COMPLAINT BY :

GAGLIARDI BENEDETTO- born in S. Andrea on the 11/12/1877.

He is and always has been an antifascist. He was in fact three times condemned to 10 years of "confino". He honourably held the tax-collecting office of his own town.

During the german occupation he took the opportunity to display best activity against nazi-fascism. He also was of great help to the Allies with precious information he gave; he was proposed for award.

On the 31/12/1942, he was dismissed from his office and this was given to fascist elements, who are still in charge to-day and protected by the still-fascist Prefecture of Grosinone.

Sig. Gagliardi Benedetto asks for justice. He wants his post back; he has a family to support and no means to live on.

He hopes the Allied Commission will do for him what has been done for others who returned to their old employments.

His thanks,

.....

S. Andrea the 24th June 1945.
