I spoke to the V.P. and indicated that although the PC and RC were in a better position than we to appraise the merits of the case since they governed the province for over 8 mos, the possible turnover to the Italian govt soon made it inadvisable to ignore their (formally) request. I suggested I visit the PC after talking to the RC. The V.P. agreed.

I then telephoned the RC (Col Kirkwood) and he agreed that the above be done, and that we get a nomination for a VPV before I left for Grosseto.

Maj. Williams was instructed to get a nomination for VPV.

2. I propose, with your approval, to inform the Italian Government that I agree to their letter 83, but I think those at high/ should know of the type of difficulties and tricks which this Local Government Sub-Commission has to face in dealing with the Italian Government We cannot get officials and in some cases have a delay of three months in filling important vacancies for instance in the provinces of Perugia and Ancona.

3. The agreement to their letter 83 will, I am sure, n ot have any reactions: and though admittedly it is an offence against bureaucratic discipline, I am in this case without precedent required to support it.

(34)

To. L. G.

I agree with your proposal in para 2 above but please inform the Italian Govt that this last minute change is unsatisfactory & that military necessity & Min. G arrang demands that Italian Govt nominees should be available to come forward to fill vacancies as soon as possible.

3. The implications of this statement are serious and I am surprised MICALI made it.

4. It would seem that MANCINI's name was proposed to us for transfer not as being just the right kind of Via Prefect Grosseto needs, but merely because he hadn't the same politics as the Undersecretary who therefore took the opportunity to do MANCINI a disservice.

5. Moreover, it is to be remembered that when MANCINI's transfer was approved by this S/C, MANCINI immediately asked the Ministry to postpone the transfer on the grounds that his family was sick. I saw CAMERA about this and he proposed that the Medico Provinciale be ordered by telegram to ascertain all the facts: and he spoke to MICALI in this sense. MICALI, however, said he was quite sure this was a mere excuse and proposed to telegraph MANCINI ~~or~~ to order him to obey orders immediately on pain of dismissal. To this I agreed.

6. Now that the political reasons for transferring MANCINI from Salerno no longer exist (according to MICALI) the Ministry appear to have no interest whatever in maintaining discipline in their services. They appear to be quite willing, now that CANEVARI's influence is no longer there, to allow MANCINI to remain in Salerno.

7. We have just replaced the career Prefect of Grosseto by a local man--MATI; the VPI is a politician, FESTA. We, therefore, need an experienced and efficient VPV. MANCINI is known to us as such. APICELLA, the man now proposed to Grosseto instead of him, is unknown personally to us. I recommend that we insist on MANCINI's transfer for the foregoing reasons.

8. This, however, is not in my opinion the most important point. Unless the Ministry are prepared to maintain discipline among their officials and to keep politics out of it, we cannot possible continue to supply officials to northern provinces. I recommend that the attention of C.A. Section be drawn to this aspect and that consideration be given to the desirability of taking the matter up with the Italian Government at Ministerial level.

V.P. (38)

Dec 22

I think you should see minute 37. I am not prepared to accept the recommendation in paragraph 8 under present circumstances. I think this may be an attempt on the part of the Ministry to rectify some of the late Undersecretary Canevari's machinations which during the short time he was in office he exhibited in no small degree

1. Please see #44. The position is that Region VIII asked for confirmation of FESTA as VPI (which they needn't have done at all) as at #39 — you commented the Ministry — & #44 is their reply. 39

2. Please see also Capt. Temple's views at minute (20). Obviously FESTA is a most useful person in the Prefecture, but I cannot help wishing that some other appointment than VPI could have been found for him: & in principle I cannot help agreeing entirely with para. 2 of the Ministry's letter at #44

3. However, I don't see what other appt. than VPI he could have been given.

4. I recommend .. 460.

(b) acknowledgement to Ministry, appreciating his para. 2, & stating appt. confers no grade or rank.

Sept. 8	(20) Director: 1. Capt. Williams has referred the FESTA matter (p. 37) to me for my observations. 2. Although FESTA is a non-career official, he has taken on his job with drive and energy and has the confidence of the P.C. He has an office next door in the P.C.'s office. His relations with the Prefect have improved considerably since I was there last. The Prefect realizes he has a useful official who in spite of his non-career status, is performing a good job. As a matter of fact the Prefect told me that all he wrote to the Min of Int. for was a Vice-Prof Vicario (and we also have done p. 38). 3. Festa is now on tour of the communes with the P.C.'s party. I personally observed him in operation - consulting the local Comm. of liberation, Partisans, Judges, School officials etc. He himself has very intimate contact with the Peoples Comm. of liberation. 4. 1) I send the following report about the above official, asking to examinate the possibility for a signalation to the Italian Government, and in order to make his good job remarked near the Ministry of the Interior.

2) This young official, who entered upon the career in September 1940 after regular competition, was always an antifascist man. After the failure of the fascist regimen, happened on 26th July 1943, he was appointed Commissioner in Follonica Commune; beginning at once the democratization of the life in the above Commune. Later on, in the month of September he was the first Commissioner of the Province removed directly by Germans. Dr. De Paola gave also his remarkable support in the formation and functioning of the Provincial Delegation for Epurazione.

DATE OF INTERVIEW with N.A. BORRUTI and Dott. CAMERA.

Subject : Provision of Italian Officials.

INTERVIEWED BY: Major R.B. Temple, Chief Executive Officer, Local Government Sub Commission and Captain T.I. Cunningham.

DATE: 27 March, 1945.

INTERPRETER: Signore Sergio NERI.

1. Major Temple said he was raising again the old question of delays in filling positions in Prefectures. The Local Government Sub Commission were continually getting complaints from Regional C on missions on this subject. He gave N.A. a list of some of the outstanding cases and quoted the case of ANCONA where a Engineers Chief had been asked for on 25th October 1944 and the position had not been filled yet. Other cases such as ASCOLI and ZARA were also mentioned.

2. N.A. Borruti said he would examine the list carefully. He could only repeat what had been said before. A lot of delay was due to people going sick. When people went sick the Military would not discharge them and instead they were so short of personnel that they didn't know what to do.

3. Major Temple said he didn't know what would be done to instil a sense of discipline into some of these officials. The Regional C commissioners only looked for results and for one reason or another the results were not good.

4. Borruti said it was a very difficult situation. The Ministry were encouraging these officials to move in every way possible. They were given special allowances and other considerations if they moved.

5. Major Temple then mentioned the case of PENTAGILI. He had visited the P.C. of Grosseto and personally pressed him to accept Pentagilli as V.P.V. who was supposed to be standing by ready to move in Rome. He had promised the P.C. that Pentagilli would be sent to Grosseto as soon as he (Maj. Temple) got back to Rome. The Ministry was asked for him on 24th March and so far he hadn't reported to this A/C.

6. Both Borruti and Camera said Pentagilli would report tomorrow (28th March).

7. Major Temple explained that he did not want N.A. Borruti or Dott. Camera to think that they were being blamed in any way for these delays. It was the officials themselves who were to blame.

3. Major Temple said he didn't know what could be done to instil a sense of discipline into some of these officials. The Regional Commissioners only looked for results and for one reason or another the results were not good.

4. Berruti said it was a very difficult situation. The Ministry were encouraging these officials to move in every way possible. They were given special allowances and other considerations if they moved.

5. Major Temple then mentioned the case of PONTANELLI. He had visited the P.C. of Grosseto and personally pressed him to accept Pontanelli as V.P.W. who was supposed to be standing by ready to move in Rome. He had promised the P.C. that Pontanelli would be sent to Grosseto as soon as he (Maj. Temple) got back to Rome. The Ministry was asked for him on 24th March and so far he hadn't reported to this A/U.

6. Both Berruti and Canara said Pontanelli would report tomorrow (29th March).

7. Major Temple explained that he did not want M.M.Berruti or Dott.Canara to think that they were being blamed in any way for these delays. It was the officials themselves who were to blame.

8. Berruti said he appreciated this.

9. Major Temple then mentioned the new plan for provision of officials for the North. Under this plan a minimum of correspondence should be required but if officials continued to cause delays the position would become impossible when the front broke and the North opened up. He (the President) had asked Major Temple to get this Conference here to impress on him the importance and urgency of the position.

10. Berruti asked if the AC Commission had any proposals to make for improving the situation.

11. Major Temple suggested a time limit after which sanctions would be imposed on an official who failed to move.

12. Dott. Canara replied that if they had enough officials for the posts there would be no trouble but the great shortage of officials had made it very difficult to get any action. Officials were prepared to risk being sacked sooner than go to the North where conditions are very hard as they can't find lodgings or food and have to leave their families behind thus adding to their heavy expenses. He suggested that the financial conditions of Italian Government officials in A.M.G. territory should be improved in order to make the jobs more attractive. He suggested that the Finan ce A/C should double the present allowance given to officials in the territory.

0043

Declassified E.O. 12356 Section 3.3/NND No. 785021

Interview on : Provision of Italian Officials (Continued)

15. Major Temple said he would present any such proposition the Ministry wished to make to the proper authorities. This Sub Commission was worried about a possible breakdown in administration when the North was liberated and would help in every way possible. That was the reason for asking H.E. Berruti to come along again to discuss this matter.

16. Berruti said A.M.G. should give more encouragement to officials sent to A.M.G. territory. Double their allowances and, above all, establish a Mess for the officials. He suggested that they should be allowed to participate in existing AMG Officers Messes. Lett. Cavers referred to the fact that there, he said, all personnel of the Ministry were fed by A.M.G.

17. Major Temple promised to make inquiries about this suggestion. He realised that the chief difficulty in getting officials to move was an economic one.

18. Lett. Cavers said that if these proposals for feeding and paying officials were put in operation the Ministry of Interior could, with a clear conscience, enforce strict discipline on the officials who failed to move when ordered. At present they were not happy about taking to strict measures as conditions were so bad.

19. Major Temple asked H.E. to send a brief Memo on the financial proposals and he would present it to the proper authorities. In the meantime would H. E. look over the list of outstanding cases and see if some of them could not be cleared by the end of the week.

20. Berruti agreed to this. He pointed out that all the financial improvements decreed by the Italian Government for their officials had not been enforced in A.M.G. territory. This was having very bad results as officials were naturally unwilling to move if it meant a reduction in their allowances. If A.M.G. made conditions sufficiently attractive there would be no difficulty he thought in getting Prefectures staffed.

21. Major Temple said that the question of the implementation in A.M.G. territory of the financial decrees mentioned had already been taken up with the Labour H/Q They had been asked to have it done as quickly as possible and he would bring the matter up again with them. He thanked H.E. Berruti and Lett. Cavers for coming along and having this discussion.

SUBJECT: Consigliere SPEDINI Dott. Ferdinando.

24 March 1945

TO : His Excellency the Minister of the Interior.

Your Excellency:

1. Reference your letter of 16 March, file No. Div. Pers., Prot. No. 5000, the Allied Commission cannot agree to the transfer of Dott. SPEDINI from the Prefecture of Grosseto to any other Prefecture.

2. Any transfer at this time would require replacement which at the present time, you will agree, is difficult to bring about. Furthermore, it is felt that it would be unfair to the thousands of other loyal employees who stick to their jobs in these times of stress to grant the request of this official, which is based purely on personal family reasons.

3. Accordingly, the Provincial Commissioner is informing Dott. SPEDINI that his petition is denied.

SUBJECT: Note of Interview - Lt. Col. Hamilton, PC Grosseto.

DATE : 21 March 1945

1. I discussed the VFV situation with Lt. Col. Hamilton, and told him that in my opinion, it would be desirable, because of the administrative organization of the Prefecture and because of the possibility of the return of the province to the Italian Government within a few months, that FONTANELLI, the VFV nominated by the Italian Government, be accepted. I supplied Lt. Col. Hamilton with a copy of the letter from the Ministry proposing the selection of FONTANELLI as VFV, and also biographical details concerning the latter.

2. Lt. Col. Hamilton readily agreed with the proposition of having FONTANELLI sent down as VFV and asked me to take steps to that end immediately.

3. I explained the situation with regard to SPEDINI, Consigliere 1° classe, who had applied for transfer to Ancona, because of worries about his family in Trieste. Lt. Col. Hamilton said that he opposed this and that he would "dress down" SPEDINI severely. He would also give instructions that a record be kept of the performance of the work of SPEDINI and that if it showed no improvement, the man would be disciplined.

4. I told Lt. Col. Hamilton that I entirely agreed with this point of view, which was the way that we would have advised that the situation be handled.

REPORT N° 135

AC/14/1/RG

SUBJECT: Note of interview with Avv. MATI, Prefect of Grosseto

DATE : 21 March 1945

Interpreter, Hugo ---------- of PC's staff.

1. Prefect MATI informed me that of the 24 Communes, all have had Giunte formed at some time in the past. At the present time, all have Sindaci. In all but two, full Giunte are in operation. In the two Communes concerned, substitute members are being selected for those who have resigned and the Prefect expects them to be formally designated within a few days.

2. The Prefect stated that there are many changes in the composition of the Giunte, principally because the members serving do so at personal sacrifice and consequently cannot afford to hold office too long. However, he has no difficulty in finding new members.

3. There is a difficulty in finding persons who are willing to serve as Sindaci. This is due primarily to the facts that so many have Fascist backgrounds and many lack interest and ability for the job.

4. The Prefect believes that when a Giunta is in operation in any of the Communes, it operates well and is a good organ of local government.

5. The Deputazione Provinciale is operating well. There is a Provincial Secretary of the province who is quite satisfactory. The President of the Deputazione is also a competent person.

6. The Giunta Provinciale Amministrativa is functioning well. Its citizen members are very much interested in their work. In the selection of members of the various communal and provincial local government organs, due regard is had for representation of the various political parties. The Prefect said he works in close cooperation with the CLN.

7. The situation with regard to Segretari Comunali is not good. Practically all have Segretari Comunali Reggenti. Almost all of the old Segretari Comunali are persons who are subject to epuration. Their cases have been examined by the Prefect, in collaboration with the Delegate from the High Commissioner's office (VPI PESTA) and are being forwarded to Rome for consideration by the appropriate Epuration Commission. I informed the Prefect of the request we have made to the Italian Government to arrange for the holding of examinations for Segretari Comunali even in provinces not yet restored to the Italian Government.

431

8. The Prefect said that he lacks a VPV--that he needs a career official. He stated that GUIDA, Consigliere 1° classe, knows administrative detail better than PESTA, the VPI. He said that PESTA would have to remain as VPI because, as Delegate from the High Commissioner's office for epuration, he could not carry out that job while being VPV. The Prefect said he would like to have

0058

Declassified E.O. 12356 Section 3.3/NND No. 785021

GUIDA take over the functions of VPV. He agreed, however, that it would be better to have a VPV sent down from Rome. He believed that neither FESTA nor GUIDA would object to this arrangement, since a professional career man would be taking the office.

9. The Prefect states he gets along very well with FESTA, who is a hard worker. Much of FESTA's duties are now being performed in connection with epuration. Because of the lack of automobile tires, FESTA's inspectional duties are necessarily curtailed considerably.

10. The electoral booklets and forms have arrived in the provincial capital. The Prefect is making arrangements to distribute them to the Communes. The chief problems they have are with regard to foot and transportation. The Prefect believes that the legal rations are not sufficient. There is not much black market activity, however. The lack of tires seriously impedes the distribution of merchandise and food.

11. I asked the Prefect if I might see GUIDA. GUIDA was introduced to me and appeared to be quite disgruntled because his promotion has not come through as yet. I informed him of the situation in AMG Territory and assured him that he had nothing to worry about—that his promotion in grade would ordinarily follow without any loss to him when the territory was restored to the Italian Government.

12. I then discussed the matter of the request of SPEDINI to be transferred to Ancona (this information having been telephoned to me from Rome while I was in the Prefect's office). SPEDINI is a Consigliere 1° classe and is one of three Consigliere in the Prefecture. I informed the Prefect that we would not consent to the transfer if it were necessary to replace SPEDINI with another man from Rome or any other province. The Prefect said it would be necessary to replace him, but believed they could find a non-career man to handle SPEDINI's activities. These concerned public health, military services, forestry service, public utilities and mines. He said that SPEDINI is worried about his family in Trieste and his worries interfere with the proper performance of his duties. He is a capable official otherwise. He indicated that SPEDINI has many friends in Ancona, and that plus the fact that he would be nearer his family account for the reasons for his wanting to be transferred. The Prefect said he believed that SPEDINI was a relative of BARBUTI and that that probably explains how the Ministry knows about the request, without the Provincial Commissioner being informed thereon.

13. I informed the Prefect that SPEDINI ought to be ashamed of himself; that there were many in a worse position than he who had family worries, and that this was no reason at this time for making a transfer.

14. In conclusion, the Prefect said that the condition of local government in the province is generally good.

1. I refer to the Ministry's letter No. 15414/3101 Gabinetto, dated 10 March, and to Major Williams' conversation yesterday afternoon with the Chief of Cabinet.

2. I have not been able to trace on my records any communication addressed to the Ministry by this Sub Commission suggesting that any special or unusual inquiry should be made into the past of Dott. CARATTOLI: and in fact, I do not see any reason to deal with the case of this official in any special manner different from other cases in which officials have been suspended by Allied Military Government on the ground of their Fascist past.

3. I refer to the 3rd para of a letter I wrote to the Ministry on 22 January under the same reference. This continues to represent the views of the Allied Commission which are that they cannot consider Dott. CARATTOLI for re-employment in any sphere with which they are concerned until the results of epuration proceedings in respect of his are known.

4. Rather than have the Prefect Inspector General make such inquiry at Grosseto, it would appear desirable that Dott. CARATTOLI's case be submitted to epuration as soon as possible.

Reply to letter 4/1 of 28 February 1945.

With the above letter, the Commission communicated that it is the intention of the Provincial Commissioner of the Allied Military Government of Grosseto to entrust the functions of Vice Prefect Vicario of that Prefecture to Sig. Astor FESTA.

When this Ministry received the previous communication relative to the appointment of Sig. FESTA as Vice Prefect Inspector of the same Prefecture, it took the opportunity of expressing its views and refrained from committing itself as to the advisability of entrusting functions of such a strictly technical administrative character to personnel that has never belonged to the administration.

Considering the particular situation existing in the Prefecture of Grosseto, where the Prefect also has been chosen from outside the administration, and considering the fact that the views we expressed previously assume particular importance now in connection with the functions of Vice Prefect Vicario, to whom is entrusted the administrative management of all the services of the Prefecture, together with the Presidency, in the absence of the Prefect, of jurisdictional meetings on administrative matters and those pertaining to accountancy, this Ministry cannot agree with the proposal of the afore-mentioned Provincial Commissioner. 420

Indeed, taking account of the absolute lack of the minimum degree of cultural and professional preparation of FESTA, so much so that his activities do not give assurance of a normal operation of the services of the prefecture and of the local bodies of the Province, this Ministry must ask the Commission to try to prevent the execution of the Provincial Commissioner's measure.

SUBJECT : Province of Grosseto - Appointment of Vice Prefect Vicario — 28 February 1945

TO : His Excellency, the Minister of the Interior

Your Excellency,

1. I refer to previous correspondence regarding the above subject, and to the conversation Major Williams has had with Marchese PARENTI thereon.

2. I have since heard from the Provincial Commissioner, who is most anxious (and the Prefect also) that this appointment shall, in the interests of the provincial administration, be made as soon as possible.

3. As you are aware, difficulties have arisen in connection with previous efforts to find a suitable official, and the Provincial Commissioner now strongly advises me that the best solution would be to appoint Sig. FESTA, who, as you know, has been acting as Vice Prefect Inspector.

4. The Provincial Commissioner has reported to me at some length upon the work performed by Sig. FESTA in the above capacity and states that he has discharged his duties with complete success. He is of opinion that the present standard of the provincial administration and the state of civilian morale in the area are, to a large extent, due to the tact, firmness and efficiency which have been shown by Sig. FESTA during recent months.

5. It is appreciated that this province is in the area administered by Allied Military Government and that it is accordingly open to them to proceed with these arrangements. I bear in mind, however, that the original appointment of this official was made in collaboration with your Ministry, and having regard also to the arrangements under which we have worked in the past, I take the opportunity of acquainting Your Excellency of these intentions. I will welcome any observations you may have to make thereon.

6. It is, of course, clearly understood that the appointment of Sig. FESTA to discharge the vicarious functions will confer no permanent rank or grade and will indeed be on the same basis as that which applies to his existing

8. With the above arrangement, the position of Vice Prefect Inspecter will accordingly become vacant, and to this position it is intended to appoint Dott. I attach particulars of his professional and service experience. In this case also, it is agreed that the arrangement will not confer any permanent grade upon Dott. a. Signor FESTA, as will be seen, has considerable administrative experience. His excellent work here, where he performed all the duties of head of the civilian administration for the first and all-important 5 Months, entitle him to every regard. The present excellence of the administration and the high state of civilian morale are to a large extent due to his tact, firmness and efficiency.

b. The Prefect, Avv.MATI, has proved an excellent choice. He has, however, required a steadying hand and Signor FESTA, filling as he does three arduous posts i.e. Vice Prefect Vicario, Vice Prfect Inspector and Commissario for Epurazione, has provided it.

c. Accordingly I recommend that Signor FESTA receive the temporary appointment of Vice Prefect Vicario.

d. Doct.GUIDA, who has performed the work of Chief of Cabinet from the beginning, in my opinion would make an excellent Vice Prefect Inspector.

e. I hope these recommendations may be accepted. If so we would have the following pattern at the top :- 409

SUBJECT : Signor ARTE FESTA, Vice Prefect Inspector of GROSSETO.
Provincial Commissario for Epurazione.

TO : Regional Commissioner - TOSCANA Region -

1. I wish to bring to your notice the services of the above Italian Official with the request that they be brought to the notice of the Italian Government.

2. Signor FESTA has had 22 years in the Post Office where, despite his ante-Fascist views - he was sent out of AVELLINO Province in 1937 as "Politically undesirable - he rose to the post of Assistant Post Master for GROSSETO Province. He cannot be held therefore to be just a politician and has had long administrative experience.

3. It will be seen from the above para that Signor FESTA has behind him very adequate administrative and political experience. His first direct contribution to the war effort was the organisation here, under his Presidency, of the Provincial C.L.N. Under his leadership, as the Germans were withdrawing, 120 german soldiers were made prisoner and handed over to 36 Div. on their entry into the city. A.M.G. found the city adequately policed and guarded under Signor FESTA's leadership. A Sindaco had been chosen by him who was accepted by A.M.G. 5 Army and who still holds the post, having more than proved his worth. When the administration was handed over to me, I temporally appointed Signor FESTA to the irregular position of Commissario Straordinario of the Province, since a Prefect had already been requested from ROME but had not then arrived. With the occupation of PIOMBINO and LIVORNO the CC.RR. situation in GROSSETO became chaotic, but public order was maintained under Signor FESTA's wise leadership. Later, when the C.L.N.'s position was defined, Signor FESTA resigned from the Presidency and, on the arrival of the Prefect DE DOMINICIS I requested his temporary appointment as Vice Prefect Inspector, on the advice of the Principal Legal Officer 5 Army and he was so appointed, with the objection, which you will observe cannot be substained, that he had [illegible] administrative experience.

4. Signor FESTA undertook the arduous duties of Vice Prefect Inspector with tact and enthusiasm. My inspection in September 44 of all the Communes of the Province was organised by him and was a marked success. Apart from general supervision of this tour, when every Department of the Provincial Administration met and discussed problems with their counterparts in Communal Administrations, Signor FESTA took particular interest in Education and in the proper organisation of Communal Committees of Liberation. It is directly due to his firmness, tact and enthusiasm that these Committees have worked smoothly under the Provincial C.L.N. and have made a full contribution to the security and relative prosperity of the Province.

During this tour Signor FESTA also studied the question of prices and it is much to his credit that we can say that GROSSETO is the cheapest Province in ITALY.

5. At the conclusion of the tour Signor FESTA, in the dual role of of Vice Prefect Inspector and Vice Prefect had to complete with a situation which threatened to destroy all the work previously accomplished. The Prefect DE DOMINICIS was a stupid little man with an inordinate opinion of himself and a dictatorial attitude. It did not take long for him to fall

./.

Declassified E.O. 12356 Section 3.3/NND No. 765121

out with the C.L.N. with his whole administration and with me. Half my time was employed in trying to reform the Prefect and open conflict between him and the population was only avoided by Signor FESTA's tactful handling of the C.L.N. and the Communal Administrations. At this time he also was given the post of Commissario for Epurazione. Please see para 7.....

6. When it became necessary to suggest the name of a Prefetto Reggente for the Province on grounds of proved administrative ability and public influence there was no doubt that Signor FESTA had prior claim. It has always been considered, however, that it is of advantage to have an Avvocato as Prefect. Moreover the Aeremma is a peculiar part of ITALY. Its rather primitive and honest people have always preferred a leader chosen from among themselves. Eventually, therefore, I put forward the name of Avvocato MATTI as Prefetto Reggente and his nomination was accepted.

Signor FESTA, who is ambitious in the right way, had every right to feel slightly offended by this appointment. He, however, made no comment upon it but threw himself whole heartedly into support of the new Prefect, openly praising the wisdom of the appointment. Avvocato MATTI has done very well in his new post and is a most energetic and popular man, but his enthusiasm is inclined to lead both him and me into difficulties at times. Again we turn to Signor FESTA on these occasions and the difficulties are smoothed over.

7. In his work as Commissario of Epurazione he has been industrious and fair minded. His office is open, no one is turned away and all receive a courtly and generous hearing. At this time the preparatory stage of this task is almost completed. A good deal of delay is to be blamed on ROME, in the appointment of the Commission, but he has not wasted his time and the Commissions work will be much facilitated by his painstaking investigations.

406

8. Politically Signor FESTA is a member of the Communist Party. His brand of "Communism" is, in effect, Herbert Morrison's Socialism applied to the patchwork feudalism of ITALY. I have long studied Signor FESTA's politics. They are idealistic in the main, due to his broad-minded appreciation of the Problems confronting the various Italian social classes

He is on good terms with both landowing classes - he himself owns land in Southern ITALY - and with workers and peasants. He has given considerable thought to Herbert Morrison's "Horizons" and his reactions

9. It would, in my opinion, be much in the Italian interest to continue and confirm Signor FESTA in his present temporary grade of the Civil Service when the Italian Government taken over GROSSETO Province.

I consider him well qualified for advancement to the grade of Prefect and it is his type who will be found most useful in Northern ITALY when it is liberated.

SUBJECT: Note of Interview (Local Government S/C offices)

DATE : 9 February 1943 - 11:30 hours

PRESENT: Marchese PARENTI, Consigliere, Dir. Gen. Personale, Ministry of the Interior.
Major C. C. R. Williams, Local Government S/C
Signorina T. CARTANI, interpreting

1. Please refer to fo. 104 and 105.

2. PARENTI said the Ministry had had confidential information that the Prefetto Reggente of Grosseto, Avv. MATI, being a Left-Winger, would not welcome a man with SANDRELLI's background--see fo. 104. PARENTI described SANDRELLI as a sound official with no real Fascist background, as shown by the fact that the Epuration Commission have only decreed "censura" against him, for having obtained the distinction of "Duce's Moschetteer". PARENTI called him a "collector", meaning that he had a weakness for acquiring decorations: his record shows that none of his Fascist decorations have any real meaning.

3. I said the point had already occurred to me and I had written to our Provincial Commissioner to raise it.

4. PARENTI said the Ministry would propose that SANDRELLI should be sent to Ravenna, instead of Grosseto. They have already proposed to transfer the Vice Prefect CIAZZI from Ravenna to Perugia, and to send up in his place the Vice Prefect RUSSO from Ragusa. They now propose that SANDRELLI should be sent to Ravenna to replace CIAZZI and RUSSO brought up from Sicily to go to Grosseto.

5. I said there were two points about this. In the first place, I should like to consider whether it was wise to send a man with SANDRELLI's apparent Fascist record to so forward a province as Ravenna. Secondly, we had been informed that there was a career official at Grosseto available. We did not know his name or anything about him, but we had asked for particulars. If this local man should be suitable, it might be better to appoint him rather than to drag RUSSO up all the way from Sicily.

6. I said we would let the Ministry know our views when we considered these two points.

TO : 1 RO Tuscana Region (with copy for RO Grosseto).

1. I refer to your XVIII/64/1/236 of 28 January, enclosing copy of letter GO/54/83 of 26 January from RO Grosseto.

2. I fully appreciate the importance of getting a Vice Prefect Vicario in office at Grosseto as soon as possible, and I have done my best to get you one. I should like you to know what has transpired since I wrote you on the subject on 15 November 1944.

3. MANCINI was called up by the Italian Government from Palermo. Instead of coming, he asked for a postponement owing to illness in his family, in response to which the Ministry directed an examination by the Medico Provinciale. Then the change of Government occurred. It then transpired that MANCINI's nomination had political reasons behind it, and the new Government wanted to substitute another man.

4. The view taken here was that the new Government were attempting to put right some of the machinations of a member of the former Government not now in office. The Government's alternative nomination to Dr. MANCINI was Dr. APICELLA, at present at Rieti, and he was accepted.

5. This brings us to 28 December 1944. Since then, I have been trying to get APICELLA from Rieti to Rome, and he, in his turn, has pleaded sickness and the Ministry have ordered a medical examination. Yesterday, I received a letter from the Minister, stating that both the Medico Provinciale at Rieti and the Director of the Psychiatric Hospital had examined APICELLA and found him to be suffering from after effects of pleurisy and nervous breakdown and needing at least 90 days' sick leave. Obviously, another nomination is necessary.

6. The Ministry have in fact made another nomination, the Vice Prefect Inspector SANDRELLI, at present available in Rome. The Ministry state that he has very high professional qualifications and could fulfill the office at Grosseto satisfactorily. He has been submitted to epuration and adjudged "censure" only and I enclose copy of the English translation of the epuration judgment which the Ministry have sent me.

7. Normally we regard an epuration judgment awarding "censure" only as setting the official concerned at liberty for re-employment. In view, however, of the political complexion of Grosseto and the record of SANDRELLI as disclosed by the epuration judgment, I should like to have your views and those of the PC upon his suitability for Grosseto before coming to any decision.

8. As to the 4th para of your letter of 28 January, by all means appoint a local career man to the post of Vice Prefect Vicario, if there is one available. You may prefer to do this instead of accepting SANDRELLI. But in any event, would you be good enough to let us have the particulars of the local career official that you and the PC have in mind, giving short details of his career and his present grade. Please also let me know if he is in actual service in the Prefecture and if so in what capacity, ~~and~~ or whether he is merely living in Grosseto and not on provincial strength.

TO : THE ALLIED COMMISSION

SUBJECT : Prefecture of Grosseto.

Following previous correspondence we inform this S/C that the Vice Prefect dr. Alfonso Apicella, who had to pass, by order of this Ministry a medical control visit, has been recognized either by the Medico Provinciale and by the Director of the Psychiatric Hospital of Rieti wanting at least 90 days of rest being effected by residues of pleurisy and from nervous break down. For these reasons this Ministry has decided to "collocare in aspettative per motivi di salute" dr. Apicella and is arranging to send to Grosseto in substitution another official of Group A. Actually V.P.I. dr. Luigi Sandrelli is available; this official, for his very high professional qualities, might fulfil his job in a satisfactory way.

It is deemed, however, to notify this S/C that dr. Sandrelli had toundergo the epuration procedure because of his fascist merits and received the disciplinary punishment of "censura" which is the less serious according to the R.D. 30 decmbre 1923 N. 2960 on the juridical 406 of the civilien employees of the Government.

We are waiting for a kind answer.

Copy of the Epuration Decision is encluded.

The Epuration Commission of the Civil Administration of the Interior, composed by:

1) Ecc. De Ficchy Vincenzo - President

in the procedure of Epuration against Sandrelli dr. Luigi Vice Prefect, considered responsible having been antemarcia, marcia su Roma, squadrista, sciarpa littorio, moschettiere del Duce, having left for the North by ordor of Barracu, having been praised by the Segretario federale of Rome for his work done in the Inspectorate of the 1st zone of the local Fascio.

The Commission considerss that his fascist quelifications of antemarcia, marcia su Rome, sciarpe littorio and squadrista do not correspond to an effective real situation, as dr. Sandrelli has proved.

He has as well proved that he left for the North for the threatening order of Barracu, and that he remained there for very short time and after having returned to Rome he voluntarily procured himself an infirmity in order to avoid another order of departure. Dr. Sandrelli has also justified the work done by him (for which he received a praise from the Federation, as ~~with the only purpose~~ of welfare. Therefore all the afore mentioned charges cannot be matter of disciplinary sanctions.

On the other hand his beheviour for having requested and obtained the qualification of Moschettiere del Duce is reproachable, even if, as he stetes, with the only purpose of being admitted to a course of pilotage.

For the following reasons the Commissioner for epuration decides to give to Dr. Luigi Sandrelli the disciplinary sanctions of "Censura" for heving received the qualification of Moschettiere del Duce. ./.

Ritenuto responsabile perchè antemarcia,marcia su Roma,squadrista , sciarpa littorio,essere stato moschettiere del duce,essere partito per il Nord su ordine di Barracu,ed essere stato segnalato nel 1937 dal segretario federale di Roma per l'opera prestata presso l'ispettorato della prima zona del fascio della Capitale. -

La Commissione osserva che il dr.Luigi Sandrelli,Viceprefetto,è stato dall'Alto Commissariato deferito per l'applicazione della sanzione disciplinare della dispensa dal servizio,per aver rivestito la qualifiche fasciste di antemarcia,marcia su Roma,squadrista,sciarpa littorio,essere stato moschettiere del duce,essere partito per il Nord su ordine di Barracu,ed essere stato segnalato nel 1937 dal segretario federale di Roma per l'opera prestata presso lo Ispettorato della prima zona del fascio della Capitale.

Considera la Commissione che le qualifiche fasciste di antemarcia, marcia su Roma,sciarpa littorio e squadrista non corrispondono ad una effettiva situazione di fatto,come il dr.Sandrelli ha dimostrato.

Egli ha del pari provato di essere partito per il Nord,in seguito all'ordine minaccioso di Barracu,e di esservi rimasto per brevissimo tempo e, rientrato a Roma,di essersi volontariaente procurato una infermità per evitare un nuovo ordine di partenza.Il dr.Sandrelli ha del pari giustificato l'ope-

Onde tutti i suddetti addebiti non possono costituire materia di sanzione disciplinare.

Censurabile invece si ritiene il suo comportamento per avere chiesto e rivestito la qualifica di moschettiere del duce,sia pure al solo fine,come egli assume,di essere ammesso a frequentare il corso di pilota.

1. I understand unofficially that the nominee for the above post in GROSSETO has been promoted to the grade of Prefect and will not now be coming to us. The post is therefore still vacant. The Prefect is over working himself and, while I have tried to restrain him, he will continue to do so since he is the type who cannot leave an end untied.
The Vice Prefect Inspector is also too heavely worked and will suffer in time; he is doing not only his own job but the long and difficult job of Commissariat for l'Epurazione.

SUBJECT: Note of Interview with H. E. MICALI, Dir. Gen. of Personnel, Ministry of the Interior.

DATE : 22 January 1945

PRESENT: H. E. MICALI
Major H. R. Temple
Major C.O.H. Williams
M. M. Romano, interpreting

1. At the end of Major Temple's discussion with H. E. on epuration matters, I mentioned the following personnel movements:

2. VPI Rieti--We could not agree to SPARACIO. The Ministry have now nominated BRASSI (see file 4/1/251), but we did not have good reports of him and would have to reject him, too. We were writing to the Ministry to that effect today. Could we please have another nomination quickly, as this is a front-line and much damaged province which has been without an Inspector for a long time, and it is urgent.

3. We said we realized there was great difficulty in finding suitable Vice Prefects. We referred to the Italian practice of confiding the inspective functions to a Reg. Capo as an alternative to appointing a VPI. If it would assist the Ministry, we said we would be quite willing to consider a Reg. Capo for the inspective functions at Rieti, if they could find us an energetic and competent man. MICALI said he appreciated our suggestion but a VPI was really the better thing and he would try to get us one. We agreed but wished H. E. to understand that in other cases, he was always at liberty to suggest a Reg. Capo as an alternative.

4. VPI Lucca--Where is Dr. BARNO? He was accepted on 20 December and the Ministry telegraphed him on 9 January to come up from Bari. Was he sick or dodging? MICALI said no, BARNO had reported saying that he would come as soon as he could find some means of travel. I pointed out that it was 13 days since the Ministry had cabled and asked MICALI to keep an eye on the case and telegraph BARNO again.

5. VPI Grosseto--Where is APICELLA who has been ordered up from Rieti for this post? MICALI said they believed he was ill and were awaiting the report of the Medico Provinciale who had been out of the province for a few days, which was why it had been delayed.

391

6. VPI Florence--MICALI himself brought this up and referred to our rejection of PARISI on account of age. He said PARISI was really a competent and hard-working official. He had been VP at Palermo, which was comparable to Florence, and had done very well there. He then urged us to see PARISI and form our own opinion.

Declassified E.O. 12356 Section 3.3/NND No. 785021

7. We pointed out that the Prefect of Florence himself had expressed a poor opinion of PARISI and said he didn't want him. MICALI said the Prefect (PATERNO) was very keen to retain the present VPV GIULI and for this purpose he would naturally depreciate any alternative candidate. He said he was sure that was the reason for PATERNO's objection. We asked MICALI if, assuming we did send PARISI, he and PATERNO would get on together. H. E. looked somewhat doubtful but said he thought they would.

8. We said that since MICALI pressed it, we would see PARISI and let him know our impression. MICALI would arrange for him to call tomorrow, Tuesday, 23 January, at 10:00 hours

Your Excellency:

1. I refer to the Ministry's letter No. 5000 (Dir. Gen. Personale) of 3 January.

2. The position of Dott. CARATTOLI (as I am informed) became a Republican Fascist only for family motives and not out of honest conviction.

SUBJECT: CARATTOLI, Dott. Bruno, former VPV Grosseto--precis of papers on file.

20 January 1945

TO : Col. R. G. B. SPICER

FROM : Major C.G.R. WILLIAMS

1. Major Temple surveyed Grosseto province early in August and reported that the former VPV CARATTOLI had been dismissed by AMG. In forwarding copies of the report to RC, we inquired if the case against CARATTOLI was very strong and if his re-employment was outside further consideration.

2. The reply of the PC was that there was no doubt he collaborated with the Germans--local feeling against him was strong and he considered CARATTOLI's re-employment outside further consideration. On that, we informed the M/INT that on no account could he be considered for re-employment.

3. On 16 September 1944, CARATTOLI forwarded to the M/INT a statement asking for the removal of his AMG suspension, and alleging that the PC considered he could serve in some other province. The M/INT sent us this on 27 December. We referred it to the PC for observations: and we drew attention to the difference in the views expressed by the PC last August and those which, according to CARATTOLI's statement, he was now alleged to hold. On 3 January, the M/INT wrote again stating that the delegate for Grosseto province/the Assistant High Commissioner for Epuration had written the Ministry about CARATTOLI. This delegate appears to be the same person as FESTER, a non-career local politician appointed VPI by AMG. According to the Ministry's letter, the delegate stated that no case had been found justifying CARATTOLI's suspension, and suggesting its revocation and his re-employment--without prejudice to the definitive judgment of the Epuration Commission to be given later. This also has been forwarded to RC for comment.

4. The report of the PC has now been received with comments of RC at the foot. The outstanding point in this is the admission that CARATTOLI "became a Republican Fascist" not through honest conviction but merely to save his job. Yet both PC and RC--quite apart from the M/INT and the Grosseto representative of the Assistant High Commissioner for Epuration--all recommend him for re-employment.

3. ERCOLANI, the Prefect, was an ardent collaborator with the Germans. He has escaped to the North. Correspondence has been seized by the C.I.C. which clearly proves that he continually pressed the German Command and the CC.RR. for action against the Patriots. In one letter he congratulates the Command on the murder of 11 youths in a house at ISTIA and for the massacre of 90 miners at MICCIOLETA. As Prefect he also must bear responsibility for the murder of an American airman after the second attack on the GROSSETO air-field, the broad facts of which are as follows:-

a. The airman, slightly hurt, landed by parachute and wandered into GROSSETO City. His companions were killed. A crowd collected and three of the crowd attacked the airman one of whom is alleged to have stabbed him and he died in hospital. His body and those of his companions were buried in a common grave, but the Germans later disinterred the bodies and gave them proper burial.
Subsequent investigation shows the bodies to have all been mutilated before burial, one being cut into four quarters.

b. Three criminals, including the man alleged to have stabbed the airman, have been arrested and their trial by a Military Court is awaited.

4. A few days after our entry into GROSSETO City, CASATTOLI, the Vice Prefect, reported for duty. He was arrested. It appeared impossible for him to have been so closely associated with ERCOLANI and not to have been an accomplice in his collaborationist crimes. C.I.C. interrogated him and reported they had nothing to warrant his continued arrest. The C.I.C. however protested and they were informed that if they produced sufficient evidence against him to warrant his arrest he would be arrested. In the meantime he was freed.
On 25/9/44 I wrote the letter referred to Ref. XVIII/68/1/15 which gave the facts as they then appeared.

5. Signor PESTA, the Vice Prefect Inspector, and Commissario for Epurazione has taken pains with the investigation of CASATTOLI's case. From this it appears that, while he became a Republican Fascist, he did so for family motives and not through conviction. He kept himself as much as possible from unofficial contact with ERCOLANI and the Germans and in private expressed strong pro-Allied sympathies.

The C.I.B. are unable to bring any substantial case against him. His official connection with CECCHANI ensures his unpopularity locally and indeed it is difficult for anyone to believe that in his position as Vice Prefect in CECCHANI's administrationhe had no part in CECCHANI's offences. I am however assured by Signor FESTA that he does not propose to proceed against him. In view of this I wrote the letter of 5/12/44.

6. Ref. para 3 of letter AC/4/1/47/LG of Jan. 2nd, in view of the fact that no tangible charges can be laid here against CARATTOLI, either of collaboration or of responsibility for the above mentioned War Crime and in view of Signor FESTA's report above in para 4 of this letter I consider his employment here undesirable but see no reason against his employment under the Italian Government.

SUBJECT : Vice Prefect Inspector dott. Bruno CARATTOLI .-

The deputy, for the province of Grosseto, of the High Assistant Commissioner for the Epuration, has sent us the following letter dated the 20th of December :

"We inform you,that after further inquires made on Vice Prefect dott. Carattoli Bruno, we have found no elements that justify the order of his suspension,made on the 25th of August 1944 by the Allied Military Covermment .

We propose therefore, with the dew approval of the above-mentioned Provincial Commissioner, that the suspension be revoked, and re-take in office the afore-mentioned official, excepting the definitive judgment of the commission of epuration.

We also point out (it would be superflous to add him to the personnel because a Vice Prefect with vicarious functions has already been appointed here) that it is not advisable to retake in office at this Prefecture dott. Carattoli for local reasons."

Taking into consideration the above, we ask this Commission to kindly let us know if they have nothing in the contrary to the afore-mention official being appointed in one of the Prefectures under the juriadiction of the Italain Covernment.-

Before, therefore, I reply to the Ministry, I should much like to have a full report from Lt. Col. Hamilton containing his present views about CARATTOLI.

4. His application for transfer to Perugia could not in any case be agreed, as it is not the policy of this HQ to permit an official who has been suspended by AMG to be employed in another province under AMG jurisdiction. ROME

As it is known to the Ministry, the ACG Provincial Commissioner for Grosseto has suspended me from the appointment of Vice Prefect and from my wages on the 22nd of august 1944, and with effect from the 1st september 1944.

As that measure was, in my regards, based upon unfounded informations I have appealed to the "Commissario per l'epurazione"for Grosseto province and I gave him various and importants documents stating my complete innocence.

In fact the "Commissario per l'Epurazione" after having collected some suitable informations has immediately proposed the withdrawal of my suspensionm whilst the Province Commissioner has stated in writing that he does not see any valid objection being employed in administration elsewhere.

I therefore ask the Ministry :

1) the official withdrawal of my suspension as it seems implicit in the statement which I enclose a copy.

2) That consequently the Prefettura of Grosseto pay me not only the wages,reduced to lire 1683 monthly, but also the complete allowances with the increases and indemnities provided by the law; this is necessary for the maintenance of my family in such difficult moments.

3) That, at last, my request of being transferred to Perugia, be benevolently considered, in order to be able to assist my old mother (83) ill since some months ago.

with my regards.

R O M A

Come e' noto a codesto On.Ministero, il Commissario del Governo Militare Alleato per la provincia di Grosseto mi ha sospeso dalla "carica di Viceprefetto del relative stipendio" con provvedimento 22 agosto u.s. e con effetto dal 1° settembre u.s.

Poiche' tale provvedimento era, nei miei riguardi, basato su informazioni infondate, ho ricorso al Commissario per l'epurazione della provincia di Grosseto e gli ho presentato numerosi ed importanti documenti per dimostrare la mia completa innocenza.

Infatti il predetto Commissario per l'epurazione dopo aver assunto le opportune informazioni ha subito proposto che si venga "revocata la sospensione", mentre il Commissario Provinciale del Governo Militare ha dichiarato per iscritto che non ha alcuna valida obiezione da fare alla mia immediata riassunzione in servizio presso qualche altra Prefettura.

Mi permetto, pertanto, di richiedere a codesto On. Ministero :

1o) che si venga ufficialmente revocata la "sospensione", poiche' cio' mi sembra implicito nella citata dichiarazione, che porta la data del 5 dicembre u.s. e che allego in copia;

2o) che per conseguenza venga dato ordine alla Prefettura di Grosseto (da cui attualmente percepisco il semplice stipendio, ridotto a lire 7.600 mensili,) di corrispondermi, invece, lo stipendio intero con gli assegni e le indennita' di legge, cio' che mi e' necessario per provvedere al mantenimento della famiglia in questi difficilissimi momenti;

3o) che, infine, venga presa in benevola considerazione la mia domanda di trasferimento a PERUGIA, gia' da tempo presentata, allo scopo di poter assistere la mia vecchia madre (anni 83) da qualche mese ammalata.

Investigation by the Provincial Commissario for Epurazione shows nothing of great note against this man.

I do not want him in Grosseto but see non vlid objection to his being imployed in administration elsewhere.

Your Excellency:

1. I refer to the Ministry's letter No. 5000 (Dir. Gen. Personale) dated 13 December.

2. In the special circumstances of the case, no objection will be raised to the withdrawal of the nomination of Dott. Angelo MANCINI for this post and to the substitution of Dott. Alfonso APICELLA for him. Will the Ministry please, therefore, arrange for Dott. APICELLA to come to Rome to report to this Sub Commission so that arrangements may be made for him to travel to Grosseto.

VPV

3. At the same time, I am directed to point out to the Ministry that changes in nominations at the last moment, such as this, are unsatisfactory in that they delay still further the dispatch of much needed officials to provinces under the jurisdiction of AMG. Military necessity demands that the nominees of the Italian Government should be available to come forward to fill vacancies as soon as possible.

4. As soon as you have determined upon the nomination of the person to take the place of Dott. APICELLA at Rieti, please let me know his name with the usual particulars.

With the letter n. 5000/130 of the 15th of November, the Vice Prefect Inspector dott. Angelo Mancini, was pointed for the vicarious functions in the Prefecture of Grosseto and as a result of the authorisation of this Commission,with an order of the 24th of November, the afore-mentioned official was transferred to Grosseto.

But, as the reasons of incompatibility which ,at that time., suggested the transfer the transfer of dott. Mancini to Grosseto have ceised, the Ministry deems it advisable to keep him in office at Salerno, and to send to Grosseto in his place the Vice Prefect dott. Alfonso Apicella, who had been proposed,with a letter of the 6th of Dicember, to be transferred to Salerno to substitute Mancini.

We ask this Commission to kindly give us an answer on the above.

SUBJECT: Prefect of Grosseto.

TO : His Excellency the Minister of Interior.

Your Excellency:

1. I write you with regard to Dott. DeDOMINICIS who, it will be recalled, was nominated by your Ministry and appointed by AC to the above position in July last.

2. Within a short time of the new Prefect's arrival, it became evident to the Provincial Commissioner that the appointment was not a successful one, as DeDOMINICIS proved unsuited for the post.

3. In view, however, of the many calls which were being made on your Ministry for the supply of properly qualified Prefects and the difficulties caused by the shortage of such personnel, it was arranged that no change should then be made in the hope also that in the course of time the Prefect might fill the position more satisfactorily.

4. I regret to inform you that during the long and patient trial period which DeDOMINICIS has since had at Grosseto, no such improvement has occurred, and AC accordingly have no alternative but to decide that in the interests of the provincial administration a change of Prefect is essential.

5. I desire to make it clear that there is no complaint against DeDOMINICIS personally. The reason for the decision is that he unfortunately does not possess the capacity and personality essential for one holding the post, and as a result is not qualified properly to maintain before the public the importance and authority of the office.

6. In addition, I would mention that the administration of this province presents many difficulties. At present under AMG control the system is functioning satisfactorily and it is the desire of AMG that it shall continue to work in this way after its eventual restoration to your Government. I am advised that for the reasons mentioned above DeDOMINICIS is not sufficiently strong to insure the maintenance of the organisation and as a matter of fact much trouble is anticipated by the Allied Officers if he remains. This view of the future has been expressly borne in mind in making this decision.

7. I should be pleased to make the arrangements for his withdrawal in any manner which may be of convenience to your Ministry. I should be glad to know if it will be of any help to you if DeDOMINICIS, after relinquishing the post, is requested to report to your Department with a view to alternative replacement in a position for which his professional qualifications make him properly suitable.

8. With regard to his successor, AAG are in a position to appoint as Prefetto Reggente, Avv. MATI Amato. He is a native of Scansano and has always lived in the province. I am informed that he enjoys the trust and popular affection of the provincial public and is in all respects admirably qualified for appointment. He does not need a salary as he apparently has adequate private means. His appointment is strongly recommended by the Provincial Commissioner, and endorsed by the Regional Commissioner—and in accordance with our arrangement, I write to inquire if Your Excellency has any comment to make upon the proposed successor.

9. In the event of MATI being appointed, it will be essential to fill immediately the vacancy of Vice Prefect Vicario, and I should be grateful to have your nomination for this office as requested in my letters of 1 September (File ADC/1/8/1/Int) and 20 October (File ADC/4/1/47/16) to which I do not appear to have had a reply.

ALLIED MILITARY GOVERNMENT
HQ.s GROSSETO PROVINCE
TUSCANY

Grosseto, October 3rd, '44.

TO : Toscana Region.

SUBJECT : Prefect of Grosseto.

1. It is now two months since I promised to give further consideration to my request that De Dominicis, Prefect of Grosseto, be relieved.

2. De Dominicis has not the personality for his post. He is a small man of weak character. He is incapable of public speaking, or of making an appearance in Public, without being ridiculous.

3. The politics of this Province are left wing, De Dominicis is a royalist. The friction which occurred on his arrival between him and the Parties was temporarily checked by Capt. Temple and myself. It has, however, endured. While I am in charge here there is little likelihood on any situation developing since I have both his and the C.L.N. in good control.
As soon, however, as this province is handed over to the Italian Government, the explosions will start and I fear that all the work we have done which has resulted in the present calm and industry in the Province will be ruined.

4. I therefore ask if De Dominicis may be relieved. He is out of his depth here. He should have a post in a big office in a big city. He is a typical Fascist yes-man, looking forward to the exercise of powers which he will with out doubt mis use.

5. This Province requires a country-man as Prefect and a man who sympathises with the Parties but has no interest in any particular one and whose anti-Fascist record is clear.

Dear Colonel Spicer,

Herewith is a copy of the letter from Lt.Col. R.A.B. Hamilton, Provincial Commissioner GROSSETO Province, asking to have the present Prefect relieved, which I am sending to you in accordance with our conversation on Saturday.

As you know I did not forward this letter to you because I wanted Colonel Hamilton to exhaust every source of finding a suitable man for Prefect locally before asking for one from Rome.

I, therefore, am not asking for a Prefect to be furnished Grosseto Province at this time. If Colonel Hamilton is absolutely unable to find a suitable man locally, it will be necessary for me to ask for your assistance later.

SUBJECT : Prefect of Grosseto.

1. It is now two months since I promised to give further consideration to my request that De Dominicis, Prefect of Grosseto, be relieved.

2. De Dominicis has not the personality for his post. He is a small man of weak character. He is incapable of public speaking, or of making an appearance in Public, without being ridiculous.

3. The politics of this Province are left wing, De Dominicis is a royalist. The friction which occurred on his arrival between him and the Parties was temporarily checked by Capt. Temple and myself. It has, however, endured. While I am in charge here there is little likelihood of any situation developing since I have both him and the C.L.N. in good control.

1. I refer to your RVIII/68/1/128 dated 17 October.

2. A team of officials was asked for by signal on 29 July and this team left on 7 July with Lieut, Lewis (now Capt).

3. A letter (Ref. ACC/4/1/47/Int. of 6 July) was sent with this team explaining in para 5 that Dott. SPEDINI Consigliere di prima classe was recommended by the Italian Government to serve with the functions of Vice Prefetto Vicario.

4. When Capt. Temple surveyed the province in August he was informed that a Vice Prefect Vicario was required and on his return a letter was send to the Ministry of the Interior asking for a nomination for that post. The Ministry have so far been unable to supply a suitable official but have been ~~pressured~~ pressed to do so.

5. In view however of your letter referred to in para 1 and of your report that Dott. SPEDINI is not considered by you suitable for advancement at present the Ministry have been pressed again for an experienced Vice Prefect Vicario,

6. Your letter RVIII/68/1/119 of 17 Oct. to the HC Grosseto, copy to this Sub Commission, about a new Prefect is noted. If there is to be a change of Prefect , I should be glad to have the full facts, as it was understood from Capt. Temple that the PG would inform us further should DE DOMINIS not prove satisfactory. It would appear from your letter that he has not proved satisfactory, and that you are desirous of appointing a local man, in which case it will be necessary for us to apprise the Italian Government.

2. If it can be avoided I do not desire to ask ROME to furnish a Prefect. Surely there is someone in GROSSETO Province who is capable of performing the duties; who knows the local problems; and has the respect of the local people. Your chances of obtaining a good Prefect in a relatively sparsely populated and agricultural Province, when Prefects are needed for densely populated areas in the North, are very slim. It would be very much better to pick a man locally.

3. Please have another try at it, consulting representatives of all the local interests and see if it is not possible for you to obtain a candidate for Prefect who has a reasonable chance of being able to fill the position satisfactorily.

1. Reference your K/III/63/1/36 of 2 September, herewith I send you copy in English and Italian, of letter no. 5365 of 15 September from the Minister of Interior to this Sub-Commission setting forth the view of the Italian Government as to the appointment of Signor FESTA to the office of Vice-Prefect Inspector of Grosseto.

2. I cannot but agree entirely with the second paragraph of the Minister's letter: and one would have preferred it if some other appointment than that of Vice-Prefect Inspector could have been found. However, the case is an exceptional one and it is evident that Signor FESTA is a very useful man to have at the Prefect's elbow.

3. His appointment as Vice-Prefect Inspector is therefore confirmed and the Minister has been so informed.

4. Any formal appointment of FESTA should be made by the Prefect. It should be made quite clear that his appointment merely entitles him to exercise the functions of Vice-Prefect Inspector and does not give him any rank or grade in the Italian Civil Service.

5. It would be as well for some special attention to be paid to Signor FESTA's conduct in the duties of his office, in view of his lack of experience of the technicalities of administration.

With the above note the Sub-Commission inquired if this Ministry had any objections to the temporary appointment - decided by the Military Government's local authorities - of Mr. Antonio ~~FESTA~~ Aster as Vice-Prefect Inspector for Grosseto.

This Ministry must explain that as a rule the duties of Vice-Prefect Vicarious or Inspector must be carried out by skillful officials who have a thorough knowledge of technic and administrative work, together with all the endowment of impartiality, equilibrium and prestige, that are chiefly needed in the relationship with the administrators and employees of the local Bodies supervised by the Prefecture. This Ministry must explain that as a rule the duties of Vice-Prefect Vicarious or Inspector must be carried out by skillful officials who have a thorough knowledge of technic and administrative work, together with all the endowment of impartiality, equilibrium and prestige, that are chiefly needed in the relationship with the administrators and employees of the local Bodies supervised by the Prefecture. These qualities are the product of juridical and administrative study and of the experience acquired through a long career. From this we ought to conclude that officials having no experience with the administration are not wholly suitable for the appointment to the office of Vice-Prefect Vicarious or Inspector, particularly if they lack educational training, or if they come from other administrations whose organization and work are wholly different from those of the Prefectures.

286

However, in regard to the case under consideration, since the Sub-Commission has stated, through one of his Officers, that Mr. Festa carries his duties willingly and eagerly, and since enjoys the trust of the Provincial Commissioner, this Ministry has no objection to his continuing, under the supervision of the Sub-Commission, to carry on temporarily the office of Vice-Prefect - Inspector. It is, however , understood that this shall be a temporary assignment and that Mr. FESTA will not be included in the regular staff of the Prefectures Administrations.

OGGETTO Viceprefetto ispettore della provincia di Grosseto.

Codesta Commissione, con la nota sopradistinta, chiede se questo Ministero abbia da sollevare obbiezioni alla nomina temporanea del signor Astor Testa a vice prefetto ispettore di Grosseto, disposta dalle autorità locali del Governo Militare Alleato.

In via generale e di principio questo Ministero deve far presente che le funzioni di vice prefetto vicario - o ispettore - richiedono in chi le esercita una competenza tecnico-amministrativa ed un complesso di doti di obbiettività, equilibrio e prestigio da far valere specie sugli amministratori e sul personale degli enti locali soggetti al controllo della prefettura. Doti che derivano dallo studio delle discipline giuridiche e amministrative e dalla esperienza acquisita attraverso il lungo tirocinio della carriera.

Da tale necessaria premessa si dovrebbe

0244

Declassified E.O. 12356 Section 3.3/NND No. 785021

concludere che persone estranee all'Amministrazione non sono da ritenere completamente idonee ad esercitare dette funzioni, specie poi se esse mancano della necessaria preparazione culturale o provengono da amministrazioni aventi struttura e finalità del tutto difformi da quelle delle prefetture.

Tuttavia, per quanto riguarda il caso in esame, poichè codesta Commissione ha potuto constatare, a mezzo di un suo Ufficiale, che il signor Festa assolve i suoi compiti con volontà ed energia e poichè egli gode la fiducia del Commissario provinciale, questo Ministero non è contrario a che egli, sotto la vigilanza di codesta Commissione, continui provvisoriamente ad esercitare le mansioni delimitate di viceprefetto ispettore, senza, s'intende, che ciò costituisca alcun rapporto organico tra esso e la amministrazione.

Your Excellency,

1. I have been informed that the case against the former Vice-Prefect Inspector (with Vicario functions) Dott. CARATTOLI, Bruno who was suspended from office by AMG is very strong.

2. The question of the re-employment of the former Vice Prefect of GROSSETO - DR. CARATTOLI, Bruno has been referred to the PC GROSSETO and the following is the text of his reply:

> " There is no doubt that Carattoli collaborated with the Germans. A somewhat complicated case has been prepared against him for the Epurazione court and he will doubtless be tried, since feeling against him locally is strong. He is also likely to be concerned in a case involving the murder of an American Officer by Fascisti early this year. The Officer in question escaped from a burning plane and was stabbed after capture. This case involves the late Prefect, Ercolani, who has escaped us so far.

1. I am enclosing herewith copies of interviews Capt. Temple had with the Prefect, Vice Prefect Inspector, and Provincial Commissioner of Grosseto Province during his recent tour of the forward areas.

2. I also am attaching hereto a copy of a footnote (Translated) to a list of Prefectural employees sent to us by the Prefect through the P.C.

3. You will note that in para 3 of Report No.104 indicates that the Prefect told Capt. Temple that "a Vice Prefetto Vicario who was a career official was needed".

4. The present Vice Prefetto Ispettore (FESTA, Aster) is a non-career official who is of little help to the Prefect on Italian administrative matters, although on political matters he is of much use.

5. Before I ask the Italian Government to furnish a Vice-Prefetto Vicario for Grosseto, I would appreciate learning whether the case against the former Vice-Prefect, (Dr.CARACCIOLI, Bruno), dismissed by AMG, is very strong. Is his reemployment outside further consideration?

1. It is requested that a new Prefect be provided for Grosseto Province in the place of De DOMINICIS.

2. The Provincial Commissioner reports that in addition to being such an ineffective man that he is of very little assistance in reorganising the Province he suffers from the following defects:

(a). He is too fervent a Royalist.
(b). He does not understand the problems of a rural area.
(c). He is completely out of sympathy with the Committee of National Liberation which has the backing of most of the population of the province.

3. He has been given a good period of trial and as no improvement in his relationships in the Province has been noticed it is felt that the time has come to ask for a replacement.

TO : SCAO, 5th Army

1. Reference your Sitrep for period 2nd to 4th July, para 2 - Grosseto Province, which has just reached me.

2. This was no doubt written before the arrival on 8 July of the provincial team sent down by this Sub-Commission.

3. I notice that you refer especially to the Capo Gabinetto. This is a personal appointment of the Prefect's and is a matter of the internal organisation of his office. PO RIELLA could act as such, if desired.

4. If however another man is desired, I will arrange to send one down.

5. At the same time I am sure you will bear in mind that
(a) the team as sent to Grosseto was constituted on the advice of experienced officials of the Ministry of the Interior and is the standard skeleton team:
(b) the Government's resources of trained officials are still slender and it is very desirable not to draw on them unless absolutely necessary.

TO : Acting Vice-President, Administrative Section

1. Reference para 2 - Grosseto Province - of annexed AMG 5th Army Sitrep for 2 - 3 July.

2. Appendix A tabulates requests received from AMG and action taken by this Sub-Commission.

3. The gap from 1 - 6 July is due to: -
(a) the reluctance of PORTELLA and RUSSOLO to leave the comparative comfort of Cosenza and Potenza.
(b) an attempt at interference with the Cosenza official PORTELLA by Pietro MANCINI, the Minister of Public Works. His home is at Cosenza, where he was CLN Prefect and where his political influence centres. The Ministry of the Interior overcame this satisfactorily but in the meantime PORTELLA hung back.

4. The Capo Gabinetto mentioned in the Sitrep is not a rank or post in the official hierarchy but a personal appointment for the Prefect to make. It is a question of the internal organization of his office. PORTELLA can act as such, if desired and he was sent with that in mind. If however the Prefect wants someone else, I will send him.

5. Future teams are being drawn from officials actually in Rome and not in rear provinces.

6. The team as described in Appendix A is however, the standard team constituted on the advice of the Minister of the Interior: and we should not draw on Italian officials resources more than we are absolutely compelled.

7. I am writing to AMG 5th Army in the sense of paras. 4 and 6 above. 272

SUBJECT : Screening of Italian Government Personnel

TO : Colonel YOUNG

Following your instructions I have investigated DE DOMINICIS Adolfo and found the following :

DE DOMINICIS Adolfo was born on the 8th o of March 1897. He is a lawyer and a prefect since a short time. He was attached to the Ministry of Interior and particularly with the legislative branch. He was nominated prefect for Viterbo but was dismissed from this office after the evenings of September the 8th 1943. He is known to be an intelligent, cultivated person, very reserved and of a serious character . He has not carried any fascist honours and did not take an active part in the fascist party. He is acceptable from a security standpoint and also seems to have the technical qualification.
