2) - In connection with what has been ordered for the provinces of Marche Umbria and Tuscany, and owing to the tasks to be committed to the Communal Administrations, this Ministry regards as indispensable that in the meantime, the enclosed instructions be communicated as soon as possible to the different Prefects of Northern Italy.

3) - If there is no special objections we kindly beg you to issue the necessary dispositions in this direction.

With thanks.

THE MINISTRY OF THE INTERIOR

Rome, 22 May 1945

File n. 5132 L..

TO : The PREFECTS of the Provinces of the Northern Italy

SUBJECT : Compilation of electoral lists - Extraordinary revision of the register of population

Following the liberation of the whole Italian Territory and the cessation of hostilities, it is necessary to solve in the shortest possible time the problems of the premilinary requirements for the formation of the electoral lists, **in order that the restoration of the electoral system in the life of the nation and of the indipendent territorial organizations, will not suffer any hindering or delay.**

One of the first steps to be taken is - as it has happened in central Italy - the revision of the population register records, the figures of which, owing the war events, cannot be considered suffieiently satisfactory to give an exact idea of the situation of the population.

Particularly serious are the conditions of those communes in which the devastating action of war or any other events in connection with it, have destroyed the town-Halls.

In connection with the above suppositions it will be useful to provide some instructions which will guide the communal administrations during the completion of their task. This task has a great importance not only for the regular working of the administrations themselves but above all for the creation of the electoral mechanism. In case the register of population has been irregularly kept, the checking may be done on the basis of what appears from the civil status reports, the conscription lists and the immatriculation schedules besides what can be found out by means of ordinary and extraordinary census.

If also these indications are not available, nothing prevents from having recourse to registers files and documents possessed by other offices. These are all subsidiary means we suggest as mere example, since the exploitation of any other suitable sources is left to the intitiative and skill of each administration. Among these sources the parish register is not to be excluded, for even if uncomplete it may however be of great help.

5480

It is quite obvious that in case of total destruction of the Register this subsidiary means have the purpose of drowing up the general lists of the population residing in each commune. This is an indispensable condition for the achievment of the preliminary requirements for the formation of the electoral lists.

In communicating all the above to the Mayors, Your Excellencies should kindly point out the importance, the urgency and the specific purposes for which

the revision of the population register records has been ordered, so that all the necessities in connection with it be attended to, as far as possible, with the greatest care and exactness.

If absolutely necessary the communes may engage additional personnel, the expenses being charged on This Ministry. Of course this will be done with the greatest economy.

Your Excellencies will also carefully follow the work of the Communes by means of occasional inspections and giving any aid which may be useful to remove any possible doubts difficulties and uncertainties.

A kind reply would be welcome.

OGGETTO : Compilazione delle liste elettorali -
Revisione straordinaria del registro
di popolazione -

1) Com'è noto, la compilazione delle liste elettorali presuppone l'aggiornamento del materiale anagrafico affinchè questo rispecchi, nei limiti del possibile, l'esatta situazione della popolazione residente .

2) In analogia a quanto già disposto per le provincie delle Marche, dell'Umbria e della Toscana, lo scrivente Ministero riterrebbe indispensabile, nel frattempo, che le accluse istruzioni fossero comunicate, con ogni possibile premura, ai Prefetti dell'Italia settentrionale per le conseguenti incombenze da parte delle amministrazioni comunali .

3) Qualora non contrastino particolari motivi, si prega codesta On. Commissione di voler cortesemente dare disposizioni nel senso invocato.

Si ringrazia .

Tra i primi adempimenti si pone - in analogia a quanto già avvenuto nei comuni dell'Italia Centromeridionale - la revisione del materiale anagrafico i cui dati non possono,per effetto delle vicende belliche,ritenersi sufficientemente idonei a rispecchiare l'attuale situazione della popolazione. Nel caso d'irregolare tenuta del registro di popolazione la revisione potrà effettuarsi sulla base delle risultanze degli atti dello stato civile,delle liste di leva e dei ruoli matricolari oltrechè dei censimenti ordinari e straordinari. Qualora anche tali indicazioni manchino, nulla vieta che si faccia ricorso a registri,atti e documenti in possesso di altri uffici. Trattasi di mezzi sussidiari la cui elencazione ha,

cui è ovvio carattere meramente semplificativo, essendo lasciato alla iniziativa ed all'accorgimento delle singole Amministrazioni comunali l'utilizzazione di ogni altra fonte idonea, non esclusi, ad esempio, i libri parrocchiali che, anche se necessariamente incompleti, potranno tuttavia riuscire di grande ausilio.

E' appena il caso di rilevare che tali espedienti, nell'ipotesi di totale distruzione dell'anagrafe, dovranno servire ai fini della compilazione di un elenco generale della popolazione residente, condizione, questa, indispensabile perchè possano compiersi le operazioni preliminari alla formazione delle liste.

Nel portare quanto sopra a conoscenza dei Sindaci le LL.EE. vorranno porre in debito risalto l'importanza, l'urgenza e le finalità specifiche cui è preordinata la revisione del materiale anagrafico, affinchè gli adempimenti relativi siano curati, nei limiti consentiti dalle straordinarie circostanze del momento, con la massima diligenza ed esattezza.

Se strettamente necessario, i Comuni potranno assumere personale straordinario, restando a carico di questo Ministero la spesa che, in ogni caso, va contenuta entro i limiti della più stretta economia.

Le LL.EE. seguiranno, infine, attentamente l'azione dei Comuni mediante salutari ispezioni e fornendo ogni utile appoggio onde siano rimossi dubbi, difficoltà ed incertezze.
