This is one of the usual letters that I receive.

I have told this man, Dr. Manzi Kroole, to call here at 11 o'clock. You will see the paragraph marked has been translated on the inside. I do not understand what Prefettura he is now attached to and I am quite prepared to tell him that he must apply himself direct to the Italian Government unless we happen to know that they are a 12 Secretario short at Salerno and it might be courteous to find this out from Casera. Could you do so and let me have a short note. I will do so myself if I am back from the Aerodrome.

1. I refer to previous correspondence and particularly your letter of the 14th June no. 3/30190 di prot. (Dir. Gen. AA, CC, del Personale).
2. I enclose letter from Dott. MANZI and other documents sent to me through the AMS authorities of Avellino.
3. Dott. MANZI's request for leave of absence is of course a matter for your Ministry. If, however, the documents are intended to include an appeal against your decision to transfer this official I would point out that this case was very thoroughly enquired into and that the Regional Commissioner, the Provincial Commissioner, and the Prefect were all unanimous in recommending his transfer.
4. In the result therefore and having regard to these circumstances my letter to you of the 20th May still stands and unless any further evidence affecting the position has emerged in the meantime, I would suggest that any appeal against your decision should be firmly rejected.

PREFECTURE OF AVELLINO

FILE NO. 3190/2

AVELLINO, 30 JUNE 1944

SUBJECT: Transfer of 1st Secretary Dr. Manzi Ercole.

REPLY to letter 3/30190.5 of 19th June 1944.

TO: Ministry of the Interior
AA.GG. & Personnel Office
Salerno

In accordance with the agreements reached with the Provincial Commissioner of the Allied Military Government, who has authorized me to send the enclosed request of Dr. Manzi for the rescinding of ~~the~~ *his* transfer to Enna, I dutifully submit my opinion on the causes that brought about the measure:

From the report dated 26 April 1944 made by my predecessor and addressed to this Provincial Commissioner of the Allied Military Government we infer two charges against said official, namely: frequent absence from office ~~plus~~ *and* inefficiency, ~~lack~~ *plus* of impartiality, calmness and discretion

In accordance with the agreements reached with the Provincial Commissioner of the Allied Military Government, who has authorized me to send the enclosed request of Dr. Manzi for the rescinding of ~~the~~ ^{his} transfer to Enna, I dutifully submit my opinion on the causes that brought about the measure:

From the report dated 26 April 1944 made by my predecessor and addressed to this Provincial Commissioner of the Allied Military Government we infer two charges ^{plus} against said official, namely: frequent absence from office ~~and~~ ^{and} inefficiency, ~~lack~~ ^{and} lack of impartiality, calmness and discretion in the treatment of office matters.

The first charge to me seems excusable by the singular discomfort in which the official found himself: without a home and faced with the impossibility of finding one in Avellino, (a situation in which the ~~the~~ ^{the} officials of this Prefecture found themselves) ~~xxxxxx~~ without household articles, economic means, and a family of six to support. This was indeed a discouraging, depressing and sorrowful situation. A house was requisitioned for him, but more than 15 kilometers from Avellino; only by chance could he find transport to go to the office, and he does not find it often.

In regard to the second charge, I have not found among the papers neither a recourse nor any note on any specific fact; hence on this point I cannot, nor must I add, anything further: the results of this examination are in conformity with my principles and precepts as magistrate.

113

- 2 -

Manzi defends himself also from charges made against him by the owner of the requisitioned house, and the arguments he offers are fully confirmed by the documents to which he refers, and copies of which he has enclosed: these are in complete ^{agreement} with the papers that I have examined.

In the report of my predecessor, in fact, no reference is made to Caterina's recourses because they are unfounded.

In conclusion I offer my judgement: it is a matter of an unfortunate, rather than guilty official; one who has been hit by the events of these tragic times. To transfer him to Enna would be disastrous. ~~Manzi~~ Manzi has ability and is of a healthy physical constitution. Once his spiritual state, his family and economic conditions are improved, he could offer much more than he has hitherto.

If his transfer ~~xxxx~~ ^{is} ~~xxxx~~ rescinded I shall personally look over him, and try to help him, by requisitioning the first available house in Avellino as soon as the troops and evacuees leave the city, which appears probable.

In any case he could be transferred to a nearer center, and one that would not be so disastrous.

I am enclosing Manzi's request for a leave of absence.

OGGETTO Primo segretario dott. Ercole Lanzi.

Allegati

Al Commissario Provinciale
del Governo Militare Alleato
A-V-E-L-I-I-N-O

Devo segnalare al Governo Militare Alleato il comportamento del primo segretario dott. Ercole Lanzi, che presta servizio presso questa Prefettura dal 9 Giugno 1941.

Il dott. Lanzi, che pure è fornito di buone doti intellettuali, nell'esecuzione delle sue funzioni non ha dato prova di buona volontà, di serietà e di attaccamento al dovere, ed ha saputo adeguarsi alle esigenze e grave esigenza del momento, che richiedono nel personale dipendente spirito di sacrificio, e prestazioni di lavoro oltre il normale.

Frequenti assenze, inosservanza dell'orario dell'ufficio, lavoro sfacciatamente insufficiente ed assoluta mancanza di comprensione delle necessità dell'ora con i ritardi che deve fare nei riguardi del dott. Lanzi, al quale non ho momento di rivolgere continui esortamenti ed aspri e severi richiami. Tutto è rimasto vano.

Il dott. Lanzi, per quanto più volte invitato a farlo, non ha ancora preso stabile residenza in questo capoluogo, adducendo difficoltà nella ricerca di un alloggio, difficoltà che, in oltre sei mesi, avrebbe potuto superare se non gli fosse mancata la buona volontà di farlo.

Egli risiede tuttora nel suo paese nativo (Quindici) che dista da Avellino 37 chilometri; e, data la difficoltà attuale di mezzi di trasporti, stesso egli è costretto ad assentarsi, con grave pregiudizio dei servizi che sono a lui affidati.

Oltre a ciò, ho dovuto anche constatare che il dott. Lanzi non sempre si è comportato imparziale, sereno e riservato nella trattazione degli affari d'ufficio, e ho motivo di ritenere che prenda eccessivo interessamento a favore di suoi parenti, amici e protetti che vantano di avere appoggi in Prefettura.

Il dott. Lanzi, più volte da me avvertito - e invano - che, seguendo in tale comportamento, avrebbe potuto andare incontro a gravi dispiaceri, meriterebbe di essere trattato con esemplare rigore.

Ma, in considerazione del danno economico che ne verrebbe anche ai suoi familiari (egli ha moglie e due figli), propongo che egli sia allontanato da questa sede.

Prego perciò, eccelso Comando di compiacersi segnalare il caso al

SUBJECT: First Secretary Doctor Arcadio Manzi

TO : Provincial Commissioner of the Allied Military Government, Avellino

Incls.

I must call to the attention of the Allied Military Government the behaviour of the First Secretary, Doctor Arcadio Manzi, who has been on duty with this Prefettura from 9 June 1943 on.

Doctor Manzi, who has good intellectual gifts, has not given proof of good will, industriousness and a sense of duty in the exercise of his functions, nor has been able to adjust himself to the supreme and grave needs of the moment which require from the employee personnel, a spirit of sacrifice, and work beyond the ordinary.

Frequent absences, non-observance of the office schedule, slow work, little achievement and absolute lack of comprehension of the needs of the hour, are the points which I must stress in regard to Doctor Manzi, to whom I have addressed continuous reprimands and harsh and severe admonitions. All has been in vain.

Doctor Manzi, although asked many times to do so, has not yet taken up steady residence in this provincial capital, citing the difficulty of finding quarters, a difficulty which he could have overcome in more than six months if he had not lacked the good will of doing so.

He still lives in his native village (Quindici) which is 27 kilometers from Avellino, and in view of the present lack of means of transportation, he is frequently compelled to be absent, with grave damage to the work entrusted to him.

In addition to this, I have also had to note that Doctor Manzi has not shown himself always impartial, serene and reserved in the handling of office affairs and I have reason to believe that he has excessive partiality for his parents, friends and proteges, who claim to have support in the Prefettura.

Doctor Manzi, many times warned by me - and in vain - that, if continuing in such behaviour, he might face grave displeasure, deserves to be treated with exemplary severity.

However, in consideration of the harm which would befall his family (he has a wife and two children), I suggest that he be transferred from this office.

I, therefore, ask your Command to kindly bring this case to the attention of the Ministry of the Interior, with particular recommendation that this transfer be effected at the earliest possible moment.

1. I forward attached, copies of correspondence from the Provincial Commissioner and the Prefect of Avellino regarding the above mentioned Italian Official.

2. The case of Dr. Manzi was taken up by the Prefect on representations made by the Provincial Commissioner of Avellino. Dr. Manzi's conduct both in and out of office was in my view thoroughly unsatisfactory and I have no hesitation in supporting the request for his transfer from the Avellino Prefettura.

3. Dr. Manzi previously served in both Benevento and Lucce and, so far as I can gather, his conduct has never been particularly satisfactory. I do not consider his presence in the Avellino Province desirable, and I would request that steps may be taken for his immediate transfer elsewhere out of Region 3.
