Claudio Visco di Francesco e di Eleonora La Monica -Dottore in legge, nato in Napoli il 10 gennaio 1903, ed ivi dom.to alla via dei Mille n. 16, attualmente residente in Afragola.

Ha collaborato sempre nello studio del padre, Ch. avv. Francesco Visco, che svolge la sua attività professionale nel campo amministrativo e tributario, e che è stato per oltre venti anni nella vita pubblica napoletana quale consigliere provinciale; Presidente della deputazione provinciale, e poscia deputato al Parlamento per la 26<sup>a</sup> legislatura (1911-24).

Da tale collaborazione ha tratti insegnamenti ed esperienze che gli sono stati giovevoli allorchè nominato Commissario Prefettizio per la città di Afragola in data 6 gennaio 1944, e quindi sindaco della stessa città, per espressa volontà delle Autorità Americane, ha svolto ininterrottamente la sua quotidiana attività nell'interesse di quella cittadinanza e dei numerosi profughi che vi sono affluiti.

Non mai iscritto al partito fascista e nè ai sindacati,

amministrativo e tributario, e che è stato per oltre venti anni nella vita pubblica napoletana quale consigliere provinciale: Presidente della deputazione Provinciale, e poco dopo deputato al Parlamento per la 26<sup>a</sup> legislatura (1911-24).

Da tale collaborazione ha tratti insegnamenti ed esperienze che gli sono stati giovevoli allorché nominato Commissario Prefettizio per la città di Afragola in data 6 gennaio 1944, e quindi sindaco della stessa città, per espressa volontà delle autorità Americane, ha svolto ininterrottamente la sua quotidiana attività nell'interesse di quella cittadinanza e dei numerosi profughi che vi sono affluiti.

Non mai iscritto al partito fascista e né ai sindacati, per sentimenti notoriamente antifascisti, sia personali, che della intera famiglia.

Tutte le ulteriori informazioni potranno essere date dal Colonnello **Kirkaid**, dal Capitano Lammus, dal Tenente D'Erasmo che ripetutamente hanno espresso il loro vivo compiacimento per l'opera svolta dal Visco, malgrado le gravi difficoltà nelle quali ha trovato la città di Afragola per inveterate costumanze locali egeree del regime fascista.

Il Visco, sarebbe lieto, se potesse ulteriormente prestare la sua opera in altre città - ore liberate - portandovi l'eddestra.

mento che ormai gli è noto delle direttive e delle finalità del programma e dell'azione del Governo degli Alleati.

MEMORANDUM

Claudio VISCO, son of Francesco Visco and Eleonora La Monaca, Dr. in Law, born in Naples on 10th January 1903, and domiciled in Via Dei Mille No 16 of the same City, now residing at Afragola.

He has always worked in the Office of his father, Francesco Visco, lawyer, who leads his professional activities in the Administrative and Tributary Fields and who has figured for over twenty years in the neapolitan public life as Provincial Councillor and President of the Provincial Deputation, and later Deputy to Parliament for the 26th legislature (1921-24).

The knowledge and the experience he acquired in his father's Office, were of service to him when appointed Commissario "refettizio" for the City of Afragola on 6th January 1944, and later Sindaco of the same City, ~~by the express will of the American Authorities.~~

He has given his services every day unceasingly in the interests of the citizens and the numerous refugees who have taken cover there.

He has never been enrolled in either the Fascist party or in Sindacatos, because of his and all his family's well-known anti-Fascist feelings.

All further information can be supplied by Colonel Kirkald, Capt. R. Lorus and Lieut. D'Erasmo who have repeatedly expressed their admiration for the services carried out by Visco, on spite of the serious difficulties in which he had found the City of Afragola as a result of the illicit local customs so much practised during the Fascist Regime.

Visco would gladly lend his services still further in other Cities recently liberated, bringing his skill and understanding he has now acquired of the directions and aims of the Allied Government in regards to its program and its actions.
