Sottocommissione Interni

Oggetto: Situazione della
provincia di Terni.

ROMA

1. Le segnalazioni pervenute nei riguardi della provincia di Terni, in merito alle quali codesta Commissione ha chiesto precisazioni, riflettevano la situazione di quella provincia entro la prima metà di luglio, quando, cioè, era ancora in atto il processo di riassetto dopo la liberazione.

2. Le lamentele circa ingiustificate requisizioni, sono state eliminate con la restituzione, nei casi possibili, degli oggetti ai proprietari; i responsabili dei fatti sono stati denunciati alla competente autorità giudiziaria. In altri casi il ristabilimento dell'ordine giuridico violato è stato ottenuto mediante l'intervento delle autorità alleate o italiane.

3. Nell'accluso memorandum sono riassunti i principali casi di illegalità segnalate.

1°) I seguenti partigiani, dei comuni di Terni e Piediluco, hanno requisito ed asportato generi alimentari ed oggetti vari da private abitazioni:

Amato Bruno, Serafini Settimio, Perotti Viardo, Fieramonti Maurizio, Anselmi Renato, Sampaolesi Angelo, Cittadini Renato, Romagnoli Renato, Zaggioni Vero, Di Giulio Saturno, Filipponi Mario, Procietti Emilio, Crisostomi Aurelio, La Bella Settimio.

I predetti sono stati denunciati alla competente autorità giudiziaria.

2°) I partigiani Silvi Dandolo, Cavalieri Luigi e Mario, Montani Lodovico e Angelini Giuseppe del comune di Collestatte si impossessarono di un autocarro e tre motociclette abbandonati dai tedeschi, vendendoli poi a persone del luogo. Tali automezzi sono stati recuperati da militari inglesi.

3°) Il C.N.L. di Cesi (comune di Terni) presieduto dal rag. Prete Francesco, nella 3^a decade del mese di giugno u.s. inviò partigiani armati nel vicino territorio di S. Gemini allo scopo di raccogliere bestiame da macello. Gli animali raccolti furono in parte arbitrariamente macellati e distribuiti alla popolazione civile senza l'autorizzazione della Sepral; i rimanenti vennero recuperati dai Carabinieri di Sangemini.

4°) Il sindaco di Montecchio di Baschi, verso la metà del mese di luglio us., si rifiutò di consegnare al Consorzio Provinciale di Terni 30 dei 60 quintali di olio ammassati in quel comune.

Mercè l'intervento del Comando Alleato il prelevamento venne effettuato dopo alcuni giorni.

1209

5°) Il C.N.L. di Orvieto ha dato in uso a privati 20 autocarri militari, abbandonati dai tedeschi, per l'approvvigionamento della città. In effetti i consegnatari sfruttano per proprio conto gli automezzi ritraendo lauti guadagni. E' in corso la pratica per la consegna degli automezzi all'autorità militare italiana.

./.

6°) I componenti il C.N.L.di Arrone, prof.De Bonis Teodosio, Angeletti Antonio, Petrucci Alfredo e Giubilei Edoardo, tassarono di loro iniziativa, ed all'insaputa della Sepral, i pastori della zona per un certo quantitativo di formaggio da versare nel loro magazzino, per essere, poi, distribuito alla popolazione civile. L'arbitraria determinazione venne fatta revocare per intervento dell'Arma. Il formaggio venne versato al Comune di Terni.

7°) Il Sindaco di Acquasparta, Nanni Amleto (comunista), all'inizio della trebbiatura nominò, per la vigilanza alle trebbie, dodici persone di sua fiducia alle quali consigliò di non essere troppo fiscali ma di lasciare ai contadini qualche margine oltre i due quintali di grano a persona, previsti dalle disposizioni ministeriali in vigore.

Tali controllori, anche allo scopo di accattivarsi la simpatia della massa rurale, consentirono che contadini e proprietari trattenessero oltre alla quota spettante cinquanta chilogrammi e più di grano a persona.

Dei fatti è stato interessato il Prefetto che ha disposto il recupero del grano.

8°) I componenti del C.N.L.di Arrone, La'Previtera Pompeo, Fioretti Fiovo, Nobili Michele, Fioretti Amedeo e Giuliani Giovanni, contravvenendo agli ordini del Prefetto a mezzo di pubblico manifesto, continuarono a tenere in un loro magazzino materiale militare vario, mobili prelevati dai tedeschi negli edifici ministeriali di Roma, e materiale sanitario, il tutto per un valore complessivo di oltre 1 milione di lire. Pende a carico dei responsabili procedimento penale presso la Corte Alleata di Terni.

6. The components of the National Comity of Liberation of Arrone, Prof. De Bonis Teodosio, Angeletti Antonio, Petrucci Alfredo e Giubilei Eduardo, on their own initiative, and unknown by the SEPRAI, taxed the shepherds of the zone for a certain quantity of cheese to be brought to their warehouse, to be afterwards distributed to the civilian population. This arbitrary decision was revoked by the Carabinieri. The cheese was given to the Comune of Terni.

7. The Sindaco of Acquasparta, Nanni Amleto (comunista) at the beginning of the thrashing-time, nominated, to supervise the thrashing, 13 persons whom he trusted and advised them not to be too "fiscali" and to leave the peasants some margin over the two tons of wheat per person, foreseen by the ministry's dispositions in force.

These controllers, with the purpose of obtaining the country people, agreed that the peasants and proprietors should keep in addition to the share *for one more person*.

The Prefect has interested himself on the subject and is disposing in order that the wheat should be recovered.

8. The members of the National Comity of Liberation of Arrone, La Previtera Pompeo, Fioretti Flovo, Nobili Michele, Giuliani Giovanni, breaking the Prefect's orders as stated in the public placard, they kept in their ware-house military material, furniture taken by the Germans in the Ministries of Rome and sanitary material, all this constituting the value of 4 million lire. The penal procedure of the responsables is being carried out in the Allied Court of Terni.

VI. TERRELL PROVINCE - I reported to the PC, Major Fricker (B) on 25 Sept. He is now PC both of Terri and Rieti, the provinces having been merged for AMG purposes. He gave every assistance and with him I interviewed the Prefetto Reggente CARLO (appointed by AMG) and obtained the following information:

1. The position of VPV and VPI are filled satisfactorily. (With regard to the functions of the VPI, the Prefect stated that his visits to the communes were limited by transport shortages. He, the Prefect, personally went into the Province as much as possible)
2. Deputazione Provinciale - will shortly be formed and nominations finally submitted to the PC within the next ^{few} days.
3. Giunta Provinciale Amministrativa - the citizen members will be appointed immediately after the Deputazione Provinciale has been set up.
4. Giunta Comunale - these exist throughout the 30 communes in the province.
5. Sindaci - a number of changes have been necessary but all appointments are now filled and working well. Reference was made to the question of pay of Sindaci. The PC had no doubt in his mind that they should receive a salary. Their work was heavy, and he felt that if unpaid, there was more temptation to provide themselves with a livelihood by illegal means. The Prefect referred to the fact that a salary was illegal by Italian law, but admitted that the best man could not always be found to give the time from his own work.
6. The Prefect asked advice on the position of appointments made by him under AMG with the approval of AMG after the territory was restored to the Italian Government. I explained that removal of such persons from position could then only be effected with AMG's consent.

SUBJECT : Situation of the Province of Terni.

We are informed of the particular situation arisen in the province of Terni, following the activities of the committees and sub-committees of national liberation and as the result of the forming of police bodies out of the bands of partisans.

It has been reported in particular that unjustified requisitions are being made, that the Mayors object to the food stuffs collected for the province board being taken out of the communes, that the committees of liberation do not adhere to the orders of the Allied Authorities and of the prefects to hand over to the R. Carabinieri the stores in which machinery, food stuffs, and whatever else was salvaged by the committees themselves and by the partisans.

Finally there are complaints that incompetent and seditious persons have been chosen to fill public offices while those who possess the necessary ability and the desired political views are neglected.

OGGETTO Situazione della provincia di Terni.

S. B. Situation of the Province of Terni

Viene segnalata la particolare situazione determinata-
si nella provincia di Terni, a seguito dell'attività che
svolgono i comitati e sottocomitati di liberazione nazio-
nale e in conseguenza della costituzione delle bande di
partigiani in organi di polizia.

In particolare viene riferito che si procede a requi-
sizioni ingiustificate che i Sindaci si oppongono a che
siano portati fuori dei comuni generi alimentari ammassa-
ti per conto del consorzio provinciale che i comitati di
liberazione non ottemperano alle disposizioni delle Auto-

mandi dei R.A.C.C. i magazzini in cui sono raccolti macchi-
nari, generi alimentari, e quanto altro era stato ricupe-
rato dai comitati stessi e dai partigiani.

In definitiva si lamenta che sono stati prescelti a
coprire cariche pubbliche persone incompetenti e faziose
mentre vengono trascurati elementi provvisti delle neces-
sarie doti di capacità nonché dei requisiti politici.
