Confidential. 13

To Major Ramsey.

1. The population of Messina is compelled to support still the Professor Salvatore Pugliatti as Chief of different offices.

We beg to inform you as follows: -

a.) He was a member of the Provincial Council of discipline who has punished all who have not been Fascists.  
b.) He has established and directed the Municipal Fascist School until the debarcation of the Allied troops for which work he was paid very well and he was a propagator of the Fascist and Corporative theorems. This is proved by books and documents in the library of the University of Messina.

c.) He has written many apologetic books for the Fascism and for the Corporations, which are in the library of the University.

d.) He has made many conferences with young people on behalf of the Fascism for supplying the will of war at home.

There is <sup>written</sup> in the "Gazzetta di Messina" of Oct. 24<sup>th</sup>. 1940, No. 254

"The Professor Pugliatti has spoken of the Fascism, his orders and functions."

The same Newspaper on Feb. 7<sup>th</sup>. 1941 No. 33 "We are creating a new race".

" " on Feb. 22<sup>nd</sup>. 1941 No. 46, Courses of Prof. Pugliatti

about the imperial doctrine of the Fascism in the House of the

Fascist Party.

The same Newspaper on April 16<sup>th</sup>. 1941 No. 91. "The foreign politics of the Fascism."

The same Newspaper on June 8<sup>th</sup>. 1941 No. 132 "Another conference on behalf of the Fascism. (about the Fascism).

2. He was a Member of the Institute of Fascist Culture which has been the greatest institution of Fascist propaganda and which is

library of the University of Messina.

2. He was a Member of the Institute of Fascist Culture which has been the greatest institution of Fascist propaganda and which is now dissolved by the Allied Authorities because it is not desiderated and dangerous.

Another apologetic conference of Pugliatti on behalf of the Fascism was published in the "Gazzetta di Messina" on April 22<sup>nd</sup> 1941

No. 96 "Pugliatti has spoken to the workers of the Brewery of Messina".

The same Newspaper on Nov. 19<sup>th</sup>. 1941 No. 276 "Pugliatti has spoken of Great Britain in the Institute of Fascist Culture". The most im-

portant sentences he has pronounced as follows: -

"The event which we celebrate to-day is for us not only the remembrance of an important and unjust impudence organized by Great Britain"

"But Great Britain who was always diligent in fermenting all his cupidities, supposes to finish the war in Abyssinia."

The whole of Europe fascinated of the tyrannical island (Great Britain) who has been the enemy of Italy since many centuries."

but  
Great Britain does not fight, let fight the other people for him.  
The most detestable island is providing for all means that Italy  
will not have his empire.

These are only some examples because the Newspaper "La Gazzetta"  
has spoken very often of him as a person of propaganda.

All sheets of the "Gazzetta di Messina" are to be found  
the library of the University, at the reading-room, at the Municipal-  
lity, at the Office of the Prefect, at the Office of the President  
of Police or at the administrative offices of Justice.

Al Maggiore Ramsey,

I. Il popolo di Messina deve ancora comportare il Prof.

(a) Egli era membro del consiglio federale di discipline, che univa tutti i non fascisti.

(c) Egli scrisse molti libri apologetici per il fascismo e le corporazioni, questi sono nella biblioteca universitaria.

(d) Egli fece molte conferenze ai giovani circa il fascismo, e la guerra-leggere la "Gazzetta di Messina" in quanto segue:-

24 Ottobre 1940, No 254, "Il professor Pugliatti parla intorno al fascismo, sui ordini e funzioni".

7 Febbraio 1941, No 23, "Nel creano una nuova gerarchia", conferenza.

16 Aprile 1941, No 91, "La politica estera del fascismo".

8 Giugno 1941 No 132 "Altra conferenza intorno al fascismo".

2. Egli era socio dell'Istituto di Cultura Fascista, che era il più grande istituto di propaganda fascista ed ora disciolto dall'autorità Alleata perché poco desiderabile e pericoloso.

Altra conferenza apologetica del Pugliatti a favore del fascismo pubblicata dalla "Gazzetta di Messina", 22 Aprile 1941 No 36 "Pugliatti, parla agli operai della 'Birra Messina', 19 Novembre, 1941, No 78". Pugliatti parla sull'Inghilterra nell'istituto di cultura fascista; i seguenti sono dei pesanti periodi.

"L'evento che noi commemoriamo oggi e per noi non solo il ricordo di una pesante ed indurita insolenza organizzata dalla perfida Albione, (Inghilterra)

... Ma l'Inghilterra non fu sempre diligente nel combattere tutte le sue cupidie, supposta di troncare la guerra in Abissinia.

... L'intera Europa incantata della tiranica Isola (Inghilterra) si da molti secoli fu nemica del Italia.

... L'Inghilterra on combatte, lascia gli altri a combattere.

... La più esecrabile isola si perse cura affinché l'Italia

non avesse il suo impero.

Questi sono solamente alcuni esempi perché il giornale la "Gazzetta" parlava molto spesso di lui come uomo di propaganda.

Voi potete trovare tutte le carte della "Gazzetta di Messina" alla biblioteca universitaria al Gabinetto di Lettura, al Municipio, alla Provincia, alla Questura, alla Prefettura, o alla Procura della legge.
