TO ADMIRALTY (R) CINC MED, COMNAVMED, COMNAVEU, FOLI, NOIC TRIESTE.
FROM BAD WASHINGTON.

Restricted.

Admtymessage 031610 and CinC Med's 061246(Neither to all). The position is as stated in OFLC letter of January 6th, 1947 copy of which was forwarded to Treasury and list of which is contained in BAD's 072131 January(to Admty only). Under this arrangement BYMS in the Mediterranean would be disposed of by OFLC either by local sale(vessels to be offered for sale promptly) or failing this by abandonment to the U.K. authorities???. The Question of sailing them to USA would thus not arise. This has been pointed out to Navy Department and discussions with them and OFLC are continuing in order to confirm beyond doubt that all concerned agree that there is no question of returning vessels to USA and also with the object of expediting completion of negotiations regarding BYMS at the Med. Further developments will be reported by signal. 747

TO MINISTRY OF MARINE (R) NAVAL SUBSECTION, NMAS, ROLI. FROM SENALUSLO ITALY.

Unclassified Routine.

Ref my signal 121220/Dec. and your letter to Senaluslo 166/OT of 15th Jan. 1947. You are informed that U.S. Laws prohibit loan of warships to foriegn nations and therefore cannot approve your request. Desire your immediate decision for the purchase of 16 minesweepers which are available for sale to Italian Government. Am further informed that these MMS are being negotiated by other countries. Am further informed that U.S. Government has recently granted Italian Government ten million dollar credit for the purchase of surplus U.S. Government property. Recommend necessary funds be obtained from your Government and to designate APAR as agent to expedite negotiations for the acquisition. Request this matter be treated as urgent.

ADMTY INFO FOLI B.A.D. NOIC TRIESTE FROM..CINC MED.

RESTRICTED DEFERRED.

A.M. 061610. Request was contained in COMNAVMED's 020725/Dec: that twelve BYMS should be kept at Trieste until result of sale negotiations were known. This was complied with although BYMS would have otherwise sailed for Malta to pay-off about 4th: December.

2. COMNAVMED's 04C2222/Dec: stated that location of craft at Taranto or Malta immaterial, but ten days only required for completion of sale negotiations. BYMS were therefore left at Trieste and crews reduced.

3. NSC later requested through CINC that BYMS be sailed to Venice for inspection to expedite completion of negotiation, FOIN 181427/Dec: refers. This was done but inspection did not start until early January and included dry-docking and steaming trials. On arrival at Venice crews were further reduced to meet other commitments.

4. Inspection and negotiations have been protracted, and in CINC MED's 231558A/Jan: COMNAVMED was requested to arrange for Italians to take over custody of BYMS as it would be necessary to withdraw remaining 54 British Naval ratings about 7th: February.

5. It is now understood that Italians are not (R) not buying these BYMS but are hoping to borrow them.

6. It would be difficult to steam BYMS from Venice to Malta, not more than two steering crews being available. BYMS are not fit for Winter Atlantic crossing. Considerable refitting work would be necessary to make them fit for even the Summer crossing, and crews could not be provided from Station resources.

7. Signals quoted not to all.
