1. Reference your letter of 7 April 1945 (R5/714/2/10) it has been ascertained that the telegraph lines assigned to the Italian Government are under their sole supervision and that any delays are due to the bad management of the Italian service. As a matter of fact, the Government often asks us to send cables through our lines because of the great delay.

2. I wish to call to your attention, however, the fact that all communications, either in the form of letters or telegrams, from and to the Italian Government are to be transmitted through AC channels (see Civil Affairs Section circular AC/4/30/LG, dated 1 April 1945). We have not brought this particular matter to the attention of the Italian Government because we believe that, for the most part, this procedure is being observed.

The Provincial Commissioner, ANCONA Province informs this HQ that the Prefect of ANCONA is complaining that official telegrams from ROME are taking 8 days to arrive while letters arrive within 4 days.

It is understood that the Italian Ministry are using the telegram lines for most of their communications with Provinces which probably causes overloading.

It would be appreciated if something could be done to speed up the arrival of telegrams of an official nature.

31 March 1945

TO : HCAO 5 Army (with copy for PG Florence)

1. The attached letter No. 15730-4-460 dated 22 March, Ministry of the Interior to the Prefect of Florence, is forwarded (with English translation) for transmission to the Prefect, please.

2. The legal documents referred to in the Ministry's letter are also enclosed. In view of their inordinate length, no attempt has been made to have these translated, but their contents have been examined in this office.

3. The documents constitute an appeal to the Crown by certain permanent employees of the Public Cleansing and Motor Park Department of the Commune of Florence. They appeal against certain decisions of the Municipal authority, which they allege deprived them of certain of their rights as permanent employees and gave preferential treatment to temporary employees, contrary to law.

4. Such an appeal is a normal legal proceeding under Italian administrative law. The advice of the Sub Commission is that it has no bearing upon Military Government that we can discover and can properly be left to the Italian authorities.

To : HQ. Emilia Region.

1. I am returning the Scheda Personale requested in the above matter unexecuted. Guarino Pietro left Ravenna in April with the Germans for Bologna. The other Spadazzi Ennio likewise left here with the Germans and last heard of was at Fusignano which is in German Territory.

2. According to current gossip both were squadrestas. The third person about whom the inquiry is made is directed to Arezzo Province.

3. Prefect's covering letter is attached.
