Reference ~~the information~~ my letter 4516
21st sept. n. 3865 gab., and on the subject
have ~~to~~ referred personally to S.E the Undersecretary
during his recent visit to this town,
I am glad to inform you that the
aforesaid situation is now over and
that Prof. Rivera has already taken
the position of "Presidente della Deputazione
Provinciale". Moreover the local Comitato
di Liberazione is not insisting any more
in denying to accept Prof. Rivera.
Anyway, to make clearer this ~~not~~
unimportant episode of provincial life,
I add copy of a statement made by
the representatives of the Communist and
Christian Democrat parties on 21st September.
Expressive is the sentence about "state-
ments partially altered". It applies
to the delivering to the Committee by

That was done in order to ~~vindicate~~ irritate the Committee, shocking that I had not even thanked Mr. Chiarizia.

ROME

The undersigned has the honor of informing your Ministry of the following:

He was, as a veterinary doctor, in charge of the management of the Consortium of Dicomano, Lunda and S. Godenzo for 18 years. On 26 December 1929, upon an urgent call, he went to a farmer who worked for Prof. Bazzi to perform an obstretic operation; on the way home, due to the icy snow on the ground, he slipped and fell from high ground, his knee suffering a serious fracture. He was taken by automobile to the orthopedic hospital of Prof. Palagi, S. Maegherita in Florence. A commission of the Consortium, headed by a certain Curzio Ciucchi, a butcher and Secretary of the fascist party of Dicomano, went to see him and offered him the privileged pension and asked him to apply for retirement.

After having done so, and having presented all the documents and the witnesses of the accident, the fascist administrators of the capital city added the following note:

"It is true that Dr. Gherardi was called for an obstretic operation, but it is equally true that Dr. Gherardi went out with a shot-gun since he is very fond of hunting. We, therefore, cannot say exactly if the accident occurred actually was he was in service and as a result of his being in service."

The R. Prefecture of Florence of that time, through the provincial veterinary, Dr. Aguzzi, declared that never was a man who was a father of 7 childrem ruined as now, after 20 years of service and after having received so much public praise.
Hence, the undersigned was reduced to beggary, for the simple reason that he always refused to enroll in the fascist party.

4151

When in 1927 Rag. RIETTI of the R. Prefecture of Florence was nominated Prefectural Commissioner, the undersigned made an application for reistatment into service: however, he was refused re-employment either for political reasons, or because that unconfortable seat was considered not suitable for him. The undersigned was also refused the privileged pension and sent away with the ordinary pension of 176 lire per month.

The management of the Consortium of Dicomano, Landa and S.Godenzo (Florence) was one of the best and yielded more than 60.000 lire a year.

Should it be impossible to receive the indennity for damages, the

Should it be impossible to receive the indennity for damages, the undersigned wishes request that the case be re-examined and at least the privileged pension be granted beginning from March 1928 and the arrears paid.

Moreover, he wishes to point out that in the specification of contract, the Consortium had ordered the pension to be paid fully.

Therefore, the difference and the arrears of the pension should be paid also by the three Communes.

With my best regards.

Reply to letter no. 8040 of 28 August 1944

In reference to the above letter, we should like to thank you while acknowledging the measures adopted in connection with the indigenous malaria in your province. In connection with the requested contribution, we wish to point out that since no budget estimates are being made for the provinces administrated by the A.M.G., this Ministry cannot comply with the request in the letter which we are answering.

The necessary contributions may be requested from the A.M.G. by which your province is administrated.

We shall appreciate knowing the eventual course of the malaria cases.
