To: Miss Rasmussen,	
1. Reference Dr. Francesco CARUSO, Consigliere at the Prefecture of BRESCIA.	
2. Answering our inquiry on the position of subject and the circumstances concerning his supposed transfer from the Prefecture of BRESCIA, Dr. Virgilio of the Ministry of Interior, telephoned to me the following information which he gathered from their records:	
a) By letter dated 21 June 45 the Prefect of BRESCIA informed the Ministry that he was placing Dr. CARUSO at the Ministry's disposal. Reason given was that CARUSO at the expiration of a leave which he spent in SIRACUSE (Sicily) did not return to office. The Prefect added in his letter that he was taking this opportunity to ask that subject should be transferred to some other Prefecture owing also to the fact that he had made some friendships which were not regarded favorably in town.	
b) Acting on the request of the Prefect of BRESCIA, the Ministry then assigned Dott. CARUSO to the Prefecture of POTENZA, sending orders of transfer thereof through the Prefecture of SIRACUSE by cable dated 12 July 1945.	
c) On 13 July Prefecture of SIRACUSE replied CARUSO was not there any longer having returned to BRESCIA.	
d) Under date of 19 July 1945, the Ministry informed the Prefect of Brescia that CARUSO had been transferred to the Prefecture of POTENZA.	
3. I asked Dr. VIRIGLIO whether, from the letter of the Prefect of BRESCIA mentioned above, it appeared that the Prefect made the

- 3. I asked Dr. VIRGLIO whether, from the letter of the Prefect of BRESCIA mentioned above, it appeared that the Prefect made the request for the transfer of CARUSO after consultation with PC of BRESCIA and with his accord. Dr. Virgilio replied that this fact was not borne out by the letter. He admitted that the situation was not clear and added that the Ministry will write us a letter on the matter so that we may inform PC BRESCIA and possibly get his consent to the transfer in question. Subject : Counsellor DR. Francesco Giuseppe Caruso.

1. With letter dated 21st June 1945 the Prefect of Brescia informed that Counsellor dr. Caruso sent to Siracuse on leave had not gone back to his office at the end of his leave.

2. The Prefect also seized the occasion to point out that it would be advisable to transfer dr. Caruso to another prefecture, for reasons of incompatibility.

3. Consequently, the Ministry, with ordinance of the 12th July assigned said official to the Prefecture of Potenza, which had urged the envoy of a counsellor.

4. The Prefect of Siracuse, to whom the ordinance was communicated in order that he should inform dr. Caruso, cabled that the latter appeared to have left for Brescia.

5. The Hon. Allied Commission is now kindly requested to inform us whether dr. Caruso has resumed his duty at Brescia, and, if special reasons suggest that he should still be transferred, whether there is any objection to his transfer to Potenza, as already disposed by this Ministry.

We are awaiting for a kind reply on the subject.

REPORT NO. 175

AC/27/15/16

SUBJECT: Survey of Brescia Province - 20 July 1945
Persons interviewed:

- Major Bernard Cullerton (A) Executive Officer
- MW. MULLONI, Prefect
- Dott. VIGI, Vice Prefect Vicario
- " JORABON, Vice Prefect Inspector
- " INSOLIA, Vice Segretario

1. Major Cullerton informed me that he has been put in charge of election matters by the Provincial Commissioner.
2. There was a little confusion as to whether the electoral material from Regional H₂ had been received at the Province, but that point was clarified by the Prefect who pointed out that the material had been received and in fact has been distributed to every Comune. The Prefettura seems to be sufficiently staffed. The Prefect showed me a telegram which he had received from the Ministry of the Interior directing that Consiglieri Francesco CARUSO, Grade VIII, be transferred to Potenza. The Prefect said he had not communicated with the Ministry on this point and that it was quite possible CARUSO started the correspondence. CARUSO incidentally, he pointed out, is subject to emigration. I informed the Prefect not to permit the transfer of CARUSO until I had taken the matter up with the Ministry.
3. The Deputazione Provinciale has been established. The first meeting will be held, according to the Prefect, next Monday (23 July). It follows, of course, that the 4 members of the CPA have not as yet been appointed, nor have the Electoral Commissions or the 10 "mandamenti" of the province been selected.
4. The Casellari Giudiziali of the province are intact. Sindaci and Giunta Comunale have been created in the 171 Communes. However, only 125 have been formally approved. The others are being screened. An Electoral Office has been established under the direct charge of Dott. INSOLIA, Vice Segretario, and supervised by the Vice Prefect Inspector. The Prefect later showed me the office itself, which he has established to handle this work.
5. The Prefect stated that he had called a meeting of Segretari Comunali which was held at the Prefettura. There was general discussion of the problems and some material was given to the Segretari to take back to their Communes. The Prefect then divided the province into 10 zones with

3. The Deputazione Provinciale has been established. The first meeting will be held, according to the Prefect, next Monday (25 July). It follows, of course, that the 4 members of the CPA have not as yet been appointed, nor have the Electoral Commissions or the 10 "mandamenti" of the province been selected.

4. The Casellari Giudiziali of the province are intact. Sindaci and Giunta Comunale have been created in the 171 Communes. However, only 125 have been formally approved. The others are being screened. An Electoral Office has been established under the direct charge of Dott. INSOLLA, Vice Segretario, and supervised by the Vice Prefect Inspector. The Prefect later showed me the office itself, which he has established to handle this work.

5. The Prefect stated that he had called a meeting of Segretari Comunali which was held at the Prefettura. There was general discussion of the problems and some material was given to the Segretari to take back to their Communes. The Prefect then divided the province into 10 zones with his most experienced Communal Secretaries in charge of each zone. Each of these 10 Secretaries not only has charge of the ~~zone~~ ^{own} Commune, but acts as adviser of the other Secretaries. They make inspections and give advice to these other Secretaries. For the Vice Prefect Inspector and Consigliere make inspectional tours, much time is saved by their contacting the key Communal Secretaries of each of the 10 zones who inform them as to the situation. I thought this was an excellent idea and commended the Prefect for using it. I subsequently mentioned it to the other Prefects and PDS that I visited. I suggest that we pass this idea on to other Regional Commissioners for other possible use. It seems to be a good scheme to make up for the lack of efficiently trained Segretari Comunali.

6. The Prefect said he did not expect to receive any requests for extensions of the time-limits. The Prefect seems to be very zealous and capable and displayed a keen interest in his job, particularly with regard to the electoral lists.

- 2 -

7. After we had concluded our discussion of electoral lists, I asked the Prefect if there was any information I could give him. He stated that some time ago, the Regional Commissioner had visited the province, at which time the Prefect asked him what the legal basis for the organization of the provinces and communes should be. Col. Peletti stated that generally it was the law of 1915. I said that that was correct, whereupon the Prefect said that he had not as yet seen any written document on this point. I asked him if he was familiar with RUL 111 of 4 April 1914, published in the Gazzetta Ufficiale of 22 April 1914, No. 21. He said he had not seen that and was not familiar with it. He directed that the "raccolta" containing the Gazzettas be brought to his office in order that I could point out the Decree to him. The pages of 2 copies in the "raccolta" of the Gazzettas were brought. The Prefect muttered that this was making a bad impression on the Allied officers--which, incidentally, it did. I found the correct copy of the Gazzetta containing Decree 111 and showed it to the Prefect. He said this was the first time he had seen it and that neither the Provincial Commissioner nor anyone from his office had pointed it out to him.

8. In conclusion, I would state that the province is being well organized to handle the electoral lists, chiefly through the energy and interest of the Prefect. It was a little amazing to me that RUL 111 had not been personally brought to the attention of the Prefect by the Provincial Commissioner, inasmuch as it is the basis for the organization of the provinces and communes. I did not have an opportunity to bring this matter to the attention of the Provincial Commissioner, because he did not make himself available for any conference with me. I saw him at his mess at 1 o'clock, which he left at about 2. I went to his office at 2:30, waited there until 3 with his Executive Officer, when I had to keep the appointment with the Prefect. I returned to Provincial Hq at 5 and waited until 5:30 for the PC to turn up. I thereupon had to leave.
