## INFORMATION:--

Career : Entered career in 1924 - He served in the offices of Pola - Vicenza - Ministry of the Interior - Catania - Gorizia - Frosinone -

He appears to have been inscribed to the national fascist party on 1/9/22 and enrolled in the "Milizia" and therefore he was submitted to judgement of epuration.

He is actually working with the inspective functions at the Prefecture of Rome.

Comments : Classified always as "excellent" - Official described as a diligent and intelligent element.

..... Vice Prefect Camilleri is at present on duty in Rome having come from Frosinone less than thirty days ago - He is under epuration because alleged of being an official of the Milizia. For his work he seems technically qualified for V.P. in AMG province. Appears intelligent, diligent. Discreet enquiry has revealed nothing derogatory. Due to the little time he worked in this province the opportunity of observing him has been quite limited, and further inquiries in Frosinone is recommended. (Security Division Lazio-Umbria Region).

| <p>.....Dr. Vincenti is under epuration at moment for having sworn the oath of alle giance to the republican fascists. He had been asked by the fascists to do north which he refused. Since he has not yet been cleared by the epuration Commission, his appointment in the Northern Area is not advisable from a security standpoint. He appears to have been inscribed to the national fascist party on 1/9/22 and enrolled in the "Milizia" and therefore he was submitted to judgement of epuration.

He is actually working with the inspective functions at the Prefecture of Rome.

Comments : Classified always as "excellent" - Official described as a diligent and intelligent element.

"..... Vice Prefect Camilleri is at present on duty in Rome having come from Frosinone less than thirty days ago - He is under epuration because alleged of being an official of the Milizia. For his work he seems technically qualified for V.P. in AMG province. Appears intelligent, diligent. Discreet enquiry has revealed nothing derogatory. Due to the little time he worked in this province the opportunity of observing him has been quite limited, and further inquiries in Frosinone is recommended. (Security Division Lazio-Umbria Region).

**Career:** He served in the office of Naples and Rome (Ministry Gen. Direction of P.S. - Gen. Direction of Civilian Administration). He is actually serving at the Ministry.

4/26/3 p.1/1-13/1/45

**Comments:** He carried out several special assignments with capacity and self-denial. - In regard to his political conduct Dr. Criscuoli was submitted for judgement of expiation owing to having received such fascist awards as "squadrista" and "antemurale". However he was judged exempted from disciplinary punishments for having demonstrated that he had no right to the same above mentioned awards and for his attitude during the months of german occupation. Official who always distinguished himself for intelligence and laboriousness - .

4/26/3 p.1/1- 13/1/45

"..... Dr. Criscuoli has been squadrista. marcia su Roma, and sciarpa littorio. He has also been reported to have pro-german sentiments. However, he refused to go North with the Fascist Government. His appointment to the Northern Area is not advisable from a security standpoint. (Public Safety - Security Division)

HEADQUARTERS ALLIED COMMISSION  
APO 394  
CIVIL AFFAIRS SECTION

AG/14/30/LG.

1st April, 1945.

SUBJECT: Supply of Italian Prefectural Officials.

TO : All ROs and SAOs.

1. This directive is intended to deal only with prefectural appointments below those of Prefect and Vice Prefect. It does not in any way affect the present practice with regard to the appointment of Prefects and Vice Prefects which will be dealt with in accordance with existing directives.
2. Owing to the shortage of Italian trained personnel, only key positions of a Prefecture can in future be supplied by officials sent from Rome. Such key positions are:

Councillors ("Consiglieri")  
Chief Accountants ("Ragionieri Cap")

For the same reason, the normal complement of Councillors in a Prefecture will be limited to two, save in a few of the most important provinces.

3. For other administrative positions, the Prefect must use every endeavour to recruit temporary employees ("avventizi") in the locality. The rules governing the engagement and conditions of service of such temporary employees are well known to career Prefects and Vice-Prefects. Only if it is impossible to recruit a temporary employee should application be made for an official to be sent from Rome.
4. The remainder of this circular deals with the procedure to be adopted in future when it is desired to have an administrative official below the rank of Prefect and Vice Prefect sent from Rome to fill a vacancy at the Prefecture.
5. The Prefect will in future report direct to the Minister of the Interior, giving particulars of the officials already in service and stating his requirements.
6. All such communications from the Prefect to the Ministry must, however, be sent through AO channels. The necessity for strictly observing these channels must be firmly impressed on the Prefect and measures taken to see that he adheres to them.
7. AG/SAOs and ROs will place on all such communications a stamp by which indication containing the words "forwarded" or "seen" to indicate that the proper channels have been observed. AG/SAOs and ROs are not required to examine in detail the Prefect's proposals or to express any opinion on them, unless they have some special reason for doing so.

5. The Prefect will in future report direct to the Minister of the Interior, giving particulars of the officials already in service and stating his requirements.

6. All such communications from the Prefect to the Ministry must, however, be sent through AG channels. The necessity for strictly observing these channels must be firmly impressed on the Prefect and measures taken to see that he adheres to them.

7. AGs/SMOs and PEs will place on all such communications a stamp by other indication containing the words "forwarded" or "seen" to indicate that the proper channels have been observed. AGs/SMOs and PEs are not required to examine in detail the Prefect's proposals or to express any opinion on them, unless they have some special reason for doing so.

8. An official designated by the Ministry of the Interior for service at a Prefecture will report to Local Government Sub-Commission for travel orders. The Sub-Commission will dispatch him to Regional/Army HQ, as at present. Every such official will bring with him a letter of introduction in the form given in the Appendix, a copy of which will also be sent by post.

9. Facilities no longer exist for screening every such official before dispatch, as in the past. Instead, use will be made of the examination procedure for which the Italian Government is responsible (see the statement as to examination in para. 3 of the form in the Appendix). No official will be sent for duty in Military Government Territory without either this examination certificate or having been screened.

10. If a reasonably adequate staff is not obtainable by these methods or if there is unreasonable delay in obtaining it, the PG should report specifically

## INFORMATION:--

Career : Entered career in 1924 - He served in the offices of Pola - Vicenza - Ministry of the Interior - Catania - Corizia - Frosinone -

He appears to have been inscribed to the national fascist party on 1/9/22 and enrolled in the "Milizia" and therefore he was submitted to judgement of epuration.

He is actually working with the investigative functions at the Prefecture of Rome

4/26/3 P.1/J-13/1/45

Comments : Classified always as "excellent" - Official described as a diligent and intelligent element

4/26/3 " "

".....Vice Prefect Cantilleri is at present on duty in Rome having come from Frosinone less than thirty days ago - He is under epuration because alleged of being an official of the milizia. For his work he seems technically qualified for V.F. in AMG province. Appears intelligent, diligent. Discreet enquiry has revealed nothing derogatory. Due to the little time he worked in this province the opportunity of observing him have been quite limited, and further inquiry in Frosinone is recommended. (Security Division Lazio Umbria Region)

Comments : He carried out several special appointments with capacity and self-denial. - In regard to his political conduct Dr. Criscuoli was submitted for judgement of "puration owing to having received such fascist awards as "squadrista" and "antemarcia" - However he was judged exempted from disciplinary punishments for having demonstrated that he had no right to the same above mentioned awards and for his attitude during the months of German occupation - Official who always distinguished himself for intelligence and laboriousness -

4/26/3 p.1/1-13/1/45

..... Dr. Criscuoli has been squadrista, marcia su Roma, and sciurpa littorio. He has also been reported to have pro-German sentiments.
