12 November 1945

SUBJECT : Dismissal of Communal Secretary
by order of the Allied Governor.

TO : Headquarters Allied Government.

ROME

In the first days of January 1945, the Allied Governor of Novafeltina (Pesaro) dismissed the secretary of this Comune, Sig. G. Battista Giurleo, because of his inefficiency.

The Prefecture of Pesaro, evidently obeying the desire of the said Governor completed the procedure and sent here another secretary.

Sig. Giurleo has made recourse to the Ministry of the Interior and was approved; consequently the Prefecture of Pesaro has ordered that this ex- secretary be paid for the whole period January-end of October by this Comune.

Why has the Comune to pay the amount if now action was taken in the above connection? Why paying two secretaries? If the Prefecture has made a mistake why has the Comune of Pennabilli to suffer for it?

And if the Allied Governor, who then commanded, issued a well considered order after investigations and inquiries, can the Ministry act against it with great damage to this Administration?

I seek the intervention of your Command with the ^{sole idea} ~~only scope~~ of avoiding that the expenditure be afforded by this Municipio.

The documents are hereto attached for your information.

I thank you.

Subject : Vice Prefect Inspector, Avv. Aldo Paolini

Following the transfer, without replacement, of Vice Prefect Inspector Comm. Leopoldo Sabbatini to the office of Rovigo, this Prefecture found itself in the impossibility of insuring inspecting services for all the Communes of the Province since the month of July of 1943.

Soon after liberation, the Provincial Committee of National Liberation entrusted to Avv. Aldo Paolini, free professional man of Fano, the job of collaborating in the Prefecture on questions of political character.

For a little while besides, Paolini held the office of Prefect Regent, owing to the fact that there was no office holder and that Vice Prefect Comm. Guerra was absent on account of illness.

After my appointment to Tossaro, the same official was invested with the functions of Vice Prefect Inspector by the Provincial Commissioner of AN.

Paolini however has no administrative capabilities and in the performance of his functions he confined himself only to the settlement of possible crisis of Courts and Sindaci, and to point out local requirements of particular importance.

Though performing his office in a somewhat active manner, his work has been little serene and objective and his function practically nil as far as the administrative control is concerned.

Having said this, it obviously appears that his permanence in office could not be further counteracted without giving occasion to inconvenience.

I kindly ask therefore this Ministry to please assign to this Prefecture, in substitution of Avv. Paolini, a Vice Prefect Inspector, who having the necessary experience and capability could exercise an efficient and effective administrative control on the state of affairs of the Public Institutions of the Province which for about two years have not been subjected to inspective visits due also

However, I am not forwarding it, because in actual fact it does not carry the question any further. As you know, we have already agreed with the Ministry upon BIANCO as the new Vice Prefect of Pesaro; and as he is residing at Loreto in Ancona province, it is within your competence and that of the PG to direct him to take up his new duties. If I had forwarded the letter to the Ministry, this, I am sure, would have been their answer.

SUBJECT : Vice Prefect with vicarious functions

The Allied Military Government notified us some time ago that your Ministry had assigned Vice Prefect Dr. Guglielmo Bianco to this Prefecture. As a matter of fact said official on 21st February 1945 called at our office to make the necessary arrangements and returned during the same day to his office of Loreto, promising to take up his duties on the following week. However, up to date Vice Prefect Bianco failed to appear, nor has he let us know his intentions about the transfer.

Vice Prefect Guerra is still on leave for reason of his health and in the meantime the vicarious functions are currently carried out by Second Class Councillor Dr. Francesco Blaudaleone in accordance with directions given by the Provincial Commissioner of AMG.

The allocation of a Vice Prefect with vicarious functions to this Prefecture is most necessary and urgent, so much more so because permanent personnel is very scanty and we were compelled to have recourse to the help of temporary employees, who are all but trained to the job and need continuous supervision in the handling of administrative matters.

You are therefore kindly requested to see to it that Dr. Bianco reach at once this Prefecture or that he be replaced with another official of equal grade.

R. PREFETTURA DI PESARO - URBINO -

Div. Gab. N. 250

Pesaro, li 14 marzo 1945

OGGETTO : Vice Prefetto Vicario.

ON. MINISTERO DELL'INTERNO
Direzione Generale Affari Generali e Personale
ROMA

Il Governo Militare Alleato ebbe a comunicare a suo tempo che codesto Ministero aveva destinato in questa sede il Vice Prefetto dott. Guglielmo Bianco. Infatti il predetto funzionario, il 31 febbraio u.s. si presentò in ufficio per prendere i necessari accordi e rientro nello stesso giorno all'attuale sua sede di Loreto, con promessa di assumere servizio la settimana successiva. Sta di fatto che fino ad oggi il Vice Prefetto Bianco non si è più presentato né ha fatto conoscere le sue determinazioni in merito al trasferimento,

Il Vice Prefetto Guerra è tuttora in aspettativa per ragioni di salute e intanto le funzioni vicarie vengono attualmente disimpegnate dal Consigliere di seconda classe Dott. Francesco Blandalone su conforme disposizioni date dal Commissario Provinciale dell'A.M.G.

La destinazione di un Vice Prefetto vicario in questa sede è quanto mai necessaria ed urgente tanto più che il personale di ruolo è assai scarso e si è dovuto ricorrere all'opera di elementi avventizi, tutt'altro che preparati, e bisognosi di continua vigilanza nella trattazione delle pratiche amministrative.

Si prega pertanto disporre o che il dott. Bianco raggiunga subito questa sede oppure che venga sostituito con altro funzionario di pari grado.

19 March 1945

SUBJECT: Opera Laica Lauretana.

TO : PD Abruzzi-Marche (with copies for PGs
Ancona and Pesaro)

1. The Vice Prefect Dott. BIANCO, formerly administrator of this foundation, called at this office on 8 March, and I enclose copies of my note of interview.

2. As you will observe, Dott. BIANCO was informed that the question of his reinstatement as Administrator was entirely one for the PG to decide. This is true, but it is, of course, for this Sub Commission to offer such advice and assistance in the matter as it can. The point that the decision lay with the PG was emphasized to Dott. BIANCO with the object of removing from his mind the impression that such matters could be settled by a personal interview at this HQ over the heads of those locally responsible for the administration of Military Government.

3. The advice which this Sub Commission can offer is conditioned by two main factors:

(a) that while the Commission of inquiry appointed by the Prefect and headed by Avv. TOSCHI found that in general Dott. BIANCO had done well in his administration, it did definitely recommend that he be removed in the interest, it appears, of peace and good will in the locality;

(b) that Dott. BIANCO has been nominated and agreed with the Ministry of the Interior for the post of Vice Prefect of Pesaro.

4. There appear to be three alternatives available in this case.

5. The first is to restore Dott. BIANCO to his appointment as Administrator of the Opera Laica Lauretana and find another Vice Prefect for Pesaro. This would be directly contrary to the recommendation of the Prefect's Commission. Moreover, I am having more difficulty in finding Vice Prefects than any other grade of official, and I do not think you could expect another Vice Prefect for Pesaro without considerable delay.

6. The second alternative would be to restore BIANCO to the administration of the Opera Laica Lauretana for a short period and then to send him to Pesaro. This is what BIANCO really asks for. It involves, of course, finding another official to administer the foundation eventually. It also involves--and this seems to be the most important point--a delay of some time before the vacant post of Vice Prefect at Pesaro can be filled by transferring BIANCO there.

- 2 -

7. The third alternative is to send BIANCO to Pesaro immediately and to find another Administrator for the Opera Laica Lauretana as soon as possible. This is in line with the recommendation of the Prefect's Commission and fulfills the arrangements already made between this R. and the Ministry of the Interior for filling the vacant post of Vice Prefect of Pesaro.

8. I have, of course, taken note of the observations of the Deputy Provincial Commissioner in para 2 of his letter of 28 February (forwarded to this Sub Commission under cover of your RS/74/2/9 of 5 March) where he says he feels sure "that he (i.e. Dott. BIANCO) is too old to be of much help here or anywhere". It is true that Dott. BIANCO is an old man: almost all of our Vice Prefects are. Without attempting to pronounce final judgment on the basis of a mere half-hour's interview, I must say that Dott. BIANCO did not give us the impression of being below the average level of Vice Prefects in this country and at this time. In other words, the prospects of my being able to supply you with anything better are remote.

9. I am naturally anxious not to have to find another Vice Prefect for Pesaro out of the Italian Government's exiguous resources in this respect. On the other hand, finding another official to administer the Opera Laica Lauretana does not necessarily present the same difficulties. As to this, if it is decided to reinstate Dott. BIANCO, could the possibility of finding someone locally please be examined. If it is impossible, then we shall have to ask the Ministry of the Interior to provide someone.

10. In that event, as it is the case of an official serving at a level lower than that of the Prefecture, there would be no objection to the Prefect communicating directly with the Ministry on the matter, provided, of course, that he passes the correspondence through the channels.

11. I should be glad to be advised in due course as to what decision has been taken.

AC/1/5/8/16

SUBJECT: Note of Interview - AC HQ

DATE : 8 March 1945 - 1630 hours

PRESENT: Vice Prefect Dott. BIANCO Guglielmo
 Major C. G. R. Williams
 Lt. D. MODIANO, interpreting.

1. Dott. BIANCO stated he had been advised to call and see this S/C by Major Marshall, who was acting for Lt. Col. Slives, IC Arcena, who is ill.
2. He stated he had been Administrator of the Opera Leica Lauretana--the local people had taken exception to his administration, which, although quite correct and in the interests of the charity, did not, in local opinion, favor the interests of the Comune--and that soon after the liberation of the province he had been virtually run out of his office by a turbulent crowd.
3. With the approval of the then IC, Lt. Col. Nichols, the Prefect Gen. PIRES had appointed a Commission to inquire into his administration under the Presidency of Avv. MASINI, the then Vice Prefect. BIANCO stated that Lt. Col. Nichols had told him that if the report of the Commission was favourable to him, he would be reinstated. If not, some other person would be appointed.
4. In the meantime, however, and before the Commission reported, CANEVARI, the then Under-Secretary of the Ministry of Interior had taken an interest in the matter and appointed and sent down a fresh Administrator, PETRACCI. Note:--This appointment was proposed by the Ministry under the signature of VIGNONENI, Dir. Gen. of Civil Affairs. CANEVARI did not appear. The appointment was approved by this Sub Commission and Region and Province informed.
5. BIANCO said that PETRACCI did not stay in office long. He alleged that PETRACCI used his office to enrich himself and send food to Rome and indulge in similar black market activities. He had now ceased to hold office. I could not gather from BIANCO whether he had resigned or been dismissed and if so by whom.
6. BIANCO then said that the Commission had now reported in his favor and he had applied to the IC to have his appointment as Administrator back. On this, Major Marshall had referred him to us. Note:--The Commission have not exactly reported in his favour. They said he had done well on the whole; but they definitely recommended his transfer.
7. I said this was entirely a matter for the IC to decide and all this S/C could do was to say that if the IC wanted to re-appoint BIANCO, we had no objection. I also asked BIANCO whether, if he was not re-appointed as Administrator, he was willing to take office elsewhere. He replied that he wanted to be reinstated as Administrator, if only for a short period in order

- 2 -

to be justified in the eyes of the local people. After that, he would be quite prepared to serve elsewhere. He would prefer to be in Piemonte, which was his native Region. He added that he had a daughter who was mentally deficient and could not appear in public and that this had in the past compromised his promotion to Prefect. That was one reason why he had been given the appointment at Lerezo, where he could live quietly without having to appear in public with his family. He did not suggest, however, that this family trouble would create any difficulty in his serving as Vice Prefect in a province.

the 24th of November, 1944

The Consigliere dott. Francesco Blandaleone who is actually carrying out the functions of Vice Prefect Reggente, in substitution of the titular who is on leave because of sickness, has eagerly asked that his request to be transferred to another Prefecture adapted to the proved family needs, be accepted by the Ministry.

In reality, the family situation of the afore-mentioned official is under every consideration, worthy of particular consideration. Infact apart from his wife and two children he is also supporting his old parents, one of which, the mother, suffers from an acute form of deforming arthritis which gets worse every day because of the rigid and damp wheather of the towns of Pesaro and Urbino. These parents since one year have no news of their only daughter living in Messina and therefore live in a state of justified agitation. This can also be said for the wife of dott. Blandaleone who adds the anxiety of having no news of her parents living in Palermo that of not knowing what has happened to her brother who is interned since some time in Germany. Also very serious are the financial preoccupation of dott. Blandalone who since two years has not had the proceeds of his real estate property in Palermo, and therefore it is necessary for him to take up again the administration of his properties, and with the annuity complete his available means at the present, which

In reality, the family situation of the afore-mentioned official is under every consideration, worthy of /consideration. Infact apart from his wife and two children he is also supporting his old parents, one of which, the mother, suffers from an acute form of deforming arthritis which/ gets worse every day because of the rigid and damp wheather of the towns of Pesaro and Urbino. These parents since one year have no news of their only daughter living in Messina and therefore live in a state of justified agitation. This can also be said for the wife of dott. Also very serious are the financial preoccupation of dott. Dott. Blandalone, arrested and expelled from Ancona, in September of last year by the nazi-fascists has collaborated enthusiastically with the Allied Government since the liberation of this Province; and this is proved by his untiring every-day activity in reorganising the various services under the direction of the A.M.G. I therefore consider that his case can be examined sympathetically.

In authorising the afore-mentioned official to go to Rome and take contact with the Ministry to the purpose of the requested transfer, I will put as acting Vice Prefec Vicario the Consigliere of first class Dott. Ceare Augusto Pantanelli.

If you have nothing in the contrary would you kindly give us an answe to the purpose.

With the letter n.854 of the 7th of January, 1945 of the Cabinet of the Minister we submitted to be examined by this Commission several names of officials considered worthy of being nominated Prefects of the Realm.

Amongst the names there was that of Vice Prefect dott. Goffredo Volpes, who, with the letter of the 23rd of November, 1944 same file number, had been proposed for the Prefecture of Pesaro, with vicarious functions.

As the nomination of the official to Prefect of the Realm, would take place shortly after he will have gone in office, we deem it advisable that our proposal to appoint him at the Prefecture of Pesaro be withdrawn.

In the case that the Commission be of the same opinion, we propose to substitute Volpes at the Prefecture of Pesaro, the Vice Prefect dott. Guglielmo BIANCO, Actially at disposition.

WE enclose a biographical notice of the dott. Biamco and we ask the Commission to kindly inform us of their decisions.

1. I refer to your RS/714/2/9 of 30 December 1944, forwarding letters from the Prefect asking that the former Vice Prefect GUERRA be granted further two months' leave of absence.
2. As I understand the position, Dr. GUERRA was suspended by AM 8 Army and avv. PAOLINI appointed in his place. I informed the Italian Government of this stating that AM 8 Army had reported to me that it was doubtful whether GUERRA's health would improve to an extent sufficient to make him of value to the provincial administration. I advised the Ministry of Interior (and AM 5 Army) that in these circumstances, it was for them to determine whether to place Dr. GUERRA on sick leave or to retire him.
3. As Dr. GUERRA is no longer actually holding office at the Prefecture, it appears to be immaterial to AM whether the Italian Government wishes to put him on pension or to continue to pay him his full salary by granting him sick leave.
4. I have accordingly forwarded to the Ministry of Interior the Prefect's original letter of 4 December and have stated in my covering letter that the granting of further sick leave to Dr. GUERRA is entirely a matter for the Ministry to decide, and that this HQ expresses no opinion on it.

1. Reference your R5/7L/2/8 of 2 December and the enclosures, which are returned herewith.
2. This Sub Commission has recently established with the Italian Government the principle that transfers of Italian officials in Military Government Territory would only be considered on grounds of administrative necessity, and that proposals based only on the personal convenience of the officials concerned cannot be entertained. The principal reason for this is the extreme shortage of administrative officials of all grades, and the necessity for reserving such as are available for the provinces now in course of liberation, e.g. Ravenna and Bologna and for the forty remaining provinces in northern Italy: it is also necessary to conserve our limited transport.
3. As an instance of the shortage, I am having the greatest difficulty in finding a suitable Vice Prefect for Pesaro, but I hope to send you one down shortly.
4. On this basis, this HQ would have no objection to the transfer of BLANDALONE if you could do without a substitute for him. I see from the Provincial Commissioner's letter of 29 November, however, that he does consider a substitute necessary. Unless, therefore, the RC can see his way on further consideration, and provided a VPV arrives, to do without a substitute for BLANDALONE, I do not consider that approval can be given to his transfer.

SUBJECT : Consigliere dott. Francesco Blandalone

TO :

Colonel H.H. NICHOLS
Provincial Commissioner of the A.M.G.

The Consigliere dott. Francesco BLANDALONE who is actually carrying out the functions of Vice Prefect Reggente, in substitution of the titular who is on leave for reasons of sickness, has assiduously asked to be allowed to make a request at the Ministry for a transfer to another Prefecture adapted to his actual proved family necessities.

Actually the family situation of the above official is worthy under every aspect of particular consideration. In fact a part from the wife and two children, he has the charge of two old parents, of these the mother has a serious form of deforming arthritis that obliges her to remain in the most absolute immobility, and which gets more and more acute as a result of the bitter and damp weather of the towns of Urbino and Pesaro. These parents are missing since a year the news of their only daughter living in Messina and therefore live in a justified state of anxiety. The same can be said for the wife of dott. Blandalone, who adds to the anxiety of having no news of her parents living in Palermo, that of her brother who is interned since a long time in Germany.

Also very serious are the financial preoccupations of dott. Blandalone who since two years has not had the proceeds of his real estate property in Palermo, and therefore it is necessary for him to take up again the administration of his properties, and with the annuity complete his available means at the present, which are absolutely inadequate for the heavy family charges he has.

Dott. Blandalone, arrested and expelled from Ancona in the September of last year, by the Nazi-fascists, has collaborated enthusiastically with the Allied Government since the liberation of this Province; and this is proved by his untiring, everyday activity in reorganizing the various services under the direction of the A.M.G. I therefore consider that his case can be examined sympathetically.

In authorizing the afore-mentioned official to go to Rome and take contact with the Ministry to the purpose of the requested transfer, I will put as acting Vice Prefect Vicario, the Consigliere of I class dott. Cesare Augusto Pantanelli.

If you have nothing in the contrary, would you kindly give us an answer to the purpose.

Consigliere dott. Francesco BLANDALEONE

Al Colonnello H.H. NICHOLS
Commissario Provinciale A.M.G.SEDE

Il Consigliere dott. Francesco Blandaleone che disimpegna attualmente le funzioni di Vice Prefetto Reggente, in sostituzione del titolare in congedo per infermità, ha fatto vive premure perché gli sia consentito di sollecitare dal Ministero dell'Interno il suo trasferimento in altra sede idonea alle sue attuali comprovate esigenze di famiglia,

In realtà la situazione di famiglia del predetto funzionario è sotto ogni aspetto meritevole di particolare considerazione. Infatti, oltre alla moglie e a due figli, egli ha carico i genitori vecchi dei quali la madre affetta da una grave forma di artrite deformante che la costringe alla più assoluta immobilità e si acutizza ogni giorno maggiormente a causa del clima rigido ed umido proprio della città di Pesaro ed Urbino. Detti genitori mancano da più di un anno di notizie dell'unica figlia residente a Messina e vivono pertanto in uno stato di giustificato orgoglio. Altrettanto dicasi per la moglie del dott. Blandaleone che alle ansie per la mancanza di notizie dei genitori residenti a Palermo aggiunge quelle per la ignorata sorte del fratello da tempo internato in Germania,

Del pari gravi sono le preoccupazioni di carattere economico del dott. Blandaleone che da quasi due anni si è visto venir meno i proventi della sua proprietà immobiliare di Palermo onde la necessita' per lui di riprendere l'amministrazione dei propri beni, integrando con il relativo reddito le sue presenti disponibilità, del tutto inadeguate al grave onere familiare.

Il dott. Blandaleone, arrestato ed espulso da Ancona nel settembre dello scorso anno, ad opera dei nazi-fascisti, ha collaborato entusiasticamente con il Governo Alleato dalla data di liberazione di questa Provincia: e di ciò fa fede la sua quotidiana instancabile attività volta alla riorganizzazione dei vari servizi secondo le direttive dell'A.M.G. Ritengo quindi che il suo caso possa essere da Lei esaminato con tutta la benevolenza.

Autorizzando il predetto funzionario a recarsi a Roma per prendere contatto col Ministero ai fini dell'invocato trasferimento, affiderei la reggenza dell'ufficio di Vice Prefetto Vicario al Consigliere di 1ª classe Cesare Augusto Pantanelli.

Ove nulla osti da parte Sua in proposito, gradirei avere un cortese cenno di intesa,

SUBJECT : Survey of ANCONA and PESARO Provinces

TO : Col. R. G. S. SPICER

FROM : Capt. C. G. R. WILLIAMS

1. I visited Ancona and Urbino (the temporary provincial capital of Pesaro province) on October 7, 8 and 9, 1964. I interviewed:

It. Col. M. R. Michela, PG Ancona and Pesaro
Gen. di Div. Giuseppe Piccini Prefect Regent of Ancona
Avv. Cesare Taini, Acting VPM of Ancona
Capt. Bolter, PG Pesaro Province
R. M. Mario De Goyzasta, Prefect of Pesaro

2. In both provinces, the CIN has established the elements of local government before the arrival of AMG; Giunta Comunali had been established in all communes. These are being reviewed, the names of the Amministratori obtained, the Sindaci interviewed and the appointments confirmed or otherwise. In Ancona, about one-half of 42 communes have been legally established in this way; in Pesaro, 20-21 out of 53.

3. The Delegazione Provinciale has been appointed in both provinces. In Ancona, it met on 6 October and appointed the division members of the GPA; in Pesaro it had not yet met.

4. The great obstacles in the way of organizing local government are the lack of communications and accommodation.

5. German demolitions and mining have been more thorough and widespread than ever before in Italy. Particularly is this true in the west of Pesaro province which is practically cut off. With the onset of winter this problem is likely to increase.

6. As to accommodation, both provincial capitals are heavily damaged and crowded with troops. Ancona has to house HQ 61 L of G Area and Naval personnel. The PG tried establishing the provincial administration in Osimo and Jesi, but found it essential to be in Ancona. The Prefecture and AMG are now crowded into the Provincia Building, both the Palazzo del Governo and the Palazzo del Comune being in ruins. In Pesaro, several thousand inhabitants are about to be evacuated to make more room for troops. There is a PG in the town, but the Prefecture and the AMG offices are established in the Collegio S. Giovanni Raffaele at Urbino, which is not a good communications centre for the province even in normal time.

APPENDIX "B"

OFFICIALS AT PESARO PROSECUTOR'S

1. VPV--BLANDALSONA, Francesco--Consigliere ff. VPV. The actual VPV, COMA. GUERRA is on two months' sick leave; the Prefect DE COZZIMETA thinks him too ill to resume his functions in this Province and wants another VPV sent down to replace him, returning BLANDALSONA to his functions as Consigliere.
2. VPI--PAOLINI, AVV. Aldo. An Urbino lawyer in private practice, well thought of by ANE and by the Prefect.
3. Consiglieri: There is only one, PANTANELLI, Augusto.
4. Segretari: Only one, CALIRO, 1° segretario, Giuseppe, who is also Capo Gabinetto.
5. Ragioneria: This is directed by GRILLI, Rag. Luigi, who is 1° Ragioniere ff. Rag. Capo. I could not ascertain what others there were but the Prefect made no requests.
6. Summary:--A new VPV and either a Consigliere or a Segretario seem to be needed. The facts ascertained should be referred to the Ministry for their opinion.

Revised 2/24/58

Capo Cabinetto.

5. Regioniera: This is directed by GRILLI, Rag. Luigi, who is 10
Regioniere ff. Rag. Capo. I could not ascertain what
others there were but the Prefect made no requests.
6. Summary:---a new VIN and either a Consigliere or a Segretario seem to
be needed. The facts ascertained should be referred to the
Ministry for their opinion.

Referred 2/24/52

7. Considering these difficulties and the short time in which AMG has been established in these two provinces, very good progress has been made with the reorganization of local government.
8. A firm line has been taken with the CLN from the start. That of ARONA calls itself the "CLN of the Marche" and signaled the arrival of the PC by presenting him with a somewhat detailed and definite programme of what he ought to do. That for Pesaro has its headquarters in that town which makes it more difficult to control from Urbino. In both cases, however, it has been made clear from the start that the Government is AMG and that the organs of administration are the Prefettura and local bodies recognized by law, and that the CLN is a purely political body which may submit its views if it likes, but which has no authority.
9. The Patriots are causing some trouble. They have not surrendered all their arms and there have been one or two shooting cases. The problem still is to find them occupation.
10. Both Prefects are short of staff; the position is set out in full in Appendices A and B.
11. I took the opportunity to discuss with the Prefect the question of a new Commissario for the Opera Leica Lauretana - see our file AGC/1/5/8/LG; a note on this is set forth in appendix C.

The report that has come to your Commission in regard to Prefect Florindo Giammichele surprises this Ministry, as it is not possible that he should be incapable of writing, since he possesses a degree in law and began his career as a result of the regular competitive examination.

After having asked prefect Giammichele for clarifications in regard to the compilation of the scheda, he furnished them with the statement, a copy of which is enclosed.

Il rapporto pervenuto a codesta Commissione nei riguardi del prefetto Florindo Giammichele sorprende questo Ministero, in quanto non è possibile che egli sia incapace di scrivere, essendo laureato in giurisprudenza ed essendo entrato in carriera a seguito di regolare concorso per esami.

Chieste delucidazioni al prefetto Giammichele in merito alla compilazione della scheda, egli ha fornito chiarimenti con la dichiarazione che si unisce in copia.

This morning I had a conference with Col. Spicer, Director of the Interior Sub-Commission of the A.C.C., who, after a few preliminary words, asked me why the scheda had been written by my wife, remarking that it had produced an unfavourable impression and that he wondered how a prefect who could not fill up a scheda could hold the office of prefect.

I explained how it happened, but I deem it advisable to clarify the matter in writing.

First of all, on 10 August, a few days after the liberation of Senegalia, where I had been living since 25 October 1943, I requested, through the Governor of that city, the Regional Commissioner of Ancona to enable me to return to Rome to get in touch again with the Ministry of the Interior in order to be informed of my further duties.

Since the reply was not coming, I went to Ancona on 26 August and conferred with the Regional Commissioner on the matter. He expressed his intention of entrusting the regency of Pesaro to me as soon as possible, provided the higher Allied Authorities approved, and that consequently he did not consider it necessary for me to go to Rome.

On 2 September, at about 17:30 hrs. the Regional Commissioner

Senigallia, where I had been living since 25 October 1943, I requested, through the Governor of that city, the Regional Commissioner of Ancona to enable me to return to Rome to get in touch again with the Ministry of the Interior in order to be informed of my further duties.

On 2 September, at about 17:30 hrs. the Regional Commissioner went to Senigallia and sent for me, as he wished to speak to me. As I was not at home, I was sought in the city. In the meantime my wife, probably a bit alarmed, went personally to the office of the Regional Commissioner to learn what was wanted of me, in order to inform me accordingly.

When I was found, about half an hour later, I hurried to the place indicated, where I arrived somewhat breathless. After I had been questioned, the Regional Commissioner asked me to fill in, there and then a scheda. As my writing resulted awkward and slow due to my breathless condition, I do not remember how it came about but it was proposed that my wife could write. With the consent of the Regio-

nal Commissioner and in the presence of several other officers, my wife read out the various questions of the questionnaire and I dictated the appropriate answers.

After the scheda had been filled, it was read to me and checked, and then signed it, together with the witnesses.

These facts, I hope, will clarify the error fully.

On. MINISTERO DELL'INTERNO

Questa mane ho conferito con il Col. Spicer, Direttore della Sottocommissione per l'Interno della Commissione Alleata di Controllo e dopo un breve preambolo mi è stato chiesto perchè la nota scheda era stata scritta da mia moglie, rimarcando che ciò aveva prodotto sfavorevole impressione e domandandosi come un prefetto che non sa redigere una scheda, possa poi esercitare la funzione di prefetto.

Ho spiegato come si sono svolte le cose, ma ritengo opportuno chiarire per iscritto.

Premetto che il 10 agosto, qualche giorno dopo la liberazione di Sanigallia, dove ho risieduto dal 25 ottobre 1943, ho chiesto tramite il Governatore di quella città, al Commissario Regionale di Ancona di essere messo in condizione di rientrare a Roma per riprendere il contatto con il Ministero dell'Interno e per conoscere la mia sorte.

Ritardando la risposta, il 26 agosto mi sono recato in Ancona ed ho conferito con il Commissario Regionale sull'argomento. Egli mi espresse il proposito, salvo il consenso delle superiori autorità alleate, di darmi la reggenza di Pesaro appena possibile, e che pertanto non riteneva fosse il caso che io mi recassi a Roma.

Il giorno 2 settembre, verso le 17.30, il Commissario Regionale si è recato a Sanigallia e mi ha fatto cercare per parlarmi. Non essendo io in casa, sono stato ricercato per la città. Nel frattempo mia moglie, forse un po' allarmata, si è recata di persona all'Ufficio del Commissario Regionale per sentire che cosa si volesse da me, per poi riferirmi.

Essendo stato rintracciato dopo una mezz'ora circa, mi sono sollecitamente recato al luogo indicato, dove sono giunto un po' trafelato. Dopo alcune domande fattemi e risposte date, il

Poichè la mia scrittura non procedeva spedita e chiara a causa del mio stato momentaneo, non ricordo come venne fuori la proposta che potesse scrivere mia moglie. Col consenso del Commissario Regionale ed alla presenza di parecchi altri ufficiali, mia moglie leggeva le varie domande del questionario ed io dettavo la risposta appropriata.

SUBJECT: Note of Interview at HQ, ACC, - 18 September 1944 - 1015 hours

PRESENT: GIAMMICHELE, H.E. Florindo
Col R. G. B. Spicer, Director, Int S/C
Capt C. G. R. Williams, Int. S/C
2nd Lt G. Zampaglione, Interpreter

1. Dr. GIAMMICHELE arrived in Rome yesterday, had been to the Ministry, and had been sent by them to call on Col Spicer.
2. Dr. GIAMMICHELE said he had been Prefect of FORLI from August till October, 1943. In October he was dismissed by the Republican Fascists. He went into retirement with his family in SENAGALLIA.
3. He reported himself to PC ANCONA (Lt Col H. H. Nichols) on 26 August. He asked leave to go to Rome and put himself at the disposal of the Ministry. Lt Col Nichols said he might be wanted as Prefect of PESARO and he had better remain in SENAGALLIA.
4. He produced a letter from Lt Col Nichols instructing him to go to PESARO in order to be appointed Prefect. He also produced a later letter from the PC, dated a few days later, cancelling the appointment.
5. Some time later the PC for FORLI (Lt Col Peters) and his staff arrived in SENAGALLIA. Lt Col Peters sent for GIAMMICHELE and told him he might be suitable for FORLI, but he should go to Rome and report to the Ministry there. He was accordingly sent back to MACERATA in a truck: the Prefect there, Dr. PONTE, provided him with a car to come out to Rome.
6. Col Spicer asked him if he had completed the Scheda Personale and whether he had made it out in his own handwriting. GIAMMICHELE said he was asked by the PC ANCONA to complete a Scheda, but as his handwriting was very bad, he had asked his wife to fill it in and then had signed it himself in the presence of Lt Col Nichols. His handwriting was naturally bad, but he thought it had gone bad in the last year or two. Moreover, any excitement or nervousness is immediately reflected in his handwriting.
7. Col Spicer advised him to keep in touch with the Ministry and to remain in Rome for a few days.

Osservazioni: 9.5.44 - Major N.E. Nichols. PC Potenza, said that during earlier AMG days, De G. leaned heavily on ovv. Tito Reale whose local influence was used to support him. Reale was very co-operative and in this way De G. survived in office. De G. is very well liked and respected by the people and his staff. PC consider him a man of sound judgement who will never rush into anything blindly. Fully co-operative, courteous and polite. Has a "Civil Service" outlook and is reluctant to act unless he feels everyone is behind him; but if PC is firm enough De G. will act promptly. "Hand over" on 11 Febr. did not alter attitude of DE G. He sd once (before receiving Italian Government's instructions to do so) wrote PC a very courteous letter assuring him of continued co-operation. De G. is of Spanish origin, a bachelor; for the latter reason he could not rise higher than VP in fascist days.

Honest, hardworking, conscientious, intelligent and capable. Much liked and respected by population. Cooperates with AGC. (P.O. Potenza Province). File 1/2 p. 734.

A very timid man, but of sound and balanced judgement, a first class memory and an admirable grasp of details. Has a thorough knowledge of his province. The typical civil-servant, he is reluctant to act unless he feels everyone is behind him, but in his relations with AGC acts promptly if a thing is put to him firmly enough. In the early days and again since his return from Salerno De Goyzueta has been influenced by the avv. Vito Psale, late Minister of the Interior, who was always been a powerful influence in Potenza. At present this is not liked by the extremist political parties.

De Goyzueta is a Neapolitan Marchese of Spanish origin and has the courteous aristocratic manners of his race. He is perhaps the only honest man in the province, because he has nothing to gain. This is generally recognised, as a bachelor he was unable to rise higher than a Vice-Prefect in Fascist days.

Prefect 2nd class. Began his career in 1910; was appointed Prefect by the first Badoglio Government and assigned to Potenza, where he is still giving laudable service. His transfer is desirable as a result of a particular situation arisen locally in his regard. He will be held at disposal for assignment to one of the provinces to be liberated, being acceptable to the AGC. (Min. of Int, File 1/1/72 page 178).

Monley, 18 sept. 44 - Interviewed personally by Director -

I have formed a high opinion of this Prefect. He seems to me not only intelligent and well-educated, but a man of personality which is far above the majority of Prefects I have met. His whole attitude appears to me that of one of the most outstanding Prefects I have met.

PRESENT: DE GOYZUETA, H.E., Mario
Col R. G. B. Spicer, Director, Int. S/C
Capt C. G. R. Williams, Int. S/C
2nd Lt G. Zampaglione, Interpreter

1. Dr. DE GOYZUETA had arrived in Rome from Naples on Saturday, 16 September to see the Minister, who had instructed him to call on Col Spicer.
2. Col Spicer referred to the fact that he had been selected as Prefect to FLORENCE and wished to speak quite frankly with him about that matter. He supposed Dr. DE GOYZUETA knew that at the last moment he had been accused to the Epuration Commission; and although those charges had been dropped, the Government had been disposed to think it unwise to send him to FLORENCE. Col Spicer stated that, for his part, he proposed to pay no more attention to those charges and would forget them.
3. Col Spicer stated Dr. DE GOYZUETA had been selected as Prefect for PESARO. The PC for that Province and Ancora was Lt Col H. H. Nichols, who was formerly PC of POTENZA when Dr. DE GOYZUETA was Prefect there. Arrangements were being made to send him down on Wednesday, 20 September: his staff officers would go into detail with DE GOYZUETA later.
4. Col Spicer touched on the reasons for Dr. DE GOYZUETA's removal from POTENZA and made it clear that this was solely due to the policy of the Italian Government not to keep in a province a Prefect appointed by an ex-Minister who lives in that Province - in this case Avv. Vito REALE, who lives in POTENZA.
5. Col Spicer had a general discussion with Dr. DE GOYZUETA as to local government policy and the more important points arising out of it.

1. Reference is made to Interior Sub-Commission letter ACC/4/22/INT dated 9th Sep. 44.

2. It is noted that an official by the name of DE GOMMERA has been associated for PESARO Province should he be required. This man is well known to the Provincial Commissioner, who considers that he is undoubtedly better than the man he had in mind for Prefetto Reggente, or anyone he is likely to find in the province. Under the circumstances may DE GOMMERA please be sent forward as Prefect of PESARO at the earliest possible opportunity. He should report to the Provincial Commissioner ANCONA/PESARO at ANCONA.

3. It is also noted that three Prefectural nominees have been made for the provinces of RAVENNA, BOLOGNA and FORLÌ. It is considered that although only a very small portion of FORLÌ Province has yet been occupied, considerable advantage might be gained if the Provincial Commissioner had the Prefect with him from the start, when visiting the occupied portion of the province, and helping to select Communal and Provincial officials etc. from the beginning. May FORNARICI therefore, please be sent forward to the Provincial Commissioner FORLÌ at SERRAVALLE (near ANCONA).

4. If the arrangement for FORLÌ turns out to be satisfactory, it is probable that the Prefects nominated for RAVENNA and BOLOGNA will be asked for when the Greeks reach the Provincial boundaries.

5. May this H.Q. also please be informed whether it is intended that these officials should be nominated as "Prefetto" or "Prefetto Reggente", if and when they take up duty.

1. With regards to the above-named Prefect who has been nominated by you and to which we agreed as Prefect-designate for Pescara, a report has been received from 8 Army to the effect that "he seems to be unable to write and when dictating produces the impression of being illiterate."
2. The report further states that when sent the Scheda Personale to be filled in, it had to be done by his wife.
3. I think you will agree that this report is serious, and I do not understand why a man who was born in 1887 should be so reported upon.

I should be grateful if RC, Region V could have the suitability of this Prefect-designate investigated further, particularly with regard to his reported illiteracy. 1. Reference is made to Main H.Q. signal D.511 of 2nd Sep 44, in connection with the appointment of GIANNICHINI as Prefect of Pesaro.
2. Further investigation into the qualifications and capabilities of this person has produced the impression that he is not fit for appointment as Prefetto Reggente. He seems to be unable to write and when dictating produces the impression of being illiterate.
3. Although the Provincial Commissioner was at first willing to accept GIANNICHINI as Prefetto Reggente, his opinion is now that he is unsuitable and I, therefore, do not propose to appoint him as Prefetto Reggente.
4. A suitable candidate as Prefetto Reggente is being sought in the Province, and you will be informed immediately if one can be found, failing which I will ask you to produce one from your pool.
5. For your information Scheda Personale (filled in by his wife) of GIANNICHINI is attached herewith.
6. GIANNICHINI is at present at SERRAVALLE with 2586, and if you wish him to report to ME for instructions from the Italian Government he will be instructed to proceed there.

TO H.Q. 8 Army Main

REF: ANC/A/53

DATE: 28 August 1944

CAREER PREFECT DOTT. GIAMMICHILO FIORINDO

The above mentioned reported to me today. He is at present in SENIGALLIA with his family and anxious to report to Italian Government in Rome for instructions.

He was born at Dogliola (Chieti) 14 Nov. 1887. Law Degree obtained in Camerino (Macerata) in 1911, entered in career 15 June 1914 - nominated Prefect 21 August 1922, sent as such to Treviso up to 2 Jan. 1942 - then to Viterbo up to 15 June 1943 - then to Pesaro up to 15 August 1943 - then to Forlì up to 25 October 1943. Conscripted to Fascist Party in 1926.

I shall probably require a Prefect in Pesaro and no doubt one will be required in FORLÌ and as Giammichele Fiorindo has served previously in these cities, it may be decided that he should resume duty in one or the other of these. I have therefore instructed him to remain for the present in Senigallia awaiting instructions from Rome.

My own view is that his age makes him unsuitable, but I am prepared to employ him in default of a better.

SUBJECT: Prefect for PESARO

TO : RC, Region V

1. With reference to your letter R5/714/2 of 22 August and the enclosed letter from RC Pesaro dated 11 August, I have consulted with the Minister of Interior as to the Prefect Florento GIAMMICHELE.
2. The Italian Government do not recommend him for this Province. It appears that at one time he held an office in Pesaro under the Fascist regime, for which reasons they do not consider it advisable to send him back there. I agree with the Government and consider that in the circumstances Dr. GIAMMICHELE's authority as Prefect of the Province would be bound to be lessened.
3. The Government recommend for this Province Dott. Gaetano ORRU', as to whom I wrote you on 26 August (Ref: ACC/4/22/Int) enclosing his biographical particulars. He is at present residing at Via Archivescovado No. 13, Chieti. As far as I can judge on the information before me, he would be a suitable Prefect for Pesaro provided you approve of him in this capacity and he is satisfactory from the Security point of view.
4. I suggest therefore that steps be taken to have ORRU' screened. Would you be good enough to let me know whether the result is satisfactory or not and whether you agree him as Prefect of Pesaro?
