I agree with W. Col. Spier's remarks. I think the letter as drafted by him should be sent. aty. W.C.P.S. 27 April 44.

The same addressing is being taken up with PCMA but if any letters are received wrongly addressed in future it is considered that the best course is to pass them to the proper quarters by hand for registration and then let them deal with the matter (~~in~~) in their file. As it is Safety, we have no record on this file, while ~~Intension~~ has a file it does not want.

SUBJECT: Transfer of Dott. Mario Solimena, Vice Commissario of P.S., Naples.

TO / : Admin Section - For Interior Sub-Commission.

1.. The Minister of Interior, in his letter 70345/333/A dated 4 April 1944, copy attached, requests the transfer of the above-named official. Regional Commissioner Region III expresses his desire to retain Dott. Mario Solimena as he is a good officer.

2. If, however, it is essential that he be transferred it is very desirable owing to shortage of functionaries at the Questura, that a suitable substitute be found. Owing to the importance of the duties in the City and Province the replacement should, if possible, be a young energetic and efficient official.

3. Would you please investigate to see whether Region III wishes could be met and take up the matter with the Italian Government.
