SUBJECT : Vice Prefect Comm. Dott. ANGIUS
TO : Ministry of Interior

R o m e

The writer had the duty of observing in company with Inspector General Comm. Pavone the political elections in the City and Province of Naples at the beginning of last month, and in the course of so doing naturally he came into the closest contact with Dott. ANGIUS, the Vice Prefect charged by the Ministry with the oversight of the operations of the Electoral Office of the Commune of Naples. The manner in which Dott. Angius discharged his mission is of course already well known to the Ministry; nevertheless it is felt that the Ministry might be glad to be informed of the impression made upon this Sub Commission.

The inquiries of Comm. Pavone and myself in the Electoral Office of Naples, extended over a week, were made with considerable minuteness and care; in spite of his many other preoccupations Dott. Angius placed himself entirely at our disposal and was most courteous in giving us every explanation and practical exemplifications that we could desire. It was obvious that Dott. Angius had complete control of the situation and that his presence at Naples had given an entirely new impulse to the work and in fact without his presence there elections could not possibly have been held. We observed with pleasure that Dott. Angius did not hesitate to deal personally with members of the public and how he had gained the full confidence of the simplest electors.

On the eve of leaving my employment in this Sub Commission I felt I could not do so without expressing to the Ministry the high sense of satisfaction in having had the opportunity to collaborate with Dott. Angius.

SOTTO COMMISSIONE GOVERNO LOCALE

18 luglio 1946

OGGETTO : Vice Prefetto Comm. Dott. ANGIUS

AL : Ministero dell'Interno
Governo Italiano
R o m a

Lo scrivente al principio dello scorso mese ebbe l'incarico di osservare in compagnia dell'Ispettore Generale Comm. Ravone le elezioni politiche nella Città e Provincia di Napoli, e naturalmente nel far ciò egli è venuto in intimo contatto con il Dott. ANGIUS, il Vice Prefetto incaricato da codesto Ministero di sorvegliare le operazioni dell'Ufficio Elettorale del Comune di Napoli. La maniera in cui il Dott. Angius ha adempiuto alla sua missione è naturalmente già ben nota a codesto Ministero; tuttavia si ritiene che codesto Ministero sarà lieto di conoscere l'impressione avuta da questa Sotto Commissione.

Le inchieste condotte dal Comm. Ravone e da me nell'Ufficio Elettorale di Napoli si sono estese per oltre una settimana con considerevole minuziosità e cura; malgrado le sue molte altre preoccupazioni il Dott. Angius si mise interamente a nostra disposizione e fu molto cortese nel fornirci tutte le spiegazioni ed esemplificazioni pratiche che potevamo desiderare. Era ovvio che il Dott. Angius era in completo controllo della situazione e che la sua presenza a Napoli aveva dato un impulso interveniente nuovo al lavoro ed infatti senza la sua presenza cola' le elezioni non si sarebbero potute tenere. Osserviamo con piacere che il Dott. Angius non esitava di trattare personalmente con il pubblico e così egli si fosse guadagnato la piena fiducia dei semplici elettori.

Alla vigilia del giorno in cui lascio il mio impiego in questa Sotto Commissione ho sentito di non poter fare a meno di esprimere a codesto Ministero l'alto senso di soddisfazione da me provato nell'aver avuto l'opportunità di collaborare con il Dott. Angius.
