Subject: Everest (Italian) Typewriter, Serial No. 69637

TO: Office Space Section, Hq Allied Commission

1. The above machine was given from your office on letter receipt signed by T/3 Winston for Captain F. J. Slaughter. It was in use by "files section" of this office.

2. When Captain Slaughter departed from this Hq, all the property charged to him from Hq Supply was transferred to Major Stearns, Office of the Chief of Staff. At this time the fact was overlooked that this machine was charged out by your office, not Hq Supply.

3. About 17 to 22 December Major Stearns was notified that this machine was no longer needed in this office, whereupon he placed someone (presumably Hq Supply) requesting that the machine be placed up. It was picked up by an Italian woman. No receipt was obtained by this office.

4. On 16 January I was checking through our accumulated receipt file and discovered the letter receipt for this machine, which led to my investigating to see whether or not it had been received by your office and credited to Captain Slaughter.

5. I checked with Hq Supply, S-4 (British), and the typewriter repair shop. No one had a record of the machine, and no one possessed it.

6. I have notified Major Stearns of these facts, and he said he would take care of the matter.

MEMORANDUM FOR FILES:

One Everest (Italian) typewriter was charged out to Captain Slaughter, Secretary General's Office, on letter receipt addressed to Office Space Section.

About the 17-22 December on the day when the Chief Commissioner's files were moved out of the rear office, Major Stearns was notified that this typewriter was no longer needed and could be turned into Supply. He phoned someone in Supply and asked that the machine be picked up, and it was picked up by an Italian workman.

On 16 January 1945 I was checking through our memorandum receipt file and found the letter receipt for this typewriter, and upon telephone inquiry to Office Space Section found that the machine was still charged to Captain Slaughter.

I inquired of Lt. Jones and his clerks at Hq Supply, all of whom agreed that the machine was not picked up by their Supply.

Thus the machine has disappeared, Captain Slaughter is charged for it, and it is not known by me who actually picked up the machine.
