A very timid man, but of sound and balanced judgement, a first-class memory and an admirable grasp od detail. Has a through knowledge of his province - The typical Civil-servant, he is reclutant to act unless he feels everyone behind him, but in his relations with AC acts promptly if a thing is put to him firmly enough.

Prefect 2nd class, was appointed by the first Badoglio Government, and assigned to Potenza where he is still giving laudable service. His transfer is desirable as a result of a particular situation arisen locally in his regard. He will be held at the disposal for assignment to one of the provinces soon to be liberated, being acceptable to the AC. (Min.of Interior) 4/1/72 p.17/B

3/8/44

Interviewed by Director" - "I have formed a high opinion of this Prefect - He seems to me not only intelligent and well-educated, but a man of personality which is far above the majority of Prefects I have met. His whole attitude appears to me that of one of the most outstanding Prefects I have met. (Col. RGB Spicer) 18/9/44

Comments : PC (Lt Col Fricker) stated that Gerlo is working well to his satisfaction — 4/1/87 — 26/9

"The Provincial Commissioner states that Gerlo has one very strong point in his favour that is that he is acceptable to all parties. This is extremely important in such an explosive place as Terni. It is thought that the absence of serious trouble up to now is much to Gerlo's credit. He is hard working, conscentious, tactfull and calm. He is not thought to be a superman but he has considerable ability. It is felt strongly that any change would be most inadvisable and might very easily result in trouble. Comments : PC (Lt Col Fricker) stated that Gerlo is working well to his satisfaction 4/1/87 26/9

"The Provincial Commissioner states that Gerlo has one very strong point in his favour that is that he is acceptable to all parties. This is extremely important in such an explosive place as Terni. It is thought that the absence of serious trouble up to now is much to Gerlo's credit. He is hard working, conscientious, tactfull and calm. He is not thought to be a superman but he has considerable ability. It is felt strongly that any change would be most inadvisable and might very easily result in trouble. Trouble in Terni is always a possibility whoever is Prefect. The present man has at least shown that he has considerable influence for the good not only in regard to the political situation but also judged by the progress in Terni (Bobham Carter Lt Col) 4/1/87 p.42 3/12/44

CAREER : He began his career in 1911. Last Prefect under Mashall Badoglio's Government in Frosinone, before the Armistice. He was well liked by the population. His son-in-law has been arrested on June 1942 for anti-fascist activity and kept in jail till the fall of fascism. It is feared he is among the men shot by the German in Rome. After the armistice did a good work in order that anti-fascist elements could reach Allies lines. It is reported also, that as Prefect of Frosinone he encouraged and protected the anti-german and anti-fascist elements - He was removed from office by the republican Government in october 1943. He has not carried out fascist honours and never actively participated in the fascist party. He is therefore acceptable from a security standpoint.

Publications, awards, decorations : Comm. of the Italy Crown

Comments : He is a very intelligent, cultivated person, and very competent in an administrative capacity. He is very well liked by his dependants because of his honesty and kind personality.

"Interviewed by Director" - I am impressed by this Prefect. He seems to me to have a very good knowledge of his subject and to have a definite personality with a sense of humour and seems to me extremely well-equipped for a province such as the one to which he is destined e.g. Trapani (RCH Spicer Col)

Publications, awards, decorations : Bronz medal for Military valor, War cross for Italian valor, war cross for merit - Cavaliere of the Crown of Italy.

Comments : "Capt. Lorenzini Giovanni (an officer of the Artillery age 31) a former Leader of the Patriots, was appointed by the previous Provincial Commissioner, apparently without the written approval of the Regional Commissioner. Is very keen, pro-Allied and popular in most parts of the Province especially with the mountain folks and peasants. Is tied up with many former Patriots friends, who are rather difficult to shake off. Appraisal by Director - "I have interviewed this youthful Prefetto Reggente to-day. He is Prefetto of Teramo. I am extremely impressed by him. He is an ex-artillery officer. Does not pretend to know matters in which he has not been trained but he strikes me as a quiet, decisive, young man of energy, decision and power. He is something new in Prefects to me. INFORMATION:-- EDUCATION : Geometra

Career : Officer of the Royal Army - 2nd Lt. in 1936 - 1st Lt.in 1938 - Capt. in 1942 - Spanish war - January to March 1939 (drafted) Western Front 1940 - Greek Front 1941 -

Publications, awards, decorations : Bronz medal for Military valor, War cross for Italian valor, war cross for merit - Cavaliere of the Crown of Italy.

Comments : "Capt. Lorenzini Giovanni (an officer of the Artillery age 31) a former Leader of the Patriots, was appointed by the previous Provincial Commissioner, apparently without the written approval of the Regional Commissioner. Is very keen, pro-Allied and popular in most parts of the Province especially with the mountain folks and peasants. Is tied up with many former Patriots friends, who are rather difficult to shake off. Although he is lacking in many of the administrative qualities necessary for the position he holds, being a professional soldier, he is ably assisted in the adminsitration of the province by the Vice Prefect Vicar (Lt. Col. Holmes PG Teramo Province) 1/5/5 p.1/A 29/8/44

Appraisal by Director - "I have interviewed this youthful Prefetto Reggente to-day. He is Prefetto of Teramo. I am extremely impressed by him. He is an ex-artillery officer. Does not pretend to know matters in which he has not been trained but he strikes me as a quiet, decisive, young man of energy, decision and power. He is something new in Prefects to me. It should be noted that he is desirous of serving more under AMG than under the Italian Government and should bear in mind the possibility of his transfer. (RGB Spice Col) 18/4/44

He is anxious to go forward to LA SPEZIA, and it is indeed refreshing that a southern Italian Prefect is enthusiastic to go to a forward province. In a short interview such as this, it is impossible for me to sum him up further, but I can only say I am more impressed with him than I have been with many Prefects whom I have interviewed." (Col. Education: Graduated in law at the University of Naples, he exercises profitably the profession of civil lawyer in that city where he has his office in Via Allessandro Poerio n. 32 - He is well known as a specialist for cases of civil labour disputes and illegal deeds. - From 1920 to 1922 he wrote a considerable number of newspaper articles discussing arguments of general politics and local administration, taking part in memorable campaings to reintegrate the public life in Italy. - In 1913 he was a candidate in Parliament for the (uninominal) Political College of Capua.

Career: In 1914 he was elected councillor for the Commune of Naples, taking 13[illegible] thousand votes, and was consequently nominated vice-Sindaco of that commune. He later became a member of the Communal Board of Naples from 1916-1920, and was assistant administrater of food rationing and of the Labor Office. At the administrative elections of 1914 he was elected councillor of the Commune of Sparanise, where he hald the office of Major until 1922, i.e. until the advent of fascism. For his energetic and whole hearted collaboration with Allied units during the 1915-1918 war, he was given the "Legion d'honeur" by the French Government under Clemenceau. In 1917 the Ministry of Supply proposed the stablishment of a National Board comprising all the large Communes of Italy, for the supply of fruit and vegetebles. Ranucci was elected president. The activities of the board and the irreprenchable work of the President are praised in the book (for the defence of Italy) - written by Silvio Crespi 9then Ministry of Supply).

When fascism established itself, Ranucci being openly an unrelenting opposer of that regime, he was forced to leave public life. He suffered persecutions and detriment which culminated during the nazi-fascist regime in the devastation of farm land and the destruction by mines of a building owned by him.

In 1944 after the liberation of Southern Italy, the National Government appointed him national commissioner for the "Accidents at Work Institute" (istituto infortuni sul lavoro). 4/22 p.73/A 14/9/44

Comments:

".....Politically he has always been a socialist, and as such always criticized fascism openly and fearlessly, as a result of which he was frequently denounced and constantly under police supervision. As a lawyer he dealt with labour disputes and tradd problems; as a journalist he wrote regularly in the former socialist paper "La Propaganda".

Public opinions tends to classify Ranucci as of modest ability as a lawyer but there is no doubt as to his general capability and absolute integrity.

It is considered that Ranucci is the type of man suitable for appointment as Prefect in some province, but it would be a matter for consideration whether his age would prevent him from exercising the necessary drive and initiative in a province where considerable re-organization might be necessary. Registered in the fascist party after the march on Rome.
Began his career in 1910 - Appointed Prefect in 1939.
Offices occupied : Pisa, Ministry (General Inspectorate), Ravenna, Livorno (1st oct.1943). On 16/2/44 he was put in retirement.

"He served at the Public Safety HQ. and was later sent to Pisa as confidence man of the fascist under State Secretary Buffarini. He later was relieved of said charge because it is said he had friction with Buffarini's brother who has a resident of Pisa. He was later appointed Director General of the well known General Direction of Racial Questions. In october he was dismissed by the Republican Government. 4/22 p.47 8/8/44

He was reported to be not too highly cultured, of average intelligence and not too well prepared in an administrative capacity. He is not too well liked by his colleagues and dependents. He had definite profascist sentiments. However he did not carry any fascist honours. While he would be acceptable from a security standpoint he does not seem to be a good choise for any important position." (from Security Branch) 4/22 p.47 8/8/44

"Struck me as being a clean-cut sort of man with intelligence and personality, he has a sick son in regard to whom he is most concerned. Perfectly prepared to go north if required, but asks he may be placed low on list to give attention to his son. I agreed to this as far as was possible." (Interviewed by Director) 5/10/44

Career : Registered in the fascist party after the march on Rome Began his career in 1924 - He served at the General Direction of Public Helath and in the Direction of the State Archivies. Appointed Prefect in 1934 - Offices occupied : Ministry (Gen. Inspector) Aquila. Was in office in Aquila until 10/ 12/43 when he was replaced by the republican government. On 16/2/44 he was put in retirement. He was appointed for Aquila by the Badoglio government — 4/22 p. 98 — 25/10/44

Comments : He has a good character, cultured and energetic and he took no active part in the fascist party (Col. Young, Director of Security) — 4/1/37 p.35 — 28/6/44

At Aquila he showed himself opposed to the German and did all in his powerto save the population from the worst damages of the occupation. He showed the highest ability in carrying out his duties. He left a good memory here despite the limited time he was in office, which prevented his having carried out many notable projects (PC Aquila) — 4/22 p.98 — 20/10/44

Interviewed by Director - "Appeared to me as a typical burocrat - Suave, but as a man who knew his job and would take a decision - He did not strike me a petty little man - Seemed eager to work under H.E. Aldisio, and as a Sicilian anxious to return to Sicily. I am not prepared to comment further except to say his loquacity seemed to be less than most of his confreres" (RGB Spicer) — 4/1/125 p.3 — 3/2/45

rance, but I think his appearance belies his ability. He is obviously well up in the technical side of his job and seems to have a good grasp of what will be demanded of him in Arezzo and of what his relations should be with AMG. He speaks clearly and to the point and without the usual wealth of circumlocution. He may prove to be a man of decision, though at first he will possibly require firm support "
(Capt. Williams) 6/12/44

"Bracali is one of the Prefects who have been hiding in the north from the germans. He turned up in Pistoia in October and came up to Rome and reported to the Ministry. He returned to Pistoia where he is now living (CGR Williams) 14/1 p.50-20/11/44

"....He has impressed the PC very favourably. He knows the administration thoroughly but is very handicapped by lack of the necessary officials in the Prefecture. He is working very hard but is having to spend far too much time on minor details" (report m.129) 13/1/45

Comments :
Appraisal by Director : "I am most impressed by this Prefect. He struck me as a man of good common sense in spite of a watery eye. He was not the type of a man in my opinion who would be intimated or twarted by the bickerings of the Comitato di Liberazione The Ministry themselves have a very high opinion of him that they nominated him as an alternative Prefect for Florence. In my opinion Ascoli is very fortunate to have such an apparently competent official. (RGB Spicer Col)

He is an intelligent official and his professional training, experience and energy know no bounds. After the 8th September he was dismissed by the republican goverrment.

"The Prefect is an energetic and capable man. He works very well closely with the PC who thinks quite well of him. I found him rather verbose & he almost overwhelmed me with explanation. But P/TO

A very timid man, but of sound and balanced judgement, a first-class memory and and admirable grasp od detail. Has a through knowledge of his province - The typical Civil-Servant, he is reclutant to act unless he feels everyone behind him, but in his relations with AC acts promptly if a thing is put to him firmly enough.

Prefect 2nd class, was appointed by the first Badoglio Government, and assigned to Potenza where he is still giving laudable service. His transfer is desirable as a result of a particular situation arisen locally in his regard. He will be held at the disposal for assignment to one of the provinces soon to be liberated, being acceptable to the AC. (Min. of Interior) 4/1/72 p.17/B 3/8/44

Interviewed by Director" - "I have formed a high opinion of this Prefect - He seems to me not only intelligent and well-educated, but a man of personality which is far above the majority of Prefects I have met. His whole attitude appears to me that of one of the most outstanding Prefects I have met. (Col. RGB Spicer) 18/9/44

Comments - He is a career official - He is quiete competent and very cooperative. He is not strong man, but the PC said it was really unfair to judge that aspect of his character now (from report n.91 - Capt. Temple) - The Prefect impressed me as a person who seems to know his business - However he had one the frailties of Italian Officials, namely, he was extremely talkative (from report n. 92 28/6/44).

He would like to be prefect of Padua (11 october 1944 f.14/1/ p.72).

He has never given the slightest indication of being in sympathy with fascism since our occupation of the province on 5 October 1943 and has cooperate in the most thorough manner with the Allied authorities. He has many detractors - to be expected of course, but his ability and anxiety to do his duty cannot, in my opinion, be questioned. He cannot be described as strong, but this may be due to the times, for he has the Allied Authorities on the one hand, the various political parties on the other, and behind him the Italian Govt. and he tries far as he is personally concerned, at any rate the ideal civil servant, who must, of necessity, trim his ails to the gov. of the day, no easy task these days in Italy where the changes are rung so frequently duties with efficiency. Has tried to clean up the administration particularly in the department of the Questore, and in consequence, he has enemies. He has served me as Provincial Commissioner, loyally and well (PC. Benevento - 28/6/44 - file 4/3/24 page. 7).

Possibly weak (RGB Spicer Col) 19/6/44

He is desk administrator of the ordinary type" (Lt. Col. Walker, 4/1/93 p. 30A - 21/1/45

"He impressed me as being a person without too much drive, and a bit timid, but apparently capable enough to handle the work of his office. His attitude towards Major Shirk was extremely co-operative (report n. 21) 27/15 20/4/44

Classified "distinct" 24-27-28 "very good" in the other years - Official very serious, with much sense of responsibility. 4/1/104 p. 3 23/9/44

"I have been informed that Naitana, made this remark in the presence of witness during a discussion on the general situation in the Island: "With the arrival of the Allies has come disorder and starvation - In fact, ~~xxpx~~ the Anglo-Americans are our enemies" - I have been informed of this by a person who was present at the time, and corroboration can be obtained if necessary. Naitana is not known to have had direct fascist connection in the past and had no rank in the PNF. He is criticized for his lack of interest and negligence in the administration - it is also a matter of general comments that he receives presents of food, etc. from the wealthy landowners in the Province and in particular, flour from the local millers, Guido Gallisai. The Alimentary section found that severe milk shortage was due to the fact that the larger producers were not supplying the quantity of milk that they were obliged to. Naitana has withheld his consent to the prosecution of this matter. Egidio Pottu, personal friend of Naitana, is the chief offender in this matter. Shortly after his appointment, he requisitioned for his personal use 65 kgs. of tomato concentration, which it had been previously determined should be assigned to the hospital and the poor. When this was discovered, he said that the concentration had been requisitioned by employees at the Prefecture without his knowledge, and that he would punish the persons responsible and return the tomato to the hospital. The officer in charge of the stores stated that the requisition has been signed by the Prefect, and there is no record of the tomato being returned - "Letter from Capt. C. Hayes Capo Nuoro Province)

INFORMATION:--

Education: Graduated in law at the University of Naples, he exercises profitably the profession of civil lawyer in that city where he has his office in Via Allessandro Poerio n. 32 - He is well known as a specialist for cases of civil labour disputes and illegal deeds. - From 1920 to 1922 he wrote a considerable number of newspaper articles discussing arguments of general politics and local administration, taking part in memorable campaings to reintegrate the public life in Italy. - In 1915 he was a candidate in Parliament for the (uninominal) Political College of Capua.

Career: In 1914 he was elected councillor for the Commune of Naples, taking 130 thousand votes, and was consequently nominated vice-Sindaco of that commune. He later became a member of the Communal Board of Naples from 1916-1920, and was assistant administrator of food rationing and of the Labor Office. At the administrative elections of 1914 he was elected councillor of the Commune of Sparanise, where he held the office of Major until 1922, i.e. until the advent of fascism. For his energetic and whole hearted collaboration with Allied units during the 1915-1918 war, he was given the "Legion d'honeur" by the French Goverrment under Clemenceau.
In 1917 the Ministry of Supply proposed the stablishment of a National Board comprising all the large Communes of Italy, for the supply of fruit and vegetebles. Ranucci was elected president. The activities of the board and the irreproachable work of the President are praised in the book (for the defence of Italy) - written by Silvio Crespi 9then Ministry of Supply).

When fascism established itself, Ranucci being openly an unrelenting opposer of that regime, he was forced to leave public life. He suffered persecutions and detriment which culminated during the nazi-fascist regime in the devastation of farm land and the destruction by mines of a building owned by him.

In 1944 after the liberation of Southern Italy, the National Government appointed him national commissioner for the "Accidents at Work Institute" (istituto infortuni sul lavoro).

Comments:

".....Politically he has always been a socialist, and as such always criticized fascism openly and fearlessly, as a result of which he was frequently denounced and constantly under police supervision. As a lawyer he dealt with labour disputes and trade problems; as a journalist he wrote regularly in the former socialist paper "La Propaganda".

Public opinions tends to classify Ranucci as of modest ability as a lawyer but there is no doubt as to his general capability and absolute integrity.

It is considered that Ranucci is the type of man suitable for appointment as Prefect in some province, but it would be a matter for consideration whether his age would prevent him from exercising the necessary drive and initiative in a province where considerable re-organization might be necessary. Registered in the fascist party after the march on Rome.
Began his career in 1910 - Appointed Prefect in 1939.
Offices occupied : Pisa, Ministry (General Inspectorate), Ravenna, Livorno (1st oct.1943). On 16/2/44 he was put in retirement.

"He served at the Public Safety HQ. and was later sent to Pisa as confidence man of the fascist under State Secretary Buffarini. He later was relieved of said charge because it is said he had friction with Buffarini's brother who has a resident of Pisa. He was later appointed Director General of the well known General Direction of Racial Questions. In october he was dismissed by the Republican Government. 4/22 p.47 8/8/44

He was reported to be not too highly cultured, of average intelligence and not too well prepared in an administrative capacity. He is not too well liked by his colleagues and dependants. He had definite profascist sentiments. However he did not carry any fascist honours. While he would be acceptable from a security standpoint he does not seem to be a good choise for any important position." (from Security Branch) 4/22 p.47 8/8/44

"Struck me as being a clean-cut sort of man with intelligence and personality, he has a sick son in regard to whom he is most concerned. Perfectly prepared to go north if required, but asks he may be placed low on list to give attention to his son. I agreed to this as far as was possible." (Interviewed by Director) 5/10/44

Career : Registered in the fascist party after the march on Rome - Began his career in 1924 - He served at the Gen. Direction of Public Health and in the Direction of the State Archivies. Appointed Prefect in 1943 - Offices occupied : Ministry (Gen. Inspector) Aquila. Was in office in Aquila until 10/12/43 when he was replaced by the republican government. On 16/2/44 he was put in retirement. He was appointed for Aquila by the Badoglio government. 4/22 p.98 25/10/44

Comments : He has good character, cultured and energetic and he took no active part in the fascist party (Col. Young, Director of Security 28/6/44) 4/1/37 p.35 28/6/44

At Aquila he showed himself opposed to the Germans and did all in his power to save the population from the worst damages of the occupation. He showed the highest ability in carrying out his duties. He left a good memory here despite the limited time he was in office, which prevented his having carried out any notable projects. (PC Aquila) 4/22 p.98 20/10/44

what he did say was relevant and informative (report Ascoli Province) 27/10/44

"On 29 Oct. last, while Prefect of Ascoli Piceno, I was arrested by the fascist and taken to Rome by the Chief of the Police, especially for not having wanted to adhere to and register in the fascist party; hence I did not give my oath, according to the formula of the Republican Govt. After Ascoli Piceno and Perugia, where I was forced to transfer myself, my activities have been watched constantly by the fascists and my mail submitted always to censorship"

Military service : Officer in the Infantry (reserve)

Publications, awards, decorations : Publications on Statistic Newspaper

Comments : PC (Lt.Col. Fricker)stated 26 September that Gerlo is working well to his satisfaction 4/1/87 p.

* The Provincial Commissioner states that Gerlo has one very strong point in his favour that is that he is acceptable to all parties. This is extremely important in such an explosive place as Terni. It is thought that the absence of serious trouble up to now is much to Gerlo's credit. He is hard working, conscentious, tactfull and calm. He is not thought to be a superman but he has considerable ability. It is felt strongly that any change would be most inadvisable and might very easily result in trouble. Trouble in Terni is always a possibility whoever is Prefect. The present man has at least shown that he has considerable influence for the good not only in regard to the political situation but also judged by the progress in Terni (Bonbus Carter Lt.Col. 3/12/44 f.4/1/87 p.42)

CAREER : He began his career in 1911. Last Prefect under Marshall Badoglio's Government in Frosinone, before the armistice. He was well liked by the population - His son-in-law has been arrested on June 1942 for anti-fascist activity and kept in jail till the fall of fascism. It is feared he is among the men shot by the German in Rome. After the armistice did a good work in order that anti-fascist elements could reach Allies lines. It is reported also, that as Prefect of Frosinone he encouraged and protected the anti-german and anti-fascist elements - He was removed from office by the Repuclican Government in october 1943. He has not carried out fascist honours and never actively participated in the fascist party. He is therefore acceptable from a security standpoint.

Publications, awards, decorations : Comm. of the Italy Crown

Comments : He is a very intelligent, cultivated person, and very competent in an administrative capacity. He is very well liked by his dependents because of his honesty and kind personality.

"Interviewed by Director" - I am impressed by this Prefect. He seems to me to have a very good knowledge of his subject and to have a definite personality with a sense of humour and seems to me extremely well-equipped for a province such as the one to which he is destined. EDUCATION : Geometra

Career : Officer of the Royal Army - 2nd Lt. in 1936 - 1st Lt. in 1938 - Capt. in 1942 - Spanish War - January to March 1939 (drafted) Western Front 1940 - Greek Front 1941 -

Publications, awards, decorations : Bronz medal for Military valor, War cross for military valor, war cross for merit - Cavaliere of the Crown of Italy.

Comments : "Capt. Lorenzini Giovanni (an officer of the Artillery age 31), a former Leader of the Patriots, was appointed by the previous Provincial Commissioner, apparently without the written approval of the Regional Commissioner. Is very keen, pro-allied and popular in most parts of the Province especially with the mountain folk and peasants. Is tied up with many former Patriot friends, who are rather difficult to shake off. Although he is lacking in many of the administrative qualities necessary for the position he holds, being a professional soldier, he is ably assisted in the administration of the province by the Vice Prefect Vicar (Lt.Col. Holmes PC Teramo Province)

1/5/5 p.I/4 29/8/44

Appraisal by Director - "I have interviewed this youthful Prefetto Reggente today. He is Prefetto of Teramo. I am extremely impressed by him. He is an ex-artillery officer. Does not pretend to know matters in which he has not been trained but he strikes me as a quiet, decisive, young man of energy, decision and power. He is something new in Prefects to me. It should be noted that he is desirous of serving more under AMG than under the Italian Government. P/to

A not very prominent figure and one does not see very much of him. He has the reputation of being a very hard worker and a great plodder. A very sincere character but one I would not recommend as Prefect.

MORELLI Italo Dott.

1206

Declassified E.O. 12356 Section 3.3/NND No. 785021

Comments : He is a career official - He is quite competent and very cooperative He is not strong man, but the PC said it wasreally unfair to judge that aspect of his character now (from report n 91 - Capt. Temple) - The Prefect impressed me as a person who seems to know his business - However he had one of the frailtia of Italian Officials, namely, he was extremely talkative (from report n 92 28/6/44)
He would like to be Prefect of Padua (11 october 1944 f.14/1 p 72)

He has never given the slightest indication of being in sympathy with fascism since our occupation of the Province on 5 October 1943 and has cooperated in the most thorough manner with the Allied authorities, He has many detractors - to be expected, of course, but his ability and anxiety to do his duty cannot, in my opinion, be questioned. He cannot be described as strong, but this may be due to the times, for he has the Allied Authorities on the one hand, the various political parties on the other, and behind him the Italian Govt. and he tries far as he is personally concerned, at any rate the ideal civil servant, who must, of necessity, trim his sails to the gov. of the day, no easy task these days in Italy where the changes are rung so frequently duties with efficienty. Has tried to clean up the administration particularly in the department of the Questore, and in consequence, he has enemies. He has served me as Provincial Commissioner, loyally and well (PC. Benevento 28/6/44 - file 4/3/24 page 7).

"I have been informed that Naitana, made this remark in the presence of witness during a discussion on the general situation in the Island : With the arrival of the Allies has come disorder and starvation - Infact the Anglo-americans are our enemies" - I have been informed of this by a person who was present at the time, and corroboration can be obtained if necessary. Naitana is not known to have had direct fascist connection in the past and had no rank in the PNF. He is criticised for his lack of interest and negligence in the administration - it is also a matter of general comments that he receives presents of food, etc. from the wealthy landowners in the Province and in particular, flour from the local millers, Guido Gallisai. The Alimentary section found that sever milk shortage was due to the fact that the larger producers were not supplying the quantity of milk that they were obliged to do. Naitana has witheld his consent to the prosecution of this matter. Egidio Pattu, personal friend of Naitana, id the chief offender in this matter. Shortly after his appointment, he requisitioned for his personal use 65 Kgs. of tomato concentration, which it had been previously determined should be assigned to the hospital and the poor. When this was discovered, he said that the concentration had been requisitioned by employees at the Prefecture without his knowledge, and that he would punish the persons responsible and return the tomato to the hospital. The officer in charge of the stores stated that the requisition has been signed by the Prefect, and there is no record of the tomato being returned -" Letter from Capt. C. Hayes Capo Micro Province)

INFORMATION:--

Education : Graduated in law at the University of Naples, he exercises profitably the pofession of civil lawyer in that city where he has his office in Via Alessandro Poerio n.32 - He is well known as a specialist for cases of civil labour disputes and illegal deeds. - From 1920 to 1922 he wrote a considerable number of newspaper articles discussing arguments of general politics and local administration, taking part in memorable campaigns to reintegrate the public life in Italy. - In 1913 he was a candidate in Parliament for the (uninominal)Political College of Capua.

Career : In 1914 he was elected councillor for the Commune of Naples, taking 130 tousand votes, and was consequently nominated vice-syndaco of that commune. He later became a member of the Communal Board of Naples from 1916-1920, and was assistant administrator of food rationing and of the Labor Office. At the administrative elections of 1914 he was elected councillor of the Commune of Sparanise, where he held the office of Major until 1922, i.e. until the advent of fascism. For his energetic and whole hearted collaboration with Allied units during the 1915-1918 war, he was given the "Legion d'honeur" by the French Government under Clemenceau.
In 1917 the Ministry of Supply proposed the stablishment of a National Board comprising all the large Communes of Italy, for the supply of fruit and vegetables. Ranucci was elected president. The activities of the board and the irreproachable work of the President are praised in the book (for the defence of Italy) - written by Silvio Crespi 9then Ministry of Supply).

When fascism established itself, Ranucci being openly an unrelenting opposer of that regime, he was forced to leave public life. He suffered persecutions and detriment which culminated during the nazi-fascist regime in the devastation of farm land and the destruction by mines of a building owned by him.

In 1944 after the liberation of Southern Italy, the National Government appointed him national commissioner for the "Accidents at Work Institute" (istituto infortuni sul lavoro).

Comments :

" .....Politically he has always been a socialist, and as such always criticised fascism openly and fearlessly, as a result of which he was frequantly denounced and constantly under police supervision. As a lawyer he dealt with labour disputes and trade problems; as a journalist he wrote regulalrly in the former socialist paper "La Propaganda".

Public opinions tends to classify Ranucci as of modest ability as a lawyer but there is no doubt as to his general capability and absolute integrity.

It is considered that Ranucci is the type of man suitable for appointement as Prefect in some province, but it would be a matter for consideration whether his age would prevent him from excercising the necessary drive and initiative in a province where considerable re-organization might be necessary. "Interviewed by Director" - A young man, much younger than any other Prefect designate I have interviewed. He seems to me to be keen, with a desire to serve and intelligent. As to whether he will be strong enough in face of difficulties, I am not prepared to express an opinion. I talked to him in this connection and in particular with reference to the Comitato di Liberazione Nazionale and I trust it will have had its effect. (RCB Spicer Col) — 30/9/44

He was later appointed Director General of the well known General Direction of Racial Questions. In october he was dismissed by the Republican Government. — 4/22 p.47 — 8/8/44

He had frequent contects with Badoglio - During the nazi-fascists occupation of the capital he left his office and the police exercised a continuous vigilance on him and his family

4/22 p.100/A 19/10/44

Military service : Entered army in 1903 - Infantry - Always in army - Before 1935 was Flag Officer to Gen. Graziolì

Comments : He is acceptable from a security standpoint. This tentative Prefect is less loquacious than most of those whom I have encountered. He expressed his immediate desire to go forward as Prefetto Reggente to Macerata if required. He is stocky, short built little man whose eagerness to go and perform his duty impressed me, and I think since he is a northern italian who was born in Veneto that it is possible that AMG authorities may have to go a long way to find a better man than he is. He is strongly recommended by the Italian Government (RCB Spicer COL)

He had frequent contacts with Badoglio - During the nazi-fascists occupation of the capital he left his office and the police exercised a continuous vigilance on him and his family. — 4/22 p.100/A — 19/10/44

Military service : Entered army in 1908 - Infantry - Always in army - Before 1935 was Flag Officer to Gen. Grazioli

Comments : He is acceptable from a security standpoint. This tentative Prefect is less loquacious than most of those whom I have encountered. He expressed his immediate desire to go forward as Prefetto Reggente to Macerata if required. He is stocky, short built little man whose eagerness to go and perform his duty impressed me, and I think since he is a northern italian who was born in Veneto that it is possible that AMG authorities may have to go a long way to find a better man than he is. He is strongly recommended by the Italian Government (RGB Spicer COL) — 4/22 p.112 — 7/11/44; 4/22 p.121 — 17/11/44

Comments : He was made a fascist by decree in May 1926, but never held any office in the party. He is regarded as unpopular with a majority of citizens both because he is strict and because of his 20 days of absence from 14 Sep. to 3 oct. 1943. The people feel he deserted them during the tryirg days of bombardament. "ACC. Security Branch) 4/1/35 p.20 7/6/44

Lt.Col. Thornill spoke very well of the new Prefect. He said he was "all right but a thought slow" 1/4/2 p.16 27/6/44

Lt.Col. Thornill reported very favorably on the Prefect "The PC spoke highly of the Prefect Zanframundo (who was transferred from Avellino). He was entirely cooperative. His only criticism was that at times he was inclined to be somewhat dilatory. On the other hand the PC recognized that the Prefect in talking over this newly liberated Province had a difficult task. He was subject to AMG control but in adition life was rendered more complicated by the activity of the CLN and Patriots. For pratical purposes the former was
