8 MAR 48	6. Vice Prefect Inspector--I mentioned the need for one and also that the Ragioneria was over-staffed. I suggested that it might be possible to use one of the Capo Ragioniere as Provincial Inspector and thus save sending down another official. CALLERA agreed this was possible, but said they would first like to know who was actually in service at Siena. I agreed to write for a list of the names and grades of all officials serving in the Ragioneria. C. G. R. WILLIAMS Major Local Government Sub Commission	32

HQ TOSCANA REGION

It is quite true that the relations between Prefect BASSI and the Communists ~~are~~ ^{are} bad. I agree that MARINI Marco is a trouble maker and I am of the opinion that the Province would be better for his absence. It is evident to us that he is instigating illegal meetings through the Province but being an experienced agitator it has been impossible for us, at the moment, to bring this home to him. For instance: he publishes damaging remarks against the Prefect and exposes these in the passage leading to his Offices, which cannot be considered a public place, but is open to the public.

As regards Prefect BASSI, I strongly recommend that he does not return here: he is sick at present. He has not proved a success. He is weak and shirks responsibility. I agree he has a very difficult time. This has been represented to me by the C.L.N., also by various prominent Civilians in this Province and I agree. I feel that if a strong man could be appointed as Prefect, this Province would be much more settled, if both Prefect BASSI and Signore MARINI Marco were removed from it. I have no great opinion of Prefect MOZZI, designate for La Spezia, who has been filling the gap created by BASSI's absence. I regard him as weak and a shirker of responsibility. I feel that it is most important that if Prefect BASSI goes, MARINI should also, otherwise he will think he has won and will start on the next one.

SUBJECT: Note of interview - Ministry of the Interior

DATE : 5 May 1945 - 1100 hours.

PRESENT: Dott. Adalberto BERRUTI, Chief of Cabinet
Major Ralph R. Temple
Lt. D. MODIANO, interpreting.(A) DI VITA--VP Bologna.

Dott. BERRUTI stated that a representative of the CLN from Bologna has visited the Ministry and spoken about DI VITA, a career Vice Prefect who has been retained by AMG since the liberation of the province. This Vice Prefect has the full approval of BORGHESI, the CLN nominee for Prefect, as well as the Regional Commissioner, in large part because of his great activity on behalf of the partisans. Dott. BERRUTI said that this CLN representative was of a different opinion and thought that DI VITA ought to be removed because he had been serving under a Fascist regime. BERRUTI said that he was passing on this information in case the matter should come up.

(Comment: No action is to be taken on this matter until we are first asked to do something about it by AMG.)

(B) LORENZINI--Prefetto Reggente of Teramo.

Dott. BERRUTI said that he wished to advance LORENZINI's name as the Government's candidate for the position of Prefect of some small northern province, if we were called upon to supply one. I reminded BERRUTI that although LORENZINI was in the pool of Prefects, still in the list of Prefects earmarked for specific provinces LORENZINI was not included. I ventured the opinion also that LORENZINI was really neither fish nor fowl--that is, he was neither a local product nor a career Prefect. I ventured the acquaintance that the Provincial or Regional Commissioner would have of LORENZINI which would determine his possible utilization. BERRUTI agreed to all of this.

(C) Prefect of Siena.

BERRUTI recalled for my information the fact that Prefect BASSI of Siena had been replaced temporarily by NOZZI. He has been informed that BASSI is undergoing a surgical operation and will probably be unable to resume his work for some time. NOZZI, according to BERRUTI, is performing his job well and the population

case of a different opinion and thought that DI VITA ought to be removed because he had been serving under a Fascist regime. BERRUTI said that he was passing on this information in case the matter should come up.

(Comment: No action is to be taken on this matter until we are first asked to do something about it by AM.)

(B) LORENZINI--Prefetto Reggente of Teramo.

Dott. BERRUTI said that he wished to advance LORENZINI's name as the Government's candidate for the position of Prefect of some small northern province, if we were called upon to supply one. I reminded BERRUTI that although LORENZINI was in the pool of Prefects, still in the list of Prefects earmarked for specific provinces LORENZINI was not included. I ventured the opinion also that LORENZINI was really neither fish nor fowl--that is, he was neither a local product nor a career Prefect. It would depend upon the personal acquaintance that the Provincial or Regional Commissioner would have of LORENZINI which would determine his possible utilization. BERRUTI agreed to all of this.

(C) Prefect of Siena.

BERRUTI recalled for my information the fact that Prefect RASSI of Siena had been replaced temporarily by MOZZI. He has been informed that RASSI is undergoing a surgical operation and will probably be unable to resume his work for some time. MOZZI, according to BERRUTI, is performing his job very well and the population seem to be very well satisfied with him. He said that the Italian Government, therefore, wished to have the appointment extended indefinitely, if AMG had no objection. Although MOZZI had been in the pool of Prefects and was originally designated for La Spezia, his name actually had been advanced in the new list of earmarked Prefects submitted by the Italian Government. Consequently, we were not tied down by any prior commitments to effect a permanent assignment for MOZZI at Siena. I told him I would communicate with AMB authorities and inform him shortly.

(Comment: I am writing a letter to the Regional Commissioner on this point.)

(D) I left with BERRUTI a copy of the CIN's nominees for Prefects to date. He indicated that he knew the nominee for Asti, to wit GLACHERO, a Christian Democrat. He characterized him as a good man.

Dir. Generale P.S. Rome

Yesterday afternoon, on initiative of the "Unione delle Donne Italiane" a public meeting was held in this Teatro dei Roszi to celebrate the recurrence of the working women international day. About 800 women belonging to all parties but mostly social communists were assembled in the theatre.

The orators designated beforehand spoke at the meeting: Prof.ssa Guerrini Cina and Dott. Stella of the Action Party spoke on the concession of the right to vote to the women and on other achievements that the women should still obtain. The excopte of General Reatta was also condemned.

The program came so to a close without incidents, when somebody having noticed in the theatre the presence of the local secretary of the communist party, the so called Marini Marco, who however seems to be a certain Porcari of Parma, and not better identified so far, asked that he too should speak.

~~The~~ Marini pronounced a few words saying among other things that the right to vote had not been granted spontaneously by the Government, but had been extorted from the latter by the masses; that anyhow women should be placed in everything on the same level as men and that a new vision issued by the Prefect, ordering the dismissal of women from offices was to be criticized.

Following this statement some shouts of "down with the Prefect" were heard. Coming out of the Theatre about hundred women, overcoming the opposition of the public security guards making lot of noise and in an hostile mood reached the Prefecture where I was at the moment presiding the Committee for the Prices, trying to break in but without result. I ordered then opportune to receive a delegation of the demonstrators to explain that the provision issued by me on 10 January 1945 (see enclosure 1) about the gradual replacements, subject to due considerations, of the women holding temporary positions in public institutions and other bodies, replacements which were so far very little put in effect so much so that the press complained about it (enclosure 2) - had been taken on account of the strong and urgent insistence by the local Chamber of Deputies (see enclosure 3).

Gina and Dott. Stella of the Action Party spoke at the meeting. Prof.ssa Guerrini spoke on the concession of the right to vote to the women and on other achievements that the women should still obtain. The escape of General Boatta was also condemned.

The program came so to a close without incidents, when somebody having noticed in the theatre the presence of the local secretary of the communist party, the so called Marini area, who however seems to be a certain Porcari of Parma, and not better identified so far, asked that he too should speak.

Marini pronounced a few words saying among other things that the right to vote had not been granted spontaneously by the Government, but had been extorted from the latter by the masses; that anyhow women should be placed in everything on the same level as men and that a new vision issued by the Prefect, ordering the dismissal of women from offices was to be criticized.

Following this statement some shouts of "down with the Prefect" were heard. Coming out of the Theatre about hundred women, overcoming the opposition of the public security guards making lot of noise and in an hostile mood reached the Prefecture where I was at the moment presiding the Committee for the Prices, trying to break in but without result. I deemed then opportune to receive a delegation of the demonstrators to explain that the provision issued by me on 10 January 1945 (see enclosure 1) about the gradual replacements, subject to due considerations, of the women holding temporary positions in public Institutes and other Bodies, -replacements which were so far very little put in effect so much so that the press complained about it (enclosure 2) - had been taken on account of the strong and urgent insistence by the local Chamber of Labor (see enclosure 3) whose representative is a certain Cecchi Luigi, a socialist, and in full agreement with the local Committee of Liberation; I explained further that this provision did not concern the daughters or widows of invalids or mutilated soldiers in the war, the orphans of those who died in the war and all other persons who appeared to be the only support of their families and not owing any property. I explained that the provision was aiming to the gradual settlement of very many young people holding certificates of education, who on account of the war were still unemployed, though having a family to support, and that therefore I thought said provision adequate to meet the situation of the moment.

In spite of the explanations given by me, the women started to shout against me and the Government, showing little understanding and discipline. However, once the delegation departed from the Prefecture, the demonstrating women were sent away without any incidents by the public safety agents. It was evident though that the demonstration which had taken place had been pre-arranged at the close of the meeting by the leader of the communist party whose secretary Marini, having known himself to be a trouble-maker acting on bad faith and excessively partisan never lets an occasion go by, both in the capital and in the province, to instigate the party members against me, who am day in and day out anxiously striving to give the population the greatest possible welfare and seeking by order and discipline to make possible a effective reconstruction indispensable to the rebirth of the Country in the new atmosphere of liberty and true democracy.

47B

-2-

I cannot help bringing to the attention of your Excellency the fact that the persistently sabotaging actions of a partisan character of Marini are impeding the achievement of those aims, which following superior directives I am with great efforts trying to attain.

His political behaviour is so arrogant that also the other parties can hardly bear it, and in order to keep the peace are sometimes obliged to yield to his bullying. I understand that H.M. Cavolotto on the occasion of his visit to Siena has also been informed of the situation which I have outlined above.

The same Allied Authorities have many times arrested him in order to pinch him, but he can act with such cleverness that so far he always succeeded not to be caught in flagrant violation of the orders issued by the same Authorities.

I believe therefore that his removal would cause the political situation of the entire province to improve.

At any rate it is certain that I cannot continue in my task requiring a serene devotion to the office under the continuous attacks directed against me in bad faith by the aforesaid secretary. It is for this reason that I take the liberty of asking the high intervention of Your Excellency in order that you should examine the possibility of obtaining that Marini be removed from his post or be removed from Siena. If that would not be possible I am asking your Excellency to be replaced or placed on the retired list.

Respectfully yours,

Ieri nel pomeriggio, in questo Teatro dei Rossi, ad iniziativa dell'Unione delle Donne Italiane, fu tenuta una pubblica riunione per celebrare la ricorrenza della giornata internazionale delle donne lavoratrici. Nel Teatro erano convenute circa 300 donne di ogni partito, ma in prevalenza social comuniste.

Parlarono gli oratori designati : Prof.ssa Guerrini Cina ed il dott. Stella del Partito d'azione sulla disposta concessione di diritto di voto alle donne e sulle altre conquiste che queste ancora dovranno ottenere. Fu anche stigmatizzata la fuga del Generale Roatta.

Il programma aveva così avuto termine senza incidenti, allorché, do taluno, notata nel teatro la presenza del segretario locale del partito comunista, sedicente Marini Marco - che sarebbe invece tal Porcari da Parma, non meglio per ora identificato - richiese che anche questi parlasse.

Il Marini pronunciò brevi parole dicendo fra l'altro che il diritto al voto non era stato concesso spontaneamente dal Governo ma era stato a questo strappato dalle masse, che comunicò le donne devotamente tutto e per tutto essere parificate agli uomini e che ora da criticarsi un a disposizione del Prefetto che stabiliva il licenziamento delle donne dagli Uffici.

A seguito di questa affermazione vennero emesse grida di "abbasso il Prefetto". All'uscita del Teatro un centinaio di donne, superando la

resistenza delle forze pubblica, si portarono schiamazzando e con atteggiamento ostile e provocatorio alle prefettura, dove io stavo presiedendo il Comitato dei prezzi, tentando invano di penetrarvi. Ritenni opportuno ricevere una commissione di esse per chiarire che la disposizione da me emanata il 10/1/1945 (vedi allegato 1) circa la graduale sostituzione, con i dovuti temperamenti delle donne avventizie negli impieghi pubblici ed altri enti, sostituzione che ha avuto finora scarsissima applicazione tanto che le stampe se ne è rammaricata (allegato 2), era stata presa dietro vive e pressanti insistenze della locale Camera del Lavoro (vedi allegato 3), il cui rappresentante è' tel Cecchi Luigi, socialista, ed in pieno accordo con il locale Comitato di Liberazione; che la disposizione non riguardava le figlie o vedove di mutilati e invalidi di guerra, le orfane di caduti e tutte le altre che risultavano unico sostegno di familiari e prive di beni di fortuna; che esse mirava alla graduale sistemazione dei moltissimi giovani, forniti di titolo di studio, che a causa della guerra si trovano tuttora disoccupati, pur avendo famiglie a carico, e la ritenevo perciò' adeguata alle situazione del momento.

Nonostante gli schieramenti da me forniti le donne si sono lasciate andare a manifestazioni verbali contro di me e contro lo stesso Governo, dando scarso senso di comprensione e di disciplina.

Comunque, uscita la commissione dalla prefettura, le dimostranti furono fatte allontanare senza incidenti dalla forza pubblica.

E' evidente pero' che la inscenata dimostrazione era stata preordinata al termine del comizio del dirigente del partito comunista, il cui segretario Merini, rivelatosi agitatore in mala fede ed eccessivamente fazioso, non tralascio occasione, sia nel capoluogo che in provincia per sobillare gli iscritti anche contro di me, che diuturnamente mi fanno per procurare alla popolazione il maggior possibile benessere e per cercare che, nell'ordine e nella disciplina, si possa intraprendere quella fattiva ricostruzione indispensabile alla rinascita della Patria nel nuovo clima di liberta' e di vera democrazia.

Non posso fare a meno di rappresentare a V.S.Ill.ma. che l'azione

3) 47E

Persistentemente faziosa e sabotatrice del Marini impedisce la realizzazione delle finalita' che, seguendo le superiori direttive, io cerco faticosamente di raggiungere.

Il suo comportamento politico e cosi' arrogante che anche gli altri partiti mal lo sopportano e per quieto vivere sono costretti qualche volta a cedere di fronte alle sue prepotenze: di quanto effermo mi risulta che sarebbe stato anche recentemente informato S.K. Cevolotto in occasione delle sue venute a Siena.

Le stesse autorita' alleate lo hanno piu' volte arrestato per cercare di colpirlo, ma egli sa agire con tale astuzia che e' riuscito finora a non incappare nella violazione palese delle ordinanze emanate dalle stesse Autorita'.

Ritengo quindi che il di lui allontanamento migliorerebbe la situazione politica della intera provincia.

E' certo vero che io non posso proseguire nella mia opera, che richiede serena dedizione all'ufficio sotto i continui attacchi in materia del predetto segretario. Eppure mi permetto d'invocare l'alto intervento della S.V.Ill.ma perche' voglia compiacersi esaminare la possibilita' di ottenere che il Marini sia rimosso dalla carica e allontanato da Siena. Qualora cio' non fosse possibile chiedo alla S.V.Ill.ma di essere sostituito o collocato a riposo.

ORGANO SETTIMANALE DELLA CAMERA INTERNAZIONALE DEL LAVORO

DISOCCUPAZIONE

La Prefettura ha emanato la seguente circolare N.25/138/Div.II in data 11 gennaio 1945.

.

A quanto risulta, pure essendo passati una quarantina di giorni, non e' stato preso nessun provvedimento e le cose seguitano a procedere come prima. Tre, quattro persone della stessa famiglia, figlie di funzionari di alto grado, signorine impellettate, pensionati remunerati con pensione, se non laure, almeno possibili per una modesta vita, continuano a ricoprire i loro posti, mentre ci sono tanti disoccupati che dopo aver sofferto per anni i disagi di una guerra non voluta, restano privi di ogni possibilita' di lavoro, languendo da mesi e mesi nella miseria piu' nera.

Un vivo fermento regna fra loro e piu' non valgono le loro raccomandazioni di non trascendere ad atti che potrebbero turbare la tranquillita' cittadina: questi affamati sono stanchi di attendere e se non si prendono provvedimenti tempestivi, sia negli uffici pubblici che in quelli privati per cercare di alleviare le loro disagevolissime condizioni, le cose potrebbero complicarsi.

Ci pensi chi di dovere e non si dimentichi che la fame e' una cattiva consigliera.

471

(COPI)

DISOCCUPAZIONE - SIGNORESSE NEGLI UFFICI

Vivo e' il fermento tra i disoccupati, specialmente tra coloro che hanno titoli di studio e dopo essere stati tanti anni sotto le armi si vedono preclusa ogni possibilita' di lavorare mentre gli Uffici sono pieni di personale femminile,

Rinnoviamo l'invito di emettere un decreto prefettizio nel quale sia impartito l'ordine di immediata sostituzione di tutto il personale femminile (salvo i casi di provata assoluta necessita') con personale maschile, in tutti gli uffici pubblici e privati per evitare che i disoccupati giungano a dimostrazioni pubbliche di protesta che verrebbero a turbare la tranquillita' cittadina.

Ref. : Div. Gab. No. 6/391
To : Provincial Commissioner, A.M.G., Siena Province.
Subject : Vice Prefect Inspector.

After the Vice Prefect Inspector, Dott. LUIGI PARINA, has been appointed to discharge the functions of Vice Prefect Vicario, the inspecting service in the Province has been performed partially by him and partially by officials from the Accountancy Section to the extent of inquiries and appraisements of a financial and bookkeeping kind only, as far as the latter are concerned.

I would not consider it proper to use as Inspector one of the officials from the Accountancy Section who, though quite experienced in their own merely technical branch, cannot be furnished with the training, intuition and political sense especially required by the present hard moment so ticklish from a political standpoint.

On the other side, the officials actually assigned to the Accountancy Section are not in excess considering the rather hard work a/m Office has to carry on, one of them being also entrusted with the charge of Commissario Prefettizio in one of the Province's Communes.

Therefore, were it impossible to have a Vice Prefect Inspector assigned to this Prefecture, I am of the opinion that it would be convenient to go on having the inspective functions discharged by Dott. Parina and the Accountancy Section's officials within the branches of each one's own competence.

H/w attached is the list showing names of Accountancy Section's officials as per your request.

Allegati, uno

Dopo che il Vice Prefetto Ispettore Dott. Luigi Parina e' stato incaricato delle funzioni di Vice Prefetto Vicario, il servizio ispettivo in Provincia e' stato compiuto in parte da lui e in parte da funzionari della Ragioneria, limitatamente per questi ultimi, ad indagini ed accertamenti di natura finanziaria e contabile. Non ritengo opportuno affidare l'incarico di Ispettore ad uno di i funzionari della Ragioneria, i quali, mentre sono molto competenti ed esperti nel loro ramo puramente tecnico, non possono essere provvisti della preparazione, dell'intuito e della sensibilita' politica necessari per ad disimpegnare dal lato politico. Del resto i quattro funzionari adetti attualmente alla Ragioneria non sono troppi di fronte al lavoro assai gravoso che quell'ufficio deve ora svolgere, tanto anche presente che uno di essi e' Comissario Prefettizio di un Comune. Percio' ove non sia possibile ottenere l'assegnazione a questa Prefettura di un Vice Prefetto Ispettore, sono d'avviso che convenga continuare a ripartire le funzioni ispettive fra il Dott. Parina e i funzionari della Ragioneria, per i settori di rispettiva competenza.

Allego comunque l'elenco dei funzionari di Ragioneria richiesti.

1. I recently visited the Prefecture of Siena, where it was brought to my attention that the Cons. MATTEUCCI Dott. Ruggero, formerly in service at that Prefecture, has recently been called up to the Army. He is considered at Siena to be a highly competent official, and the loss of his services is seriously felt ~~at Siena~~ ^{in the}.
2. While appreciating the policy of the Italian Government as to the call up of certain classes to the Army, I would like to ask the Ministry to examine the possibility of Dott. MATTEUCCI being released from the military service and returned to his former duties as Consigliere at Siena.
3. I have asked to be supplied with a list of the names and grades of the Ragionieri now in service at Siena, so that the possibility of utilizing one of them to perform the inspective functions can be examined. If it should not be thought desirable to take this course, then it will be necessary to ask the Ministry to assign another official for this purpose. Both the vicarious and inspective functions are at present being discharged by the Vice Prefect Inspector Dott. MARELLI. It is desired that he should continue to exercise the vicarious functions and that another official should be made available to act as Inspector.

1. On my recent visit to Siena province, one or two points arose which I have taken up with the Ministry of the Interior.

2. Vice Prefect Inspector: I mentioned the need for an official to discharge these functions at Siena. At the same time, it is noticed that the accountancy section of the Prefecture is over-staffed. Accordingly, the possibility of using an official from this section as Provincial Inspector and so avoiding sending down another official from Rome deserves consideration. To enable this probability to be examined further, would the R please have his Prefect prepare a list stating the names and grades of all the accountants serving at the Prefecture (including PIRIO) and send it to this Sub Commission.

3. For all application is being made to the Ministry of the Interior for Cons. M. TOSCANI to be discharged from the Army and returned to service in Siena.

4. It has been ascertained that the Vice Prefect PARINA is of Vice Prefect Inspector's grade, i.e. Grade VI. His appointment by AMI, therefore, to discharge the functions of Vice Prefect Vicario (Grade V) cannot affect his permanent grade: it is merely a temporary assignment of the functions of the higher office. It is desirable that PARINA should be under no misapprehension about this.

SIENA PROVINCE

19th February: Interview with Provincial Commissioner, Lt. Col.

E.H.J. NICOLLS, ISO., K.C.

1. Col. Nicolls stated that the Prefect, Dott. Bassi, was a weak and frightened little man, who did what he was told, but very little else, and possessed little or no initiative. He feels strongly that when AMU leave the Province, Prefect Bassi will be a very doubtful quantity. He admits that he himself recommended Bassi for promotion, since he thought that the added promotion would give him strength.

2. The Prefect reports that Dott. Luigi Parina, a Vice Prefect, is performing both the duties of VPV and VPI. Parina is stated to be an excellent VPV, but I cannot ascertain accurately what grade he is. In so far as I can understand Parina was promoted to Grade 5 by order of the PC, which is of course incorrect. The Prefect tells me and the PC agrees, that he is very badly in want of a VPI, and we must bring this to the notice of the Italian Government.

3. The IP is functioning well and meeting regularly. In regard to the CCs, out of 36, 31 are functioning with Sindaci.

4. The title of official Segretario Provinciale is not recognized by the Prefect Dott. Bassi, but he has an official by the name of Dott. Hugo Cheli, whom he terms Segretario Generale. I think that one of the Sub Commission officials might clear this very small point up with Dott. Camera.

The Duration Committee has not yet started and the PC is most

which is of course incorrect. The Prefect tells me and the PC agrees, that he is very badly in want of a PPI, and we must bring this to the notice of the Italian Government.

3. The DP is functioning well and meeting regularly. In regard to the GCs, out of 36, 32 are functioning with Sindaci.

4. The title of official Segretario Provinciale is not recognized by the Prefect Dott. Basili, but he has an official by the name of Dott. Hugo Cheli, whom he terms Segretario Generale. I think that one of the Sub Commission officials might clear this very small point up with Dott.

Camera.

5. The Duration Committee has not yet started and the PC is most **574** anxious that it should do. The President, a Signore Alvares Montigiani has been approved, but the other two members of the Provincial Committee, although nominated, have not been approved from Rome, with the result that nothing has transpired at all in regard to Duration. The two names submitted to Rome were Aldo Bonicome, a member of the Action Party, and Bruno Moscuoci, a Communist.

6. Comm. di Lib. The Committee reports that although these people had to be handled firmly they are now really cooperating, having learned their lesson, and are of help to the PC. In fact, he, the PC, uses them in many cases to settle differences with success.

/The PC

2.

7. The PC recently held a meeting which was attended by representatives from every Commune, together with the Sindaco in which he, the PC gave the meeting clearly to understand that the Prefect was the head of the Province, and that they must all look to him, the Prefect, for all direction and Government instructions, and in fact executive direction.

8. Consigliere to Siena. A Dott. Ruggiero Mattencini was called up from his appointment as a Consigliere to the army. He is an 8th Grade official. He is reported to be a highly competent official and it seems to me that an official who is so well reported on can fill the space from the administration. I suggest that we take this matter up with the Minister of the Interior in an endeavour to get him out of the army and re-posted to the administration.

9. *Pao*, A Vice accountant, is not wanted by the Prefect who already has four, including two Capo Ragioniere. The senior Capo Ragioniere is 64, his name is Porconi Vincenzo. I am informed that he, although an efficient official in the past, now does very little work and I should have thought that he might have made way for a younger man.

10. Siena G.C.: The Sindaco is Ciampolini, and both he and the Giunta of the City are reported to be working well.

11. The Provincial Commissioner informs me that the Marchese Origo, who is the Sindaco of Chianciano, is a particularly fine type of Italian land owner, and is of considerable help to him in the administration to the

posted to the administration.

9. *Pero*. A Vice accountant, is not wanted by the Prefect who already has four, including two *Capo Ragioniere*. The senior *Capo Ragioniere* is 64, his name is *Porceni Vincenzo*. I am informed that he, although an efficient official in the past, now does very little work and I should have thought that he might have made way for a younger man.

10. Siena G.C.: The *Sindaco* is *Ciampolini*, and both he and the Giunta of the City are reported to be working well.

11. The Provincial Commissioner informs me that the *Marchese Origo*, who is the *Sindaco* of *Chianciano*, is a particularly fine type of Italian land owner, and is of considerable help to him in the administration to the area.

12. Summarizing these notes, I would say that there are three things that require attention in regard to Siena Province: (1) the supply of a VPI; (2) the checking up of *Parina's* grade promotion, which seems to me to have been improperly made and (3) an examination of the position of the ~~Capo~~ *Ragioniere*, since this Province would seem to me to be very generously supplied with them against shortages in other Provinces.

As the State Archives of Siena have been damaged and looted by the Germans and in extreme need of have the funds there deposited, set in order again, this Ministry has decided to send Dott. Passeri Vincenzo, State Archivist of the Prefecture of Terni, to meet these necessities.

This measure was taken also in order to send back to his original office a worthy official, all the more useful for this office as he is a native of Siena and his family is domiciled in that town.

12 July 1944

SUBJECT: Italian officials for SIRM, etc., Provinces

TO: His Excellency the Minister of the Interior

Your Excellency:

1. I write to confirm the conversation between Capt. Williams and Dr. Camera which took place at Salerno on 6 July.

2. This Sub-Commission has been warned by AMG to get ready to provide skeleton administrations for the provinces of:-

SIRM
LIVORNO
PISA

APUNIA
LUCCA
PISTOIA

3. In view of a report that has just arrived I am writing you a separate letter about SIRM.

4. As to the remaining five provinces, recent experience shows that the possibility must be faced of having to organize complete new teams of senior officials for each of them. The Government is accordingly requested to nominate the required personnel now and to have them ready to proceed to any one of these provinces at 24 hours notice. It can be assumed that a new Prefect will be needed in every case. We must therefore be ready with nominees for all the provinces. From the point of view of the Allied Control Commission, there is no reason why the Prefects already nominated by you for PERU, ASCOLI, TERAMO and PESCARA should not be considered as available for other provinces, since they have not so far been called upon for those provinces for which they were originally named. The basic idea of having such a list was that it would constitute a "pool" from which a Prefect could be drawn for whatever province might need one.

5. If you agree that Drs. BIANCUROSSO, DONADU, PONTE, and PATRINO are available for the five provinces now under consideration, I need only ask you for the names of four more Prefects - I say four in order to have some slight reserve for future cases. Otherwise it will be necessary to have eight more names.

6. As to other officials, I presume each team should consist of the following in accordance with your Ministry's advice on previous occasions: -

- A Vice-Prefect Vicario - or a Consigliere to act as such
- A Consigliere or Primo Segretario
- A Ragioniere

Please confirm or otherwise.

7. You have already given me the names of three officials working at the Ministry - Drs. CAPRICCIO and MURILLO and Ragioniere CUBOIONE - who can, with a Prefect, form the first team. The necessary investigations are being made as to these. Please let me know as soon as they arrive in Rome and their private addresses in the capital.
8. I understand we should be ready as soon as possible with two other similar teams, consisting of officials actually living or working in Rome. We shall thus be ready to send parties to at least three of the five provinces in question, as and when they are called for; and we shall thereby gain a little time in which to organize teams for the remaining two provinces in case of need.
9. Will you please therefore let us have as quickly as possible the names of the six officials required.
10. In all cases - Prefects and others - will you please supply short biographical details, as in previous cases.

SUBJECT: Officials in Siena Province.

TO : HQ, ACC Interior Sub-Commission.

1. The Provincial Commissioner, Siena, reports that all senior officials are present except the Prefect. The Vice-Prefect Commendatore Vincenzo BASSI is reported to be an efficient man and the Provincial Commissioner is prepared to carry on for the time being using him as acting Prefect. However the Italian Government will no doubt wish to make a new appointment to the position of Prefect in due course.

2. The Questore was absent when the city was first entered but has now returned: he is being retained for the time being and will be given a trial to see if he is satisfactory and locally acceptable.

3. The Provincial Commissioner has been instructed to furnish a nominal roll of the senior officials which will be sent on to you in due course.

4. A search is being made for a suitable man for appointment as Sindaco of Siena commune. It is felt more satisfactory to find a local man if possible and an outside man will only be asked for if an exhaustive local search is unsuccessful.

SUBJECT: Italian Provincial Officials.

TO : HQ, ACC, Interior Sub-Commission.

1. If operations proceed at the pace which is at present anticipated the problem will very shortly arise of reorganising the Italian Provincial Administration of the thickly populated Provinces which lie ahead.

Attention is drawn to the fact that the four Provincial Capitals of Livorno, Pisa, Lucca and Pistoia, which all lie on approximately the same latitude, are likely to be occupied almost simultaneously, and that the Provincial centre of Apuania is likely to follow a few days later. The fall of Siena can be expected before the end of this month.

2. It is impossible to forecast at this stage how much of the former administration will be found in existence: in the case of Viterbo most officials were found present and to be satisfactory for temporary reappointment, whereas recent experience at Grosseto, where all Provincial Officials had fled, forces us to the conclusion that we must be prepared to face the possibility of having to organise a completely new team of Senior Provincial Officials for all these six Provinces.

3. It is therefore requested that the Italian Government be directed to nominate and have ready on call the necessary personnel, so that there may be the minimum possible in restarting the Italian Administration when the Provinces are occupied. We will keep our demands down to the minimum but it can be taken for granted that a new Prefect will be needed in every case.

4. As has been done hitherto, you will be sent information as soon as possible after occupation on the conditions found in the places mentioned above.
