1. The Minutes of the FIFTH Meeting of the Committee held on 25th April 1946 were received and approved.

Minute 1(a): SIMPLIFICATION OF THE ALLIED FORCE WAGE SCALE. A draft Admin. Memo (shewn as Appendix 'A') was presented by the Secretariat, for the information of the Committee. This wage scale will not apply to VENEZIA GIULIA, SICILY AND SARDINIA. It was intended that separate instructions would be issued shortly in respect of these places. The Committee made the following recommendations:-

(a) Para 3. That Local Sub-Committees as set out in A.F.H.Q. Admin. Memo No. 25/45 be kept active to deal with any problems that might arise other than wage problems.

(b) Para 4(a). Rates of Pay. The new Allied Force Basic Wage and Cost of Living Bonus Scales, will become effective, for daily paid employees, on the second pay day after the date of the issue of this memorandum. For monthly paid employees, on the NEXT pay-day.

(c) Para 4(d) ii(c). The qualification "At the discretion of the Employing Unit" be inserted in this para.

(d) Para 6. The word "constant" to be deleted.

(e) Para 7. The Representatives of the Italian Government requested that ALL Allied Force Employees be classified as being in Zone 'B' with the exception of those employed in Naples, Rome, Milan, Turin and Genoa, which would be in Zone 'C'. It was further requested that BARI be included in the latter category as statistics and other factual information show that BARI should be treated exceptionally in relation to other large centres such as Bologna.

(f) The Committee recommended that the definition of areas for Zone 'C' be as follows:-

NAPLES	(Commune of Naples & Castellamare)
MILAN	(Commune of Milan)
ROME	(Commune of Rome)
TURIN	(Commune of Turin)
GENOA	(Commune of Genoa)
BARI	(Commune of Bari)

(g) The word lesser to be deleted in para 14 b(i) and (ii)

Representative of Labour Directorate undertook to confer further with the Financial Adviser 1) Regarding the classification into zones for the purpose of Cost of Living Bonus and 2) To expedite as much as possible the issue of the draft Admin. Memo.

2. Minutes of the Eighth Meeting of XIII Corps Local Sub- Committee (attached as Appendix 'B').

The Minutes of the above mentioned Sub-Committee were received and approved subject to the following recommendations:-

Minute 2. Application for Special Grades. The Committee requested the Representative of XIII Corps to resubmit the application on the pro-forma attached to these Minutes as Appendix 'C' for perusal and consideration by the Chairman and Secretariat who it was agreed should make any recommendations to A.F.H.Q.

Minute 3(b). Accident Benefits to Allied Force Employees. The matter had been taken up by the Secretariat with Sig. BENUSSI Chief Inspector of the "Istituto per l'Assicurazione contro gli Infortuni sul Lavoro" of Zone 'A' Venezia Giulia, who stated:- a) That accident benefits paid to Allied Force Employees in that area had always been in line with those paid in Italian Industry. b) That prior to the 20th May 1946 benefits had been paid on Basic Pay only, the remuneration therefore being very small. After that date a new scheme became effective which granted higher allowances to

Representative of Labour Directorate undertook to confer further with the Financial Adviser 1) Regarding the classification into zones for the purpose of Cost of Living Bonus and 2) To expedite as much as possible the issue of the draft Admin. Memo.

2. Minutes of the Eighth Meeting of XIII Corps Local Sub- Committee (attached as Appendix 'B').

The Minutes of the above mentioned Sub-Committee were received and approved subject to the following recommendations:-

Minute 2. Application for Special Grades. The Committee requested the Representative of XIII Corps to resubmit the application on the pro-forma attached to these Minutes as Appendix 'C' for perusal and consideration by the Chairman and Secretariat who it was agreed should make any recommendations to A.F.H.Q.

BENUSSI Chief Inspector of the "Istituto per l'Assicurazione contro gli Infortuni sul Lavoro" of Zone 'A' Venezia Giulia, who stated:- a) That accident benefits paid to Allied Force Employees in that area had always been in line with those paid in Italian Industry. b) That prior to the 20th May 1946 benefits had been paid on Basic Pay only, the remuneration therefore being very small. After that date a new scheme became effective which granted higher allowances to an injured person. The Committee therefore recommended:-

(1) That A.M.G. Venezia Giulia be invited to adopt a Social Insurance Scheme that would give benefits to employees in that area, no less favourable than in Italian territory.
(2) To extend the same coverage to Allied Force Employees.
(3) In the particular case cited, it was pointed out that it was open to the Corps Commander to consider the grant of an ex gratia payment to the injured person.

Minute 3(c). Proposed New Grades. The Committee recommended that the proposed grades with the exception of Governess (Hotel) be related to existing grades. After discussion of the duties of the proposed grade of Governess (Hotel), it was recommended that the employee should be classified as Assistant Housekeeper at the minimum rate of 2.100 lire Basic Pay per month. To prevent abuse it was recommended that normally there should not be more than one per Hotel.

3. High Wage rates paid by U.N.R.R.A.

Allied Commission reported dissatisfaction, particularly in Naples Area, arising from the fact that U.N.R.R.A. Wages were higher than Allied Force Scale. Representatives from U.N.R.R.A., present on invitation, suggested that U.N.R.R.A. employees worked longer hours than Allied Force employees.

It was pointed out, that the Allied Force wage scale purported to reflect the appropriate rates in Italian Industry, and were adjusted from time to time according to changes in those rates. It was also stated, that the Italian Government, and the Italian General Confederation of Labour, co-operated in agreeing the appropriate rates for Allied Force employees, and that the proposed simplification of the Allied Force wage scale was the result of joint agreement between the parties concerned, always in line with the policy of conforming with the Italian industrial agreements.

It had been practice for Allied institutions in Italy to apply the Allied Force wage scale, even where certain Institutions were not under the control of A.F.H.Q. and the U.N.R.R.A. representative was invited to inform his principals accordingly in the hope that competition in wage rates and dissatisfaction among employees might be avoided. The U.N.R.R.A. representative undertook to report accordingly.

4. Payment of Contributions to Insure Privately Employed Domestics of the Allied Forces.

The Secretariat in following up a request from 'Q' Branch G.H.Q., C.M.F. obtained information concerning Social Insurance of Privately employed domestics and prepared a policy procedure (Appendix 'D' refers) to cover the domestics engaged privately by members of the Allied Forces.

The Committee discussed this policy procedure and agreed that the following information should be included in final publication, a) Types of Insurance Covered, b) Rates of Benefits, c) Procedure for employee obtaining these benefits. It was further agreed that the Secretariat draft a publication covering this subject for approval by A.F.H.Q.

It was recommended that XIII Corps Area adopt a similar scheme for Venezia Giulia since Venezia Giulia is under separate agreements for Social Insurance.

5. Sickness Benefits for Administrative and Clerical Employees.

It was pointed out that Administrative and Clerical Employees of the Allied Forces do not receive Sickness Benefits under the present Italian Social Insurance Agreement. The Committee agreed that more evidence should be presented before making any recommendations. Therefore Committee members were asked to make informal investigations and report at the next Meeting of the Committee.

6. Payment for Rations.

A.F.H.Q. requested the Committee to consider the possibility

6. Payment for Rations.

H.Q. R.A.A.C. requested the Committee to consider the possibility of revising the present policy of payment for rations by Italian Civilian Employees other than Hotel and Mess Grades.

It was pointed out that Hotel and Mess Grades are charged 30 lire per day when three meals are furnished while other employees are subject to an abatement on Cost of Living Bonus of 4 lire per day for Daily Paid Workers and 104 lire per month for Monthly Paid Workers in addition to the 30 lire when furnished with full rations.

The Committee was reminded that the origin of the abatement was the introduction of a Caropane Cost of Living Bonus to meet the increased cost of bread - an increase which did not affect workers supplied with bread from Allied sources.

In the absence of new facts the Committee was not prepared to reconsider revision of present practice.

7. Appointments of Chief Executive.

(a) The Committee was informed that A.F.H.Q. approved the establish-

ment of the new grade of Chief Executive at 20.000 lire per month inclusive of Cost of Living Bonus.

The Committee was empowered to approve establishments of new posts in this grade subject to confirmation by A.F.H.Q. It was decided that application for approval of individual posts should be accompanied by a statement giving details as in the pro-forma attached as Appendix 'C'.

(b) Chief Executive Posts in R.A.A.C. The Committee authorized the Chairman and Secretariat to consider and make the appropriate recommendations to A.F.H.Q. in respect of application forms to be completed by R.A.A.C. for posts already proposed.

8. Copies of Authorities for Wage Increase.

Eighth Base Command Pay Office requested that they be furnished copies of pay increases as approved and published by Local Sub-Committees.

The Committee agreed that Sub-Committees should include this Office in distribution of their Minutes and Labour publications concerning Wage Increases.

9. Date of Next Meeting.

55 (a) The minutes of the SEVENTH meeting held on 8th April 1946 were approved.

(b) The Chairman pointed out that civilian rates for Monthly Paid Workers (Hotel, Mess and Club Grades) had stabilised but provided no grounds for reduction of the increase awarded in Cost of Living Bonus, in accordance with para 2(d) of the Minutes. The meeting of the Acting Sub-Committee had not therefore been called.

(c) The increase in TRIESTE PROVINCE approved by the Sub-Committee, was effected from 1 May 46 after receipt of AFHQ authority for increase in the Committee's powers. This authority was valid for the whole of VENEZIA GIULIA.

(d) The Sub-Committee's views on revision of the scale of Travelling Allowances of Allied Force employees had been made known to the ROAE Committee and the matter was being taken up with AFHQ.

2 (a) The Sub-Committee then proceeded to consider an application by Finance Division AMG 13 Corps for the reclassification of 3 employees of highly specialised type, as key personnel of the Allied Military Government in VENEZIA GIULIA. The personnel concerned were :-

(1)	Dott.	Alfredo	FRONTALINI	) At present employed as EXECUTIVES
(2)	Dott.	Herbert	LANDAU	) on maximum 11,000 lire per month
(3)	Signor	Alberto	CAMPELUNG	) + CLB (at present total of
				) 18,150 lire per month)

(B)

Declassified E.O. 12356 Section 3.3/NND No. 785015

Captain HUGHES presented a memorandum to the Sub-Committee of the duties and responsibilities of the employees concerned. It was stated that the duties of Dott. FRONTALINI were probably unique in this theatre of operations. He was an expert in budget and public finance matters and as such was responsible for devising Allied Military Government budget procedure in the occupied territory. Dott LANDAU's duties were only second in importance to Dott. FRONTALINI. His specialised knowledge of Revenue Law and of the practice of tax collection were invaluable in the financial machinery of VENEZIA GIULIA. Signor CAMPELUNG was personal assistant to the Chief Finance Officer and took a considerable proportion of the preliminary work in interviews and reports etc off his shoulders.

(b) Taking into consideration the highly specialised nature of the tasks and responsibilities of the personnel involved (see Appendix 'A'), the Sub-Committee made the following recommendations to the Allied Force Labour and Wages Committee ROME in respect of Dott. FRONTALINI and Dott. LANDAU :-

(i) That Dott. Alfredo FRONTALINI be given a special classification of CONTROLLER OF BUDGETS on a scale of 14,000-17,000 lire per month plus Cost of Living Bonus.

(ii) That Dott. Herbert LANDAU be reclassified as CHIEF EXECUTIVE on a scale of 20,000 lire per month inclusive of Cost of Living Bonus.

No recommendation was made in respect of Signor CAMPELUNG.

3. ANY OTHER BUSINESS.

(a) The Chairman then presented to the Sub-Committee a report comparing the Midshift Meal in local Italian industry and that supplied by the Allied Forces, submitted by Labour Division AMG. As the various representatives present stated that their organisations were suffering no loss of labour and experienced no difficulty in finding labour, it was agreed that no further action be taken.

(b) Captain HOLSTEN reported to the Sub-Committee on the case of a civilian injured at work, in which an investigation had been ordered by the Commander 13 Corps personally. The man concerned was badly burned in November 1945 when he was an employee of 932 P.C. & R. Company R.E. He had been in hospital ever since and had received free medical care plus Disability Compensation at the rate of 160 lire per week calculated on his Basic Pay. Sick

ROME in respect of Dott. FRONTALINI and Dott. LANDAU :-

(i) That Dott. Alfredo FRONTALINI be given a special classification of CONTROLLER OF BUDGETS on a scale of 14,000-17,000 lire per month plus Cost of Living Bonus.

(ii) That Dott. Norbert LANDAU be reclassified as CHIEF EXECUTIVE on a scale of 20,000 lire per month inclusive of Cost of Living Bonus.

No recommendation was made in respect of Signor CANTELLING.

3. ANY OTHER BUSINESS.

(a) The Chairman then presented to the Sub-Committee a report comparing the Midshift Meal in local Italian industry and that supplied by the Allied Forces, submitted by Labour Division AMG. As the various representatives present stated that their organisations were suffering no loss of Labour and experienced no difficulty in finding labour, it was agreed that no further action be taken.

(b) Captain HOLSTEN reported to the Sub-Committee on the case of a civilian injured at work, in which an investigation had been ordered by the Commander 13 Corps personally. The man concerned was badly burned in November 1945 when he was an employee of 932 P.C. & R. Company R.E. He had been in hospital ever since and had received free medical care plus Disability Compensation at the rate of 160 lire per week calculated on his Basic Pay. Sick and injured employees of the Allied Forces were at a disadvantage compared with such employees in civilian industry who received a further indemnity calculated on Cost of Living Bonus (Contingenza) in the proportion.:-

First 3 days	NIL	Cost of Living
4th to 10th day	30%	Bonus
11th day +	50%	(Contingenza).

This made a considerable difference in the income of a sick or injured employee.

The Sub-Committee thereupon recommended that action be taken by the Allied Force Labour and Wages Committee ROLE to institute an increased scale of sickness and injury benefit for Allied Force employees which would not be less favourable than civilian industry.

(c) The Chairman then presented to the Sub-Committee an application by 2901 Civil Labour Unit for classification of certain grades which were not shown in the "Buff Book".

4. Compensating Indemnity, National Holidays and Leave

The Committe took note of the recommendations made by the Joint Finance Committee at its meeting of 18 December 45. It was particularly noted that the Finance Committee had recommended the pay ent by the Italian Government of Christmas Bonus, Dismissal Bonus and Paid Holidays to Allied Armed Force employees. The Labour and Wages Committee decided that, if the CAO, AFHQ, approved the foregoing recommendation the Chairman and Secretariat should be authorised to propose to the Italian authorities the making of such payments.

The Committee requested representative Labour Directorate, GHQ, CMF to suggest to the Sub Committee that consideration be given to the disparity of wages of common labourers after the recommended increase had been granted.

The Secretariat was instructed to request from the CAO, AFHQ, interim action in granting the Sub Committee an additional 100 lire as requested within the terms of Administrative Memo. 25.

7. Southern District P.B.S. Local Sub Committee - Naples

8. 2 District Local Sub Committee - Milan

The minutes of the third meeting of this Local Sub Committee held on the 19 Dec 45 were approved.

It was noted that an additional 100 lire per day had been granted to this Sub Committee by the CAO, AFHQ, and the Committee endorsed the action taken by the Chairman and Secretariat to this end.

The Committee approved the retroactive effect to 1 Dec 45 of the increases authorized by this minute in view of the fact that comparable Italian private wage increases were paid with effect from 1 October 45 and that the Sub Committee had acted speedily on receipt of the notification of private industry wage adjustments.

9. Simplification of Allied Forces Wage Scale

The Committee considered a letter addressed to AFLRS (Labour and Wages Committee) RAAC, from the Deputy Director of Labour, GHQ, CMF. requesting simplification of the Bonus and Basic wage position of Armed Forces employees. It took note of the recent wage agreement for Italian private industry in Northern Italy which eliminated various indemnities and provided a basic rate with an adjustable cost of living bonus, with differentials for skill and locality.

Declassified E.O. 12356 Section 3.3/NND No. 785015

The Committee agreed that a simplified wage structure for Armed Force employees was desirable, to be as far as possible consistant with Italian practice. The Committee therefore formed a Sub Committee as follows:

(a) Terms of reference:

(i) To study existing particular classifications of Armed Force Employees with view to consolidating such classifications into a relatively few general categories, as is now being done in Italian wage agreements.

(ii) To study existing local variations in Armed Force Wage Scales with a view to systematic grouping of such variations by zones.

(iii) To consult with the Italian Government, Italian Labour Organizations, and the employing Military Services on the above points and to inform the latter of conclusions reached.

(c) Place of Meeting: Rome

(d) Date of Meeting: To be decided.

10. Request received from HQ Allied Commission regarding the present scale of travel allowances (Annexure III refers)

The Committee agreed that travel allowances now authorised for Italian civilian employees were inadequate to meet present costs for food and lodging for travellers. The terms of reference of the Sub Committee appointed by the preceeding minute were enlarged as follows:

To recommended travel allowances commensurate with costs necessarily incurred and with Italian practice; and promptly to communicate their recommendation to the Chairman, who (with the Secretariat.) is authorized to present such recommendation to the C.A.O., A.F.H.Q. for his interim action.

11; Extension of financial powers of Local Sub-Committees.

The Committee considered that Local Sub-Committees had in the past used their powers with discretion; but noted a steady increase

10. Request received from HQ Allied Commission regarding the present scale of travel allowances (Annexure III refers.

The Committee agreed that travel allowances now authorised for Italian civilian employees were inadequate to meet present costs for food and lodging for travellers. The terms of reference of the Sub Committee appointed by the preceeding minute were enlarged as follows:

To recommended travel allowances commensurate with costs necessarily incurred and with Italian practice; and promptly to communicate their recommendation to the Chairman, who (with the Interpretist.) is authorized to present such recommendation to the C.A.O., A.F.H.Q. for his interim action.

11; Extension of financial powers of Local Sub-Committees.

The Committee considered that Local Sub-Committees had in the past used their powers with discretion; but noted a steady increase in Italian private wage scales, and observed that one local Sub-Committee had received an enlargement of powers by interim action, another Committee was requesting such enlargement, and two others were about to do the same. It was evident

28

Declassified E.O. 12356 Section 3.3/NND No. 785015

evident that sub committees were reaching, or had reached, the limits of their present powers. The Committee therefore recommended that all Local Sub Committees established or to be established under AFHQ Administrative Memo. 25, 1945, be now authorized to increase the compensation of civilian employees by not exceeding 100 lire per day, in addition to the amounts previously authorized by Administrative Memo. 25. The Committee believed that such additional authority would be employed by Sub Committees with similar discretion.

The Committee further decided that, if any Sub Committee should have urgent present necessity to request the additional authority above recommended the Chairman and Secretariat should be authorized to request from the CAO, AFHQ, interim action for the benefit of such Sub Committee.

12. Next Meeting.

It was decided to hold the next meeting on 31 January 46.

1. Minutes of Previous Meeting.
The Minutes of the Fourth Meeting were read and approved.

2. Sapio Oxygen and Acetylene Factory, Taranto - New Grades.
The Chairman read the Financial Adviser (G.H.Q. C.M.F.)'s letter CM/58/1/(c) dated 15th November 45 in which it was suggested that the Sub-Committee re-examine rates established by the Sub-Committee's Fourth Meeting for special grades and rates of pay in the oxygen and acetylene plant, Taranto, with a view to discussing the practicability of reducing these rates to a more appropriate level, in view of their disparity with similar grades in other areas.

A.B.E.O. pointed out that the reduction of the committee's originally proposed rates was not practicable for the following reasons:-

(a) The rates are still below those paid by civilian employers to mechanics and labourers in Tosi's Shipyard, although the oxygen and acetylene workers employed by the R.N. are more skilled and difficult to replace.

(b) The workers concerned are practically irreplaceable, and a reduction in wages now would have the effect of encouraging them to leave their present employment for more highly paid jobs elsewhere.

(c) From now until about March 1946 a heavy programme of work will be in hand, for which these workers are essential.

2. Sapio Oxygen and Acetylene Factory, Taranto - New Grades.

The Chairman read the Financial Adviser (G.H.Q. C.M.F.)'s letter CM/58/1/(c) dated 15th November 45 in which it was suggested that the Sub-Committee re-examine rates established by the Sub-Committee's Fourth Meeting for special grades and rates of pay in the oxygen and acetylene plant, Taranto, with a view to discussing the practicability of reducing these rates to a more appropriate level, in view of their disparity with similar grades in other areas.

A.B.E.O. pointed out that the reduction of the committee's originally proposed rates was not practicable for the following reasons:-

(a) The rates are still below those paid by civilian employers to mechanics and labourers in Tosi's Shipyard, although the oxygen and acetylene workers employed by the R.N. are more skilled and difficult to replace.

55 (b) The workers concerned are practically irreplaceable, and a reduction in wages now would have the effect of encouraging them to leave their present employment for more highly paid jobs elsewhere.

(c) From now until about March 1946 a heavy programme of work will be in hand, for which these workers are essential.

(d) Only a small number (about 19) workers are affected, and they will probably not be needed after March 1946.

The following proposals were then made to the Committee, in accordance with suggestions in the a/quoted letter of the Financial Adviser:-

(i) A.B.E.O. proposed that the rates recommended in the Minutes of the Fourth Meeting should apply only to the present number of workers employed.
The proposal was seconded by A.D.S.T. and carried unanimously.

(ii) Dock Superintendent proposed that the rates and grades should be regarded as "special", and not published for general information. This was seconded by Sub Lieut. Gibson, R.N., and carried unanimously.

The Chairman wished it to be recorded that para (iii) of the Financial Adviser's letter would be borne in mind by the Committee.

3. Local Guides in Calabria.

A/S.L.C.O., 2910 C.L.U., stated that a request had been received from 13 Field Survey Section R.E. for the approval of a rate of 50 Lire per hour to civilian guides employed for short periods in September and November in Calabria.

It was the general opinion of the Committee that since a rate of 120 Lire per day (basic) had already been recommended for a similar grade in the AQUILA area by the R.A.A.C. Sub-Committee in its meeting of the 4th September 45, there was no point in suggesting a different rate for 52 Area.

There being no further business the meeting was closed.

4. The Chairman reported to the committee the following dispositions taken in respect to matters arising from the minutes of the third meeting of the committee held on 5 July 1945:

a. Proposed plan for weighted voting of members (paragraph 10, minutes of 5 July meeting) - This plan was disapproved by AFLRB Labor and Wages Control Committee (paragraph 189, minutes of 19 July 1945 meeting of Control Committee).

b. Study of juvenile rates (paragraph 15, minutes of 5 July meeting) - A report was submitted on 30 July by 56 Area, but lapse of time had rendered it obsolete.

c. Recommendation for increase in basic pay rate of formen (paragraph 17, minutes of 5 July meeting) - This recommendation was not approved by the AFLRB Labor and Wages Control Committee for general application but the Control Committee stated that the Local Sub-Committee might act locally thereupon (paragraph 205, minutes of 23 August meeting of Control Committee).

5. A request from the Commissioner, Commune of Naples, ANG, dated 24 August 1945, for approval of a liberation bonus was not favorably considered in view of the rejection of such proposal by the AFLRB Labor and Wages Control Committee (paragraph 211, minutes of 23 August meeting of Control Committee).

6. The Chairman reported to the committee the nature of pending proposals for a Christmas bonus, paid holidays and a Compensating Indemnity (paragraphs 17, 18 and 19, minutes of 21 November meeting of AF Labor and Wages Committee).

7. An application of Headquarters Command AFHQ for membership on the committee, dated 24 July 1945 and based on the employment by that command of more than 3000 civilian employees, was taken under advisement.

Declassified E.O. 12356 Section 3.3/NND No. 785015

8. The representative of the 56 area presented to the Committee the text of two agreements, made on 3 August 1945 and 25 Oct. 1945 respectively, between the Italian [illegible]on of Printing Employees and the Industrial Union of Naples. The former such agreement specified basic wages and all allowances (except 1st and 2nd carovita) for a variety of skilled printing trades. The second such agreement provided for an increase of 40% (35% for women heads of families, 30% for women not heads of families and juveniles) in the total of 1st and 2nd carovita allowances payable in the printing industry. The representative of Southern District, Peninsular Base Section submitted a table of rates of comm[illegible]tion paid by Exercizio Stabilimento Masi, one of the larger printing firms of Naples. The wage data secured from the agreements and table mentioned is abstracted on the attached pro forma, marked "Exhibit A".

9. The committee was also informed that the application of the Naples Printing Trades agreements in private industry had produced acute dissatisfaction in No. 4 AFHQ Printing Press in Naples; and that sundry valued employees of the such Press were threatening to leave or had left their employ in the Press in order to accept jobs in private industry. Enquiry respecting similar dissatisfaction in other establishments revealed that, so far as the members of the Committee were aware, there was no other establishment in Naples where skilled workmen in the printing trades were directly employed by the Allied Armed Forces. This circumstance results from the fact that most commands have found it more convenient to have their printing done on a contract basis. Headquarters Command, AFHQ, indicated, however, that it operated a small printing plant at Caserta, but believed that the Naples agreements had not exerted any competitive pressure in respect thereto.

10. The Committee, considering the data contained in the pro forma and the information given in the preceding paragraph, concluded that wage adjustments must be made at Number 4, AFHQ Printing Press. It was believed that such adjustments might well be substantial; but as the present residue of the Committee's power was limited to a 35 lire per day increase (a 65 lire per day increase having already been granted skilled tradesmen by paragraph 15 of the minutes of the 29 May 1945 meeting of the Committee), it was determined for the present to limit the increase to 35 lire. Application to the Labor and Wages Committee for an extension of powers was deferred pending a more th[illegible]ough study of the entire Naples private wage structure.

11. Inasmuch as the agreements above mentioned applied only to one [illegible] the printing trades - and only to the skilled workmen therein,

Naples; and that Sunday [illegible]
threatening to leave or had left their employ in the Press in order to accept jobs in private industry. This circumstance results from the fact that most commands have found it more convenient to have their printing done on a contract basis. Headquarters Command, AFHQ, indicated, however, that it operated a small printing plant at Caserta, but believed that the Naples agreements had not exerted any competitive pressure in respect thereto.

10. The Committee, considering the data contained in the pro forma and the information given in the preceding paragraph, concluded that wage adjustments must be made at Number 4, AFHQ Printing Press. It was believed that such adjustments might well be substantial; but as the present residue of the Committee's power was limited to a 35 lire per day increase (a 65 lire per day increase having already been granted skilled tradesmen by paragraph 15 of the minutes of the 25 May 1945 meeting of the Committee), it was determined for the present to direct the increase to 35 lire. Application to the Labor and Wages Committee for an extension of powers was deferred pending a more thorough study of the entire Naples private wage structure.

11. Inasmuch as the agreements above mentioned applied only to one industry, the printing trades - and only to the skilled workmen therein, it was deemed appropriate that adjustments in response thereto should be made in basic pay of the particular grades affected rather than in cost of living bonus.

12. The Committee, having in view the foregoing, thereupon resolved (AMG dissenting) that the maximum limit of the basic wage of the specific grades listed below should be increased, effective with the current pay period, by 35 lire per day, such increase to be effective in Number 4 AFHQ Printing Press only.

Grades increased:

Bookbinder
Bookbinders Assistant
Compositor

The prescribed questionnaire is attached hereto marked "Exhibit B".

13. It was further resolved that if it should appear that the Naples agreements had been extended to Caserta or that the existence of such agreements or of the increase in pay above granted was causing dissatisfaction among Armed Force printing tradesmen there or elsewhere, the Chairman should in his discretion be empowered to extend the specified increase in pay to printing establishments other than No. 4 AFHQ Printing Press.

14. It was generally agreed by the Committee that various increases in compensation of workers had recently occurred in diverse private business and industries in the Naples area, as well as in the printing trades; and the Committee, in the performance of its duty to produce a suitable relationship between Armed Force and private wages locally paid, thereupon determined to employ the resources of its members in the preparation of a thorough statistical study of Naples private wage rates.

15. [illegible] last mentioned, the Committee recessed until a date and hour to be specified by the Chairman.

QUESTIONNAIRE

1. Reason for Meeting

There was evidence of disparity of rates in the printing trades, as made apparent by the loss of skilled Armed Force employees to private industry; and lapse of time since the last previous meeting indicated the propriety of more general enquiry into disparity of rates.

2. Source of Information for the Italian Industry Rates as on the Attached Form.

The data shown was obtained from agreements of 8 August 1945 and 25 October 1945 between the Italian Federation of Printing Employees and the Industrial Union of Naples; and also from the firm Exercizio Stabilimento Masi of Naples.

3. Steps taken to verify the Information referred to in paragraph 2 above.

Copies of the notices published within the local printing industry describing the agreements above mentioned were obtained; and rates of the firm Masi were stated in writing by the managing director thereof.

4. Increase/decrease agreed, with explanation of any variations in proportion of award as between occupations.

The increase was 35 lire per day for all skilled workers in the printing trade; that trade being the only one in respect of which the Committee had before it evidence of present disparity of rates.

5. Is the award in the form of a bonus or of an augmentation of basic pay?

The increase is in the form of an addition to the maximum of the basic wage.

6. Effective date and area of the award.

The effective date of the award is the first day of the pay period ending next after the publication of the applicable instruction (which in fact was issued 8 December 1945); and the effective area of the award is Number 4 AFH, Printing Press in Naples, Italy.

SUBJECT: Increase of Travel Allowance for Italian Employees

TO : Mr. William H. Braine, Chairman,
Allied Force Labor & Wage Committee, Labor Sub-Commission
(Thru: Civilian Personnel Officer, G-1 (A))

1. It has been brought to the attention of this Section that the travel allowance paid to Italian employees of this Headquarters, is not adequate to cover expenses incurred while away on official duty.

2. The Allied Commission assumes no responsibility for the billeting of Italian Allied Commission employees. Therefore, it has been necessary to restrict the travel of certain employees of this Section for the reason that the authorized travel allowance does not cover the high cost of food and lodging. To order these Italian civilian employees on such trips necessitates the payment of expenses by the individual from his own personal funds.

3. It is understood that UNRRA is paying 800 lire per day, according to Major O'Shaughnessy, Administrative Officer of UNRRA.

4. It is, therefore, requested and recommended that the travel allowance for Italian employees be increased to an amount that will cover necessary expenses of travel.

55101. MINUTES OF TWENTY-FIFTH MEETING.

The minutes of the meeting held on 20 June 45 were approved.

102. EXCHANGE OF FRESH VEGETABLES FOR PULSES.

It was reported that QM, MTOUSA was at present unable to deliver pulses on the exchange basis against releases of fresh vegetables made during the months of MAY and JUNE. Negotiations were still in hand for the delivery of pulses on QM, MTOUSA account from U.S.A. stocks, but that on account of an alleged shortage in U.S.A. it was feared that these negotiations would be unsuccessful. In view of the exchange agreement made, the Italian Government was now asking for delivery of the pulses claimed to be due against fresh vegetable releases in MAY and JUNE. The Committee considered that a ruling should be given by the Board as to whether QM MTOUSA should continue to obtain supplies of fresh vegetables on the exchange basis in view of the nebulous prospect of pulses being delivered to the Italian Government in exchange.

ST, AFHQ Representative reported that the MAY replacement due from ST, AFHQ would be made available during JULY and the JUNE replacement should be available during AUGUST.

103. ALLOCATION OF FOODSTUFFS.

A report was received from HQ ALCOM on the availabilities of foodstuffs for the month of August, and the allocations set out in Appendix "A" were made against the requirements submitted by Services.

104. MALT.

HQ ALCOM representative stated that subject to an agreement being reached on the rates of exchange of flour for barley, 4000 tons malting barley could be made available to E.P.I. during the next three months.

The E.P.I. representative said he was prepared to negotiate with ST to obtain the flour required for the exchange.

E.P.I. undertook to investigate the suitability of malt made from rice, and to report the result of their investigation to AFLRS AFHQ.

105. FISH.

HQ ALCOM representative reported that at present there was no availability of white meat fish for general issue, the catch being predominantly blue fish (sardines and anchovies). ALCOM were agreeable to pursuing the negotiations for a general issue of fish if services would agree to take the catch in the proportions of blue and white fish as landed, but, if not, it was feared that the supplies of white fish would be sufficient to meet hospital requirements only.

106. EXPORTS.

The committee approved the export of 750 tons of onions to NORWAY against replacement by imports of other foodstuffs from NORWAY. It was agreed that no surpluses of vegetables should be made available for export unless service requirements of the particular vegetables in the area concerned were being met in full without replacement.

107. NEXT MEETING.

The next meeting will be held at 0930 hours on Wednesday 22 Aug 45, in the AFLRS (AFHQ) Conference Room, ROME.

Service requirements were met in full and the following allocations were made:-

ROME	43	42	45	-	155

In view of the possible reduction in numbers of troops based in ITALY, QM and ST agreed to re-examine their estimated monthly requirements of yeast for the remainder of 1945 and to submit such estimates to AFLRS by 15 June 45.

87. ALLOCATION OF FOODSTUFFS

A report was received from HQ ALCOM on the availabilities of foodstuffs for the month of JUNE, and the allocations set out at Appendix 'A' were made against the requirements submitted by Services.

88. MEMBERSHIP

It was recommended to the Board that the Commander of French Forces in ITALY be elected to membership of the Committee.

89. REPLACEMENT OF FRESH VEGETABLES BY PRESERVED VEGETABLES

Services expressed the opinion that, in view of the many reports of large quantities of fresh vegetables now available in ITALY, there is now no necessity for the replacement of fresh vegetables by preserved vegetables as called for in para 2 (d) Sec III of Administrative Memorandum No 42, 1944. The Chairman referred to his recent tour of the North and stated that no overall surpluses existed. After discussion the Committee agreed that this matter should be placed before the AFLR (Italian) Board at its meeting of 2 JUNE 45 and AFLRS undertook to place this on the Agenda for the Board's meeting.

90. PROCUREMENT OF SPOT SURPLUSES OF FRESH FRUIT AND VEGETABLES

The Committee agreed that the procedure outlined in AFLRS letter LRS/326/41 of 19 April 1945, Subject: "Procurement of Spot Surpluses of Fresh Fruit and Vegetables" had proven cumbersome and slow to operate. The representative of ALCOM stated that instructions have now been issued whereby the directors of SERFR/Ls in Italian Government territory and the Regional Supply Officers in AMG/AC territory will not declare spot surpluses of vegetables until they have ascertained through their

The Committee agreed that the procedure outlined in AFLRS letter LRS/326/44 of 19 April 1945, Subject: "Procurement of Spot Surpluses of Fresh Fruit and Vegetables" had proven cumbersome and slow to operate. The representative of ALCOM stated that instructions have now been issued whereby the directors of SEFRALs in Italian Government territory and the Regional Supply Officers in AMG/AC territory will not declare spot surpluses of vegetables until they have ascertained, through their own channels, that the vegetables are not required for civilian consumption in other areas. It was therefore agreed that the local procurement officers of services could purchase such spot surpluses without reference to AFLRS or ALCOM and that Services would issue the necessary instructions to their officers to ensure that the interests of all services were considered before purchases were made.

91. PURCHASING FACILITIES

The Chairman drew the attention of services to the facilities offered by the C.N.E.I.P.O., 14 via Sant' ISAIA, BOLOGNA (telephone BOLOGNA 22189), which is a co-operative association of fruit and vegetable wholesalers with representatives throughout Northern ITALY.

MEMORANDUM ON THE
PROCUREMENT OF SPOT SURPLUSES OF FRESH FRUIT AND VEGETABLES

1. The object of this memorandum is to outline the procedure by which procurement officers of the provisioning Services, US and Br, may obtain spot surpluses of Fresh Fruit and Vegetables which may arise in some localities additional to declared surpluses allocated at the monthly meetings of the Food Supply Committee.

2. The following principles must be observed in obtaining spot surpluses of fresh fruit and vegetables:

i. The civilian economy must not be deprived of food which though surplus in one locality is needed in another and can be moved.

ii. The requirements of all interested Services of the Allied Forces must be considered and any priorities laid down must be observed.

iii. Military purchases must be so made as to avoid forcing up prices.

3. ITALIAN GOVERNMENT TERRITORY

(a) In territory under control of the Italian Government the competent authorities for deciding when any quantity of fresh fruit or vegetables is a true surplus over existing civilian and military commitments are the Regional Commissioners and Regional Officers of the Italian High Commissariat for Food. A list of the names, addresses and respective territories of these personnel is given at Appendix 'A'.

(b) Any Service discovering a spot surplus will report it forthwith to the nearest AFLRS detachment (Addresses and telephone numbers are given at Appendix 'A'). It is an AFLRS responsibility to obtain clearance with the appropriate Regional Commissioner or Zone Officer and to make the allocation in consultation with interested Services.

(c) Services should approach the Regional Commissioners, Zone Officers and SERRALs for information as to details of prices and any other special conditions affecting purchases.

On receipt of this information, Regional Officers will compile a final list from the bids received from the Seprals and transmit this to the Allied Transportation Officer in order that arrangements may be made by him with the appropriate Sezione Movimenti del Compartimento Ferroviario for the allocation of wagons.

d. Regional Officers will inform both the Seprals at the exporting and importing end of the wagons allocated, with full particulars including price of goods. Seprals will notify the bidders and provide them with a special form which will authorise them to obtain the wagons allocated. Stationmasters will be informed direct of these arrangements by the appropriate railway authorities.

55. MINUTES OF THE BOARD:

The following points arose for discussion from the minutes of the meeting of the Board held on 3 FEB 45.

(a) Fresh Vegetable Supply.

The Chairman reported that an emergency requisition for pulses had been made by AFHQ and as soon as notice of shipment was received, AC would be able to make considerably more fresh vegetables available for allocation to the Allied Armed Forces.

(b) Priorities of Allocation.

The decision of the Board that AFHQ Administrative Memorandum No 42 dated 21 SEPT 44, para 2 (c) should be amended to ensure that the priority granted for the victualling of ships should be applicable only to ships of the allied navies which are unable to procure their requirements elsewhere was noted. The Chairman ruled that bids from MWTR and WSA organisations would in future be considered in the same category as bids from the Allied Armed Forces for normal maintenance.

MQ AC representative stated that after careful consideration AC was unable to agree to the 60% unrestricted purchase suggested at the last meeting.

The Committee is of the opinion that the following new conditions are necessary in order to ensure that a reasonable amount of fresh vegetables produced can be made available to the Allied Armed Forces.

(i) That the importation of dried pulses for civilian consumption should be sufficient to compensate for the purchases of fresh vegetables by the Allied Armed Forces.

(ii) That within the area under Italian Government control, Italian Compartimental and Provincial organisations should be established in the producing areas to furnish more accurate and reliable information both with regard to availability and distribution.

(iii) That adequate means of transportation must be placed at the disposal of AC to permit of an economical distribution.

47. EXPANSION AND EXTENSION OF MID-SHIFT MEAL.

The Chairman reported that the question of the increase of the calorific content of the mid-shift meal was still under consideration at MQ AC.

The study of the possibility of extending the issue of the mid-shift meal was delayed pending the submission by employing services of the numbers of employees involved in such a step.

48. ALLOCATION OF FOODSTUFFS.

A report was received from AC on the availabilities of foodstuffs for the month of February and the allocations set out at Appendix 'A' were made against requirements submitted by Services.

49. YEAST.

In view of the considerably increased military demand for yeast amounting to 190 tons in all plus the minimum civilian need (estimated at 75 tons), the total availability of 190 tons was inadequate. Representatives of ST,AFHQ., G(,AFHQ., and MQ AC agreed to reconsider the demands as submitted and to survey existing stock positions with a view to reducing their demands for February to a level at which requirements could be satisfied by the availability.

50. IMPORT TO MALTA.

A demand for export from Italy to MALTA was received and ...

question of the increase of the
mid-shift meal was still under consideration at HQ AC.

48. ALLOCATION OF FOODSTUFFS.

A report was received from AC on the availabilities of foodstuffs for the month of February and the allocations set out at Appendix 'A' were made against requirements submitted by Services.

49. YEAST.

In view of the considerably increased military demand for yeast amounting to 130 tons in all plus the **minimum** civilian need (estimated at 75 tons), the total availability of 150 tons was inadequate. Representatives of AT, AFHQ., QG,AFHQ., and HQ AC agreed to reconsider the demands as submitted and to survey existing stock positions with a view to reducing their demands for February to a level at which requirements could be satisfied by the availability.

50. EXPORT TO MALTA.

A demand for export from Italy to MALTA was received and considered. The following allocations were approved, the final notification and detailed arrangements to be dealt with by the Imports Division, Commerce Sub-Commission, AC.

For the month of February:

Almonds	220 tons from APULIA
Wine or	5 tons
Citric Acid	1 ton from SICILY

51. PRIORITIES OF ALLOCATION.

Q., AFHQ represented to the Committee that the priorities of allocation established in AFHQ Adv. Memo No 42 dated 21 SEP 44 should be amended in respect of the victualling of ships, i.e. number two priority, and that this category

Declassified E.O. 12356 Section 3.3/NND No. 785015

should be relegated to the same priority as Allied Armed Forces demands for normal maintenance namely number four priority. This matter was referred to the Board for a decision, the opinions of members of the Committee being equally divided.

52. NEXT MEETING.

The next meeting will be held at 0930 hrs on Friday 16 FEB 45 in the AFLRS (AFHQ) Conference Room, 66 Piazza dell'Esedra, ROME (2nd floor).

The Committee considered what new conditions are necessary in order to ensure that a reasonable share of the fresh vegetables produced on the Mainland can be made available to the Allied Armed Forces.

The Chairman stated that the import demands of foodstuffs made by HQ AC on AFHQ for onward transmission to the Combined Chiefs of Staff had been considerably cut down resulting in higher consumption of vegetables by the civilian population with an ensuing reduction in availability to the Purchasing Agents of the Allied Armed Forces. In consequence of this, HQ AC found itself unable to continue to offer vegetables to meet the full demands of the Allied Armed Forces without some degree of replacement. 40. ALLOCATION OF FRESH VEGETABLES

The Committee considered what new conditions are necessary in order to ensure that a reasonable share of the fresh vegetables produced on the Mainland can be made available to the Allied Armed Forces.

The Chairman stated that the import demands of foodstuffs made by HQ AC on AFHQ for onward transmission to the Combined Chiefs of Staff had been considerably cut down resulting in higher consumption of vegetables by the civilian population with an ensuing reduction in availability to the Purchasing Agents of the Allied Armed Forces. In consequence of this, HQ AC found itself unable to continue to offer vegetables to meet the full demands of the Allied Armed Forces without some degree of replacement. It was strongly recommended to the Board that the only means of obtaining an adequate supply of vegetables for the Allied Armed Forces appeared to be the avoidance of reduction of the civilian import demands for foodstuffs submitted by HQ AC.

A proposal made by HQ AC that purchases of vegetables by the official Purchasing Agents of the Allied Armed Forces should be unrestricted, and that a 100% replacement on an agreed basis of dried vegetables would be made for quantities so purchased, was considered. This was not acceptable to the representatives of the Purchasing Agents of the Allied Armed Forces. A proposal for a compromise to the effect that the exchange clause should only apply to purchases which exceeded the average purchases over the past 5/6 months was rejected.

As no acceptable solution could be found, members of the Committee agreed to consult higher authority as to whether official Purchasing Agents should be permitted to place direct contracts by zones for 60% of their requirements (based on strength and ration scales) without restriction, on the understanding that any supplies so obtained over this percentage would be replaced by agreed quantities of dried, tinned or de-hydrated vegetables from Allied Armed Forces' stocks. The Chairman undertook to consult the Chief Commissioner on this counter-proposition, and to raise the matter at the next meeting of the Board.

The priority requirements of local foodstuffs for hospitals, ships' crews, the Italian Armed Forces and the mid-shift meal commitment will be met by HQ AC in accordance with existing procedure.

41. EXTENSION OF MID-SHIFT MEAL

In accordance with the instructions of the Board the Committee considered the possibility of providing a more substantial calorific diet for all civilian workers employed by the Allied Armed Forces in Italy.

HQ AC representative stated that a plan was at present being examined providing for the addition of a ration of olive oil to this meal.

42. EXTENSION OF MID-SHIFT MEAL TO OFFICE WORKERS

HQ AC representative stated that the possibility of the extension of the mid-shift meal to office workers was being considered.

16. AFHQ G(Maint) Branch letter AFHQ/6864/7/G(Maint) dated 21 Oct 44 was received and it was agreed that the interpretation to be placed upon the letter was that the needs of the Italian Armed Forces and of the mid-shift meal for civilians employed by the Armed Forces were to rank equally after the priority requirements for hospitals and ships' personnel and before the needs of the ordinary civilian population.

17. It was agreed that the availabilities declared by AC each month should be deemed to be the quantities available for allocation after meeting priority requirements of hospitals and ships' crews in full, and before considering the requirements of the Italian Armed Forces and the mid-shift meal commitment. If such declared availabilities were insufficient to meet the requirements of the Italian Armed Forces and of the midshift meal commitment, AC undertook to instruct its regional offices to make up the deficiencies. Any surpluses over the requirements of the Italian Armed Forces and the midshift meal commitment will be available for allocation between Services for normal maintenance.

18. The Chairman instructed the AC representative to make every effort to declare additional availabilities of vegetables from the NAPLES/SALERNO areas, as he was confident that more was available than had been declared.

19. The representative of Adriatic Depot was instructed to investigate surpluses he had discovered in his area and report them for interim action in accordance with the established procedure. AC Food Sub-Commission agreed that the whole of any such additional surpluses discovered should be available for immediate allocation by AFHQ between the Allied Forces as AC does not propose to increase the quantity to be transported from the area in December.

20. The representatives of DST, AFHQ and MMIA were instructed to consult each other before the next meeting in order to avoid any duplication of bidding for the needs of any of the Italian Armed Forces.

21. A report was received from AC on the availabilities of foodstuffs for the month of December, and the allocations set out at Appendix "A" were made against requirements submitted by the Services.

22. In view of the large stocks of salt available at the three principal depots in MARGHERITA DI SAVOIA, TRAPANI and CAGLIARI, it was recommended to the Board that salt ex those depots should be deleted from the list of restricted items.

23. AC was instructed to take up with the Italian Government the question of instituting some form of egg control in Southern Region in order to meet the hospital requirements of DST and Adriatic Depot.

24. The total anticipated availability of citrous fruits in January and February will be ample for all Service requirements, but Services were instructed to continue to submit monthly bids for such fruit, in order that regional allocation could be effected.

25. It was recommended to the Board that representatives of WSA, WFTR,

interim action in accordance with the established procedure. AC Food Sub-Commission agreed that the whole of any such additional surpluses discovered should be available for immediate allocation by AFLRC between the Allied Forces as AC does not propose to increase the quantity to be transported from the area in December.

20. The representatives of DST, AFHQ and MMIA were instructed to consult each other before the next meeting in order to avoid any duplication of bidding for the needs of any of the Italian Armed Forces.

21. A report was received from AC on the availabilities of foodstuffs for the month of December, and the allocations set out at Appendix "A" were made against requirements submitted by the Services.

22. In view of the large stocks of salt available at the three principal depots in MARGHERITA DI SAVOIA, TRAPANI and CAGLIARI, it was recommended to the Board that salt ex those depots should be deleted from the list of restricted items.

23. AC was instructed to take up with the Italian Government the question of instituting some form of egg control in Southern Region in order to meet the hospital requirements of DST and Adriatic Depot.

24. The total anticipated availability of citrous fruits in January and February will be ample for all Service requirements, but Services were instructed to continue to submit monthly bids for such fruit, in order that regional allocation could be effected.

25. It was recommended to the Board that representatives of WSA, MWTR, CMEF, AFHQ and Army Exchange Service, U.S.A should be allowed to attend the meetings, but should not be voting members of the Committee.

26. The representative of C-in-C Med. was instructed to ensure that he was adequately briefed to represent the technical viewpoint of all of the navies under command of C-in-C Med, even though their channels of supply were not identical.

27. MMIA were informed that no dried fruit and vegetables were available for purchase by the Italian Armed Forces.

28. The next meeting will be held at 0930 hrs on FRIDAY, 15 Dec 44, in the AFLRC CONFERENCE ROOM, 66 Piazza Dell'Esedra, ROME (2nd Floor).

SUBJECT : Minutes of Food Sup. Committee Meeting - 20 Oct 44. AFHQ/6364/7/G(Maint)

TO : Allied Force Local Resources (Italian) Board. 21 Oct 44.

Ref para. 9 of the minutes of the Food Supply Committee meeting of 20 Oct 44 - 2125/226 of 21 Oct 44.

1. It is not considered necessary to lay down priorities other than those given in AFHQ Administrative Memorandum No. 42 of 21 Sep 44.

2. The needs of the Italian Armed Forces and of the mid-shift meal are a civil commitment and should be covered before any availability is declared to the Food Supply Committee for allocation between the Allied Forces.

3. On the basis of the existing instructions contained in Administrative Memorandum No. 42, AFHQ would provide for the needs of hospitals and the victualling of ships for priority commitments. They would then meet the needs of the Italian Armed Forces, the mid-shift meal for civilian workers, and the civil population. After all these commitments were met, the surplus would be declared as available to the Food Supply Committee for allocation between the Allied Forces.

III - ALLOCATION OF LOCALLY PRODUCED FOODSTUFFS

1. It is anticipated that the problem of feeding the Italian civil population will become increasingly difficult as the large centers in the North fall into our hands.

2. To meet this situation the following principles will govern allocations of locally produced foodstuffs by the Food Supply Committee of the Allied Force Local Resources (Italian) Board:

(a) In principle, locally produced foods which are readily stored or transportable will not be made available for allocation to the Armed Forces from 1 October 1944. Specifically, the following are not so available:

Dried Vegetables
Dried Fruits.

(b) The local military and ACC authorities shall consult together as to local surpluses, having regard to the possibility of moving the surpluses to another area as directed by the ACC. That portion of the surpluses which cannot be moved so as to arrive in good condition will be available to the Armed Forces under local arrangements. Specifically, the following fall in this category:

Green Vegetables
Root Vegetables
Hard Fruits

(c) Certain relatively small quantities are required for the victualling of ships. These will be made available as a second priority after meeting the needs of hospitals (see paragraph 6 below).

(d) Where green or root vegetables are bid for by the Armed Services at the Food Supply Committee, but of which there is no declared surplus, the Armed Services will offer at the same time the equivalent, or some other proportion, of preserved vegetables to the ACC for use as directed by the ACC in substitution of the green and root vegetables

3. The ACC will not withhold from declared surpluses any commodities for use outside the area in which they are produced unless it has been established that they can be delivered in good condition in the areas in which they are required.

4. Potatoes: Owing to a failure of crop it will not be possible to meet the full estimated offtake which the Armed Forces should receive from the seed area. The Chief Quartermaster, AFHQ and the Director of Supplies and Transport respectively, in consultation with AFLRS, AFHQ, will make an agreed final bid for locally produced potatoes. Thereafter, paragraph 2 (b) above will apply.

5. Citrous fruits, soft fruits and nuts will continue to be made available under existing procedures.

6. Hospitals: The certified minimum requirements for hospitals for patients only, both British and American, will be met, and nothing in this instruction is to be read as limiting the necessary minimum supply of locally produced products to hospitals.
