OCT 1 1945

AG 334/231 CAO-0

28 September 1945

SUBJECT: Workers' Internal Commissions

TO: All Concerned

1. In Italian industry it is the practice, as provided for by syndical agreement, to have in each plant a committee of employees known as an Internal Commission. This committee approximates what is known as a "works" or "shop committee" in the UK or US.

2. It is the policy of this headquarters that the formation of such Internal Commissions should be authorized. When a request for Internal Commission is initiated by the civilian employees of a military installation, the responsible military commander should encourage its formation.

3. Such Internal Commissions will have the following functions within their respective plants or installations:

- a. Maintaining liaison between the workers and the employing service.
- b. Presenting grievances and/or suggestions in respect of wage standards, hours, and working conditions.
- c. Making proposals calculated to increase efficiency.

4. a. For your guidance, Internal Commissions are established in Italian Industry in undertakings employing more than twenty (20) workers and are composed of:

- (1) three (3) members in undertakings employing less than 100 workers;
- (2) six (6) members in undertakings employing more than 100 and less than 1,500; and
- (3) nine (9) members in undertakings employing over 1,500.

b. Members of Internal Commissions are elected by secret ballot of all employees (i.e., both office and manual workers).

BY COMMAND OF THE SUPREME ALLIED COMMANDER:

G. V. CHRISTENSEN
Colonel, AGC
Adjutant General

70. REPORTS FROM COMMITTEES(a) Materials Committee

Meeting of 20 AUG 45. The following items are deleted from the list of controlled and restricted items:-

1. Leather and all leather articles (w.e.f. 1 OCT 45)
2. Matches.

(b) Electric Power Committee

Meeting of 25 AUG 45. Accepted and approved. The Board accepted the recommendation made by the Committee regarding the restoration of the fuel oil supply to the MPLES Thermal Plants to its previous level. It was noted that the completion date for the repairs to the transmission line connecting Central to Southern IT/BI was now estimated to be 15 October 1945.

(c) Food Supply Committee

Meeting of 22 AUG 45. Accepted and approved.

(d) Labour & Wages Control Committee

Meeting of 23 AUG 45.

The recommendation in respect of the abolition of the present Supplementary Ration Cards was approved.

The recommendations of the Committee in respect of the minutes of meetings of Local Sub-Committees were approved.

The Board considered the findings of the Joint Military Finance Committee regarding pay in lieu of notice. It was agreed that G-4 AFHQ in conjunction with HQ ALOOM would prepare an instruction notifying all concerned that pay in lieu of notice is not authorized and that employing units should give adequate notice of cessation of employment to their civilian employees.

The HQ PPS proposal on the computation of overtime and the findings of the Joint Military Finance Committee thereon, were considered by the Board and it was decided to refer this matter back to the Labour & Wages Control Committee for further consideration.

The changes in membership as recommended were approved.

Labour & Wages Control Committee

(c) Food Supply Committee

Meeting of 22 AUG 45. Accepted and approved.

(d) Labour & Wages Control Committee

Meeting of 23 AUG 45.

The recommendation in respect of the abolition of the present Supplementary Ration Cards was approved.

The recommendations of the Committee in respect of the minutes of meetings of Local Sub-Committees were approved.

The Board considered the findings of the Joint Military Finance Committee regarding pay in lieu of notice. It was agreed that G-4 AFHQ in conjunction with HQ ALCOM would prepare an instruction notifying all concerned that pay in lieu of notice is not authorized and that employing units should give adequate notice of cessation of employment to their civilian employees.

The HQ PBS proposal on the computation of overtime and the findings of the Joint Military Finance Committee thereon, were considered by the Board and it was decided to refer this matter back to the Labour & Wages Control Committee for further consideration.

The changes in membership as recommended were approved.

(e) Labour & Wages Control Committee

Meeting of 5 SEP 45. Accepted and approved.

71. CONTINUATION OF ACTIVITIES OF THE AFIR (I) BOARD

A proposal regarding the cessation of the activities of the Board and its Committees was received from HQ ALCOM.

The Board instructed the Chairmen of the Committees as follows:

(a) Materials CommitteeFood Supply Committee

to clear up any outstanding business and where applicable to recommend procedures for dealing with those matters previously handled by the Committee.

.....(b)

- 3 -

(b) Electric Power Committee

To clear up any outstanding business and to submit a recommendation on the procedure to be adopted to ensure the satisfaction of military requirements of electric power in the future with particular reference to the NAPLES area.

(c) Labour & Wages Control Committee

To recommend procedures for the continuation of all functions performed by this Committee when the Board is dissolved.

A suggestion was submitted by the Joint Chairmen for the consideration of the Committee to the effect that the Committee might continue as at present constituted and its recommendations submitted to the C.A.O., AFHQ and Chief Commissioner, Allied Commission, for their approval prior to becoming effective.

The above recommendations to be submitted by the Secretariat to the Joint Chairmen of the Board.

72. ALLIED FORCE LOCAL RESOURCES SECTION

A.F.L.R.S. (AFHQ) reported that the question of the desirability or otherwise of continuing its activities was at present under review and that a report on this subject would be submitted to C.A.O., AFHQ.

73. NEXT MEETING

The Board was adjourned sine die and will be re-assembled at the notice of the Joint Chairmen.

ALLIED FORCE LOCAL RESOURCES SECTION (AFHQ)

10 September 1945

Report on Timber Operations of
the Allied Forces in Italy.

1. Timber is being obtained by the Allied Forces from the following areas:-
- (a) CALABRIA, in the two areas, one American, one British, reserved for the military.
 - (b) LEGHORN, on the property of the Duke of SALVIATI (U.S. Zone).
 - (c) UDINE Province, north of the town of UDINE (Br Zone).
 - (d) Provinces of BELLUNO, TRENTO and BOLZANO.

2. CALABRIA.U.S. Zone

Lumbering operations amounting to the extraction of some 10,000 tons monthly of timber are being conducted by experienced lumbermen in accordance with the best practices in the U.S. Only those trees are felled which are marked by the Italian Forestry Service. U.S. lumbering operations here will cease not later than 15 September 45.

British Zone

Wherever possible the wishes of the local Italian Forestry Officers regarding the actual area to be felled have been followed. Selective felling has not, however, always been possible due to labour, plant and transport difficulties. Every effort has been made by the Forestry Companies operating under command of D.E.S., AFHQ, and manned by personnel who were experts on timber felling in civilian life, to keep any damage to the minimum.

3. LEGHORN

Total requirements for the months of August and September are 2,720 tons, and cutting will cease by 15 September 45.

The SALVIATI Administration has been requested to mark the trees it desired cut, but as the trees selected were generally not suitable for sawing into lumber, P.B.S. has been unable to comply with its wishes. P.B.S. has offered to place the employees of the Duke of SALVIATI on the U.S. payroll at standard wages, but the offer was refused.

Lumbering operations amounting to the extraction of some 10,000 tons monthly of timber are being conducted by experienced lumbermen in accordance with the best practices in the U.S. Only those trees are felled which are marked by the Italian Forestry Service. U.S. lumbering operations here will cease not later than 15 September 45.

British Zone

Wherever possible the wishes of the local Italian Forestry Officers regarding the actual area to be felled have been followed. Selective felling has not, however, always been possible due to labour, plant and transport difficulties. Every effort has been made by the Forestry Companies operating under command of D.E.S., AFHQ, and manned by personnel who were experts on timber felling in civilian life, to keep any damage to the minimum.

3. LEGNORNO

Total requirements for the months of August and September are 2,720 tons, and cutting will cease by 15 September 45.

The SALVIATI Administration has been requested to mark the trees it desired cut, but as the trees selected were generally not suitable for sawing into lumber, P.B.S. has been unable to comply with its wishes. P.B.S. has offered to place the employees of the Duke of SALVIATI on the U.S. payroll at standard wages, but the offer was refused.

It is the opinion of P.B.S. that there should be no loss of employment for local labour as a result of the lumbering operations. Only a small part of the forest is being cut and considerable labour will be required to harvest the unusable parts of felled trees and to replant the area. Normal conditions prevail in the greater part of the forest.

4. UDINE Province

The controlled area in UDINE is being operated by D.E.S., AFHQ, and timber as being obtained by contract, the Forest owners themselves control and carry out the selective felling.

5. Provinces of PELLINO, TRENTO & BOLZANO

This area was originally under 5th Army control and was subsequently passed to P.B.S. control. No general block on timber exists in this area. P.B.S. has however taken over some 55,000 tons of lumber in stockpiles at the various mills. No military cutting of timber is taking place in these Provinces.

6. It is reported by U.S. and British Engineer Services that such timber as is being obtained elsewhere than from the above localities is in such small quantities as to be negligible.

63. MINUTES OF LAST MEETING:

The minutes of the twenty-fourth meeting held on 2 JUN 45 were received and approved.

64. REPORTS FROM COMMITTEES:

(a) Engineering Materials Committee

Meetings of 18 JUN 45 and 16 JUL 45. Accepted and approved.
The following items are deleted from the list of controlled

materials :-

1. Tin
2. Solder
3. White Metal

The Board ruled that all requests for military exports from ITALY should be submitted to AFHS (AFHQ) for clearance with HQ ALCON.

/.....If no objections

29

40 21/00

- 2 -

If no objections are raised by HQ ALCON, AFIRS (AFHQ) will submit the demand to the appropriate Committee for allocation in accordance with the established policy of the Allied Force Local Resources (Italian) Board.

AFIRS (AFHQ) undertook to investigate the present situation regarding the timber-cutting programmes of the Allied Forces with a view to ensuring that cutting is so apportioned as to utilise the whole of the timber resources of Italy rather than those of certain areas only.

(b) Electric Power Committee.

Meetings of 23 JUN 45 and 24 JUL 45. Accepted and approved.

In view of the situation regarding the supply of electric power in Southern Italy the Board considered that a meeting should be convened by HQ 3 District, at which representatives from HQ ALCON, the Italian Government and interested military services should be present. The purpose of the meeting to be to examine the present distribution of the electric power allocated by the Electric Power Committee to Southern Italy and to consider whether a redistribution of military and civilian loads can be made to effect a reduction in the existing demands and so permit of present outstanding requirements being satisfied.

(c) Miscellaneous Purposes Committee.

Meetings of 19 JUN 45 and 17 JUL 45. Accepted and approved.
The Board viewed with appreciation the progress now being made in amassing hemp in Northern Italy.

In view of the decision of the Board in minute 65 below the recommendation made in minute 77 of the meeting of the Miscellaneous Purposes Committee held on 19 JUN 45 was withdrawn.

(d) Food Supply Committee.

Meetings of 20 JUN 45 and 18 JUL 45. Accepted and approved.
G-4 (A), AFHQ stated that :-

(i) OM USPOUSA would not be obtaining further supplies of fresh vegetables on a replacement basis and that future purchases would be limited to spot surpluses.

(ii) Pulses would be made available to the Italian Government in exchange for such fresh vegetables as were obtained on an exchange basis during the months of June and July.

(c) Miscellaneous Purposes Committee.

Meetings of 19 JUN 45 and 17 JUL 45. Accepted and approved.
The Board viewed with appreciation the progress now being made in amassing hemp in Northern Italy.

In view of the decision of the Board in minute 65 below the recommendation made in minute 77 of the meeting of the Miscellaneous Purposes Committee held on 19 JUN 45 was withdrawn.

(d) Food Supply Committee.

Meetings of 20 JUN 45 and 18 JUL 45. Accepted and approved.
G-4 (A), AFHQ stated that :-

- (i) OM LUSAS would not be obtaining further supplies of fresh vegetables on a replacement basis and that future purchases would be limited to spot surpluses.
- (ii) Pulses would be made available to the Italian Government in exchange for such fresh vegetables as were obtained on an exchange basis during the months of June and July.

(e) Labour & Wages Control Committee.

Meeting of 26 JUN 45. Accepted and approved.

The Board decided that the formation of Workers' Internal Commissions with certain defined activities should be encouraged in plants operating under the control of the Allied Forces.

AFIRS (AFHQ) was directed to prepare a letter, in conjunction with the Director of Labour Sub Commission HQ ALCOM, defining the activities of the Workers' Internal Commissions, informing military commanders of the above decision and directing that the facts of any cases of refusal of permission for the establishment of Workers' Internal Commissions be forwarded to AFIRS (AFHQ). The AFIRS (AFHQ) letter to be submitted to the Joint Chairman of the Board for approval prior to distribution.

Meeting of 19 JUL 45. Accepted and approved.

The Board instructed the Committee to consider the modification of the existing regulations regarding the dismissal of employees and the non payment of dismissal bonuses in lieu of notice with a view to establishing a procedure more in keeping with the recognized practice in the employment of labour. If the Committee considers it necessary the Joint Chairmen of the Board are prepared to take interim action on the recommendations on this subject.

- 3 -

65. FORMATION OF THE MATERIALS COMMITTEE.

The Board decided to dissolve the Engineering Materials Committee and the Miscellaneous Purposes Committee. The functions of these two Committees would be undertaken by the Materials Committee, constitution of which is as follows :-

Chairman:

Brigadier D.L. ANDERSON, C.E.S.
(Deputy Vice President Economic Section, ALCOM)

57. MINUTES OF LAST MEETING:

The Minutes of the twenty-third meeting held on 5 May 45 were received and approved.

58. REPORTS FROM COMMITTEES:

(a) Engineering Materials Committee

Meeting of 16 May 45. Accepted and approved.

(b) Electric Power Committee

Meeting of 29 May 45. Accepted and approved.

(c) Miscellaneous Purposes Committee

Meeting of 19 May 45. Accepted and approved. HQ ALCOA reported that:-

(i) approximately 20,000 tons of Raw Hemp was available in the DOLOMNA - FERRARA area, but was not amassed.

(ii) its amassing provided a transportation problem only, other difficulties being now resolved.

27
/(iii) details.....

- 2 -

- (iii) details of transport required had been passed to 15 Army Group;
- (iv) failing provision of necessary transport by 15 Army Group, ALOOM would make a formal request for assistance to AFHQ.

(d) Food Supply Committee

Meeting of 24 May 45. Accepted and approved with the exception of Minute 68 - Membership, which was not approved.

(e) Labour & Wages Control Committee

Meeting of 23 May 45. Accepted and approved. It was agreed that the authority for the establishment of Local Sub-Committees should be extended for application by Armies within their respective territories. A/CAO undertook to arrange for an instruction to be issued from AFHQ which would define the extent and limit of the powers of such Local Sub-Committees.

59. EXCHANGE OF PULSES AGAINST FRESH VEGETABLES:

A request submitted by the Allied Forces supplying services for a review of the present policy governing the exchange of pulses from military stocks against fresh vegetables from local resources was considered. After general discussion, the Board agreed that no change should at present be made to the existing procedure.

60. VICE-CHAIRMAN, ELECTRIC POWER COMMITTEE:

The Board agreed to the appointment of the Chiefs of Section, AFIRS (AFHQ), as Joint Vice-Chairmen of the Electric Power Committee.

61. DATE OF NEXT MEETING:

The next meeting of the Board will be held at 1130 hours on Saturday, 4 August 45, in the AFIRS (AFHQ) Conference Room, 2nd Floor, 68 Piazza dell'Esedra, ROME.

59. EXCHANGE OF PULSES AGAINST FRESH VEGETABLES

A request submitted by the Allied Forces supplying services for a review of the present policy governing the exchange of pulses from military stocks against fresh vegetables from local resources was considered. After general discussion, the Board agreed that no change should at present be made to the existing procedure.

60. VICE-CHAIRMAN, ELECTRIC POWER COMMITTEE:

The Board agreed to the appointment of the Chiefs of Section, AFIRS (AFHQ), as Joint Vice-Chairmen of the Electric Power Committee.

61. DATE OF NEXT MEETING:

The next meeting of the Board will be held at 1130 hours on Saturday, 4 August 45, in the AFIRS (AFHQ) Conference Room, 2nd Floor, 68 Piazza dell'Esedra, Rome.

F.A., RAF

Flag Officer, Northern Area, Mediterranean

& REPRESENTATIVES OF:

49. MINUTES OF LAST MEETING:

The Minutes of the twenty-second meeting held on 7 April 45 were received and approved.

50. REPORTS FROM COMMITTEES:

(a) Engineering Materials Committee

Meeting of 11 April 45. Accepted and approved.

(b) Electric Power Committee

Meeting of 17 April 45. Accepted and approved.

The Chairman of the Committee reported that, in view of the reports on the electric power situation in ELOGMA now received, the 8.00 MW x 10³ earmarked for that city and temporarily allocated to 1 District would not be required, and would remain allocated to 1 District.

/ (c) Miscellaneous Purposes.....

4031/c

4031

215

- 2 -

(c) Miscellaneous Purposes Committee

Meeting of 14 April 45. Accepted and approved.

AFIRS (AFHQ) submitted a report on the result of a reconnaissance recently carried out by Allied Commission in conjunction with AFIRS on the Hemp situation in the TERRAZI area. The reconnaissance revealed that approximately 24,000 tons of Hemp were available in that area. This Hemp had not been assessed or baled and was for the main part lying stacked on farms. The availability would allow sufficient Hemp to be moved to AFIRS area to ensure full production until the assessing of the 1945 crop, and leave a substantial balance for use in the North. The Board directed AFIRS to draw the attention of HQ No.1 District to the importance of conserving the Hemp in this territory and to the necessity of avoiding damage to it by troops.

(d) Food Supply Committee

Meeting of 13 April 45. Accepted and approved.

The Chairman of the Committee reported that it was hoped to have the NAPLES Yeast Factory operating in one month's time and that a survey was being undertaken of Yeast manufacturing facilities in the North.

(e) Labour & Wages Control Committee

Meeting of 14 April 45. Accepted and approved.

The Chairman reported that three local Sub-Committees, established in accordance with AFHQ Administrative Memorandum Number 25 dated 18 April 45, had already held meetings. HQ AFHQ had issued instructions for the formation of Joint Advisory Committees, one for each AF Region, and an aide memoire had been passed to the Italian Government suggesting the establishment of Wages Regulating Boards in that territory under its control. No reply had as yet been received from the Italian Government.

Meeting of 27 April 45. Accepted and approved.

The representative of the Flag Officer, Northern Area Mediterranean, agreed that the particular recommendations recently submitted would, in the main, be met by the increase in the quantity of the midshift meal and the provision of a standard meal for office workers which would be authorized in an AFHQ Administrative Memorandum shortly to be published. On the question of a further extension of the supply of food to Italian civilian employees, G-4 (A) representative drew the attention of the Board to the prevailing world shortage. The Board emphasized that any extension or increase in demands for foodstuffs would require to be very carefully scrutinized.

The representative of the Commissioner, AFHQ, informed the Board that the Economic

(c) Labour & Wages Control Committee

Meeting of 11 April 45. Accepted and approved.

The Chairman reported that three local Sub-Committees, established in accordance with AFHQ Administrative Memorandum Number 25 dated 18 April 45, had already held meetings. HQ ALCON had issued instructions for the formation of Joint Advisory Committees, one for each AFHQ Region, and an aide memoire had been passed to the Italian Government suggesting the establishment of Wages Regulating Boards in that territory under its control. No reply had as yet been received from the Italian Government.

Meeting of 27 April 45. Accepted and approved.

The representative of the Flag Officer, Northern Area Mediterranean, agreed that the particular recommendations recently submitted would, in the main, be met by the increase in the quantity of the midshift meal and the provision of a standard meal for office workers which would be authorized in an AFHQ Administrative Memorandum shortly to be published. On the question of a further extension of the supply of food to Italian civilian employees, G-4 (A) representative drew the attention of the Board to the prevailing world shortage. The Board emphasized that any extension or increase in demands for foodstuffs would require to be very carefully scrutinized.

The Chief Commissioner, ALCON, informed the Board that the Economic Section ALCON had been instructed to report to him at an early date on the effectiveness of the Economic Boundary Line and to recommend a final date on which the Boundary Line could be eliminated.

(f) Industrial Co-ordination Committee

Meeting of 5 May 45. Accepted and approved.

51. BONUS SCHEME:

AFLES (AFHQ) stated that the Incentive Bonus scheme at 557 B.O.D. had not been in re-operation long enough for a report to be submitted but that one would be presented to the next meeting.

52. CHAIRMAN, ELECTRIC POWER COMMITTEE:

Brigadier B.B. EDWARDS, DGWS (E), AFHQ, was appointed Chairman of the Electric Power Committee vice Colonel R.M. MCGAR (DGWS Sect) AFHQ.

53. CONTROLLED & RESTRICTED ITEMS:

is a result of the liberation of Northern ITALY the Board directed the Chairmen of the Engineering Materials Committee and the Miscellaneous Purposes Committee to review their respective lists of Controlled and Restricted Items to relate them to the changed availabilities.

54. SAVING OF.....

- 5 -

54. SAVING OF SHIPS' TONNAGE:

A report of the ships' tonnage saved by procurement from local resources was submitted to the Board and is attached at Appendix "A".

55. DATE OF NEXT MEETING:

The next meeting of the Board will be held at 1150 hours on Saturday, 2 June 45, in the AFERS (AFHQ) Conference Room, 2nd Floor, 68 Piazza dell'Esedra, ROME.

42. MINUTES OF LAST MEETING:

The Minutes of the twenty-first meeting held on 3 March 45 were received and approved.

43. REPORTS FROM COMMITTEES:(a) Engineering Materials Committee

Meeting of 14 March 45. Accepted and approved. The Board directed that allocations should be settled during Committee meetings and only in exceptional cases was allocation to be made outside the meetings.

(b) Electric Power Committee

Meeting of 20 March 45. Accepted and approved.

(c) Miscellaneous Purposes Committee

Meeting of 17 March 45. The Committee was instructed to reconsider its recommendations on priorities of allocation of Hemp products in view

22
File *

4031/CC

- 2 -

of the urgent needs of ALCOM for these commodities, giving particular attention to the question of the reduction of Sack production, which would have serious repercussions on the food distribution problem.

With the exception of the above, the report of the Committee was accepted. In view of the importance of Hemp and Hemp products to the Allied Armed Forces, the Board requested ALCOM to ensure that Hemp production in no way suffers from the hand-over of the industry to the Italian Government.

(d) Food Supply Committee

Meeting of 16 March 45. Accepted and approved.

The Board decided that it was inadvisable to agree to the requisitioning of the ROME and BARIETTA Yeast Plants as, since the plants passed from ALCOM to Italian Government control, there had been no indication of any diminution of production.

The Chairman of the Committee reported to the Board that since the last meeting the M.M.I.A. had requested the Italian Ministry of War to submit a definite plan for the control of all purchases of foodstuffs made by the Italian Armed Forces.

(e) Labour & Wages Control Committee

Meeting of 15 March 45. Accepted and approved.

The Committee was instructed to report back to the Board on the operation of the bonus scheme approved for use at 557 B.O.D. The Board considered great care must be exercised to ensure that any bonus schemes inaugurated did not in any way upset the general level of wages.

Meeting of 5 April 45. The Board deferred making any decision on the proposed bonus increase as it was considered that more specific information was required. This item was considered in conjunction with para.44 below.

The Board directed that the present negotiations in the particular cases of the ROME printers and the HOLLIS R.E.M.E. employees should be completed and the recommendations submitted through the Labour & Wages Control Committee for interim action.

(f) Industrial Co-ordination Committee

Meeting of 7 April 45. Accepted and approved.

last meeting the M.M.I.I. had requested the Italian Government to submit a definite plan for the control of all purchases of foodstuffs made by the Italian Armed Forces.

(e) Labour & Wages Control Committee

Meeting of 15 March 45. Accepted and approved.

The Committee was instructed to report back to the Board on the operation of the bonus scheme approved for use at 557 B.O.D. The Board considered great care must be exercised to ensure that any bonus schemes inaugurated did not in any way upset the general level of wages.

Meeting of 5 April 45. The Board deferred making any decision on the proposed bonus increase as it was considered that more specific information was required. This item was considered in conjunction with para.44 below.

The Board directed that the present negotiations in the particular cases of the ROMM printers and the M.M.I.I. employees should be completed and the recommendations submitted through the Labour & Wages Control Committee for interim action.

(f) Industrial Co-ordination Committee

Meeting of 7 April 45. Accepted and approved.

44. WAGE SITUATION IN ITALY:

A verbal report was received from the A.C. of S., G-5, AFHQ on the present wage situation in ITALY. After general discussion, the Board agreed that :-

- (a) Except in those cases where the military demand for civilian labour is predominant, the military must adjust its wages in relation to those paid by private industry.
- (b) To enable the military to do this, it is necessary that some body or bodies be established on which all parties concerned (Allied Forces, Italian Government, AFHQ and civilian employers and employees) can exchange information and views.
- (c) Prompt local adjustment of Allied Forces wages was essential.
- (d) To whatever extent free negotiation between employers and employees in private industry might be permitted, there must be retained in the general wage structure a residual element of compulsion.

- 3 -

It was decided that local Committees should be established in Base Sections and Districts, and be given strictly limited powers to adjust where necessary wages paid by the Allied Forces so that these should bear a suitable relationship to those paid by civilian industries. The Labour & Wages Control Committee was instructed to meet with the minimum of delay to decide on the constitution and terms of reference of such Sub-Committees.

AICOM undertook to negotiate with the Italian Government with a view to the implementation of sub-para (b) above.

45. CHAIRMANSHIP OF LABOUR & WAGES CONTROL COMMITTEE:

The proposal submitted by HQ AC that Mr. W.H. BEAINE, Director, Labour Sub-Commission HQ AC, be appointed Chairman of the Labour & Wages Control Committee was accepted and approved.

The Board expressed its appreciation of the outstanding services rendered by Colonel J.R. SMITH during his tenure of office.

46. REPORT ON EFFECT OF WITHDRAWAL OF AC PERSONNEL:

A report was received from AFIRS (AFHQ) on the anticipated position regarding Controlled and Restricted Items subsequent to the withdrawal of AC personnel from that territory under Italian Government control. It was agreed that no action by the Board was necessary at this stage.

47. DATE OF NEXT MEETING:

The next meeting of the Board will be held at 1500 hours on Saturday 5 May 45 in the AFIRS (AFHQ) Conference Room, 2nd Floor, 68 Piazza dell'Esedra, Rome.

327

J. A. P. H. C. L. C.

A report was received from AFPS (AFHQ) on the anticipated position regarding Controlled and Restricted Items subsequent to the withdrawal of IC personnel from that territory under Italian Government control. It was agreed that no action by the Board was necessary at this stage.

47. DATE OF NEXT MEETING:

The next meeting of the Board will be held at 1500 hours on Saturday 5 May 45 in the AFPS (AFHQ) Conference Room, 2nd Floor, 68 Piazza dell'Esedra, Rome.

 - (f) Industrial Co-ordination Committee (meeting of 7 April 45).

3. To receive a verbal report from A.C. of S., G-5, on the present wage situation in ITALY and to consider what action can properly be taken now to obtain co-ordinated control as between the Italian Government, AFHQ and LICOM on the rates of pay made to Civilian Labour, whether employed in private industry or directly or indirectly by the Armed Forces.

4. To receive notice that Colonel J.R. SMITH is no longer on the strength of HQ AC, and to receive a proposal from HQ AC that Mr. W.H. BRADY, Director, Labour Sub-Commission, HQ AC, be appointed Chairman of the Labour & Wages Control Committee in his place.

5. To receive a report from the Chiefs of Section, AFHQ (AFHQ) on the anticipated position regarding Controlled and Restricted Items.

4031/CC

48

2. To receive reports and recommendations.

- (a) Engineering Materials Committee (meeting of 14 March 45).
- (b) Electric Power Committee (meeting of 20 March 45).
- (c) Miscellaneous Purposes Committee (meeting of 17 March 45).
- (d) Food Supply Committee (meeting of 16 March 45).
- (e) Labour & Wages Control Committee (meeting of 15 March 45).
- (f) Industrial Co-ordination Committee (meeting of 7 April 45).

3. To receive a verbal report from A.C. of No. 4-5, on the present wage situation in ITALY and to consider what action can properly be taken now to obtain co-ordinated control as between the Italian Government, AFHQ and AICOM on the rates of pay made to Civilian Labour, whether employed in private industry or directly or indirectly by the Armed Forces.

4. To receive notice that Colonel J.R. SMITH is no longer on the strength of HQ AC, and to receive a proposal from HQ AC that Mr. M.H. BRADINE, Director, Labour Sub-Commission, HQ AC, be appointed Chairman of the Labour & Wages Control Committee in his place.

5. To receive a report from the Chiefs of Section, AFPS (AFHQ) on the anticipated position regarding Controlled and Restricted Items subsequent to the withdrawal of AC personnel from that territory under Italian Government control.

6. Any other business.

7. To set a date for the next meeting.

A REPORT BY ARIERS AFRIQ ON THE QUESTION OF CONTROLLED ITEMS CALLED
FOR BY ITALY NO. 2 ON THE COMMISSION'S PARTIAL BASIS OF AN EMERGENCY
FROM ITALY GOVERNMENT'S REQUEST CALLED NO. 3-5 DATED ON 22 APRIL 1945.

1. Up to the present time the ARIERS (C) Board through its Committees has made allocations of all Controlled Materials located in liberated ITALY with the exception of quantities required by Fifth and Eighth Armies for their own immediate operational requirements, and is the sole organization to do so, under powers delegated to it by ARIERS Administrative Nos 41/44 and 46/44.
2. The original position was modified to a certain extent when Southern ITALY was handed back to Italian Government control, but the Italian Government undertook to implement our existing procedure and to honour our Release Orders, providing that the latter were endorsed by the appropriate Ministry before presentation.
3. In view of the fact that the Italian Government is no longer obliged to submit its decrees for prior sanction by ARIERS, it is theoretically possible for that Government to cease to recognize and implement our procedure in territory returned to its control.
4. ARIERS has therefore undertaken to request the Italian Government to give an undertaking that this will not be done and that any reasonable modifications made by the Board, whether in procedure or in the Schedule of Controlled Items, will be accepted and loyally implemented by that Government within its territory.
5. It is an admitted fact that the quantities of Controlled Materials (other than hemp and leather) produced in, or lying in stores or industrial plants in King's ITALY and not in occupation by the Armed Forces are small. It is presumed however that no difficulty will be placed in the way of accredited ARIERS and other Service representatives making inventories and reporting them. Copies would be transmitted through ARIERS to the Italian Government and bids on their behalf presented by ARIERS should receive every consideration.
6. In the case of Restricted Items ARIERS has in the past, by definition, only been responsible for declaring available surpluses after civilian needs have been covered. Their information has, it is understood, been obtained almost entirely from data presented to the Regional (Provincial) Supply Officers by each provincial Consorzio Agrario and SEPAL. The Italian High Commissioner for Food has taken over the functions of a section of the Ministry of Agriculture which existed already, but which acted in the main purely in an advisory capacity and with a watching brief, the Food Sub-Commission ARIERS, being the co-ordinating and executive controller.
7. It now appears that the Italian High Commissioner for Food and the Food Sub-Commission ARIERS will to a large extent exchange roles and the

possible for the Government to cease to exercise control in territory returned to its control.

4. ALCOI has therefore undertaken to request the Italian Government to give an undertaking that this will not be done and that any reasonable modifications made by the Board, whether in procedure or in the Schedule of Controlled Items, will be accepted and loyally implemented by that Government within its territory.

5. It is an edited fact that the quantities of Controlled Materials (other than hemp and leather) produced in, or lying in stores or industrial plants in King's ITALY and not in occupation by the Armed Forces are small. It is presumed however that no difficulty will be placed in the way of accredited AFPS and other Service representatives making inventories and reporting them. Copies would be transmitted through ALCOI to the Italian Government and bids on their behalf presented by ALCOI should receive every consideration.

6. In the case of Restricted Items ALCOI has in the past, by definition, only been responsible for declaring available surpluses after civilian needs have been covered. Where information has, it is understood, been obtained almost entirely from data presented to the Regional (Provincial) Supply Officers by each provincial Consorzio Agrario and SIPUL. The Italian High Commissioner for Food has taken over the functions of a section of the Ministry of Agriculture which existed already, but which acted in the main purely in an advisory capacity and with a warning brief, the Food Sub-Commission ALCOI, being the co-ordinating and executive controller.

7. It now appears that the Italian High Commissioner for Food and the Food Sub-Commission ALCOI will to a large extent exchange roles and the Economic Section ALCOI specifically states that one of the results to be expected to materialise from this change will be the "ensuring of more accurate and reliable information of surpluses for the Armed Forces".

The Directive issued by ALCOI on this subject, circulated as Appendix 'B' to the minutes of the twenty-second meeting of the Food Supply Committee of the Board held on 16 March 1945, does not, however, state how these surpluses are to be notified to this Section nor the manner in which official procurement agencies should, after receiving an allocation from the Food Supply Committee, proceed to obtain the quantities released to them in King's ITALY with a minimum of disturbance to the civilian economic structure. Discussions between ALCOI and this Section are now taking place in this connection.

8. ALCOI is in agreement that the Armed Forces shall continue to exercise through the Electric Power Committee of the Board 100% control over bulk allocations of all Electric Energy generated in Southern ITALY and through ALCOI a similar control over the rate of outflow from the SILL and all other reservoirs used as a source of that energy.

(A)

-2-

9. In general, while it might be unwise to predict that the military will work as quickly and smoothly as in the past, it would probably be equally improper to assume that insurmountable difficulties will arise, providing that the Italian Government gives the undertaking to maintain the status quo as far as procedure is concerned and briefs its subordinates adequately. It must further be borne in mind that ALCOM not only retains a watching brief but is also specifically empowered to send its representatives into territory under the jurisdiction of the Italian Government for any special tasks when Allied interests require it.
10. As soon as ALCOM has completed the withdrawal of its officers under the scheme now agreed it is proposed to consolidate all existing instructions concerning local procurement issued by AFHQ and by the HQ eventually known as HQ AAI (with the exception of AFHQ Admin Memos 41/44 and 46/44). It is suggested that ALCOM be requested to take similar action.

(c) Miscellaneous Purposes Committee

A representative of the Italian Government attended to answer questions arising out of the Committee's report on the Hemp Industry. He, in conjunction with a representative from Hemp Control Office AC, stated that the three main essentials necessary to ensure the 25,000 tons of hemp per annum which were required to meet the minimum military and civilian needs were as follows:-

- (i) adequate supply of seed;
- (ii) sufficient fertilizer;
- (iii) a remunerative price to farmers for their crop.

Arising out of the above:-

- (i) As the representative of the Hemp Control Office stated that the supply of 200 tons of seed stated to be en route for Italy would be sufficient to make up the local deficiency, no further action by the Board was considered necessary.
- (ii) The anticipated arrival in the first half of March of a first consignment of nitrogenous fertilizer was reported by G-5 AFHQ. The Italian Government representative stated that this consignment together with the balance if delivered during April of the 5,000 tons required would be sufficient to produce the 25,000 tons of hemp needed. G-5 AFHQ was requested to take such steps as were necessary to ensure the arrival of the balance of the fertilizer during April.
- (iii) HQ AC was requested to consider in the light of other economic problems the question of increasing the price of raw hemp to 8,000 lire per quintal, if desirable and to present their views on the Italian Government. It appeared to the Board that this was the controlling factor and it was pointed out to HQ AC that the military requirement was urgent.

HQ AC was invited to arrange for its representative at the Miscellaneous Purposes Committee to present, as far in advance as possible, his difficulties in connection with the hemp industry to the Committee in order that Services could assist where practicable in overcoming them.

Except as stated above the Board accepted and approved the report of the meeting of 17 FEB 45.

(d) Food Supply Committee

(ii) The anticipated arrival in the first half of March of a first consignment of nitrogenous fertilizer was reported by G-5 AFHQ. The Italian Government representative stated that this consignment together with the balance if delivered during April of the 5,000 tons required would be sufficient to produce the 25,000 tons of hemp needed. G-5 AFHQ was requested to take such steps as were necessary to ensure the arrival of the balance of the fertilizer during April.

(iii) HQ AG was requested to consider in the light of other economic problems the question of increasing the price of raw hemp to 8,000 lire per quintal, if desirable, and to press their views on the Italian Government. It was pointed out to HQ AG that this was the controlling factor and it was pointed out to HQ AG that the military requirement was urgent.

HQ AG was invited to arrange for its representative at the Miscellaneous Purposes Committee to present, as far in advance as possible, his difficulties in connection with the hemp industry to the Committee in order that Services could assist where practicable in overcoming them.

Except as stated above the Board accepted and approved the report of the meeting of 17 FEB 45.

(d) Food Supply Committee

The Chairman stated that the expansion and extension of the Ministry local would involve no change in administrative procedure.

In view of a telegram received from the Combined Chiefs of Staff that all exports of foodstuffs should be suspended unless there was a national Italian surplus, the Board ruled that the allocation approved for export to Russia should be temporarily suspended pending clearance by G-5 AFHQ.

With the exception of the above, the Board accepted and approved the report of the meeting of 16 FEB 45.

The Chairman reported to the Board that an exchange of fresh vegetables for dried vegetables had been agreed between HQ AG and GM AFHQ which was working satisfactorily.

(e) Labour & War Control Committee

In connection with the matter of free conveyance of civilians employed directly by or working directly for the Allied Forces the Board decided that:-

-3-

- (i) the principle of granting free travel to such workers where military necessity can be shown was a proper one;
- (ii) the provision of such transport by the Italian Government appeared to be a legitimate demand under the terms of Armistice.

HQ AG undertook to nominate a Committee to determine how the free conveyance of civilian workers employed directly by or working wholly for the Allied Forces should be provided, and to call upon the Italian Government and Nov & Tr Section, AFHQ, to present their views.

The recommendation on loss or damage to M.I. property was considered. The Board instructed the Labour Major Control Committee to review the advisability of this proposal. It still considered necessary the Committee should re-submit its recommendations to the next meeting and include a specific clause which it considers suitable for incorporation in a contract, after full co-ordination with the Legal Section of the Armed Forces interested.

The Chairman reported that the Italian Government had now announced the official details of the Evacuee Allowance with an effective date of 1 MAR 45 and that the news release of the Allied intentions would be published in all papers on the 4 MAR 45. The Board was made cognizant of the rapidly changing labour situation and agreed that the Allied Forces Wage Structure must keep pace with any changes, if necessary by the taking of interim action.

With the exception of the above the Board accepted and approved the reports of the meetings of 15 FEB 45 and 27 FEB 45.

(f) Industrial Co-ordination Committee

Meeting of 3 MAR 45. Accepted and approved.

The Board instructed the Chairman of the various Committees to bear in mind the desirability of giving special consideration to demands made in respect of the Italian Government home-ply Industries in view of their importance to the Italian State revenue.

40. DATE OF NEXT MEETING

The next meeting of the Board will be held at 1500 hours on Saturday 7 APR 45 in the AFHQ (AFHQ) Conference Room, 2nd Floor, 68 Piazza dell'Esedra, 4031, ROME.

and that the news release of the Allied intentions would be published in all papers on the 4 APR 45. The Board was made cognizant of the rapidly changing labour situation and agreed that the Allied Forces War Structure must keep pace with any changes, if necessary by the taking of interim action.

With the exception of the above the Board accepted and approved the reports of the meetings of 15 FEB 45 and 27 FEB 45.

(F) Industrial Co-ordination Committee

Meeting of 3 APR 45. Accepted and approved.

The Board instructed the Chairman of the various Committees to bear in mind the desirability of giving special consideration to demands made in respect of the Italian Government Monopoly Industries in view of their importance to the Italian State revenue.

40. DATE OF NEXT MEETING

The next meeting of the Board will be held at 1500 hours on Saturday 7 APR 45 in the AUNRS (AFHQ) Conference Room, 2nd Floor, 68 Piazza dell'Esedra, ROMA.

HQ AC, Industry Sub-Commission.

27. MINUTES OF LAST MEETING:

The minutes of the nineteenth meeting held on 23 DEC 44 were received and approved.

28. CHAIRMANSHIP OF ENGINEERING MATERIALS COMMITTEE:

Brig. D.L. ANDERSON, Director of Engineer Production & Stores, AFHQ was appointed Chairman of the Engineering Materials Committee in place of Brig. B.B. EDWARDS.

29. FRESH VEGETABLE SUPPLY:

The Board agreed with the opinion of the Food Supply Committee that the following new conditions are necessary in order to ensure that a reasonable amount of fresh vegetables produced can be made available to the Allied Armed Forces :-

- 1 -

/ (1)

File + NY

(18)

4831

- 2 -

- (i) That the importation of dried pulses for civilian consumption should be sufficient to compensate for the purchases of fresh vegetables by the Allied Armed Forces.
- (ii) That within the area under Italian Government Control, Italian Compartmental and Provincial organizations should be established in the producing areas to furnish more accurate and reliable information both with regard to availability and distribution.
- (iii) That adequate means of transportation must be placed at the disposal of AC to permit of an economical distribution.

The Board agreed that there should be no departure from the principles laid down in Section III, AMHQ Administrative Memorandum No. 42 dated 21 SEPT 44. The Board further decided to recommend to AMHQ with regard to the requisitions placed thru G.5, AMHQ for pulses, that application should be made for emergency shipments and that this should be supported by the agreement that this was necessary in order to provide a surplus of fresh vegetables for the allied forces.

30. HQ AMI MEMBERSHIP:

In view of the changed role of HQ AMI (now 15 Army Group) and of its Services, the Board decided that the following changes should be made to the membership of Committees :-

- Industrial Co-ordination Committee, cancel membership of CAO, HQ AMI.
- Labour & Wages Control Committee, cancel membership of DDL, HQ AMI
- Electric Power Committee, cancel membership of HQ, AMI.
- Engineering Materials Committee, cancel membership of DW, HQ AMI.

31. REPORTS FROM COMMITTEES:

- (a) Engineering Materials Committee.

The minutes of the meeting held on 2 JAN 45 were received.

The Board agreed that when the four items, to which the use of Caustic Soda was limited, were listed at the last meeting it was not the intention to establish any precedence amongst such items.

It was agreed that the Electric Power Committee should be instructed to give a first priority on the supply of power to Industrial Gas producing plants and that the supply to be cut off temporarily from certain

30. HQ AAI MEMBERSHIP:

In view of the changed role of HQ AAI (now 15 Army Group) and of its Services, the Board decided that the following changes should be made to the membership of Committees :-

Industrial Co-ordination Committee, cancel membership of C.O, HQ AAI.

Labour & Wages Control Committee, cancel membership of DDL, HQ AAI

Electric Power Committee, cancel membership of HQ, AAI.

Engineering Materials Committee, cancel membership of DW, HQ AAI.

31. REPORTS FROM COMMITTEES:(a) Engineering Materials Committee.

The minutes of the meeting held on 2 JAN 45 were received.

The Board agreed that when the four items, to which the use of Caustic Soda was limited, were listed at the last meeting it was not the intention to establish any precedence amongst such items.

It was agreed that the Electric Power Committee should be instructed to give a first priority on the supply of power to Industrial Gas producing plants even if it became necessary for supply to be cut off temporarily from certain consumers.

C.E., P.B.S. was elected to membership of the Committee.

The resignation of SUSNO Italy from the Committee was accepted.

(b) Electric Power Committee.

Meeting of 22 JAN 45. Accepted and approved.

(c) Miscellaneous Purposes Committee.

Meeting of 20 JAN 45. Accepted and approved.

The Board received a proposal put forward by the Italian Government to increase the availability of leather, and agreed that the A.C. should work out with that Government an arrangement on the lines of this proposal.

(d) Food Supply Committee

Meetings of 3 JAN 45 and 19 JAN 45. Accepted and approved.

/The Board.....

- 3 -

The Board agreed that the distribution of yeast for the month of February should be as follows :-

HQ AC (for civil population) 43 tons

D.S.T., AFHQ, O.M., AFHQ & N.M.I.A. 107 tons

The distribution between D.S.T., AFHQ, O.M., AFHQ and M.M.I.A. to be decided by AFHQ.

The Board agreed that AFHQ Administrative Memorandum No 42 dated 21 SEPT 44, para 2(c) should be amended to ensure that the priority granted for the victualing of ships should be applicable only to ships of the allied navies which are unable to procure their requirements elsewhere.

(e) Labour & Wages Control Committee.

Meeting of 18 JAN 45.

In view of additional information now being available in connection with HQ AC's request for the cancellation of free conveyance of civilians employed directly by or working wholly for the Allied Armed Forces, this matter was referred back to the Committee at the request of HQ AC.

The Board did not accept the recommendation made in respect of rates of pay for mess grades and referred this matter back to the Committee for reconsideration.

The recommendation made in respect of disciplinary action against civilian employees in case of loss or damage to War Department property was referred back to the Committee. The Board was in agreement that some form of safeguard might be advisable but that more careful consideration must be given to the many factors involved.

(f) Industrial Co-ordination Committee.

Meeting of 3 FEB 45. Accepted and approved. AFHQ would work out the military details and issue an Instruction.

32. ELECTION TO MEMBERSHIP:

The Asst. C.A.O., AFHQ was appointed to membership on the Board.

33. MEMBERSHIP ON COMMITTEES:

The Board directed the Chairman of the various Committees to review their respective memberships with a view to their possible reduction compatible with the interest in the proceedings of a Committee

In view of additional information now being available in connection with HQ AC's request for the cancellation of free conveyance of civilians employed directly by or working wholly for the Allied Armed Forces, this matter was referred back to the Committee at the request of HQ AC.

The Board did not accept the recommendation made in respect of rates of pay for mess grades and referred this matter back to the Committee for reconsideration.

The recommendation made in respect of disciplinary action against civilian employees in case of loss or damage to War Department property was referred back to the Committee. The Board was in agreement that some form of safeguard might be advisable but that more careful consideration must be given to the many factors involved.

(f) Industrial Co-ordination Committee.

Meeting of 3 FEB 45. Accepted and approved. AFHQ would work out the military details and issue an instruction.

32. ELECTION TO MEMBERSHIP:

The Asst. C.A.O., AFHQ was appointed to membership on the Board.

33. MEMBERSHIP ON COMMITTEES:

The Board directed the Chairman of the various Committees to review their respective memberships with a view to their possible reduction compatible with efficient operation, bearing in mind that interest in the proceedings of a Committee does not necessarily constitute a basis for demanding membership.

34. REPRESENTATION OF ITALIAN GOVERNMENT:

The Board directed that the Chairman of each Committee be informed that in view of a decision taken by the Supreme Allied Commander, Mediterranean, he is entitled to invite, through HQ AC, representatives of the Italian Government to attend meetings upon occasions and for periods when in his opinion their presence would be advantageous and would not be prejudicial to military security.

35. MIDSHIFT MEAL:

Instructions authorizing the issue of a Midshift Meal in excess of that authorized by AFHQ Admin Memo No 56 of 9 DEC 44 were brought to the attention of the Board. The Joint Chairman commented that any future instruction involving alteration of rations issued to civilian employees of the Allied Forces should only be promulgated after the advice of the Board has been obtained.

/Para 36.....

- 4 -

36. NEXT MEETING:

The next meeting of the Board will be held at 1500 hours on Saturday 3 MAR 45 in the AFIRS Conference Room, 2nd Floor, 68 Piazza dell'Esedra, Rome.

REVISED JOINT CHAIRMANSHIP

20. The Chief Commissioner, AC, informed the Board that Lt-Gen. J.G.W. CLARK, C.B., K.C., had resigned and that Lt-Gen. Sir BRUCE H. ROBERTSON, Bt., K.C.V.O., C.D., C.B.E., D.S.O., M.C., has assumed the Joint Chairmanship of the Board.

MINUTES OF LAST MEETING

21. The Minutes of the eighteenth meeting held on 11 NOV 44 were received and approved.

FILED A

48-3

- 2 -

REPORTS FROM COMMITTEES22. (a) Engineering Materials Committee.

Meeting of 27 NOV 44. The report was accepted and the Committee was instructed to consider the allocation of Caustic Soda to be used for the four following purposes only:

- (i) Gasen production;
- (ii) Remineralization of bitumen;
- (iii) Soap manufacture;
- (iv) Olive oil extraction;

with a view to devising a method of allocation acceptable to all concerned.

The Board decided that Cement be made a restricted item except when produced in factories under Allied Forces - 1/ or in the case of stocks located in Army areas.

(b) Electric Power Committee.

Meetings of 22 NOV 44 and 13 DEC 44. Accepted and approved.

(c) Miscellaneous Purposes Committee.

Meetings of 17 NOV 44 and 16 DEC 44. Accepted and approved. HQ AG representative stated that a requisition had been submitted for the fertilizer required for next year's hemp crop as a military requirement. The Board directed that if there was any likelihood of this fertilizer not being available when required, HQ AG should immediately notify AFM.

It was agreed that Soap should be placed on the list of restricted items.

(d) Food Supply Committee.

Meetings of 13 NOV 44 and 15 DEC 44.

The Board approved the application for membership submitted by the Commander, U.S. Eighth Fleet.

Salt at the depots of Margherita di Savoia, Treponti and Cagliari is to be deleted from the list of restricted items.

The attendance of representatives from W. 7th, U.S.T.R., C.B.M.I., AFM and Army Exchange Service, U.S. 8th, at meetings of the Committee was approved.

The Board instructed that, in future, requirements submitted by services should be appended to the minutes together with the allocations made.

Meetings of 17 NOV 44 and 16 DEC 44. Accepted and approved. HQ
IO representative stated that a requisition had been submitted for the fertil-
izer required for next year's bean crop as a primary requirement. The Board
directed that if there was any likelihood of this fertilizer not being available
when required, HQ IO should immediately notify AFM.

It was agreed that Box should be placed on the list of restricted
items.

(d) Food Supply Committee.

Meetings of 18 NOV 44 and 15 DEC 44.

The Board approved the application for membership submitted by the
Commander, U.S. Eighth Fleet.

Salt at the depots of Margherita di Savoia, Trapani and Cagliari is to
be deleted from the list of restricted items.

The attendance of representatives from W. A., H.W.T.R., C.E.R.L., AFM
and Army Exchange Service, U.S. AF, to meetings of the Committee was approved.

The Board instructed that, in future, requirements submitted by services
should be appended to the minutes together with the allocations made.

The Chairman was instructed to call a Special meeting of the Committee
to consider what are the new conditions that are necessary in order to ensure that
a reasonable amount of fresh vegetables produced can be made available to the
Allied Armed Forces.

(e) Labour & Wage Control Committee.

Meeting of 16 NOV 44, 5 DEC 44 and 14 DEC 44.

The Board accepted the recommendation that HJ Antibiotic Depot and R.N.
(FORM 10) be elected to membership of the Committee.

The Committee was instructed to clarify its recommendations contained in
para 43 of the minutes of the meeting of 16 NOV 44 and para 47 of the minutes of
the 5 DEC 44 meeting.

The Board accepted the following recommendations:-

- 5 -

- (i) that the present 15% differential between female and male labour should continue to be operative except where specified female classifications are authorized in the schedule;
- (ii) that the rates of pay approved in para 43 of the Minutes of the meeting held on 5 DEC 44 be backdated to be effective from 1 OCT 44;
- (iii) that the rates of pay as shown at Appendix "A" to the Minutes of the 14 DEC 44 meeting be adopted with the effective date of 1 OCT 44 for civilians employed by the Allied Forces in the GOVTMENG Steel-works and CASSELLING Workshops;
- (iv) that civilians employed by the Allied Forces on the mainland of ITALY should only be considered adults on attaining the age of 16 years and not 17 years as hitherto. This ruling to apply only to new entrants and not in the case of civilian workers of 17 years of age now employed by the Allied Forces;
- (v) that the appointments to membership of the Committee by the then Senior U.S. Naval Officer, ITALY, be cancelled.

A revised recommendation on the Payment of Contractor's Employees was circulated (Appendix "B" attached) and the Board accepted the recommendation with the effective date of 1 JAN 45 subject to no subsequent objection being raised within seven days of the date of this meeting, any such objection to be forwarded to AIRPS.

Mr. 43 representative stated that in accordance with Army policy MEMBERS and PISA have been declared distressed areas and soup kitchens established.

The Food Supply Committee was instructed by the Board to consider the following recommendations by the Labour & Wages Control Committee and to submit their findings to the next meeting of the Board:-

- (a) That the mid-shift meal be expanded in such a manner as to provide a more substantial calorific diet for all civilian workers employed by the Allied Forces in ITALY.
- (b) That the mid-shift meal be applied uniformly to office workers as well as to heavy workers.
- (c) Industrial Co-ordination Committee.
Meetings of 2 DEC 44 and 22 DEC 44. Accepted and approved.

The Board considered that the Committee had done valuable work and that a solution must be found to this difficult problem.

the effective date of 1 July 45 subject to no fundamental objection being raised within seven days of the date of this meeting, any such objection to be forwarded to AFMRS.

23. A representative stated that in accordance with AFM policy LIGHORNI and PISA have been declared distressed areas and any kitchens established.

The Food Supply Committee was instructed by the Board to consider the following recommendations by the Labour & Wages Control Committee and to submit their findings to the next meeting of the Board:-

(a) That the mid-shift meal be expanded in such a manner as to provide a more substantial caloric diet for all civilian workers employed by the Allied Forces in Italy.

(b) That the mid-shift meal be applied uniformly to office workers as well as to heavy workers.

(c) Industrial Co-ordination Committee.

Meetings on 2 DEC 44 and 23 DEC 44. Accepted and approved.

The Board considered that the Committee had done valuable work and that a solution must be found to this persistent problem.

(d) Committee on Contract Clauses.

Meetings of 29 NOV 44 and 6 DEC 44. It was decided that the purposes for which this Committee was formed had been achieved and the Committee was therefore dissolved.

25. The letter circulated as additional agenda was passed to the Labour & Wages Control Committee for their consideration.

24. In view of the administrative changes which had occurred consequent upon the formation of the 45 Army Group the representation of AFM, PW and on the Board was no longer necessary and therefore terminated.

25. The next meeting of the Board will be held at 1500 hrs on Saturday 3 DEC 45 in the AFM Conference Room, 2nd Floor, 68 Piccadilly, London, W.1.

APPENDIX 'A'ALLIED FORCE LOCAL RESOURCES SECTION

A.F.L.S.

LRS/217Postal Address:
ARLON, 1040, C.A.

Telephone: ROME 66273

20 December 1944

The following is agreed to by both the Labour & Wages Control Committee and the Committee on Contract Clauses. It is presented jointly to the Local Resources Board to supervise Appendix "A" of the 5 December 1944 minutes of the Labour & Wages Control Committee and Appendix "A" of the 6 December 1944 minutes of the Committee on Contract Clauses.

PAYMENT ON CONTRACTORS' EMPLOYEES

1. Contractors will pay their employees the following, only:

- a. BASE PAY (RETRIBUZIONE ORDINARIA). To be declared by the contractor as the portion of his payroll subject to social insurance contributions, or similar recognized charges arising from Italian law. (The Base Pay so declared, when added to the Presence Indemnity, the Cost or Living Indemnity, and the employer's cost for family allowances (i.e., 20% of Base Pay) may not exceed the Allied Force daily maximum compensation for the particular occupation or occupations concerned.
- b. PRESENCE INDEMNITY (INDENNITA' DI PRESENZA). Legal rate for private industry.
- c. COST OF LIVING INDEMNITY (INDENNITA' DI CARIOVITA'). Legal rate for private industry.
- d. FAMILY ALLOWANCE (ASSISTO FAMILIARE). Legal rate for private industry.

2. Base Pay will be considered as including all regular, recurring compensation with respect to standard work period as defined in collective labour contracts or established, recognized practice, excluding only Presence Indemnity, Cost of Living Indemnity and Family Allowance.

3. Overtime and similar extraordinary pay rates (night, Sunday, etc.) will be calculated on the declared Base Pay.

4826

- a. **BASE PAY (RETRIBUZIONE ORDINARIA).** To be declared by the contractor as the portion of his payroll subject to social insurance contributions, or similar recognized charges arising from Italian law. The Base Pay so declared, when added to the Presence Indemnity, the Cost of Living Indemnity, and the employer's cost for Family Allowances (i.e., 20% of Base Pay) may not exceed the applicable daily maximum compensation for the particular occupation or occupations concerned.
- b. **PRESENCE INDEMNITY (INDENNITA' DI PRESENZA).** Legal rate for private industry.
- c. **COST OF LIVING INDEMNITY (INDENNITA' DI CUIVITA).** Legal rate for private industry.
- d. **FAMILY ALLOWANCE (ASSEGNO FAMILIARE).** Legal rate for private industry.
2. Base Pay will be considered as including all regular, recurring compensation with respect to standard work period as defined in collective labour contracts or established, recognized practice, excluding only Presence Indemnity, Cost of Living Indemnity and Family Allowance.

4826

3. Overtime and similar extraordinary pay rates (night, Sunday, etc.) will be calculated on the declared Base Pay.
4. a. The contractor will pay the social insurance contributions and similar charges required by Italian law, calculated on the declared Base Pay, and on overtime where applicable.
- b. With respect to social insurance, the contractor will pay the employer's contributions for:

Sickness Assistance	(Assistenza Infortuni)
Social Insurance	(Assicurazione Sociale)
Accident Insurance	(Assicurazione Infortuni)
Salary Integration Fund	(Cassa Integrazione)
Fund for workers called to arms.	(Cassa Richiamati alle armi)

and the employee's contributions for:

Sickness Assistance	(Assistenza Infortuni)
Social Insurance	(Assicurazione Sociale)

which contributions will not be deducted from the employee's pay.

/C.....

(16)

-2-

c. The contractor's estimate or bid will consider payment for Family Allowance of only 20 per cent of the Base Pay.

Note to Contracting Officers: Necessary exceptions to the limitations set forth in the above clause may be made in the following circumstances:-

1. In cases of employees regularly employed by a firm on a piece-work basis, established piece-work rates may be paid. Such rates will be declared by the contractor and any reasonable necessary excess over the compensation provided for in para 1 of above clause may be approved.
2. In cases of employees entitled to a local collective labour contract or some compensation (premium, indemnity or similar special payment) by reason of particular conditions of employment, in addition to compensation specified in para 1 of the above clause, such compensation may be paid. Payment of such compensation, added to local Base Pay, Premium Indemnity, Cost of Living Indemnity and employer's cost of family allowances, results in total exceeding Allied Forces maximum compensation, any reasonable necessary excess may be approved.

RSCM/15.18

8 December 1944

SUBJECT : Free Conveyance of Civilians Employed Directly by Allied Forces
or by Contractors Wholly Working for Allied Forces.

TO : AMHQ, G-5.

1. Reference being request for additional arrangements to be made for the free conveyance of civilians in Rome and Leghorn.
2. On 23 June 44, AM issued an instruction, copy of which is attached, with respect to the free conveyance of civilians by rail when employed by Allied Forces. This arrangement was first introduced in Bari and later in Naples. The object was to release military transport which had been employed as a free conveyance for workers to the place of their employment.
3. So far as is known, AC was not present at the meeting at which these arrangements were made. Apparently, however, as will be noted in para 3(d) of the Labour & Wages Control Committee meeting 16 June 44 attached (Appendix A) AC was expected to pay any charges which might be made by the railways concerned. The Finance Sub-Commission could not properly undertake to carry out such an arrangement and therefore the following procedure was evolved:-

a. I.S.R. Director General, Military Railway Services, arranged with Director, I.S.R., as to method of dealing with returns.

b. Private Railways in Concession as arranged that returns should be made to their local representatives, who pass them to the area representative of the Ministry of Communications concerned with Private Railways in concession.

4. The Transportation Sub-Commission, AC, has felt it desirable that such a system should be allowed to operate and has drawn the attention of the Labour and Finance Sub-Commission to the indirect subsidy to workers which results whereas in effect the workers in question are already enjoying preferential treatment. Copy of a letter by Transportation Sub-Commission on this subject is attached (Appendix B). Also see Appendix C.

5. At a subsequent date and requested that the employees of contractors to the Allied Forces should also be allowed to enjoy free transport and a further demand was made for the same.

4823

3. So far as is known, AS was not present at the meeting at which these arrangements were made. Apparently, however, as will be noted in para 3(d) of the Labour and Wages Control Committee meeting 16 June 44 attached (appendix A) AS was expected to pay any charges which might be made by the railways concerned. The Finance Sub-Commission could not properly undertake to carry out such an arrangement and therefore the following procedure was evolved:-

a. I.S.R. Director General, Military Railway Services, arranged with Director, I.S.R. as to method of dealing with returns.

b. Private Railways in Concession also arranged that returns should be made to their local representatives, who pass them to the representative of the Ministry of Communications concerned with Private Railways in concession.

4. The Transportation Sub-Commission, AS, has not felt it desirable that such a system should be allowed to operate and has drawn the attention of the Labour and Finance Sub-Commission to the indirect subsidy to workers which results whereas in effect the workers in question are already enjoying preferential treatment. Copy of letter by Transportation Sub-Commission on this subject is attached (appendix B). Also see appendix C.

5. At a subsequent date AS suggested that the employees of contractors to the Allied Forces should also be allowed to enjoy free transport until a further demand was made for free conveyance of workers on Salerno trolley buses.

6. The system of free transport is open to continual abuse. Employees travel at will with out-of-date permits, lend them to relatives and are generally inclined to misuse the facilities when an allowed to them. Appendix D attached represents the point of view of the Finance Sub-Commission of this Headquarters. The matter has been discussed in conference with representatives of the Transportation, Finance and Labour Sub-Commissions and the Reconnaissance Section. It is the considered opinion of this Headquarters that notification should be given to military services at AS that AS desires that the entire system of free travel should cease by 31 January 45.

7. It will be noted in para 6 of Appendix B that "from the point of view of the individual employee the amount of money saved to him, when his free transport is limited to official use, must be certainly a small inducement. The rates for urban transportation are still very small, amounting to a few lire". This was agreed to by the Labour Sub-Commission and in view of (1) the administrative difficulties which will continue to increase as the system of free transport expands and (2) the fact that the Italian Government cannot be logically coerced

-2-

under the terms of the armistice to make the payments requested by the armed forces and have already objected to same (particularly where private means of transportation are involved), it is recommended that the whole system be eliminated at the earliest possible date.

For the Chief Commissioner:

W. W. HULLIN
Acting Deputy Chief of Staff
Economic Section.

TERMS OF REFERENCE.

1. To study the military and essential civilian requirements in respect of factories, industrial plant and machinery, warehouses, storage space, all commercial and industrial facilities, and to recommend to the Board:-

- (a) an equitable allocation of the capacity of the above between the needs of the Allied Armed Forces and those essential to Italian Civilian economy.
- (b) The use, operation and re-allocation where necessary and requisition of industrial factories, plants, storage space and warehouses, and to decide which of these, if any, should be taken from requisition by the Allied Armed Forces or be de-requisitioned as being essential to Italian Civilian economy.
- (c) The control of raw materials, partly finished or finished products which will ensure that the needs of the Allied Armed Forces are met and which will permit of the preservation and/or rehabilitation of essential Italian industry.
- (d) A procedure for ensuring that the maximum output if required is obtained from factories operating under military control or under contract to the Allied Armed Forces or under programmes sponsored by AC and recommended by this Committee.

1.

To study the military and essential civilian requirements in respect of factories, industrial plant and machinery, warehouses, storage space, all commercial and industrial facilities, and to recommend to the Board:-

- (a) an equitable allocation of the capacity of the above between the needs of the Allied Armed Forces and those essential to Italian Civilian economy.
 - (b) The use, operation and re-allocation where necessary and requisition of industrial factories, plants, storage space and warehouses, and to decide which of these, if any, should be immune from requisition by the Allied Armed Forces or be de-requisitioned as being essential to Italian Civilian economy.
 - (c) The control of raw materials, partly finished or finished products which will ensure that the needs of the Allied Armed Forces are met and which will permit of the preservation and/or rehabilitation of essential Italian industry.
 - (d) A procedure for ensuring that the maximum output if required is obtained from factories operating under military control or under contract to the Allied Armed Forces or under programmes sponsored by AC and recommended by this Committee.
 - (e) The importation of such materials as are necessary to permit of the continued operation and/or rehabilitation of those plants essential to meet the needs of the Allied Armed Forces and/or needs of the Italian Civilian economy.
 - (f) The prohibition/transfer of plant and machinery from one factory or industry to another, and to authorise such movement as may be deemed necessary.
 - (g) Such other matters deriving from the functions of the Committee as may be necessary for the conduct of its business.
2. The Committee may appoint such Sub-Committees as are deemed necessary to operate within the above terms of reference.

(b) Electric Power Committee.

Meeting of 24 Oct 44. Accepted and approved.

(c) Miscellaneous Purposes Committee.

Meeting of 14 Oct 44. Accepted and approved.

(d) Food Supply Committee.

Meeting of 10 Oct 44. Accepted and approved. The recommendation called for in para 9 of the minutes will be submitted to the next meeting of the Board.

(e) Labour & Wage Control Committee.

Meeting of 20 Oct 44. Accepted and approved with the following amendments:

- (1) The re-worded form for the allowance for A/T drivers, artisans, etc. was accepted as follows:-

"At the discretion of the C.O.'s or units, subsistence allowance may be paid under the following conditions to an A/T driver, and any other civilian employee who is required for service reasons to be absent on official business from his usual place of duty and his home:-

- (a) When absent for more than five hours but not exceeding ten hours on any one day in excess of his normal hours of duty an allowance not exceeding 25 lire.
- (b) When absent for more than ten hours on any one day in excess of his normal hours of duty an allowance not exceeding 50 lire.

The above allowances are properly payable provided that rations or accommodation are not furnished in kind.

- (2) It was decided to continue the 4% differentiation between female and male labour employed on similar work except in those rates where it is specifically stated to the contrary.

- (3) The revised "Conditions of Employment & Wage Scales for Civilians

(1) The re-worded form for the allowance for 1/1 drivers, mechanics, etc. was accepted as follows:-

"At the discretion of the C.O.'s of units, subsistence allowance may be paid under the following conditions to an 1/1 driver, and any other civilian employee who is required for service reasons to be absent on official business from his usual place of duty and his home:-

(a) when absent for more than five hours but not exceeding ten hours on any one day in excess of his normal hours of duty an allowance not exceeding 25 lire.

(b) when absent for more than ten hours on any one day in excess of his normal hours of duty an allowance not exceeding 50 lire.

The above allowances are properly payable provided that rations or accommodation are not furnished in kind.

(2) It was decided to continue the 15% differentiation between Penale and other labour employed on similar work except in those cases where it is specifically stated to the contrary.

(3) The revised "Conditions of Employment & Wage Scales for Civilians employed by the Allied armed forces in Italy, Sicily and Sardinia" were approved for publication through Command channels with the addition of the following paragraph:-

Para 3(c)

Monthly Rates of Pay.

For the purpose of calculating payments for periods of less than one month, monthly rates of pay are related to an average of 26 working days per month at 8 hours per day.

16. The Board received a report of the meeting of the special Sub-Committee of the Labour and Wages Control Committee held on 2 November 44. It was agreed to accept the recommendations of the Sub-Committee regarding a mandatory increase to be effective 16 November 1944, such mandatory increase to be applicable to territory under the command of the Italian Government.

SUBJECT: Agenda for A.F.L.R.S. (I) Board Meeting on 4 November 1944.

TO : Brigadier A. A. Curry, Chief of Section (B)
Allied Force Local Resources Section.

We would appreciate your placing on the agenda of the next meeting of the Allied Force Local Resources (Italian) Board the attached proposal (Annex "A") to set up a joint AFHQ/AL Secretariat of the Allied Force Local Resources (Italian) Board.

AFHQ REPORT

LOCAL RESOURCES BOARD

PROPOSAL FOR A JOINT AFHQ/MI SECRETARIAT

1. In reconstituting the Allied Force Local Resources (Italian) Board with the Chief Administrative Officer, AFHQ, and the Acting Chief Commissioner, AC, as co-chairmen, it was recognized that the urgency and importance of civilian claims on local resources required the strongest possible Allied Commission representation in the policy decisions on the allocation and disposition of those resources.
2. In order to make sure that the civilian economy is likewise adequately represented at the working level in the day-to-day allocation and other decisions on local resources, it is believed that the principle of the joint chairmanship should now be extended to the Secretariat of the Board. Specifically, it is proposed that joint secretaries be appointed, one from the Allied Force Local Resources Section, AFHQ, and one from the Economic Section, AC. The local resources work of the AFHQ Section on the one hand, and the Economic Section and its several Subcommittees on the other, would be mutually cleared by reference to the joint secretaries.
3. This joint representation would of course be carried over to any system of forward tentacles of the AFHQ Board's secretariat, to operate on local resources problems in the northern provinces.
4. It should not be necessary to disturb the existing efficient mechanical arrangements for the production of agenda and minutes and the performance of the secretariat's other functions. Minutes and other

of the joint chairmanship should now be extended to the Secretaries of the Board. Specifically, it is proposed that joint secretaries be appointed, one from the Allied Force Local Resources Section, AFRL, and one from the Economic Section, AC. The local resources work of the AFRL Section on the one hand, and the Economic Section and its several Subcommittees on the other, would be mutually cleared by reference to the joint secretaries.

3. This joint representation would of course be carried over to any system of forward tickets of the AFRL Board's secretariat, to operate on local resources problems in the northern provinces.

4. It should not be necessary to disturb the existing efficient mechanical arrangements for the production of agenda and minutes and the performance of the secretariat's other functions. Minutes and other documents would be issued jointly by the AFRL Section and the Economic Section; and the AC Subcommittees would of course submit papers and proposals in the first instance to the AC Joint secretary for clearance with the AFRL Section and consideration by the Board.

 Office of the Chief of Staff

Ref/4005/51/CCS

28 October 1944.

SUBJECT: Exports from Italy.

TO : Allied Forces Local Resources Section. (5)

1. I refer to minute No. 7 of the 17th meeting of the Allied Forces Local Resources Board.

2. The whole problem of exports from Italy and the procedure for dealing with them was the subject of an Aide Memoire I sent by G - 5 to the Allied Commission under cover of G - 5 letter of 23 Aug 44. The Aide Memoire set out the guiding principles for the supervision and control over the resuscitation of Foreign Trade. The matter is now under discussion with the Italian Government.

3. Direct purchase or attempts to purchase have in the meantime been made by agencies from other countries. The latest attempt was referred to in Allied Commission letter AGC/3074/Commerce of October 18th and the recommendations therein still hold.

viz.

- (a) That purchase follows the regular channels for procurement and exportation of controlled and restricted materials - e.g. G - 5 or Allied Commission.
- (b) That no further export of non controlled or non restricted materials should be made without approach to Allied Commission.
- (c) To declare all stock of Italian goods, purchased, accumulated and now stored in warehouses in Italy to A.F.L.R.S. - A.F.H.Q. for appropriate disposal.

For the Acting Chief Commissioner.

Brigadier,
 Chief of Staff.

HEADQUARTERS ALLIED COMMISSION
 CEF
 Office of the Chief of Staff

28 October 1944.

Ref/4011/GCS

SUBJECT: Northern Provinces Board.

TO : Allied Forces Local Resources Section.

1. The Allied Commission has before them two proposals for the handling of Local Resources in Northern Italy - i.e. the area under the Military Administrative control of A.A.I.

- (1) To set up a subordinate Board under command of A.A.I. with sub-committees to deal especially with allocation of Industrial resources, allocation of Electrical Power.
- (2) To leave the entire allocation and control of all commodities remaining, after the operational needs of the armies have been catered for, to the main A.F.L.R. Board (Italian) and its committees, relying on forward elements of the A.F.L.R. Section and the Allied Commission.

2. The arguments in support of the first proposal have not been put forward but it is clearly based on the need for some regional organisation to handle problems of local resources in the Northern areas. In some measure this may be necessary. It is true that the operational needs of the Armies are already covered by special directions and that only the committees of the main Board can have sufficient overall knowledge of the true position of resources. It would be unfortunate if a separate organisation, with a less comprehensive outlook were interposed between the regions and the main Board and its committees: and if the Northern Provinces Board were completely subordinate, much of its value would disappear. On the other hand if it were not subordinate an imperium in imperio would arise and the work of the main Board would be stultified.

3. Further arguments against the Board are contained in Brigadier Currie's memorandum.

4. On balance the Allied Commission recommends against the establishment of a Northern Provinces Board at A.A.I. and favours the proposal that local resources functions in the forward areas be dealt with by the forward tentacles of the A.F.L.R. Section combined with a joint A.F.H.Q./A.C. Secretariat.

1.8

File
 AFRLRB (A)

- 2 -

5. The Commission is of the opinion however that it may be necessary to set up a forward committee of the Industrial Co-ordination Committee and of the Electrical Allocation. But these committees should be projections of the A.F.L.R. Board.

6. If it is decided to form a more comprehensive committee of the A.F.L.R., A.A.I. and the A.C. recommend that it should be under joint chairmanship of A.A.I. and A.C. - with a joint secretariat, the Allied Commission recommend that 2 Regional Commissioners of the Northern Regions be appointed to the committee. Finally the Commission recommend that the functions of the Committee for allocation of industrial resources should be defined as follows:

In the field of industry allocations will be made only of industrial capacity in the first instance - that is to say, allocations of the output and use of existing production facilities in the places where they are found. No decisions as to breaking up of existing production units, or the transfer of machinery or other facilities, will be implemented without prior clearance from HQ A.C., Economic Section.

For the Acting Chief Commissioner.

Brigadier,
Chief of Staff.

Subject: Local Resources Procedure
Army Areas.

HQ ALLIED ARMS IN ITALY,
Tel: RILPOT 209.

2059/1/22.
29 Sep 44.

CG, Fifth Army.
Rear HQ Eighth Army.

1. Consideration has been given to the best method for ensuring that local resources found in Army Areas are used to the best interests of the war effort. These considerations have been guided by the following basic principles:-

- (a) Operational requirements of Forward Formations must be first call on all local resources (in stores, materials and facilities) lying within Army boundaries.
- (b) Any balance remaining after demands at (a) have been satisfied will be made available to meet the requirements of the Allied Armed Forces and the civil administration.
- (c) Procurement of local resources will in all areas be restricted to the service or staff section normally responsible for their supply.
- (d) AWR/ACC will be the sole authority for freezing stocks of commodities required by the Armed Forces.
- (e) Interchange of available resources between Areas will be arranged mutually.

2. In order to apply the principles stated in para. 1, the following instructions will take effect forthwith in respect of all local resources found in Army Areas:-

- (a) Operational requirements may be met to the limit of availability without reference to this HQ.
- (b) Balances of controlled and restricted items not required in Army Areas will be reported in duplicate to the Local Resources Section at this HQ. Controlled and restricted items are defined as follows:-

CONTROLLED items are those the allocation of which as between all consumers, military and civilian, must be made by the appropriate Local Resources Section.

487

(b) Any balance remaining after demands are (2) have been secured will be made available to meet the requirements of the Allied Armed Forces and the civil administration.

- (c) Procurement of local resources will in all cases be restricted to the service or staff section normally responsible for their supply.
- (d) AWC/ACC will be the sole authority for freezing stocks of commodities required by the Armed Forces.
- (e) Interchange of available resources between Armies will be arranged mutually.

2. In order to apply the principles stated in para. 1, the following instructions will take effect forthwith in respect of all local resources found in Army areas:-

- (a) Operational requirements may be met to the limit of availability without reference to this HQ.
- (b) Balances of controlled and restricted items not required in Army areas will be reported in duplicate to the Local Resources Section at this HQ. Controlled and Restricted items are defined as follows:-

CONTROLLED items are those the allocation of which as between all consumers, military and civilian, must be made by the appropriate Local Resources Board, or by a duly authorized Committee of that Board.

RESTRICTED items are those which can only be procured by the Allied and Co-Intelligent Forces after the essential needs of the civilian population have been met. Available balances, within its territory, will be declared and allocated by the Board, or by a duly authorized committee of the Board. Schedules of these items will be issued from time to time by this HQ.

- (c) Services/Staff Sections, including the Allied Navy and Air Forces wishing to investigate Local Resources in an Army area will only do so with written authority from the Army concerned. Requests for such permission will state:-

- (i) Object of visit or reconnaissance.
- (ii) Area, etc., to be visited.

Copies (in duplicate) of all reports or inventories prepared will be forwarded to Local Resources Section at this HQ.

(a) Services/Staff Sections, including the Allied Forces and Air Forces, other than those under command articles, will only negotiate purchase in Army areas on the express authority of this HQ or in execution of a release order issued by an A.F.I.R. Board.

(c) The control of all electric power within the operational zone is vested in this HQ.

(33d) W. H. HITCHIE, Brig.
for Major-General,
Chief Administrative Officer.

HEADQUARTERS,
ALLIED CONTROL COMMISSION,
APO 394

A FILE

Office of the Chief of Staff.

Ref: 4005/39/008.

11 October 1944

SUBJECT: Local Resources Board.

TO : DGCS, Economic Section.

1. Brig. Currie, Vice Chairman of the Local Resources Board and head of the Local Resources Section at AMHQ saw me this morning.

He explained that at a meeting of the Supply Committee yesterday the question of the agreed bid for the harvest of seed potatoes was discussed. It was agreed that ACC should present a statement of the original estimate available to the Services and the actual supply already made. That the Services and the ACC would then agree to further provision of potatoes to the Services taking into account the needs of the civilian population.

He asked whether on this basis we would agree to drop our demand for inclusion of the sentence "Only declared surpluses will be made available to the Armed Forces" in para 4 of Administrative Memorandum No. 42.

I agreed.

2. I showed him the letter from the Ministry of Labour regarding the parity between wages of male and female workers of the Italian State. He said that orders had already been issued that wages paid by the Allied Forces should carry the 15% differential between male and female workers and asked that this should be taken up on a high level (Ministerial) before any alteration was made in the order. I think it would be wise if you could see the Minister yourself and confirm from him the letter from his Chief of Cabinet so that there can be no ambiguity on this question.

48. Brig. Currie said that he thought that the ACC representation on the Engineering Materials Sub-Committee needed strengthening. At the moment ACC declared the total stocks of materials available in the country. The Services were obtaining practically 100% of these materials and in his opinion too little was left for the civilian requirements because the ACC representative was either under-briefed or not strong enough in his representations on behalf of the civilian population. He realised the difficulty in putting forward civilian requirements to the Committee but thought that more should be done in this way. Would you take this matter up.

L Brigadier,
Chief of Staff.

ALLIED FORCE LOCAL RESOURCES (ITALIAN) BOARD.

MINUTES.

1. The seventeenth meeting of the board was held at 1100 hrs. Saturday, 7 Oct 44 in the Conference Room, HQ AGC, ROME.

Present:

CAO, AMHQ. }
Chief Commissioner, AGC } Joint Chairmen.

Representatives of:

G-4 (A), G-4 (D) }
G-5 } Deputy Chairmen.

Members:

CAO, HQ AAL.
Vice-President, Economic Section, AGC.
Chief of Staff, AGC.

Representatives of:

C-in-C Med.
SOS TUNOUSIA.
Q(B), AMHQ.
MAAF (Br).
MAAF (Br).

In attendance:

Chairman:-
Engineering Materials Office.
Electric Power Committee.
Food Supply Committee.
Labour & Wages Control Office.
Miscellaneous Purposes Office.
Chief of Section, AMRS.

HEADQUARTERS

11 OCT 1944

Present:

CAO, ARIQ. } Joint Chairman.
 Chief Commissioner, AXC }
 G-4 (A), G-4 (B) } Deputy Chairman.
 G-5 }

Members:

CAO, HQ AAL.
 Vice-President, Economic Section, AOC.
 Chief of Staff, AOC.

Representatives of:

G-in-C Med.
 SOS, RINGHIA.
 Q(B), ARIQ.
 MAIF (IA).
 MAIF (Er).

In attendance:

Chairman: Engineering Materials Cttee.
 Electric Power Committee.
 Food Supply Committee.
 Labour & Wages Control Cttee.
 Miscellaneous Purposes Cttee.
 Chief of Section, ARIQ.
 EA, ARIQ.
 RA, RIA.
 RIA, SOS MATCUNA.

2. The minutes of the sixteenth (special) meeting held on 14 Sep 44 were received and approved.

3. ARIQ Adm. Memo. No. 42, para 3 was received. ARIQ were instructed to compare para 4 with the original approved draft and to initiate the necessary action to remedy any omissions or errors.

4. Reports and recommendations were received from the Chairman of the

(a) Engineering Materials Committee.

- (i) Meeting of 5 Sep 44 - Accepted and approved.
- (ii) Meeting of 3 Oct 44 - Accepted and approved.

(b) Electric Power Committee.

Meeting of 28 Sep 44. Accepted and approved with the exception of para 7. The Committee were instructed to examine the establishment of the dividing line for allocations of electric power to follow the northern ARIQ administrative boundary and to report their findings to the next meeting.

of the Board. The representative of the Electrical Reconstruction Committee was instructed to submit a brief report at each meeting of the Electric Power Committee, such report to be included in the minutes of the meeting, to show the progress made in, and the planning for, the rehabilitation of the electric power system in Italy. This to be presented in the form of a preliminary report and followed by subsequent reports to each meeting of the Electric Power Committee.

(c) Miscellaneous Purposes Committee.

Meeting of 8 Sep 44 - Accepted and approved.

(d) Food Supply Committee.

Meeting of 10 Sep 44 - Accepted and approved.

(e) Labour & Wages Control Committee.

(i) Meeting of 25 Aug 44. Accepted and approved with the exception of the following:-

Para 4 (a) The Committee was instructed to re-examine this recommendation with the assistance of the Financial Advisers and the Fiscal Director.

Para 4 (b) Although this recommendation was approved in principle, the Committee was instructed to further examine this proposition with a view to more closely following the Italian Government scheme.

Para 4 (c) The adoption of the scheme for Social Insurance Coverage for Italian Civilians, as presented by ACC, was approved subject to the Italian Government being prepared to furnish additional clerical assistance to military organisations if they became overburdened with clerical work by the adoption of the proposal.

(ii) Meeting of 29 Sep 44. Accepted and approved with the exception of the following:-

Para 4. It was decided that D.M. Lab HQ AMI would be represented on the Committee.

The Board decided that:

(a) The question of the control of prices was one which should be dealt with by ACC.

(b) A special committee should be appointed for the purpose of drafting general clauses and regulations for the proper control of Allied Armed

Director.

Para 4 (b) Although this recommendation was approved in principle, the Committee was instructed to further examine this proposition with a view to more closely following the Italian Government scheme.

Para 4 (c) The adoption of the scheme for Social Insurance Coverage for Italian Civilians, as presented by ACC, was approved subject to the Italian Government being prepared to furnish additional clerical assistance to military organizations if they became overburdened with clerical work by the adoption of the proposal.

(ii) Meeting of 29 Sep 44. Accepted and approved with the exception of the following:-

Para 4. It was decided that U.D.Lab HQ AAI would be represented on the Committee.

The Board decided that:

(a) The question of the control of prices was one which should be dealt with by ACC.

(b) A special committee should be appointed for the purpose of drafting general clauses and regulations for the proper control of Allied Armed Forces contracts. The CAO, AFHQ, Chief Commissioners ACC and CAO, HQ AAI to decide on the exact terms of reference and the composition of the Committee.

5. It was considered desirable to establish an Industrial Co-ordination Committee on the general lines as recommended by ACC (Appx "A" attached). The exact terms of reference and the composition of the Committee to be decided by CAO, AFHQ, Chief Commissioners ACC and CAO, HQ AAI. It was felt that it might be necessary to establish a sub-committee in forward areas to examine and report upon matters affecting the committee as and when the operational position permitted. This matter was referred to the first meeting of the Industrial Co-ordination Committee.

6. The proposal submitted by HQ ACC regarding the handling of controlled materials in territory north of the Army Rear Boundary was considered in conjunction with HQ AAI letter 2059/1/92 dated 29 Sep 44 (Appx "B" attached). It was decided to adopt the scheme as outlined in the HQ AAI letter referred to above but that after the operational requirements had been satisfied no materials which were of interest on a National basis would be allocated by any authority other than the AFHQ (Italian) Board or its duly appointed committees.

7. The position regarding the method of consideration of demands from other countries on the local resources of Italy was considered and AFHQ were instructed to submit a paper on this subject to the Joint Chairman.

See
folio

43

8. In view of a query raised on the policy adopted in the preparation of the new Allied Forces Basic Wages Scale whereby female labour employed on similar work to male labour was paid at the same rate, the Board decided to refer the matter to the Labour & Wages Control Committee with instructions to follow as closely as practicable Italian Government procedure on this subject.

9. G-4 (B) AFHQ undertook to consider the question of effecting an exchange of timed meat for the recent allocation of 40,000 sheep and goats transferred to DSF, AFHQ from the outstanding balance of an allocation previously made to FBS for the CEF and to notify AOC of the result.

10. The next meeting of the Board will be held at 1100 hrs on Saturday, 4 Nov 44 in the HQ ACC Main Conference Room, Ministero delle Corporazioni, Via Vittorio Veneto, Rome.

Tel. 459081 Ex. 342.

Ref. ACC/5615/IND.

SUBJECT: Industrial Coordination Committee.

TO: Acting Chief,
Economic Section.

1. As requested, we have prepared this memorandum outlining the view of this Sub-Commission with regard to the establishment of the proposed Industrial Coordination Committee of the A.S.I.R. Coord.
2. Terms of Reference: We submit the following outline of what we consider should be the terms of reference of the proposed Committee:-
 - (a) To determine an equitable allocation of "production potential" as between the needs of the Allied Armies and Italian civilian economy.
 - (b) To ensure that the needs of the Allied Armies for stocks of raw materials, partly finished products and finished products and equipment are supplied in accordance with a pre-determined programme which should allow for the maximum preservation of Italian industrial economy.
3. Policy: Under the terms of reference enumerated above it is suggested that the functions of the Committee would fall under the following heads:-
 - (a) The division of the various factories into two groups. The first group being for those that are available to the armed forces for requisition, should the armed forces so desire, and the second being a list of factories which should be immune from requisition on the grounds of their products being essential to the civilian economy.
 - (b) To give orders for the preparation of stock inventories in factories in the second group enumerated above, and to consider such inventories with a view to determining what portion of the stocks should be considered surplus and therefore available for allocation to the armed forces.

480

2. Terms of Reference: We submit the following outline of what we consider should be the terms of reference of the proposed Committee:-

- (a) To determine an equitable allocation of "production potential" as between the needs of the Allied Armies and Italian civilian economy.
 - (b) To ensure that the needs of the Allied Armies for stocks of raw materials, partly finished products and finished products and equipment are supplied in accordance with a pre-determined programme which should allow for the maximum preservation of Italian industrial economy.
3. Policy: Under the terms of reference enumerated above it is suggested that the functions of the Committee would fall under the following heads:-
- (a) The division of the various factories into two groups. The first group being for those that are available to the armed forces for requisition, should the armed forces so desire, and the second being a list of factories which should be immune from requisition on the grounds of their products being essential to the civilian economy.
 - (b) To give orders for the preparation of stock inventories in factories in the second group enumerated above, and to consider such inventories with a view to ascertaining what portion of the stocks should be considered surplus and therefore available for allocation to the armed forces.

4. The Italian Government has already put forward proposals to this Sub-Commission that in the case of large concerns such as Fiat, with many different factories under their control, it would be desirable, even in advance of liberation, to determine which individual factories should be available to the armed forces and which should be guaranteed immunity from requisition. This Sub-Commission views this proposal with favour but perceives difficulty in the adoption of such a plan owing to the paucity of accurate information as to the state of the factories immediately prior to liberation.

5. In conclusion, it is felt that in the terms of reference of the Industrial Coordination Committee are roughly on the lines indicated in this memorandum, and if AGO has strong representation on the Committee, the creation of this Committee should be of great value in minimising the economic distress which is the inevitable result of military operations and the presence of armies of occupation in Italy. Therefore it is felt that AGO should give every encouragement towards the establishment of such a Committee.

J.S.E. TODD,
Colonel,
Acting Director,
Industry Sub-Commission.

Appendix "B"

Subject: Local Resources Procedure
Army Areas.

HQ ARMED ARMIES IN ITALY,
Tel: FILIPOT 209.
2059/1/02.
29 Sep 44.

03, Fifth Army.
Rear HQ Eighth Army.

1. Consideration has been given to the best method for ensuring that local resources found in Army Areas are used to the best interests of the war effort. These considerations have been guided by the following basic principles:-

- (a) Operational requirements of forward formations must be first call on all local resources (in stores, materials and facilities) lying within Army boundaries.
- (b) Any balance remaining after demands at (a) have been satisfied will be made available to meet the requirements of the Allied Armed Forces and the civil administration.
- (c) Procurement of local resources will in all areas be restricted to the service or staff section normally responsible for their supply.
- (d) AMG/ACC will be the sole authority for freezing stocks of commodities required by the Armed Forces.
- (e) Interchange of available resources between Armies will be arranged mutually.

2. In order to apply the principles stated in para. 1, the following instructions will take effect forthwith in respect of all local resources found in Army areas:-

- (a) Operational requirements may be met to the limit of availability without reference to this HQ.
- (b) Balances of controlled and restricted items not required in Army areas will be reported in duplicate to the Local Resources Section at this HQ. Controlled and restricted items are defined as follows:-

CONTROLLED items are those the allocation of which as between all consumers, military and civilian, must be made by the appropriate Local Resources Board, or by a duly authorised Committee of that Board.

RESTRICTED items are those which can only be procured by the Allied and Co-belligerent forces after the essential needs of the civilian

service or staff section normally responsible for their supply.

- (d) AHC/ACC will be the sole authority for freezing stocks of commodities required by the Armed Forces.
 - (e) Interchange of available resources between Armies will be arranged mutually.
2. In order to apply the principles stated in para. 1, the following instructions will take effect forthwith in respect of all local resources found in Army areas:-
- (a) Operational requirements may be met to the limit of availability without reference to this HQ.
 - (b) Balances of controlled and restricted items not required in Army areas will be reported in duplicate to the Local Resources Section at this HQ. Controlled and Restricted items are defined as follows:-

CONTROLLED items are those the allocation of which as between all consumers, military and civilian, must be made by the appropriate Local Resources Board, or by a duly authorised Committee of that Board.

RESTRICTED items are those which can only be procured by the Allied and Co-sufficient Forces after the essential needs of the civilian population have been met. Available balances, within its territory, will be declared and allocated by the Board, or by a duly authorised committee of the Board. Schedules of these items will be issued from time to time by this HQ.

- (c) Services/Staff Sections, including the Allied Navies and Air Forces wishing to investigate local resources in an Army area will only do so with written authority from the Army concerned. Requests for such permission will state:-

- (i) object of visit or recon.
- (ii) Area, etc., to be visited.

Copies (in duplicate) of all reports or inventories prepared will be forwarded to Local Resources Section at this HQ.

(d) Services/Staff Sections, including the Allied Navies and Air Forces, other than those under command Arrives, will only negotiate purchase in Army arms on the express authority of this HQ or in execution of a release order issued by an A.F.I.R. Board.

(e) The control of all electric power within the operational zone is vested in this HQ.

ADMINISTRATIVE MEMORANDUM

MEMOR

42)

24 September 1944

III - ALLOCATION OF LOCALLY PRODUCED FOODSTUFFS

1. It is anticipated that the problem of feeding the Italian civil population will become increasingly difficult as the large centers in the North fall into our hands.
2. To meet this situation the following principles will govern allocations of locally produced foodstuffs by the Food Supply Committee of the Allied Force Local Resources (Italian) Board:

(a) In principle, locally produced foods which are readily stored or transportable will not be made available for allocation to the Armed Forces from 1 October 1944. Specifically, the following are not so available:

Dried Vegetables
Dried Fruits.

(b) The local military and AGO authorities shall consult together as to local surpluses, having regard to the possibility of moving the surpluses to another area as directed by the AGO. That portion of the surpluses which cannot be moved so as to arrive in good condition will be available to the Armed Forces under local arrangements. Specifically, the following fall in this category:

Green Vegetables
Root Vegetables
Hard Fruits

(c) Certain relatively small quantities are required for the victualling of ships. These will be made available as a second priority after meeting the needs of hospitals (see paragraph 6 below).

(d) Where green or root vegetables are bid for by the Armed Services let the Food Supply Committee, but of which there is no declared surplus, the Armed Services will offer at the same time the equivalent, or some other proportion, of preserved vegetables to the AGO for use as directed by the AGO in substitution of the green and root vegetables made available for the Armed Forces.

3. The AGO will not withhold from declared surpluses any commodities for

1 October 1944. Specifically, the following are not as available:

Dried Vegetables
Dried Fruits.

(b) The local military and AEC authorities shall consult together as to local surpluses, having regard to the possibility of moving the surpluses to another area as directed by the AEC. That portion of the surpluses which cannot be moved so as to arrive in good condition will be available to the Armed Forces under local arrangements. Specifically, the following fall in this category:

Green Vegetables
Root Vegetables
Hard Fruits

(c) Certain relatively small quantities are required for the victualling of ships. These will be made available as a second priority after meeting the needs of hospitals (see paragraph 6 below).

18
48
(d) Where green or root vegetables are bid for by the Armed Services at the Food Supply Committee, but of which there is no declared surplus, the Armed Services will offer at the same time the equivalent, or some other proportion, of preserved vegetables to the AEC for use as directed by the AEC in substitution of the green and root vegetables made available for the Armed Forces.

3. The AEC will not withhold from declared surpluses any commodities for use outside the area in which they are produced unless it has been established that they can be delivered in good condition in the areas in which they are required.

4. Potatoes: Owing to a failure of crop it will not be possible to meet the full estimated off-take which the Armed Forces should receive from the seed area. The Chief Quartermaster, AFHQ and the Director of Supplies and Transport respectively, in consultation with ALES, AFHQ, will make an agreed final bid for locally produced potatoes. Thereafter, paragraph 2 (b) above will apply. *(Owing surplus)*

5. Citrus fruits, soft fruits and nuts will continue to be made available under existing procedures.

6. Hospitals: The certified minimum requirements for hospitals for patients only, both British and American, will be met, and nothing in this instruction is to be read as limiting the necessary minimum supply of locally produced products to hospitals.

7. The American and British.....

RECEIVED

RESTRICTED

AMHQ Administrative Memo # 42 (cont'd)

7. The American and British supply agencies respectively, in consultation with AFMPS, AMHQ, will issue such technical instructions as are necessary to give effect to this memorandum.

ASA/edg

23 September 44.

SUBJECT: Proposal for Control of Industrial Supplies.

TO BE SUBMITTED TO:

AMG Eighth Army.
AMG Fifth Army.
AMG Regions.

1. Attached to this instruction (Appendix A dated 1944) is a schedule of Engineering Materials, the control of which is vital to the War Effort. The following paragraphs establish the method of operation of control in AMG territory, North of the Army rear boundary.
2. One or more Materials Officers will be assigned to each AMG Region, to locate, block and obtain inventories of any material or plant which is required for the prosecution of the war. Such officers will be temporarily attached to AMG 3 or 8 Armies prior to the time their Regional HQ reaches its final location. Transport and billets will be furnished by Armies concerned.
3. The Materials Officers will survey forward areas and locate any stocks of Controlled Materials, or any other materials or plant specifically requested by a military unit. The blocking of such materials will be effected in the following manner:
 - (a) The Materials Officer will immediately place the premises "Out of Bounds" to all Military and Civilian personnel until frozen or released in accordance with para. (c) below.
 - (b) The Materials Officer will request the Provincial Commissioner, AMG, in writing, to "block" the material or plant involved.
 - (c) The Provincial Commissioner will then issue a freezing order in the form of Appendix B to the person or firm concerned, with notice to all Army and Regional HQ. If so authorized, the Materials Officer may act on behalf of the Provincial Commissioner.

to locate, block and obtain inventories of any material or plant which is required for the prosecution of the war. Such officers will be temporarily attached to JAG 5 or 6 Armies prior to the time their Regional HQ reaches its final location. Transport and billets will be furnished by Armies concerned.

3. The Materials Officers will survey forward areas and locate any stocks of Controlled Materials, or any other materials or plant specifically requested by a military unit. The blocking of such materials will be effected in the following manner:

- (a) The Materials Officer will immediately place the premises "Out of Bounds" to all military and civilian personnel until frozen or released in accordance with para. (c) below.
- (b) The Materials Officer will request the Provincial Commissioner, AUG, in writing, to "block" the material or plant involved.
- (c) The Provincial Commissioner will then issue a freezing order in the form of Appendix 2 to the person or firm concerned, with advice to the Army and Regional HQ. If so authorised, the Materials Officer may act on behalf of the Provincial Commissioner.
- (d) The Materials Officer will obtain an inventory of all Controlled Materials and will submit copies as follows:

- (1) Provincial Commissioner.
- (2) JAG/Army or Region HQ, whichever is in control.

4. Release of "blocked" materials may be effected only by the Provincial Commissioner acting on one of the conditions set forth below:-

- (a) By request of a Military Unit, for its use in immediate operational requirements.
- (b) For immediate essential civilian uses, as for example Public Works and Utilities, matters affecting Public Health or Safety, Transport, Refugees, rehabilitation of essential industries, etc.

(4)

- (c) For release of materials in excess of requirements for (a) and (b), declared available to A.F. Local Resources Board, and allocated by them.

5. The availability of Controlled Materials remaining after the emergency needs of 4 (a) and (b) have been met, will be forwarded monthly by AMG Army and Regional HQ to HQ ACC for transmission to A.F. Local Resources Section.
6. The A.F. Local Resources Board will make the allocation of available materials between ACC/AMG and military requirements. This Board will then forward (under terms of para. 5, AFGHQ Adm. Memo. 41) to its appropriate subordinate organizations, or to L.R.S., HQ, AAI or comparable subordinate HQ, such military allocations as may be appropriately dealt with by them. All release orders issued by IRS, HQ AAI in the Army area should be addressed by them directly to the AMG Provincial Commissioner concerned, for local endorsement and proper recording. This will facilitate prompt release to the Services of materials allocated to them.
7. No other method or authority for the freezing and release of civilian owned war material than those now prescribed will be recognised in the AMG Area. These instructions apply only to territory North of the Army boundary.

By Order of Captain STONE (USNR):

ALLIED FORCE LOCAL RESOURCES (ITALIAN) BOARDENGINEERING MATERIALS COMBINED - MINUTES

1. The fourteenth meeting of the Engineering Materials Committee was held at 10.00 hours, Tuesday, 5 SEPT 44 in the Local Resources Section conference room, Main HQ AAI.

Present:- Brigadier D.L. Anderson, O.B.E., DW - Chairman

Representatives of:- RN (POWIT)

AFSC/ATO

214 Gp. RAF

CE, FBS

ACC

ORD (Br) HQ AAI

DW, HQ AAI

DMR

Tn (Br)

:

In Attendance:-

Vice-Chairman (US) (Allied Force Local Resources
Vice-Chairman (Br) (Italian) Board.

2. The minutes of the thirteenth meeting were received and approved.
3. No matters arose for discussion from the meeting of the Board held on 21 AUG 44.
4. Allocations of controlled materials, amounting to approximately 30,000 tons, was made and the necessary release notes are being issued by the Local Resources Section.
5. Consolidated requirements of steel against the production of the Terni and Ilva plants were received and passed to the Sub-Committee established to decide on rolling programmes.
6. Service requirements of mercury were received and the following allocations made:-

470
HQ 214 Gp. RAF - 100 lbs.

ACC Commerce Sub-Commission undertook to notify the Local Resources Section of the address where outstanding Service release notes could be satisfied, namely:-

ACC

OHD (Br) HQ AAI

DM, HQ AAI

DMR

Ta (Br)

In Attendance:-

Vice-Chairman (US) (Allied Force Local Resources
Vice-Chairman (Br) (Italian) Board.

2. The minutes of the thirteenth meeting were received and approved.
3. No matters arose for discussion from the meeting of the Board held on 21 AUG 44.
4. Allocations of controlled materials, amounting to approximately 30,000 tons, was made and the necessary release notes are being issued by the Local Resources Section.
5. Consolidated requirements of steel against the production of the Terni and Ilva plants were received and passed to the Sub-Committee established to decide on rolling programmes.
6. Service requirements of mercury were received and the following allocations made:-

473
HQ 214 Gp. RAF - 100 lbs.

ACC Commerce Sub-Commission undertook to notify the Local Resources Section of the address where outstanding Service release notes could be satisfied, namely:-

AAFSC/ATO	400 lbs
DMR	1,200 "
OHD (Br)	4,480 "
MD (Br)	1,250 "

Local Resources Section was authorised to release the balance of mercury to ACC for export.

7. It was agreed that allocations could be made by the Local Resources Section against those availabilities still remaining from the quantities notified by ACC to those Services whose bids were received too late for consideration.
8. The Committee expressed a vote of thanks to ACC for the great assistance they had rendered in producing availabilities and to the Local Resources Section for the high standard of secretarial work carried out for the Committee.

9./

ALLIED FORCE LOCAL RESOURCES (ITALIAN) BOARDFOOD SUPPLY COMMITTEE - MINUTES

1. The fifteenth meeting of the Food Supply Committee was held at 14.30 hours on 10 SEPT 44 in the Local Resources Section conference room, Main HQ AAI.

Present:- Colonel W.J. Legg, Director, Food Sub-Commission, ACC
- Chairman.

Representatives of:- S & T, AAI
No. 1 District
No. 2 District
Q.M., P.B.S.
B.F.A., P.B.S.
AFSC/ATO

In attendance:- Vice-Chairman (US) Allied Force Local
Vice-Chairman (AP) Resources (Italian) Board.
Representatives of HQ Adriatic Base Depot.

2. The minutes of the previous meeting held 10 AUG 44 were approved.
3. No matters arose for discussion out of the last meeting of the Board.
4. A report was received from ACC on the availabilities of foodstuffs for the month of OCTOBER and the following allocations were made against requirements submitted by the services:-

All figures are in Tons

<u>Commodity</u>	<u>S & T</u>	<u>Italian Armed Forces</u>	<u>PBS</u>	<u>FM</u>
Peppers	-	-	100	-
Onions	135	-	55	10
Garlic	-	200	-	-
Zucchini	-	100	-	-
Cabbage	-	50	-	-
Melons	370	70	350	10
Grapes	650	515	510	-

473

In attendance:-

Vice-Chairman (US) Allied Force Local
 Vice-Chairman (Br) Resources (Italian) Board.
 Representatives of HQ Adriatic Base Depot.

2. The minutes of the previous meeting held 10 AUG 44, were approved.
3. No matters arose for discussion out of the last meeting of the Board.
4. A report was received from AGC on the availabilities of foodstuffs for the month of OCTOBER and the following allocations were made against requirements submitted by the services:-

All figures are in Tons

Commodity	S & T	Italian Armed Forces	PBS	RAF
Peppers	-	-	100	-
Onions	135	-	55	10
Garlic	-	200	-	-
Zucchini	-	100	-	-
Cabbage	-	50	-	-
Melons	370	70	350	10
Grapes	650	513	310	-
Yeast	50	-	-	-
Salt	600	222	-	-

Peaches (may be purchased if available)

PBS asked permission to purchase from Sicily 640 tons Lemons and AFLRS, AFHQ, undertook to ask the AFLR (Sicilian) Board if such lemons could be made available.

5. The question of the supply of potatoes against the seed imported by S & T, HQ AAI, was raised and it was decided that as this matter was now being dealt with by AFHQ no further action on this matter should be taken by the committee as at present constituted.

6. It was decided to continue the existing method of obtaining prices from Regional AMG/AGC representatives.

7./

(ii) Rules

- (a) The above rates will be payable for every 24 hours of absence from place of residence on official business. If the time of absence in hours exceed 24 and is not divisible exactly by 24, the final period, if in excess of 12 hours, shall be counted as 24; if under 12 hours, nothing shall be paid in respect of it.
- (b) These allowances will be paid in full if no rations or accommodation are provided for the use of the employee making the journey. If rations, but not accommodation, are provided, one-third of the allowance will be paid. If accommodation, but not rations, is provided, two-thirds will be paid.
- (c) Claims in support of these allowances will be submitted. *John*
- (c) That the scheme for Social Insurance Coverage for civilians employed directly by the Allied Armed Forces as presented by AOC be adopted (Appendix 'A' refers).

5. The following new and revised rates of pay were approved:-

	Min.	Max.
Baker, Clothing & Soft Goods	75	90 per day
Stereotyper	90	110 "
Tailor (with own machine)	90	110 "
Tailor (without machine)	70	90 "

APPENDIX "A"

ADVANCE HEADQUARTERS
ALLIED CONTROL COMMISSION
LABOUR SUB-COMMISSION
APO 594

IAB 091.454

16 AUG 44

MEMORANDUM

SUBJECT: Social Insurance Coverage for Civilians employed directly by the Allied Armed Forces.

TO: Chairman, Labour & Wages Control Committee.

1. At its meeting of 15 May 1944, the Local Resources (Italian) Board approved the extension of the Italian social insurance provisions to direct employees of the Allied Armed Forces and requested the Allied Control Commission to develop a plan, acceptable to Headquarters AAI for such extension.
2. The plan embodied in this memorandum is submitted to the Labour & Wages Control Committee for consideration. The Plan is recommended by the Labour Sub-Commission, ACC, on the basis of extensive study of the problems involved and alternative possibilities of solution. The guiding objective has been to:-

- (a) determine the minimum information required to assure social insurance benefits to workers and enable the setting up of Italian State funds for the purpose; and
- (b) devise a method whereby the Armed Forces may supply the information with a minimum of clerical work and record keeping.

3. The Italian Government has agreed to pay for and to provide social insurance benefits covering:-

- (a) Accidental injury or death (as at present).
- (b) Illness of worker or of member of his family.
- (c) Unemployment.
- (d) Invalidity and old age.
- (e) Tuberculosis.
- (f) Marriage and births.

473

possibilities of solution. The guiding objective has been to
 (a) determine the minimum information required to assure
 social insurance benefits to workers and enable the
 setting up of Italian State funds for the purpose; and

(b) devise a method whereby the Armed Forces may supply
 the information with a minimum of clerical work and
 record keeping.

3. The Italian Government has agreed to pay for and to provide social insurance
 benefits covering:-

(a) Accidental injury or death (as at present).

(b) Illness of worker or of member of his family.

(c) Unemployment.

(d) Invalidity and old age.

(e) Tuberculosis.

(f) Marriage and births.

478,

4. The minimum information required consists of data sufficient to identify the
 worker, his classification and pay rate, and the dates of his employment, which it is
 proposed to record and furnish to the worker by means of a "Worker's Social Insurance
 Card" (copy attached).

5. The following is proposed as the responsibility to be assumed by the Armed Forces:-

(a) the paying officer or his delegate will be responsible
 for preparation of a "Worker's Social Insurance Card",
 Form SI-1, for each worker employed. The card will be
 maintained in an appropriate file during the period of
 employment.

(b) The file will be initially constituted to include cards
 for all workers paid the first pay-period after the
 effective date of the plan. The date of commencing
 work, from the standpoint of social insurance coverage,
 will be considered as being the same as the effective
 date of the plan and will be so entered on the worker's
 card, except in the case of such employing units as are
 able/

(1)

- 2 -

able and wish to provide retroactive coverage for their employees by supplying the actual commencing date, where it is verifiable.

- (c) When employment terminates or is interrupted by illness or other compensable contingency, the card will be completed, certified by the paying officer or his delegate, and will be given to the worker to enable him to establish his social insurance rights. A new card will be prepared, to cover any succeeding period of employment, should he again return to work.
- (d) When a worker, during his period of employment, wishes to apply for medical care for a member of his family or for a marriage or birth allowance (i.e. a benefit not contingent on his own separation from work), a certification that he is currently employed by the Armed Forces will be given him, at his request, on the "Worker's Employment Status Report", Form SI-2 (copy attached), based on information already contained on the basic social insurance card.

6. A suggested file maintenance procedure is also attached hereto.

Date

SUGGESTED FILE MAINTENANCE PROCEDURES
"WORKER'S SOCIAL INSURANCE CARDS"

Form SI-1

1. The first four lines of card (items 1 to 5) will be filled out when or before worker draws first pay. The length of the pay period (weekly, monthly, bi-weekly or semi-monthly) will be indicated by circling the appropriate word in item 6 or by rubber stamp. The card then goes into active file.
2. Each pay day, cards in the active file will be pulled as workers are paid and a tally will be made on the card by circling the number of the pay period in item 7. If the worker is leaving and is being paid off, the card will be completed and given to him. Otherwise it will be returned to the active file. Cards not pulled will represent/

(4)

-2-

represent workers who walked out on the job or who have otherwise absented themselves since last pay period. These will be date-stamped in space provided in item 6 and will be placed in dead file. If worker later reports and returns to work, card will be replaced in active file. If not, cards whose "failed to work" date stamp is four weeks old will be destroyed and insurance rights forfeited.

5. Whenever a worker's employment terminates, without some definite understanding as to resumption (such as in case of a temporary shut-down or suspension), or is interrupted by illness or other compensable contingency, his card will be completed and given to him. If he is subsequently re-employed, a new card will be made out.

NOTE:-

Both items 6 and 7 are simply tally items to simplify maintenance of the file. They may be used in whatever manner and with whatever variations the unit supervisor finds desirable.

5. The Board appointed the following Chairmen of Committees:-

Food Supply	Col. W.J. LEGG, ACC Food Sub-Commission
Engineering Materials	Brig. D.L. ANDERSON, DW, HQ AAI
Labour & Wages Control	To be nominated by HQ ACC
Forage	Brig. O(Maint) AFHQ
Electric Power	To be nominated by Chief Engineer AFHQ
Miscellaneous Purposes	Major. F.W. STAIRWALT, RPA, PPS

Pending the negotiations at present taking place between ACC and the Italian Government, it was decided to suspend the activities of the Prices Committee.

Chairman

6. The CAO, AFHQ will continue the present policy of taking executive action on any urgent matters which may arise between meetings of the Board.

7. The ACC, HQ AAI drew attention to the fact that, while the terms of reference of the Electric Power Committee changed it inter alia with the planning and rehabilitation of the industry, these duties were in fact being performed by an Electrical Reconstruction Committee established in agreement between himself and the Chief Commissioner ACC with CE HQ AAI as chairman. The Board approved the continuance of this procedure and stated that no change in policy would be envisaged if CE AFHQ were substituted for CE HQ AAI.

8. The question of responsibility for the policy to be followed in the rehabilitation and co-ordination of industry had been referred to WASHINGTON and until a ruling was given no generally acceptable procedure could be evolved; ACC stressing the needs of the civilian population, while the military authorities emphasized service needs.

9. The representative of the Chairman of the Board...

Pending the negotiations at present taking place between AOC and the Italian Government, it was decided to suspend the activities of the Prices Committee.

6. The CMO, AFHQ will continue the present policy of taking executive action on any urgent matters which may arise between meetings of the Board.

7. The AOC, IEI drew attention to the fact that, while the terms of reference of the Electric Power Committee changed it inter alia with the planning and rehabilitation of the industry, those duties were in fact being performed by an Electrical Reconstruction Committee established in agreement between himself and the Chief Commissioner AOC with CE HQ AII as chairman. The Board approved the continuance of this procedure and stated that no change in policy would be envisaged if CE AFHQ were substituted for CE HQ AII.

8. The question of responsibility for the policy to be followed in the rehabilitation and co-ordination of industry had been referred to WASHINGTON and until a ruling was given no generally acceptable procedure could be evolved; AOC stressing the needs of the civilian population, while the military authorities emphasized service needs.

9. The representative of the Chairman of the Food Committee gave a resume of the vegetable position and stated that the quantities available in October for the Armed Forces, after meeting civilian requirements, were small. Chief Commissioner AOC stressed the extreme gravity of the food situation generally as a result of the liberation of additional territory and the inability to speed up imports. The Chairman admitted these points but stressed the needs of the troops for fresh fruit and vegetables, and the CMO HQ AII emphasized the difficulties caused to the provisioning services by any unexpected sudden restrictions on local purchases. It was decided by the Board that the details of the matter were to be submitted to the CMO AFHQ for interim action if necessary and the whole subject would be reconsidered by the Board at its next meeting.

10. The Board passed a unanimous vote of thanks to Maj. Gen. Sir BRIAN H. ROBERTSON Bt./for his services as Chairman of the Board.

HQ AII

11. The Board decided that subsequent meetings will be held on the first Saturday of each month. The next meeting will be held at 1100 hours on Saturday, 7 October 1944, in the HQ AOC Main Conference Room, Ministero delle Corporazioni, Via Vittorio Veneto, ROME.

2. The minutes of the fourteenth meeting held on 21 AUG 44 were received and approved.

473 3. The Chairman announced that the party from AFHQ was unable to attend and proceeded to explain why the meeting was summoned.

AFHQ assumes responsibility for the administration of Italy up to the northern boundaries of Lazio and Abruzzi, AMI undertaking the administration, under AFHQ direction, of Italian territory north of those boundaries.

As a result of this re-organisation, AFHQ will take over control of the Allied Force Local Resources (Italian) Board. It is the intention to establish a local board in AMI territory which will take decisions on matters of a local nature. Decisions which might affect the whole of Italy would be in the form of recommendations from the local board to the AFHQ (I) Board.

The Chairman said that this reorganisation would necessitate changes in the membership of the Allied Force Local Resources (Italian) Board. He gave a forecast as to what these changes would be, but said that the final announcement would be made on 14 SEPT 44 when a further meeting would be held.

4. The next meeting of the Board will be held at 11.00 hours, on THURSDAY, 14 SEPT 44, in the HQ ACC Main Conference Room, Ministero delle Corporazioni, Via Vittorio Veneto, ROME.

APPENDIX "A"

APPENDIX "A"

MEMORANDUM ON THE COMPOSITION, TERMS OF REFERENCE, POLICIES & PROCEDURE
OF THE ALLIED FORCE LOCAL RESOURCES (ITALIAN) BOARD, & OF ITS COMMITTEES
NOV 1943 TO AUG 1944

1. The AFIR (Italian) Board was constituted by AFHQ Administrative Memorandum No. 78 and held its first meeting on 12 NOV 43.

2. At that meeting the following Committees were set up:-

- (a) Food Supply Committee
- (b) Engineering Materials Committee
- (c) Labour & Wages Control Committee
- (d) Storage Committee
- (e) Cold Storage Committee

Legg
Patlini
G. H. H. H.

Subsequently three other Committees were formed:-

- (f) Electric Power Committee (on 29 NOV 43)
- (g) Miscellaneous Purposes Committee (on 28 DEC 43)
- (h) Committee on Prices (on 21 AUG 44)

CE AFHQ

EVans (Col)

3. The Board has held fourteen meetings. The principle adopted by the Board was that its main functions, other than that of supervising the work of the Committees, who, in practice, made allocations of commodities available subject to appeal to the Board, were twofold:

first to reach an agreement between all Services as to uniform policies with reference to local resources on which those Services could issue their own instructions with full confidence of overall equity and

second to submit to the G-3 Branch of the Staff a reasoned and technically sound recommendation on a number of problems, frequently very contentious and complicated, for due consideration of which an "ad hoc" committee of experts would otherwise have had to be set up in each case.

The Board, consisting of representatives of all Districts, Base Sections, Navies, Air Forces and of HQ AFHQ, the majority of whom were normally of General Officer rank or First Grade Staff Officers, and all experienced in administration, was particularly suited to express authoritative and unbiased opinion on any economic

Subsequently three other Committees were formed:-

- (1) Electric Power Committee (on 29 NOV 43)
 (2) Miscellaneous Purposes Committee (on 28 DEC 43)
 (3) Committee on Prices (on 21 AUG 44)

3. The Board has held fourteen meetings. The principle adopted by the Board was that its main functions, other than that of supervising the work of the Committees, who, in practice, made allocations of commodities available subject to appeal to the Board, were twofold:

first to reach an agreement between all Services as to uniform policies with reference to local resources on which those Services could issue their own instructions with full confidence of overall equity and

second to submit to the C-4 Branch of the Staff a reasoned and technically sound recommendation on a number of problems, frequently very contentious and complicated, for due consideration of which an "ad hoc" committee of experts would otherwise have had to be set up in each case.

The Board, consisting of representatives of all Districts, Base Sections, Navies, Air Forces and of HQ ACC, the majority of whom were normally of General Officer rank, at First Grade Staff Officers, and all experienced in administration, was particularly well suited to express an authoritative and unbiased opinion on any economic question, especially as the Chairmen of the Committees were invariably in attendance. This all-round representation, which was reflected in all Committees, ensured that all interested Services received every consideration on any question affecting its particular procurement problems.

No executive action was taken by the Board.

In the early days of the Board its actions were largely implemented through executive administrative channels. As confidence in the Board increased, its actions have been accepted by all Services, whether under MI control or otherwise, without the necessity of issuing command decisions. This action has greatly simplified what otherwise would have been a tedious method of gaining uniform action by various agencies in the theatre.

The average duration of a meeting was 1 hour 20 minutes. The Chair was, save in very exceptional cases, taken by the C-4 in person. A numerical vote was never needed, any initial divergencies of opinion being usually settled in course of debate. In arriving at its conclusions the opinion of a member having paramount interests in any matter was given special consideration, even though his views were in the minority.

By means of directives issued through the C-4/Q Branches of the Staff, the entire

 (3) Committee on Prices

The Board has held fourteen meetings. The principle adopted by the Board was that its main functions, other than that of supervising the work of the Committees, who, in practice, made allocations of commodities available subject to appeal to the Board, were twofold:

first to reach an agreement between all Services as to uniform policies with reference to local resources on which these Services could issue their own instructions with full confidence of overall equity and

second to submit to the C-4 Branch of the Staff a reasoned and technically sound recommendation on a number of problems, frequently very contentious and complicated, for due consideration of which an "ad hoc" committee of experts would otherwise have had to be set up in each case.

The Board, consisting of representatives of all Districts, Base Sections, Navies, Air Forces and of IO AGC, the majority of whom were normally of General Officer rank, First Grade Staff Officers, and all experienced in administration, was particularly well suited to express an authoritative and unbiased opinion on any economic question, especially as the Chairmen of the Committees were invariably in attendance. This all-round representation, which was reflected in all Committees, ensured that all interested Services received every consideration on any question affecting its particular procurement problems.

No executive action was taken by the Board.

In the early days of the Board its actions were largely implemented through executive administrative channels. As confidence in the Board increased, its actions have been accepted by all Services, whether under AAI control or otherwise, without the necessity of issuing command decisions. This action has greatly simplified what otherwise would have been a tedious method of gaining uniform action by various agencies in the theatre.

The average duration of a Meeting was 1 hour 20 minutes. The Chair was, save in very exceptional cases, taken by the CAO in person. A numerical vote was never needed, any initial divergencies of opinion being usually settled in course of debate. In arriving at its conclusions the opinion of a member having paramount interests in any matter was given special consideration, even though his views were in the minority.

By means of directives issued through the C-4/Q Branches of the Staff, the entire/

entire procurement policy on the Mainland of Italy has been controlled. Questions requiring an immediate solution between Meetings were dealt with by the CMO or D/CAO acting on the recommendation of the appropriate Committee or of its Chairman. The Board has invariably endeavoured to co-operate (as far as military exigencies permitted) with ACC with the view of assisting this Body in its ultimate task.

4. The Food Supply Committee has held fourteen meetings of which thirteen were under the Chairmanship of the QM PSS and the last under that of the Director, Food Sub-Commission, HQ ACC. Its principal functions have been the allocation of such foodstuffs as were made available by ACC to the Armed Forces, including the Italian Armed Forces, and setting agreed prices. Maximum prices to be paid by the Armed Forces during the succeeding month were regularly determined and circulated in the Minutes of the meetings. Executive orders prohibiting the purchase (other than by official purchasing agents) of meat, fish, poultry and eggs throughout the Mainland of Italy were drafted and published through staff channels, on the approved recommendation of the committee to the Board.

5. The Engineering Materials Committee has held fourteen meetings under the Chairmanship of Lt. Col. M.I. It has been one of the most valuable Committees of the Board, its primary function being the assessment of availabilities of timber, building materials, metals and other engineering stores, and their allocation as between the many interested Services. Lists of controlled items have been prepared and stocks of same frozen. The successful functioning of this Committee is largely dependent upon the prompt reporting of located resources. In the vast majority of cases these availabilities are reported by the Industry & Commerce Sub-Commissions ACC, whose co-operation has saved much importation.

The acceptance, without further official action, of the allocations of local resources which were inadequate to meet full requirements has saved much administrative labour between and within the Services.

6. The Labour & Wages Control Committee has held twenty-one meetings under the Chairmanship of the Executive Officer, G-4, HQ AAI. This Committee early took a firm line to prevent competition and wage inflation. It established, in JANUARY, a schedule of basic rates of pay for WAPLES, which has, up to the present, remained practically constant, and which has not been exceeded in any area. It negotiated with ACC on behalf of the Board the increased ration scales to heavy workers employed by the Armed Forces. The Armed Forces' wage scale has been used by ACC as a ceiling control over all other controlled wages whenever possible. Although this Committee was formed for the purpose of co-ordinating conditions of labour and wages within the Services, so great is the effect of the use of civil labour by the Services that the whole labour situation of the country is involved. This condition has made the functions of this Committee most important, complicated and pioneering in nature. Because the functions of the Committee impinge so directly upon civil labour in general, ACC was invited to accept the Chairmanship. Having confidence in the

Board, its primary function being the assessment of availabilities of timber, building materials, metals and other engineering stores, and their allocation as between the many interested Services. Lists of controlled items have been prepared and stocks of same frozen. The successful functioning of this Committee is largely dependent upon the prompt reporting of located resources. In the vast majority of cases these availabilities are reported by the Industry & Commerce Sub-Commissions ACC, whose co-operation has saved much importation.

The acceptance, without further official action, of the allocations of local resources which were inadequate to meet full requirements has saved much administrative labour between and within the Services.

6. The Labour & Wages Control Committee has held twenty-one meetings under the Chairmanship of the Executive Officer, G-4, HQ AAI. This Committee early took a firm line to prevent competition and wage inflation. It established, in JANUARY, a schedule of basic rates of pay for MAPLES, which has, up to the present, remained practically constant, and which has not been exceeded in any area. It negotiated with ACC on behalf of the Board the increased ration scales to heavy workers employed by the Armed Forces. The Armed Forces' wage scale has been used by ACC as a ceiling control over all other controlled wages whenever possible. Although this Committee was formed for the purpose of co-ordinating conditions of labour and wages within the Services, so great is the effect of the use of civil labour by the Services that the whole labour situation of the country is involved. This condition has made the functions of this Committee most important, complicated and pioneering in nature. Because the functions of the Committee impinge so directly upon civil labour in general, ACC was invited to accept the Chairmanship. Having confidence in the Committee as constituted, ACC declined the offer.

7. The Forage Committee sat with the DME in the Chair to assess and allocate the available forage stocks in the Italian Mainland. An Allied Forage Purchasing Committee was established, but this was abolished when AAI Administrative Instruction No. 41 vested these powers in DDST, AAI.

8. The Cold Storage Committee was established under the Chairmanship of the D/CAO to allocate cold storage space in Italy. With the establishment of Base Sections and Districts, it was found that allocations of cold storage facilities could be handled by mutual action between interested parties. The Committee has not functioned for several months, but remains in being in case questions arise which cannot be satisfactorily settled locally.

9. The Electric Power Committee has held ten meetings under the Chairmanship of DM, HQ AAI. It was entrusted with the task of surveying the conditions of the existing distribution service, settling priorities as to rehabilitation of damaged grid systems and the bulk allocation of all available electric power to Districts, Base Sections and the civil population. It planned, prior to the setting up of the Central Electrical Board, methods of providing power and light north of the MAPLES-ROGGIA line. It does not establish detailed priorities within Districts and Base Sections, but has issued an approved policy for the guidance of local commanders.

- 3 -

10. The Miscellaneous Purposes Committee held eight meetings under the Chairmanship of the BPM, PES. This Committee handled the allocation of materials which could not well be placed under the jurisdiction of the Food Supply or Engineering Materials Committees on account of the technical knowledge involved and the Services interested.

Its most important function was probably the development of the raw Hemp Industry in NAPLES Province: rope of all diameters, twine, thread, canvases, etc., have been manufactured to Services' specifications and allocations made. Considerable quantities have been made available also to London and Washington.

11. A Prices Committee has recently been formed under the Chairmanship of the Director, Commerce Sub-Commission, HQ ACO, to examine the possibility of setting a limit on prices to be paid in the form of a percentage increase over prices ruling in SEPTEMBER 1943 in regard to service, and all other purchases.

No official price list of commodities and materials has yet been established and Services have been experiencing considerable difficulty in pricing contracts. A representative of the Italian Government is a member and is to present a comprehensive scheme to a forthcoming meeting of this Committee.

12. The following Annexures are attached for information:-

Annexure 1: Table showing the present membership of the Board and of its principal Committees. A state of fluidity has always been aimed at and membership has been kept as small as the needs of the moment have permitted, the right of membership being either proffered or withdrawn to ensure the most suitable representation at the time.

Annexure 2: Table showing briefly the terms of reference of each Committee.

Annexure 3: Table showing the breakdown by Procuring Services of the saving of tonnage by the exploitation of local resources on the Mainland which, by the end of JULY 1943, amounted to over One-and-a-Half Million Shirs' Tons.

and Services have been experiencing considerable difficulty in pricing contracts. A representative of the Italian Government is a member and is to present a comprehensive scheme to a forthcoming meeting of this Committee.

12. The following Annexures are attached for information:-

Annexure 1: Table showing the present Membership of the Board and of its Principal Committees. ANNEXURE 2

ANNEXURE 2ORIGINAL TERMS OF REFERENCE OF THE PRINCIPAL COMMITTEES OF THE BOARDA. FOOD SUPPLY COMMITTEE:

- (a) To study food procurement problems and to make recommendations to the Board on
- (b) Means of overcoming procurement difficulties
- (c) Systems of purchasing
- (d) Methods of allocation
- (e) Determination and enforcement of maximum prices.

To review rates of pay, compensations, etc. for labour in occupied ITALY and to make recommendations as to any regulations considered necessary to control these rates.

B. LABOUR & WAGES CONTROL COMMITTEE:

To investigate (a) Requirements

(b) Availabilities of Engineering Materials, especially for building purposes, and to recommend methods of procurement and allocation.

C. ENGINEERING MATERIALS COMMITTEE:

- (a) To make an overall survey of the conditions of the present distribution service.

D. ELECTRIC POWER COMMITTEE:

- (b) To estimate the possibility of requiring and modifying the system, in order to cope with the situation which may arise as our advance continues.

- (c) To plan estimates of essential needs not only of the Armed Forces, but also of the Civil Population and to recommend priorities and allocations to the Board.

- (d) To make such further recommendations to the Board as may be thought necessary in order that the war effort may not be hampered, bearing in mind the fact that Electric Power is an essential military requirement of the highest order to which civilian requirements may have to be subordinated.

of Engineering Materials, especially for building purposes, and to recommend methods of procurement and allocation.

(a) To make an overall survey of the conditions of the present distribution service.

(b) To estimate the possibility of varying and modifying the system. In order to cope with the situation which may arise as our advance continues.

(c) To plan estimates of essential needs not only of the Armed Forces, but also of the Civil Population and to recommend priorities and allocations to the Board.

(d) To make such further recommendations to the Board as may be thought necessary in order that the war effort may not be hampered, bearing in mind the fact that Electric Power is an essential military requirement of the highest order to which civilian requirements may have to be subordinated.

To deal with these subjects passed to it by the Board which do not fall within the scope of existing Committees.

(a) To examine the question of prices paid for all local resources with a view to making recommendations as to whether a limit could be fixed on prices paid in the form of a percentage increase over September 1945 prices (i) in regard to Service purchases (ii) in regard to all purchases.

(b) To determine what the percentage increase should be.

(c) To determine, from time to time, whether any valid exceptions should be made to this ceiling percentage increase.
