With reference to the above mentioned request, which reached us under date of 18 September last, n. CR/PS/566, submitted by the local Provincial Commissioner of MC, I wish to report that Headquarters of the CR.ER of Casalmaggiore have informed this Office that during the night between the 18th and 19th of August 1945, at the initiative of unidentified troublemakers some manifests were posted in various streets of the Comune of Casalmaggiore. As already known to your Ministry these manifests urge people from Southern Italy, who at present are in Northern Italy, to return as soon as possible to their homes.

The manifests in questions, signed by a so called Committee for the Defense of Northern Italy (C.D.A.I.), since there does not exist in this region any body legally recognized to have assumed that name, must be considered as anonymous.

Needless to say, moreover, that no responsible organ could have adopted an initiative of the kind.

No disturbances in the public order resulted from the posting of such anonymous manifests.

We wish to assure, however, that the police is continuing its investigations in order to identify the authors and the persons who distributed the manifests.

Con riferimento alla richiesta sopraindicata, pervenuta con nota in data 18 settembre scorso, n. CR/PS/565, del locale Commissario Provinciale dell'A.M.G., prego riferire che il Comandante della Tenenza dei CC.RR. di Casalmaggiore ha informato questa Ufficio che, nella notte fra il 18 e il 19 agosto u.s., in diverse vie del ripetuto Comune di Casalmaggiore, a cura di elementi perturbatori non ancora identificati, sono stati affissi manifestini del tenore già conosciuto da questo Ministero, con i quali si ingiunge ai meridionali, che attualmente trovansi in Alta Italia, di ritornare al più presto alle loro sedi.

I manifestini, a firma di un presunto Comitato di Difesa dell'Alta Italia (C.D.A.I.), in considerazione che non esiste in questa regione alcun ente legalmente riconosciuto che abbia assunto tale denominazione, devono considerarsi anonimi.

E' superfluo, altresì, far notare che nessun organo responsabile ha adottato iniziative del genere.

Nessun turbamento dell'ordine pubblico e' derivato dall'affissione di tali anonimi.

Si assicura, comunque, che i dipendenti organi di polizia continuano le indagini allo scopo di identificare gli autori e i propagatori dei ripetuti manifestini.

FRICTION IN NORTHERN ITALY BETWEEN C.L.N. AND THE ALLIES

Warning by AMG to Cremona officials - A protest by the Prefects of Lombardy

Milan, 5

A certain tension in the relationships between AMG and CLN of Lombardy has arisen as a result of an open letter addressed by the Provincial Commissioner of AMG Cremona to all citizens of the province whereby all public officials are forbidden to contact CLN's which are recognized as consultative organs only in their relationships with AMG. The above mentioned letter reads :

"Effective immediately any public officials found to have yielded to pressure or to have accepted orders by a CLN or by any of its members, or found to have entered into negotiations with a CLN in connection with public matters, will be dismissed at once. In the event that any CLN or one of its members, be it communal or provincial, has been found to impart orders to public officials or private citizens; or has been found to meddle in any way in the public administration, such CLN will be immediately dissolved and violators will be prosecuted in accordance with the terms of the law".

Following publication of said letter, the Prefects of the Lombard provinces met immediately to approve the following resolution :

"Whereas the open letter of AMG to public officials and private citizens of the province of Cremona has been noted, the Prefects of Lombardy having met at the Regional CLN of Lombardy Headquarters reaffirm that the carrying out of their mission is subject to the full trust by the CLN, representing the popular will for a new democratic and antifascist order; declare that none of them could continue in their present mandate if in their respective provinces orders would be issued similar to that issued in Cremona. They invite, therefore, the regional CLN for Lombardy to get in touch with AMG Lombardy for the purpose of bringing their attention on the uneasy situation created by the above mentioned letter."

An order by AMG has then replaced, on grounds not yet disclosed, the Questore and the Deputy Questore of Genoa and several other career officials.

A delegation attached to the Questura called on Col. Macphee in order to obtain a revocation of such order at least for three months. The colonel did not accept the proposal.

Following such a refusal and the return into service of three employees who had already been epurated, some career officials resigned while former partisans officials and agents are reported to be leaving very soon.

ATTRITI IN ALTA ITALIA
tra C. L. N. e Alleati

Monito dell'AMG ai funzionari di Cremona
Protesta dei Prefetti Lombardi

(Nostro servizio speciale)

MILANO, 5

Una certa tensione nei rapporti fra il governo militare alleato ed il Comitato di liberazione nazionale della Lombardia si e' creata, in seguito ad una lettera aperta diretta dal Commissario provinciale dell'AMG di Cremona a tutti i cittadini della provincia in cui viene interdetto ai pubblici funzionari di prendere contatto con i C.L.N. che sono riconosciuti come organi consultivi solo nei confronti del Governo alleato. In tale lettera e' detto:

"Con effetto immediato qualsiasi pubblico funzionario che venga scoperto a cedere di fronte a pressioni o scoperto ad accettare ordini da un C.L.N. o da qualsiasi suo componente o scoperto a compiere trattative con un C.L.N. riguardo ad affari pubblici verra' licenziato in tronco. In caso di qualsiasi C.L.N. o suo componente sia esso comunale o provinciale, sia scoperto ad impartire ordini a pubblici funzionari o a privati cittadini oppure venga scoperto ad ingerirsi in qualsiasi modo nella pubblica amministrazione, tale C.L.N. sara' immediatamente sciolto e contro i trasgressori si procedera' a termini di legge".

In seguito a tale lettera i prefetti delle provincie lombarde, riunitisi di urgenza, hanno approvato la seguente mozione:

"Vista la lettera aperta dell'A.M.G. ai pubblici funzionari ed ai cittadini della provincia di Cremona, i prefetti della Lombardia riuniti presso il C.L.N. regionale della Lombardia riaffermano che la esplicazione del loro mandato e' subordinata alla piena fiducia del C.L.N. rappresentanti della volonta' popolare di un nuovo ordine democratico e antifascista, dichiarano che nessuno di essi potrebbe continuare nell'attuale mandato ove fossero nelle rispettive provincie emanati provvedimenti analoghi a quelli di Cremona. Invitano pertanto il C.L.N. regionale lombardo a prendere contatto con il Comando militare Alleato della Lombardia affinche' voglia far presente la situazione di disagio venutasi a creare in conseguenza della lettera di cui sopra".

Un provvedimento del governo militare alleato ha poi sostituito, per motivi non ancora resi noti, il questore ed il vice questore di Genova e vari funzionari di carriera. Una rappresentanza di funzionari addetti alla Questura si e' recata dal colonnello MacPhee per ottenere la revoca del provvedimento almeno per tre mesi. Il colonnello non ha accolto la proposta.

In seguito a tale rifiuto ed al ritorno in servizio di tre impiegati gia' epurati, alcuni funzionari di carriera hanno rassegnato le dimissioni mentre si annunzia che quanto prima agenti e funzionari ex partigiani lasceranno il servizio.

SUBJECT: Survey of Cremona and Mantova Provinces.

TO : EC Lombardis Region.

1. Herewith copies in duplicate of Major Williams' reports on his recent visit to the above 2 provinces: an extra copy is sent for you to pass on to the EC if you think fit.
2. CREMONA. The main point raised here was the shortage of Communal Secretaries: you will observe the comment on same at paras 5 and 6 of the report. The matter has been mentioned to the Ministry and, as anticipated, they are not in a position to supply the gaps: they can only suggest the appointment of temporary Secretaries with the requisite qualifications. They will, however, endeavor to find one for Cremona City.
3. It is rather doubted whether the officials whom Major Williams interviewed are facing the question with the right sense of proportion: and it would be as well if the new Prefect's attention were directed to it.
4. Similarly, the personnel questions raised in para 8 of the report are now primarily matters for the new Prefect. It is suggested that the observations in para 8 of the report be treated as for the information of the EC only and that the Prefect be allowed to form his own judgment and make recommendations to the EC on his own initiative.
5. MANOVA. This province calls for no special comment. The Sub Commission would be glad, however, to receive the biographical report forms in respect of the 2 career Vice Prefects LEO and RUSSINI.

IV. Amministrative Provinciale

1. Presidente o Capo dell'Amministrazione Provinciale	12.7.1945	GALETTI	R.P.F. ALFREDO	PRESIDENTE
2. Segretario Generale o Provinciale	20.4.1910	QUADRI	ALESSANDRO	SEGREARIO GENERALE

3. E' stata costituita una Deputazione Provinciale?
 NUMERO TOTALE: 8 MEMBRI + 2 SUPPLEMENTI

V. Giunta Provinciale Amministrativa

1. Sono stati nominati i 4 membri elettivi della
 Giunta Provinciale Amministrativa?

VI. COMUNI

1. Numero totale dei Comuni	110
2. Numero dei Comuni con una Giunta Comunale	74
3. " " " " " Sindaco	109
4. " " " " " Commissario Prefettizio	1
5. (i) " " " " " Segretario Comunale di Carriera	70
(ii) " " " " " " non di carriera	15

3. All Ministri have been confirmed in office - those outstanding by a letter on black. The 1 Comandante Prefettorio (at Vologno) was appointed in order to have someone at the head of the command administration while time is taken over the selection of a new Ministro. Giulio Casanelli however has only been confirmed in 74 out of the 210 Comuni.

4. The position as to Regional Councils is causing anxiety to the Italian officials who keep returning to this point in conversation. The 15 non-voter Segretari have only the elementary school-teacher certificate and are employed in the smaller comuni. The remaining 95 Segretari are covered by 70 maestri Segretari so that there is a certain amount of doubling. No Italian officials said they received many complaints from Segretari that they could not carry the burden any longer.

5. Cremona is not quite so well situated for Segretari Casanelli as the other provinces of the North that I have visited. I do not think however that the figures justify the claim displayed by the Italian officials of the Province. Provinces in Italian Government Paragon are generally worse off than Cremona and no assistance can, I think reasonably be expected from the Ministry of Interior: they are in no position to supply Segretari by drawing them from the Centre and South where they are harder to find than in the North. The only answer is that the Segretari Casanelli must continue to work hard - as this class of public official always has had to do and always will.

6. Cremona city (1936 population about 65,000) is a special case. Its Segretario Comunale was dismissed just before Liberation and its administration is still without a qualified official. The Prefect has applied to the Ministry of Interior for the supply of a Segretario Capo di 2^a classe - which is one grade below that fixed by law for a city of the population of Cremona. But that is a detail of purely Italian concerns. I promised to mention the case of Cremona to the Ministry.

7. The Regulation Provinciale was appointed on 1 July and the 4 executive members of the C.P.A. on 16 July.

8. The RG handed me forms "A" and "B" from the former, the Prefecture seems to be adequately staffed. The Italian officials raised two points: -

(a) - Comandante Rossi was promoted to the rank of Vice Prefect Inspector by the Fascist Republican Government; in his case of course reverted to his former rank. The suggestion is that he be promoted to Vice Prefect Inspector again by decree of the Ministry of Interior, as he is head of the electoral office and it would be of assistance in carrying out inspection of the compilation of the electoral lists if he had the external rank. My advice was that this should be left until the arrival of the new Prefect. In any case, present 27430 in rank are exclusively for the Italian Government and will be dealt with by them after they have taken over the provinces. - see Executive Decree 62 and C.A. section circular 10/4/21/16 of 21 January 1945. During 1945, certainly, the RG could give Rossi the temporary appointment of Vice Prefect later on, I do doubt it in vacancy. It is not necessary to do this merely because he is head of the electoral office because the practice is for this appointment to be held by a Council member.

- 2 -

(b) - The Italian officials are very anxious to have an additional Consigliere one MORENO, at present at home (refectory). He has previously served in Girona and is, I was told, anxious to return there. In view of the fact that Girona already has 3 Consigliere (2 substantive and 1 Primo Segretario acting as Consigliere), then the agreed standard at the present time is 2 I doubt if this request can be justified. The Vice Prefect has already written to the Ministry of Interior about it.

9. The material for the preparation of the electoral lists was received and distributed in good time. Transport is difficult in this province both for the farms and for inspecting Italian officials. Cars are available but they lack tires and spare parts. No allocation has been yet made of the tires now being manufactured by Pirelli in Milano. The IC, stated that an allocation of tires was at the basis of all problems in the province.

10. I advised as to the nature of the further batch of electoral material about to be delivered - which is identical. I saw being delivered to Lombardia Region HQ. at 0930 hours on Monday 6 August.

11. The magistrates are all in order and the Cassellario of the Girona Tribunale is intact. Pretori are functioning in all 3 tribunals.

12. No request for extension of time has been made and none is expected. I brought back to the Prefect's first fortnightly report. From this it appears that the first stage - the preparation of the "elenco" will be done within the time limit.

13. The great difficulty here is the administrative incompetence of the Prefect and the IC. In most instances to have him measure quickly. The Vice Prefect Vicario is also of not much use; the impression I received records entirely with what the IC says about him on his Form B.

=====

In relazione all'ordine 23 Luglio 1945 N° CR.Gen/EL.4II di com-
desto Comando Provinciale mi pregio comunicare che questa Prefettu-
ra ha provveduto ad impartire fin dal 16 Giugno u.s. ai Comuni della
Provincia le necessarie istruzioni per la revisione straordinaria
del registro di popolazione in modo che gli uffici competenti potes-
sero avere aggiornati gli elementi indispensabili per procedere alla
formazione delle liste elettorali maschili e femminili.

Successivamente vennero portate a conoscenza dei Sindaci, del
Presidente del Tribunale e dei Pretori dei Mandamenti Giudiziari tut-
te le disposizioni diramate dal Ministero dell'Interno per la forma-
zione delle liste anzidette, nonché le norme per l'arredamento dei
seggi.

Gli stampati elettorali vennero fatti tenere ai Comuni interes-
sati nelle misura prescritta.

Con circolare 11 Luglio 1945 N° 99II, nel comunicare ai Sindaci
ed agli altri uffici interessati che il 15 Luglio era la data fissa-
ta per l'inizio delle operazioni inerenti alla formazione delle li-
ste, vennero impartite disposizioni ai Comuni perchè provvedessero
agli incombeni di propria competenza, previsti dagli articoli 242^b
e 6 del Decreto Ministeriale 24 Ottobre 1944. Anche la disposizione
che estende il voto ai cittadini italiani maschi e femmine che com-
piranno i 21 anni entro il 31 Dicembre 1945, venne comunicata tem-

pestivamente a tutti i Comuni ed Uffici interessati.

Dalle ispezioni eseguite e dai primi rapporti quindicinali pervenuti dai Sindaci, è risultato che le operazioni per la formazione delle liste elettorali procedono regolarmente. Gli uffici comunali, premessa la revisione dell'anagrafe in conformità delle disposizioni impartite da questa Prefettura, hanno infatti provveduto a suo tempo alla pubblicazione del Manifesto di cui all'art. 6 del D.M. 24/10/1944. Si è pure constatato che detti uffici hanno quasi ultimato gli elenchi previsti dall'articolo 3 del Decreto Ministeriale 24 Ottobre sopracitato e sono altresì in corso i lavori di compilazione degli estratti degli elenchi per l'ulteriore invio ai casellari dei singoli Tribunali. E' da prevedersi che questa prima fase dei lavori verrà certamente ultimata entro i termini prefissi.

Sono pure in corso gli accertamenti per la rilevazione dello stato di consistenza e di conservazione del materiale elettorale (urne e bolli) per i quali si fa riserva di riferire al Ministero dell'Interno, come da istruzioni impartite dal medesimo con la circolare 26 Gennaio 1945 N° I6I3-I5600-3/36I03.AG, appena saranno pervenute le risposte da tutti i Comuni della Provincia.

E' pure in corso la costituzione delle Commissioni elettorali presso ciascun Comune Capoluogo di mandamento giudiziario a sensi dell'art. II del D.M. 24 Ottobre 1944 e delle sotto Commissioni di cui all'art. 4 del Decreto Legislativo Luogotenenziale 12 Aprile 1945.

REPORT NO. 177

AC/27/15/13

SUBJECT: Report of survey of Prefectural situation in Crenna Province,
21-22 July 1945.

Persons interviewed:

Major Lund, Provincial Commissioner
AVV. FROSSI, President of the CLN

TO : Director, Local Government Sub Commission

FROM : Major Ralph A. Temple, Deputy Director, Local Government S/C

1. At the specific request of Captain Neufeld, Executive Officer, Lombardia Region, I visited Crenna to discuss the Prefectural situation with Major Lund, the Provincial Commissioner. The EC stated that the present Prefect of Crenna--AVV. FROSSI--was not satisfactory. He could not be relied upon to carry out any directives or any instructions no matter how carefully or how many times they were given to him. He delayed in the organization of Communal and Provincial government and has just recently appointed the Deputazioni Provinciali. He is a source of constant irritation to the EC, who never feels sure that anything will be done. The EC had come to the decision that he would have to be replaced, and in fact the President of the CLN ^(AVV. FROSSI) was in agreement with him.

2. I suggested that if it were possible, I should like to speak with AVV. FROSSI. FROSSI came in later that evening and I talked with him. He agreed that the present Prefect was useless and that a career Prefect was needed. I asked FROSSI whether the CLN could not find another local man. He replied that they had considered several other persons, but none was capable. Any other choice would be an experiment. He thought that a career man was necessary but stated that he would have to call the Committee together to have them come to general agreement. The EC and I pointed out that we were prepared to send a career Prefect down, but we wanted the CLN's support, unless they could submit the name of another local person.

3. I remained at Crenna that night while waiting for a decision of the Committee, but none was forthcoming. Next morning, the representative of the Committee came to the EC's mess where I was staying and produced a letter addressed to the EC, asking for two days postponement of his decision to change the Prefect. It was necessary, the letter explained, for each representative on the CLN to consult with his respective party.

4. The EC asked me to emphasize the fact that he wanted a decision by Tuesday at 6 P.M.--that he either wanted the name of another local candidate or a green light to put in a career Prefect. The EC further emphasized that the Committee was not to deliberate on whether or not the present Prefect was to be retained, because the EC had already decided that he did not have the capacity for the work and that he was to be replaced. The representative said he would convey these remarks to the Committee.

5. Major Lund informed me before my departure that he would call Captain Neufeld.

1. At the specific request of Captain Neufeld, Executive Officer, Lombardis Region, I visited Cremona to discuss the Prefectural situation with Major Lund, the Provincial Commissioner. The PC stated that the present Prefect of Cremona--~~ASALDO~~ was not satisfactory. He could not be relied upon to carry out any directives or any instructions. He delayed in the organization of Council and Provincial government and has just recently appointed the ~~Reputations~~ Provinciale. He is a source of constant irritation to the PC, who never feels sure that anything will be done. The PC had come to the decision that he would have to be replaced, and in fact the President of the ~~CIN~~ was in agreement with him.

2. I suggested that if it were possible, I should like to speak with ~~Avv. Rossi~~. ~~ROSSI~~ came in later that evening and I talked with him. He agreed that the present Prefect was useless and that a career Prefect was needed. I asked ~~ROSSI~~ whether the CIN could not find another local man. He replied that they had considered several other persons, but none was capable. Any other choice would be an experiment. He thought that a career man was necessary but stated that he would have to call the Committee together to have them come to general agreement. The representative said he would convey those remarks to the Committee.

5. Major Lund informed me before my departure that he would call ~~Call 242~~ Neufeld as soon as the Committee came to a decision and have the latter call me. In the meantime, he asked me to ascertain if the Prefect of Perugia--~~Avv. PEANO~~--was available. If so, he should like to get him if we were instructed to procure a career Prefect. ~~PEANO~~ had worked with Major Lund when the latter was PC of Perugia. ~~NOTE~~: This morning (24 July 1945) I received a telephone call from the Secretary of Captain Neufeld who informed me that last night Major Lund had telephoned Milano and left word that I was to be informed that there was a green light on the procuring of a career Prefect. I thereupon instructed Capt. Lewis to set the wheels in motion to secure a career Prefect, preferably ~~PEANO~~ if he was available.

EXTRACT FROM LIGURDIA REGION REPORT
FOR JUNE 1945

CREMONA: Agriculture: Major developments related to Regional Order No. 10. Opinion still strong locally that problem of meat and milk prices should be re-examined. Hard to convince public that milk price should be more than doubled in this producing Province. The Prefect and his price control committee got out of line, following public demonstrations, and published notice suspending Order No. 10 temporarily. Since this was an action in contempt of Military Government, they were called upon for a retraction and public apology with result as shown in attached clipping. Transportation: Truck Pool functioning satisfactorily. Registration of vehicles well in hand under RACI.
