PUBLIC SAFETY.

25. A number of minor demonstrations in isolated communes have been dealt with satisfactorily. One major incident occurred on 25th December at Montefalcone (Prov. Campobasso). This commune had been isolated by reasons of the bridges on the approach roads having been blown by the enemy and access was only possible on foot or mule back over a distance of 8-10 miles. The riot was apparently due to a weak and inefficient Podesta over the payment of Sussidi Militari, and during a clash between the people and the C.C.R.R., the latter fired on the crowd wounding eight. Another section of the rioters about 1,000 in all broke into the Municipio, smashed the furniture and burned the communal records.
