Dear Admiral:

I wish to thank you for your kindness with which you have listened to me, when I told you of the urgent desire of my sister in law Gretel Mattioli who wishes to see her 86-year-old mother, Mrs Wilma Heyliner - Vienna, Seisgasse 18, 4th district again, after eight years of separation. As she is ill, she may die suddenly.

Mrs Gretel Mattioli is the wife of my brother, Prof. Aldo Mattioli, Bologna, Via Roma 6, who is teaching literature at the Minghetti Lyceum, Bologna.

Every attempt that my sister in law made to get to Vienna has failed and therefore I appeal to you in order that you may help her.

Mrs Gretel Mattioli was born in Vienna and the authorities to issue the passport might be the Questura di Bologna, but an Allied permit or approval is requested.

Caro Memo,

ti ho telefonato qualche giorno fa per chiederti notizie di una pratica relativa alla Signora Gisella Mayer, nata in Cecoslovacchia, suddita austriaca, divenuta apolide a seguito delle leggi di Norimberga, oggetto di una domanda di un visto di ritorno in Italia dall'Austria inviata il 7 gennaio u.s. dalla Questura al Ministero degli Esteri con nota n. 026 970/15.

Ti sarei molto grato se, per mettermi in condizioni di informarne un Ufficiale di questa Commissione Alleata, mi volessi - appena possibile - far sapere qualcosa al riguardo.

Due anni or sono mio padre morì ed io unico figlio essere rimasto in Italia con la mamma che pure morì, non mi riesce di ottenere un "visto" dal Consolato Americano di Torino, nonostante che lo zio superstito John DATA abbia documentato con incartamenti legalizzati dalle autorità americane (e da me depositati all'On. Consolato di Torino) ogni garanzia per me, sia di vitto, alloggio soggiorno e quanto altro possa occorrermi. Risulta anche un deposito di 25.000.- dollari presso la The First National Bank of Elly, Nevada

Non solo, ma la ditta PUGNO EVASIO di Pio - TORINO - via Argentero n° 3, presso la quale da anni sono attivo collaboratore, necessitando inviare negli UNITI STATI d'AMERICA una persona di fiducia onde studiare il mercato e le possibilità di trattative per acquisti di zucchero e derivati, in considerazione delle mie necessità, mi premevole, provvedendo senz'altro al pagamento del viaggio di andata e ritorno.

Sono in possesso del passaporto rilasciato dalle Autorità Italiane, ma ciò nonostante l'On. le CONSOLATO UNITI STATI D'AMERICA di Torino mi dice che non è ancora sufficiente.

Ritardando di alcuni mesi la mia partenza, potrebbe pregiudicare l'incarico commerciale che la Ditta PUGNO desidera affidarmi conseguentemente privarmi di considerevoli condizioni finanziarie, se l'Eccellenza Vs/ non vorrà compiacersi di facilitare cotesto "visto" Con osservanza, infinitamente La ringrazio.

The undersigned FRISCIONI Ferdinando was about to start for U.S.A. in September last, but could not obtain the necessary visa for himself and his mother because lacking of passport due to an error in his last name.

Your letter of November 4, 1946, to Ambassador Murphy enclosed a copy of your letter of September 23 which in turn forwarded a letter from the Cuban Charge d'Affaires in Rome, Mr. Miguel A. Espinosa, regarding his desire to have his mother-in-law now in Germany come to Italy. We have been unable to find any trace of your letter of September 23.

You may wish to advise the Cuban Charge d'Affaires that for his mother-in-law, Mrs. Hella Jasching, to leave Germany it will be necessary for her to apply for and to receive a military exit permit. Sir,

In November 1945, this Embassy was approached by Miss Annemarie D'ANS, a Belgian citizen, residing at Trieste, Via Commerciale, 7, in order to obtain news from her family living in Berlin prior to the war.

According to information received from the Belgian Mission in Berlin, the members of Miss D'ANS' family are still residing at their previous address, Rothenburgstrasse, 21, Berlin.

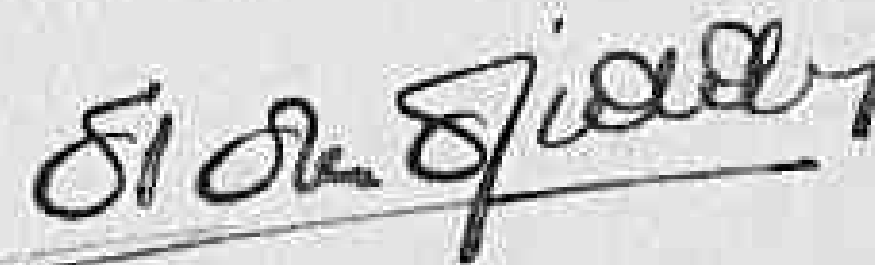

Miss D'ANS is very eager to visit her family and has through the intermediary of this Embassy, applied for a Military Entry Permit in order to travel to Germany. I very willingly recommend to your kind attention the application of Miss D'Ans and would be grateful to you for letting me know the result of same.

I wish to state that the parents of Miss D'Ans like herself, are of Belgian nationality and that her father is presently said to be professor at the University of Berlin.

Rome, 29 August, 1946.

Dear Lieutenant,

The Provisionary Head of the State has received a request from Princess Erminia Aragona Pignatelli asking permission to go to Asmara to join her son who resides there, and who has recently lost his twelve year old daughter.

I will be grateful if you will let me know what she must do in order to obtain this permission with the Allied Commission.

This is a particularly pitiful case, and I hope you will give it your full attention. In the meantime please accept my best regards and hoping for a speedy reply.

I remain,

Yours truly,

(Dott. Francesco Cosentino).

Caro Tenente,

è pervenuta al Capo Provvisorio dello Stato un'istanza supplichevole di una povera madre, la Principessa Erwinia Aragona Pignatelli, la quale chiede il permesso di recarsi in ottobre all'Asmara per trascorrervi un paio di mesi in compagnia di un figlio che risiede colà e che è stato provato recentemente dalla grande sventura di perdere, per embolia, una bambina di 12 anni.

Le sarò grato se mi vorrà far sapere quali pratiche la Signora suddetta deve espletare presso codesta Commissione Alleata.

Nel richiamare sul caso veramente pietoso la Sua particolare benevola attenzione, in attesa di un cortese cenno di riscontro, gradisca i miei cordiali saluti e mi creda Suo

Office of the Executive Commissioner

Ref: 731/135/EC.

10 August 1946.

Dear Dr. Smoljaka:

71 I refer to your letter 1040/46 of 18 July 1946, to my reply thereto dated 29 July, and to my conversation with you yesterday.

The procedure with which you were asked to comply by my letter of 29 July has been set up as a matter of administrative machinery applicable to all persons who wish to pass through Zone "A". The fact is that with the present reduction of staff the Travel Control Section of Allied Force Headquarters, which is attached to this Commission, will shortly cease to operate and has instructions to hand over some of its functions, as described in my letter, to the Questure.

The Allied Commission has also been instructed to reduce as many of its functions as possible and owing to reduction of staff cannot continue to perform many of the services which in the past it has been able and happy to carry out for the assistance of members of the Advisory Council, like yourself and your staff. It is realized that such reductions might cause some inconvenience in various quarters but it had been hoped that these would have been accepted by all concerned, as in fact they have been accepted by the majority.

If, however, your delegation find it impossible to comply with the procedure, as a matter of courtesy I am prepared to authorize my office to act as a channel between you and the Questure in cases where permits for members of your staff are concerned. I must warn you, however, that the procedure will entail a certain loss of time.

Yours very truly,

29 July 1946

Dear Dr. Smolke,

In reply to your letter of July 18th referring to travel into Italy and permits for crossing Zone A, I should like to point out the following procedure laid down by A.P.R.C.

Since 25th March the Allied Force permit system was abolished for entry into Italy from all countries except Austria and Germany, the Italian Government has re-assumed full responsibility for the control of entry into Italy and visas must be obtained.

The Liaison Officer to Advisory Council to Italy is unable to procure visas as in the first place they are unacceptable by you on your passports and you have not made any direct applications for these through the Liaison Office to pass to the Italian Government.

As for the permits to enter Zone A, A.P.R.C. has laid down the new procedure as follows: -

Applications must be made to the Questura who refers them to the Anglo American authorities in Trieste.

Attention is drawn to the fact that there is no question of Zone A, being under the Italian Government, and all that is happening is that the Questura is being used merely as an administrative office for this purpose and is now the correct channel for obtaining these permits.

The (G.2) travel control office in the Allied Commission has ceased to provide these permits and your secretary was informed of this six weeks ago, the last passes being issued as a special favour until you were acquainted with the new procedure.

AUTHORISATION TO FLY BREDA I-LUDO

REQUESTED BY "INCOM" COMPANY

Present directives for Italian Civil Aviation do not cover the flying requested by the "INCOM" Company.

2. Recently, however, this Headquarters has submitted a letter to Air Headquarters Italy listing the types of commercial flying which the Italian Government would like authorised and the request covers the use of a limited number of light aircraft in business organizations to be used for the rapid transport of their employees.

3. No answer, giving approval to this request for overall Civil Aviation, has yet been received from Allied Headquarters Italy.

4. A draft reply to the INCOM Company is attached for the Chief Commissioner's approval.

Dear Mr. Pallavicini:

I refer to your letter dated 20 July 1946 in which you request permission to fly your BREDA aircraft for business purposes.

At present authority cannot be given as the directives now in effect do not permit any form of civil aviation with the sole exception that permissive approval has been given to the Italian Government "to operate internal civil air lines".

However, Allied Headquarters Italy have been asked to authorize a plan which covers most types of commercial flying and when this is considered and approved, the Italian Government and Air Ministry will be notified by the Air Forces Sub-Commission, Allied Commission.

It is expected that such approval will include authorization for the type of flights you have requested.

Sincerely yours,

Dear Brigadier Lush,

I have the honour to apply to you in order to request your assistance.

As it is known, according to the Moscow resolution the particular duty of the Advisory Council for Italy is to watch the operation of the machinery of control in Italy, which is enforcing the terms of surrender. It results clearly therefrom that the members of the Delegations on the Advisory Council for Italy are a part of the inter-allied control body in Italy.

It is generally known that there are neither direct nor diplomatic relations of any kind between the Yugoslav and the Italian Government. It is therefore not clear how can it be requested from the members of the Yugoslav Delegation to apply for entry permits for Italy to a Government with which they do not have any relations and whose work they have the duty to supervise through the Advisory Council for Italy. Notwithstanding that, if the Allied authorities do consider that it might be better if we had Italian visas, I cannot see the reason why the Allied Commission might not serve as a liaison to us also in these matters between the Yugoslav Delegation (as a part of the Inter-Allied Control Body) and the Italian Government, arranging this formality for us, moreover considering the fact that the Liaison Division of the Allied Commission is simultaneously performing the work of Liaison Office for the Advisory Council for Italy. But since the Liaison Division of the Allied Commission refused on some recent occasions to intervene for the Yugoslav Delegation in getting visas, I have the honour to draw your attention to this fact, applying to you to arrange that this may not be repeated in future.

For exit from Italy to visa is ^{requested} ~~required~~. It is only necessary to get the permission of the Allied authorities for transiting the zone "A". Nevertheless, when our secretary Mr. Veljacic requested such a permission for a member of our personnel, Maksimilijan Popovae, a few days ago, the Liaison officer replied to him that our Delegation has to apply to the Italian questura for permits for transiting the zone "A". I cannot understand at all this proceeding, the zone "A" being under the administration of the and not of the Italian Government and the Yugoslav Delegation being a part of the official inter-allied body in Italy.

I am convinced that there must have been a mistake and I beg you to issue orders that the requested permission be issued to Maksimilijan Popovac.

If the statement of the Liaison Officer would be correct, this would mean that the Allied Authorities would refuse to issue permits for transiting the zone "A" which is under their control, to the personnel of the Yugoslav Delegation. In this case I would like to beg you to confirm it to me for our regulation.

My dear Dr. Prunas:

I refer to your letter 11/8169/20 dated 13 March ^{(29) a} and to our letter of even reference dated 9 March 1946.

It is much regretted that owing to a wrong interpretation by a Section of Allied Force Headquarters to the original reply from the British Military Administration in Tripolitania, Messrs. SASSOLI, FERRENO and GOFPI should have been allowed to depart for Tripolitania where they were subsequently refused entry.

I have again represented this case to the British Military Administration who state that the reasons for the journey of these gentlemen are not such as to justify the issue of entry permits. They point out that the firm of "Silca-Fiat" whose affairs the above-named desire to examine, have ceased to function as a firm having been largely taken over by the British Military Administration; and further, that as regards the purchase of motor spare parts in Tripolitania for export to Italy (which was the other reason given for the visit) there are not only none in Tripolitania but on the contrary, efforts are being made to obtain them in Italy. Therefore, it has been found impossible to give permission for entry into Tripolitania.

SHIPYARDS MAY HAVE "INTERNAL COMMITTEES"

A.M.G. CONSIDERING MEANS TO ENSURE FREE AND DEMOCRATIC ELECTIONS

"I WILL NOT TOLERATE POLICE BRUTALITY" SAYS COLONEL BOWMAN

Trieste, April 16 (U.N.N.)

The first Press Conference held by Colonel Alfred C. Bowman since his return to duty as Senior Civil Affairs Officer, Allied Military Government, Venezia Giulia, was today outstanding for three statements:

1. That A.M.G. is considering the question of the election, by democratic means, of "Internal Committees" in shipyards and other industries to safeguard the interests of workers and employers and bring about closer collaboration between them;
2. That A.M.G. does not wish to subsidise any private industry, but aims at placing all industries on a sound economic foundation; and
3. That Colonel Bowman "does not intend to tolerate police brutality of any kind" and is taking steps to ensure that all prisoners will have facilities to make complaints.

LOSS OF ORDER FOR LINER

The fact that Allied Military Government are considering the question of the election of "Internal Committees" was disclosed in answer to a long question which stated.

"At the last Press Conference, when dealing with a question concerning the loss of an order to Trieste shipyards for a 17,000 ton liner, Major Cooper (of the Economic Division), alluding to discussions which are pending with the competent Syndical Organisations prior to formulating a new legislation on labour relations, said, among other things, that no form of legislation is going to cure the present situation if the good-will and the common sense of the workers and employers will not prevail.

Public opinion has been informed, through Col. Smuts' statement on March 1946 of the situation created in the shipyards as a result of political activities operating there, despite internal regulations, with damage to production and damage not only to the welfare of workers but also to the whole city: therefore Major Cooper's allusion to common sense and good-will seems to be clear. It does not seem clear to us, however, in what way the employers should give proof of good will and common sense for a fair solution of the problem.

"At the last Press Conference, when dealing with a question concerning the loss of an order to Trieste shipyards for a 17,000 ton liner, Major Cooper (of the Economic Division), alluding to discussions which are pending with the competent Syndacal Organisations prior to formulating a new legislation on labour relations, said, among other things, that no form of legislation is going to cure the present situation if the good-will and the common sense of the workers and employers will not prevail.

Public opinion has been informed, through Col. Smuts' statement on March 1946 of the situation created in the shipyards as a result of political activities operating there, despite internal regulations, with damage to production and damage not only to the welfare of workers but also to the whole city: therefore Major Cooper's allusion to common sense and good-will seems to be clear. It does not seem clear to us, however, in what way the employers should give proof of good will and common sense for a fair solution of the problem.

"VIOLENCE WHICH STILL REIGNS"

"Can Allied Military Government express their opinion on the subject?" continued the question.

Does not the Military Government believe a first step towards a fair solution of the problem which has been created in the shipyards should be taken by making free elections of shipyard committees according to a democratic system such as was proposed by Allied Military Government last November?"

"Does not Allied Military Government believe the moment has arrived in which, in the interest of a general settlement, the workers of the shipyards should be defended, through timely and strict measures, against the violence which still reigns in the establishments in contrast with the basic principles of democracy?"

THAT MAJOR COOPER DID SAY

Replying, Major R.J. SOICOLUNA, Chief Officer of Allied Military Government Labour Division, recalled that at the preceding press conference Major Cooper actually said that "no form of legislation will be able to remedy the present situation if the good-will and good sense of workers and employers will not prevail".

"This statement," Major Soicoluna went on, "was not intended as a veiled reference to a particular situation, nor as an insinuation that workers, or employers, had not sometimes shown those qualities. Major Cooper did not ask, either directly or indirectly, for 'any proof of good sense and good-will' from the workers or employers."

"It is not necessary to say anything more on this argument, seeing that Major Cooper's statement, expressed on general lines, had the purpose of inviting the elements of production to bring about the closest understanding and collaboration, without taking into consideration what has been their relations and attitude in the past."

BRINGING ABOUT CLOSER COLLABORATION

"As to the question of free elections of the 'Internal Committees' of the industries, and more specifically of the shipyards, the Labour Division, although believing that it was not possible, or easy, to arrange these elections earlier, is of the opinion that now is the time that the legitimate representation of the workers should be expressed on the basis of democratic elections with secret and direct ballot."

"In fact" said Major Soicoluna, A.M.G. intends working out a project by law, which is already being studied regarding the constitution, function and the way of electing the "Internal Committees", believing that the working out of their relations in a legislative body would be not only of benefit to the workers and employers, but should also bring about closer collaboration between the two interested parties in production, and, as a consequence, greater industrial efficiency."

A Press Representative referred to an agreement which, he understood, was made between Marshal Tito and General Morgan whereby some form of guarantee had been given to the Sindacato Unico that the activities of the Sindacato Unico would not be affected by any A.M.G. actions with regard to shipyards or industries. Would the election of "Internal Committees" affect such an agreement, if such an agreement had, in fact, been made?

Col. Soeman: I am not aware of any such agreement.

Major Soicoluna remarked that if such an agreement existed the constituted Committees, in his opinion, would not in any way operate against it.

Another press representative asked if it were not a fact that in Italy representatives of workers had a closer say in the management of industries than in this territory.

Major Soicoluna replied that he was unaware of any ministerial decree or agreement by which such a state of affairs operated in Italy.

Replying, Major E.J. SOICHLUNA, Chief Officer of Allied Military Government Labour Division, recalled that at the preceding press conference Major Cooper actually said that "no form of legislation will be able to remedy the present situation if the good-will and good sense of workers and employers will not prevail".

"This statement, 'Major Soichluna went on,' was not intended as a veiled reference to a particular situation, nor as an insinuation that workers, or employers, had not sometimes shown those qualities. Major Cooper did not ask, either directly or indirectly, for 'any proof of good sense and good-will' from the workers or employers."

"It is not necessary to say anything more on this argument, seeing that Major Cooper's statement, expressed on general lines, had the purpose of inviting the elements of production to bring about the closest understanding and collaboration, without taking into consideration what has been their relations and attitude in the past."

MINISTRY OF FOREIGN AFFAIRS

Rome, 13 March, 1946.

Dear Admiral,

I enclose memorandum sent to the Allied Commission on 6 March, 1946. It deals with a case analogous to that of Signor Ricotti. Three directors of Fiat, after receiving authorization to return to Tripoliway, on reaching this city, forbidden to land, and compelled to return to Italy.

This episode to my mind, only confirms the necessity that, on re-examining the question of people going to and from Tripolitania, (which was announced by A.C. with memorandum No. DFE/18/18/221-1t., dated January 11th., 1946), a solution be adopted whereby the economic and human aspects be considered first. It should not, therefore, prove difficult to repatriate those people who, for family or financial motives, ask to return to Tripolitania, since every reason of a war character has long since ceased, and we cannot imagine why there is continued difficulty for the movement of passengers and goods between Italy and Libya.

We feel certain that you will give this matter your personal attention, and that the problem will soon be solved.

In the meantime I would be grateful if you would intervene, so that the directors of Fiat may be newly authorized to leave for Tripoli.

MEMORANDUM FOR THE ALLIED COMMISSION

SUBJECT: SASSOLI, FERRERO and COPPI - Return to Tripoli.

1. With note CBI 389-506/45 dated December 12th, 1945 the Allied Commission informed this Ministry that approval had been received from Tripolitania to the visit of Enrico SASSOLI, Giovanni FERRERO and Filippo COPPI (Authority: cable DSP - Tripolitania 8/15/1502 dated November 30th 1945).
2. To the a/n persons therefore were issued the necessary "travel orders" and on January 22nd 1946 they sailed on the S/S Toscana for Tripoli.
3. At Tripoli they were not permitted to land. An officer of the B.M.A. informed them that the B.M.A. opposed to the landing of persons arriving at Tripoli on business purposes. The same officer added that the authorization sent by the DSO to the Allied Commission was not valid.
4. The a/n persons had therefore to return to Italy by the same steamer.
5. In view of the circumstance that the a/n persons had been supplied with authorizations which, as far as it is known by this Ministry, are necessary and sufficient to visit Tripolitania, the reasons of the prohibition to land cannot be understood.
6. At the same time the Ministry of Foreign Affairs wish to point out the necessity of their presence in Tripolitania as specified in the paragraph 4 of the memorandum of this Ministry n.6/4723/3055, dated November 24th, 1945.
7. In view of the above considerations the Ministry of Foreign Affairs kindly request the Allied Commission to take all suitable steps in order that the temporary sojourn in Tripolitania of the a/n persons - which has already been authorized by the Allied Commission - actually take place.
8. An early reply will be greatly appreciated.

CONFERENCE OF JEWISH DISPLACED PERSONS IN ITALY

NOVEMBER 26 - 28, 1945

A. The aims of the Organization of Jewish D. P.s in Italy are:

1. to organize all Jewish D. P.s in Italy, numbering about 15,000 at the present moment, during the time of their stay in Italy;
2. to reeducate them for life in civilized society and develop their sense of social responsibility;
3. to sponsor the creation of institutions for mutual aid;
4. to educate them to productive work;
5. to satisfy their cultural and spiritual needs;
6. to fight against phenomena of demoralization among them, caused by the terrible conditions of persecution and the necessities of their fight for survival in Ghettos and concentration camps;
7. to reawaken their sense of human dignity, their self confidence and generally to give them guidance in their return to a normal way of life.
8. to promote agricultural and professional training in view of emigration to Palestine.

B. The execution of plans to realize these aims is the task of the Central Executive Committee of the Organization, whose seat is in Rome. The Central Committee gives the general directives of policy and is in perpetual contact with the Headquarters of various relief organizations. The actual work is done by four regional Committees with Headquarters at Milano, Firenze, Rome and Bari.

C. The Organization issues a weekly newspaper in Yiddish called "The Badderech" (on the way), which is published at the present moment in Milano with permission of A. M. G.; that will soon be transferred to Rome. So far 8 issues have been published.

D. A general conference of the Organization has been summoned for the following reasons:

1. To replace the provisional Central Executive Committee by a democratically elected and fully authorized Committee.

2. To discuss and clarify the problems of Jewish D. P.s in Italy, to exchange informations and experience and to find ways and means to solve these problems.

The conference will take place on November 26-28 1945. The opening session will take place in Rome, the further sessions will be held in Ostia.

E. In preparation of this conference elections have taken place all over Italy on the 8-th of November. One delegate was elected for each hundred persons, candidates had to be sponsored by at least 20. 140 delegates have thus been elected.

F. The task of the conference will be: to survey the present situation and to speed up the economic and moral rehabilitation of the Jewish D. P.s in Italy, which has already been started with the help of U. N. R. R. A. and the American Joint Distribution Committee.

G. Particular attention will be given to the very urgent problem of productivization and education. All Jewish displaced persons consider the return to productive work and the reabsorption into the economic process as the only condition of their moral rehabilitation, and they attach major

4. to educate them to productive work;

All Jewish displaced persons consider the return to productive work and the reabsorption into the economic process as the only condition of their moral rehabilitation, and they attach major importance to the cultural and intellectual work, especially since the education of a great part of them was interrupted through the war.

H. The conference hopes too to draw the attention of public opinion in the United Nations and all Relief Organizations to the urgent necessity to improve the situation of Jewish D. P.s in Italy, to hasten their emigration and settlement in Palestine, and to assist them in their efforts towards rehabilitation and ultimate emigration.

The President

Rome, 7 November 1945

My dear Admiral Stone,

I hope you won't mind my quoting to you part of a letter from my old friend, Marchese Parinola, from Buenos Aires, dated October 20th.

'I am going to ask you a favour. For a long time, I have been trying to go back to Italy. The British and American authorities with whom I am in good terms did what they could, but the authorization depends from the Allied Commission whose seat is in Caserta, and which, systematically, does not answer.

I point out to you that I am not going to increase the number of the town population, but shall settle down in my country places where my presence is necessary to re-build the ruins left by the Germans. I already have a visa for the United States, where some friends are expecting me'.

Would you very kindly contact Caserta? The approval of Folco Parinola's request seems to me advisable, for he is one of the richest landowners of Tuscany, bears one of Florence's historical names, and his presence could but increase the production of his numerous farms.

Most sincerely,

S. Gforza

My dear Mr. Sterlepper,

two or three weeks ago, I sent you a letter by post. However, I heard that postal messages couldn't be sent from Italy to Germany, so I am trying to send you these lines through the channel of the American Military Authorities. I beg you to let me have some news about my house in the Habburger Allee, 34. For three years, I have received no news from my tenant, Mr. Cornelius Gass, of Frankfurt. Is my house in good conditions? Or has it been damaged? Or sequestered? Do the tenants pay their rent to the 'Deutsche Bank' as before.

I ask you to look after my interests. Does Mr. Gass still live in my house? Please ask him to come and see you and tell you everything, so that you can send me informations. I shall greatly appreciate it.

Waiting for your answer, I remain,

Yours sincerely,
