3. Should the Ministry nominate Gen. CASTELVETRI at some future date for a particular province, his suitability for the province in question would, of course, be reviewed by me after a personal interview and consultation with the Ministry, in accordance with our customary practice.

CANTUTO CASTELVETRI. Captain Stanhope-Wright, A.F.HQ. (Telephone No. 475897) telephoned enquiring as to the position of this official. He stated "This man is a very old man, and it came up quite accidentally as to whether I would make an inquiry on his behalf. It is evident there is nothing against him. I rung up Security and they recommended to ring Local Government. He is a good old chap and worried about his appointment"

Informed officer dealing with this matter was not in at present but his conversation would be passed on.

SUBJECT: Interview - Ministry of Interior.

DATE : 22 December 1944 - 1100 hours

PRESENT: M. E. Adalberto BERGUTI, Chief of Cabinet
 M. E. Mario MICALI, Dir. Gen. Personale
 Cav. Andrea CANERA, Consigliere di Gabinetto
 Capt. R. R. Temple } Local Government 3/C
 Capt. G.O.R. Williams }
 Lt. D. MODIANO, interpreting

1. We referred to the Ministry's letter (129 on this file) submitting the names of 19 Consiglieri 1^o classe whom the Ministry propose to promote to the rank of Vice Prefect Inspector. We said we should like biographical particulars of these. One or two were already known to us; we would let the Ministry know in which cases we now desire such particulars.
2. We proposed then to have them screened and according to the results of the screening inform the Ministry which of them were acceptable to the Allied Commission for service in Military Government Territory.
3. We then outlined our ideas as to reconstituting a pool of junior officials for service in the northern provinces as follows:
 - (a) we should be prepared with a certain number of officials who could act as:
 - (i) VEV or VPI
 - (ii) in junior posts on the administrative side (consiglieri and segretari)
 - (iii) on the accountancy side (rag. in various grades).
 - (b) In each of these three groups there should be a certain number ready here in Rome: they should not be kept idle but employed in the Ministry.
 - (c) There must be sure to be a certain number in each of the three groups from those now serving in provinces in the south: they too should remain working in their provinces at present.
 - (d) The idea was to have enough in each group--here in Rome or in the provinces--sufficient to answer the first few demands in newly liberated provinces where there was nobody on the spot who was available (or could be kept in office) to discharge the requisite functions. While we are satisfying these first few demands from the pool, we should have time to build it up again for later demands.
 - (e) Members of the pool in Rome would be regarded as the first line of reinforcements. As they were drawn upon, members of the pool in the provinces would be called up to Rome to take their places.

- 2 -

4. MICALI drew attention to the absolute importance of knowing as soon as possible what officials discovered in the newly liberated provinces could be used, and particularly whether if they could not be used in that province they could be used in another further south. We agreed: we said it was always our endeavor to obtain information of this kind and have officials who might be usable elsewhere sent to Rome to report to the Ministry. We said there were already instructions out on this and we would consider the advisability of renewing or emphasizing them. MICALI and BERNUTI also drew attention to the extreme shortage of officials--BERNUTI saying that whereas they had normally a roll of career officials in the directing grades of about 1,300 or 1,400 they had now only some 1000. We said we fully appreciated this but did not ask for large numbers.

5. We suggested that the Ministry should now take a few days to review their resources and consider how many and who they could recommend in the pool and we would have a further discussion with them next week.

SUBJECT: Generale ZANNETTI--Interviewed by the Director personally.

DATE : 17 November 1944

1. This tentative Prefect is less loquacious than most of those whom I have encountered. He expressed his immediate desire to go forward as Prefetto Reggente to Macerata if required.
2. He is a stocky, short-built little man whose eagerness to go and perform his duty impressed me, and I think since he is a northern Italian who was born in Venice that it is possible that AMG authorities may have to go a long way to find a better man than he is. This, however, is only a comment on my part.
3. He is strongly recommended by the Italian Government.

A. S. E. IL PRESIDENTE DELLA
COMMISSIONE DI 1° GRADO PER L'EVU-
RAGIONE DEL PERSONALE DELL'AMMINI-
STRATIONE CIVILE - Ministero Interni

R O M A

Pavone dr. Tommaso
Prefetto di 2° classe.

Promuovo il graduino di coesta Commissione nei confronti del
Dr. Tommaso Pavone, Prefetto di 2° classe.

Il Pavone, entrato nell'amministrazione civile dell'Interno
il 6 settembre 1934 a seguito di regolare concorso, vi ha percorso
regolarmente tutti i gradi sino all'attuale (grado IV Gruppo A),
dai venne nominato il 31 luglio 1943.

Non ha mai appartenuto alla milizia volontaria per la sicurezza
nazionale, né ha mai avuto cariche od incarichi di partito.

Ha rivestito le qualifiche fasciste di "antemarcia", "marcia su
Roma", "squadrista", e "sciurpa littorio". Tali qualifiche, però, non
corrispondono ad una reale situazione né a partecipazione a squadre di
azione; ma furono attribuite al graduino al Pavone nel 1932 a seguito
della disposizione Federzoni che riconosce tali qualifiche a tutti gli
ex iscritti al partito nazionalista.

In fatti il Pavone nel 1921, ancora studente universitario, si
iscrisse all'Associazione Nazionalista Italiana, sede di Catania (co-
me risulta dalla copia fotografica della tessera n. 21260). Difetta,
pertanto, l'elemento materiale della previsione dell'articolo 14 del
Decreto lgt. 27 luglio 1944, n. 159.

Intattava va rilevato l'atteggiamento veramente encomiabile ed
altamente patriottico tenuto dal Pavone dopo l'8 settembre 1943. A ta-
la data egli trovavasi a Trento, quale prefetto. Appena venuto a cono-
scenza dell'armistizio, assunse un atteggiamento sereno e dignitoso;
si oppose alle richieste dei tedeschi, che già la mattina del 9 set-
tembre avevano occupato Trento, e fu fermato; ottenne la liberazione
delle forze di polizia, che i tedeschi avevano disarmato ed internato;
rifiutò di sottoscrivere un bando contro i militari sbandati, prepara-
to dal comando tedesco su a lui sottoposto per la firma; quindi abbandonò
donò la sede.

Promuove il giudizio di questa Commissione nei confronti del
Dr. Tommaso Pavone, Prefetto di 2^a classe.

Il Pavone, entrato nell'Amministrazione civile dell'Interno
il 6 settembre 1924 a seguito di regolare concorso, vi ha percorso
regolarmente tutti i gradi sino all'attuale (grado Ivo Gruppo A),
cui venne nominato il 31 luglio 1940.

Non ha mai appartenuto alla milizia volontaria per la sicurezza
nazionale, nè ha mai avuto cariche od incarichi di partito.

Ha rivestito le qualifiche fasciste di "antefascista", "marcia su
Roma", "squadrista", e "aspirante littorio". Tali qualifiche, però, non
corrispondono ad una reale situazione nè a partecipazione a squadre di
azione; ma furono attribuite ad ufficio al Pavone nel 1932 a seguito
della disposizione federale che riconosce tali qualifiche a tutti gli
ex iscritti al partito nazionalista.

Infatti il Pavone nel 1921, ancora studente universitario, si
iscrisse all'Associazione Nazionalista Italiana, sede di Catania (co-
me risulta dalla copia fotografica della tessera n. 21240). Difetta,
pertanto, l'elemento materiale della previsione dell'articolo 14 del
decreto lgt. 27 luglio 1944, n. 159.

Intattava va rilevato l'atteggiamento veramente incombustibile ed
altamente patriottico tenuto dal Pavone dopo l'8 settembre 1943. A ta-
le data egli trovavasi a Trento, quale prefetto. Apriva venuto a cono-
scenza dell'armistizio, e assunse un atteggiamento fermo e dignitoso;

delle forze di polizia, che i tedeschi avevano disarmato ed internato;
rifiutò di sottoscrivere un bando contro i militari disarmati, preparata
to dal comando tedesco ed a lui sottoposto per la firma; quindi abbandonò
la sede.

Dopo aver informato il Comandario all'interno di Roma, si ri-
fugiò a Firenze. Qui fu tratto in arresto dai neo-fascisti, quale
"comunista camogliaro" e consegnato ai tedeschi, che lo trasferirono
a Roma, ove, dopo un colloquio con il Capo di Gabinetto del sedicen-
te Ministro dell'Interno, Bullerini Guadagni, fu trasferito al carcere
di R. Coelli (cella n. 598 braccio 6°). Posto in libertà il 10 ottobre
1943, perchè annullato, rimase in istato di fermo allo albergo "Atlan-
tico". Dopo aver rifiutato di aderire al nuovo Governo, fuggì dall'Italia.

bergo e ritornò a Firenze, ove fu ricevuto vagamente e conosci-
fatto alla macchia (v. attestazione 12.9.1944 del reggente la que-
stura di Firenze).

Attese tali circostanze, le quali dimostrano lampantemente
lo spirito deciso, il risoluto atteggiamento e l'alto spirito di
italianità del Pavone, propongo che egli sia mandato esente da
ogni sanzione, anche a norma dell'art. 16 del citato decreto lue-
goterenziale.

TO : H.E. THE PRESIDENT OF THE COMMISSION TO GRADE FOR THE PURIFICATION OF THE PER-
SONNEL OF THE CIVILIAN ADMINISTRATION • MINISTRY OF THE INTERIOR

R O M E

Pavone dott. Tommaso
Prefect of II class.

I ask the judgement of the Commission in regards of Dott. Tommaso Pavone,
II class Prefect.

Pavone, entered in the Civilian Administration of the Interior the 6th of Sep-
tember 1924 as a result of a regular competitive examination, he covered all the
grades regularly till the actual one (Grade IV group A), to which he was appoin-
ted the 31st of July 1943.

He has never belonged to the Voluntary Milizia for the national security
(milizie volontaria per la sicurezza nazionale) neither has he ever had charges
or appointments from the party.

He had the fascist qualifications of "antefascista", "march on Rome", and
"sciapra littorio". These qualifications do not however correspond to the real
situation nor to partaking to squads of action; but were given to him in 1932
as a result of the Federzoni disposition who gave these qualifications to all
those who had belonged to the nationalist party.

Infact, Pavoni in 1922, still a university student, inscribed himself to the
Nationalistic Italian Association, office of Catania (as resulting from the photo-
graphic copy of the membership card n. 212440) We lack the substantial fact
contemplated by article 14 of the law decree 27th of July 1944, n. 159.

We must however point out to the really praiseworthy and highly patriotic
attitude of Pavoni after the 8th of September 1943. On that date he was in Trento,
in the office of Prefect. As soon as he heard of the armistice, he assumed a firm
and dignified attitude; he opposed the requests of the Germans, who had already
occupied Trento since the morning of the 9th of September, and was then stopped;
he obtained the liberation of the police force that the Germans had arrested and
interned; he refuse to undersign a proclamation against the disbanded militaries,
prepared by the german command and given to him to sign; He then left the office.

Pavone dott. Tommaso
Prefect of II class.

I ask the judgement of the Commission in regards of Dott. Tommaso Pavone ,
II class Prefect.

Pavone, entered in the Civilian Administration of the Interior the 6th of September 1924 as a result of a regular competitive examination, he covered all the grades regularly till the actual one (Grade IV Group 4), to which he was appointed the 31st of July 1943.

He has never belonged to the Voluntary Milizia for the national security (milizia volontaria per la sicurezza nazionale) neither has he ever had charges or appointments from the party.

He had the fascist qualifications of "entusiasmo", "march on Rome", and "sciarpa littorio". These qualifications do not however correspond to the real situation nor to partaking to squads of action; but were given to him in 1932 as a result of the Federzoni disposition who gave these qualifications to all those who had belonged to the nationalist party.

In fact, Pavone in 1922, still a university student, inscribed himself to the Nationalistic Italian Association, office of Catania (as resulting from the photographic copy of the membership card n. 212440) We lack the substantial fact contemplated by article 14 of the law decree 27th of July 1944, n. 159.

We must however point out to the really praiseworthy and highly patriotic attitude of Pavone after the 8th of September 1943. On that date he was in Trento, in the office of Prefect. As soon as he heard of the armistice, he assumed a firm and dignified attitude; he opposed the requests of the Germans, who had already occupied Trento since the morning of the 9th of September, and was then stopped; he obtained the liberation of the police force that the Germans had arrested and interned; he refused to undersign a proclamation against the disbanded militaries, prepared by the German command and given to him to sign; He then left the office.

After having informed the Commissariat of the Interior in Rome, he then took refuge in Florence. Here he was arrested by the neo-fascists as a "comunista badogliano" and handed over to the Germans, who brought him to Rome, where, after having an interview with the Chief of Cabinet of the so-called Ministry of the Interior, Bufarini Guidi, he was brought to the prison of Ascoli (cellula n. 593, branch 6). He was set free the 10th of October, because he was ill, and he then remained at the hotel "Atlantico" under guard. After having refused to go with the new Government, he escaped from the hotel and returned to Florence, where they searched for him in vain as he had gone in hiding. (see certification of the Regente of the Questura of Florence 12.9.1944).

Taking into consideration these circumstances, which clearly show the high spirit of patriotism (italianita) and the decide and firm attitude of Pavone, I propose that he should be exempt from any sanction, even considering the art. 16 of the afore mentioned It's Decree.

SUBJECT: Interview with SEPE, Francesco.

TO : 26 October 1944

1. H.S. SEPE stated that he was a Prefect at the disposition of the Ministry of Interior. He had been appointed a month ago as head of the Anti-Fire Brigade, but was dismissed at the request of the Communist Party, partly through the intervention of SCIORILLI-SORRELLI. He said Major Mason of Public Safety Sub Commission knows all about him. I asked him who had sent him here and he stated he was here at his own instance. I told him that it was our policy not to use people unwillingly, but he said that he had spoken to BERNUTI and told him that he intended to see Col. Spicer. SEPE said that BERNUTI said that it was all right.

2. SEPE said he had been Vice Prefect at Florence for four years (1932 to 1936); Prefect at Chiati, 4th grade (1936 to 1941); Prefect at Taranto, 3rd grade (1941 to 1943). Thereafter, he served for three months as Vice Chief of Police in the Ministry of Interior. Since then, he has been at the disposition of the Ministry.

3. SEPE said that a new province involving the abolition of Litteris was to be formed and that he was anxious to be Prefect of that new province. If that were not possible, he would like to stay in Rome at any job that was available. He made it clear that he did not want to go north, for family reasons. He wanted to enlist our help in that regard. He stated he was 59 years of age.

4. IMPRESSION: I had difficulty throughout the interview of indicating my contempt for the man. He is one of the lowest types I have met--self-interested, self-seeking, and probably corrupt, because he said something about staying here in Rome to feather his own nest. I treated him very politely, however, and gave him a scheda personale and biographical data form to fill out and send in. However, I have no hesitancy in stating that it was a mere gesture and that it would be an act of bad faith on our part if we in any way consented to his assumption of a prefecture, or for that matter, any job.

NOTE: Major Mason of Public Safety Sub Commission had the following comment to make on SEPE:

He said that when SEPE's name came up as a possible candidate for the head of the Fire Brigade, he (Major Mason) made inquiry about the former. He said he was informed by the people in the Fire Service that SEPE was a strict disciplinarian and a good administrator. He said that he made no security inquiries or further inquiries about

see people unofficially, but he said that he had spoken to ERNESTI and told him that he intended to see Col. Spicer. SEPE said that ERNESTI said that it was all right.

2. SEPE said he had been Vice Prefect at Florence for four years (1938 to 1939); Prefect at Chieti, 4th grade (1936 to 1941); Prefect at Taranto, 3rd grade (1941 to 1943). Thereafter, he served for three months as Vice Chief of Police in the Ministry of Interior. Since then, he has been at the disposition of the Ministry.

NOTE: Major Mason of Public Safety Sub Commission had the following comment to make on SEPE:

He said that when SEPE's name came up as a possible candidate for the head of the Fire Brigade, he (Major Mason) made inquiry about the former. He said he was informed by the people in the Fire Service that SEPE was a strict disciplinarian and a good administrator. He said that he made no security inquiries or further inquiries about the man, but believes that there was some political dealing which resulted in his failing to be appointed. Major Mason said that he is decidedly not a sponsor or a protagonist of SEPE and it was simply the statement about SEPE's being a strict disciplinarian which appealed to him. Major Mason said he is decidedly not a sponsor of SEPE, and in fact told the latter when so questioned that he could not introduce SEPE to Col. Spicer.

Conversation with H.E. BERUZI, 26 October 1944.

I informed H.E. BERUZI that SEPE had been in to see me and had indicated that he came in with the knowledge and approval of BERUZI. BERUZI stated that he had merely told SEPE that if he were nominated as a Prefetto he would have to be interviewed thereafter by Col. Spicer. BERUZI said that perhaps SEPE thought that he would like to anticipate some action.

I thereupon told BERUZI that I was very much unimpressed by SEPE and as a matter of fact felt rather contemptuous of his self-serving goals; that SEPE had indicated that he did not want to be Prefect of a northern province and sought our aid in that regard. I told BERUZI that we could not approve SEPE if his name were submitted to us.

2. Inquiries have been made of the local Allied Military Authorities as to the behaviour of this Prefect during the period in which he was Prefect of Aquila, and I send you a copy of the report I have received from them on the subject.
3. BIANCOCORSO was at one time nominated by you as suitable to be Prefect of a northern province, but it was afterwards intimated in conversation with one of my officers that there was some doubt as to his political past. I should be glad to know your present views as to the suitability of this Prefect for the north.

Your Excellency:

1. I refer to your letter 7441 Gabinete, dated 14 September 1944, recommending the above-named to the office of Prefect.
2. He would appear to be a satisfactory choice were it not that his age--65--gives rise to doubt whether he would have the necessary energy and initiative for a newly liberated province where considerable reorganization would be necessary. Avv. RUMUCOI is not personally known to me. I should be glad to have Your Excellency's opinion on this particular point.

The Brigadier General of the reserve ZANETTI Disma fu Angelo Ottavio and of Vigna Bonualda, born in Rovigo the 25th of April 1885, domiciled in Via Cagliari n. 42. ^{Rome} has a good moral and political conduct. He was never inscribed to the National Fascist Party and for that reason was under the local Cuestura's supervision till 1941.

Domiciled in Rome since 1934, he came from Bari with his family composed of his wife, GIUSTI Ernesta di Luigi and fu Belogni Cosira, born in Reggio Emilia the 23 of May 1894, house-wife, and of the daughters: Maria Adelaide, born in Milan the 31st of October 1915, single, doctor at the Institute "Torlanini" and of Maria Pie, born in Gatte the 11th of September 1917, married to della Valle Emilio, journalist domiciliated in Rome, Via Margutta n. 48.

With the rank of Colonel, in 1935 and 1938, was appointed Chief of the General Inspectorate of the Cadet Preparatory Training attached to the Presidency of the Council of Ministers; from 1938 to 1941 he was appointed Chief Director, Division of the Institutes and Military Schools attached to the Ministry of War and, from 1941 to March 1943, was appointed Chief of the Section Movement of Personnel at the same Government Department.

Immediately after the fall of fascism and till the 11th of September, 1943 he held the post of Chief of the political military control on the Press at

the Ministry of War. During the above period he had frequent contacts with H.E.

Bedoglio.

As a result of the declaration of armistice and the ensuing Nazi occupation of the Capital, General ZANETTI left his office and lived for some days hiding in his house. But realising very soon that the attention of the republicans was turned against him, he was obliged to abandon the family towards the middle of the month of September and to take refuge in Abruzzi where he remained till the middle of December: at that time he came back to Rome, especially to help his family for which he was anxious as the Police exercised a continuous vigilance on them.

In fact, it has been ascertained, that in October 1943 the Ministry of the Interior, as a result of an anonymous letter, informed the local Questura so that they should intensify their enquiries on Zanetti.

As a result of the assiduous vigilance, and frightened of reprisals, the family of Zanetti were obliged to abandon their house in Via Tagliari to hide with some friends. In the meantime the General ZANETTI, towards the midle of December was taken in the palazzo of the Religious Congregation in S. Maria di Trastevere where he remained till the liberation of Rome.

Col grado di colonnello, nel 1935 e 1938, ricoperse la carica di Capo dell'Ispettorato Generale per la preparazione premilitare presso la Presidenza del Consiglio dei Ministri; dal 1938 al 1941 quella di Direttore Capo Divisione degli Istituti e Scuole Militari presso il Ministero della Guerra e, dal 1941 al marzo 1943, quella di Capo Reparto Movimento Personale dello stesso Dicastero.

In seguito alla dichiarazione di armistizio e conseguente occupazione nazista della Capitale, il generale ZANETTI lasciò il suo ufficio e visse per qualche giorno nascosto nella sua abitazione. Avendo avuto però ben presto la sensazione che l'attenzione delle autorità repubblicane era rivolta alla sua persona, verso la metà del mese di settembre, si vide costretto ad abbandonare la famiglia e rifugiarsi in Abruzzo, dove rimase fino alla metà di dicembre, epoca in cui fece ritorno a Roma più che altro per assistere più agevolmente i suoi famigliari per i quali era in apprensione a causa della continua vigilanza su di lui esercitata dagli organi di polizia.

E' stato accertato, infatti, che nell'ottobre 1943 il Ministero dell'Interno, in seguito ad anonimo, interessò la locale Questura per intensificare le indagini sul suo conto.

In seguito all'assidua vigilanza, per tema di essere oggetto di rappresaglia, anche i familiari dello Zanetti si videro costretti ad abbandonare l'abitazione di via Cagliari per rifugiarsi presso una famiglia conoscente. Frattanto lo stesso Generale ZANETTI, verso la metà del mese di dicembre, si fece accogliere nel palazzo delle Congregazioni Religiose in S. Maria in Trastevere, dove rimase fino alla liberazione di Roma.

1. RANUCCI, Leopoldo fu Giovanni was born 60 years ago at SPARANISE of a wealthy family. He qualified as a lawyer, but has always been more interested in politics and journalism.
2. Politically he has always been a socialist, and as such always criticised fascism openly and fearlessly, as a result of which he was frequently denounced and constantly under police supervision. As a lawyer he dealt with labour disputes and trade problems; as a journalist he wrote regularly in the former socialist paper "La Propaganda."
3. Public opinion tends to classify RANUCCI as of modest ability as a lawyer but there is no doubt as to his general capability and absolute integrity.
4. It is considered that RANUCCI is the type of man suitable for appointment as a prefect in some province, but it would be a matter for consideration whether his age would prevent him from exercising the necessary drive and initiative in a province where considerable re-organisation might be necessary.

The Prefect Rodolfo BIANCOROSSO was appointed by the Badoglio government to the prefecture of Aquila, where he entered service on 1 August 1943 and remained until October.

The very fact that he was appointed after the fall of fascism showed the un-fascist sentiments of Biancorossa, who, during his direction (of the prefecture) used his power on behalf of the population both in administrative provisions against all fascist careers and especially regarding food material.

He was at Aquila at the time of German occupation and remained for some time until retired by the fascist republican regime.

He showed himself opposed to the Germans and did all in his power to save the population from the worst damages of the occupation.

He showed the highest ability in carrying out his duties.

He left a good memory here despite the limited time he was in office, which prevented his having carried out any notable projects.

Il Prefetto BIANCOROSSO Rodolfo fu nominato dal Governo di Badoglio alla Prefettura di Aquila dove prese servizio il 1.6.1943 e vi rimase fino ad Ottobre.-

Lo stesso fatto della nomina avventa dopo la caduta del fascismo dimostra i sentimenti non fascisti del Biancorosso, il quale, durante la sua gestione si adoperò in favore della popolazione sia con provvedimenti amministrativi per debellare tutte le cariche fasciste sia e particolarmente in materia alimentare.

Egli si trovava in Aquila all'atto della occupazione tedesca e vi rimase ancora per qualche tempo fin quando cioè il regime repubblicano fascista lo collocò a riposo.

Si mostro' avverso ai tedeschi e purtuttavia si adoperò con opportuna politica di adattamento perche' alla popolazione fosse risparmiato al massimo il danno dell'occupazione.

Dimostro' ottima capacita' nel disimpegno della sua attribuzione.

Ha lasciato un buon ricordo sebbene il limitato tempo della sua carica non abbia potuto fargli svolgere notevole attivita'.-

TO : His Excellency, the Minister of Interior

Your Excellency,

1. I refer to your letter of 17 October suggesting the Vice Prefects SA. GRITI, GIBILISCO, BAKKA, PUMPI LIONIA and the acting Vice Prefect BASINOBUSCO for the post of the Prefect of a forward province.
2. I have put in hand inquiries as to SA. GRITI, GIBILISCO and BASINOBUSCO and will write to you further as to these three as soon as I can.
3. PUMPI LIONIA is acceptable to us.
4. The reports I have upon BAKKA are such that I cannot regard him as suitable for a northern province.
5. As to BASINOBUSCO, his behaviour in delaying for two months or so to obey your orders to transfer himself from Siracusa to Taranto is known to the Ministry. This conduct would not seem to indicate the strength of character and devotion to duty so requisite in a Prefect of a Province just liberated from the enemy. I shall be glad to have your further views on this point. 6 I refer also to your letter n. 6544 dated 10 of 15 September and 3650.1730 of 14 October relating to General Francesco SANI. SUBJECT, Vice Prefects proposed as Prefects in forward provinces.

TO : Col. R. G. B. Spicer.

1. The Ministry have proposed the names of six new Vice Prefects for promotion and to go into the pool--see number 87 on this file: they are:--

- (1) SAFORITI
(2) GIBILLISCO
(3) MASTROBUONO

We know nothing of these. They are living in Rome and the Security Branch should be asked to clear them. Letter herewith. The Security reports, however, while conclusive on the question of security, do not give us much to go on as to the question of efficiency. * *Sopprano - being typed.*

(4) BARRA. Capt. Temple's report of his survey of Avellino on 23 June 1944, report No. 93, records as follows:

"11. The Vice Prefect, BARRA, the PC regarded as mediocre, capable of handling routine matters, but certainly not Prefect timber."

The PC at that date was Lt. Col. W. R. Irish.

(5) PAMPALLONIA. Card herewith, from which you will see that Lt. Col. Thomas and Col. Hancock spoke highly of him, but Col. Zella says that Lord Middleton had a very poor opinion of his capabilities. Capt. Hammond reports as follows:--

"When I was stationed at Taranto, there was a riot; the mob got hold of the Prefect SOPRANO and began to beat him and tear his clothes, in the street below the Prefettura. I was the only ACC officer in the building. There was a carabinieri in the area and other Italian troops in the building. I sought out the Vice Prefect PAMPALLONIA and asked him what action he was going to take to rescue the Prefect. He was gray in the face with fear and could only reply, 'British troops must be sent for'. I said British troops would certainly not be sent for, that he must use Italian troops in the building, and should get in touch at once with the Italian port Admiral under whose command on Italian troops and carabinieri came. The Vice Prefect only repeated that British troops must come, and as far as I know took no action. SOPRANO escaped in to a church, whence he was rescued by an Italian Naval policeman."

This does not look like prefectural timber either.

We know nothing of these. They are living in Rome and the Security Branch should be asked to clear them. Letter herewith. The Security reports, however, while conclusive on the question of security, do not give us much to go on as to the question of efficiency.

Le due qualifiche di "distinto" gli vennero attribuite, per gli anni 1924 e 1925, dal Governatore De Vecchi, il quale (1925) ebbe ad affermare: "Il Dr. Pampillonia è funzionario fuori del Regime. Egli può mascherarlo quando gli riesce, ma è provatissimo che lo è, nè potrà rientrarvi. Ha qualità intellettuali notevoli, tutte intese ai vecchi sistemi".

Il predetto funzionario, il quale ha disimpegnato egregiamente vari incarichi, ottenendo diversi encomi, era stato ultimamente incaricato della gestione straordinaria del Comune di Taranto.

PAMPILLONIA Dott. Pietro - Vice Prefect of Taranto

Born in 1882

Inscribed to the P.N.F. after the march on Rome

Began his career in 1908

He held office in : Catia Isotta - Ragusa - Dara - Taranto - .

With the exception of two "distinguished" in 1924 and in 1925, he was constantly classified "excellent"

Absolutely excellent official, intelligent, cultured, hard-working, competent, and energetic. He is very tactful and has marked directive disposition. From 1913 till 1925 he was at the disposition of the Ministry of Colonies, first in Bengasi, then as Commune Secretary (He occupied himself of organizations and creations of services with good results, he often sustained spontaneously the charge of heavy works) and, successively, in Mogadicio where he directed in a very praiseworthy manner the economic-financial services of the Colony.

The two qualifications of "distinguished" were given to him, in the years 1924 and 1925, by the Governor De Vecchi, who (1925) asserted : " Dr. Pampillonio is an official out of the Regime. This is absolutely proved and though he can hide it when he tries, he will never be able to reenter. He has marked intellectual qualities but all of them in connection with the old systems"

The above-mentioned official, who had several appointments with good results, obtaining good mentions, has been lately charged with the extraordinary management of Taranto.

Ha cessato dal servizio dopo l'occupazione tedesca
Collocato a riposo dal 16/2/1944.

Ottimo funzionario per capacità e cultura.
Ha disimpegnato ottimamente vari incarichi tra cui quello di
Commissario presso l'"Ente del Volturno" a Napoli.

Si è sempre distinto per laboriosità e capacità.
Tanto al Ministero, quanto in provincia (dove ha esercitato
per molti anni l'ufficio di Capo Gabinetto) la sua opera è sem-
pre stata molto apprezzata.

Anche le note informative sono sempre favorevoli in tutti i
gradi.

Your Excellency:

1. Further to my letter ACC/4/1/93/1G of 4 october, I have this morning interviewed Prefect Riccardo VENTURA.
2. Provided that he is entirely free from any question of expatriation proceeding, I am quite prepared to accept him as prefect for a northern province.
3. He states that his son is severely ill and therefore he asked if I would place him as low on the list as possible. This I agreed to.
4. I understand he is to be held in Rome at the disposition of ACC, and I will therefore communicate with him as soon as a province for which he is required is available, but I would say that this should not be for some many days yet.

SUBJECT : NOTES OF INTERVIEW between Col. SPICER and His Excellency
BERUTTI at the Ministry on 3 October.

Also present : - Capt. Vernon Lewis
Interpreter : Signor Mondiano.

Prefects

1. Col. Spicer referred to the Ministry's letter of 2 October containing 4 nominations for Prefects of forwarded provinces (File 4/22).
2. These names includes Speciale and Passucci. These two had already been disapproved and the decision conveyed to the Ministry by letter.
3. Approval cannot be given for these 2 in any circumstances for reasons given on the letter to which we repeated,
4. Berutti explained that he had not received the letters in 2 above otherwise the letter under discussion would not have been written (See letter 3 October file 4/22 setting out above).

5. Payment of Sindaci :

Col. Spicer referred to the point frequently made by AME Officers that they were unable to obtain the right type of men to serve as Sindaci owing to their inability to give the time involved from their own work. Col. Spicer appreciated the legal position and the attitude of the Government which had been clearly expressed against payment in the past. Berutti was alive to the problem and stated that the Ministry had agreed to pay salaries in isolated and exceptional cases. At Col. Spicer's request he agreed to consider the matter in the light of emergency conditions and as a temporary measure. Col. Spicer did not expect his reply at the interview and it was arranged that after Berutti has had an opportunity of considering the position fully he would discuss it again with Col. Spicer.

Poichè detta provincia è amministrata dal Governo Militare Alleato, sarei vivamente grato a codesta Commissione se volesse compiacersi disporre che sia accertato il comportamento del predetto prefetto nella direzione della prefettura, assodando in particolare se e quale collaborazione abbia prestato al governo repubblicano fascista.

1. I have today received your letter dated 29 September, no. 7388 referring to my letter of the 22 September, ACG/4/22/Int.
2. This letter has crossed communications which were addressed to you from this office in reference to both Prefect PASCUCCI and Prefect Rosario SPACALIS.
3. Under no circumstances could we accept either of these nominations as prospective Prefects for the northern provinces for reasons which I have already explained in the above letters.
4. I accept gratefully the nomination of Vasco DOMINIGIS and I have already nominated him tentatively for the province of Apulia.
5. With regard to your nomination of SCIORILLI-SCORRELLI, I have never had the opportunity of meeting this Prefect, and before I commit myself I should be most grateful for an interview with him, after which I can write you further in the matter.

- 1) Reference the above mentioned letter, I assure that all the attention will be given by the Government about the appointment of Prefects and Vice Prefects for the provinces liberated from the enemy's occupation.
- 2) I add that I agree with the principle pointed out by the Interior Sub Commission, that under these circumstances, it is reasonable to appoint also young elements coming from the intermediate grades of their career, if however they are of certain political faith and of experimented capability and energy. 875
On that purpose this Ministry ~~will~~ ^{take} ~~adopt~~ ^{all} the ^{steps} ~~measures~~ as soon as possible.

3) In the meantime, following the request of the Int. Sub Commission, in order to put at its disposal as many Prefects as possible, I have decided to reduce to the smallest number the Prefects with General Inspective duties.

Actually the following Prefects fill the posts of ~~the~~ General Inspectors:

Innocenti dott. Silvio, Monticelli dott. Roberto, Pascucci dott. Renato, Salvatore dott. Alfredo, Schiavi dott. Carlo, Sciorilli Borelli dott. Umberto, Speciale dott. Rosario, Vacca de Dominicis dott. Arturo.

Among these, Drs. Monticelli and Schiavi are

4) ~~It appears therefore that~~ old enough, therefore they seem to be suitable for Inspective duties rather than for the provinces.

Dr. Innocenti, on the other hand, is working $\frac{7}{8}$ also for the Interior Sub Commission and it is good that he continues in that duty.

It is known that dott. Salvatore is not well accepted by the Interior Sub Commission.

- ③
- 4) It appears therefore that four are the Prefects who could be put at the Interior Sub Commissioner's disposal to be posted to A.M.G. provinces, and namely:
- Sciorilli Borrelli, Pascucci,
 - Speciale Rosario, Vacca de Dominici.
- 5) The above mentioned prefects therefore are put at the Interior Sub Commissioner's disposal for the purposes referred to.

SUBJECT: Prefect Avv. Leopoldo RANUCCI

TO : A.C.C.
INTERIOR SUB-COMMISSION
R O M E

We propose Avv. Leopoldo RANUCCI to be nominated prefect.
He is living at Naples, Via Alessandro Peerio, No. 32.

Attached is a biographical note of his career; we would
like to know the opinion of your Sub-commission.

BY ORDER OF THE MINISTER

AVV. Leopoldo RANUCCI, son of Giovanni.

Graduated in law at the University of Naples, he exercises profitably the profession of civil lawyer in that city where he has his office in Via Alessandro Poerio, No. 32.

He is well known as a specialist for cases of civil labour disputes and illegal deeds.

From 1910 to 1922 he wrote a considerable number of newspaper articles discussing arguments of general politics and local administration, taking part in memorable campaigns to reintegrate the public life of Italy.

In 1913 he was a candidate in Parliament for the (uninominal) Political-College of Capua.

In 1914 he was elected councillor for the Commune of Naples, taking 130 thousand votes, and was consequently nominated vice-syndaco of that Commune.

He later became a member of the Communal Board of Naples from 1916 to 1920, and was assistant administrator of food rationing and of the Labor Office.

At the administrative elections of 1914 he was elected councillor of the Commune of Sparanise, where he held the office of Mayor until 1922, i.e. until the advent of fascism.

For his energetic and whole-hearted collaboration with Allied units during the 1915-1918 war, he was given the "Legion d'honneur" by the French Government under Clemenceau.

870

In 1917 the Ministry of Supply proposed the establishment of a National Board comprising all the large Communes of Italy, for the

- 2 -

supply of fruit and vegetables. Ranucci was elected president. The activities of the Board and the irreproachable work of the President are praised in the book (for the defence of Italy) - (Mondadori edition, page 129) written by Silvio Crespi, then Ministry of Supply.

When fascism established itself, Ranucci being openly an unrelenting opposer of that regime, he was forced to leave public life. He suffered persecutions and detriment which culminated during the nazi-fascist regime in the devastation of farm land and the destruction by mines of a building owned by him.

In 1944 after the liberation of Southern Italy, the National Government appointed him national commissioner for the "Accidents at Work Institute" (Istituto Infortuni sul Lavoro).

Nelle elezioni amministrative del 1914, fu anche eletto consigliere del Comune di Speranise ed ebbe ivi la carica di sindaco che tenne fino al 1922, ciò fino all'avvento del regime fascista.

Per la attiva e cordiale collaborazione prestata ai reparti Alleati, durante la guerra 1915-1918, dal governo francese, presieduto da Clemenceau, fu insignito della Legion d'Onore.

Per la attiva e cordiale collaborazione prestata ai repubblicani, durante la guerra 1915-1918, dal governo francese, presieduto da Clemenceau, fu insignito della Legion d'Onore.

Nel 1917 essendo stata promossa per iniziativa del Ministero degli Approvvigionamenti la costituzione di un Consorzio Nazionale fra i grandi Comuni Italiani per l'approvvigionamento della frutta e ortaggio, ne fu eletto presidente. Il funzionamento di tale Consorzio e l'opera irreprensibile del Presidente sono elogiati nel libro (alla difesa d'Italia) - (edizione Mondadori pag.129)

di Silvio Crespi, ministro dell'epoca per gli approvvigionamenti.

Essendo stato il Rannucci un dichiarato e tenace oppositore del fascismo cui ha costantemente negata la propria adesione, col sopravvenire di quel regime si dovette appartare dalla vita pubblica e ne dovette sopportare persecuzioni e danni culminati nel periodo della dominazione nazi-fascista nella demolizione di un palazzo di sua proprietà per effetto di mine, e nella devastazione di fondi rustici.

Nel 1944 dopo la liberazione dell'Italia meridionale-dal Governo Nazionale ebbe la carica di commissario nazionale per l'Istituto Infortuni sul lavoro.

2. It is realized in this Sub-Commission and has been impressed on the Ministry these nominations are provisional only and future events may require changes. For example, the course taken by the Allied advance may require the filling of Prefectures on one side of Italy before the other. Similarly, Prefects, career or non-career, may be found locally.

3. It is thought however, this information as to the provisional allocation may be useful as indicating the present position to AGOs and GAs. If it should be necessary to use the Prefect provisionally allocated for one province in another, a substitute could be found.

4. Negotiations with the Ministry continue and it is hoped to secure very shortly similar nominations for at least the remaining provinces of Region IX and Liguria Region.

SUBJECT: Career Prefectural Officials

TO : His Excellency the Minister of Interior

Your Excellency:

1. In view of the certainty that the Allies will shortly drive the Germans out of northern Italy, I feel it my duty to report to you that it would appear that the number of officials we still require for the efficient administration of these northern provinces is perilously low.
2. Secondly, it must be pointed out that from my personal observations a certain number of the Prefects no longer possess the virility and energy which is necessary to the efficient administration of these provinces, since it is certain they will be confronted with very difficult tasks.
3. It has been brought to my notice - and I can confirm this personally - that there are a considerable number of young men in the Prefectural and administrative services who could, in my judgment, perform such duties efficiently, but they are prevented from being appointed to such offices because of their juniority in grade. I do think therefore that it would be wise to give this matter consideration and to be objective and substantive, I suggest that such as are outstanding should be promoted in grade in order that they may be nominated as Prefects or Vice-Prefects in these forward appointments.
4. I feel that if you will give this matter your consideration, it cannot but have a healthy effect on the efficient administration of these northern provinces which we hope will soon be liberated from the yoke of the enemy.

Reply to letter No. 4/22 of 2 September

SUBJECT: Prefects for the recently liberated provinces.

TO : A.C.C.
INTERIOR SUB-COMMISSION
R O M E

This Ministry fully agrees with your Sub-commission regarding the necessity of holding a suitable number of prefects ready for the provinces which will soon be liberated.

With reference to the interview held on 5th inst. between the Chief of Cabinet of this Ministry and the Director of your Sub-commission, during which were proposed the appointments for the prefectures of the provinces immediately north of the line of operations we think it advisable to hasten the investigations concerning the vice-prefects proposed to be nominated prefects.

On the other hand, in the provinces still occupied there are 23 prefects (as shown in the list forwarded) who will eventually be available as the provinces become liberated. Most of them after a rapid review of their attitudes since the 8th September 1943, may be used directly and at once. They will therefore make an important reserve for future requirements.

OGGETTO Prefetti per le provincie recentemente
liberate.

Questo Ministero concorda pienamente con
codesta Sottocommissione circa la necessità che
sia tenuto pronto un congruo numero di prefetti
per le provincie di prossima liberazione.

Con riferimento al colloquio del giorno
5 corrente che il Capo di Gabinetto di questo
Ministero ha avuto con il Direttore di codesta
Sottocommissione e nel quale sono stati segna-
lati i nominativi per le prefetture delle pro-
vince immediatamente a nord della linea di ope-
razioni, si fa presente l'opportunità che siano
affrettate le indagini nei confronti dei vice-
prefetti segnalati per la nomina a prefetti.

D'altra parte, nelle provincie ancora oc-
cupate risiedono 28 prefetti (come da elenco tra-
smesso) che si renderanno disponibili man mano
che le provincie verranno liberate. La maggior
parte di essi, previo un rapido accertamento del
l'atteggiamento assunto dopo l'8 settembre 1943,
sarà senz'altro utilizzabile. Essi pertanto co-
stituiranno una riserva importante per le esi-
genze che si presenteranno.

REF. : R4/ED/3.4

1. Prof. FIRAO, Giuseppe, tells me that he is being considered as a possible prefect for some province and has asked me to tell you what I know of him.
2. Prof. FIRAO is, as you probably know, president of one of the most important industrial institutes in Italy. He is also president of the consorzio in Naples for vocational training. He has served as technical advisor to the Ministry of Education. And so on.
3. I have come to know and respect FIRAO through frequent contacts with him and through work with him on committees. He is a hard working, forceful, efficient, and intelligent man, anti-fascist, and, I believe, a man of real integrity.
4. This evaluation is passed on to you not in a spirit of interference in a matter that is not in any way my concern, but on the assumption that you might find useful the information I have concerning the man.

SUBJECT: Pool of Prefects

TO : His Excellency the Minister of the Interior

Your Excellency:

1. I refer to my conversation this morning with H.E. Berruti and Gen. Andrea Camera when it was agreed that the unmentioned Prefects and Vice-Prefects might suitably be nominated to be Prefects of newly liberated provinces; and they were provisionally nominated for the provinces not opposite to their respective names:

DE GONZAGA Pesaro
SPERDINI Ancona
PURI Pistoia
Vasco DE DOMINICIS Apuania
MERLI In Spina
CIPRIANI Ravenna
PURI Bologna

2. I explained to your representatives how the successful military operations at both ends of the Gothic Line rendered it most urgent to have an adequate supply of Prefects for the north of Italy at once. The few names above-mentioned can by no means be considered sufficient. There are the provinces of FORLI, PARMA, MODENA, REGGIO EMILIA, EMILIA, and PIACENZA to consider as well as the numerous provinces of LUCANIA, BASILICATA, ABRUZZO, and VENETIA, for which provision must be made.

3. In the meantime, I shall be glad if you will, as arranged this morning, call up to Rome immediately the Prefect DE GONZAGA and the Vice-Prefects PURI, MERLI, and CIPRIANI.

4. Will you please also let me have the usual biographical particulars as to the Prefects BASQUOZI, SPERDINI, and Vasco DE DOMINICIS.

5. A certain Luigi MERLI was mentioned by your Chief of Cabinet this morning as being now at disposition and I should like particulars of him as well.

SUBJECT: Note of interview at AOC HQ, 5 September 1944, at 1215 hours.

PRESBY: M. E. Adalberto Derruti, Chief of Cabinet, Ministry of Interior
 Cav. Andrea Camera, Consigliere, Ministry of Interior
 Col R. G. E. Spicer, Interior Sub-Commission
 Capt C. G. R. Williams, Interior Sub-Commission
 2nd Lt G. Zampaglione, Interpreter

1. Col Spicer said he was most concerned at the apparent absence of any Prefects for provinces north of the Gothic Line. With this line turned at the Adriatic end, the remaining provinces of Region VIII and the whole of Region IX might easily be occupied within a week. He must have some new names quickly - at least 20 or 25.
2. Col Spicer referred to the list of 19 Vice Prefects for promotion received by him from the Ministry on 12 August. 4 had been passed as suitable for Army Areas - CIPRIANI, LONGO, MOZZI, and PONI - and the remainder are being screened as soon as possible. Only 2 full Prefects were left in the "Pool". DE GOZZUELA was earmarked for Pesaro. The remaining Prefect was DI SUNIS, until lately Prefect of Rome.
3. Derruti confirmed the agreement of the Ministry that DE GOZZUELA could go to Pesaro. As to DI SUNIS, he said he was not well thought of in the circles about the Prime Minister. Among other things, he had signed the German proclamations calling up Italians for forced labour. He was not considered very efficient or energetic and more ornamental than useful.
4. Of the Vice-Prefects, MOZZI was very well thought of. PONI was considered to be "un uomo di tavolino". LONGO was wanted for a post in the Italian administration. CIPRIANI was not so well thought of by the Ministry as was MOZZI. But Col Spicer had said he had done very well at Bologna, particularly on the grain collection.
5. Col Spicer brought up the names of Rosario SPICILAI, Renato PASCUCCI, and Emanuele DE ROSA and asked if they could be used. Derruti agreed to the first 2, but said that DE ROSA was not suitable and might possibly have to undergo opinion proceedings.
6. Derruti also said that Vacca DE DOLLAJIS (formerly Prefect of Salerno and then Director-General Personnel in the Ministry at Salerno, was now at disposition. So was a certain Luigi SMILL.
7. A provisional allocation of the available personnel was agreed as follows:

NAME	PROVINCE	REGION
DE GOZZUELA	Pesaro	V
SPECIALI	Lanc	VIII
PONI	Stat	VIII

might easily be occupied within a week. We must have some new names quickly - at least 20 or 25.

2. Col Spicer referred to the list of 19 Vice-Prefects for promotion received by him from the Ministry on 12 August. 4 had been passed as suitable for Army Areas - CIPRIANI, LONGO, MOZZI, and PONI - and the remainder are being screened as soon as possible. Only 2 full Prefects were left in the "Pool". DE GOZZUENA was earmarked for Pesaro. The remaining Prefect was DI SENEIS, until lately Prefect of Rome.

3. Berruti confirmed the agreement of the Ministry that DE GOZZUENA could go to Pesaro. As to DI SENEIS, he said he was not well thought of in the circles about the Prime Minister. Among other things, he had signed the German proclamations calling up Italians for forced labour. He was not considered very efficient or energetic and more ornamental than useful.

4. Of the Vice-Prefects, MOZZI was very well thought of. PONI was considered to be "un uomo di tavolo". LONGO was wanted for a post in the Italian administration. CIPRIANI was not so well thought of by the Ministry as was MOZZI. But Col Spicer had said he had done very well at Ragusa, particularly on the grain collection.

5. Col Spicer brought up the names of Rosario SPECIALE, Renato PASCUCCI, and Emanuele DE ROSA and asked if they could be used. Berruti agreed to the first 2, but said that DE ROSA was not suitable and might possibly have to undergo epuration proceedings.

6. Berruti also said that Vacca DE DOMINICIS (formerly Prefect of Salerno and then Director-General Personnel in the Ministry at Salerno) was now at disposition. So was a certain Luigi SPILLA.

7. A provisional allocation of the available personnel was agreed as follows:

839

NAME	PROVINCE	POSITION
DE GOZZUENA	Pesaro	V
SPECIALE	Lucca	VIII
PONI	Pistoia	VIII
Vacca DE DOMINICIS	Ancona	VIII
MOZZI	La Spezia	X
CIPRIANI	Ravenna	IX
PONI	Bologna	IX

NOTE: PASCUCCI to go to Viterbo to replace PONI and release him for Bologna.

8. Berruti agreed to call up to Rome immediately Vice-Prefects PONI, MOZZI and CIPRIANI, and to recall from Naples DE GOZZUENA where he is now on holiday.

AMC/4/22/Int

2 September 1944

SUBJECT: Prefects for newly liberated provinces

TO : His Excellency the Minister of the Interior

Your Excellency:

1. I am considerably disturbed at the number of Prefects available at the present time for appointment to newly liberated provinces.
2. Of the number whose names you furnished me early in July, only one is left - Dott Vincenzo BUIARDI. Enquiries are not yet completed with respect to the 12 Vice-Prefects whose names you submitted to me with your letter no. 2043 dated 27th August. Out of the 6 in respect of whom I have not been able to give you an affirmative answer, 2 are not considered acceptable for newly liberated provinces under Army control.
3. It is of course true that the Allied armies have broken through into the valley of the Po for the near future. We must take into account the possibility of a very rapid advance - so rapid that serious difficulties may become liberated before the Italian Government and the Allied Control Commission are fully prepared in advance for their responsibilities.
4. In these circumstances, I urge Your Excellency to let me have the names and biographical details of at least 12 additional persons who you consider to be suitable to rule the Prefectures of newly liberated provinces.
5. In view of the extreme shortage of career Prefects which now exists, I would ask Your Excellency seriously to consider the nomination of persons who are not of the Ministry's career. The undertaking by the Commission to use the title of Prefetto Reggente in such cases should largely remove the objection to such appointments.
6. I feel it most important however, that 12 potential Prefects be got ready as quickly as possible - whether they be career officials or not.
