2. I thought it well to ask Beronati this morning for the source of their info this time.
3. He looked up the file & found the report had been forwarded by H/Q CC.RR. The report itself was unsigned however. He said it was not an official report but a confidential one, such as the police often receive & pass on to the Ministry.

6. Dottore Aria was personally interviewed by Colonel Fiske in my absence before despatch.

7. I must commend that "appearances of insignificance" are frequently misleading.

8. Further the Italian Govt. through the Prime Minister himself have expressed themselves as being strongly opposed to the appointment of non-career officials in the office of Prefect, and particularly soldiers whom they consider have no knowledge of provincial administration.

9. It is my considered judgement, with which I hope you concur, that the PC has been far too hasty in his judgement, and suggest that far stronger and accurate arguments will have to be produced before I can approach the Italian Government to remove Dott. Aria from office, whom they have specially nominated for such appointment.

1. Spoken yesterday to Capt. SILVEIRA (Chief of Public Welfare in P.H.S/C) about Dr. PBS, stated at No. 51D to be at a Rome Welfare institution. As this is a city institution it is primarily a matter for Region IV. On behalf of P.H.S/C he has no objection.

2. The next step is to obtain views of RD Region IV and V. letters herewith for signature, please.

3. The question of screening arises. Points to consider on this:

- only 2 of the 5 is of Vice-Prefectural rank.
- They are recommended by the Minister and it is now his responsibility to defasticate these grades of personnel.
- As from today, Frosinone Province is Italian Govt. Territory. Viterbo, however is not. 3 of the 5 are to go to Viterbo. 1. to Macerata, also Mil. Govt. Territory.

4. I think it will be sufficient to ask Security Branch if they have any record against any of these 5.

SUBJECT: Prefetto Reggente of Terni.

TO : HQ Allied Commission
(Local Government Sub-Commission)

P.40.

Reference your AC/4/1/37/LG dated 22 Nov, the Provincial Commissioner Terni had been interviewed regarding this matter.

He raises, in the first place, a point which may be of interest although you may have conclusive evidence to the contrary. He asks who wrote the original letter to the Ministry as it has all the usual marks of the "denunciation". In other words is it a serious letter and to be treated in that light or is it, as the Provincial Commissioner suggests, a personal enemy who is writing it.

The Provincial Commissioner states that Dott. Gerlo has one very strong point in his favour that is that he is acceptable to all parties. This is extremely important in such an explosive place as Terni. It is thought that the absence of serious trouble up to now is much to Gerlo's credit.

Gerlo is hard working, conscientious, tactful and calm. He is not thought to be a superman but he has considerable ability. It is felt strongly that any change would be most inadvisable and might very easily result in trouble.

Trouble in Terni is always a possibility whoever is Prefect. The present man has at least shown that he has considerable influence for the good not only in regard to the political situation but also judged by the progress in Terni.

The Prefect Reggente of Terni - dott. Umberto Gerlo - before the liberation of that Province, was employed by the comune, as attached to the Rationing Office.

In the year 1943, he underwent an enquiry for alleged irregularities in the Rationing, and as a result of the decisions, which were not in his favour he was replaced. At the Rationing Office a prefetural Commissioner was appointed.

With great surprise even of H.E. ANTONUCCI, who was then Prefect of Terni, the Dott. GERLO was appointed Inspector of the Revictualling Board.

This was possible for him because of the fascist friendships that he had in the Ministry of the Interior.

During the republican period, he was returned to his precedent office, that of Director of the Rationing Office of the Province of Terni; this he requested for reasons of prestige.

This ratification of such a delicate appointment, makes us believe that he was politically welcome by the nazi-fascist authorities.

However, it is ascertained that dott. Gerlo, who had been in the Fascist Party did not inscribe himself in the republican fascio, and that in the political field he never had posts of command, and neither carried out special activities.

His nomination of Prefect of Terni, is supposed to be due to the designation of H.E. the Bishop to the Allied Authorities.

In this function dott. Gerlo did not prove competent of his job, because of his lack of intelligence, administrative incompetence, his limited political views

His nomination of Prefect of Terni, is supposed to be due to the designation of U.M. the Bishop to the Allied Authorities.

3295

In this function dott. Gerlo did not prove competent of his job, because of his lack of intelligence, administrative incompetence, his limited political views and his lack of energy.

But, what is the most important, in the negative sense, is that his actions are colourless and ~~xxx~~ very ineffective. ~~xxxx~~, this derives from his excessive preoccupation to avoid reactions and resentments.

His post, ^{insecure} ~~not very secure~~ in the political field, advises him not to displease the parties of the left. Therefore, in the clash of political passions and material

judges

interests, Gerlo, though he / the aspirations of the workmen legitimate, does not want either to side against the directors of the "Terni", who, it is said have still a lot of protections and influence in the "centro" (~~government~~).

The Province of Terni, an industrial center with an imposing quantity of workmen, badly hit by the bombardments and other war events, in the buildings, in the industrial establishments, and in the road conditions; it's citizens in continual irrevocable dispute with Orvieto, needs a Prefect that responds to the exigencies of the post, energetic and constructive. Dott. Gerlo lacks these qualifications.

Dott. Gerlo has remained and is remaining because of the support of the Allied Governor of Terni, Major FALKER, who for reasons unknown to us, has never believed (at least judging from appearances) the criticisms made on his weakness.

Without adopting the judgment of the political groups, we can however assert that, with the exception of the communist party which is the least hostile to Gerlo, all the others, including the socialist, would like to have a Prefect that was able to govern this troubled Province.

Il Prefetto reggente di Terni - dott. Umberto Gerlo - prima della liberazione di quella provincia, prestava servizio presso il comune, quale addetto all'ufficio tesseramento.

Nell'anno 1943, subì una inchiesta per supposte irregolarità nel tesseramento, e, per effetto delle conclusioni a lui non favorevoli, venne sostituito. All'ufficio tesseramento fu destinato un commissario prefettizio.

Con somma sorpresa anche dell'allora prefetto di Terni, Ecc. ANTONUCCI, (in atto prefetto di Bari), il dott. GERLO fu nominato ispettore del servizio annuario dei comuni della provincia.

Ciò gli fu possibile, in forza delle aderenze che egli conquistava presso i suoi amici fascisti del Ministero dell'Interno.

Durante il regime repubblicano, egli venne restituito, cosa da lui desiderata per ragioni di prestigio, al precedente ufficio, cioè di dirigente il servizio tesseramento del comune di Terni.

Tale conferma in sì delicato incarico, porta a ritenere che egli fosse politicamente ben accolto alle autorità nazi-fasciste.

Tuttavia, si afferma che il dott. GERLO, tesserato fascista, non si iscrisse al fascio repubblicano, e che nel campo politico non occupò posti di comando, né svolse particolare attività.

La sua nomina a Prefetto reggente di Terni pare sia dovuta a designazione dell'Eccellenza il Vescovo alle autorità inglesi.

In questa funzione, il dott. GERLO non si è rivelato all'altezza del compito, sia per scarse risorse intellettuali, sia per difetto

missario prefettizio.

Con somma sorpresa anche dell'allora prefetto di Terni, Ecc. ANTONUCCI, (in atto prefetto di Bari), il dott. GERLO fu nominato ispettore del servizio annonario dei comuni della provincia.

Ciò gli fu possibile, in forza delle aderenze che egli conquistava presso i suoi amici fascisti del Ministero dell'Interno.

In questa funzione, il dott. GERLO non si è rivelato all'altezza del compito, sia per scarse risorse intellettuali, sia per difetto di competenza nelle funzioni amministrative, per limitate vedute politiche e per mancanza di energia.

Ma, quel che più intruisce in senso negativo è la sua azione incolore e poco fattiva, derivante dalla eccessiva preoccupazione di evitare risentimenti e reazioni.

Il suo passato, poco saldo anche nel campo politico, lo consiglia a non scontentare i partiti di sinistra; quindi nell'attuale

./.

cozzo di passioni politiche e di interessi materiali, egli, pur giudicando legittime le aspirazioni degli operai, non vuole neanche schierarsi, ad esempio, contro i dirigenti della "Terni", i quali ancora oggi, si uisce, contino al centro aderenze e protezioni.

La provincia di Terni, centro industriale con imponenti masse operaie, duramente colpita dai bombardamenti aerei e dagli altri eventi bellici, nell'edilizia, negli impianti industriali e nella viabilità, turcata da una insanabile e scissura campanilistica con Orvieto, ha bisogno di un Prefetto che soddisfi alle esigenze della sua carica, energico, costruttivo. Requisiti questi che nel dott. GERLO direttano.

Il dott. GERLO si è retto e si regge, per l'appoggio che gli consente la persona del Governatore Alleato di Terni, maggiore FRANK, che, per ragioni che sfuggono, non ha mai creduto di raccogliere (almeno a giudicare dai risultati) le mormorazioni sulla riacca azione di lui.

Senza ipotecare il giudizio dei gruppi politici, si può tuttavia affermare che, ad eccezione del partito comunista che è il mero ostacolo, tutti gli altri, compreso il socialista, gradirebbero un Prefetto idoneo a reggere le sorti di quella travagliata provincia.

Reference ACC/4/1/87/Int dated 2 September 1944 we regret that we have not been able to get any information. Dott. Olivero was dismissed by a Provincial Commissioner who immediately retired to hospital and we have not managed to get in touch with him.

We feel that the failure of our inquiries indicates the absence of any very heinous record and suggest that, subject to screening, you employ him elsewhere.

1. Reference your R4/350.17 of 8 July.

2. TERNI - AGC 8th Army cabled me on 20 June that the Provincial Commissioner had found a suitable candidate, Dr. GERLO, stated to be a strong anti-Fascist. The cable stated he had been appointed Prefetto Reggente. If GERLO was acceptable, the SCAG asked me to cancel his agreement to a previous nominee; if unacceptable he asked me to send forward this Sub-Commission's nominee.

3. The Minister of the Interior, being asked by me for his observations, took no exception to the appointment seeing that it had been made under the title of Prefetto Reggente. Accordingly I cabled AGC 8th Army on the 29th June that GERLO's appointment was agreed.

4. PERUGIA - I heard of the proposed appointment of Avv. PIANO on my recent tour; and I personally interviewed him in the company of the Provincial Commissioner, Col. Belser. I am asking the Italian Government for their views on this appointment.

5. I am much obliged to you for letting me know the position in these two provinces. You will see that the facts as to TERNI are not quite what I thought they were when I saw you recently.

6. There seems to be some misunderstanding on the part of the Provincial Commissioner as to the proper title by which to appoint PIANO. As he is a private citizen and not a career official, the title "Prefetto Reggente" must be used - see the revised Executive Memorandum No. 12 of 12 June 1944. I am drawing the SCAG's attention to this.

2. You gave us the names of Sig. Cocuzza as Prefect nominated for Perugia, and Sig. Bianco Rossa as Prefect nominated for Terni. In the course of a tour of these Provinces during the past week, we found that in fact Terni was proposing to appoint a local officer, Dr. Umberto Gerlo, as Prefect for that Province, and that Perugia was proposing to appoint a very well known and respected local gentleman, Avv. No. 4374 Cab.

TO: A.C.C.,
Interior Sub-Commission

Reply to letter no. 4/1/42 of 23/6/44.

SUBJECT: Prefect for the Province of Terni

This Ministry lacks the data necessary to express our opinion regarding Dr. GERLO.

The office is only a temporary one and subsequent to agreements, these persons, who anyway do not hold the position of Prefect, charged with the temporary direction of a Prefecture, are qualified only as regents of the Prefecture. This does not give them the right either to hold the title of Prefect, or to be enlisted in the roll of the Prefects, and does not interfere with the faculty of the Government to provide later a different reorganization for the province, when the administration is handed over to the Italian Government.

This Ministry has therefore no objection to the office of Prefecture of Terni being temporarily filled by a regent, as entrusted to Dr. GERLO by the A.C.C.

If anything should turn up later, concerning him, this Ministry will not fail to notify the A.C.C. of such, for subsequent decisions.

TERNI

Prefect of ~~Viterbo~~ - AME local appointment

Aide-Memoire for Director

1. Please see No. 19 - cable from AMG 8th Army.
No. 21 - letter to Minister of Interior thereon.
2. Note that para 3 of No. 22 (dated 19 June) is superseded by No. 19 (dated 20 June).
3. We know nothing of GERLO, except what is stated in No. 19.
4. I believe the Italian Government will raise objections to GERLO.
5. Points for your consideration are:-
 - (a) AMG on the spot are the best judges:
 - (b) The principle always has been to get a local man if we can, so as not to draw on the Italian Government's exiguous resources:
 - (c) Until they got to Rome and found some career Prefects, the former Government themselves were most anxious that we should not draw on their men. Have they so many to spare now?
 - (d) GERLO having been appointed Reggente, the future is not prejudiced.
 - (e) On the other hand, the point that non-political, trained men should be put in is a strong one, ostensibly:
 - (f) Bonomi being Prime Minister as well as Minister of Interior, he may well take the point higher if he is opposed.
6. It is my belief that there is in fact little substance in the point at 5(e) and that the Government are "playing politics". There have been several indications of this lately. For instance, Aldisio's nominations for the Sicily prefectures have been dropped. And there have been hints that Aldisio's nominations of various non-career men for prefectures in forward areas are not acceptable to the new Government, because they are not of the right political colour.
7. I suggest that, if the Government object to GERLO, they be asked in what way his appointment is detrimental to the war effort. That is the real point.

SUBJECT: Prefect for TERMI Province

TO : His Excellency the Minister of the Interior

Your Excellency:

1. Thank you for your letter 3986/Gab. dated 20 June and for the enclosed particulars as to the eight Prefects recommended for the provinces mentioned in your letter.
2. On the same day AMB 8th Army telegraphed me that a suitable candidate for the Prefecture of TERMI had been found locally. His name is GARLO, Dr. Umberto and he is a strong anti-fascist, by report.
3. I shall value your observations upon the appointment of Dr. GARLO to be Prefect of TERMI.
4. Personally, I think that when AMB can find a suitable candidate in the locality, he should be appointed, as this course avoids drawing upon the personnel of the Italian Government. Even though the liberation of Rome has placed a number of career officials at the disposal of the Ministry, the trained personnel available is still, I should imagine, barely sufficient for the needs of the country.
5. Moreover, it is expressly stated in the telegram that Dr. GARLO will be appointed Prefetto Reggente in accordance with the instruction recently issued by the Allied Control Commission as a result of the agreement reached between the Ministry and this Sub-Commission. Thus his appointment will in no way prejudice any reorganization of the province which the Italian Government may desire to undertake at a later date.

1. Capt. C.C.B. Williams has reported upon his conference with you at your advance HQ on the morning of Tuesday, 13 June.
2. I understand you wish this Sub-Commission to be prepared to send forward Prefects for the above-named four provinces and to treat those provinces in the order of priority in which they are named above.
3. Arrangements are being made accordingly with all possible speed. There is, however, great difficulty in arranging transport. The difficulty increases as the army advances, and it will not, in my judgment, be possible to guarantee to move the new Prefects from Naples or Salerno to the HQ of the respective Provincial Commissioners in one day.
4. With the approval of the Executive Commission special arrangements have been made for transporting these officials as far as HQ, which I understand from Captain Williams you are establishing in Rome. From Rome onward to the respective Provincial capitals, the Prefects should be moved in transport and available by you (in accordance with Executive Memorandum n. 12 June 12, 1944).
5. I should suggest for your consideration the desirability of making some preparation in advance for lodging the new Prefects in Rome as they will probably arrive in the city too late to be passed on to the Provincial Commissioner's HQ the same day.
6. The new Prefect will be moved forward until receipt of a signal from you or the SCAO that he is actually required. On receipt of such a signal, I will in turn signal to you and the SCAO the date of the new Prefect's arrival in Rome.
