Jan. 6	lt. Ardians Ref. #60A - please my Micali - ask what is the merit of this. Is it a disciplinary measure? if so, how does it work? and have they any info. whether Barelli has actually arrived Perugia? 60A. 17.
Jan. 4	<u>Capt. Williams</u> Micali told me that with his letter he only wanted to know whether Barelli had reported duly to Perugia (the same applies for MEMMO who was with BARELLI), as he cannot contact directly the Prefect. No disciplinary matter is therefore involved, at least so far. 60A 228 <u>Dec</u>

4. Will you please have him transferred to Perugia as soon as possible.
5. Please let me know how many Consiglieri and Segretari are in service at present at Terni and if a replacement for Faldetta is essential. The Ministry of Interior have stated that the number of these officials necessary to a Prefecture such as Terni is 2 Consiglieri and 4 Segretari.

1. To fill the vacant post of VPI Perugia, the Minister of the Interior has recommended GIANZI, Commendatore Agostino. I enclose copies of the biographical particulars supplied by the Ministry.

2. I also enclose for your information copies of a letter 22/2/45 RO Ravenna to 8th Army dated 18th February relating to Commendatore GIANZI.

3. This HQ would not normally view with favour the appointment to an office in an AMG Province of an official who has been suspended from duty in some other AMG Province as in the case with Comm. GIANZI. In this case however, as you will observe, nothing is alleged against the official; on the contrary both the GIN, the RO and PBS have passed him. In these circumstances I see no objection in making use of him in PERUGIA; I have accordingly accepted the Italian Government's nomination of him for that Province.

4. Although Comm. GIANZI is of the rank of Vice Prefect Vicario (Grade 5) the Ministry of the Interior advise me that this does not prevent him being sent to PERUGIA to discharge the functions of Vice Prefect Inspector (Grade 6); they have stated there will be no objection to this course.

5. I have requested AMG 8th Army to notify GIANZI of his new appointment and to try to arrange to transport him from RAVENNA to PERUGIA direct. If anything further should be necessary on the question of transport, perhaps you or the RO will make contact direct with AMG 8th Army.

2. The Allied Military authorities at Ravenna inform me that they do not need a substitute for Dott. GIAZZI as the vicarious functions have been confided to Avv. Oggetto Segretari comunali e provinciali di Perugia

In risposta alla lettera sopradistinta si comunica che la precaria situazione rappresentata dal Prefetto di Perugia nei riguardi delle Segreterie Comunali di quella provincia si riscontra in quasi tutte le provincie dipendenti, a causa della notevole deficienza di Segretari Comunali, cui affidare in modo permanente le Segreterie sprovviste di titolari.

La deficienza è dovuta soprattutto al gran numero dei segretari sopresi dal servizio per ragioni politiche.

Pur non avendo la possibilità attuale di corrispondere alla richiesta del Prefetto di Perugia, questo Ministero non mancherà in avvenire, man mano che ne avrà la disponibilità, di destinare i Segretari di ruolo nei comuni di quella Provincia mancanti di titolari.

1 With reference to your letter 23/1/45/Lt. It has been ascertained
2 that Dr. FALDUTTA enjoys a good political and moral reputation.
3 He has been screened by the F.S.I.

The Questore of Terni has made the following comment.
"Dott. FALDUTTA occupies the post of Consigliere at the A. Prefettura
of Terni until the end of Oct 44, when he left on a month's leave for
SANICATTI (Sicily) his home town but did not return owing to illness.

It is believed that he is trying to obtain his transfer to Bari due
to his poor health condition.

His absence from Terni has placed the A. Prefettura in a difficult
situation as another official, the Vice Prefetto Isabetto, SANTI TERNI,
has been taken ill, and it is assumed that his post will be left vacant
for quite a period of time.

Therefore the transfer of Dott. FALDUTTA to Perugia should be
conditioned to the immediate nomination of new official for Terni.
The matter has been referred to the Provincial Commissioner and Terni
Province, by the Prefect."

AC/14/1/16/10

SUBJECT: Note of interview - Capt. E. V. Falk, Provincial Legal Officer,
Perugia Province.

DATE : 24 February - 1500 hours.

1. He went over the whole position about officials for Perugia, as appearing from memorandum at fo. 95 on the file and subsequent correspondence.
2. As to VICARELLI, Capt. Falk is awaiting the report from his PPSO on the security angle. He said the Prefect had pointed out that VICARELLI, having served in the colonial administration, would not be of so much value as somebody who had passed his life in that of the interior. I told him that the Ministry were now advising us that an "emergency war establishment" for all provinces except those of the highest importance was two Consiglieri and four Segretari. That is as much as can be spared. Therefore, if VICARELLI was taken on, he and the present Consigliere BARONE would be enough and we could not send down any more. This, even though VICARELLI's experience is primarily colonial.
3. Similarly, as there were already five secretaries in Perugia, we could not afford to send another. These five were already one over the "emergency war establishment" of four, and this ought to be regarded as making up for VICARELLI's colonial training.
4. I said that if VICARELLI was secure and reasonably efficient, we would very much prefer the Prefect to keep him and thus use the man on the spot, instead of us having to drag men up from Sicily and the South. Capt. Falk said he quite saw the point of all this and would talk to the Prefect in that sense. He said it was partly the Prefect's own fault if he was short. Because he had a secretary, DI CRISTINA, who acted as Capo Gabinetto and who had begged and prayed to be allowed to go on leave to his family in Sicily. The Prefect, in turn, passed this on to the IG, Col. Balzer, who, against Capt. Falk's strong advice, agreed to it and, of course, the man has never been seen since, and has since got himself a transfer to the province where his family is.
5. Capt. Falk also mentioned about GARRIEL, see folios 100 and 103. This man is in Perugia, as head of the UNPA, i.e. provincial Air Raid Protection organisation, and is doing very useful work on bomb disposal. He did take the oath to the Republican Government as did every official in the Prefecture, but beyond this there was nothing that could be called "collaboration".
6. I asked Capt. Falk to put this into writing to us and also whether he thought the man reasonably secure. When we had his reply, we should have to pass it over to Public Safety, seeing that GARRIEL was in an ARP job.

1. Reference your AC/4/1/46/LG dated 29.1.45.
2. We enclose extract of a letter received from P.C. Perugia.

"The solution in your D/o letter is the one desired here, i, e, to have a 2nd Vice Prefect sent up. → VPI BARONI who is of the 7th grade is a competent official, but too old and lacking the drive necessary for a Vice Prefetto Ispettore.

Gen. FACCHETTI and Marquis DI SORBELLO have resigned and taken up other positions in the Province. We shall therefore, have 2 Vice Prefects, Jannoni and the one to be sent up.

The position therefore now is that there will soon be 2 Consiglieri, BARONI and FALDETTA (if he is passed by you as suitable on political grounds) and we are still short of a 3rd Consigliere, and we are also short of one Segretario".

1. I wrote to you yesterday under reference AG/4/27/LG about the security clearance of two officials in Sicily, who if satisfactory will be wanted for North Italy later on—Dr. MUCUSO of Caltanissetta and Dr. DE FELICE of Siracusa or Syracusa.

2. A similar case has arisen today. An official stated by the Ministry of the Interior to be at present employed at Ragusa—RUSSO, Dr. Stefano—has been nominated by them to go to Ravenna as Vice Prefect Inspector. A proper clearance in this case is, of course, particularly important, Ravenna being the most forward province we have and under 8 Army control.

3. Would you be good enough to consider, therefore, whether the suggestion made in my letter of yesterday's date referred to above could not be applied in this case also.

1. The Ministry of the Interior have proposed to me that the above-named, who they state is at present Vice Prefect Inspector at Ravenna, should be transferred to Perugia in the same capacity, and that another official should be sent to Ravenna to replace him. I should not normally welcome a proposal to transfer an official from a province under Army control, but there are special circumstances in this case. It is particularly important to have a good Vice Prefect at Perugia.

2. I should like to know, therefore, if you have any particular strong objections to the proposal. Comm. GIANZI would not, of course, be removed from Ravenna until his substitute has actually arrived there, and the latter will be screened and reviewed here first.

SUBJECT: Staffing of Perugia Prefecture.

TO : Director, Local Government S/C

FROM : Major G. G. R. Williams

W. F. 134

1. As ordered in minute 24, this report sets out the position as regards the staff of Perugia Prefecture as at 7 February.

2. The Prefect is a non-career man--PEANO. We have agreed to the proposal of the Italian Government to grant him the rank of Prefect--see folio 51.

3. AMG originally appointed two non-career Vice Prefects--SORRELLLO and PAOLETTI. As appears from Major Temple's report at 23B, these two were doing anything but Vice Prefects' work, and the Prefect wanted a career VPV. JANNONI was sent down accordingly on 12 December--see folio 50.

4. Perugia is also calling for two Consiglieri and 1 Segretario--see folio 64.

5. The new Provincial Commissioner, Major Ramsey, would like to get rid of his two non-career Vice Prefects--see folio 71. Lt. Col. Bonham-Carter discussed this with Major Temple and myself on 25 January--see folios 75 and 75A. In fact, SORRELLLO has returned to his private practice and another post beer found for PAOLETTI--Lt. Col. Bonham-Carter told me when I saw him in his office on 5 February. What they now need is a career VPI.

6. Demands are, therefore, as follows:

1 VPI
2 Consiglieri
1 Segretario

There are actually in service at the Prefecture:--

1 VPV
1 Consiglieri
3 16 Segretari
2 Vice-Segretari

In these circumstances, I think Perugia are asking too much. I told Lt. Col. Bonham-Carter so on 5 February, and that I would discuss this point with the Ministry. I have seen UCALI on it this morning.

5. The new Provincial Commissioner, Lt Col ~~Carth~~, would like to get rid of his two non-career Vice Prefects--see folio 71. Lt. Col. Bonham-Carter discussed this with Major Temple and myself on 25 January--see folios 75 and 75A. In fact, SOMERFIELD has returned to his private practice and another post been found for PAOLETTI--Lt. Col. Bonham-Carter told me when I saw him in his office on 5 February. What they now need is a career VPI.

6. Demands are, therefore, as follows:

1 VPI
2 Consigliere
1 Segretario

There are actually in service at the Prefecture:--

1 VPI
1 Consigliere
3 16 Segretari
2 Vice-Segretari

In these circumstances, I think Perugia are asking too much. I told Lt. Col. Bonham-Carter so on 5 February, and that I would discuss this point with the Ministry. I have seen MICALLI on it this morning.

7. In the meantime, the Ministry have made the following proposals to fill the vacancies:--

VPI: Transfer GLAZZI from Ravenna and send up RUSSO from ~~Ravenna~~ in Sicily to take his place--see folios 75 and 87. Copies of these on our ~~Ravenna~~ 87 file where I have dealt with the matter by (a) asking SOLO 8 Army for his advice about GLAZZI going to Perugia, and (b) asking RC Sicilia if he can give us any sort of report on RUSSO. You signed the letters today.

2 Consigliere: The Ministry have proposed (i) BALDELLA, who is on leave at Canicattì in Agrigento province--see folios 65, 69, 70, 74 and 80-- and (ii) FIAZZI, now at Brindisi--see folio 94.

8. In the meantime also, R3 Lazio-Umbria sent us up for transmission to the Ministry a letter from the Prefect of Perugia saying that one VICARELLI, a Consigliere of colonial service, had been discovered and the Prefect would like to take him in--see folios 84 and 84A. I have discussed this with Lt. Col. Bonham-Carter and pointed out that we must know first if the PC has any observations and whether VICARELLI is secure. Letter herewith confirming this for signature, please. - fo 91

- 2 -

9. This morning I saw MICALI and went over the position with him as described above. He advises that 2 Consigliieri are as much as Perugia can be allowed in the present circumstances. As they already have one, we should only send one more. In these circumstances, we should appoint the man on the spot (VICARELLI) if he is suitable, instead of dragging up FIAZZI from Brindisi or VALDESPA from Sicily. I agreed with MICALI, therefore, that no action is to be taken about FIAZZI or VALDESPA until I hear whether VICARELLI is acceptable; in which case, we would approve his appointment and inform the Ministry.

MICALI also considers that 5 Segretari should be enough for Perugia and that we can not spare another.

The foregoing notes leave only the following recent papers on the file unexplained.

10. At folio 83 and 83A is a complaint forwarded from the Prefect as to the shortage of communal secretaries. As to sending down communal secretaries from Rome, this must be laid on to the Ministry. Letter here-with for signature, please, as to the re-employment of suspended secretaries and confirming the appointment of "Reggenti" of various communal secretariats, this is a matter for AM to decide.

As stated in my draft letter to the Ministry. Reply to the same effect to RC herewith for signature, please. - 4092

11. There is also an interlude about one COPPOLA at Nos. 52--referred to RC at 54--90's reply at No. 86 to 86c, showing COPPOLA to be a thorough bad hat and to have been locked up by FPS--reply to the Ministry accordingly already sent on at 50.

SUBJECT : Prefecture of Perugia.

This Commission has informed us that it does not intend using the Consigliere dott. Adolfo MEMMO in the territory under their jurisdiction.

We would like to know therefore, while awaiting the decision of the Commission of Epuration of the Personnel, if the official could be used at the Prefecture of Chieti, which is, as you already know, included in the territory under the Italian jurisdiction.

The movement, if the Sub Commission has no objection, would be made as soon as the health conditions of the official will allow him to return in service.

The Ministry intends appointing at the same time at the Prefecture of Perugia the acting Consigliere dott. Carlo Piazza, who is actually at the Prefecture of Brindisi.

We kindly ask you to let us know your opinion in regards to the above.

SUBJECT : COPPOLA SALVATORE

703/GSI
30 Dec 44HQ ANO LAZIO UMBRIA REGION
Attn. Executive Officer.

Reference Perugia Province's letter dated 23 Dec 44, copy to this office, in reply to your R/5927 dated 20 Dec 44.

1. Subject was interned on the authority of the General Officer Commanding No.1 District, in this HQ 703/S/GSI dated 17 Oct. 44, copy of which was sent to HQ LAZIO UMBRIA REGION. COPPOLA figures as serial 6.
2. The reason for arrest given in our a/q letter was considered more than enough to justify his indefinite internment. However, for your information, herewith full extract from 310 FS Section's Security Report for week ending 16 Sep 44.

"COPPOLA Salvatore fu Gennaro of PERUGIA. Arrested by the Questura on 29 July 44. Was Head Accountant of the Prefettura. He joined the PNF in 1923 and the PFR in October 43. In 1940 he was appointed "Revisore dei Conti" in the Federation and in the Committee of the OND. From June 43 to Feb 44 he held the office of "Commissario Prefettizio" of the Comune of Torgiano. He always obeyed loyally the orders of his superior ROCCHI, especially in forcing youths to join the Republican forces. He is a retired Colonel of the Italian Army. It is clear that this man was one of the trusted officials of Republican Fascism and his liberation would be an offence to true anti-fascist sentiment."

3. Reference para 2 of Perugia Province's letter. This HQ has no knowledge of the fresh evidence which was examined by PFSO and his committee, and which resulted in an unanimous decision to release COPPOLA. It would be appreciated if it could be submitted to this HQ in order to see exactly how it nullifies the statements made in the extract from 310 FS Section's Report quoted in para 2 above.
4. a) Reference para 3 of PERUGIA Province's letter. It will be seen from our paras 1 and 2 above that the Report by 310 FS Section was made on or about 16 Sept. 1944, whereas the order for his internment was dated 17 Oct. 44. (This time-lag represents, among other things, the reflection and consideration which were given by this HQ to the cases of 32 detainees before their internment was authorized on latter date.)
 b) Major BATTERSBY, PFSO, re-examined COPPOLA's case on 2 Oct 44, and released him without reference to FS or to this HQ. (It was not until the 28 Dec 44, when PERUGIA Province's letter was received, that the fact that Coppola had once been released was brought to our notice.)
 c) 310 FS Section had originally been asked by the then PFSO (Capt. GODBOLD) to investigate the cases of approximately 500 persons (incl. Coppola) who were

T73

detained in Perugia Civil Gaol, having been arrested by PS, CC.RR. and Partisans before this HQ took over its present territory, and before the Civil and Military Security of Perugia Province became the responsibility of 310 FS Section under the orders of OSI No.1 District.

- d) In accordance with Capt. GODBOLD's request, FS began to examine all these cases, and pass their recommendations on them to this HQ. As pointed out above, COPPOLA's case had been considered by them and passed to OSI for action before Major BATTERSEY, the new PPSO, released COPPOLA. Therefore, when 310 FS Section received the internment order for him, they were acting entirely within their rights and in accordance with their duties in re-arresting him without reference to any other authority, and there is not the slightest indication that they exceeded their authority in any way.

5. The General Staff at this HQ is responsible, in the territory administered by No.1 District, for determining who constituted a threat, direct or indirect, to Military and Civil Security. It endeavours to its utmost to do this while ensuring that FSO's and PPSO's act as far as possible in agreement. Unfortunately in this case the evidence so far brought to the notice of this HQ shows that in every way COPPOLA is a danger to security.

It is regretted therefore, that without further satisfactory evidence it is not considered possible to uphold the PPSO's recommendation.

2. On 8 Oct. his case was examined by the Prefect, the Questore and Major Battersbey. Fresh evidence was examined and an unanimous decision taken to release.

Dr. VICARELLI Giulio, Consigliere of 2nd class and formerly employed by the Governorship of Libya, has asked employment with this Prefecture.

The Provincial National Committee of Liberation, from which information was requested on the political activity of Dr. VICARELLI, has expressed itself favourably on this.

Therefore, I should like to ask the Ministry to issue and inter-ministerial decree calling the afore-mentioned official to report to this office.

Meanwhile, today I have ordered that the afore-mentioned official be taken into the service, as these administrative offices are suffering from a shortage of personnel in Group A.

In merito il Comitato Prov. di Liberazione Nazionale, al quale sono state chieste informazioni sull'attività politica esplicata dal predetto Dr. VICARELLI, ha espresso parere favorevole.

Prego, pertanto, cotesto On. Ministero di voler provocare con decreto interministeriale il Comando del predetto funzionario presso questa sede.

SUBJECT : Situation of Communal Secretaries.

Following the prefectural letter of the 18th of November, 1944 n. 2099 SC we inform you that the situation of the communal secretariats is always very precarious because of the lack of personnel and because of the known measures of suspension from service, for political reasons, of the various communal secretaries of this Province.

While the secretariats of the Communes of Cannara, Pietrallunga, Trevi, are held temporarily by permanent secretaries of other Communes, the secretariats of the Communes of Campello, Citta di Castello, Corciano, Costacciaro, Fossato di Vico, Lisciano Niccone, Monteleone di Spoleto e Poggiodomo, Preci, Sigillo are held temporarily by irregular personnel (in some cases without the title of communal secretary) and the Secretariats of the Communes of Cascia, Montefalco, Nocera Umbra, Norcia, Todi, Torgiano, e Valfabbrica are held by permanent secretaries of inferior rank.

We are also expecting the Ministry, as a result of a same report made by this Prefecture, to appoint a regular Secretary in the important comune of Foligno.

kindly

So as to avoid such a situation we ask you to take into consideration the possibility of examining promptly the political position of the Secretari Communi, in office in the Province, suspended for political reasons (Novaga Arvedo - Tobia Pietro - Bussotti Bosome - Cardone dott. Andrea - Lodi Alfredo -) and requesting from the Ministry of the Interior the appointments of new personnel already requested and to kindly examine the requests to be taken in service, as "reggenti" of the communal secretariats, requests which will be forwarded by this Prefecture to the Allied Command following the art. 192 of the "Test Unico" of the Provincial and Communal Law, as this Province has not been handed over to the Italian Administration yet.

Di seguito alla prefettizia 18/11/1944 n.2099/S.C., si informa che la situazione nelle segreterie comunali permane oltremodo precaria sia per la mancanza di personale che in dipendenza dei noti provvedimenti di sospensione dal servizio, per ragioni politiche, di vari Segretari comunali di questa Provincia.

Mentre le segreterie dei Comuni di Cannara, Pietralunga, Trevi, sono rette a scavalco da segretari di ruolo titolari di altri comuni, le segreterie dei Comuni di Campello, Città di Castello, Corciano, Costacciaro, Fossato di Vico, Lisciano Niccone, Monteleone di Spoleto e Poggiodomo, Preci, Sigillo sono rette provvisoriamente da personale non di ruolo (in alcuni casi sfornite della patente di segretario comunale) e le Segreterie dei Comuni di Cascia, Montefalco, Nocera Umbra, Norcia, Todi, Torgiano e Valfabbrica sono rette da Segretari di ruolo di grado inferiore.

Si attende, inoltre, che il Ministero dell'Interno, giustamente analoga segnalazione fatta da questa Prefettura, provveda alla nomina del Segretario titolare dell'importante Comune di Foligno.

NOTE OF INTERVIEW.

SUBJECT: VPs at Perugia

DATE: 24th January, 1945 - 1500 hrs.

PRESENT: Lt-Col. A.D. Bonham Carter (Executive Officer, Lazio-Major R.R. Temple Umbria Region),
Major C.G.R. Williams
Captain W.I. Cunningham

1. We discussed No. 71 on the file. 71
2. We pointed out that we only had records of three VPs not four. They were the two non-career men Paolotti and Sorbello, and the career VP V. Jannoni, whom we sent down at the end of November. It might be that the fourth VP that the PC had in mind was the Consigliere Baroni referred to in para. 2 of No. 23B as having been carrying on the functions of VP. 23B
3. In that case a sensible and partial solution would be to return Dott. Baroni to his functions of Consigliere, leaving us only one VP to get rid of.
4. Lt-Col. Bonham Carter said that the new PC desired to get rid of both the non-career men. Though they had the title of VP they were doing specialist work and in the meantime the duties actually belonging to the office of VP were not being satisfactorily performed.
5. As to Paolotti, Lt-Col. Bonham Carter thought he might be made Provincial Director of Public Health. The former PC had not put into effect the PC Order about this and the office of Director was vacant.
6. Sorbello is more difficult. We drew attention to Major Temple's note in para. 1 of No. 23A, which seemed to indicate that Sorbello might be willing to go back to his private practice cheerfully. Lt. Col. Bonham Carter said however, that Sorbello was thought very highly of by the CRE of the Sub-Area, who would take a bad view of it if he was dismissed. On the other hand the PC had quite a satisfactory Ingegnere Capo at the head of the Provincial Genio Civile, who was not able to take his proper place with Sorbello above him, the latter being something of a "fifth wheel in the coach". 23A
7. Lt.-Col. Bonham Carter suggested Sorbello might be put on the PC payroll. We expressed doubts about this in view of the former PC's action in putting the whole of the Sindaco on the payroll as members of the PC's Advisory Council. However, it might be the best solution. 155
8. If Paolotti and Sorbello could be dealt with in this way that would leave us with Jannoni as VP and Baroni acting as VP. Obviously they needed another official. Either Baroni should go back to his duties as Consigliere and we should send down a VP (or a Rag. Capo or

/Consigliere

2.

Consigliere senior to Baroni to act as such); or Baroni should be confirmed as Acting VPI and we should send down another Consigliere or Segretario to replace him.

9. The matter was left for Lt. Col. Bonham Carter to consult with the BC on the following points:

- (a) Could Pasolotti be made Provincial Director of Public Health?
- (b) Could Corbello be taken on the ABC payroll as the BC's engineering advisor?
- (c) Should Baroni continue as VPI or would he like someone else?

10. We would take no action until he lets us know the result of these inquiries.

1. We think that you actually have 3 Vice-Prefects with, in addition, Baroni acting as a Vice Prefect Ispettore. He is a Consigliere.

2. Would you prefer to have Baroni officially made Vice Prefect Ispettore and another Consigliere sent up, or shall we find you a Vice Prefect and leave you to put Baroni back to Consigliere.

One of those suggestions - we like the former - would put the Vice Prefects right except for the two non-carrier men.

3. Will Paoletti fill the position of Director of Welfare? Or is he content to slip back to private life with, perhaps, the chance of doing service as Sindaco, or in the Deputazione or something.

4. If you feel that Sorbello should stay in some capacity why not employ him as a "Professional Worker". In this capacity he could advise you of engineering matters and you could keep him out of the way of the Genio Civile. At the same time the Army would be satisfied.

SUBJECT: Note of Interview - Ministry of the Interior.

DATE : 24 January 1945 - 11:30 a.m.

PRESENT: H. B. MICALI, Dir. Gen. Personale
Major C.G.R. Williams
T. CARTONI, interpreting

1. I mentioned that Consig. MEMMO from Ancoli had called to see me on 23 January and that he was a sick man. MICALI said yes, he had been to the Ministry also; he was quite willing to go to Perugia and if he was pressed he would go at once in spite of his illness. MICALI didn't seem to think his illness was serious.
2. I said MEMMO had produced to me a certificate from the Medico Provinciale dated 15 January 1945, stating that MEMMO required another 40 days' sick leave, and that I felt this was a more genuine case than some we had had.
3. I said there was another aspect of MEMMO's case, however. Our information showed that he had been Capo Gabinetto of the Republican Prefecture that he was accused in Ancoli of having shown favoritism--and that our FPS gave him a bad report.
4. I suggested that in a case like this, use ought to be made of epuration machinery. I pointed out that epuration proceedings ~~must~~ work both ways--as a means of punishing real Fascists and as a means of exonerating those wrongfully accused of Fascism. I said we could not be certain of the importance to be attached to the accusations against MEMMO. If, however, he were deferred to epuration, the judgment of the Commission is final and binding, and if they exonerated him, we should know where we were. MICALI said I would recollect that they had recently sent out scheda (through the S/C) to all Prefectures in AMI Territory to be completed and returned by all officials. As they got these back, they would refer them to the Epuration Commission.
5. I suggested that the best course to take with MEMMO was to let him take the 40 days' sick leave as certified by the Medico Provinciale. In the meantime, he could complete his scheda and it could be sent into the Ministry and referred to the Epuration Commission, whose judgment we will wait. If the Epuration Commission imposed sanctions on him, we should know we were wise in not sending him to Perugia. On the other hand, if the Commission exonerated him, we should then have a Consigliere available whose character was cleared and whom we might hope would then be in sufficiently good health to be employed.
6. MICALI agreed to this course and said he would find another Consigliere for Perugia as soon as possible.

1. On 18 September last I wrote to SCAG 8 Army enclosing copy of a letter No. 5000 dated 9 September, Ministry of the Interior to this Sub Commission, in which the Ministry proposed to send to Perugia four officials, namely, COME, D'AMORE, CAIA and STACCHINI. SCAG replied on 23 September saying he had forwarded my letter to you. The Ministry have now written to remind me that they have had no reply on the proposal to send these four to Perugia. At the time we were more concerned with preventing the Prefect of that Province from communicating direct with the Ministry on such matters.
2. Would you please look up the previous correspondence and let me have the views of the RC and yourself as to whether the four officials named in it are really necessary in Perugia.
3. The two Accountants—COME and D'AMORE—may be necessary; though in view of the general shortage of trained officials in all grades, I hope the RC will avoid calling for them unless their presence is absolutely essential to the functioning of the Prefettura.
4. As to the Archivist CAIA and the clerk STACCHINI, their presence may be desirable in Perugia, but I find it somewhat difficult to appreciate how the presence or absence of such very junior officials as these can be a matter of such vital importance as to justify the consumption of time and transportage in transferring them.

TO: MINISTRY OF INTERIOR.

The undersigned Ester Mascitti applies trustfully to this Ministry, to expose the following : her husband, Coppola Salvatore, Chief Accountant at the Prefecture of Perugia the 4th of July was suspended from office with an order of the Allied Military Government of the Province.

After some days, he was arrested and was brought to the judicial jail of Perugia where he was kept for two months. During this long period, as a result of an examination of his political, administrative and book-keeping position, it was recognised that he was free from any eventual charge to justify his further stay in prison, and was therefore set free again. But however, after 13 days, he had the sad surprise of being arrested again by the F.S.S. and this time sent to the Concentration camp.

Completely in the dark as to what motives have justified the above measure taken against her husband, and especially amazed at the actual confinement, which happened, as we have already said, after he being cleared and ~~taken~~ taken out of prison by the Allied Military Government, the undersigned absolutely desperate, applies to the competent Authorities of this Ministry so that the position of her husband be re-examined taking into consideration the following truths:

He, Lt. Colonel of Artillery in discharge, veteran of the war 1915-18, never inscribed himself to the Republican Army, though he was invited to do so many times. For more than 38 years he worked for the service of the State, always in the interest of the Country.

He belonged to the P.N.F., without having any appointment, but just because he needed the card for his work, he never had fascist sentiments, and never carried out work of propaganda or fascist factiousness, not knowing anything else but "home and work".

This is proved by the fact that he never had moral or material benefit from the fascist regime, in fact he only had evident harm done to him, as for example with the requested transfer that he never obtained in 11 years of life in Perugia, or also with his promotion to a higher rank that was not granted to him, though officials younger, and not with greater merits were promoted. Out of excessive attachment to his office and work that he always put before any political ideas of that time, and for which he always felt an outsider, and for impositions made by his superiors and the notables of the party itself, and not wanting to cause retaliations on his family and eventual financial miseries, he supinely agreed, without assenting willingly to inscribe himself in the fascist party.

How could he deprive his family of their only means of living, his salary? The above is proved by the fact that in the appointments that were given to him during that period, he did not bring in any political interest, as he had already done in the past fascist regime. This can be amply documented by those who worked in the office with him and by all those who knew and esteemed him.

Therefore, the undersigned asks the competent Authorities of the Ministry to examine as soon as possible the above formalities, so as to free her husband from the actual confinement which he cannot support for health reasons, or at least to inform

taking into consideration the following truths:

She lives in a state of moral collapse because she has no more news of her husband for more than a month, and in a state of complete poverty because since 4 months she has no allowance and she has only miraculously faced the actual terribly difficult conditions of life.

She encloses a medical certificate, and would be ready to present, when requested, an ample documentation demonstrating what she has referred to above.

In the case that the handling of the above matter takes a long time, for eventual ascertainments, the undersigned asks for the ~~immediate~~ immediate repeal of the confinement, because of the afore-mentioned health reasons, even if considering him, while awaiting the judgment surely favourable, suspended from office.

I thank you

 Durante tale lungo periodo, a seguito dell'esame della sua
 posizione politica, contabile, ed amministrativa, fu riconosciuto
 innocente da ogni evidente addebito che giustificasse la
 ulteriore permanenza al carcere e pertanto liberato in libertà.
 Senonché dopo 13 giorni, vedute le triste conseguenze di essere di
 nuovo fermato dalle S.S. ed inviato, questa volta, al campo di
 concentramento.

Complessivamente allo stesso gli sono stati inflitti
 i pesanti provvedimenti adottati a carico del marito, la ~~distruzione~~ ^{distruzione}

 la chiarificazione e la escandalo sulla parte del Comando Militare

15th October, 1944.

SUBJECT: Prefecture of Pescara.

TO : His Excellency the Minister of Interior.

Your Excellency,

1. I have your letter No. 585 Pers. dated 12 October, and there seems to be some misunderstanding of the correct position in this Prefecture.
2. When the Allied Military authorities entered the Province, they found Dr. PACE exercising the office of Vice Prefect Vicario, but no Prefect. Dr. PACE was appointed to be Prefect Regent of the Province, and to the office of Vice Prefect, there was appointed Avv. MAGNO, a local lawyer and a member of the Committee of Liberation. The cooperation between these two officials, however, did not prove to be as good as it should be, and it was thought desirable to substitute Dr. PACE by Dr. GIANNICHIALE in the office of Prefect, and to send a career Vice Prefect to replace Avv. MAGNO. You were requested to nominate a Vice Prefect accordingly and you selected Dr. TOSPINI, who was conducted to Pescara and introduced to the Prefect on the 3rd October.
3. In the meantime, however, the position with regard to the Prefect Regent Dr. PACE was reviewed, and in view of a certain improvement in his management of the Prefecture, it was thought desirable to allow him to remain in office for the present. The desirability of so doing has been confirmed as a result of a visit which one of my officers made last week to this Province.
4. There is, therefore, no question of Dr. TOSPINI taking the place of Dr. PACE. It is Avv. MAGNO whose place he has taken. The appointment of Dr. TOSPINI as Vice Prefect of the Province has been welcomed both by the Prefect Regent and by the Provincial Commissioner, and I could naturally not agree to his removal.
5. I should be glad to receive another nomination for the appointment of Vice Prefect of Perugia.

REPORT No 121

SUBJECT: Interview at the Prefettura, Perugia, 23 September 1944

PURPOSE: Discussion of Local Government

PERSONS INTERVIEWED: Mr. Luigi PRATO, prefetto residente of PERUGIA

INTERVIEWED BY: Capt. H.R. Temple, Executive Officer, Local Government S/C Interpreter - Staff employee of the PG

PHASES

1. The Prefect stated that the 2 vice prefects are not experted in administration. He thought it would be a good thing to be assigned a trained vice prefect vicario who was an expert in Italian Administration. He pointed out that CORBELLIO one of the vice prefect was devoting his time exclusively to public works - which assignment he is performing extremely well. The other vice prefect FACCHINI, was concerned with public health, alienation, agri-culture, and educational matters. Both vice prefects were given the designation without being characterized as Ispettore or Vicario.
2. DOTT. BARONI, a consigliere has been carrying on the functions of VPI. The prefect said he was a very good man and travels about with him in the province.
3. The prefect stated that the Italian Government had proposed to nominate as vice prefect CAPATRELLI of Grosseto. However, the latter was dismissed there, and the prefect said he did not want him now in Perugia.
4. The prefect stated that he believed that the PG desired to retain the present 2 vice prefects. He himself would also like to retain them since they are very useful at the present time. However, he said he needs a career vice prefect in administration.
5. The prefect said that at the present time, he desires to have 4 employees in group A - 2 secretari and 2 consiglieri. He said that he believed that the Government had consented to give 1 segretario and 1 consigliere.

out that CORBELLIO one of the vice prefects to public works - which assignment he is performing extremely well. The other vice prefect FALCETTI, was concerned with public health, sanitation, agriculture, and educational matters. Both vice prefects were given the designation without being characterized as Ispettore or Vicario.

2 DEUT, BARCHI, a consigliere has been carrying on the functions of VPI. The prefect said he was a very good man and travels about with him in the province.

3 The prefect stated that the Italian Government had proposed to nominate as vice prefect CARATOLLI of Grosseto. However, the latter was dismissed there, and the prefect said he did not want him now in Grosseto.

4 The prefect stated that he believed that the PC desired to retain the present 2 vice prefects. He himself would also like to retain them since they are very useful at the present time. However, he said he needs a career vice prefect in administration.

5 The prefect said that at the present time, he desires to have 4 employees in group A - 2 segretario and 2 consigliere. He said that he believed that the Government had consented to give 1 segretario and 1 consigliere.

6 The prefect stated that he received the raccolta on 10 September.

7 In 2 or 3 of the 53 communes in the province, there are consigliere prefetturali and no giunta. In all of the others, there are consigliere and Giunta. Members of the giunta were nominated by the committee of national liberation and approved by the CAO. They represent all parties and classes. It may be necessary, in view of R.D.L. N. 111 to review and reduce their number.

8 In 3 communes the consigliere comunale has been created in addition to the giunta, namely in SPORTEO, PERUGIA, and CAPPETA IN PERUGIA. The consiglio consists of 15 members appointed by the sindaco.

735

The Giunta in that town consists of 10 members. In CERRETA, which is a mountain town of about 2100 inhabitants an election was held about a month ago, supervised by the Committee of National Liberation. When the CAO was apprised of the elections of the Consiglio, he wanted to dissolve it, but finally decided to let it alone. There are 20 persons in the Consiglio. In view of the R.D.L., the prefect said that he would take immediate steps to dissolve the consiglio since there was no provision for such a body at the present time.

9. The Prefect hopes to have the Deputazione Provinciale established in one week. He has already received nomination from the Committee of National Liberation and is having them investigated by carabinieri.

10. It is difficult the prefect said, to find people of the farmer and workman class to serve as sindaco without pay and that was a reason for forming the advisory council to the PC and putting the sindaco on it as paid technicians. He said that the sindaco knew that it was a temporary arrangement. He believed that most of the sindaco with one or two exceptions will remain in office when the arrangement is abolished.

11. The principal problem of the province concern the building of roads, bridges and the restoration of electrical and other forms of energy and transportation. The food situation is not too serious although salt and fat are lacking. Housing, with the exception of a few towns, is not a serious problem.

12. COMMENT: The prefect impressed me as being an intelligent man with a good knowledge of the problems of his province and a keen interest in attempting to solve them. I took time to explain the position of the Prefettura in AMG territory and stressed the point that communication between the Prefettura and the Italian Government be through AMG channels. I discussed also the effect of the R.D.L. no. 111 in his province and had a general discussion with him of the form of administration and organization provided thereunder. I finally told him that I would take up the matter of a trained vice-prefect and other officials with Col. Belser and then, with the latter's and the IG's permission, with the Italian Government.

PERSON INTERVIEWED: Col. Irvin W. Belser (A), IC, Perugia

INTERVIEWED BY: Capt. R.R. Temple, Executive Officer, Local Government 3/C

PRELIS

1. Col Belser informed me that he took over the Provincial Commissioner-ship on 20 June. He found that the Prefect had fled. He recounted how he had talked to the high officials of the province who had remained, had all investigated, and dismissed many pursuant to 3 army directive. He then consulted the foremost people in the province, as well as the Committee of Liberation for recommendations,

2. On the basis of recommendation to the Committee of National Liberation, and prominent people, and after a thorough screening on security ground, 3 non-career persons were appointed to position of Prefects and Vice Prefects of the province. As Prefect, avv. Luigi PRANO was appointed; Ing. Gianni RANTINI DI SCHEDELLO, Vice-Prefect, and Gen. Dott. Veracundo PUGLIERI, Vice-Prefect. A lawyer by the name of PAULINO ANDREANI was made Sindaco of Perugia comune. Since PRANO was a non career official, he was appointed Prefetto Neggente.

3. An Advisory Council to the IC was appointed, its members consisting of the Prefect and Vice Prefects, 2 or 3 advisors, and almost all the sindaci for the communes of the province. By Executive Order dated 17 September, payment was provided for the members based on yearly salaries ranging from 15000 to 50000 lire a year. The Prefect and Vice Prefect receive no salary since they draw stipends as officials in the Prefettura. The IC meets with the members individually or in group to discuss and get advice on governmental problems. Col Belser stated that the technique of having an Advisory Council was originated by 3 army AMI at a suggestion of Brigadier Upjohn's. It helped to meet the problem of getting persons whose source of income was curtailed or non-existent to serve as Sindaci. As technical advisors to AMI they will receive payment from AMI.

As Prefect, avv. Luigi PIANO was appointed. INF, Gianni RAIMONDI SORRELLLO, Vice-Prefect, and Gen. Dell, Verocundo PAOLANTI, Vice-Prefect. A lawyer by the name of PIANO Andrea was made Sindaco of Perugia comune. Since PIANO was a non career official, he was appointed Prefetto Regionale.

3. An Advisory Council to the PC was appointed, its members consisting of the Prefect and Vice Prefects, 2 or 3 advisors, and almost all the sindaci for the comunes of the province. By Executive Order dated 17 September, payment was provided for the members based on yearly salaries ranging from 15,000 to 50,000 lire a year. The Prefect and Vice Prefect receive no salary since they draw stipends as officials in the Prefettura. The PC meets with the members individually or in group to discuss and get advice on governmental problems. Col Belser stated that the technique of having an Advisory Council was originated by 8 army AMG at a suggestion of Brigadier Upjohn's. It helped to meet the problem of getting persons whose source of income was curtailed or non-existent to serve as Sindaci. As technical advisors to AMG they will receive payment from AMG.

4. All Sindaci who had served under the Republican Fascist Government were dismissed. Those who were appointed by 8 army are being investigated to determine if they are to be appointed. The Prefect was allowed to retain a few trained officials over though there was some question about their political background.

70

5. Col Belser was of the opinion that the Prefect PIANO was a very fine person, a man of education, a highly reputable lawyer and an owner of property in Perugia. He was very much anti-fascist and one of the most respected men in the province. His father had been in the pre-fascist Government.

6. Col Belser considered the Vice-Prefects SORRELLLO and PAOLANTI as high types of individuals representing the best elements on the Italian side.

7. The PC related how the Prefect had received a letter from the head of the Committee of National Liberation who practically had laid down an ultimatum demanding the right to determine the appointment of individuals. The Prefect had handled this matter with dispatch and informed the Committee that it was his responsibility, with the approval of AMG, and that the Committee of National Liberation was another source of the expression of public opinion and not the sole source.

- 2 -

8. The Deputazione Provinciale is in the course of being formed. Names have been submitted to the prefect.
9. Practically all comune have Giunte. (There are 50 comune in the province). The PC pointed out that his province was one of the largest in Italy and that his staff was rather small. He has 3 CAOs - of whom 2 have received orders to move.
10. On the matter of the prefect communicating direct with the Government, the PC stated he had already informed the prefect that this must be done through AMG hereafter.
11. The PC had the following comment to make concerning the various problems: food situation - excellent; transportation - good; housing - not a substantial problem; health - good; communication - none to speak of.
12. The PC did not know whether the Raccolta had been given to the Prefect.
13. COMMENTS: The PC did not have too much information to contribute about Italian administrative side of his province but indicated very clearly his extreme efforts to ensure the selection of good high officials for the province. I informed him that I would get the detailed information from the prefect directly; that I would find out the immediate needs of the prefect for administrative officials; that I would impress on the prefect the fact that communication between him and the Government must be through AMG channels. I also informed the PC that I would bring the matter of the Advisory Council to the attention of HR, since the general policy of payment to sindaco, even indirectly, was involved. That furthermore, the problem of its continuation would have to be considered when the province was turned over to Royal Italy.
- The PCs organization of his own staff which handled the different functional phases of administration was very good. After talking to the Prefect (see report N. 121) I discussed the matter of strengthening the Italian side of the administration with the PC and agreed readily to the desirability of getting a vice-prefect of career training appointed as quickly as possible.
- He expressed the desire to retain the 2 vice-prefects for the time being at least, since one of them (SCIBELLO) was handling some very important matters of road and bridge building and public utilities, while the other vice prefect (PAOLETTI) was handling general welfare matters.
- I left a copy of the Revised Executive Memorandum No. 39, an English translation of R.D.I. N. 111, and the provincial guide for PCs, with Col Belser.

12 The PC did not know whether the Raccolta had been given to the Prefect.

1. It is understood that the Italian Provincial administration of PERUGIA is finding difficulty over insufficient personnel. The Italian Ministry of Interior have available three officials which they are prepared to send you, if you consider them necessary. The names of the officials and their functions are as follows:

Dr. Adolfo MORSE
Dr. Nello BARNALI
++ Bruno CARATTOLI

Councillor
First Secretary
Vice-Prefect

2. Please signal this H.A. immediately if you require these officials to be sent to you.

3. Apparently the source through which the Ministry of the Interior was informed of these deficiencies, was through direct communication between the Prefect of PERUGIA and the Ministry of Interior. The channels of communication between the Italian administration and the Italian Government are through A.M.C. Provincial H.A. and this H.A. to A.C.C.; direct communication is contrary to instructions.

4. You are accordingly to instruct the Prefect of PERUGIA that he derives his authority from the S.C.A.C. of A.M.C. Eighth Army and not the Italian Government, and that in future he is to address all requests or communications to the Ministry of Interior through the channels prescribed above.

2. May I please have the views of the AGC or AG concerned as to the proposals made by the Minister in respect to the Prefects of MACERATA and PERUGIA respectively.

3. As to MACERATA, I do not understand how, if the Prefect is in need of more officials, he has made two available to the Ministry. Any light to be thrown on this would be greatly appreciated.

4. It appears as if both Prefects have been communicating with the Italian Government direct. Could it please be brought to their notice that, as they derive their authority from the AGC or AG and not the Italian Government, all requests of this nature should be submitted to the AG for the Regional or Army Headquarters? Direct communication with the Italian Government not only impairs the authority of AGC, but causes delay and confusion.

5. All career Prefects sent down by this Sub-Commission are first interviewed by us and this point is brought very definitely to their attention. The Prefect of PERUGIA, being a neo-career man found locally however, he may not properly understand how to go about such matters.

1. During my recent tour, I visited PERUGIA and conferred with the Provincial Commissioner, Col. Belser. He introduced me to the man he proposes to the appointment to the Prefecture of the province - PRANO, Avv. Comm. Luigi.
2. I am asking the Italian Government for their views upon this proposal.
3. There appeared to be some doubt in the Provincial Commissioner's mind as to the correct title by which to appoint Comm. PRANO: he spoke of making him "Vice-Prefect with the functions of Prefect". As PRANO is a private citizen and not a career official, the title "Prefetto Reggente" should be used. To create a private citizen a Vice-Prefect would cause the same difficulties as to make him Prefect - difficulties to avoid which the term "Prefetto Reggente" was adopted.
4. I annex a form of appointment accordingly for use if and when Comm. PRANO's appointment is decided.

SUBJECT: Prefetto for TERNI and PERUGIA

TO : RC, Region IV

1. Reference your RM/350.17 of 8 July.
2. TERNI - AME 8th Army cabled me on 20 June that the Provincial Commissioner had found a suitable candidate, Dr. GREGG, stated to be a strong anti-Fascist. The cable stated he had been appointed Prefetto Reggente. If GREGG was acceptable, the SCAC asked me to cancel his agreement to a previous nominee; if unacceptable he asked me to send forward this Sub-Commission's nominee.
3. The Minister of the Interior, being asked by me for his observations, took no exception to the appointment seeing that it had been made under the title of Prefetto Reggente. Accordingly I cabled AM 8th Army on the 29th June that GREGG's appointment was agreed.
4. PERUGIA - I heard of the proposed appointment of Avv. PIANO on my recent tour; and I personally interviewed him in the company of the Provincial Commissioner, Col. Balser. I am asking the Italian Government for their views on this appointment.
5. I am much obliged to you for letting me know the position in these two provinces. You will see that the facts as to TERNI are not quite what I thought they were when I saw you recently.
6. There seems to be some misunderstanding on the part of the Provincial Commissioner as to the proper title by which to appoint PIANO. As he is a private citizen and not a career official, the title "Prefetto Reggente" must be used - see the revised Executive Memorandum No. 12 of 12 June 1944. I am drawing the SCAC's attention to this.

SUBJECT : Nomination of Prefects

FILE No.: RM/850.17

1. With reference to a recent conversation between Col. Spicer and Brigadier Dunlop, will you please note that the position in respect of Prefects in the two Provinces now under control AMG 8th Army, is not as mentioned by you.

2. You gave us the names of Sig. Dacasse as Prefect nominated for Perugia, and Sig. Bianco Rossi as Prefect nominated for Terni. In the course of a tour of these Provinces during the past week, we found that in fact Terni was proposing to appoint a local officer, Dr. Umberto Gerlo, as Prefect for that Province, and that Perugia was proposing to appoint a very well known and respected local gentleman, Avv. Luigi Poano. You will appreciate that Region IV has no authority in either of these two Provinces. We are reporting these facts for your general information.
