I.A. I do not agree with Col. [illegible], regret that I feel bound to
agree with S.A.O. Camperdown. The reasons for strong Council
objection cannot be known to Prefect. In view of this, S.A.P.'s
report, the reply to the Min of Intention should be,
" The matter has had enquiry, and it is regretted to advise
" that ... cannot be entertained - Under the circumstances
" the Letter has not been delivered to the Prefect, and is
" herewith returned (9).

Intention of Article for action as suggested.

To the Military Governor of Roma.

I, the undersigned, Mazzoni Berta, respectfully asks to be taken back in Service in the Ministry of Finance in Rome.

The particulars are these:

With full scholastic diplomas, also the highest ones for teaching, I was employed for ten years (1933-43) in the II Category by that Ministry, in the dept. for inspecting the Credit of dependents of the State. Situated in Corso d'Italia 108 Rome, always maintaining Strict punctuality & diligence in my work & hours.

But the 23 Sept. 1943, after the occupation of Rome by the Germans, as I was a sister of one who was killed in the last war, I did not feel it in my heart to work with our erstwhile enemy, I left Rome, coming here to Canosa to live with a relative, & for "unjustifiable absence" I was dismissed by the Inspector General of Credit Prot. 70137 Pos. A. G. dated November 15th 1943.

Declassified E.O. 12356 Section 3.3/NND No. 789021

Up till now I have been trying to live on the miserable allowance made to refugees of 8 lire a day plus 10 lire a day allowed by the Istituto Nazionale della Previdenza Sociale which is about to Terminate.
Now that we are liberated under your esteemed protection I would like to return to my work, though having no other income & hearing of the very high cost of life in Rome, & having to re-open my small apartment taken by refugees, I would have to have your absolute assurance of being re-employed immediately.
It is for that reason I have addressed myself to You before taking the expense of a trip to Rome

Translation No. 62 - Interior - 29th-7-1944

MINISTRY OF THE INTERIOR
CABINET OF H. EX. THE MINISTER

L'AQUILA, 6th. June, 1944

In May last the Prefecture of L'Aquila sent me a part of the letter from the Ministry of the Interior - Gen. Dir. ~~in~~ of Gen. Affairs of the Personnel No. 3371 from Treponti, dated 1st May 1944, concerning the recompenses due to me after being arbitarily placed in retirement. In the above-mentioned letter it was stated also that the treatment used in the cases of other prefects (not by career) could not be applied also to me, as I had served during the Government of Marshal Badoglio.

As I considered my retirement, ordered by the Republican Government, void and without reason, I did not wish to receive any allowance or pension, or indemnity for past good service. I was thus forced thus forced to borrow considerable sums of money from friends and relatives to pay our most necessary living expenses.

Apart from this, the humiliations, the threats and violations I was forced to suffer b y the fascists and Germans from September 1943 until the day the Allies liberated the country, are too many to relate.

I give just one example: in September 1943 while still prefect of Grosseto, I was arrested three times by the Germans; fascists accusing the "prefect of Badoglio" (as they called me) of acts of sabotage, lack of collaboration, etc, etc. The following October German soldiers surrounded the Government Building and an armed band entered by cabinet demanding impossibilities. Not wishing to collaborate with a government against my conscience, I abandonned my office on 19th. October 1943, before all the Prefects by profession were placed in retirement by the ex-Republican Government. I took refuge with my family in Aquila where I found my house occupied by the Germans and A.A.C. batteries on my wife's property. The house was occupied from October 1943 until June 1944, resulting in vast damage. We were persecuted and accused of sabotage and protecting English prisoners.

I submit my case to the justice of my Administration which I have always served honorably and with the honesty of an official by profession, even during the ex-fascist government, which, as everyone knows, treated me with injustice.

I repeat my request, already made to the A.M.G.

Your Excellency:

1. I refer to your letter dated 11 March, no. 333/30185/P.S., which under our postal arrangements was delivered to my office for onward transmission to the prefect of Campobasso.

2. I have to inform you that the matter has had enquiry, but it is regretted that the suggested release of the above-mentioned individual cannot be entertained.

3. In these circumstances, your Excellency's letter and the accompanying petition have not been delivered to the Prefect, and are returned herewith.

SUBJECT : Transmittal of Correspondence.

TO : RC & MG Sec.

1 As you are aware it has been arranged with the Italian Government that they shall not communicate with Prefects of occupied territory except through Interior and the local Commissioner.

2 As a matter of policy it is undesirable to make correspondence by the Government with Prefects unduly difficult or to object to a communication which can do no harm. If the Government is prevented from corresponding when it feels it should there is a danger of driving its communications underground; it is far better that correspondence should be as free and unhampered as security reasons permit.

3 In this case the Minister of the Interior has received from the wife of an internee a petition for his release. He has to decide whether to say he can do nothing or whether he shall ask us to reconsider the case. He has not the facts.

4 The Minister has merely sent to the local Prefect a copy of the petition with a request for information as to the position. Delivery of this letter is refused.

5 It seems to me that this is an enquiry quite proper to be made and that the letter should be delivered. It does not prejudice in any way our right to refuse to release the man in question nor can it do any harm.

6 Ref para 4 of the letter of the SCAPO. I do not agree that the Prefect can give no information; we can supply him with the simple facts and inform him also that there is no prospect of the release being agreed to.

7 A reply to the Minister on these lines would enable him to reply to the petitioner that he regretted he could do nothing in this matter.

8 It is submitted that a tactfully induced reply would be better than the possible causing of discontent by an avoidable interruption of the channel of communication.

9 May the Regional Commissioner be informed accordingly and the attached papers be returned to him for delivery.

New Delhi,
25th March,1944.

Your Excellency,

Together with this letter I am sending you the latest copies of the "Corriere", edited by myself, and published in the interests of the Italian Prisoners of War in India.

You will see on reading them, that even from afar we have followed your work which I am hoping, in the interests of our country, will have the greatest success.

In return I would beg you, coordinating our efforts towards the common end, to see that the "Corriere" of Salerno plus all literature edited by your Ministry,including news photographs be sent to this address:

Captain I.M. DRON,
G.S.I (J) (ii) G.H.Q. (I) New Delhi.

This address will accellerate our communications.

Happily remembering those far off days when we met in the house of Nitti, I send you my most affectionate regards.

Dear Colonel Ashley,

I want to thank you most sincerely for all the help you, Mayne, and the rest of your staff gave me during my recent visit, and also for your kind hospitality both to me and Lewis.

The arrangements you laid on were just what I'd hoped for and I have certainly profited from what I saw and the information your people so readily gave me.

If I can be of the slightest help to you or your successor, please do not hesitate to let me know.

Good luck to you in your next job -

Yours sincerely,

Col. Ashley
