TO : ~~SCAF~~ 5 Army

Staff instructed.

1 Reference your G5/203/68a dated 23 Jan 45. The Chief of Staff has laid down the following ruling for the handling of correspondence handed to AC by Italian Govt officials for transmission to officials in AMG territory.

"That when the communication is for an Italian official in 5 or 8 Army area it will be screened and if it raises any matter on which AMG might wish to exercise a discretion a translation will be enclosed. If no such question arises and the communication is purely formal, a translation need not be enclosed but the covering letter will state that the letter was purely formal and might safely be forwarded".

2 You will appreciate that owing to the volume of correspondence flowing through some Sub-Commissions (principally Public Safety and Local Government) it is not possible to make translations of every routine document.

3 In this particular case the file shows that translations of the two letters were in fact prepared. It would appear therefore that they have miscarried or been mislaid. A fresh copy of the translation is enclosed.

DARIO VIVANTI, residing in Rome, V.a Labicana 72, informs as follows appealing to the intervention of the Allied Authorities:

Owing to his Jewish extradiction, he was discharged by the Fascist Gov.t since 1938 from the employment he filled at the University of Padua, and remaining unemployed till now.

After the German occupation of Rome he joined the Patriot bands in order to give his contribute to the Liberation of the Country, which contribute was praised and recognised by the Allies in an article published in the newspaper "Il Corriere di Roma" on July 1944 under the title "Allied recognition of the contribute brought to Victory by the Italian Patriots". The article

contained in the provisions of Art. 41 of them taken by the Allied Commission.

MINISTRY OF THE INTERIOR

Ref. No. 1050

Cabinet of H. E. the Minister

ROME, 13 January 1945

TO: Their Excellencies the Prefects
Their Excellencies the High Commissioners
for Sicily and Sardinia

With circular No. 2739 of 27 April last, instructions were given for the reconstitution of the Municipal Boards and the Provincial Deputations.

At the same time orders were given to Your Excellencies to refrain from designating for the above-mentioned offices, those persons who, during the fascist regime, held offices of a high political nature, or who carried out special political activities, and those persons who, even without having held any kind of office, performed activities against the liberty of others or are indicated as profiteers by public opinion.

In fully confirming the said orders also in view of the present reactivation of the filofascist propaganda and activity, we definitely order that all those persons who held the office of political secretary or other political offices of the fascist party, or held the grade of officer of the militia, whatever party they belong to, must be excluded from any kind of administrative offices.

The above specific instructions, given for the nomination to public offices, are all the more valid for the general activity entrusted to Your Excellencies, as representatives of the democratic Government in the provinces.

Such activity will in all cases be directed to suppress inexorably any attempt or tendency of "filofascist reorganization"; it must be made clear that, on this point, the most inflexible and severe rigidity is the rule which must direct the activities of the branch Bodies of the Government.

We await assurance of fulfillment.

HIGH COMMISSARIAT FOR WAR REFUGEES

Ref. 448

ROME, 10 January 1945

SUBJECT: Need of medicines for the assistance to refugees.

As the Allied Authorities will probably assign and distribute in the near future medicines and treatment material- as Your Excellency already knows - the Provincial doctors shall send, every two months, the relative requests for the needs of their own provinces. I therefore, wish to ask Your Excellency as President of the Provincial Committee for the Assistance to the War Refugees, to give the instructions to the Provincial Doctors to take into the greatest account in their requests in question, the specific necessities for the assistance to the war refugees.

It is, first of all advisable for the reception centers and distribution centers for refugees, and also for the hospitals, the sick-rooms and the surgeries destined exclusively to the war refugees, the Provincial Doctor to report in his requests the specific needs for the war refugees, and to send regularly a copy for information to the Division for Sanitary Services of this High Commissariat.

Kindly send us your answer on the subject.

Accept my best regards.

We enclose a letter relating to the subject, which you will kindly forward to the Prefettura of Florence.

SUBJECT: Lump payment for provincial veterinaries.

TO : S.E. Il Prefetto di Firenze.

With reference to the above quoted letter, we communicate that the circular n.38, dated 1-6-44, of the so called republican Government, relating to the lump payment for provincial veterinaries has not been confirmed by this Ministry.

The resolutions contained in the said circular are therefore not applicable to the provincial veterinaries working in the liberated provinces.

We advise you that for the present, at least, this Ministry could not give any contribution to your Provincial Administration either for the purpose mentioned in the subject or for any other service, because your Province has not yet passed under the Administration of the Italian Government.

Dear brother,

I am worried about your long silence. I know that difficulties in the mail service may be the cause of the delay, but you know that it is always possible to send some bit of news through some third party. The fact is that a Marshal through whom I sent you a few lines and a letter from dad gave me news of you (to think that he was living in the Piazzale delle Provincie) just before leaving (Pietro is with you) but it was as though I knew nothing. As I told you before, Maria and the children are home. I have recieved no news from Adrano either for about a month, but today I replied to a telegram that came from Biancavilla, and I communicated that I am well and that I shall spend the holidays here in Rome.

I am not going to leave home because it is not advisable to leave the house for the reasons which I told you by voice, and also because of my office. My office gave me a vacation, but I did not leave because I was waiting for you to be here. I suppose you are so busy that you must be worrying quite a lot. I advise you to take it easy and come when you are ready and feel like. If we then want to send only Canarda home this would be the most advisable and necessary thing to do.

I urge you not to get angry and to think above all of your health because in these times there is no money or medecine that can give us health. It is not necessary to use the machine to the limit; health and energy must be used sparingly even if apparently one has the impression of never xx getting tired.

I hope that this letter finds you, the children and Franca well. If you want to bring Franca to Rome I would be very happy to leave her in the house, but I cannot answer for the food and the rest, nor can France who is new in this place, remain alone in these times. However, go slowly, make the right decision and write to me about the matter.

What I urge you mostly is to send news even through the offices which will find ways and means of forwarding them.

I hope that this letter will reach you by means of the curier which comes to Lucca in service of the office. It may be necessary for you to ask the Questore to allow you to include some letters for Rome. After all our news do not go any further than our family and are only xxxx of a sentimental nature. I have nothing more to say. It is Christimas Eve. Tomorrow I am going to see Sarina, but am writing this letter because it will leave Thursday and so can reach you toward the end ofthe year. Since the greetings for Christimas are not timely, as those for the New Year, I send you, Franca and the children and Pietrino (if, as I have heard, he is in Lucca) the most sincere and affectionate regards.

4875

Kisses,

Salvatore
