1. Reference folio p. 82, in which RC Liguria asks for the submission of names of one or more career Prefects as candidates, along with local men, for the Prefecture of Lucca. I do not question the judgment of the Provincial Commissioner nor the RC as to the desirability of changing Prefects, in view of the political conduct of the present Prefect. As a matter of fact, I feel the position is well taken. However, in view of the imminent turnover of the territory to the Italian Government, it would seem to me to be unfair to ask the Ministry to submit the names of several career Prefects who will be candidates, knowing full well all the time that the possibility of their acceptance in competition with local persons is very slight. All this does is to discredit the Italian Government and lessen its prestige more and more.

2. I believe it would be preferable either to reply to RC to handle the situation locally or suggest that if he desires a career man whose name would be submitted by the Government he should be prepared to accept the latter. If you agree, I propose writing a letter along these lines.

AFO 394
LOCAL GOVERNMENT SUB COMMISSION

AC/1/1/69/LG.

Tel: 478706

SUBJECT : Prefetto Emanuele De Rosa

25 February 1946

TO : VP Civil Affairs Section.

1. I have ascertained after conversations with the Minister of the Interior himself and his Chief of Cabinet that De Rosa has not been singled out for any special treatment but is included in the general reorganisation of Prefectures throughout Italy. The purpose of the reorganisation and transfers of Prefects is to strengthen the Administration by an injection of new and younger blood and the retirement of others because of age or incapacity.

2. E. De Rosa is not known to the Officers of this Sub Commission personally. However, his records show that he is 64 years of age and entered career service in 1910. He was removed by Col. Rodi from his post in Enna immediately after the landings by the Allied Forces in Sicily presumably in order to remove high incumbents from office. He was assigned to Lucca to replace a political Prefect in August 1945. *mg* General consensus of opinion the Minister has informed me to the effect that he has very little capacity. He has been replaced by another career Prefect, a Dr. Francesco Ballero.

3. De Rosa has officially been placed in retirement in which capacity he draws a pension. However it is possible for a position outside a Prefecture to be assigned him. The Chief of Cabinet of the Ministry of the Interior informs me that De Rosa's daughter has in fact been talking with him considering the possibility of finding some other position for De Rosa to augment his earnings. They are now trying to find such a position for him.

4. In summary, there is nothing unusual about the handling of this case by the Government, but it is part of a general reshuffle that is taking place. Prefects are retired from time to time by the Government pursuant to law and De Rosa's case is no exception to that.

SUBJECT : Note of interview with H.S. avv. GIOVANNI CARIGNANI - Prefetto Reggente
of LUFGA - on 14th July 1945

TO : Director, Local Government Sub Commission

FROM : Captain W.I. GUNNINGHAM

1. The Prefect looks like a successful business man, smooth and cultivated and it is impossible to get any opinion in a short interview of his real qualities. He is not in favour of epuration to any great extent. He explained that he was interested in the peace of Italy and had been an anti-fascist for 20 years. He said that the majority of people had been Fascist because they had to and he was not in favour of persecuting them. He said it was a case of "first the Fascists hunt us and then we hunt the Fascists". If that went on there would never be peace in Italy. It was like the Guelfs and Ghibellines over again.

2. Vice Prefect Vicario had been suspended by the PC. When I asked why the Prefect said he didn't know and that the Vice Prefect Vicario was a good efficient official.

3. Vice Prefect Inspector. Has been made Vice Prefect Vicario and is a good worker. Another Vice Prefect Inspector or Vice Prefect Vicario would be necessary especially for the work of preparing electoral lists.

4. Other officials. He would like a good segretario or a Consigliere to replace his Capo Gabinetto who was suspended by the PC. I pointed out that as he had 2 Consiglieri, 3 I: segretario and a Vice segretario. I doubted if the Ministry would send any more but I explained the method of application to the Ministry. The Prefect said he would prefer not to write but would see the Ministry as he hoped to go to Rome shortly.

5. Deputazione Provinciale had been established and was meeting regularly and working well.

6. The G.P.A. was also functioning.

7. Giunta Comunale were in all except 2 or 3 very small Communes. He was having Giunta established there immediately.

10. Preparation of electoral lists. Everything was well in hand. The books had all been distributed and he had received the copy of the Gazzette Ufficiale. The electoral office was established and he had the names of the members proposed for the electoral commissions for each Municipio. The Casellario Giudiziale was undamaged and the records all in order. It was actually in a position of the Prefettura Building. The Prefect did not think that extensions of time would be necessary as the most damaged Communes were small ones and it should be possible to get all the names of the inhabitants without too much trouble.
11. The Spuntion Commission was functioning. They had examined between 500 and 600 cases already.

REPORT NO. 170

SUBJECT : Note of interview with Lt. Col. R. B. BATTISTON - RC LUCCA Province
14th July 1945

TO : Director, Local Government Sub Commission

FROM : Captain, W.I. CUMMINGHAM

1. The RC had Forms A and B. ready for me. They are attached to the file copy of this report. Regional and Provincial Hqs already have copies.

2. Prefect Reggente avv. Giovanni GARIMANI was President of the C.L.N. and their nominee as Prefect. He is a reactionary and does not do anything to assist epuration or the setting up of a democratic administration. Attached hereto is a letter from the RC. to RC. Liguria Region which gives his opinion of the Prefect. RC. would like him changed before AMG is withdrawn.

3. Vice Prefect Vicario Dottor FRANCHI had been suspended for epuration. He intended to promote the Vice Prefect Inspector temporarily.

4. Vice Prefect Inspector Dott. Stefano RUSSO had been sent from Rome. The RC. had not been impressed by him at first but now thought he was a good man and a hard worker. He would like another Vice Prefect Inspector if Russo takes the functions of Vicario. If it is not possible to get one from Rome a I' Consigliere will be given the functions of Vice Prefect Inspector.

5. Deputazione Provinciale and C.P.L. had been formed and were functioning.

6. Sindaci, Giunta Comunale and Segretari had been appointed in all communes.

7. C.L.N. was not very forceful and appeared to be dominated by the Prefect and not to represent the people. RC considers it more healthy to have a strong C.L.N. as it is a sign that the people are behind them.

8. Preparation of Electoral Lists. The forms had arrived and been distributed to all Communes and every eye would be kept on the progress made.

9. Epuration. The Provincial Commission had been established but was being hindered in its work by the Prefect who blocked them in every way possible.

3. Vice Prefect Vicario Dottor FERRARI had been sent from Rome. He intended to promote the Vice Prefect Inspector temporarily.

4. Vice Prefect Inspector Dott. Stefano RUSSO had been sent from Rome. The PC. had not been impressed by him at first but now thought he was a good man and a hard worker. He would like another Vice Prefect Inspector if Russo takes the functions of Vicario. If it is not possible to get one from Rome a I. Consiglieri will be given the functions of Vice Prefect Inspector.

5. Deputazione Provinciale and C.P.A. had been formed and were functioning.

6. Sindaci, Giunta Comunale and Segretari had been appointed in all communes.

SUBJECT: Report on the Prefect of Lucca,
TO: Regional Commissioner, Liguria Region.

See annex at
p. 83

1. The Prefect of Lucca, Avv. GIOVANNI CARIGNANI was President of the Provincial C.L.N. on the occupation of Lucca in September 1944.
2. He was appointed Prefetto Reggente of Lucca through the recommendation of Colonel HAJEK (A) who was then P.C. He remained President of C.L.N.
3. He is a strong and persistent personality, but much under the influence of the Archbishop. I am informed by the Provincial Delegate for Repuration that from the beginning he has interfered and blocked recommendations for suspension etc. submitted by the Delegate.
4. It came to my personal knowledge that a list of names recommended for suspension addressed to me at the beginning of June had been prevented by the Prefect from reaching me. This list included the Vice Prefetto Vicario and the Chief of Cabinet, both of whom were accused of being Republican Fascists and Officers of the Fascist Militia. I obtained a copy of the list and ordered suspension as in my opinion and that of the Delegate and the C.C. of the C.C.N. the retention of these men in office without investigation was an increasing threat to public safety and confidence.
5. For five consecutive days the Prefect argued over their suspension, sometimes as much as at three interviews in one day. At these interviews I was extremely courteous and explained the necessity of clearing these officials of charges against them if only for their own benefit. The Prefect only persisted the more. On 23 June 1945 he informed me that all junior officials of the Prefettura had refused to accept the temporary post of Chief of Cabinet, a move I am convinced engineered by him and with a very shabby basis of fact.
6. On 23 June 1945 I interviewed the senior Delegate for Repuration and he informed me that, while he was determined to perform his duties with zeal and fairness, he was subjected to continuous interference by the Prefect.
7. Apart from the fact that the Prefect is still active head of his legal firm, which is contrary to Italian Law, he is chief of the Christian Democrat Party and President of the C.L.N. The combination of all this power in the hands of one man is not unnaturally an offence to left hand parties which, in Lucca, are approximately as powerful as the right. He has used and is undoubtedly using his power to further his own political aims and I have no doubt that, in opposing Repuration he is furthering his own interests as a lawyer. In view of this his retention in the office of Prefetto Reggente is a continual and increasing irritation to Democratic minded people in Lucca, to the left wing parties and to Patriots from all of whom I receive an increasing number of complaints.

23 June 1943, contd.

8. After his conduct described in pages 3, 4 & 5 above and after the report and complaint of the senior Delegate for Espionage, the Prefect no longer holds my confidence.
9. May I be informed if he can be relieved of his post, should I suggest another can locally to hold it?

1. Ref. your AC/4/1/69/LG dated 19 June 45.

2. It has now been ascertained from the Provincial Commissioner concerned that the suspension was intended to take effect only until such time as the officials suspended were epurated under General Order 35 and the intention is to bring them at an early date before the appropriate Commission. This being the case, it would appear that the reference in the Provincial Commissioner's Order to "the properly constituted Provincial Commission" was correct. All Commissions under General Order 35 are Provincial Commissions. If the officials are found not to be epuratable they will presumably be re-instated.

3. It is accordingly not proposed to advise the Provincial Commissioner to make any change in the form of his order in this case unless further instructions are received from you to the contrary.

Subject : Local Government Officials - Prefect of Lucca.

To : H.Q., A.C. (Att. Local Government Section)

I have discussed the position as regards the Prefect of LUCCA, which Province has recently been taken over by LIGURIA Region, with the Provincial Commissioner, and we are agreed that it is far from satisfactory.

I am not aware of the whole history of this case but I understand that Avv. GIOVANNI CARIGNANI was appointed Prefect by 5 Army AMG. He was at the time, and still is, President of the C.L.N. and also head of the Local Christian Democrat party. He is also stated to be very much in the hands of the local Arch Bishop.

I have interviewed the Prefect on this situation and he states that he considers it quite impossible for him to give up the Presidency of the local C.L.N. and for another President to be appointed. Avv. CARIGNANI would not be averse to relinquishing the appointment of Acting Prefect.

It appears to me that the Prefect is much too involved in local affairs and in politics to be able to carry out his duties efficiently as Prefect. The present state of affairs has, however, been allowed to continue for the past nine or ten months.

I am of opinion that there should be a change in Prefects and my Provincial Commissioner fully agrees.

I shall be glad therefore if the name of one or more career Prefects, together with biographical details could be forwarded in order that names can be considered with any others that the local authorities concerned may desire to put forward.

1. Reference is made to the orders (14/73), of the Provincial Commissioner, LUCCA, dated 15 June, suspending from duty the Vice Prefect Vicario and Commissioner, FRANCHI ALFONSO, and the Capo di Gabinetto, POTENZA Dr. ANTONIO.
2. The action taken has been noted and the Italian Government informed.
3. It has been noticed that in the form of order used by the Provincial Commissioner it is stated that the official is suspended "pending the decision of the properly constituted Provincial Commission for Expiration". Actually, the Provincial Commission will not decide these cases; all prefectural officials are dealt with by the Ministry of the Interior's Commission sitting at Rome. The word "Provincial" should be deleted from these orders when they are used for a civil servant of the state.

This Ministry is perfectly aware of the necessity that movements of personnel be effected, under the present circumstances, with the utmost solidarity.

As a matter of fact, with a view of overcoming the possible opposition which, mostly for financial reasons, the personnel might have offered to transfer orders on alleged health grounds, this Ministry, as it is known, has provided by an appropriate circular, that the infirmities declared by the personnel at the moment to be transferred to another locality be verified by a special collegial military doctor, departing in this from the procedure followed heretofore in similar cases.

However, once the infirmity has been ascertained and recognized through the established guarantees, this Minister for obvious reasons cannot but conform with the attestation drawn up, under its own responsibility, by the military medical authorities.

Should however your Commission be in a position to suggest any other solution which may help obviate the present situation, this Ministry, which cannot depart from the compliance to the rules governing this matter, would of course be glad to adopt as its own the suggestion in question in order to derive from it every useful advantage.

OGGETTO Prefettura Lucca

Questo Ministero si rende perfettamente conto della necessità che gli spostamenti del personale si effettuino, nelle presenti circostanze, con la maggiore sollecitudine.

Nell'intento anzi di superare la eventuale resistenza che, per motivi soprattutto finanziari, il personale avrebbe potuto opporre agli ordini di trasferimento adducendo motivi di salute, questo Ministero, com'è noto, ha disposto, con apposita circolare, che le infermità denunciate dal personale all'atto del trasferimento in altra sede, siano accertate da un apposito collegio medico militare, in deroga a quanto, sino ad oggi, è stato praticato in casi simili.

Peraltro, una volta accertata e riconosciuta l'infermità con le garanzie stabilite, questo

Ministero non può, per ovvi motivi, che attenersi alle dichiarazioni compilate, sotto la propria responsabilità, dalle Autorità mediche militari.

Ove peraltro codesta On. Commissione fosse in grado di suggerire una qualsiasi soluzione che valga ad ovviare alla presente situazione, questo Ministero, che non può discostarsi dalla osservanza delle norme che regolano la materia, sarebbe naturalmente lieto di far suo il suggerimento in parola onde trarne ogni utile vantaggio.

Quanto sopra premesso si assicura cotesta On. Commissione che in data odierna sono state date disposizioni all'Alto Commissariato per la Sicilia affinché il ^{ff.} Vice Prefetto Ispettore Dr. Stefano Russo si presenti immediatamente presso cotesta Commissione Alleata.

Si assicura altresì che questo Ministero non mancherà di applicare a carico del Dr. Papaleo adeguate sanzioni disciplinari ove la di lui infermità risulti inesistente.

Your Excellency :

1. I refer to your letter Pers. 5000 dated 29th March 1945 stating that Dott. Francesco PAPALEO who was nominated and accepted as Vice Prefetto Ispettore for LUCCA has now pleaded sickness.
2. You will recall that the former nominee Dott. SARNO also went sick. The vacancy for a Vice Prefetto Ispettore was first notified to the Ministry on 28th September 1944 and now we are practically back in the same position with 6 months wasted. I must confess that the present situation fills me with alarm as I fear that the Local Government administration of Italy will break down completely if these delays continue.
3. Dott. RUSSO whom you have now nominated is acceptable to the Allied Commission. Please have him report to this Sub-Commission with the utmost expedition.
4. I hope that if the excuse of Dott. PAPALEO proves frivolous the Ministry of Interior take suitable action to express their dissatisfaction with his conduct.

1. Further to my letter of 9th March 1945 on the above subject Dott. SAPALEO has now followed the example of Dott. SARNO and gone sick. The Ministry of Interior have now nominated Dott. Stefano RUSSO for this position.
2. Dott. RUSSO was originally nominated as V.P.I. for Ravenna and was screened and found acceptable, but was not required as a local man was appointed to the position. I enclose a copy of a report on him by R.O. Sicilia Region and the usual biographical notes supplied by the Ministry of Interior.
3. I am asking the Ministry of Interior to call him forward immediately and, if his health keeps good, he will be dispatched to you as soon as possible.

1. The necessary enquiries have now been completed by F.S.S. with regard to Dr. RUSSO and subjoined herewith is their report.

"RUSSO, Cav. STEFANO.

Dott. RUSSO was sent from PALERMO to RAGUSA as acting Prefect in Sept. 44. Shortly afterwards, on the appointment of a Prefect, he became acting Vice Prefect. In Nov. 44 he was sent to VITTORIA as Commissario Prefettizio and remained there about two months. He was there at the time of the disturbances and appears to have comported himself well.

AT RAGUSA he bears a good reputation both in the town and at the Prefecture. During the period he was there he kept outside all political affairs. Nothing known to his detriment from a Security angle."

Kindly be informed that Dr. Francesco PAPALEO, who already had been designated for the assignment with inspective function to the Prefecture of Lucca, has stated that health reasons do not permit him to take up that office.

While assuring that Dr. Papaleo has been subjected to collateral medical examination, due to the urgency of taking a provision, we have nominated for the assignment to Lucca deputy Vice Prefect Inspector Dr. Stefano RUSSO, available at present as you have notified us that his work would no longer be necessary in Ravenna.

Dr. Papaleo, in the event that the alleged reasons of health would prove to be non-existent, could be held at disposal for an assignment to some other prefecture of Northern Italy.

To: The Prefect, Lucca.

I, the undersigned Antonio Valiante of Principio, a porter of Lucca Prefect Office, beg to inform you that I formerly applied to the competent Ministry for my transfer from Lucca to Naples Prefect Office. However the Chief of Personnel Office at the Ministry to the Interior personally informed me that the visa of Lucca A.M.G. is required for such transfer stating that no safety reasons prevent it, when the Ministry to the Interior will eventually ratify such transfer.

I beg to take this occasion to point out my conditions. I have my family at Potenza and I am myself a war mutilated soldier, having need of steady cures by my wife and I cannot remain far from her, and it is also a fact that I cannot provide to my family maintenance with my inadequate salary while it is far from me.

I take, therefore, leave herewith to apply to you asking that it please you to have the Provincial Commissioner here to take the matter up so as to obtain that I may be transferred to Naples.

Thanking you in advance, I am,

Very Respectfully Yours,

A.A.M. IL PREFETTO DI

LUCCA

Il sottoscritto VALIANTE ANTONIO di Principio, usciere di questa Prefettura, aveva presentato al Ministero una domanda di trasferimento dalla Prefettura di Lucca a quella di Napoli, ma il Capo della ripartizione dell'Ufficio Personale del Ministero dell'Interno mi comunicò personalmente che occorre il nulla osta dell'A.M.G. di Lucca con cui si attesti che ragioni di sicurezza non impediscono il mio trasferimento a Napoli, in modo che il Ministero dell'Interno possa dare corso a detto trasferimento.

Facio presenti con l'occasione le mie condizioni, avendo la mia famiglia a Potenza mentre io, che sono mutilato di guerra, ho bisogno di assidua cura da parte di mia moglie e non posso stare lontano da casa, come pure non posso mantenere la mia famiglia sdoppiata con lo stipendio che non mi basta.

Mi permetto, pertanto, di chiedere alla E.V. affinché si compiacia intervenire il Sig. Commissario Provinciale dell'A.M.G. di Lucca per far avere detto trasferimento a Napoli.

Rimando in anticipo. =

SUBJECT: Report on Prefects of Pistoia and Lucca.

7 February 1945

TO : Director, Local Government S/C.

FROM : Major C. G. R. Williams.

1. Please see at folio 61 extracts relating to Pistoia and Lucca from the Chief of Staff's notes of his recent tour of inspection in this area.

2. Pistoia: We were asked last June by 5 Army to have a Prefect and other personnel ready for Pistoia (see folio 1). On 24 September, 5 Army called for him urgently (see folio 9). The original nominee--FOTI--proved to be much too feeble when interviewed. ALBS was selected and sent down on 26 September.

fo. no.
refer to
Pistoia
file

3. I think quite well of ALBS, judging by Italian standards. He is a recently promoted Prefect, anxious to prove himself. I have interviewed him here and surveyed his province. I have observed before a tendency on the part of provincial officers to judge Italian officials by what they think they ought to be and not by the standard that actually exists.

4. There was nothing to prevent 5 Army appointing a local man last September if they had wished: and there is nothing to stop them now making a change if they like. I note, however, that the Chief of Staff states that no change is necessary at present.

5. I suggest we ask the PC (through SCAO) if they have any actual person in mind as the "local man who was a member of the CLNAI without politics", and if so to send us particulars of him.

6. Lucca: CARIGNANI is a prominent lawyer in private practice in the city of Lucca. The Archbishop (in his private capacity) is one of his clients. Everyone in Lucca knows him and respects him. His value to AMG rests almost entirely on his local influence, which is exceptional. He would, therefore, be unsuitable in any other Prefecture: nor could he be expected to accept such an appointment.

7. As to administrative incompetence, I should not care to express an opinion on this without a lengthy day-to-day observation of his work. Naturally, he is not so well acquainted with the principles and details of Italian local administration as a career official would be. For that reason, we are endeavoring to squeeze out of the Ministry a reasonably competent Vice Prefect Vicario and Vice Prefect Inspector for Lucca.

8. Here again, there was nothing to prevent 5 Army asking this S/C for a career man in the first place instead of appointing CARIGNANI, and there is nothing to prevent them from making a change now if they desire.

SUBJECT : Recent Inspection Tour of the Chief of Staff
TO : DCOS, Civil Affairs Section, Hq. AC.

The following notes and observations were made during the Chief of Staff's recent tour of inspection (Jan. 17-23) of AMG Fifth Army, Northern provinces of Toscana Region, and Perugia area. They are submitted to you for information and such action as may be appropriate.

- IV -

At Pistoia, 19 Jan. 45

a) Prefect - The Prefect is a career man appointed by the Ministry of Interior and the Local Government Sub Commission, by name, ALES. The local people and Captain Dunn would have liked a local man who was a member of the GENAI without politics. No change at present but Local Government Sub Commission should watch.

- V -

At Lucca, 19 Jan. 45

a) Prefect - Saw Captain Valentine recently from Sardinia, Acting Provincial Commissioner, with the Executive Officer, an American lieutenant, and the Supply and Public Safety Officers. Here, as opposed to Pistoia, they have the President of the GENAI as Prefect. He is a Christian Democrat and politically innocuous but administratively incompetent. They would like to have a career man appointed; Prefect's name is CARALIGHINAI. It might be possible to bring the career Prefect from Pistoia and so please all parties.

b) Examination Committee - The examination Committee is headed by a Communist who seems to be working well. The senior judge appears to be under investigation and is in a concentration camp.

- IX -

Conference with Lt. Col. Quinn Smith at the Arezzo 2233
Provincial Headquarters, Arezzo, 21 Jan. 45

- 2 -

a) Prefect - The Prefect, a career man, is satisfactory. However, he is short two vice-prefects and two consiglieri. The carabinieri are far from satisfactory. They are all living at home and it is felt that they should be interchanged with the other provinces so that the carabinieri will be operating as units independent of personal connections with the command and accordingly billeted, etc., at their own caserne.

SUBJECT: Note of Interview with R. E. MICALI, Dir. Gen. of Personnel,
Ministry of the Interior.

DATE : 22 January 1945

PRESENT: R. E. MICALI
Major R. R. Temple
Major C.G.R. Williams
R. M. Romano, interpreting

1. At the end of Major Temple's discussion with R. E. on epuration matters, I mentioned the following personnel movements:
2. VPI Pisa:--We could not agree to SPARACIO. The Ministry have now nominated GRASSI (see file 4/1/131), but we did not have good reports of him and would have to reject him, too. We were writing to the Ministry to that effect today. Could we please have another nomination quickly, as this is a front-line and much damaged province which has been without an Inspector for a long time, and it is urgent.
3. We said we realized there was great difficulty in finding suitable Vice Prefects. We referred to the Italian practice of confiding the inspective functions to a Rag. Capo as an alternative to appointing a VPI. If it would assist the Ministry, we said we would be quite willing to consider a Rag. Capo for the inspective functions at Pisa, if they could find us an energetic and competent man. MICALI said he appreciated our suggestion but a VPI was really the better thing and he would try to get us one. We agreed but wished R. E. to understand that in other cases, he was always at liberty to suggest a Rag. Capo as an alternative.
4. VPI Lucca:--Where is Dr. SARNO? He was accepted on 28 December and the Ministry telegraphed him on 9 January to come up from Bari. Was he sick or dodging? MICALI said no, SARNO had reported saying that he would come as soon as he could find some means of travel. I pointed out that it was 13 days since the Ministry had cabled and asked MICALI to keep an eye on the case and telegraph SARNO again.
5. VPI Grosseto:--Where is AFICELLA who has been ordered up from Rieti for this post? MICALI said they believed he was ill and were awaiting the report of the Medico Provinciale who had been out of the province for a few days, which was why it had been delayed.
6. VPI Florence:--MICALI himself brought this up and referred to our rejection of PARISI on account of age. He said PARISI was really a competent and hard-working official. He had been VP at Palermo, which was comparable to Florence, and had done very well there. He then urged us to see PARISI and form our own opinion.

- 2 -

57A

7. We pointed out that the Prefect of Florence himself had expressed a poor opinion of PARISI and said he didn't want him. MICALI said the Prefect (PATERNO) was very keen to retain the present VPV GIGLI and for this purpose he would naturally depreciate any alternative candidate. He said he was sure that was the reason for PATERNO's objection. We asked MICALI if, assuming we did send PARISI, he and PATERNO would get on together. H. E. looked somewhat doubtful but said he thought they would.

8. We said that since MICALI pressed it, we would see PARISI and let him know our impression. MICALI would arrange for him to call tomorrow, Tuesday, 23 January, at 11:00 hours

3. Further investigation has developed that Dott. Sparacio is of regular moral conduct, but he is not highly considered in Lucca for having collaborated with the Nazi-Fascist authorities.
4. He was a member of the Fascist Party from 1922 and was also in the MVSN. It is reported that he was an eager Fascist and a zealous propagandist and held the rank of party secretary.
5. After 8 September 1943, he worked with the Fascists, particularly with the head of the local Black Brigade. It is not known whether or not he became a member of the Republican Party.
6. In view of his past record and close proximity of Pisa Province to Lucca Province, it is a grave question as to whether or not he should be re-employed for Pisa Province.

2. It is appreciated that the vacant post is that of Vice Prefect Inspector and Dr. SPARACIO was proposed by the Ministry for that post.
3. On the question of his employment at Pisa, I am very glad to have the views of the IC, to which I of course give fullest weight. I think, however, that as a matter of general principle, it is undesirable to re-appoint an official who has been suspended (or whose suspension has been confirmed, as in this case, by AG on the grounds of his Fascist past, until that official's case has been considered by the Reputation Commission of the Ministry of the Interior. The case against SPARACIO may not be a serious one, as the Ministry have in fact themselves suggested. If that is in fact the case, then a speedy favourable decision from the Reputation Commission can be expected and all concerned--the official himself and the Ministry as well as the Allied Commission--are clear.
4. I have, therefore, written to the Ministry of the Interior requesting that this be done. At the same time, I have stated that unless the case can be heard by the Reputation Commission within a week, another nomination must be made for Pisa, as the need in that province is urgent.

In view of the short distance between LUCCA and PISA there may be some unfavourable comment in the latter place about a man relieved of his post in LUCCA because of his Fascist background being appointed to a similar position in PISA.

b I have discussed this with the Prefect and the objection does not appear to be a serious one. I am therefore prepared to accept Dott. Giuseppe SPARACIO as Vice Prefect.

OGGETTO Viceprefetto Ispettore dr. Giuseppe SPARACIO.

Questo Ministero ritiene che la sospensione del Viceprefetto Ispettore dr. Giuseppe SPARACIO, già in servizio alla Prefettura di Lucca, debba essere determinata dalla qualifica di antemarcia, da lui rivestita.

Risulta, d'altra parte, a questo Ministero che tale qualifica è stata attribuita al predetto funzionario senza corrispondenza all'effettivo stato di fatto, essendogli stata concessa per retrodatazione rispetto alla effettiva data di iscrizione.

Risulterebbe inoltre che egli avrebbe svolto attività per agevolare l'azione del Comitato di Liberazione.

In ogni caso si tratta di ottimo funzionario, competente, di molta attività, che non ha dato mai prove di feriosità politica.

Nel caso che ancone a codesta On. Commissione risulti che il dr. Sparacio sia stato sospeso soltanto per ragioni ambientali e che non vi siano motivi contrari ad utilizzarlo in altra sede, questo Ministero riterrrebbe di proporlo per la destinazione a Fisa, con le funzioni Vicarie.

Thank you for your letter 225/1 of 21 November with which I entirely agree. In fact since my letter of 18 November we have established with the Ministry of the Interior the principle that the movement of officials in Military Government territory can only be considered on grounds of administrative necessity; and we will not entertain proposals based on the personal convenience of the official concerned.

1. Reference your AC/4/1/69/LG of 8 November, attached hereto is a letter on the matter from the Prefetto Regento of Lucca which has the agreement of the Provincial Commissioner. It is felt in the circumstances, that the application for transfer should be turned down without waiting for the reply from P.C. Livorno (which has not yet been received).

2. It is perhaps worth pointing out that it is under an hours drive from Livorno to Lucca and it should not be impossible for de Lalla to visit the latter place fairly regularly.

According to your request DI PANCRAZIO Giuseppe, nominee for the post of Vice Prefect Inspector of Lucca, has been screened and is NOT acceptable from a security standpoint.

Di Pancrazio was squadrista, march on Rome, sciarpa littorio and officer of the Fascist Milizia. In addition to this his fascist records, his moral record while he was at Pescara, is also questionable.

It would interest us to know why the Italian Government has the intention to nominate such a man, whose record certainly must be known to them, especially in view of its epuration policies.

Franci is an honest and capable official. He compromised himself, however, by accepting political appointment as Commissario Prefettizio for which he was arrested by the Committee of National Liberation before the arrival of American troops. Subsequently released, he was suspended from his functions. For these reasons he is not considered suitable for reinstatement.

1. The Prefect PIAZZESI fled (with all his possessions) before the arrival of AMG.
2. The Vice-Prefect Vicario FRANCI, Alpinolo and also the Vice-Prefect Inspector SPARACIO, Giuseppe, have been suspended from their posts.
3. For the position of Prefect, the Committee of National Liberation suggested their President, Avv. CARIGNANI, Giovanni, who is reported to have lived and practiced in Lucca for many years where, I am informed, he is well known and respected. He stated that he was known to H.E. Bonomi, and to H.E. Tupini, the Minister of Justice. CARIGNANI intimated that if required, he was prepared to serve in the capacity of Prefetto Reggente. In the meantime the Ministry have intimated to me that the proposal meets with the Minister's approval and instructions have been therefore given for his appointment as Prefetto Reggente.
4. A vacancy still exists in the office of Vice-Prefect Vicario and it is requested that the Ministry will do their utmost to provide a suitable official for appointment to this post as soon as possible. AOC will arrange for his transport to Lucca.
5. The position of the Vice-Prefect Ispettore is not yet settled and the Ministry will be notified when a decision is reached.
6. The Capo di Gabinetto of the Prefettura (POMEREA) was interviewed. He states that all the principal officials were present. He is short of 1 Consigliere and 1 Secretary, but otherwise there were no staff difficulties.

SUBJECT: Vice-Prefects for LUCCA, PISTOIA, and TERAMO

TO : His Excellency the Minister of Interior

Your Excellency:

1. As has already been represented in a recent interview between Cav. Casara and Capt Williams, it is necessary to provide immediately for Vice-Prefects Vicario for the provinces of LUCCA and PISTOIA and two Vice-Prefects for the province of TERAMO.
2. The Vice-Prefect of LUCCA, Dr. Alpinale FRANCHI, has had to be dismissed on account of his relations with the Fascist Republicans. It is probable that the Vice-Prefect of PISTOIA will be dismissed for similar reasons. Nominations for these two posts are therefore urgent.
3. As to TERAMO, both Vice-Prefects are in bad health and appear to be unable to discharge their duties. SCARAMELLI, Dott. Guido, the Vice-Prefect Vicario suffers from liver trouble; he has had one month's special leave and has just been granted a further two months on the report of two doctors. The acting Vice-Prefect Ispettore, DE ROSA, Dott. Mario is a Consigliere di 2^a classe appointed to exercise inspectorial functions by the Prefect. He suffers from eye disease and has been away ill in another commune. It is desired to substitute both these officials as soon as possible, so that the Prefetto Reggente may have adequate assistance.

TO : SCAO 5 Army

1. Reference our telephone conversation (Capt Lewis - Capt Mynors) this afternoon, I am confirming the appointment of Avv. Giovanni CARIGNANI as acceptable to the Italian Government and approved by this Headquarters.
2. He should, of course, be appointed Prefetto Reggente.
3. As discussed with you, I think the opportunity should be taken on his appointment of indicating to the Prefetto Reggente quite clearly the respective positions of AMG and the C.L.N., and his relations to them both. The Prefect states that he has had no difficulty with the C.L.N., but I think it would be well to make it clear beyond doubt exactly where the Prefetto Reggente stands and the position of AMG in the province.
4. It is understood, of course, that the Prefetto Reggente will terminate his membership of the C.L.N. after appointment. He will work under and subject to AMG control and will take his orders from the EC where necessary.
5. CARIGNANI fully appreciated that no security of tenure attaches to the office.

SUBJECT: Prefect and Vice-Prefect for LUCCA

1. Capt Lewis was speaking from 5 Army HQ.
2. 5 Army are anxious to appoint the undermentioned as Prefetto Reggente of LUCCA: -

CARIGNANI, Avv. Giovanni

- born in LUCCA, 1893 - lived and practiced all his life in LUCCA - has had considerable contact with the administration during his professional life - well-known and respected throughout the town - President LUCCA C.L.F.

3. CARIGNANI does not want the job, but will take it as a matter of duty, if required to. Capt Lewis has interviewed him and thinks him a much better type than the usual run of Prefects.
4. CARIGNANI says he is known to both Bonomi and to Tupini, the Minister of Justice.
5. Capt Lewis suggests we contact the Minister through Berruti and see what they think of the proposal and that we also contact Tupini through Legal S/C and find out what he thinks.
6. Capt Lewis would like to report personally upon this to Col Spicer on his return on Wednesday, 27 Sept. Do not take action before then, but merely ascertain views of the 2 Ministers.

TRANSLATION No. 221 - INTERIOR

ROME, 30 August 1944

MINISTRY OF THE INTERIOR

FILE No. 3877/1783

Reply to letter No. 4/1/60 of 12 August

SUBJECT : Prefecture of Florence - Pistoia - Lucca and Apuania .TO : A.C.C.
INTERIOR SUB-COMMISSION
ROME

In reference to your request in the above-indicated letter, we are forwarding you the particulars of the officials of group A and the higher grades of group B working in the Prefecture of Florence, Pistoia, Lucca and Apuania.

The information obtained from the documents with the General Direction of Personnel is insufficient in regard to the former political activities of the officials concerned, for the personal record documents having been sent north, it is not possible to collect and supply more complete and detailed reports on the same.

We point out moreover that the above-mentioned General Direction has had to refer to the situation of the personnel during 1943 in each single Prefecture, having no way to obtaining information of the variations and modification taken place previously.

PREFECTURE OF LUCCA

Dr. Alpinolo FRANCI - Vice-prefect

Enrolled in the P.N.F. in 1925

He is an excellent official for his preparation, culture and work. Praised and mentioned more than once, he has held numerous ~~rank~~ delicate offices among which that of Commissioner-Prefect for the Commune of Perugia in 1931 and Lucca in 1940 and others. He was officially transferred from Perugia in 1931, where he held the office of Chief of Cabinet, for having carried out dishonest, ~~work~~ partial activities such that on various occasions his reliability was doubtful.

In this regard, we state that Dr. Franci is guilty of deplorable personal activities in politics, contrary to the orders issued by the Ministry which ordered the Prefect of his new office not to trust him with the work pertaining to the services of the Cabinet.

This General Direction cannot supply information on this matter as the personal record of the official has been sent north.

Dr. Giuseppe SPARACIO - Councillor

Enrolled in the P.N.F. on the 23rd. of October 1922

He is an excellent, intelligent official, with much juridical knowledge; very serious and honest. Among the offices he has held laudably there is that of Chief of Cabinet.

Dr. Alfonso DEFELICE - Councillor

Enrolled in the P.N.F.

Classified as "good" in 1908, "distinct" in 1924, "excellent" in the other years.

The Ministry (General Direction of Civil Administration) made an objection for ~~inexact~~ forwarding inexact data.

He is a competent, diligent, precise official.

Dr. Innocenzo SCACCIA -

Enrolled in the P.N.F. on the 2nd. of May 1925

Classified as "good" in 1925, "distinct" in the years 1924, 26, 27, 30, "excellent" the other years.

An official of modest capacity and intelligence, and timid character. Poor opinion of him. In 1941 he was not considered suitable for work of superior grade.

Venne trasferito d'ufficio nel 1931 da Perugia ove rivestiva la carica di Capo Gabinetto, per aver svolto colà attività non serena, partigiana, tale, in alcune circostanze, da far dubitare della sua correttezza.

In tale circostanza, viene inoltre precisato, che il dr. Franchi ha esplicato una deplorabile azione personale nel campo politico, contraria alle direttive impartite dal Ministero che invietò, in conseguenza, il Prefetto della nuova sede a non affidargli funzioni inerenti ai servizi di Gabinetto.

SUBJECT: Italian officials for SIENA, etc., etc. Provinces

TO : His Excellency the Minister of the Interior

Your Excellency,

1. I write to confirm the conversation between Cap. William and Dr. Camera which took place at Salerno on 6 July.
2. The Sub-Commission has been warned by AMG to get ready to provide skeleton administration for the provinces of:-

SIENA
LIVORNO
PISA

APUANIA
LUCCA
PISTOIA

3. In view of a report that has just arrived I am writing you a separate letter about SIENA.
4. As to the remaining five provinces, recent experience shows that the possibility must be faced of have to organize complete new teams of senior officials for each of them. The Government is accordingly requested to nominate the required personnel now and to have them ready to proceed to any one of these provinces at 24 hours notice. It can be assumed that a new Prefect will be needed in every case. We must therefore be ready with nominees for all the provinces. From the point of view of the Allied Control Commission, there is no reason why the Prefects already nominated by you for TERNI, ASCOLI, FERRARA and PESCARA should not be considered as available for other provinces, since they have not so far been called upon for these provinces for which they were originally named. The basic idea of having such a list was that would constitute a "pool" from which could be drawn for whatever province might need one.
5. If you agree that Drs. BIANCOROSSO, DONAU, PONTE, and PATERNO are available for the five provinces now under consideration, I need only ask you for the names of four more Prefects - I say four in order to have some slight reserve for future cases. Otherwise it will be necessary to have eight more names.
6. As to other officials, I presume each team should consist of the following in accordance with your Ministry's advice on previous occasions:-
 A Vice-Prefect Vicario - or a Consigliere to act as such
 A Consigliere or Primo Segretario
 A Ragioniere

Please confirm or otherwise.

(3A)

- 2 -

7. You have already given me the names of three officials working at the Ministry - Drs. CAPPUCIO and MUSILLO and Regioniere GUOTONE - who can, with a Prefect, form the first team. The necessary investigation are being made as to these. Please let me know as soon as they arrive in Rome and their private addresses in the capital.
8. I understand we should be ready as soon as possible with two other similar teams, consisting of officials actually living or working in Rome. We shall thus be ready to send parties to at least three of the five provinces in question as and when they are called for; and we shall thereby gain a little time in which to organize teams for the remaining two provinces in case of need.
9. Will you please therefore let me have as quickly as possible the names of the six officials required.
10. In all cases - Prefects and others - will you please supply short biographical details, as in previous cases.

SUBJECT: Italian Provincial Officials
TO : HQ, AGO, Interior Sub-Commission.

1. If operations proceed at the pace which is at present anticipated the problem will very shortly arise of reorganising the Italian Provincial Administration of the thickly populated Provinces which lie ahead.

Attention is drawn to the fact that the four Provincial Capitals of Livorno, Pisa, Lucca and Pistoia, which all lie on approximately the same latitude, are likely to be occupied almost simultaneously, and that the Provincial centre of Aouania is likely to follow a few days later. The fall of Siena can be expected before the end of this month.

2. It is impossible to forecast at this stage how much of the former administration will be found in existence; in the case of Viterbo most officials were found present and to be satisfactory for temporary reappointment, whereas recent experience at Grosseto, where all Provincial Officials has fled, forces us to the conclusion that we must be prepared to face the possibility of having to organise a completely new team of Senior Provincial Officials for all these six Provinces.

3. It is there requested that the Italian Government be directed to nominate now and have ready on call the necessary personnel, so that there may be the minimum possible delay in restarting the Italian Administration when the Provinces are occupied. We will keep our demands down to the minimum but it can be taken for granted that a new Prefect will be needed in every case.
