APPENDIX "D"

Report on Local Government Organization of Corisia Area, 30 July 1945.

Persons interviewed:

Lt. Col. Smith (B) Area Commissioner, Corisia
 Col. Robertson (B) Deputy GAO III Corps AG
 Major Gold (A) Legal Officer, Corisia Area

1. The Yugoslav Liberation Committee set up a Council of 14, consisting of 7 Yugoslavs and 7 Italians, plus a Yugoslav President, to control the Area. The Area is populated with a majority of Slovaks.
2. Most of the former refectory officials are functioning.
3. With the formation of the Council, the Yugoslav Liberation Committee went out of existence more or less.
4. Commissioners were set up to take over the functions of the Prefecture, except for Finance; for example, there is a Coordinator of Justice, etc. The whole idea apparently was to abolish the Italian system, but lack of time prevented the Yugoslavs from doing this.
5. There were 9 districts varying in size and formed by combinations of Communes and Provinces. Members of the District Committees head the functional departments of the government and meet collectively to deliberate. Each Committee has a President and who presumably has been elected by delegates from the Communes. The western part of the Corisia Area is Italian, while the rest is mostly Slovaks.
6. The relationship between the Area and the District Committees is not clear, Lt. Col. Smith stated.
7. In the Italian Area, the Communal system prevails. In some cases, the districts are identical in geographic area to the Communes. Where a Commune exists, it does not function within the District. In other words, the District system is aimed to abolish Communal lines. The District Committee functions and is subject to the control of the Area President.
8. An Italian CIL exists, consisting of the clergy, Socialist, Liberal-Democrat and Labor-Resistant Parties. Communists are not part of the CIL, but have allied themselves with the Yugoslav Liberation Committee. Where the identity of Communes has been preserved, there are Communal secretaries in operation. Where they have been supplanted, District secretaries function. Lt. Col. Smith indicated that he wished to preserve as much of the District system as possible, at the same time injecting the Italian system of Government. He had had his Legal Officer prepare a plan, which he submitted to Col. Robertson. This plan had been studied by one or two of it as second administrative sound was retained in another scheme prepared by me after conference with Col. Robertson. My plan was discussed with Lt. Col. Smith and Major Gold, who approved it with one or two minor suggestions for possible changes.

Members of the District Committees head the functional departments of the government and meet collectively to deliberate. Each Committee has a President and also presumably has been elected by delegates from the Communes. The western part of the Gorizia area is Italian, while the rest is mostly Slovene.

Smith indicated that he wished to preserve as much of the District system as possible, at the same time injecting the Italian system of government. He had had his Legal Officer prepare a plan, which he submitted to Col. Robertson. This plan had been studied by me and on March 11 it was approved. It was then soundly retained in another scheme prepared by me ~~and~~ after conference with Col. Robertson. My plan was discussed with Lt. Col.
