REPORT NO. 187

SUBJECT: Interview with VFW Dett, Carlo CERRUTI, Capo Gabinetto, and
Consigliere in charge of preparation of the electoral lists.
25 July 1945.

TO : Director, Local Government Sub Commission

FROM : Captain W. I. Cunningham

1. I was unable to see the Prefect as he had gone to Turin to attend the funeral of MURRI. However, I had an interesting interview with the VFW and officials responsible for the preparation of the electoral lists. This interview took place in the presence of the PG.
2. The forms had all been received and distributed and the preparation had commenced on the 15th according to law. Prior to this, however, all Segretario Comunale had been told to bring their population registers up to date in order that there might be no delay.
3. No extensions of time would be necessary. Only one Comune had lost its records through destruction and these could be replaced in time as it was not a large Comune.
4. The Casellario Giudiziale was intact and the records in order.
5. The Electoral Commissions had already been formed and were ready to hold sittings when required.
6. The only difficulty was in getting an official round all the Comuni to supervise the work. They had a car at their disposal but not sufficient petrol. PG suggested that a larger allowance should be made from Rome for the purpose.

REPORT NO. 126

SUBJECT: Interview with Lt. Col. Carter, RO Vercelli - 25 July 1945

TO : Director, Local Government Sub Commission

FROM : Captain W. I. Cunningham

1. The Prefetto Segante Dott. Giovanni CARMA GVA was a local manufacturer. He was a good type of man and completely honest, but unfortunately he was weak and dominated by the CLN. He was a member of the Liberal Party.
2. VIV Dott. Carlo CERVINI, a political appointment--non-career--appeared to be a good worker.
3. VPI Dott. Renato BERTINI was also a non-career official.
4. The Deputazioni Provinciali and the GVA were both functioning.
5. Giunta Comunale were in all 163 Comuni.
6. Sindaci had been regularly appointed for all Comuni. About 75 of them were good men. The others were not so good and were being watched.
7. Segretari Comuni were looking after all Comuni. Mostly career officials. There were 10 non-career Segretari.
8. CLN. The CLN were a problem in this Province and they refused to be curbed. AMI had merely driven them underground and they were working steadily to undermine authority. IC did not consult them any more on account of their attitude. IC thought that the letter (AG/1/27/46) of 21 July re the Consulta was wrong as it would re-establish an official position for the CLN if they had to be consulted regarding the members of the Consulta. I pointed out that this was the Italian Government law for constituting the Consulta and it was being carried out all over Italy in order that the Consulta could be set up. IC thought it a pity that it had to be done while AMI was still in operation in a Province.
9. The preparation of the electoral lists was getting on well. IC produced a report from the Prefect to the Ministry of Interior (copy to AMI for information) setting out the position on 16 July. He gave me a copy of the report. Copies are attached hereto.
10. The Provincial Election Commission was established and was working well. They had a good President and refused to be intimidated by anyone.
