12 April 1945 No. 203

Complementary provisions to the legislative Decree of the Lieutenant General of the 4th April 1945 concerning the composition of the "Giunta Provinciale Amministrativa" in its jurisdictional capacities and the decisions of the recourses concerning the local courts.

Art. 1

The "Giunta Provinciale Amministrativa" in its jurisdictional capacities, is composed of the Prefect or his deputy, who will be the chairman, of two Prefecture Councillors appointed by the Prefect at the beginning of every year, and of two senior members, of those appointed by the Deputation Provincial, who have been longer in service. The seniority is reckoned on the precedence in appointment; in case of equal length of service, on the age.

In case of absence or of inability to attend, the Prefecture Councillors will be substituted by an assistant, and the senior members named by the Deputation Provincial by those who follow them, according to order of precedence.

Art. 2

AIDE MEMOIRE

1107

- 1 Under the Fascist Republican Government certain functions were carried out from the central Ministry and were not decentralised to Provinces. Examples are Finance, Industry, Agriculture, State Railways, Public Works and Public Safety.
- 2 It is not desirable, or even possible, for Allied Military Government to dissolve these departments immediately. To attempt to do so would create administrative chaos.
- 3 In several cases a Commissario has been appointed and the department is operating under his direction.
- 4 It is desired that these departments should be dissolved, and their functions taken over by the Government, as quickly as possible. Although that wish cannot be fulfilled entirely until the territory is handed back to the Italian Government, the period of Allied Military Government can be used to make the necessary preparations.
- 5 It is recommended that the Italian Government send to Milan, at the earliest possible date, a Commission to discuss this matter with the CNAI.

5. NATIONAL ADMINISTRATION.

The form of National administration of Italy is highly centralized in and controlled from the Government in Rome.

The department of Government responsible for ~~the~~ civil administration and internal matters is the Ministry of the Interior. Its principal functions include general and personnel affairs, civil administration, public safety, public health, fire service and religious affairs.

For purposes of administration immediately below the Ministry of the Interior, the country is divided into ~~94~~ provinces which vary in nature and area. Such ~~provinces~~ ~~are~~ ~~now~~ ~~described~~ below.

The next and smallest separate administrative unit is the comune. This term applies to all towns and villages which may vary in size and population from the largest cities e.g. Naples down to the smallest community.

There are approximately 7163 communes throughout Italy. The number of communes in any given province varies. See chart A.

The above are administrative units. Reference may however be made to the so called "compartimenti". This is a geographical division of the country and not an administrative one. A compartment includes a number of provinces varying in area and population, ~~but~~ as above mentioned, it is merely a division and has no administrative significance.

N.B. The above was never used before being ~~by~~ the P.P.
The publication for para 5 of the Memo (134) on
this has been lost. ~~factum~~ ^{to}
This was approved by H.C. before the Compt. of
Copy and Rebatu on the eleventh one to him.

15. The position and status of the prefect is dictated by the category, head of the administration, he is the official who should be contacted or communicated with in regard to all matters concerning the Provincial Administration. This is not to say that there is no real objection to a direct approach to the Chief of Staff concerned with any given subject (and detailed work may have to be eventually dealt with by such official), it is, for obvious reasons, strongly recommended that, in the first instance, the subject matter in question should be initiated by and through the prefect.
16. The position is well known to the government agencies entitled to receive information from the Italian government for the ~~entire~~ ¹⁰ office of certain provincial bodies (e.g., Transporte Provinciale) composed of members of the prefect's (and the prefect may rightly desire to say he legally entitled to nominate him giving a decision). Owing to the responsibility of holding elections, the body in question may not yet be selected by the local populace but may be chosen by the prefect. The government is, however, at present taking the view that they are responsible for the eventual appointment of local government bodies which a ~~view~~ to such bodies being truly representative of the public's choice.

17. Special reference must be made to Sicily and Sardinia. Provincial administration under the Prefect is as above described, but at the head of each island and controlling and co-ordinating the work of all Prefects the Government have appointed a High Commissioner. This was done owing to difficulties of communication and contact with the Central Government. He is, in effect, "the Governor" in relation to matters on an island-wide basis. For practical purposes, however, Provincial affairs are dealt with by the Prefect in the usual way and the Central position referred to in the following paragraphs remains unchanged.

18. Whilst it is not a matter of practical importance in dealings with the Provincial Administration, it might be borne in mind that there are certain Government Departments (other than the Ministry of Interior) whose work reaches down to the Province. The most important of these are Justice and Education. The representatives of these departments are legally independent of the Prefect but can always, in practice, be contacted through him.

19.

Communal Administration

The head of the Administration of a Comune is the Mayor (Sindaco) who, during the Fascist regime, was styled "Poleso".

20. He is not a career official but is an unpaid member of the public appointed by the Prefect. In certain large Comunes, there may be a Vice Sindaco.

21. The principal official of a Comune is the Communal Secretary (Segretario Comunale) who, unlike the Sindaco, is a permanent employee. He, co-ordinates the various branches of the Communal administration.

22. The Comune is governed from its Town Hall (Ufficio) in which all officials are generally housed and, as in the Province (paras L₃-L₄) the Local administration is divided into Departments. In practice, such divisions, their descriptions and the respective titles of their chief officials may vary slightly according to the size, population, importance and type of the particular Comune. For this reason, and to prevent confusion, this memorandum will not contain a list of such titles. The following, however, are the principal functions undertaken in an average size Comune and for all practical purposes, the directing head can be taken to be the Sindaco.

- (1) Education
- (2) Food
- (3) Finance
- (4) Municipal Police
- (5) Personnel employees
- (6) Public Health, Hygiene and Sanitation
- (7) Public Works, Roads and Bridges
- (8) Public Services (Gas, Water, Electricity which are not owned but are controlled to some extent by the Comune)
- (9) Public Municipal Institutions
- (10) Vital Statistics (Births, deaths, marriages)
- (11) Welfare and Public Assistance
- (12) Health and Measures

13. Whilst it is not a matter of practical importance in dealing with the Provincial Administration, it might be borne in mind that there are certain Government Departments (other than the Ministry of Interior) whose work reaches down to the Province. The most important of these are Justice and Education. The representatives of these departments are legally independent of the Prefect but can always, in practice, be contacted through him.

19.

Communal Administration

The head of the Administration of a Commune is the Mayor (Sindaco) who, during the Fascist regime, was styled "Podesta".

20. He is not a career official but is an unpaid member of the public appointed by the Prefect. In certain large Comunes, there may be a Vice Sindaco.

21. The principal official of a Commune is the Communal Secretary (Segretario Comunale) who, unlike the Sindaco, is a permanent employee. He, co-ordinates the various branches of the Communal administration.

22. The Commune is governed from its Town Hall (Municipio) in which all officials are generally housed and, as in the Province (Parma 13-14), the local administration is divided into Departments. In practice, such divisions, their descriptions and the respective titles of their chief officials may vary slightly according to the size, population, importance and type of the particular Commune. For this reason, and to prevent confusion, this memorandum will not contain a list of such titles. The following, however, are the principal functions undertaken in an average size Commune and for all practical purposes, the directing head can be taken to be the Sindaco.

- (1) Education
- (2) Roads
- (3) Finance
- (4) Municipal Police
- (5) Personnel employees
- (6) Public Health, Hygiene and Sanitation
- (7) Public Works, Roads and Bridges
- (8) Public Services (Gas, Water, Electricity which are not owned but are controlled to some extent by the Commune)
- (9) Public Municipal institutions
- (10) Vital Statistics (Births, deaths, marriages)
- (11) Welfare and Public Assistance
- (12) Weights and Measures

See Chart B.

It will be seen that certain of these subjects follow the same pattern as in the Province and in fact some of the departments are merely the Communal agency of the Provincial authority.

23. The Sindaco is ordinarily assisted by a Communal Council (Giunta Comunale) the members of which (varying in number according to local population) are also appointed by the Prefect for the reasons stated in para 16 regarding elections. As in the case of the Prefect, the Sindaco may legally require a decision of his Giunta.

24. Special reference might be made to an official who may be encountered in connection with Communal Government known as a "Commissario Prefettizio". Such an appointment is made by the Prefect in cases of Communal emergency or where no Sindaco and Giunta have been appointed. Such a Commissario is a "trust manager" with full powers and is an official of the Prefect's staff. For a considerable time after the invasion of Italy, many such persons had to be appointed but with the establishment of Sindaci and Giunte, such emergency appointees are fast disappearing.

25. The authority with whom to communicate upon Communal affairs is the Sindaco or failing him the Communal Secretary.

26. As mentioned in para 11 and indicated in the attached Charts, Communal Government is for many purposes subject to the supervision and control of the Prefect of the Province (particularly e.g. in regard to financial expenditure) and is thus connected with the National Government.

27.

Summary

The contents of this memorandum are, therefore, be completely summarised as follows:

- (1) In all local Government matters affecting a Province, an area thereof, or more than one Comune therein, the authority to contact and with whom, in the first instance, to deal is always the Prefect.
- (ii) In all such matters affecting a single Comune, the authority with whom to deal is the Sindaco.

From investigations made by the Prefect Inspector General in some of the Provinces it appears that in many of the Comunes the ordinary administration has not been constituted yet and that therefore the Comunes themselves are held by Commissari Prefettizi (Prefectural Commissioners). The Government considers that the constitution of the normal administrations in all the Comunes is an urgent and indispensable task. The carrying out of this order is urgent because of the need to apply democratic criterions in the communal administration and prepare adequately a certain number of public administrators. This aimed must be pursued even if the Committee of Liberation for contingent reasons cannot designate representants of the different parties within the Administration. If this happens it is the duty of Your Excellencies to find adapted persons for the above-mentioned offices. I order that the above instructions be applied at once and that before the 31st of March this Ministry must be informed of the number of Comunes which are still held by Commissari Prefettizi.

2. At para (4) below is reproduced in English the text of the attached explanatory circular in Italian which will be handed to the Prefect on the occasion (a) of a province passing under Regional Control or (b) whenever the Army Authorities decide to apply the system of implementation in advance to a province within the zone under Army control and the competent SCAO issues an order to that effect. At the foot of the directive is a form of acknowledgement which will be signed by each Provincial Legal Officer and returned to the Legal sub-Commission for the purpose of recording that the circular was duly delivered to the Prefect when one of the above alternatives have taken place.

MINISTRY OF JUSTICE
Price £2. Publication of Law
and Decrees
Yome, 5 Jan. 1945

To: "High Excellencies the Presidents

SUBJECT: Decree and promulgation of decrees enacted
by the Italian Government and published in the
"Gazzetta Ufficiale" of the Kingdom.

The Allied Commission (A.C.) has ordered to be distributed
to the

A672

of the "Gazzetta Ufficiale" of the Kingdom in territories administered by the Allied Military Government (A.M.G.) exclusive of the provinces in the zone of operations controlled by the Army. However in the last mentioned provinces the distribution may be made from time to time on the order of the competent Senior Civil Affairs Officer (S.C.A.).

By agreement with this Ministry, the said Allied Commission has issued the following instructions in respect of the efficacy and promulgation in the provinces under control of the legislation enacted by the Italian Government until published in the "Gazzetta Ufficiale" of the Kingdom:

- (1) Said legislation shall be made operative in territories administered by A.M.G. by virtue of a special arrangement of the Deputy Chief of Staff of the Allied Commission, published at the end of the "Gazzetta" and referring to legislative provisions, published in one or more issues of the "Gazzetta" preceding the issue containing the said endorsement. By way of exception to said endorsement in respect to legislative provisions contained in the same issue of the "Gazzetta" in which the endorsement is printed, the provisions thus made operative will become effective in each province of the corresponding territories as of the date on which the competent prefect receives from A.C. (as explained below in note 1) the copies of the "Gazzetta" containing the above mentioned endorsement, for distribution to addressees within his Province.
- However the Deputy Chief of Staff of the Allied Commission may in his endorsement exclude the application to the aforesaid territories of any legislative provision published in those issues of the "Gazzetta" to which the endorsement refers. The legislative provisions thus excluded are published in said territories but information
only.

- (2) The distribution of the "Gazzetta" is entrusted in each province of the said territories to the Prefect. For this purpose the Prefect receives from the A.C. through the Office of the Provincial Commissioner, and specifically through the Provincial Legal Officer, a package containing as many copies of the "Gazzetta" as are to be distributed under the Prefect's supervision to the addresses indicated on each copy.

(1) Said legislation shall be made operative in territories administered by A.C. by virtue of a special endorsement of the Deputy Chief of Staff of the Allied Commission, published at the time of the "Gazzetta" and referring to legislative pronouncements published in one of three issues of the "Gazzetta" preceding the issue containing the said endorsement. By way of exception the said endorsement is referred to legislative pronouncements contained in the said issue of the "Gazzetta" in which the endorsement is qualified. The pronouncements thus made operative will become effective in each Province of the "I" areas and territories as of the date on which the corresponding Procedural Circulars from A.C. is explained below in part. -) the copies of the "Gazzetta" containing the above mentioned endorsement, for distribution to addresses within his Province.

However the Deputy Chief of Staff of the Allied Commission may in his judgment exclude the ep 11 section to the areas and territories of any legislative provision published in those issues of the "Gazzetta" to which the endorsement refers. The legislative provisions thus excluded are published in said territories for information only.

(2) The distribution of the "Gazzetta" is entrusted in each province of the said territories to the prefect. For this purpose the prefect receives from the A.C. through the Office of the Provincial Commissioner, and specifically through the Provincial Legal Officer, a package containing as many copies of the "Gazzetta" as are to be distributed under this Article's supervision to the addressees indicated on each copy.

(3) In order to record and make known the date of receipt of the individual issues of the "Gazzetta" containing the endorsement set out above in para 1 each "prefect before distribution is made shall cause every copy to be stamped or otherwise marked with the date on which he has received the specific issue of the "Gazzetta", this date, as explained above in para 1, shall be the effective date in the province concerned of the legislative provisions thus rendered operative herein. To ensure compliance with this requirement the Prefect receives from A.C. with each packet mentioned above in para 4 a triplicate form of record in Italian and English to be executed and signed by

It should be noted that when the above system first begins to operate in a Province, the protest concerned will receive in one or more assignments a considerable number of packages each containing an appropriate number of copies of the "Collection" referred to above in Part I and of the subsequent issues of the magazine "Picnic". MINISTERO DI GRAZIA E GIUSTIZIA

UFFICIO PUBBLICAZIONE LECCI E DECRETI

Alle LL. EE. i Projetti

OGGETTO: Efficacia e divulgazione dei provvedimenti emanati dal Governo Italiano e pubblicati nella "Gazzetta Ufficiale", del Regno.

La Commissione Alleata (A.C.) ha disposto la distribuzione della *Gazzetta Ufficiale* del Regno, nel territorio sottoposto all'amministrazione del Governo Militare Alleato (A.M.G.) eccezione fatta per le provincie incluse nella zona delle operazioni, sotto controllo delle armate, alle quali provincie, tuttavia, può esserne fatto invio ove lo disponga, di volta in volta, il competente Ufficiale Capo Affari Civili (S.C.A.U.).

D'intesa con questo Ministero, detta Commissione Alleata impartisce le istruzioni in ordine alla entrata in vigore e alla divulgazione, in detti territori, dei provvedimenti emanati dal Governo Italiano e pubblicati nella *Gazzetta Ufficiale* del Regno:

1) Detti provvedimenti vengono resi operativi nel territorio amministrato dall'A.M.G. mediante una speciale ordinanza del Sottocapo di Stato Maggiore della Commissione Alleata pubblicata in calce alla *Gazzetta* stessa e relativa ai provvedimenti pubblicati in uno o più numeri della *Gazzetta* precedenti il numero ove è inserita l'ordinanza stessa. Eccezionalmente l'ordinanza suddetta potrà riferirsi a provvedimenti contenuti nello stesso numero della *Gazzetta* in cui l'ordinanza viene pubblicata. I provvedimenti così resi operativi entrano in vigore, in ciascuna Provincia nel detto territorio, dalla data sotto la quale il Prefetto competente riceve, dall'A.C., come specificato al n. 2), gli esemplari della *Gazzetta* che contengono la menzionata ordinanza, per la distribuzione ai destinatari della sua Provincia.

Il Sottocapo di Stato Maggiore della Commissione Alleata si riserva, però, la facoltà, sempre limitatamente agli stessi spazi territoriali di escludere con la stessa sua ordinanza l'efficacia di alcuni fra i provvedimenti pubblicati nei numeri della *Gazzetta* cui l'ordinanza si riferisce. I provvedimenti così esclusi vengono resi noti, in detti territori, unicamente a scopo informativo.

2) La distribuzione della *Gazzetta* viene affidata, per ciascuna Provincia in detto territorio, al Prefetto. Allo scopo Egli riceve dall'A.C. per tramite degli Uffici dei Commissari provinciali ed in particolare degli Ufficiali Legali Provinciali un pacco contenente tanti esemplari della *Gazzetta* quanti dovranno distribuirsi, a sua cura, ai destinatari indicati su ogni copia.

3) Per rendere certa e per divulgare la data di ricezione degli esemplari della *Gazzetta* che pubblica l'ordinanza di esecutorietà menzionata al n. 1), ciascun Prefetto deve, prima di distribuirli, far timbrare, o annotare ufficialmente in altro modo, su ognuno di essi, la data di ricezione da parte sua di quello specifico numero della *Gazzetta*, che, come precisato al n. 1), rappresenta la data di entrata in vigore nella relativa Provincia, dei provvedimenti così resi operativi. Per meglio assicurare questo adempimento, egli riceve dall'A. C., insieme col pacchetto menzionato al n. 2), un modulo in triplice copia redatto in lingua inglese ed italiana. A richiesta del Commissario provinciale, lo riempie e lo firma per attestare la data di ricevimento degli esemplari. Delle tre copie del modulo inviati, ne invia due al Commissario provinciale — all'attenzione dell'Ufficiale Provinciale Legale — (una per l'inoltro alla Sottocommissione legale dell'A. C. e l'altra per la conservazione negli atti dell'Ufficio) e trattiene la terza negli atti della Prefettura. Naturalmente nessun modulo di ricevuta accompagnerà questi pacchetti di *Gazzette* che non contengono ordinanze di esecutorietà.
