1. Reference is made to your letter ANG/A/36 of 7 August, enclosing English translation of letter 2042 Gab. dated 3 August, Prefect of Pesaro to you, which has now been handed to this Sub Commission for action. The present position, however, is not entirely clear.
2. The statement attributed by the Prefect to the Commissario Alloggi that he has no power to apply coercion against arbitrary occupants of premises is noted. The complaint made, however, was that the Sindaco and the Commissario had been authorizing the wrongful occupation of requisitioned property--see para 4 of letter ID/2000/11/Q of 5 July 1945, O.C. No. 1 District to this Hq, copy enclosed to you with Civil Affairs Section letter AC/1/5/9/IG of 12 July 1945.
3. The suggestion that the alternative accommodation offered by the Town Major should instead be taken for military purposes is also noted. You do not state, however, whether this suggestion has been communicated to the Town Major and if so whether he accepts it.
4. Please inform this Hq whether the Town Major is now satisfied with the position. If not, please submit a full report on the present situation.

To: Major Maunder, Acting Comm. Ancona.

I have communicated the contents of your letter Anc/A/54 dated 20 July 45 to the Sindaco of Pesaro and the Commissario Alloggi.

This latter stated that under the laws now in vigour he has only the power to requisition available premises in order to accommodate there those who need them urgently; he has not the power to apply coercion against arbitrary occupants of premises, which are requisitioned by Military Authorities, while these latter have means of enforcing their act of requisition by coercion.

The Commissario also requests that the Allied Authorities may consider using the premises which were proposed for ~~occupation~~ accommodation of the civilians instead of the premises at No 59 Via Fiume.

1. Difficulty has been experienced in PIMARO over civilians entering into vacated requisitioned premises before these have been de-requisitioned.

2. A considerable number of buildings in the town were de-requisitioned as soon as the military need for them had ceased. The Town Major advised the Sindaco that he (the Sindaco) would under no circumstances permit civilians to enter any vacant requisitioned premises.

3. In spite of this the Sindaco of PIMARO Carrone and the Commissario Alfieri Carrone di PIMARO have been authorizing these occupations without reference to the Military authorities.

4. The latest incident occurred on 27 Jun. 45 when civilians were requested to vacate military requisitioned premises which they had occupied without authority. They refused to vacate the premises.

The following day the Sindaco was instructed by the Town Major to have these civilians evacuated to alternative accommodation which was available.

Later the same day the Sindaco, following a meeting at which both he and head of the Housing Committee were present, was requested in the name of the Sub Area Commander to have these civilians removed. This request was met with a point blank refusal.

A direct order (copy attached) was delivered to the Sindaco by head, but no action has been taken to evict the civilians.

5. In order to avoid the risk of any incidents which might cause any trouble, verbal instructions were issued by this HQ to 214 Sub Area that force will not be used by Br Military to carry out the eviction of the civilians in illegal occupation.

6. This is the second time that the Sindaco and head of the Housing Committee of PIMARO have flouted Allied authority, and it is considered that severe action should be taken against these two men concerned, as a lowering of British prestige has undoubtedly been caused in the minds of the civilian population. During the German occupation, for an offence of this nature the two civic authorities, and probably the civilians concerned as well, would doubtless have received the death sentence.

SHORT APPRAISAL BY PC OF UNMENTIONED OFFICIALS. IF THE PC'S VIEWS HAVE NOT
CHANGED SINCE LAST REPORT, WRITE "NO CHANGE".

1. PREFECT

The Prefect, Dott Mario De Goyzueta, is a well-trained civil service administrator. He is inclined to be weak, has had no Vice-Prefect until 22.4.45 and has relied on advice from Capo di Gabinetto, which is not always sound. I feel that with a Vice-Prefect he will show improvement.

2. VICE PREFECT VICARIO

Vice-Prefect Dr Bianco arrived here 22.4.45. This period is too short to base any judgement on his ability.

3. VICE PREFECT INSPECTOR

Vice-Prefect Inspector Avv Aldo Paolini is a local avvocato with quite strong leanings to the Socialist party although recommended by the Christian Democrats. His investigations of Sindaci and Giunte have shown that he has recommended men with criminal records etc. The Prefect has asked that he be relieved and a new inspector named in his place. This should be done forthwith.

SHORT STATEMENT BY THE PC AS TO THE GENERAL STATE AND CONDITION OF THE LOCAL GOVERNMENT ORGANIZATIONS MENTIONED ON P. 1 AND ANY VIEWS HE MAY WISH TO EXPRESS THEREON

Government as a whole is fair. Most heads lack the courage to act on their own and continue to want approval by AMG.

25 October 1944

SUBJECT: Composition--Deputazioni Provinciali.

TO : PG, Pesaro,

1. I understand from Capt. Williams' report of his recent survey of your Province that there is some doubt as to the correct number of members of the Deputazioni Provinciali, the Prefect being of the opinion that the correct number is 6.
2. It seems that the Prefect has overlooked an amending Decree of August 1944, which altered the numbers.
3. As you know, the re-introduction into local government of the pre-Fascist Deputazioni Provinciali was effected by R.D.L. 4 April 1944, No. 111. The composition of the Deputazioni Provinciali was regulated by Article 8 of this Decree, which states that its composition is to be regulated by the Testo Unico of 1915, as modified by a certain Royal Decree 30 December 1923, No. 2839.
4. The original Testo Unico of 1915 made the number of members of the Deputazioni vary with population of the Province. This was altered by the above-mentioned Decree of 1923, which fixed the number at 6 for all Provinces. As Article 8 of Decree No. 111 quoted above fixed the number by a reference to the 1923 Decree, the effect was to make the number 6. This was the correct interpretation of the law until 10 August last.
5. Consultations on the point took place in June and July last between this Sub-Commission and the Ministry of the Interior: and it was decided to go back to the original provisions of the Testo Unico of 1915 and to make the number of the Deputazioni vary with the size of the Province. This was done by Decreto Legislativo 10 August 1944, No. 177, of which I enclose two copies, one for the use of the Prefect.
6. You will see from Article 1 of this D. L. that the composition of the Deputazioni is now regulated by Article 247 of the Testo Unico of 1915. This provided for numbers as follows:

<u>Population of Province</u>	<u>Effective Members</u>	<u>Waiting Members</u>
Over 600,000	10	4
" 300,000	8	2
" 300,000 and under	6	2

7. The last population census figure that I have for the Province of Pesaro is 311,916. There should, therefore, be 8 effective and 2 waiting members of the Deputazioni.

8. The President of the Deputations is, of course, additional to these 8, making the total number of members, including him, 9 plus 2 waiting.

9. I trust this clears up the point satisfactorily both to you and Dr. DE GOYZUSTA.
