1. I refer to your memo (undated) enclosing communication addressed to Mrs. Berengan, which was despatched by this office to Abruzzi-Marche Region for onward transmission on 3 November 1944.
2. A report received today from HQ Abruzzi-Marche Region states that no trace of the above-mentioned envelope can be found there although Mrs. Berengan says that she has not yet received the notes.
3. Inquiries at the Message Center Despatch office of this HQ show that the white envelope with enclosures and addressed to Mrs. Berengan left that office.
4. The loss is regretted but it does not appear that any further useful steps can be taken by this Sub Commission.

MINISTRY OF THE INTERIOR

General Direction of General Affairs and Personnel

The Vice Prefect dott. Francesco COCCIA, began his career in 1920 and has been constantly qualified "excellent". He fought in the war 1915-18 and was decorated with the military cross and two silver medals.

Apart from the analytical opinions that were ^{not} always superlative, and some remarks on his culture and efficiency, however only in the first years of his career, generally he was described by his superiors as an element capable, straightforward and complete.

He carried out with satisfaction some special appointments, he received praises and commendations.

At this Ministry we have no proofs that the afore-mentioned official has been either factious or sectarian or of fascist interferences during the period before and after the 8th of September.

The biography of dott. Coccia shows that he was inscribed to the National Fascist Party from the 27th of March 1926, while from the registration certificate and the yearly information notes of 1940-41, the only ones who have remained in the office, he appears inscribed since 1922, as he was granted the retro-dating of his inscription.

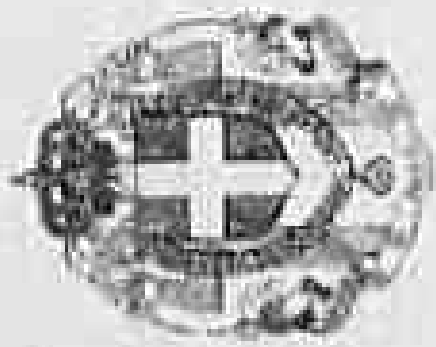

4778

The dott. Coccia was suspended on the 25th of August 1944

ROME

Reference to your Memorandum n. 199/ Part.Secr. dated 13 October 1944. I have taken under examination the position of the Lt. Tenent Doctor PAOLETTI Francesco,

- PAOLETTI is a Physician-Officer of young class (1916).
- Called to Military Service since July 1942.
- Since hardly a year is serving with the Army in National Territory.

The small number of Physician-Doctors of young class at present serving in Military Army do not allow to remove at present PAOLETTI from his service,

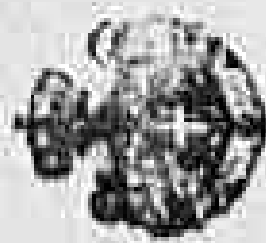

In the meantime PAOLETTI could send to our General Direction a request of alternation, furnished with the opinion of the High Officers, which will be examined as soon as it will be possible to dispose of a greater number of youngest physicians.

I regret at present not to have been able to comply with your request.

Best regards.

8 November 1944

TO : HQ. Abruzzi - Marche Region

Ref. your R5/514/16 dated 5/11 regarding my letter AC/9/4/16. dated 3/11/44 and copy letter from Lt. Comdr. P. Apostolo, returned herewith.

The seven notes referred to were contained in a white envelope addressed to Mrs. BERENSON and attached to my letter by means of a paper clip.

Inquiries have been made at the despatch office here and it has been ascertained that the enclosures did in fact leave this office attached to my letter.

It is probable that the envelope containing the notes became detached at your HQ. and has been dealt with separately.

Will you kindly make further enquiries at your end and let me know the result as there is no doubt that the enclosures were forwarded attached to the covering letter.

467;

Expendant.

Sir,  
The envelope containing  
the notes in question was  
definitely attached to  
covering letter when it  
left this office.

I have enquired at the  
Message Centre Dispatch  
office and they assure  
me that the enclosure  
did not become detached  
there. 4672

The letter probably came  
apart at Regional H.Q.  
and I suggest we reply  
accordingly.

2  
Mark of the paper clip  
is still visible on covering  
letter.
