service, thus, using the date of his appointment into the Regular Army, the following rank would be entered:

Active or consecutive service in years, whichever is greater			
Promotion	AG Dept and JAG Dept	Pharmacy Corps of Chap-ains	
	1st	2nd	3rd
2nd Lt	Less than 3	None to be appointed	Less than 3
1st Lt	3 or more but less than 10	None to be appointed	3 or more but less than 6
Captain	10 or more but less than 17	10 or more but less than 17	6 or more but less than 12
Major	17 or more but less than 23	17 or more but less than 32	12 or more but less than 20

b. Length of tours of overseas duty. In order to provide equitable tours of oversea and zone of interior service, the War Department has under consideration for early implementation a policy which will prescribe a maximum oversea tour of 2 1/2 years. Consideration will not be given to oversea service performed prior to 7 December 1941 and to the length of time officers have served in the continental United States.

c. Movement of dependents and household goods. Officers in the United States are authorized transportation for dependents and household effects at Government expense when they are ordered to make a permanent change of station - the "one move" restriction which was in effect during the war has been removed. Travel of dependents of officers at Government expense is now authorized to the Bahamas, all stations within the Caribbean Defense Command, Brazil, Bermuda, Newfoundland, Alaska and Hawaii.

4. Effective immediately, all outstanding statements whereby an officer has volunteered to continue on extended active duty are revoked, and the categories of statements listed below are substituted therefor. An officer who signs a category I, II, III or IV statement automatically unifies his eligibility for relief from active duty under the provisions of War Department Readjustment Regulations by reason of his adjusted service rating score, his age, his length of service or other factors, until expiration of the period of time specified in the statement which is signed. If an officer is not eligible for relief from active duty at the time he signs one of the following statements he does not automatically become eligible on the date specified in the statement unless in the meantime he has become eligible under War Department Readjustment Regulations. Signing a category I, II, III or IV statement does not effect an officer's eligibility for relief from active duty for convenience of the Government under the provisions of section II, WD Circular 290, 1945, or for personal reasons of the officer concerned upon his own application under the provisions of section III or section IV, WD Circular 290, 1945.

a. Category I. I elect to continue on extended active duty for an unlimited length of time.

b. Category II. I elect to continue on extended active duty until 30 June 1947.

2. Category III. I elect to continue on extended active duty until 31 December 1946.

3. Category IV. I elect to continue on extended active duty until *.
* Note: The date to be entered here is a date agreed upon by the officer concerned and his commanding officer at least 60 days subsequent to the date the statement is signed and not later than 30 November 1946.

4. Category V. I desire to be relieved from active duty at the earliest opportunity.

5. All Reserve, National Guard, and Army of the United States Officers (except general officers and those on terminal leave), irrespective of their eligibility for relief from active duty, will be encouraged to sign one of the above categories of statements at the earliest practicable date and, in any event, will be required to sign one of the above categories of statements not later than 31 January 1946. The appropriate statement will be entered on the Officer's Qualification Card (WD AGO Form 66-1, 66-2, or 66-3) under "Remarks" and on the Officer's Adjusted Service Rating Score Card.

6. As of 31 January 1946 each command immediately subordinate to the War Department will be required to furnish a report which for category I, II, and III volunteers will include the following information: Category, efficiency index (as specified in Appendix I, IR 1-5), primary military occupational specialty, arm or service (except Army Air Forces type personnel), number of months of cumulative overseas service since 7 December 1941, age, race and grade. Category IV and V officers will be reported by total number only in each category. This report will be prepared by machine records units or statistical control units where such units are available to the command concerned, or will be prepared manually by those commands not serviced by machine records units facilities. A separate letter of instruction setting forth complete detail will be forwarded to each command by air mail at an early date.

7. All officers concerned are requested to consider carefully the factors set forth in paragraph 3 and 4, bearing in mind national and military commitments and obligations, and sign the category of statement which best suits their own personal desires and conditions. Should a sufficient number of officers volunteer for continued active service it may be possible to relieve officers from active duty based primarily on their desires.

ENCLOSURE

IN THE SENATE OF THE
UNITED STATES

November 2 (legislative day, October 29) 1945
Mr. Johnson of Colorado introduced the following bill; which was
read twice and referred to the Committee on Military Affairs

A BILL

To provide for the appointment of additional commissioned officers in the
Regular Army, and for other purposes.

Be it enacted by the Senate and House Representatives of the United
States of America in Congress assembled, That it is hereby declared the
policy of the Congress to provide for the immediate selection for appointment
in the Regular Army in a fair and equitable manner of a limited number of
persons who, by their outstanding performance of duties while serving as
temporary officers of the Army of the United States during the present wars,
have demonstrated their fitness to hold commissioned grade in the Regular
Army; and to provide a minimum increase in the commissioned officer strength
of the Regular Army for that purpose.

Sec. 2. On and after the effective date of this Act the commissioned
strength of the Regular Army shall not exceed twenty-five thousand officers:
Provided, that notwithstanding the foregoing limitation on the commissioned
strength of the Regular Army, graduates of the United States Military Academy
may be promoted and commissioned as second lieutenants in the Regular Army
in accordance with the provisions of the Act of May 17, 1886 (24 Stat. 50; 10
U.S.C. 486).

Sec. 3. The President is authorized to bring the actual commissioned
strength of the Regular Army up to the commissioned strength specified in
section 2 of this Act by the appointment and commissioning of additional
officers, by and with the advice and consent of the Senate, in such arms and
services of the Regular Army as he may prescribe. Appointments of such
additional commissioned officers may be made in accordance with any existing
provision of law providing for the appointment of commissioned officers in
the Regular Army, or as hereinafter provided.

Sec. 4. At any time not later than a date eight months following the
date of enactment of this Act, the President is authorized to appoint and
commission additional officers in the Regular Army, by and with the advice
and consent of the Senate, in the grades of second lieutenant, first
lieutenant, captain and major, subject to the conditions and limitations
hereinafter set forth. Persons appointed under the provisions of this
section shall---

(a) be male citizens of the United States, at least twenty-one
years of age, of good moral character, physically qualified for active
military service, and have such other qualifications as may be prescribed

Be it enacted by the Senate and House Representatives of the United States of America in Congress assembled. That it is hereby declared the policy of the Congress to provide for the immediate selection for appointment in the Regular Army in a fair and equitable manner of a limited number of persons who, by their outstanding performance of duties while serving as temporary officers of the Army of the United States during the present wars, have demonstrated their fitness to hold commissioned grade in the Regular Army; and to provide a minimum increase in the commissioned officer strength of the Regular Army for that purpose.

Sec. 2. On and after the effective date of this Act the commissioned strength of the Regular Army shall not exceed twenty-five thousand officers: Provided, that notwithstanding the foregoing limitation on the commissioned strength of the Regular Army, graduates of the United States Military Academy may be promoted and commissioned as second lieutenants in the Regular Army in accordance with the provisions of the Act of May 17, 1886 (24 Stat. 50; 10 U.S.C. 486).

Sec. 3. The President is authorized to bring the actual commissioned strength of the Regular Army up to the commissioned strength specified in section 2 of this Act by the appointment and commissioning of additional officers, by and with the advice and consent of the Senate, in such arms and services of the Regular Army as he may prescribe. Appointments of such additional commissioned officers may be made in accordance with any existing provision of law providing for the appointment of commissioned officers in the Regular Army, or as hereinafter provided.

Sec. 4. At any time not later than a date eight months following the date of enactment of this Act, the President is authorized to appoint and commission additional officers in the Regular Army, by and with the advice and consent of the Senate, in the grades of second lieutenant, first lieutenant, captain and major, subject to the conditions and limitations hereinafter set forth. Persons appointed under the provisions of this section shall---

(a) be male citizens of the United States, at least twenty-one years of age, of good moral character, physically qualified for active military service, and have such other qualifications as may be prescribed by the Secretary of War; and shall

(b) have served honorably in the active Federal service as commissioned officers of the Army of the United States, or any component thereof, on or after December 7, 1941, in grades equal to or higher than those prescribed in section 5 of this Act for officers credited with the amounts of service with which they would be credited under that section if appointed in the Regular Army.

Sec. 5. Each person appointed as a commissioned officer of the Regular Army under the provisions of section 4 of this Act shall be credited, at the time of appointment, with service equivalent to the total period of active Federal service performed by him as a commissioned officer in the Army of the United States or any component thereof from December 7, 1941, to the date of such appointment, or a period of service equal to the numbers of days, months and years by which his age at the time of such appointment exceed,

3072

twenty-five years, whichever is the greater: Provided, that in computing the total period of active commissioned Federal service of any such person who was honorably discharged or relieved from active service subsequent to May 12, 1945, there shall also be credited the period from the date of his discharge or relief from active service to the date of his appointment in the Regular Army under the provisions of section 4 of this Act. Upon the basis of service so credited the grade in which each such person shall be appointed shall be determined as follows:

(a) Persons appointed in arms of service of the Regular Army, the officers of which are on the promotion list, who are credited with less than three years' service shall be appointed in the grade of second lieutenant; such persons who are credited with three or more years' service, but less than ten years' service, shall be appointed in the grade of first lieutenant; such persons who are credited with ten or more years' service but less than seventeen years' service, shall be appointed in the grade of captain; and such persons who are credited with seventeen or more years' service, but less than twenty-three years' service, shall be appointed in the grade of major. Such persons who are credited with twenty-three years' service, shall be appointed in the grade of major. Such persons shall be placed on the promotion list immediately below those officers of the same grade having the same or next greater period of service;

(b) Persons appointed in the Medical Corps, the Dental Corps, or the Veterinary Corps of the Regular Army, or as chaplains in the Regular Army, who are credited with less than three years' service shall be appointed in the grade of first lieutenant; such persons who are credited with three or more years' service, but less than twelve years' service, shall be appointed in the grade of captain; and such persons who are credited with twelve or more years' service, but less than twenty years' service, shall be appointed in the grade of major;

(c) Persons appointed in the Medical Administrative Corps of the Regular Army who are credited with less than five years' service shall be appointed in the grade of second lieutenant; such persons who are credited with five or more years' service, but less than ten years' service, shall be appointed in the grade of first lieutenant; and such persons who are credited with ten or more years' service, but less than seventeen years' service, shall be appointed in the grade of captain;

(d) Persons appointed in the Pharmacy Corps of the Regular Army who are credited with less than three years' service shall be appointed in the grade of second lieutenant; such persons who are credited with three or more years' service, but less than six years' service, shall be appointed in the grade of first lieutenant; such persons who are credited with six or more years' service, but less than twelve years' service, shall be appointed in the grade of captain; and such persons who are credited with twelve or more years' service but less than twenty years' service, shall be appointed in the grade of major.

Sec. 6. No person shall be appointed as a commissioned officer of the Regular Army under the provisions of section 4 of this Act.

(a) in a promotion-list arm of service if he would upon appointment receive credit for twenty-three or more years' service under section 5 of this Act;

(b) in the Medical Corps, the Dental Corps, the Veterinary Corps, the Pharmacy Corps, or as a chaplain, if he would upon appointment receive credit for twenty or more years' service under section 5 of this Act; or

1826

persons who are credited with ten years' service, but less than twenty years' service, shall be appointed in the grade of captain; and such persons who are credited with seventeen or more years' service, but less than twenty years' service, shall be appointed in the grade of major. Such persons shall be placed on the promotion list immediately below those officers of the same grade having the same or next greater period of service;

(b) Persons appointed in the Medical Corps, the Dental Corps, or the Veterinary Corps of the Regular Army, or as chaplains in the Regular Army, who are credited with less than three years' service shall be appointed in the grade of first lieutenant; such persons who are credited with three or more years' service, but less than twelve years' service, shall be appointed in the grade of captain; and such persons who are credited with twelve or more years' service, but less than twenty years' service, shall be appointed in the grade of major;

(c) Persons appointed in the Medical Administrative Corps of the Regular Army who are credited with less than five years' service shall be appointed in the grade of second lieutenant; such persons who are credited with five or more years' service, but less than ten years' service, shall be appointed in the grade of first lieutenant; and such persons who are credited with ten or more years' service, but less than seventeen years' service, shall be appointed in the grade of captain;

(d) Persons appointed in the Pharmacy Corps of the Regular Army who are credited with less than three years' service shall be appointed in the grade of second lieutenant; such persons who are credited with three or more years' service, but less than six years' service, shall be appointed in the grade of first lieutenant; such persons who are credited with six or more years' service, but less than twelve years' service, shall be appointed in the grade of captain; and such persons who are credited with twelve or more years' service but less than twenty years' service, shall be appointed in the grade of major.

Sec. 6. No person shall be appointed as a commissioned officer of the Regular Army under the provisions of section 4 of this Act.

(a) in a promotion-list arm of service if he would upon appointment receive credit for twenty-three or more years' service under section 5 of this Act;

(b) in the Medical Corps, the Dental Corps, the Veterinary Corps, the Pharmacy Corps, or as a chaplain, if he would upon appointment receive credit for twenty or more years' service under section 5 of this Act; or

(c) in the Medical Administrative Corps if he would upon appointment receive credit for seventeen or more years' service under section 5 of this Act.

Sec. 7. For the purpose of determining eligibility for promotion, each person appointed as a commissioned officer of the Regular Army under the provisions of section 4 of this Act shall be credited, as of the time of such appointment, with continuous commissioned service on the active list of the Regular Army equal to the period of service credited to him under section 5 of this Act. Each such person appointed in a promotion-list arm of service in the grade of major shall be deemed to have served in that grade during that portion of such credited service which exceeds seventeen years.

TO : C-2, AWH.

1. A number of important matters related to the work of the Education Subcommission can be handled with much greater effectiveness and dispatch by personal contact between the Director of Education, AC, and the persons and institutions concerned than by correspondence or signals.

2. At the present time the following matters require such contact in the United States:

- a. an attempt to obtain fellowships for professors of education and psychology from Italy - these subjects have been lacking in Italy for over twenty years and the Italian Government has adopted a new program for teacher training which necessitates special preparation of a group of professors.
- b. arrangements for a mission from the Italian Ministry of Public Instruction to spend some weeks in the United States studying the educational system and methods.
- c. arrangements for student interchange between the United States and Italy.
- d. arrangements for cultural interchange of concert artists between the United States and Italy.
- e. conferences with the American Library Association and others in regard to the obtaining of scholarly publications to rehabilitate university and other libraries in Italy.
- f. exploration of the possibility of interesting Italo-American organizations and others in sending technical and scientific apparatus to Italy to replace the materials destroyed by war and essential for the economic and scientific rehabilitation of Italy.
- g. Selection of literature requested by various Ministerial commissions and others to help them with their work of educational reconstruction; pending requests include literature on the training of physical education teachers; technical and vocational education; the teaching of psychology and education; the organizations of Parent-Teacher associations; the education of handicapped children.

3. In two or three weeks of direct contact with appropriate persons and institutions and access to libraries, the Director of Education can accomplish far more than would be possible in several months of correspondence. Since these matters all are urgent and since there is not certitude as to long continuance of the Education Subcommittee and its ability, therefore, to give the help desired by the Italian Government, it is desirable that the Director be sent to the United States to accomplish this mission.

4. It is therefore requested that travel orders be authorized for Lt. Col. Charleston E. Washburne, G-518532, Director of Education, AG, to proceed to the United States on or about 15 December for a period of approximately three weeks, traveling by air transport both to and in the United States, with per diem and air rail transportation allowances. Travel in the United States will be to Washington, D.C., New York, Boston, Chicago, and Atlanta.

5. Since the early return of Lt. Col. Washburne to this Headquarters is urgent, it is requested that he be given a travel priority of 2.

30 November 1945

To Admiral Stone
Headquarters Allied Commission

This Communal Administration has been informed that Captain GORDON W. WEST (British) former A.M.C. Governor of Viareggio, is to leave our town, for he has been appointed to the Allied Commission, Venezia Region, C.M.F.

Captain Gordon who has been in our town for a long time, is greatly beloved by the whole population, and greatly helped the Communal Administration in its work for post war reconstruction and for the resumption of the town's activity so that he was given the freedom of the town of Viareggio.

Viareggio, as it is well known, is one of the main summer resorts in Italy, and should reorganize as soon as possible its tourism equipment and repair the damages caused by the war. Therefore, the presence of a representative of the Allied Government, and particularly of Captain Gordon W. West, who already knows the requirements of our Comune would be a great help to the communal administration to solve such important problems as are still pending.

I therefore beg you to consider whether it would be possible to leave Capt Gordon West in our town for some time, for his work will greatly benefit the rehabilitation of our tourism and bathing equipment.

Sincerely yours,

a. Il Sindaco

SUBJECT: Notice of Appointment

TO: Colonel Daniel P. Caulkins

1. Reference is made to Departmental Order No. 1347 dated 20 October 1945 delegating to the Special Assistant to the Secretary and Foreign Liquidation Commissioner authority to dispose of surplus property under Surplus Property Board Revised Regulation 8 dated 25 September 1945 and Executive Order 9630 dated 27 September 1945.

2. Under the authority contained in the above order, you are hereby appointed to represent the Foreign Liquidation Commissioner as Deputy Field Commissioner, in the area presently defined geographically by the War Department as United States Army Forces in Mediterranean Theater of Operations, under the general supervision of Mr. John C. Virden, Central Field Commissioner for Europe.

3. You are authorized and directed to dispose of all surplus property, in the control of or for the disposal of which the Department of State may be responsible, located in the above designated area.

4. For the discharge of the above duties and responsibilities, the Special Assistant to the Secretary and Foreign Liquidation Commissioner delegates to you the authority vested in him under the above Departmental Order No. 1347, such authority to be exercised by you until such time as a Field Commissioner for the above designated area is appointed, and thereafter in the absence of the Field Commissioner.

OFFICE OF THE G. O. C.
MILITARY MISSION TO THE ITALIAN ARMY

26 Nov. 45

My dear Admiral,

You may perhaps
care to discuss the attached
personally with S.A.C. and
further mention the angle
(which I hesitate to put on
paper) that:-

- (a) for continuity & know-
ledge of the job the Ameri-
can side of AFHQ (par-
ticularly HEMMINGER) were
very anxious for Col.
KERR to stay on here
- (b) KERR, being National
Guard, is unlikely to be
promoted Brigadier-
General

3040 (c) if the British force the
issue for an American
Brigadier General

(252)

(c) Second in command here,
a new officer would
surely be put in, with
even worse disturbances
to the existing régime.

Yours very sincerely

26 November, 1945.

My dear Hunt

I have just got a letter from Major General BARD dated 22 Nov. to say that the Commander in Chief considers that my B.G.S. appointment should be filled with as little delay as possible and should be an infantry soldier. Also that he has nominated Lt.Col. R.A. SMITH for the appointment.

I am all for this, though I had thought of Brig. GRAHAM originally.

A major point however arises, which you will remember I mentioned to you before. It is the rank of my Chief of Staff officer. Originally when my existing War Establishment was put to the War Office my American Second in Command was shown as a Brig. Gen. The Americans however have made the appointment only that of Colonel, doubtless because they have in effect a Brig. General Military Attaché and do not want another one in my Sub Commission. From what I hear I doubt very much if they would change the rank. So if my Chief of Staff officer is a Brigadier I should have the extremely awkward position of having a British B.G.S. serving under an American Second in Command Colonel. Of course the G.S. is accepted as being a British responsibility but in this party everything dovetails into everything else and of course policy decisions (the majority of which have a political aspect) are arrived at by me after discussion with my American Second in Command. This business here is difficult enough to run without having the above additional complication.

There is also the important A.C. angle. From that point of view, the Chief Commissioner, A.C., with whom I have discussed all this, while reluctant to take a position which would interfere with the promotion of a British officer, nevertheless feels that the Allied policy of establishing parity of nationalities in Sub Commissions, at any rate in senior posts, should not be upset. The appointment of a British B.G.S. under a British Major General would cut right across this policy - which again points to a Colonel G.S.

Finally, if, as I am sure he is, SMITH is the chap for me, it does not matter whether he is a Colonel or a Brigadier, except from the point of view of pay; but, in this connection, SMITH is getting promotion anyway.

In view of all the above, I feel I must ask that my Chief of Staff officer be a "Col. G.S." instead of a "B.G.S."

I know that you pressed War Office very strongly to authorize a B.G.S. and succeeded and therefore it is a little difficult for you now to say that you can do with a Colonel G.S. On the other hand that was done before the American Second in Command Colonel factor appeared on the scene, which gives you I suggest a very good reason to go back to the War Office on this without "eating your words".

Would you take this matter up for me?

Understand invitations based on suggestions by your political advisers and copies sent your Headquarters. Washington is on usual air route here anyhow and am quite willing to visit London but appreciate that this would necessitate special travel arrangements and routing perhaps too inconvenient to arrange. While I am quite willing to accept invitations and feel discussions might be useful have no personal axe to grind and decision fully is up to military superiors. At present planning to be in Rome or Caserta ready to leave on or before 5 December.

TO : AFHQ, G-5 Section.

With reference to your G-5: 014.12 of 7 Oct 45 and in continuation of my letter 3636/191/EC of 30 Oct 45.

1. Owing to the recent continuous changes in regard to the numbers and categories of officers remaining with or leaving the Allied Commission it has not been possible to form earlier an estimate of the number of police officers available for duty with MMIA.

2. No officers will be available for assignment to MMIA before the hand-over of the Northern Regions. After the hand-back to Italian control of the Northern Regions, it is estimated that 10 Police Officers can be made available for assignment outside the Public Safety Sub-Commission and AMG territory. At least one of these would be of the rank of Lt. Colonel. Owing to the requirements of Venezia Giulia, all officers available will probably be British. If the mission is to be Allied, as recommended, arrangements for the provision of US personnel will have to be made.

3. In connection with this matter I must be satisfied on behalf of the British Home Office that any British Officers assigned to MMIA are employed on purely police duty, for which purpose they have been provided to the British Army from the Home Office.

29 October, 1945.Chief Commissioner.

1. I think General Lemitzer will raise with you the subject matter of the attached telegram. Orders transferring 18 officers from the Northern Regions to Venezia Giulia were issued on 19 October. They should, of course, have arrived within a week but you will remember that flying has been virtually impossible for four days and that we have cut the transport of the Northern Regions to the bone.

2. The present position, as I understand it, is as follows:

5 officers of the 18 have arrived and a strong reiteration of the order has gone out with regard to the others. The present strength of Venezia Giulia is 87 officers as against a ceiling of 126. The strengths of the Northern Regions, all of whom have to carry out Allied Military Government, are as follows:

PIEMONTE	72	as	against	a	ceiling	of	154
LIGURIA	53	"	"	"	"	"	96
VENEZIA	117	"	"	"	"	"	174
LOMBARDIA	94	"	"	"	"	"	203

3. I fully realize that Venezia Giulia is to receive top priority and nothing will be done at this HQ to prevent that. On the other hand I would ask you to represent to General Lemitzer the difficulties with which Regional Commissioners in the North are faced, and our responsibility of seeing that Allied Military Government as a whole, and not in part, is carried out.

TRANSLATION

ROME, October 2, 1945

Mr. Ambassador:

A few days ago I wrote officially to the President of the Council asking him to express to Admiral Stone my desire that among the officers of the Allied Commission destined to remain attached to the American Embassy be included Lt. Colonel Carlton Washbourne, Chief of the Education Sub Commission.

Fearing that the time necessary, according to the custom of bureaucracy, for the desired letter of the President to the Admiral in arriving at destination be such as not to allow for timely provisions, I turn directly to you to renew the same plea.

Lt. Colonel Washbourne, to whom I am now tied by truly brotherly affection, has contributed such services to the rebirth of Italian schools and cultural exchanges between Italy and America that his departure would deprive me and my Ministry of a most valuable collaborator. I am sure that he himself is well disposed to sacrifice yet a few more months so that the plans formulated during our conversations can be brought to a satisfactory conclusion.

Trusting that you, Mr. Ambassador, will want to be of aid to me in this matter, I renew the assurances of my profound and cordial consideration.

Believe me, yours

(Signed: Vincenzo Arangio Ruiz)

(Messages to Room 19)
8th October 1945

Sir,

I have the honour to inform you that I have been kept waiting in Italy for four months to give information in connection with the above subject, and having at various times replied to any questions asked, I strongly object to being further detained.

I am now informed by Mr. Lopez that permission for my return home now rests solely with you and I therefore request that you will be kind enough to inform A.F.H.Q. that I am no longer required.

I have recently pointed out to British Military Authorities that I have undeservedly suffered many hardships because of the allegations that were made against the Schooner Committee, and every day that I am kept here only aggravates those hardships.

For your information I take the liberty of mentioning that I finished my duties with Allied Commission at the end of May and was expected home by my family in June and it is very distressing for them to be continually disappointed. From a business point of view I have probably lost what advantage I might have gained by my early release under Group 1.

As there can be no military justification for detaining me longer against my will, I trust you will kindly issue the necessary instructions for my urgent release.

I have the honour to be,

Sir,

Your obedient Servant.

Dear Signor Gronchi:

I refer to your letter 4508 dated 24 August 1945 on the subject of officers who are leaving the Allied Commission to be released from the Army.

I believe that Colonel Denmore has already explained to you that officers are released under a scheme which covers the whole Army, and that it is not possible for the Allied Commission to retain an officer who is eligible for release when suitably qualified officers not eligible for release are available.

The point you raise in the second paragraph of your letter is fully appreciated, and I can assure you that when an officer holding an important appointment is due for release every effort is made to replace him by a man who is fully conversant with and experienced in the work he is required to take over.

Yours very truly,

1. In order that the record will be clear, and that no doubt will be entertained as to my position on the issue of the return of Col. Arthur E. Young (B) to duty as Deputy in the Public Safety Sub-Commission, I am forwarding herewith a letter on the subject dated 23 June 1944.

2. The contents of this letter in pencil draft were communicated to Lord Stansgate at Salerno on 12 June 1944. He approved the action taken by me and discussed with me the available British officers to succeed Col. Young. The letter in its typed form was not delivered to Lord Stansgate because he was away on a trip. Upon his return from his trip, I was on duty in Rome, and before my return to Salerno he had departed for the United Kingdom.

3. On 2 July 1944, at your villa Cava Dei Terreni, I informed you orally but verbatim of the contents of the letter.

4. Since the matter of the return of Col. Young has been dealt with directly by you with me, without reference, in my presence at least, to the present head of the Administrative Section, the enclosed letter is sent directly to you. It has never been the subject of comment between Brigadier Upjohn and me. A copy is forwarded herewith for reference to Brigadier Upjohn or to Colonel Young, if you see fit to make such use of it.

PERSONAL

Dear Ellery:

One matter which I did not have a chance to speak to you about yesterday arose from a talk I had with T. V. Smith. I called on him to talk over the circumstances leading to the appointment of Major Murphy which I had not theretofore had an opportunity of doing. Col. Smith said that he felt the work with the Education Subcommittee was approaching completion and that its functions could be performed by one or two civilian advisors. He has undoubtedly brought this to your attention, but I am mentioning it to you since I think that in the course of your reorganization a step of this sort in respect of one or two Subcommittees should be carefully considered.

① "I am sorry that Lush takes so personally suggestions which are advanced for the purpose of discussion rather than combat. I still believe that he is making a mistake in setting himself so firmly against the removal of local administrative authority at the regional level. In your consideration of the matter, if it is still open for consideration, I think you should, in addition to the views of Graffey-Smith and Hancock, get the advice of Poletti who knows Sicily pretty well and also those of Norman Fiske who has been digging into local administration a good deal. The saving in personnel itself would not be great. It is the establishment of lines back to Rome and forcing responsibility on the provincial authorities which to me is more important."

3017 I am not trying to fight the battle of Gettysburg again, but I do feel an inflexible attitude colored, I think, by the feeling that the Italian problem is no different than that of colonial administration, is bad thinking.

Thanks very much for your hospitality. I hope to be up again before long. Meanwhile, I will be glad to share my tent with you any time you happen to come by.

Sincerely,

Rich

SUBJECT: A.C.C. Sub-Commission on Education

1. At the suggestion of Lt. Col. Mitchell, this memorandum has been prepared for your information.

2. Since the assignment of the undersigned officer to the A.C.C. Sub-Commission on Education as of 1 August 1944, he has conferred in Washington with Major-General Hildring, Mr. McCloy, Asst. Sec. of War, Mr. Shaw, Asst. Sec. of State, and with Mr. Dunn, Chief of the Western European Division and Mr. Jones, Italian Section, both of the State Dept. In addition, files of correspondence and reports, particularly those pertaining to education, were placed at his disposal.

3. General Hildring made it clear that the business of the Sub-Commission on Education was to:

- a. Re-open the Italian schools as quickly as possible;
- b. Eliminate all Fascist teachers and instruction and anti-Allied sentiment; and to
- c. Re-establish the educational system in the normal Italian manner.

The General's opinion was most decided that there was to be no indoctrination of ideas other than Italian nor any proposals not compatible with Italian thought or practice. This opinion was also expressed by Messrs. Shaw, McCloy, and Dunn.

4. At the suggestion of General Hildring and Messrs. McCloy, Shaw and Dunn, the undersigned officer also called on Msgr. Carroll, asst. general secretary of the National Catholic Welfare Conference and a brother to the Msgr. Carroll of the Vatican Secretariate of State. The Msgr. expressed his satisfaction that something had been done to alleviate the Italian situation with respect to education but deplored the fact it had taken the War Dept. so long to act.

5. General Hildring emphasized the fact that he had taken charge of picking the officer for this assignment to the Sub-Commission on Education and that he expected him to be the ranking American officer of the Commission. Reference was made in the P&T section of C.A.D. to the General's letter to Col. Spofford (23 June 1944) stating his wishes as to the disposition of three American officers now on the Commission. It was felt, also, that if the British had made no attempt to replace Lt. Col. Gayre, the ranking American officer might be named the chairman.

6. General Hildring's concern culminated in a request for personal letters as the work progressed. It is realized satisfactory arrangements will have to be made on this point.

Dear Ellery:

This is in reply to your letter of 17 July enclosing a letter from Colonel Rollett together with a copy of his request for reassignment.

Your letter reached me on my return from leave. The matter had come through from Caserta by wire while I was away and was dealt with by Bill Chanler, who is in charge in General Hildring's absence. I think that it will be worked out so that Charley will be brought back forthwith, although there does not seem to be anything to keep him busy in Civil Affairs Division. I think, therefore, that he will be able to get out if he wishes to do so.

Dear Admiral:

Reference our recent telephone conversation regarding the assignment of Brigadier General Lucas V. Beau, Jr. as Deputy Director of the Air Force Subcommittee, Allied Commission, I have discussed the matter with General McNarney, who approves of this action. I have also discussed the subject with Brigadier General James A. Mollison in order to determine most suitable procedure for making this assignment.

As a result of the above, I believe that the best way to handle the matter is for you to issue an order appointing General Beau as Deputy Director of the Air Force Subcommittee. Copies of the assignment order should be forwarded to Allied Force Headquarters; Commanding General, MTOUSA; and Commanding General of Army Air Forces, Mediterranean Theater of Operations. Headquarters, U. S. Army Air Forces have been informed through General Mollison that General Beau's assignment to the Air Force Subcommittee is in addition to his other duties. Your order should state that General Beau is being assigned "with the concurrence of Commanding General, AAF/MTO."

If the above does not meet your approval in any respect, or you consider that any additional action is necessary from the viewpoint of the Allied Commission, please let me know.

Chief Commissioner.

1. I regret to inform you that I have heard unofficially that Colonel John LEGG the Director of your Food Sub-Commission is being invalided to England. I think the reason is the recurrence of trouble due to a wound in the back during the last war, brought on by over-work.

2. This is a very serious matter because his Number 2, Colonel IMRIE, is also due for release.

3. We have to consider whether we should retain Colonel IMRIE for operational reasons or appoint either Lt.Col. TOSCANI (A) or Lt.Col. RUCK (B).

4. Lt.Col. TOSCANI is essentially a field man whom I had intended to send to VENEZIA GIULIA. I am not certain that he would be capable of handling food on a high level and in contact with the Italian Government but with the assistance of Major Cooper at present in the Food Sub-Commission this might be possible.

5. Lt.Col. RUCK is able but again I doubt if he is of the calibre of a Director. It may be necessary to find someone from outside the Commission.

6. Colonel DENSMORE, however, is considering the matter and perhaps we can discuss on Tuesday.

7. He will not be leaving for some days & I expect you will want to see him. One of your very best officers.

MEMORANDUM TO: Executive Commissioner.

Excluding the Finance Sub-Commission, which is joint, and including the PRB as a Sub-Commission, the present distribution by nationalities of the directors of sub-commissions is 13 British and 8 American. If AFHQ adopts our recommendation to eliminate the Shipping S/C, the distribution would then be 12 British and 8 American.

In recent months, as directors have been relieved, we have departed from the former nationality designations as, for example, in the Legal S/C and Monuments and Fine Arts S/C, where American directors were relieved by British. Since due to re-deployment, the present distribution has swung back to be heavily British, it is vitally important that we restore a better balance. For this reason it is important to provide for American replacements as British directors leave, whenever this can be arranged.

Therefore, Brigadier Parkinson should not be relieved by a British officer, particularly when Colonel Page is senior to all British officers in the Sub-Commission.

Dear Bill:

With reference to my official request to retain Lieutenant Charles E. HOBBS, (S) USNR, with the Allied Commission, at least until the end of the year, I hope very much that you can see your way clear to take the requested action.

Hobbs has done, and is doing, an outstanding job. In fact, he is my number two P.R.O. and his loss would be very severely felt, particularly from the American point of view.

I know you will do what you can.

Dear Admiral Stone.

I have tried on several occasions to see you and to discuss with you a problem which I consider of some importance to A.C. Not succeeding in this I feel constrained to write you, very much against my desire, as I prefer the discussion method.

You have been advised that, whatever position may have been in mind for me, the fact is that I have had no work to do now for several weeks and that Brig. Anderson suggested that I see you. As I apparently have no superior who can give me any work to do befitting my qualifications, I have no alternative but to address myself to you, as my Commanding Officer, for a solution of this problem.

You are well aware of my accomplishments in Italy, which abounds with proof thereof, and with scores of references thereto by Army, A.C. and Italian officials attesting this fact. On the other hand no shortcoming on my part has ever been called to my attention, officially or otherwise.

The recent undeserved humiliations, therefore, which I have suffered, have been most painful. That is particularly felt after 40 years of professional success and high standing and I think I am

entitled at least to an explanation.

In the midst of all this, the most important job confronting Italy today in its rehabilitation problem is not being accomplished for the want of a qualified Director.

As a consequence, I believe you will understand where I say that I feel that my presence here is no longer productive of the results of which I am capable.

Officially I am still the Director of the P.W. & V. S/c, as you have issued no orders to the contrary. This has caused some confusion under the present setup.

It is, therefore, respectfully and regretfully requested that I be officially relieved of the Directorship of the P.W. & V S/c and that I be authorized to return home at the earliest possible date.

99! In closing I wish to express to you my sincere appreciation for what you have done for me and which has been among the few things inspiring confidence and urging me on to still further efforts.

Sincerely

H.A. Smith
Col. C.G.

SUBJECT: Officers for University Training Command.

TO : G-5 Section, Allied Force Headquarters.

1. Reference letter order Headquarters Command Allied Force, dated 27 June, subject: Orders (156 June) detailing officers on DG with University Training Command and telephone conversation Mitchell to Parkin this date. Mitchell stated that Maj Gen Nelson agreed that eleven of the twenty two officers would report at once and that the balance would be searched to provide eleven more officers if available.

2. The following is a list of the eleven officers retained with reasons set opposite their names as to why they are not available:

Lt Col M.P. Norton is the Liaison Officer at Palermo, Sicily. By direction of AFHQ, the Liaison Office is to be maintained in Sicily and a suitable replacement for Col Norton on that job is not available.

Lt Col E. Spencer is the Regional Sanitation Officer for Lombardia Region. Because of the continuous and drastic reduction in Public Health specialist officers, there is no other officer available to take his place and certainly none as well qualified.

Major K.J. Curran is a Food Officer at Headquarters Allied Commission and is responsible for the coordination of the transportation of food and the processing of transportation requests by the Italian authorities.

Major E.H. Fisher is the Labor Officer for Liguria Region. At no time in the past year and a half have there been enough Labor Officers. Additional Labor Officers are required at present to handle the increasingly difficult labor problems in the North.

Major G.H. Moorman
Major J. Lund are Provincial Officers in Piemonte and Lombardia Regions respectively. Capable Provincial Commissioners are difficult to find and these two Majors are doing excellent jobs in Lieutenant Colonels' vacancies.

Major A.H. Reede is a Finance Officer at Headquarters Allied Commission. Serious reduction of Finance Officers in the Allied Commission and the present overworked condition of those Finance Officers remaining do not recommend further reduction.

Captain Y.A. Neal

Captain A.A. Simpson Jr

1st Lt H.F. Goker

1st Lt J.A. Van Merde are Provincial Officers of proven ability. There is a definite scarcity of Provincial Officers as is attested by the training and attachment of officers from combat organizations to the Northern Regions. Not all of the Military Government School trained combat officers have reported for duty and some that have reported for duty have since that date been withdrawn by their units which are being redeployed to other theaters.

SUBJECT : Relief of Col. A.E.Young (B)
as Deputy Chief of Public Safety Sub-Comm.

TO : Vice President, Admin. Section.

1. On Sunday, June 11th, I orally stated to you that I did not wish to have Col. A.E.Young (B) continue to serve as Deputy Chief of this Sub-Commission. The matter has since been the subject of discussion, but no formal action has as yet been taken.
2. Col. Young is now engaged in other activities the nature of which I am unaware, but he is still nominally Deputy Chief of this Sub-Commission. This anomalous situation should, I submit, be immediately rectified.
3. While Col. Young possesses, as I have earlier indicated, force, energy and a high degree of skill as a professional practical policeman, I offer the following opinions with respect to his qualifications as Deputy Chief of Public Safety:
 - a) He has failed to show the qualities of fairness and impartiality to and collaboration with American officers which I consider indispensable to the successful conduct of an Allied enterprise.
 - b) His attitude toward Italian governmental officials has at times been characterized by an arrogant and dictatorial manner, rather than by the tact, discretion and judgment which should pertain in contacts with officials of a co-belligerent power.
 - c) His personal ambition which forms the well-spring of his force and energy has tended to obscure his sense of loyalty.
4. It is recommended that he be relieved as soon as possible and that I be permitted to recommend a British officer to succeed him.

1. In compliance with paragraph 2 of basic communication, this correspondence is being referred to your headquarters per RWPCC radio J 12624.

2. There is an extreme scarcity of qualified officers for duty in the Allied Commission and not one of the officers can be released for temporary duty elsewhere without placing an increased load of duties and responsibilities on the remaining officers. All of these officers are holding positions for which replacements are not available. As can be seen from the attached description of assignments and locations, their duties range from director of a sub-commission to regional specialist Officers, to officers in scarce categories. When Admiral Stone, the Chief Commissioner of the Allied Commission makes a personal appeal to Gen. Spofford, Deputy Chief of Staff, G-5 AFHQ, it can be clearly understood how urgently necessary it is that these officers be retained for full duty.

3. Unless this headquarters receives information of the contrary, it will assume that no further action will be taken to send any of these officers on detached service to the University Training Command, Florence.

I was a little surprised to see Adj: 300.4, Travel Orders, of 7 June 1945, by which you detached Captain Montant from the Establishment Section without discussion with me. You will recall that you yourself pointed out that the work of the Establishment Section would be better handled when you returned him to Parkin from his previous duty with you when you were on the German POW assignment. I do not see why Montant is necessary to you in the North and he certainly is very necessary down here.

In this connection, with Kirkwood shortly to be unassigned, what would you think of putting him in charge of the Establishment Section which does need and will continue to need good staff work? He is senior to Parkin, which might make for less difficulty than my original idea of putting Densmore in charge. I should be grateful for your unofficial comments.

Director, Air Force Sub-Com.

You will be aware that the refugee and displaced persons problem in the North has already assumed very serious proportions. The AC is finding it impossible to obtain the personnel necessary to deal with the movement. The Chief Commissioner would be glad to know whether you can spare for temporary duty with the Displaced Persons and Italian POW Sub-Commissions 5 officers from your Sub-Commission, in order to overcome the initial difficulties of this movement. The officers will be required for not more than two months and would be engaged in the organisation of camps, receiving centres and transportation of these displaced persons in the North.

1. On 5 May this HQ sent a telegram allocating the 68 American officers allotted to AC by AFHQ for work in the Northern Provinces, as follows:

18 to NW Italy
30 to EMILIA Region to replace Austrian officers
20 to VENEZIA Region.

2. I asked Colonel Monfort to follow it through and you will remember that there has been difficulty with DCAO 5 Army who is unwilling to release or follow the allocation set down by this HQ.

3. I rang up your DCAO this morning who desisted at asking General Hume to post officers other than where he wanted them to go. He said that he would, however, if I wished, deliver a message saying that I was acting on your instructions as DCAO to have the officers posted to Emilia Region.

4. I affirmed this, pointing out that we had just removed 29 officers for Austria from Emilia, that they were desperately short, had a large devastated area, and were about to receive 300,000 Germans.

5. AFHQ have confirmed that the officers were definitely posted for use by AC/AMG and we must keep the filling up of our Regional staffs in our own hands.

1. Colonel BEHRENS has been Acting Director of the Legal Sub-Commission for 6 months. I am sure that, with your own experience, you agree that this is an unhappy position for any officer.

2. I think the time has come to recognise in his turn his outstanding services and notwithstanding the effect on parity, to confirm him as Director. It is most unlikely that we shall obtain the services of any US civilian for the post and indeed it now is too late to indoctrinate a new Director at this stage.

Subject: ORDERS - Temporary duty.

1. It is requested that Captain H. St. John BUTLER, U.S. Navy, (Ret'd) 71277, be ordered about 15 May 1945, to report to the Chief of Naval Operations for temporary duty, approximately one month's duration, to discuss matters relating to the Italian Navy and personnel requirements for the Navy Sub-Commission, Allied Commission.

2. Captain BUTLER has been in this theater 16 months and is Chief Staff Officer of the Navy Sub-Commission, Allied Commission. While his services are indispensable as he occupies a key billet in which he has performed his duties in a highly efficient manner, it is considered that his services can better be spared at the present time than in the future. It is essential that he continue in his present duties upon completion of temporary duty.

Dear Prince Doria:

In our recent conversation, I told you that we would retain Lt. Col. Andrews in Rome as long as it was practicable to do so. Recent directives, however, withdrawing Allied officers from Italian Government territory, make it imperative that Lt. Col. Andrews be moved elsewhere.

I regret very much that this action is necessary, especially since at the time I spoke with you I expected that it would be possible to retain him for several weeks at least. Unfortunately, in the circumstances it is not possible to do so.

With all good wishes,

NORMAN E. FISKE
Sincerely yours,Prince Filippo Doria-Pamphili
